LEGISLATIVE COUNSEL'S DIGEST

AB 1464, Blumenfield. 2012–13 Budget.

This bill would make appropriations for support of state government for the 2012–13 fiscal year.

This bill would declare that it is to take effect immediately as a Budget Bill.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the “Budget Act of 2012.”

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284 of the Statutes of 1978, and as amended by Chapter 1286 of the Statutes of 1984, it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor’s Budget and the records of the Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to all the state’s fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)

001—Reference Code (first appropriation for a particular fund for support of each department)

0044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each department or entity are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor’s Budget and in the records of the Controller.

(d) Notwithstanding any other provision of this act, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations, including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to subdivision (d), approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing the transfer shall also be eliminated.

SEC. 1.80. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 2012–13 fiscal year beginning July 1, 2012, and ending June 30, 2013. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) All capital outlay appropriations and reappropriations, unless otherwise provided herein, are available as follows:

(1) Studies, preliminary plans, working drawings, and minor capital outlay appropriations are available for encumbrance until June 30, 2013.

(2) Construction appropriations are available for encumbrance until June 30, 2015, if allocated through fund transfer or approval to proceed to bid by the Department of Finance by June 30, 2013. Any funds not allocated by June 30, 2013, shall revert on July 1, 2013, to the fund from which the appropriation was made.

(3) All other capital outlay appropriations are available for encumbrance until June 30, 2015.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support, or any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein.

The augmentation shall be for the specific purpose of enabling the Office of State Publishing, the Office of Risk and Insurance Management, and the Office of Fleet Administration to provide competitive services to their customers (including local government entities or the federal government) and may be made only if the office has sufficient operating reserves available to fund the augmentation. If the Director of General Services proposes to augment any of the items in this provision, the director shall notify the Director of Finance, the chairpersons of the fiscal committees of each house of the Legislature, and the Chairperson of the Joint Legislative Budget Committee 30 days prior to making the augmentation, including the amount, justification, and the office augmented. 8. Notwithstanding any other provision of law, due to the inability to issue energy efficiency revenue bonds pursuant to Chapter 2.7 (commencing with Section 15814.10) of Part 10b of Division 3 of Title 2 of the Government Code, in order to repay the General Fund for the cost of completing energy efficiency projects on specified buildings, the Department of General Services shall, within 10 fiscal years, recover an amount sufficient to repay the costs associated with completed energy efficiency projects plus 5-percent interest, through utility rates charged to tenants. On August 1 of each fiscal year beginning with the 2005–06 fiscal year, the Department of General Services shall transfer that amount to the General Fund. Once the General Fund has been fully repaid, the Department of General Services shall adjust utility rates for all tenants to accurately reflect the current rates.
9. The Director of Finance is authorized to increase this item for purposes of funding the backfill of vacant space, necessary restack studies, and other required building improvements within Department of General Services (DGS) office buildings related to the Governor’s Office Space Utilization Initiative. This provision shall only be used to augment expenditure authority for DGS office buildings where a \$0.03 tenant improvement surcharge for DGS Individual Rate Buildings or a \$0.02 tenant improvement surcharge for DGS Building Rental Account Buildings has been approved by the Director of Finance and is included in the monthly rental rate. Director of Finance approval is contingent upon justification for the proposed tenant improvement projects to be provided by the DGS including an analysis of cost impacts and how the tenant improvements will improve the state’s utilization of the facility. Any augmentation made in accordance with this provision shall not result in an increase in any rate charged to other departments for services without the prior written consent of the Director of Finance. Provisions:

1. The General Fund support for poison control centers shall augment, but not replace, local expenditures for existing poison control center services. These funds shall be used primarily to increase services to underserved counties and populations and for poison prevention and information services. The Director of the Emergency Medical Services Authority may contract with eligible poison control centers for the distribution of these funds.
2. The Emergency Medical Services Authority shall use the following guidelines in administering state-funded grants to local agencies: (a) funding eligibility shall be limited to rural multicounty regions that demonstrate a heavy use of the emergency medical services system by nonresidents, (b) local agencies shall provide matching funds of at least \$1 for each dollar of state funds received, (c) state funding shall be used to provide only essential minimum services necessary to operate the system, as defined by the authority, (d) no region shall receive both federal and state funds in the same fiscal year for the same purpose, and (e) the authority shall monitor the use of the funds by recipients to ensure that these funds are used in an appropriate manner.

- (2) \$103,000 for supplemental marginal cost funding for 20 master's degree level nursing students.
- (b) The University of California shall report to the Legislature and the Governor by May 1, 2013, on the total enrollment in the 2012–13 academic year in the baccalaureate nursing degree programs, the entry-level clinical and master's degree nursing programs, and the master's of science in nursing degree programs.
11. Of the funds appropriated in this item, \$8,753,000 is for research related to Acquired Immune Deficiency Syndrome (AIDS).
12. Of the funds appropriated in this item, \$5,000,000, is for the California Subject Matter Projects.
13. If budget reductions are triggered due to voter rejection of The Schools and Local Public Safety Protection Act of 2012 (Attorney General reference number 12-0009) the University of California shall not make budget reductions to the Student Academic Preparation and Education Programs (SAPEP), that is greater, proportionally, than the reduction in overall General Fund support for the university. This provision does not apply to the Preuss School. The university shall submit a report on funding levels of SAPEP to the fiscal committees of each house of the Legislature no later than April 1, 2013.
14. Of the funds appropriated in this item, \$5,200,000 is the annual incremental adjustment for retiree health and dental benefit cost increases. In providing funding in 2012–13, it is the intent of the Legislature to provide similar adjustments on an ongoing annual basis in future years.
15. The Legislature expects the University of California to enroll a total of 209,977 state-supported full-time equivalent students during the 2012–13 academic year. This enrollment target does not include nonresident students and students enrolled in nonstate supported summer programs. The University of California shall report to the

Item

Amount

- Legislature by May 1, 2013, on whether it has met the 2012–13 academic year enrollment goal.
16. Of the funds appropriated in Schedule (1), \$51,500,000 is intended to address a portion of the University of California’s (UC) employer pension contribution costs for the University of California Retirement Plan (UCRP). This amount is only intended to help address UC’s employer pension cost increases that are attributable to state GF- and tuition-funded employees. The use of this funding for this purpose in 2012–13 does not constitute an obligation on behalf of the state to provide funding after the 2012–13 fiscal year for any UCRP costs. The amount of state funding for UCRP provided by the state in future budget years, if any, shall be determined annually by the Legislature.
 17. (a) Notwithstanding any other law, the University of California shall not expend moneys appropriated from the General Fund in the annual Budget Act to contract out for services currently or customarily performed by nonacademic employees to achieve cost savings in instances other than the following:
 - (1) If all the following conditions are met:
 - (A) The University of California (UC) or the contracting agency clearly demonstrates that the proposed contract will result in actual overall cost savings to the UC, provided that:
 - (i) In comparing costs, there shall be included the UC’s additional cost of providing the same service as proposed by the contractor. These additional costs shall include the salaries and benefits of additional staff that would be needed and the cost of additional space, equipment, and materials needed to perform the function.
 - (ii) In comparing costs, there shall not be included the UC’s indirect overhead costs unless these costs can be attributed solely to the function in question and would not exist if that function was not performed by the UC. Indirect overhead costs shall mean the pro rata share of

Item

Amount

- existing administrative salaries and benefits, rent, equipment costs, utilities, and materials.
- (iii) In comparing costs, there shall be included in the cost of a contractor providing a service any UC costs that would be directly associated with the contracted function. These continuing UC costs shall include, but not be limited to, those for inspection, supervision, and monitoring.
 - (B) Proposals to contract out work shall not be approved solely on the basis that savings will result from lower contractor pay rates or benefits. Proposals to contract out work shall be eligible for approval if the contractor's wages are at the industry's level and do not undercut UC pay rates.
 - (C) The contract does not cause the displacement of UC employees. The term "displacement" includes layoff, demotion, involuntary transfer to a new classification, involuntary transfer to a new location requiring a change of residence, and time-base reductions. Displacement does not include changes in shifts or days off, nor does it include reassignment to other positions within the same classification and general location or employment with the contractor, so long as wages and benefits are comparable to those paid by the UC.
 - (D) The savings shall be large enough to ensure that they will not be eliminated by private sector and UC cost fluctuations that could normally be expected during the contracting period.
 - (E) The amount of savings clearly justify the size and duration of the contracting agreement.
 - (F) The contract is awarded through a publicized, competitive bidding process.
 - (G) The contract includes specific provisions pertaining to the qualifications of the staff that will perform the work under the contract, as well as assurance that

Item

Amount

- the contractor's hiring practices meet applicable nondiscrimination standards.
- (H) The potential for future economic risk to the UC from potential contractor rate increases is minimal.
 - (I) The contract is with a firm. A "firm" means a corporation, limited liability company, partnership, nonprofit organization, or sole proprietorship.
 - (J) The potential economic advantage of contracting is not outweighed by the public's interest in having a particular function performed directly by the UC.
 - (2) If any of the following conditions are met:
 - (A) The services contracted are not available within the UC cannot be performed satisfactorily by UC employees, or are of such highly specialized or technical nature that the necessary expert knowledge, experience, and ability are not available through the UC.
 - (B) The services are incidental to a contract for purchase or lease of real or personal property. Contracts under this criterion, known as "service agreements," shall include, but not be limited to, agreements to service or maintain office equipment or computers that are leased or rented.
 - (C) The policy, administrative, or legal goals and purposes of the UC cannot be accomplished through the utilization of persons selected pursuant to the regular or ordinary hiring process. Contracts are permissible under this criterion to protect against a conflict of interest or to ensure independent and unbiased findings in cases where there is a clear need for a different, outside perspective. These contracts shall include, but not be limited to, obtaining expert witnesses in litigation.
 - (D) The nature of the work is such that the criteria for emergency appointments apply. "Emergency appointment" means an appointment made for a period not

Item

to exceed 60 working days either during an actual emergency to prevent the stoppage of public business or because of the limited duration of the work. The method of selection and the qualification standards for an emergency employee shall be determined by the UC. The frequency of appointment, length of appointment, and the circumstances appropriate shall be restricted so as to prevent the use of emergency appointments to circumvent the regular or ordinary hiring process.

- (E) The contractor will provide equipment, materials, facilities, or support services that could not feasibly be provided by the UC in the location where the services are to be performed.
- (F) The services are of such an urgent, temporary, or occasional nature that the delay incumbent in their implementation under the UC's regular or ordinary hiring process would frustrate their very purpose.
- (b) This section shall apply to personal service contracts entered into after January 1, 2013. This section shall not apply to the renewal of a personal services contract subsequent to January 1, 2013, if the contract was entered into before January 1, 2013, irrespective of whether the contract is renewed or rebid with the existing contractor or with a new contractor unless it has been significantly expanded.
- (c) The University of California shall annually post both of the following on its Internet Web site:
 - (1) The number of, and contract amounts for, contracts entered into during the prior fiscal year, for services currently or customarily performed by nonacademic employees, to achieve cost savings.
 - (2) If compliance with (a) was required for the prior fiscal year, findings regarding how the University of California complied with that provision.

All services funded in Schedule (8) shall be for current CalWORKs recipients or prior CalWORKs recipients who are in transition off of cash assistance for no more than two years. Current cash-assistance recipients may utilize these services until their initial educational objectives are met. Former recipients in transition off of cash assistance may utilize these services for a period of up to two years after leaving cash assistance subject to the conditions of this provision. These funds shall be used to supplement and not supplant existing funds and services provided for CalWORKs recipients attending community colleges. The Chancellor of the California Community Colleges shall develop an equitable method for allocating funds to all districts and colleges based on the relative numbers of CalWORKs recipients in attendance and shall allocate funds for the following purposes:

campus-based centers or parental choice vouchers at rates and with rules consistent with those applied to related programs operated by the State Department of Education in the 2012–13 fiscal year, including eligibility, reimbursement rates, and parental contribution schedules. Subsidized campus child care for CalWORKs recipients may be provided during the period they are engaged in qualifying state and federal work activities through attainment of their initial education and training plan and for up to three months thereafter or until the end of the academic year, whichever period of time is greater.

Funds utilized for workstudy shall be used solely for payments to employers that currently participate in campus-based workstudy programs or are providing work experiences that are directly related to and in furtherance of student educational programs and work participation requirements, provided that those payments may not exceed 75 percent of the wage for the workstudy positions, and the employers shall pay at least 25 percent of the wage for the workstudy positions. These funds may be expended only if the total hours of education, employment, and workstudy for the student are sufficient to meet both state and federal minimum requirements for qualifying work-related activities.

Funds may be used to provide credit or non-credit classes for CalWORKs students if a district has committed all of its funded full-time equivalent students (FTES) and is unable to offer the additional instructional services to meet the demand for CalWORKs students. This determination shall be based on fall enrollment information. Districts shall submit applications to the Office of the Chancellor by December 1 of each year. If the chancellor approves the use of funds for direct instructional workload, the Office of the Chancellor shall submit a report to the Department of Finance and the Joint Legislative Budget Committee by February 15 of each year that (a) identifies the enrollment of new CalWORKs students, (b) states whether and why additional classes were needed to accommodate the needs of CalWORKs students, and (c) sets

As a condition of receipt of the funds appropriated in Schedule (8), by the fourth week following the end of the semester or quarter term commencing in January 2013, participating community districts and colleges shall submit to the Office of the Chancellor a report, in the format specified by the chancellor in consultation with the State Department of Social Services, that includes, but is not limited to, the funded components, the number of hours of child care provided, the average monthly enrollment of CalWORKs dependents served in child care, the number of workstudy hours provided, the hourly salaries and type of jobs, the number of students being case managed, the short-term programs available, the student participation rates, and other outcome data. It is intended that, to the extent practicable, reporting from colleges utilize data gathered for federal reporting requirements at the state and local level. Further, it is intended that the Office of the Chancellor compile the information for annual reports to the Legislature, the Governor, the Legislative Analyst, the Department of Finance, and the State Department of Social Services by February 15 of each year.

First priority for expenditures of any funds appropriated in Schedule (8) shall be in support of current CalWORKs recipients. However, if caseloads are insufficient to fully utilize all of the funding in this schedule in a cost-beneficial way, it is intended that up to \$5,000,000 of the funds subject to local matching requirements may be allocated for providing postemployment services to former CalWORKs recipients who have been off of cash assistance for no longer than two years to assist them in upgrading skills, job retention, and advancement. Allowable services include direct instruction that cannot be funded under available growth funding, child care to support attendance in these classes consistent with this provision, job development and placement services, and career counseling and assessment activities that cannot be funded through other programs. Child care services may

only be provided for periods commensurate with a student’s need for postemployment training within the two-year transitional period.

Prior to allocation of funds for postemployment services, the chancellor shall first secure the approval of the Department of Finance for the allocations, complete a cumulative report on the outcomes, activities, and cost-effectiveness of the program no later than February 15 of each year in compliance with the Budget Acts of 1998 (Ch. 324, Stats. 1998) and 1999 (Ch. 50, Stats. 1999) and this act, and shall provide the rationale and justification for the proposed allocation of postemployment services to districts for transitional students.

If a district is unable to fully expend its share of child care funds, it may request that the Office of the Chancellor approve a reallocation to other CalWORKs purposes authorized by this provision, subject to all pertinent limitations and district match required for these purposes under this provision.

Of the funds appropriated in Schedule (8) for the Special Services for CalWORKs Recipients Program, no less than \$4,900,000 is to provide direct workstudy wage reimbursement for students served under this program, and \$613,000 is available for campus job development and placement services.

- 24. (a) Funds provided in Schedule (9) for the Foster Care Education Program shall be allocated to provide foster and relative/kinship care education and training. Districts shall ensure that education and training required by Sections 1529.1 and 1529.2 of the Health and Safety Code and Section 16003 of the Welfare and Institutions Code receive priority.

Such a transfer may be made to fund unanticipated expenses to be incurred for the 2012–13 fiscal year under an existing program that is funded by that item of appropriation, but only in a case of actual necessity as determined by the Director of Finance. For purposes of this item, an “existing program” is one that is authorized by law.

Each notification for an emergency expense shall state the reason for the expense, the transfer amount approved by the director, and the basis of the director’s determination that the expense is an emergency expense. For the purposes of this item, “emergency expense” means an expense incurred in response to conditions of disaster or extreme peril that threaten the immediate health or safety of persons or property in this state.
 6. Within 15 days of receipt, the Director of Finance shall provide, to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature, copies of all requests, including any supporting documentation, from any agency, department, board, commission, or other state entity for a transfer under this item. Whenever herein an appropriation is made for support, it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency for which the appropriation is made.

Each item appropriating funds for salaries and wages includes the additional funds necessary to continue the payment of the amount of salaries

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each category, program, or project included in the schedule shall be limited to the amount specified for that category, program, or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any moneys, and is not itself an item of appropriation.

As used in this act in reference to the schedules “category,” “program,” or “project” means a class of expenditure such as, but not limited to:

(a) “Personal services,” which shall include all expenditures for payment of officers and employees of the state, including: salaries and wages, workers’ compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, insurance premiums for workers’ compensation coverage, industrial disability leave and payments, nonindustrial disability benefits and payments, the state’s contributions to the Public Employees’ Retirement Fund, the Teachers’ Retirement Fund, the University of California Retirement Fund to provide for that portion of retirement costs to be provided for Hastings College of the Law in Item 6600-001-0001 of Section 2.00, the Old Age and Survivors’ Insurance Revolving Fund, the Public Employees’ Contingency Reserve Fund, and the state’s cost of health benefits plans; but shall not include compensation of independent contractors rendering personal services to the state under contract.

(c) “Programs” include all expenditures, regardless of category, required to carry out the objectives of the named activity.

(d) “Acquisition” is defined as the acquisition of land or other real property in fee simple or any lesser right or interest.

(e) “Preliminary plans” are defined as a site plan, architectural floor plans, elevations, outline specifications, and a cost estimate. For each utility, site development, conversion, and remodeling project, the drawings

SEC. 3.62. (a) If Section 36, pertaining to public safety realignment, is not added to Article XIII of the California Constitution pursuant to voter approval at the November 6, 2012, statewide general election, or if Section 36 is added to Article XIII of the California Constitution but does not become operative due to a conflict with another initiative measure that is approved at the same election and receives a greater number of affirmative votes than the measure that added Section 36, the Director of Finance shall reduce the following appropriations in the manner and in the amounts specified:

(c) The Director of Finance shall apply the reductions specified in subdivision (a) only to the extent that the funds appropriated in each affected item have not been expended or encumbered. If the funds appropriated in any affected item have been encumbered, the director shall attempt to reduce or eliminate the encumbrance so that the reductions specified in subdivision (a) may be made to the fullest extent possible. If the amount reduced pursuant to subdivision (a) is a reduction in a scheduled amount, a corresponding reduction shall be made in the primary item of appropriation.

(d) The Department of Finance shall make the final determination of the budgetary and accounting transactions and treatments to ensure proper implementation of the obligations and reductions imposed by this section.

(d) The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee, the Chairperson of the Senate Committee on Budget and Fiscal Review, and the Chairperson of the Assembly Committee on Budget pursuant to Items 9840-001-0001, 9840-001-0494, and 9840-001-0988 of Section 2.00 when there are insufficient funds appropriated in support of the state operations of the affected agency, department, board, bureau, or commission to satisfy the claim completely.

SEC. 6.00. No more than \$100,000 of the funds appropriated for support purposes under Section 1.80 or any other sections of this act may be encumbered for acquisition or preliminary plans, working drawings, and construction of any project for the improvement of a state facility unless the Director of Finance determines that the proposed acquisition or improvement is critical and that it is necessary to proceed using funds appropriated for support purposes. Any approved critical project costing more than \$100,000 shall be reported to the Chairperson of the Joint Legislative Budget Committee, or his or her designee, not less than 30 days prior to initiating the project or requesting acquisition approval. The report shall detail those factors that make the project so critical that it must proceed using support funds. No project described by this section may cost more than \$610,000.

SEC. 8.00. (a) Notwithstanding Section 28.00, any amounts received from the federal government for the purposes of funding antiterrorism costs in the state that exceed the current appropriation of federal funds for that purpose, are hereby appropriated. These federal funds shall be allocated upon order of the Director of Finance to state departments for state or local assistance purposes or directly to local governments to address high-priority needs for costs of funding antiterrorism incurred in the 2011–12 fiscal year and ongoing or new costs for the 2012–13 fiscal year.

(b) Allocations made to state departments may be used to offset expenditures paid or to be paid from other funding sources. Allocations made for the purpose of an offset shall be applied as a negative expenditure to the appropriation where the expenditure has been or will be charged.

(c) Allocations pursuant to this section may be authorized not sooner than 30 days after notification, to the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

SEC. 8.50. (a) In making appropriations to state agencies that are eligible for federal programs, it is the intent and understanding of the Legislature that applications made by the agencies for federal funds under federal programs shall be for the maximum amount allowable under federal law. Therefore, any amounts received from the federal government are hereby appropriated from federal funds for expenditure or for transfer to, and disbursement from, the State Treasury fund established for the purpose of receiving the federal assistance subject to any provisions of this act that apply to the expenditure of these funds, including Section 28.00.

(b) However, if federal funds for block grant programs assumed by the state or for any item receiving federal funds are reduced by more than 5 percent of the amount appropriated in this act, the Director of Finance shall notify the chairpersons of the committees in each house of the Legislature that consider appropriations, and the Chairperson of the Joint Legislative Budget Committee, in writing within 30 days after notification

by the federal government that federal funds have been reduced, and shall include an estimate of the amount of the available or anticipated federal funds, the 2012–13 fiscal year expenditures of each program affected by the reduction, the effect of reduced funding on service levels authorized by this act, and a plan of reduced expenditures for each program affected by the reduction. The plan shall be operational on an interim basis for up to 45 days pending legislative review, after which time the plan shall become permanent.

(c) Any expenditure of federal Temporary Assistance for Needy Families (TANF) block grant funds in excess of the amounts specified and appropriated in this act are subject to the notification procedures and requirements set forth in Section 28.00, or Provision 4 of Item 5180-101-0001, or Item 5180-402, of Section 2.00, whichever is applicable. The notification and other requirements of Section 28.00 also shall apply to any proposed substitution of TANF block grant funds for other state or federal funds.

SEC. 8.51. Each state agency shall, by certification to the Controller, identify the account within the Federal Trust Fund when charges are made against any appropriation made herein from the Federal Trust Fund.

SEC. 8.52. (a) The Director of Finance may reduce items of appropriation upon receipt or expenditure of federal trust funds in lieu of the amount appropriated for the same purpose and may make allocations for the purpose of offsetting expenditures. Allocations made for the purpose of offsetting existing expenditures shall be applied as a negative expenditure to the appropriation where the expenditure was charged.

(b) The director shall notify in writing the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature not less than 30 days prior to the effective date of any adjustments to items of appropriations made pursuant to this section or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The notification shall include, but not be limited to, the basis for the proposed appropriation adjustments, a description of the fiscal assumptions used in making the appropriation adjustments, and any necessary background information regarding the programs to be adjusted. Any expenditure of federal funds for purposes other than offsetting other fund appropriations shall continue to be subject to the provisions of Section 28.00.

SEC. 8.53. It is the intent of the Legislature that reductions to federal funds appropriated in the Budget Bill enacted for each fiscal year, resulting from federal audits, be communicated to the Legislature in a timely manner. Therefore, notwithstanding any other provision of law, an agency, department, or other state entity receiving a final federal audit or deferral letter shall provide a copy of it to the Chairperson of the Joint Legislative Budget Committee within 30 days.

SEC. 8.54. (a) It is the intent of the Legislature that the State of California collect federally allowable statewide indirect costs, except where

prohibited by federal statutes. If the Director of Finance determines a state agency is not recovering allowable statewide indirect costs from the federal government as required by Sections 13332.01 and 13332.02 of the Government Code, the director may reduce any appropriation for state operations for the state agency by an amount not to exceed 1 percent and transfer that amount to the Central Service Cost Recovery Fund, the General Fund, or both, as allocated by the director.

(b) The Director of Finance shall notify in writing the Chairperson of the Joint Legislative Budget Committee not less than 30 days prior to the effective date of any reductions to items of appropriation made pursuant to this section or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. The notification shall contain the following: (1) the state agency name, (2) the amount of central services costs that was not recovered, (3) the item of appropriation that will be reduced, and (4) the amount of the reduction to the appropriation and the amount of the transfer to the Central Service Cost Recovery Fund, the General Fund, or both.

SEC. 8.88. Notwithstanding any other provision of law, a sum not to exceed \$79,243,000 is appropriated from various special and nongovernmental cost funds to the Financial Information System for California (FI\$Cal) Project for payment of costs to replace the systems that support the state's business operations. The Controller shall assess these funds in sufficient amounts to pay for the authorized FI\$Cal Project costs that are attributable to such funds pursuant to Section 15849.34 of the Government Code. The assessments in support of the expenditures for the FI\$Cal Project shall be made quarterly, and the total amount assessed from these funds in the 2012–13 fiscal year shall not exceed the total expenditures for the FI\$Cal Project that are attributable to those funds in that fiscal year.

SEC. 9.20. Notwithstanding Section 15860 of the Government Code, the amount of funds expended for administrative costs associated with any appropriation contained in this act for acquisition of property pursuant to the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code) shall be limited to the amount specified for those costs in the Supplemental Report of the Budget Act of 2012. Amounts for administrative costs may be augmented by no more than 5 percent by the State Public Works Board.

Notwithstanding the foregoing, any amounts needed for administrative costs associated with acquisition through the condemnation authority of the State Public Works Board shall be provided through augmentation of the affected appropriations as authorized by existing law.

SEC. 9.30. In the event that federal courts issue writs of execution for the levy of state funds and such writs are executed, the Controller shall so notify the Department of Finance. The Department of Finance shall then notify the Controller of the specific appropriation or fund to be charged. Federal writs of execution for the levy of state funds may only be charged against appropriations or funds having a direct programmatic

link to the circumstances under which the federal writ was issued. If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act would have insufficient funding by such a charge, funding augmentations must follow the regular budget processes.

SEC. 9.45. (a) Any state agency, department, board, or commission shall provide notification to the Department of Finance and the Joint Legislative Budget Committee not less than 30 days prior to committing funding from Proposition 40 (California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002), 50 (Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002), or 84 (Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006), if all of the following criteria apply:

(1) The funds will be used, either directly or through a grant, for the purchase of interests in or the restoration or rehabilitation of property.

(2) The funds will be used for a grant or project that is not appropriated in statute by name or description.

(3) The total expenditure for the project, including, but not limited to, Proposition 40, 50, or 84 funds is in excess of \$25,000,000.

(b) The notification shall include a detailed description of the portion of the project being funded and a detailed description of the whole project. For the purposes of this section, the criteria set forth in subdivision (a) shall apply to both single transactions and cumulative transactions that involve the purchase of properties near or adjacent to each other.

(c) For purchases and grants meeting the criteria set forth in subdivision (a), the state agency, department, board, or commission may take public actions and hold public meetings prior to 30 days following notification only if such actions are expressly approved pending the completion of the 30-day review by the Department of Finance and the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The seller or grantee shall be explicitly notified in writing of this condition 10 days prior to any action taken.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Section 10108 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with this section. Upon receipt of bids for the project, an estimate of any amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 11.00. (a) A state agency to which state funds are appropriated by one or more statutes, including this act, for an information technology

project may not enter into, or agree to, any contract or any contract amendment in the 2012–13 fiscal year that results, in the aggregate, in an increase in the budgeted cost of the project exceeding \$500,000, or 10 percent of the budgeted cost of the project, whichever is less, unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the budget committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not less than whatever shorter period prior to the effective date of the approval the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall (1) explain the necessity and rationale for the proposed contract or amendment, (2) identify the cost savings, revenue increase, or other fiscal benefit of the proposed contract or amendment, and (3) identify the funding source for the proposed contract or amendment.

(b) Subdivision (a) does not apply to a resulting increase in the budgeted cost of a project that is less than \$100,000, or that is funded by an augmentation authorized pursuant to Section 26.00.

(c) The following definitions apply for the purposes of this section:

(1) “Budgeted cost of a project” means the total cost of the project as identified in the most recent feasibility study report, special project report, or equivalent document submitted to the Legislature in connection with its consideration of a bill that appropriated any state funding for that project.

(2) “State agency” means each agency of the state that is subject to Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, except that this section shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the California Constitution, or the Legislature.

SEC. 11.10. (a) Before a department may enter into or amend a statewide software license agreement not previously approved by the Legislature that obligates state funds in the current year or future years, the Director of Finance shall notify the Legislature whether or not the obligation will result in a net expenditure or savings. A department shall prepare and submit to the Department of Finance a business proposal containing the following elements: installed base analysis, future use (including assumptions for future use), the reason for choosing a statewide license agreement rather than any other procurement method such as a volume purchase agreement, a cost-benefit analysis, a cost allocation methodology, and a funding plan. A statewide software license agreement may not be entered into or amended unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the budget committees of

each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not less than whatever shorter period prior to the effective date of the approval the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall:

(1) Explain the necessity and rationale for the proposed agreement.
(2) Identify the cost savings, revenue increase, or other fiscal benefit of the proposed agreement.

(3) Identify the funding source for the proposed agreement.

(b) For purposes of this section, “statewide software license agreement” means a software license contract that can be used by multiple state agencies subject to Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code except that this section shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the California Constitution, or the Legislature.

(c) Subdivision (a) does not apply if the amount of the proposed contract or amendment is less than \$1,000,000 in the aggregate.

SEC. 11.11. In order to protect the privacy of state employees and ensure the security of the payment of public funds, all departments, boards, offices, and other agencies and entities of the state shall distribute pay warrants and direct deposit advices to employees in a manner that ensures that personal and confidential information contained on the warrants and direct deposit advices is protected from unauthorized access. The Department of Human Resources shall advise all departments, boards, offices, and other agencies and entities of state government of the requirements contained in this section.

SEC. 12.00. For the purposes of Article XIII B of the California Constitution, there is hereby established a state “appropriations limit” of \$84,484,600,000 for the 2012–13 fiscal year.

Any judicial action or proceeding to attack, review, set aside, void, or annul the “appropriations limit” for the 2012–13 fiscal year shall be commenced within 45 days of the effective date of this act.

SEC. 12.30. There is hereby appropriated from the General Fund for transfer to the Special Fund for Economic Uncertainties by the Controller, upon order of the Director of Finance, an amount necessary to bring the balance of this special fund up to the amount stated in the 2012–13 Final Change Book for the 2012–13 fiscal year ending balance. The amount so transferred shall be reduced by the amount of excess revenues subject to Section 2 of Article XIII B of the California Constitution, as determined by the Director of Finance.

SEC. 12.32. (a) It is the intent of the Legislature that appropriations that are subject to Section 8 of Article XVI of the California Constitution be designated with the wording “Proposition 98.” In the event these appropriations are not so designated, they may be designated as such by the Department of Finance, where that designation is consistent with legisla-

tive intent, not less than 30 days after notification in writing of the proposed designation to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not less than a shorter period after notification that the chairperson of the joint committee, or his or her designee, determines.

(b) Pursuant to the Proposition 98 funding requirements established in Chapter 2 (commencing with Section 41200) of Part 24 of Division 3 of Title 2 of the Education Code, the total appropriations for Proposition 98 for the 2012–13 fiscal year are \$37,534,125,000 or 40.7 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for school districts are \$33,933,831,000 or 36.8 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for community college districts are \$3,521,238,000 or 3.8 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for other state agencies that provide direct elementary and secondary level education, as defined in Section 41302.5 of the Education Code, are \$79,056,000 or 0.1 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit.

(c) Notwithstanding any preexisting budgetary or accounting requirements to the contrary, the Department of Finance shall make the final determination of the proper budgeting and accounting of the revenues received by and disbursements from the Education Protection Account.

SEC. 12.42. (a) The amounts appropriated in the items set forth in subdivision (b) are each hereby reduced by the percentage determined by dividing \$1,314,201,000 by the sum of the amounts appropriated in the items set forth in subdivision (b).

First priority for allocation of savings shall be given to the Cal-SAFE Program, Item 6110-198-0001. SEC. 13.00. (a) Notwithstanding any other provision of law, expenditures under Items 0160-001-0001 and 0160-001-9740 of Section 2.00 or any appropriation in augmentation of those items shall be exempt from Chapter 5.5 (commencing with Section 11531) of Part 1 of, and Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code, Division 2 (commencing with Section 1100) of the Public Contract Code, or successor statutes, and subdivision (a) of Section 713 of Title 2 of the California Code of Regulations, and may be expended as set forth in the Governor's Budget, or for other purposes, including expenditures for the number of positions in various classifications authorized by the Joint Rules Committee.

(b) Notwithstanding any other provision of law, the unencumbered balances as of June 30, 2013, of the appropriations made by Items 0160-001-0001 and 0160-001-9740 of Section 2.00 are reappropriated and shall be available for encumbrance until June 30, 2014, for the same programs and purposes for which appropriations for these items have been made by this act.

(c) Notwithstanding any other provision of law, all moneys that are received as payment for the sale of services or personal property by the agency that have not been taken into consideration in the schedule of Item 0160-001-0001 of Section 2.00 or are in excess of the amount so taken into consideration are to be credited to that item and are hereby appropriated in augmentation of that item for the same programs and purposes for which appropriations for that item have been made by this act.

SEC. 14.00. (a) Notwithstanding any other provision of law, if the Director of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the Department of Consumer Affairs to make one or more

payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

(1) No loan from a special fund shall be made that would interfere with the carrying out of the purpose for which the special fund was created.

(2) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 18 months after the date of the loan. Interest on the loan shall be paid from the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.

(3) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2012–13 fiscal year from the recipient fund.

(4) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

(b) (1) Notwithstanding any other provision of law, the Department of Consumer Affairs, during the 2012–13 fiscal year, may order the release of moneys from the clearing account in the Consumer Affairs Fund in an amount exceeding the amount advanced to the clearing account from a special fund within the department, as a loan to make one or more payments on behalf of that special fund that are currently due and payable. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(A) The loan shall not be made if it would reduce the amount advanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the purpose for which that special fund was created.

(B) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2012–13 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the “clearing account” in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer Affairs pays operating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) The Director of Consumer Affairs shall provide a report by March 1, 2013, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding fiscal year to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds \$200,000 or (2) the aggregate amount of loans from any one fund exceeds \$200,000.

SEC. 15.11. These funds shall be available to support the regulatory purposes of the California Global Warming Solutions Act of 2006 (Division 25.5 (commencing with Section 38500) of the Health and Safety Code).

(b) Not fewer than 60 days prior to allocating any funds pursuant to subdivision (a), the State Air Resources Board and the Director of Finance shall submit a plan for the expenditure or use of the funds to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee. This plan, in the judgment of the board and the director, shall provide for the expenditure of funds to assist in achieving the goal of reducing greenhouse gas emissions.

(c) The Director of Finance shall not allocate funds pursuant to subdivision (a) until he or she has determined that sufficient moneys have been deposited into the Greenhouse Gas Reduction Fund.

(d) Any agency, board, or department receiving funds pursuant to this section shall demonstrate a strong administrative record to justify proposed expenditures, consistent with Chapter 8 (commencing with Section 16649.96) of Part 2.5 of the Government Code.

If it is necessary for the LEA to establish a separate entity to complete the work scope of the contract or grant, the fiscal accountability policies and procedures for that entity shall be the same as those of the LEA, or amended only with the approval of both the superintendent of schools of the LEA and a fiscal representative of the department designated by the Superintendent of Public Instruction. Further, the department shall have the authority to provide for an audit of the ex-

The Controller shall assess these funds in sufficient amounts to pay for the authorized 21st Century Project costs that are attributable to such funds pursuant to Section 12432 of the Government Code. SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intraschedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation. Upon the conclusion of the 2012–13 fiscal year, the Director of Finance shall furnish the chairpersons of the committees in each house of the Legislature that consider appropriations and the State Budget, and the Chairperson of the Joint Legislative Budget Committee, with a report on all authorizations given pursuant to this section during that fiscal year.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

(1) 20 percent of the amount so scheduled on that line for those appropriations made by this act that are \$2,000,000 or less.

(2) \$400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than \$2,000,000 but equal to or less than \$4,000,000.

(3) 10 percent of the amount so scheduled on that line for those appropriations made by this act that are more than \$4,000,000.

(4) The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of \$200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or his or her designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or his or her designee, may in each instance determine.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other nonstate funds in cases that meet the criteria set forth in this section. However, this section does not provide an alternative budget process, and proposals for additional

spending ordinarily should be considered in the annual State Budget or other state legislation. Specifically, augmentations for items which the administration had knowledge to include in its 2012–13 budget plan should not be submitted through the process provided by this section. Augmentations for items which can be deferred to the 2013–14 fiscal year should be included in the administration’s 2013–14 fiscal year budget proposals.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule of any appropriation in this act or any additional program, project, or function equal to the amount of any additional, unanticipated funds that he or she estimates will be received by the state during the 2012–13 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2012–13 fiscal year.

(c) In order to receive consideration for an augmentation, an agency shall either (1) notify the director within 45 days of receiving official notice of the availability of additional, unanticipated funds, or (2) explain in writing to the director why that notification was infeasible or impractical. In either case, the recipient agency shall provide the director a copy of the official notice of fund availability.

(d) The director also may reduce any program, project, or function whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(e) Any augmentation or reduction that exceeds either (1) \$400,000 or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the director that the augmentation meets each of the requirements set forth in subdivisions (b) and (c). This notification shall include the date that the recipient department received official

notice of the additional funds, and a copy of the agency's written explanation if a 45-day notice was not provided to the director. This notification requirement does not apply to federal funds related to caseload increases in Medi-Cal, California Work Opportunity and Responsibility to Kids (CalWORKs), and Supplemental Security Income/State Supplementary Payment (SSI/SSP) Program.

(f) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2013.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2012–13 fiscal year all moneys received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2012–13 fiscal year that exceeds \$200,000, the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not later than whatever lesser amount of time prior to that effective date the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50.

(c) (1) Upon written notification from the Senate Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0110-001-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Senate and the entity receiving the additional funding under the latter item.

(2) Upon written notification from the Assembly Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0120-011-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually

agreed upon by the Assembly and the entity receiving the additional funding under the latter item.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total positions for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May Revision, and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain actual filled positions for the past year, an estimate of positions for the current year, and proposed positions for the budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of positions proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of positions for the fiscal year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. (a) Except as provided in subdivision (b), on and after July 1, 2013, no moneys in any fund that, by any statute other than a Budget Act, are continuously appropriated without regard to fiscal years, may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

(b) Subdivision (a) does not apply to any of the following:

(1) The scheduled disbursement of any local sales and use tax proceeds to an entity of local government pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

(2) The scheduled disbursement of any transactions and use tax proceeds to an entity of local government pursuant to Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code.

(3) The scheduled disbursement of any funds by a state or local agency or department that issues bonds and administers related programs for which funds are continuously appropriated as of June 30, 2013.

(4) Moneys that are deposited in proprietary or fiduciary funds of the California State University and that are continuously appropriated without regard to fiscal years.

(5) The scheduled disbursement of any motor vehicle license fee revenues to an entity of local government pursuant to the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code).

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

(b) The fiscal year budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved. Authorization by the Department of Finance is required for (1) the reclassification of any position to a monthly salary rate of \$6,808 or above (which is equivalent to the monthly maximum salary of the Staff Services Manager II Managerial classification as of July 1, 2012) and (2) the establishment of any new position not (A) specifically identified in the Governor's Budget and approved by the Legislature or (B) approved by the Legislature and specifically documented in the Final Change Book or enacted legislation.

(c) The Department of Finance shall, for a period of not less than two years, keep and preserve documentation concerning position changes approved as specified in subdivision (b). The Department of Finance may use electronic means to keep and preserve this documentation.

(d) It is the intent of the Legislature that all positions administratively established pursuant to this section that are intended by the administration to be ongoing be submitted to the Legislature for approval through the regular budget process as soon as possible. All positions administratively established pursuant to this section during the 2012–13 fiscal year shall terminate on June 30, 2013, except for those positions that have been (1) approved by the Legislature as part of the regular budget process for the 2013–14 fiscal year as new positions or (2) approved by the Department of Finance after the 2013–14 Governor's Budget submission to the Legislature and subsequently reported to the Legislature prior to July 1, 2013. The positions identified in (2) above may be reestablished by the Department of Finance during the 2013–14 fiscal year, provided that these positions are shown in the Governor's Budget for the 2014–15 fiscal year as submitted to the Legislature, and provided that these positions do not result in the reestablishment of positions deleted by the Legislature through the budget process for the 2013–14 fiscal year. The Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the reestablishment of positions approved in the 2013–14 fiscal year pursuant to (2) above.

(e) Moneys appropriated in the 2012–13 fiscal year may be expended for increases in salary ranges or any other employee compensation action only if appropriated for that purpose, or if the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2013–14 fiscal year. If the Department of Finance determines that supplemental funding will be required, the department may certify only if it notifies in writing, at least 30 days before, the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee,

or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with this section.

(g) Requests to continue administratively established positions as ongoing positions pursuant to subdivision (d)(1) and (2) shall include information on the date the positions were administratively established. This information shall be included in the administration's budget change proposals and finance letters. If the administration requests to establish new positions in the 2013–14 fiscal year, and subsequently decides to administratively establish the positions in the 2012–13 fiscal year, the Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the administrative establishment of the positions.

SEC. 31.10. Notwithstanding any other provision of law, and prior to January 1, 2013, the Director of Finance may adjust position authority in any department or agency in which position authority was adjusted pursuant to the Department of Finance Budget Letter 12-03 and submitted to the Legislature on May 14, 2012. The Department of Finance shall report to the Legislature all adjustments made pursuant to this section on January 10, 2013.

SEC. 32.00. (a) The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation.

(b) Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing. Notwithstanding the foregoing or any other provision of law, a person may not be held personally liable for the amount of any indebtedness created by an expenditure in excess of an appropriation made by this act if all of the following occur: (1) the expenditure is in response to increases in enrollment, population, or caseload by the State Department of Social Services, the Department of Corrections and Rehabilitation, the State Department of Developmental Services, the State Department of State Hospitals, the State Department of Health Care Services, or the State Department of Public Health; (2) that expenditure is incurred no sooner than 30 days after the Director of Finance provides written notification of its necessity to the Chairperson of the Joint Legislative Budget Com-

mittee; and (3) if the chairperson does not advise in response that the expenditure shall not occur. The director's notification shall include a certification of any amounts required by enrollment, population, or caseload, rather than management decisions or policy changes.

(c) Neither subdivision (a) nor (b) applies to the expenditure of moneys to fund continuous appropriations, including appropriations made in the California Constitution, and federal laws mandating the expenditure of funds.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 35.50. (a) For purposes of paragraph (1) of subdivision (f) of Section 10, and subdivision (g) of Section 12, of Article IV of the California Constitution, "General Fund revenues" means the total resources available to the General Fund for a fiscal year before any transfer to the Budget Stabilization Account.

(b) For purposes of subdivision (g) of Section 12 of Article IV of the California Constitution, "all appropriations from the General Fund for that fiscal year" shall not include any transfer to the Budget Stabilization Account to retire Economic Recovery Bonds because that amount is reflected in the "amount of any General Fund moneys transferred to the Budget Stabilization Account."

(c) For purposes of subdivision (g) of Section 12 of Article IV of the California Constitution, the estimate of General Fund revenues for the 2012–13 fiscal year pursuant to this act, as passed by the Legislature, is \$94,403,500,000.

(d) For purposes of subdivision (b) of Section 20 of Article XVI of the California Constitution, General Fund revenues shall be defined as revenues and transfers before any transfer to the Budget Stabilization Account, excluding any proceeds from Economic Recovery Bonds, as estimated in the enacted State Budget.

(e) Except as provided in this subdivision, the net final payment accrual methodology shall not be implemented with regard to revenue for the 2012–13 and prior fiscal years.

The net final payment accrual methodology shall be implemented with regard to any change in state law which is enacted during 2012.

SEC. 35.60. (a) Whenever the Director of Finance determines that there is a shortfall in the General Fund reserve, the director shall order transferred from the Budget Stabilization Account to the General Fund an amount determined by the director to be sufficient to ensure there is a prudent General Fund reserve. Upon receipt of the order from the director, the Controller shall make the transfer in the amount ordered.

(b) The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations not more than 15 days after ordering the transfer pursuant to this section.

SEC. 38.00. This act is a Budget Bill within the meaning of subdivision (e) of Section 12 of Article IV of the California Constitution and shall take effect immediately.

SEC. 39.00.
