3.10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

3.11 **ARTICLE 1**
3.12 **CHILD WELFARE POLICY**

3.13 Section 1. Minnesota Statutes 2006, section 256.01, subdivision 2, is amended to read:

3.14 Subd. 2. **Specific powers.** Subject to the provisions of section 241.021, subdivision
3.15 2, the commissioner of human services shall carry out the specific duties in paragraphs (a)
3.16 through (cc):

3.17 (a) Administer and supervise all forms of public assistance provided for by state law
3.18 and other welfare activities or services as are vested in the commissioner. Administration
3.19 and supervision of human services activities or services includes, but is not limited to,
3.20 assuring timely and accurate distribution of benefits, completeness of service, and quality
3.21 program management. In addition to administering and supervising human services
3.22 activities vested by law in the department, the commissioner shall have the authority to:

3.23 (1) require county agency participation in training and technical assistance programs
3.24 to promote compliance with statutes, rules, federal laws, regulations, and policies
3.25 governing human services;

3.26 (2) monitor, on an ongoing basis, the performance of county agencies in the
3.27 operation and administration of human services, enforce compliance with statutes, rules,
3.28 federal laws, regulations, and policies governing welfare services and promote excellence
3.29 of administration and program operation;

3.30 (3) develop a quality control program or other monitoring program to review county
3.31 performance and accuracy of benefit determinations;

3.32 (4) require county agencies to make an adjustment to the public assistance benefits
3.33 issued to any individual consistent with federal law and regulation and state law and rule
3.34 and to issue or recover benefits as appropriate;

3.35 (5) delay or deny payment of all or part of the state and federal share of benefits and
3.36 administrative reimbursement according to the procedures set forth in section 256.017;

3.37 (6) make contracts with and grants to public and private agencies and organizations,
3.38 both profit and nonprofit, and individuals, using appropriated funds; and

4.1 (7) enter into contractual agreements with federally recognized Indian tribes with
4.2 a reservation in Minnesota to the extent necessary for the tribe to operate a federally
4.3 approved family assistance program or any other program under the supervision of the
4.4 commissioner. The commissioner shall consult with the affected county or counties in
4.5 the contractual agreement negotiations, if the county or counties wish to be included,
4.6 in order to avoid the duplication of county and tribal assistance program services. The
4.7 commissioner may establish necessary accounts for the purposes of receiving and
4.8 disbursing funds as necessary for the operation of the programs.

4.9 (b) Inform county agencies, on a timely basis, of changes in statute, rule, federal law,
4.10 regulation, and policy necessary to county agency administration of the programs.

4.11 (c) Administer and supervise all child welfare activities; promote the enforcement of
4.12 laws protecting disabled, dependent, neglected and delinquent children, and children born
4.13 to mothers who were not married to the children's fathers at the times of the conception
4.14 nor at the births of the children; license and supervise child-caring and child-placing
4.15 agencies and institutions; supervise the care of children in boarding and foster homes or
4.16 in private institutions; and generally perform all functions relating to the field of child
4.17 welfare now vested in the State Board of Control.

4.18 (d) Administer and supervise all noninstitutional service to disabled persons,
4.19 including those who are visually impaired, hearing impaired, or physically impaired
4.20 or otherwise disabled. The commissioner may provide and contract for the care and
4.21 treatment of qualified indigent children in facilities other than those located and available
4.22 at state hospitals when it is not feasible to provide the service in state hospitals.

4.23 (e) Assist and actively cooperate with other departments, agencies and institutions,
4.24 local, state, and federal, by performing services in conformity with the purposes of Laws
4.25 1939, chapter 431.

4.26 (f) Act as the agent of and cooperate with the federal government in matters of
4.27 mutual concern relative to and in conformity with the provisions of Laws 1939, chapter
4.28 431, including the administration of any federal funds granted to the state to aid in the
4.29 performance of any functions of the commissioner as specified in Laws 1939, chapter 431,
4.30 and including the promulgation of rules making uniformly available medical care benefits
4.31 to all recipients of public assistance, at such times as the federal government increases its
4.32 participation in assistance expenditures for medical care to recipients of public assistance,
4.33 the cost thereof to be borne in the same proportion as are grants of aid to said recipients.

4.34 (g) Establish and maintain any administrative units reasonably necessary for the
4.35 performance of administrative functions common to all divisions of the department.

(h) Act as designated guardian of both the estate and the person of all the wards of the state of Minnesota, whether by operation of law or by an order of court, without any further act or proceeding whatever, except as to persons committed as developmentally disabled. For children under the guardianship of the commissioner or a tribe in Minnesota recognized by the Secretary of the Interior whose interests would be best served by adoptive placement, the commissioner may contract with a licensed child-placing agency or a Minnesota tribal social services agency to provide adoption services. A contract with a licensed child-placing agency must be designed to supplement existing county efforts and may not replace existing county programs or tribal social services, unless the replacement is agreed to by the county board and the appropriate exclusive bargaining representative, tribal governing body, or the commissioner has evidence that child placements of the county continue to be substantially below that of other counties. Funds encumbered and obligated under an agreement for a specific child shall remain available until the terms of the agreement are fulfilled or the agreement is terminated.

(i) Act as coordinating referral and informational center on requests for service for newly arrived immigrants coming to Minnesota.

(j) The specific enumeration of powers and duties as hereinabove set forth shall in no way be construed to be a limitation upon the general transfer of powers herein contained.

(k) Establish county, regional, or statewide schedules of maximum fees and charges which may be paid by county agencies for medical, dental, surgical, hospital, nursing and nursing home care and medicine and medical supplies under all programs of medical care provided by the state and for congregate living care under the income maintenance programs.

(l) Have the authority to conduct and administer experimental projects to test methods and procedures of administering assistance and services to recipients or potential recipients of public welfare. To carry out such experimental projects, it is further provided that the commissioner of human services is authorized to waive the enforcement of existing specific statutory program requirements, rules, and standards in one or more counties. The order establishing the waiver shall provide alternative methods and procedures of administration, shall not be in conflict with the basic purposes, coverage, or benefits provided by law, and in no event shall the duration of a project exceed four years. It is further provided that no order establishing an experimental project as authorized by the provisions of this section shall become effective until the following conditions have been met:

(1) the secretary of health and human services of the United States has agreed, for the same project, to waive state plan requirements relative to statewide uniformity; and

(2) a comprehensive plan, including estimated project costs, shall be approved by the Legislative Advisory Commission and filed with the commissioner of administration.

(m) According to federal requirements, establish procedures to be followed by local welfare boards in creating citizen advisory committees, including procedures for selection of committee members.

(n) Allocate federal fiscal disallowances or sanctions which are based on quality control error rates for the aid to families with dependent children program formerly codified in sections 256.72 to 256.87, medical assistance, or food stamp program in the following manner:

(1) one-half of the total amount of the disallowance shall be borne by the county boards responsible for administering the programs. For the medical assistance and the AFDC program formerly codified in sections 256.72 to 256.87, disallowances shall be shared by each county board in the same proportion as that county's expenditures for the sanctioned program are to the total of all counties' expenditures for the AFDC program formerly codified in sections 256.72 to 256.87, and medical assistance programs. For the food stamp program, sanctions shall be shared by each county board, with 50 percent of the sanction being distributed to each county in the same proportion as that county's administrative costs for food stamps are to the total of all food stamp administrative costs for all counties, and 50 percent of the sanctions being distributed to each county in the same proportion as that county's value of food stamp benefits issued are to the total of all benefits issued for all counties. Each county shall pay its share of the disallowance to the state of Minnesota. When a county fails to pay the amount due hereunder, the commissioner may deduct the amount from reimbursement otherwise due the county, or the attorney general, upon the request of the commissioner, may institute civil action to recover the amount due; and

(2) notwithstanding the provisions of clause (1), if the disallowance results from knowing noncompliance by one or more counties with a specific program instruction, and that knowing noncompliance is a matter of official county board record, the commissioner may require payment or recover from the county or counties, in the manner prescribed in clause (1), an amount equal to the portion of the total disallowance which resulted from the noncompliance, and may distribute the balance of the disallowance according to clause (1).

(o) Develop and implement special projects that maximize reimbursements and result in the recovery of money to the state. For the purpose of recovering state money, the commissioner may enter into contracts with third parties. Any recoveries that result from projects or contracts entered into under this paragraph shall be deposited in the state treasury and credited to a special account until the balance in the account reaches

\$1,000,000. When the balance in the account exceeds \$1,000,000, the excess shall be transferred and credited to the general fund. All money in the account is appropriated to the commissioner for the purposes of this paragraph.

(p) Have the authority to make direct payments to facilities providing shelter to women and their children according to section 256D.05, subdivision 3. Upon the written request of a shelter facility that has been denied payments under section 256D.05, subdivision 3, the commissioner shall review all relevant evidence and make a determination within 30 days of the request for review regarding issuance of direct payments to the shelter facility. Failure to act within 30 days shall be considered a determination not to issue direct payments.

(q) Have the authority to establish and enforce the following county reporting requirements:

(1) the commissioner shall establish fiscal and statistical reporting requirements necessary to account for the expenditure of funds allocated to counties for human services programs. When establishing financial and statistical reporting requirements, the commissioner shall evaluate all reports, in consultation with the counties, to determine if the reports can be simplified or the number of reports can be reduced;

(2) the county board shall submit monthly or quarterly reports to the department as required by the commissioner. Monthly reports are due no later than 15 working days after the end of the month. Quarterly reports are due no later than 30 calendar days after the end of the quarter, unless the commissioner determines that the deadline must be shortened to 20 calendar days to avoid jeopardizing compliance with federal deadlines or risking a loss of federal funding. Only reports that are complete, legible, and in the required format shall be accepted by the commissioner;

(3) if the required reports are not received by the deadlines established in clause (2), the commissioner may delay payments and withhold funds from the county board until the next reporting period. When the report is needed to account for the use of federal funds and the late report results in a reduction in federal funding, the commissioner shall withhold from the county boards with late reports an amount equal to the reduction in federal funding until full federal funding is received;

(4) a county board that submits reports that are late, illegible, incomplete, or not in the required format for two out of three consecutive reporting periods is considered noncompliant. When a county board is found to be noncompliant, the commissioner shall notify the county board of the reason the county board is considered noncompliant and request that the county board develop a corrective action plan stating how the county board plans to correct the problem. The corrective action plan must be submitted

to the commissioner within 45 days after the date the county board received notice of noncompliance;

(5) the final deadline for fiscal reports or amendments to fiscal reports is one year after the date the report was originally due. If the commissioner does not receive a report by the final deadline, the county board forfeits the funding associated with the report for that reporting period and the county board must repay any funds associated with the report received for that reporting period;

(6) the commissioner may not delay payments, withhold funds, or require repayment under clause (3) or (5) if the county demonstrates that the commissioner failed to provide appropriate forms, guidelines, and technical assistance to enable the county to comply with the requirements. If the county board disagrees with an action taken by the commissioner under clause (3) or (5), the county board may appeal the action according to sections 14.57 to 14.69; and

(7) counties subject to withholding of funds under clause (3) or forfeiture or repayment of funds under clause (5) shall not reduce or withhold benefits or services to clients to cover costs incurred due to actions taken by the commissioner under clause (3) or (5).

(r) Allocate federal fiscal disallowances or sanctions for audit exceptions when federal fiscal disallowances or sanctions are based on a statewide random sample for the foster care program under title IV-E of the Social Security Act, United States Code, title 42, in direct proportion to each county's title IV-E foster care maintenance claim for that period.

(s) Be responsible for ensuring the detection, prevention, investigation, and resolution of fraudulent activities or behavior by applicants, recipients, and other participants in the human services programs administered by the department.

(t) Require county agencies to identify overpayments, establish claims, and utilize all available and cost-beneficial methodologies to collect and recover these overpayments in the human services programs administered by the department.

(u) Have the authority to administer a drug rebate program for drugs purchased pursuant to the prescription drug program established under section 256.955 after the beneficiary's satisfaction of any deductible established in the program. The commissioner shall require a rebate agreement from all manufacturers of covered drugs as defined in section 256B.0625, subdivision 13. Rebate agreements for prescription drugs delivered on or after July 1, 2002, must include rebates for individuals covered under the prescription drug program who are under 65 years of age. For each drug, the amount of the rebate shall be equal to the rebate as defined for purposes of the federal rebate program in United

States Code, title 42, section 1396r-8. The manufacturers must provide full payment within 30 days of receipt of the state invoice for the rebate within the terms and conditions used for the federal rebate program established pursuant to section 1927 of title XIX of the Social Security Act. The manufacturers must provide the commissioner with any information necessary to verify the rebate determined per drug. The rebate program shall utilize the terms and conditions used for the federal rebate program established pursuant to section 1927 of title XIX of the Social Security Act.

(v) Have the authority to administer the federal drug rebate program for drugs purchased under the medical assistance program as allowed by section 1927 of title XIX of the Social Security Act and according to the terms and conditions of section 1927. Rebates shall be collected for all drugs that have been dispensed or administered in an outpatient setting and that are from manufacturers who have signed a rebate agreement with the United States Department of Health and Human Services.

(w) Have the authority to administer a supplemental drug rebate program for drugs purchased under the medical assistance program. The commissioner may enter into supplemental rebate contracts with pharmaceutical manufacturers and may require prior authorization for drugs that are from manufacturers that have not signed a supplemental rebate contract. Prior authorization of drugs shall be subject to the provisions of section 256B.0625, subdivision 13.

(x) Operate the department's communication systems account established in Laws 1993, First Special Session chapter 1, article 1, section 2, subdivision 2, to manage shared communication costs necessary for the operation of the programs the commissioner supervises. A communications account may also be established for each regional treatment center which operates communications systems. Each account must be used to manage shared communication costs necessary for the operations of the programs the commissioner supervises. The commissioner may distribute the costs of operating and maintaining communication systems to participants in a manner that reflects actual usage. Costs may include acquisition, licensing, insurance, maintenance, repair, staff time and other costs as determined by the commissioner. Nonprofit organizations and state, county, and local government agencies involved in the operation of programs the commissioner supervises may participate in the use of the department's communications technology and share in the cost of operation. The commissioner may accept on behalf of the state any gift, bequest, devise or personal property of any kind, or money tendered to the state for any lawful purpose pertaining to the communication activities of the department. Any money received for this purpose must be deposited in the department's communication systems accounts. Money collected by the commissioner for the use of communication

10.1 systems must be deposited in the state communication systems account and is appropriated
10.2 to the commissioner for purposes of this section.

10.3 (y) Receive any federal matching money that is made available through the medical
10.4 assistance program for the consumer satisfaction survey. Any federal money received for
10.5 the survey is appropriated to the commissioner for this purpose. The commissioner may

10.7 the biennium.

10.8 (z) Designate community information and referral call centers and incorporate
10.9 cost reimbursement claims from the designated community information and referral
10.10 call centers into the federal cost reimbursement claiming processes of the department
10.11 according to federal law, rule, and regulations. Existing information and referral centers
10.12 provided by Greater Twin Cities United Way or existing call centers for which Greater
10.13 Twin Cities United Way has legal authority to represent, shall be included in these
10.14 designations upon review by the commissioner and assurance that these services are
10.15 accredited and in compliance with national standards. Any reimbursement is appropriated
10.16 to the commissioner and all designated information and referral centers shall receive
10.17 payments according to normal department schedules established by the commissioner
10.18 upon final approval of allocation methodologies from the United States Department of
10.19 Health and Human Services Division of Cost Allocation or other appropriate authorities.

10.20 (aa) Develop recommended standards for foster care homes that address the
10.21 components of specialized therapeutic services to be provided by foster care homes with
10.22 those services.

10.23 (bb) Authorize the method of payment to or from the department as part of the
10.24 human services programs administered by the department. This authorization includes the
10.25 receipt or disbursement of funds held by the department in a fiduciary capacity as part of
10.26 the human services programs administered by the department.

10.27 (cc) Have the authority to administer a drug rebate program for drugs purchased for
10.28 persons eligible for general assistance medical care under section 256D.03, subdivision 3.
10.29 For manufacturers that agree to participate in the general assistance medical care rebate
10.30 program, the commissioner shall enter into a rebate agreement for covered drugs as
10.31 defined in section 256B.0625, subdivisions 13 and 13d. For each drug, the amount of the
10.32 rebate shall be equal to the rebate as defined for purposes of the federal rebate program in
10.33 United States Code, title 42, section 1396r-8. The manufacturers must provide payment
10.34 within the terms and conditions used for the federal rebate program established under
10.35 section 1927 of title XIX of the Social Security Act. The rebate program shall utilize

11.1 the terms and conditions used for the federal rebate program established under section
11.2 1927 of title XIX of the Social Security Act.

11.3 Effective January 1, 2006, drug coverage under general assistance medical care shall
11.4 be limited to those prescription drugs that:

11.5 (1) are covered under the medical assistance program as described in section
11.6 256B.0625, subdivisions 13 and 13d; and

11.7 (2) are provided by manufacturers that have fully executed general assistance
11.8 medical care rebate agreements with the commissioner and comply with such agreements.

11.9 Prescription drug coverage under general assistance medical care shall conform to
11.10 coverage under the medical assistance program according to section 256B.0625,
11.11 subdivisions 13 to 13g.

11.12 The rebate revenues collected under the drug rebate program are deposited in the
11.13 general fund.

11.14 Sec. 2. Minnesota Statutes 2006, section 259.24, subdivision 3, is amended to read:

11.15 Subd. 3. **Child.** When the child to be adopted is over 14 years of age, the child's
11.16 written consent to adoption by a particular person is also ~~shall be~~ necessary. A child
11.17 of any age who is under the guardianship of the commissioner and is legally available
11.18 for adoption may not refuse or waive the commissioner's agent's exhaustive efforts to
11.19 recruit, identify, and place the child in an adoptive home required under section 260C.317,
11.20 subdivision 3, paragraph (b), or sign a document relieving county social services agencies
11.21 of all recruitment efforts on the child's behalf.

11.22 Sec. 3. Minnesota Statutes 2006, section 259.53, subdivision 1, is amended to read:

11.23 Subdivision 1. **Notice to commissioner; referral for postplacement assessment.**

11.24 (a) Upon the filing of a petition for adoption of a child who is:

11.25 (1) under the guardianship of the commissioner or a licensed child-placing agency
11.26 according to section 260C.201, subdivision 11, or 260C.317;

11.27 (2) placed by the commissioner, commissioner's agent, or licensed child-placing
11.28 agency after a consent to adopt according to section 259.24 or under an agreement
11.29 conferring authority to place for adoption according to section 259.25; or

11.30 (3) placed by preadoptive custody order for a direct adoptive placement ordered
11.31 by the district court under section 259.47,

11.32 the court administrator shall immediately transmit a copy of the petition to the
11.33 commissioner of human services.

(b) The court shall immediately refer the petition to the agency specified below for completion of a postplacement assessment and report as required by subdivision 2.

(1) If the child to be adopted has been committed to the guardianship of the commissioner or an agency under section 260C.317 or an agency has been given authority to place the child under section 259.25, the court shall refer the petition to that agency, unless another agency is supervising the placement, in which case the court shall refer the petition to the supervising agency.

(2) If the child to be adopted has been placed in the petitioner's home by a direct adoptive placement, the court shall refer the petition to the agency supervising the placement under section 259.47, subdivision 3, paragraph (a), clause (6).

(3) If the child is to be adopted by an individual who is related to the child as defined by section 245A.02, subdivision 13, and in all other instances not described in clause (1) or (2), the court shall refer the petition to the local social services agency of the county in which the prospective adoptive parent lives.

Sec. 4. Minnesota Statutes 2006, section 259.57, subdivision 1, is amended to read:

Subdivision 1. **Findings; orders.** Upon the hearing,

(a) if the court finds that it is in the best interests of the child that the petition be granted, a decree of adoption shall be made and recorded in the office of the court administrator, ordering that henceforth the child shall be the child of the petitioner. In the decree the court may change the name of the child if desired. After the decree is granted for a child who is:

(1) under the guardianship of the commissioner or a licensed child-placing agency according to section 260C.201, subdivision 11, or 260C.317;

(2) placed by the commissioner, commissioner's agent, or licensed child-placing agency after a consent to adopt according to section 259.24 or under an agreement conferring authority to place for adoption according to section 259.25; or

(3) adopted after a direct adoptive placement ordered by the district court under section 259.47,

the court administrator shall immediately mail a copy of the recorded decree to the commissioner of human services;

(b) if the court is not satisfied that the proposed adoption is in the best interests of the child, the court shall deny the petition, and shall order the child returned to the custody of the person or agency legally vested with permanent custody or certify the case for appropriate action and disposition to the court having jurisdiction to determine the custody and guardianship of the child.

Sec. 5. Minnesota Statutes 2006, section 259.67, subdivision 7, is amended to read:

Subd. 7. **Reimbursement of costs.** (a) Subject to rules of the commissioner, and the provisions of this subdivision a child-placing agency licensed in Minnesota or any other state, or local or tribal social services agency shall receive a reimbursement from the commissioner equal to 100 percent of the reasonable and appropriate cost of providing adoption services ~~for a child certified as eligible for adoption assistance under subdivision 4. Such assistance.~~ Adoption services under this subdivision may include adoptive family recruitment, counseling, and special training when needed.

(b) An eligible child must have a goal of adoption, which may include an adoption in accordance with tribal law, and meet one of the following criteria:

(1) is a ward of the commissioner of human services or a ward of tribal court pursuant to section 260.755, subdivision 20, who meets one of the criteria in subdivision 4, paragraph (b), clause (1), (2), or (3); or

(2) is under the guardianship of a Minnesota-licensed child-placing agency who meets one of the criteria in subdivision 4, paragraph (b), clause (1) or (2).

(c) A child-placing agency licensed in Minnesota or any other state shall receive reimbursement for adoption services it purchases for or directly provides to an eligible child. Tribal social services shall receive reimbursement for adoption services it purchases for or directly provides to an eligible child. A local or tribal social services agency shall receive such reimbursement only for adoption services it purchases for an eligible child.

~~(b) A child-placing agency licensed in Minnesota or any other state or local or tribal social services agency seeking reimbursement under this subdivision shall enter into~~ Before providing adoption services for which reimbursement will be sought under this subdivision, a reimbursement agreement, on the designated format, must be entered into with the commissioner before providing adoption services for which reimbursement is sought. No reimbursement under this subdivision shall be made to an agency for services provided prior to entering a reimbursement agreement. Separate reimbursement agreements shall be made for each child and separate records shall be kept on each child for whom a reimbursement agreement is made. The commissioner of human services shall agree that the reimbursement costs are reasonable and appropriate. The commissioner may spend up to \$16,000 for each purchase of service agreement. Only one agreement per child is allowed, unless an exception is granted by the commissioner. Funds encumbered and obligated under such an agreement for the child remain available until the terms of the agreement are fulfilled or the agreement is terminated.

~~(c) When a local or tribal social services agency uses a purchase of service agreement to provide services reimbursable under a reimbursement agreement, The commissioner~~

14.1 ~~may~~ shall make reimbursement payments directly to the agency providing the service if
14.2 direct reimbursement is specified by the purchase of service agreement, and if the request
14.3 for reimbursement is submitted by the local or tribal social services agency along with a
14.4 verification that the service was provided.

14.5 Sec. 6. Minnesota Statutes 2006, section 259.75, subdivision 8, is amended to read:

14.6 Subd. 8. **Reasons for deferral.** Deferral of the listing of a child with the state
14.7 adoption exchange shall be only for one or more of the following reasons:

14.8 (a) the child is in an adoptive placement but is not legally adopted;

14.9 (b) the child's foster parents or other individuals are now considering adoption;

14.10 (c) diagnostic study or testing is required to clarify the child's problem and provide
14.11 an adequate description; or

14.12 (d) the child is currently in a hospital and continuing need for daily professional care
14.13 will not permit placement in a family setting; ~~or,~~

14.14 ~~(e) the child is 14 years of age or older and will not consent to an adoption plan.~~

14.15 Approval of a request to defer listing for any of the reasons specified in paragraph (b) or
14.16 (c) shall be valid for a period not to exceed 90 days, with no subsequent deferrals for
14.17 those reasons.

14.18 Sec. 7. Minnesota Statutes 2006, section 260.012, is amended to read:

14.19 **260.012 DUTY TO ENSURE PLACEMENT PREVENTION AND FAMILY**
14.20 **REUNIFICATION; REASONABLE EFFORTS.**

14.21 (a) Once a child alleged to be in need of protection or services is under the court's
14.22 jurisdiction, the court shall ensure that reasonable efforts, including culturally appropriate
14.23 services, by the social services agency are made to prevent placement or to eliminate the
14.24 need for removal and to reunite the child with the child's family at the earliest possible
14.25 time, and ~~when a child cannot be reunified with the parent or guardian from whom the~~
14.26 ~~child was removed,~~ the court must ensure that the responsible social services agency
14.27 makes reasonable efforts to finalize an alternative permanent plan for the child as provided
14.28 in paragraph (e). In determining reasonable efforts to be made with respect to a child and
14.29 in making those reasonable efforts, the child's best interests, health, and safety must be of
14.30 paramount concern. Reasonable efforts to prevent placement and for rehabilitation and
14.31 reunification are always required except upon a determination by the court that a petition
14.32 has been filed stating a prima facie case that:

14.33 (1) the parent has subjected a child to egregious harm as defined in section
14.34 260C.007, subdivision 14;

15.1 (2) the parental rights of the parent to another child have been terminated
15.2 involuntarily;

15.3 (3) the child is an abandoned infant under section 260C.301, subdivision 2,
15.4 paragraph (a), clause (2);

15.5 (4) the parent's custodial rights to another child have been involuntarily transferred
15.6 to a relative under section 260C.201, subdivision 11, paragraph (e), clause (1), or a similar
15.7 law of another jurisdiction; or

15.8 (5) the provision of services or further services for the purpose of reunification is
15.9 futile and therefore unreasonable under the circumstances.

15.10 (b) When the court makes one of the prima facie determinations under paragraph (a),
15.11 either permanency pleadings under section 260C.201, subdivision 11, or a termination
15.12 of parental rights petition under sections 260C.141 and 260C.301 must be filed. A
15.13 permanency hearing under section 260C.201, subdivision 11, must be held within 30
15.14 days of this determination.

15.15 (c) In the case of an Indian child, in proceedings under sections 260B.178 or
15.16 260C.178, 260C.201, and 260C.301 the juvenile court must make findings and conclusions
15.17 consistent with the Indian Child Welfare Act of 1978, United States Code, title 25, section
15.18 1901 et seq., as to the provision of active efforts. In cases governed by the Indian Child
15.19 Welfare Act of 1978, United States Code, title 25, section 1901, the responsible social
15.20 services agency must provide active efforts as required under United States Code, title
15.21 25, section 1911(d).

15.22 (d) "Reasonable efforts to prevent placement" means:

15.23 (1) the agency has made reasonable efforts to prevent the placement of the child in
15.24 foster care; or

15.25 (2) given the particular circumstances of the child and family at the time of the
15.26 child's removal, there are no services or efforts available which could allow the child to
15.27 safely remain in the home.

15.28 (e) "Reasonable efforts to finalize a permanent plan for the child" means due
15.29 diligence by the responsible social services agency to:

15.30 (1) reunify the child with the parent or guardian from whom the child was removed;

15.31 (2) assess a noncustodial parent's ability to provide day-to-day care for the child and,
15.32 where appropriate, provide services necessary to enable the noncustodial parent to safely
15.33 provide the care, as required by section 260C.212, subdivision 4;

15.34 (3) conduct a relative search as required under section 260C.212, subdivision 5; and

15.35 (4) when the child cannot return to the parent or guardian from whom the child was
15.36 removed, to plan for and finalize a safe and legally permanent alternative home for the

16.1 child, and considers permanent alternative homes for the child inside or outside of the
16.2 state, preferably through adoption or transfer of permanent legal and physical custody of
16.3 the child.

16.4 (f) Reasonable efforts are made upon the exercise of due diligence by the responsible
16.5 social services agency to use culturally appropriate and available services to meet the
16.6 needs of the child and the child's family. Services may include those provided by the
16.7 responsible social services agency and other culturally appropriate services available in
16.8 the community. At each stage of the proceedings where the court is required to review
16.9 the appropriateness of the responsible social services agency's reasonable efforts as
16.10 described in paragraphs (a), (d), and (e), the social services agency has the burden of
16.11 demonstrating that:

16.12 (1) it has made reasonable efforts to prevent placement of the child in foster care;

16.13 (2) it has made reasonable efforts to eliminate the need for removal of the child from
16.14 the child's home and to reunify the child with the child's family at the earliest possible time;

16.15 (3) it has made reasonable efforts to finalize an alternative permanent home for
16.16 the child, and considers permanent alternative homes for the child inside or outside of
16.17 the state; or

16.18 (4) reasonable efforts to prevent placement and to reunify the child with the parent
16.19 or guardian are not required. The agency may meet this burden by stating facts in a sworn
16.20 petition filed under section 260C.141, by filing an affidavit summarizing the agency's
16.21 reasonable efforts or facts the agency believes demonstrate there is no need for reasonable
16.22 efforts to reunify the parent and child, or through testimony or a certified report required
16.23 under juvenile court rules.

16.24 (g) Once the court determines that reasonable efforts for reunification are not
16.25 required because the court has made one of the prima facie determinations under paragraph
16.26 (a), the court may only require reasonable efforts for reunification after a hearing according
16.27 to section 260C.163, where the court finds there is not clear and convincing evidence of
16.28 the facts upon which the court based its prima facie determination. In this case when there
16.29 is clear and convincing evidence that the child is in need of protection or services, the
16.30 court may find the child in need of protection or services and order any of the dispositions
16.31 available under section 260C.201, subdivision 1. Reunification of a surviving child with a
16.32 parent is not required if the parent has been convicted of:

16.33 (1) a violation of, or an attempt or conspiracy to commit a violation of, sections
16.34 609.185 to 609.20; 609.222, subdivision 2; or 609.223 in regard to another child of the
16.35 parent;

(2) a violation of section 609.222, subdivision 2; or 609.223, in regard to the surviving child; or

(3) a violation of, or an attempt or conspiracy to commit a violation of, United States Code, title 18, section 1111(a) or 1112(a), in regard to another child of the parent.

(h) The juvenile court, in proceedings under sections 260B.178 or 260C.178, 260C.201, and 260C.301 shall make findings and conclusions as to the provision of reasonable efforts. When determining whether reasonable efforts have been made, the court shall consider whether services to the child and family were:

(1) relevant to the safety and protection of the child;

(2) adequate to meet the needs of the child and family;

(3) culturally appropriate;

(4) available and accessible;

(5) consistent and timely; and

(6) realistic under the circumstances.

In the alternative, the court may determine that provision of services or further services for the purpose of rehabilitation is futile and therefore unreasonable under the circumstances or that reasonable efforts are not required as provided in paragraph (a).

(i) This section does not prevent out-of-home placement for treatment of a child with a mental disability when the child's diagnostic assessment or individual treatment plan indicates that appropriate and necessary treatment cannot be effectively provided outside of a residential or inpatient treatment program.

(j) If continuation of reasonable efforts to prevent placement or reunify the child with the parent or guardian from whom the child was removed is determined by the court to be inconsistent with the permanent plan for the child or upon the court making one of the prima facie determinations under paragraph (a), reasonable efforts must be made to place the child in a timely manner in a safe and permanent home and to complete whatever steps are necessary to legally finalize the permanent placement of the child.

(k) Reasonable efforts to place a child for adoption or in another permanent placement may be made concurrently with reasonable efforts to prevent placement or to reunify the child with the parent or guardian from whom the child was removed. When the responsible social services agency decides to concurrently make reasonable efforts for both reunification and permanent placement away from the parent under paragraph (a), the agency shall disclose its decision and both plans for concurrent reasonable efforts to all parties and the court. When the agency discloses its decision to proceed on both plans for reunification and permanent placement away from the parent, the court's review of the agency's reasonable efforts shall include the agency's efforts under both plans.

18.1 Sec. 8. Minnesota Statutes 2006, section 260.755, subdivision 12, is amended to read:

18.2 Subd. 12. **Indian tribe.** "Indian tribe" means an Indian tribe, band, nation, or
18.3 other organized group or community of Indians recognized as eligible for the services
18.4 provided to Indians by the secretary because of their status as Indians, including any ~~band~~
18.5 Native group under the Alaska Native Claims Settlement Act, United States Code, title 43,
18.6 section 1602, ~~and exercising tribal governmental powers.~~

18.7 Sec. 9. Minnesota Statutes 2006, section 260.755, subdivision 20, is amended to read:

18.8 Subd. 20. **Tribal court.** "Tribal court" means a court with ~~federally recognized~~
18.9 jurisdiction over child custody proceedings and which is either a court of Indian offenses,
18.10 or a court established and operated under the code or custom of an Indian tribe, or ~~the~~
18.11 any other administrative body of a tribe which is vested with authority over child custody
18.12 proceedings. Except as provided in section 260.771, subdivision 5, nothing in this chapter
18.13 shall be construed as conferring jurisdiction on an Indian tribe.

18.14 Sec. 10. Minnesota Statutes 2006, section 260.761, subdivision 7, is amended to read:

18.15 Subd. 7. **Identification of extended family members.** Any agency considering
18.16 placement of an Indian child shall make ~~reasonable~~ active efforts to identify and locate
18.17 extended family members.

18.18 Sec. 11. Minnesota Statutes 2006, section 260.765, subdivision 5, is amended to read:

18.19 Subd. 5. **Identification of extended family members.** Any agency considering
18.20 placement of an Indian child shall make ~~reasonable~~ active efforts to identify and locate
18.21 extended family members.

18.22 Sec. 12. Minnesota Statutes 2006, section 260.771, subdivision 1, is amended to read:

18.23 Subdivision 1. **Indian tribe jurisdiction.** An Indian tribe ~~with a tribal court~~ has
18.24 exclusive jurisdiction over a child placement proceeding involving an Indian child who
18.25 resides or is domiciled within the reservation of ~~such the~~ tribe ~~at the commencement of~~
18.26 ~~the proceedings, except where jurisdiction is otherwise vested in the state by existing~~
18.27 federal law. When an Indian child is ~~in the legal custody of a person or agency pursuant~~
18.28 ~~to an order of a~~ ward of the tribal court, the Indian tribe retains exclusive jurisdiction,
18.29 notwithstanding the residence or domicile of the child.

18.30 Sec. 13. Minnesota Statutes 2006, section 260.771, subdivision 2, is amended to read:

Subd. 2. **Court determination of tribal affiliation of child.** In any child placement proceeding, the court shall establish whether an Indian child is involved and the identity of the Indian child's tribe. This chapter and the federal Indian Child Welfare Act are applicable without exception in any child custody proceeding, as defined in the federal act, involving an Indian child. This chapter applies to child custody proceedings involving an Indian child whether the child is in the physical or legal custody of an Indian parent, Indian custodian, Indian extended family member, or other person at the commencement of the proceedings. A court shall not determine the applicability of this chapter or the federal Indian Child Welfare Act to a child custody proceeding based upon whether an Indian child is part of an existing Indian family or based upon the level of contact a child has with the child's Indian tribe, reservation, society, or off-reservation community.

Sec. 14. **[260.852] PLACEMENT PROCEDURES.**

Subdivision 1. **Home study.** The state must have procedures for the orderly and timely interstate placement of children that are implemented in accordance with an interstate compact and that, within 60 days after the state receives from another state a request to conduct a study of a home environment for purposes of assessing the safety and suitability of placing a child in the home, the state shall, directly or by contract, conduct and complete a home study and return to the other state a report on the results of the study, which shall address the extent to which placement in the home would meet the needs of the child; except in the case of a home study begun before October 1, 2008, if the state fails to comply with conducting and completing the home study within the 60-day period and this is as a result of circumstances beyond the control of the state, the state has 75 days to comply if the state documents the circumstances involved and certifies that completing the home study is in the best interests of the child.

This subdivision does not require the completion within the applicable period of the parts of the home study involving the education and training of the prospective foster or adoptive parents.

Subd. 2. **Effect of received report.** The state shall treat any report described in subdivision 1 that is received from another state, an Indian tribe, or a private agency under contract with another state or Indian tribe as meeting any requirements imposed by the state for the completion of a home study before placing a child in the home, unless, within 14 days after receipt of the report, the state determines, based on grounds that are specific to the content of the report, that making a decision in reliance on the report would be contrary to the welfare of the child.

20.1 Subd. 3. **Resources.** The state shall make effective use of cross-jurisdictional
20.2 resources, including through contract for the purchase of services, and shall eliminate
20.3 legal barriers to facilitate timely adoptive or permanent placements for waiting children.
20.4 The state shall not impose any restriction on the use of private agencies for the purpose of
20.5 conducting a home study to meet the 60-day requirement.

20.6 Subd. 4. **Incentive eligibility.** Minnesota is an incentive-eligible state and must:
20.7 (1) have an approved plan as required by the United States Secretary of Health
20.8 and Human Services;

20.9 (2) be in compliance with the data requirements of the United States Department of
20.10 Health and Human Services; and

20.11 (3) have data that verify that a home study is completed within 30 days.

20.12 Subd. 5. **Data requirements.** The state shall provide to the United States Secretary
20.13 of Health and Human Services a written report, covering the preceding fiscal year, that
20.14 specifies:

20.15 (1) the total number of interstate home studies requested by the state with respect
20.16 to children in foster care under the responsibility of the state, and with respect to each
20.17 study, the identity of the other state involved;

20.18 (2) the total number of timely interstate home studies completed by the state with
20.19 respect to children in foster care under the responsibility of other states and, with respect
20.20 to each study, the identity of the other state involved; and

20.21 (3) other information the United States Secretary of Health and Human Services
20.22 requires in order to determine whether Minnesota is a home study incentive-eligible state.

20.23 Subd. 6. **Definitions.** (a) The definitions in this subdivision apply to this section.

20.24 (b) "Home study" means an evaluation of a home environment conducted in
20.25 accordance with applicable requirements of the state in which the home is located, to
20.26 determine whether a proposed placement of a child would meet the individual needs of the
20.27 child, including the child's safety; permanency; health; well-being; and mental, emotional,
20.28 and physical development.

20.29 (c) "Interstate home study" means a home study conducted by a state at the request
20.30 of another state to facilitate an adoptive or foster placement in the state of a child in foster
20.31 care under the responsibility of the state.

20.32 (d) "Timely interstate home study" means an interstate home study completed by a
20.33 state if the state provides to the state that requested the study, within 30 days after receipt
20.34 of the request, a report on the results of the study, except that there is no requirement
20.35 for completion within the 30-day period of the parts of the home study involving the
20.36 education and training of the prospective foster or adoptive parents.

21.1 Subd. 7. **Background study requirements for adoption and foster care.** (a)
21.2 Background study requirements for an adoption home study must be completed consistent
21.3 with section 259.41, subdivisions 1, 2, and 3.

21.4 (b) Background study requirements for a foster care license must be completed
21.5 consistent with section 245C.08.

21.6 Subd. 8. **Home visits.** If a child has been placed in foster care outside the state in
21.7 which the home of the parents of the child is located, periodically, but at least every six
21.8 months, a caseworker on the staff of the agency of the state in which the home of the
21.9 parents of the child is located or the state in which the child has been placed, or a private
21.10 agency under contract with either state, must visit the child in the home or institution and
21.11 submit a report on each visit to the agency of the state in which the home of the parents of
21.12 the child is located.

21.13 Sec. 15. Minnesota Statutes 2006, section 260B.157, subdivision 1, is amended to read:

21.14 Subdivision 1. **Investigation.** Upon request of the court the local social services
21.15 agency or probation officer shall investigate the personal and family history and
21.16 environment of any minor coming within the jurisdiction of the court under section
21.17 260B.101 and shall report its findings to the court. The court may order any minor coming
21.18 within its jurisdiction to be examined by a duly qualified physician, psychiatrist, or
21.19 psychologist appointed by the court.

21.20 The court shall ~~have~~ order a chemical use assessment conducted when a child is
21.21 (1) found to be delinquent for violating a provision of chapter 152, or for committing a
21.22 felony-level violation of a provision of chapter 609 if the probation officer determines
21.23 that alcohol or drug use was a contributing factor in the commission of the offense, or
21.24 (2) alleged to be delinquent for violating a provision of chapter 152, if the child is being
21.25 held in custody under a detention order. The assessor's qualifications and the assessment
21.26 criteria shall comply with Minnesota Rules, parts 9530.6600 to 9530.6655. If funds under
21.27 chapter 254B are to be used to pay for the recommended treatment, the assessment and
21.28 placement must comply with all provisions of Minnesota Rules, parts 9530.6600 to
21.29 9530.6655 and 9530.7000 to 9530.7030. The commissioner of human services shall
21.30 reimburse the court for the cost of the chemical use assessment, up to a maximum of \$100.

21.31 The court shall ~~have~~ order a children's mental health screening conducted when
21.32 a child is found to be delinquent. The screening shall be conducted with a screening
21.33 instrument approved by the commissioner of human services and shall be conducted by a
21.34 mental health practitioner as defined in section 245.4871, subdivision 26, or a probation
21.35 officer who is trained in the use of the screening instrument. If the screening indicates

22.1 a need for assessment, the local social services agency, in consultation with the child's
22.2 family, shall have a diagnostic assessment conducted, including a functional assessment,
22.3 as defined in section 245.4871.

22.4 With the consent of the commissioner of corrections and agreement of the county to
22.5 pay the costs thereof, the court may, by order, place a minor coming within its jurisdiction
22.6 in an institution maintained by the commissioner for the detention, diagnosis, custody and
22.7 treatment of persons adjudicated to be delinquent, in order that the condition of the minor
22.8 be given due consideration in the disposition of the case. Any funds received under the
22.9 provisions of this subdivision shall not cancel until the end of the fiscal year immediately
22.10 following the fiscal year in which the funds were received. The funds are available for
22.11 use by the commissioner of corrections during that period and are hereby appropriated
22.12 annually to the commissioner of corrections as reimbursement of the costs of providing
22.13 these services to the juvenile courts.

22.14 Sec. 16. Minnesota Statutes 2006, section 260C.152, subdivision 5, is amended to read:

22.15 Subd. 5. **Notice to foster parents and preadoptive parents and relatives.** The
22.16 foster parents, if any, of a child and any preadoptive parent or relative providing care
22.17 for the child must be provided notice of and ~~an opportunity~~ a right to be heard in any
22.18 review or hearing to be held with respect to the child. Any other relative may also request,
22.19 and must be granted, a notice and the opportunity to be heard under this section. This
22.20 subdivision does not require that a foster parent, preadoptive parent, or relative providing
22.21 care for the child be made a party to a review or hearing solely on the basis of the notice
22.22 and ~~opportunity~~ right to be heard.

22.23 Sec. 17. Minnesota Statutes 2006, section 260C.163, subdivision 1, is amended to read:

22.24 Subdivision 1. **General.** (a) Except for hearings arising under section 260C.425,
22.25 hearings on any matter shall be without a jury and may be conducted in an informal
22.26 manner. In all adjudicatory proceedings involving a child alleged to be in need of
22.27 protection or services, the court shall admit only evidence that would be admissible in a
22.28 civil trial. To be proved at trial, allegations of a petition alleging a child to be in need of
22.29 protection or services must be proved by clear and convincing evidence.

22.30 (b) Except for proceedings involving a child alleged to be in need of protection or
22.31 services and petitions for the termination of parental rights, hearings may be continued or
22.32 adjourned from time to time. In proceedings involving a child alleged to be in need of
22.33 protection or services and petitions for the termination of parental rights, hearings may not
22.34 be continued or adjourned for more than one week unless the court makes specific findings

that the continuance or adjournment is in the best interests of the child. If a hearing is held on a petition involving physical or sexual abuse of a child who is alleged to be in need of protection or services or neglected and in foster care, the court shall file the decision with the court administrator as soon as possible but no later than 15 days after the matter is submitted to the court. When a continuance or adjournment is ordered in any proceeding, the court may make any interim orders as it deems in the best interests of the minor in accordance with the provisions of sections 260C.001 to 260C.421.

(c) Except as otherwise provided in this paragraph, the court shall exclude the general public from hearings under this chapter and shall admit only those persons who, in the discretion of the court, have a direct interest in the case or in the work of the court.

(d) Adoption hearings shall be conducted in accordance with the provisions of laws relating to adoptions.

(e) In any permanency hearing, including the transition of a child from foster care to independent living, the court shall ensure that any consult with the child is in an age-appropriate manner.

Sec. 18. Minnesota Statutes 2006, section 260C.201, subdivision 11, is amended to read:

Subd. 11. **Review of court-ordered placements; permanent placement determination.** (a) This subdivision and subdivision 11a do not apply in cases where the child is in placement due solely to the child's developmental disability or emotional disturbance, where legal custody has not been transferred to the responsible social services agency, and where the court finds compelling reasons under section 260C.007, subdivision 8, to continue the child in foster care past the time periods specified in this subdivision. Foster care placements of children due solely to their disability are governed by section 260C.141, subdivision 2a. In all other cases where the child is in foster care or in the care of a noncustodial parent under subdivision 1, the court shall commence proceedings to determine the permanent status of a child not later than 12 months after the child is placed in foster care or in the care of a noncustodial parent. At the admit-deny hearing commencing such proceedings, the court shall determine whether there is a prima facie basis for finding that the agency made reasonable efforts, or in the case of an Indian child active efforts, required under section 260.012 and proceed according to the rules of juvenile court.

For purposes of this subdivision, the date of the child's placement in foster care is the earlier of the first court-ordered placement or 60 days after the date on which the child has been voluntarily placed in foster care by the child's parent or guardian. For

purposes of this subdivision, time spent by a child under the protective supervision of the responsible social services agency in the home of a noncustodial parent pursuant to an order under subdivision 1 counts towards the requirement of a permanency hearing under this subdivision or subdivision 11a. Time spent on a trial home visit ~~does not count~~ counts towards the requirement of a permanency hearing under this subdivision ~~or~~ and a permanency review for a child under eight years of age under subdivision 11a.

For purposes of this subdivision, 12 months is calculated as follows:

(1) during the pendency of a petition alleging that a child is in need of protection or services, all time periods when a child is placed in foster care or in the home of a noncustodial parent are cumulated;

(2) if a child has been placed in foster care within the previous five years under one or more previous petitions, the lengths of all prior time periods when the child was placed in foster care within the previous five years are cumulated. If a child under this clause has been in foster care for 12 months or more, the court, if it is in the best interests of the child and for compelling reasons, may extend the total time the child may continue out of the home under the current petition up to an additional six months before making a permanency determination.

(b) Unless the responsible social services agency recommends return of the child to the custodial parent or parents, not later than 30 days prior to the admit-deny hearing required under paragraph (a) and the rules of juvenile court, the responsible social services agency shall file pleadings in juvenile court to establish the basis for the juvenile court to order permanent placement of the child, including a termination of parental rights petition, according to paragraph (d). Notice of the hearing and copies of the pleadings must be provided pursuant to section 260C.152.

(c) The permanency proceedings shall be conducted in a timely fashion including that any trial required under section 260C.163 shall be commenced within 60 days of the admit-deny hearing required under paragraph (a). At the conclusion of the permanency proceedings, the court shall:

(1) order the child returned to the care of the parent or guardian from whom the child was removed; or

(2) order a permanent placement or termination of parental rights if permanent placement or termination of parental rights is in the child's best interests. The "best interests of the child" means all relevant factors to be considered and evaluated. Transfer of permanent legal and physical custody, termination of parental rights, or guardianship and legal custody to the commissioner through a consent to adopt are preferred permanency options for a child who cannot return home.

25.1 (d) If the child is not returned to the home, the court must order one of the following
25.2 dispositions:

25.3 (1) permanent legal and physical custody to a relative in the best interests of the
25.4 child according to the following conditions:

25.5 (i) an order for transfer of permanent legal and physical custody to a relative shall
25.6 only be made after the court has reviewed the suitability of the prospective legal and
25.7 physical custodian;

25.8 (ii) in transferring permanent legal and physical custody to a relative, the juvenile
25.9 court shall follow the standards applicable under this chapter and chapter 260, and the
25.10 procedures set out in the juvenile court rules;

25.11 (iii) an order establishing permanent legal and physical custody under this
25.12 subdivision must be filed with the family court;

25.13 (iv) a transfer of legal and physical custody includes responsibility for the protection,
25.14 education, care, and control of the child and decision making on behalf of the child;

25.15 (v) the social services agency may bring a petition or motion naming a fit and
25.16 willing relative as a proposed permanent legal and physical custodian. The commissioner
25.17 of human services shall annually prepare for counties information that must be given to
25.18 proposed custodians about their legal rights and obligations as custodians together with
25.19 information on financial and medical benefits for which the child is eligible; and

25.20 (vi) the juvenile court may maintain jurisdiction over the responsible social services
25.21 agency, the parents or guardian of the child, the child, and the permanent legal and
25.22 physical custodian for purposes of ensuring appropriate services are delivered to the child
25.23 and permanent legal custodian or for the purpose of ensuring conditions ordered by the
25.24 court related to the care and custody of the child are met;

25.25 (2) termination of parental rights when the requirements of sections 260C.301 to
25.26 260C.328 are met or according to the following conditions:

25.27 (i) order the social services agency to file a petition for termination of parental
25.28 rights in which case all the requirements of sections 260C.301 to 260C.328 remain
25.29 applicable; and

25.30 (ii) an adoption completed subsequent to a determination under this subdivision may
25.31 include an agreement for communication or contact under section 259.58;

25.32 (3) long-term foster care according to the following conditions:

25.33 (i) the court may order a child into long-term foster care only if it approves the
25.34 responsible social service agency's compelling reasons that neither an award of permanent
25.35 legal and physical custody to a relative, nor termination of parental rights is in the child's
25.36 best interests;

(ii) further, the court may only order long-term foster care for the child under this section if it finds the following:

(A) the child has reached age 12 and the responsible social services agency has made reasonable efforts to locate and place the child with an adoptive family or with a fit and willing relative who will agree to a transfer of permanent legal and physical custody of the child, but such efforts have not proven successful; or

(B) the child is a sibling of a child described in subitem (A) and the siblings have a significant positive relationship and are ordered into the same long-term foster care home; and

(iii) at least annually, the responsible social services agency reconsiders its provision of services to the child and the child's placement in long-term foster care to ensure that:

(A) long-term foster care continues to be the most appropriate legal arrangement for meeting the child's need for permanency and stability, including whether there is another permanent placement option under this chapter that would better serve the child's needs and best interests;

(B) whenever possible, there is an identified long-term foster care family that is committed to being the foster family for the child as long as the child is a minor or under the jurisdiction of the court;

(C) the child is receiving appropriate services or assistance to maintain or build connections with the child's family and community;

(D) the child's physical and mental health needs are being appropriately provided for; and

(E) the child's educational needs are being met;

(4) foster care for a specified period of time according to the following conditions:

(i) foster care for a specified period of time may be ordered only if:

(A) the sole basis for an adjudication that the child is in need of protection or services is the child's behavior;

(B) the court finds that foster care for a specified period of time is in the best interests of the child; and

(C) the court approves the responsible social services agency's compelling reasons that neither an award of permanent legal and physical custody to a relative, nor termination of parental rights is in the child's best interests;

(ii) the order does not specify that the child continue in foster care for any period exceeding one year; or

(5) guardianship and legal custody to the commissioner of human services under the following procedures and conditions:

(i) there is an identified prospective adoptive home agreed to by the responsible social services agency having legal custody of the child pursuant to court order under this section that has agreed to adopt the child and the court accepts the parent's voluntary consent to adopt under section 259.24, except that such consent executed by a parent under this item, following proper notice that consent given under this provision is irrevocable upon acceptance by the court, shall be irrevocable unless fraud is established and an order issues permitting revocation as stated in item (vii);

(ii) if the court accepts a consent to adopt in lieu of ordering one of the other enumerated permanency dispositions, the court must review the matter at least every 90 days. The review will address the reasonable efforts of the agency to achieve a finalized adoption;

(iii) a consent to adopt under this clause vests all legal authority regarding the child, including guardianship and legal custody of the child, with the commissioner of human services as if the child were a state ward after termination of parental rights;

(iv) the court must forward a copy of the consent to adopt, together with a certified copy of the order transferring guardianship and legal custody to the commissioner, to the commissioner;

(v) if an adoption is not finalized by the identified prospective adoptive parent within 12 months of the execution of the consent to adopt under this clause, the commissioner of human services or the commissioner's delegate shall pursue adoptive placement in another home unless the commissioner certifies that the failure to finalize is not due to either an action or a failure to act by the prospective adoptive parent;

(vi) notwithstanding item (v), the commissioner of human services or the commissioner's designee must pursue adoptive placement in another home as soon as the commissioner or commissioner's designee determines that finalization of the adoption with the identified prospective adoptive parent is not possible, that the identified prospective adoptive parent is not willing to adopt the child, that the identified prospective adoptive parent is not cooperative in completing the steps necessary to finalize the adoption, or upon the commissioner's determination to withhold consent to the adoption.

(vii) unless otherwise required by the Indian Child Welfare Act, United States Code, title 25, section 1913, a consent to adopt executed under this section, following proper notice that consent given under this provision is irrevocable upon acceptance by the court, shall be irrevocable upon acceptance by the court except upon order permitting revocation issued by the same court after written findings that consent was obtained by fraud.

(e) In ordering a permanent placement of a child, the court must be governed by the best interests of the child, including a review of the relationship between the child and

28.1 relatives and the child and other important persons with whom the child has resided or
28.2 had significant contact. When the court has determined that permanent placement of the
28.3 child away from the parent is necessary, the court shall consider permanent alternative
28.4 homes that are available both inside and outside the state.

28.5 (f) Once a permanent placement determination has been made and permanent
28.6 placement has been established, further court reviews are necessary if:

28.7 (1) the placement is long-term foster care or foster care for a specified period of time;

28.8 (2) the court orders further hearings because it has retained jurisdiction of a transfer
28.9 of permanent legal and physical custody matter;

28.10 (3) an adoption has not yet been finalized; or

28.11 (4) there is a disruption of the permanent or long-term placement.

28.12 (g) Court reviews of an order for long-term foster care, whether under this section
28.13 or section 260C.317, subdivision 3, paragraph (d), must be conducted at least yearly and
28.14 must review the child's out-of-home placement plan and the reasonable efforts of the
28.15 agency to finalize the permanent plan for the child including the agency's efforts to:

28.16 (1) ensure that long-term foster care continues to be the most appropriate legal
28.17 arrangement for meeting the child's need for permanency and stability or, if not, to identify
28.18 and attempt to finalize another permanent placement option under this chapter that would
28.19 better serve the child's needs and best interests;

28.20 (2) identify a specific long-term foster home for the child, if one has not already
28.21 been identified;

28.22 (3) support continued placement of the child in the identified home, if one has been
28.23 identified;

28.24 (4) ensure appropriate services are provided to address the physical health, mental
28.25 health, and educational needs of the child during the period of long-term foster care and
28.26 also ensure appropriate services or assistance to maintain relationships with appropriate
28.27 family members and the child's community; and

28.28 (5) plan for the child's independence upon the child's leaving long-term foster care
28.29 living as required under section 260C.212, subdivision 1.

28.30 (h) In the event it is necessary for a child that has been ordered into foster care for a
28.31 specified period of time to be in foster care longer than one year after the permanency
28.32 hearing held under this section, not later than 12 months after the time the child was
28.33 ordered into foster care for a specified period of time, the matter must be returned to
28.34 court for a review of the appropriateness of continuing the child in foster care and of the
28.35 responsible social services agency's reasonable efforts to finalize a permanent plan for
28.36 the child; if it is in the child's best interests to continue the order for foster care for a

specified period of time past a total of 12 months, the court shall set objectives for the child's continuation in foster care, specify any further amount of time the child may be in foster care, and review the plan for the safe return of the child to the parent.

(i) An order permanently placing a child out of the home of the parent or guardian must include the following detailed findings:

(1) how the child's best interests are served by the order;

(2) the nature and extent of the responsible social service agency's reasonable efforts, or, in the case of an Indian child, active efforts to reunify the child with the parent or guardian where reasonable efforts are required;

(3) the parent's or parents' efforts and ability to use services to correct the conditions which led to the out-of-home placement; and

(4) that the conditions which led to the out-of-home placement have not been corrected so that the child can safely return home.

(j) An order for permanent legal and physical custody of a child may be modified under sections 518.18 and 518.185. The social services agency is a party to the proceeding and must receive notice. A parent may only seek modification of an order for long-term foster care upon motion and a showing by the parent of a substantial change in the parent's circumstances such that the parent could provide appropriate care for the child and that removal of the child from the child's permanent placement and the return to the parent's care would be in the best interest of the child. The responsible social services agency may ask the court to vacate an order for long-term foster care upon a prima facie showing that there is a factual basis for the court to order another permanency option under this chapter and that such an option is in the child's best interests. Upon a hearing where the court determines that there is a factual basis for vacating the order for long-term foster care and that another permanent order regarding the placement of the child is in the child's best interests, the court may vacate the order for long-term foster care and enter a different order for permanent placement that is in the child's best interests. The court shall not require further reasonable efforts to reunify the child with the parent or guardian as a basis for vacating the order for long-term foster care and ordering a different permanent placement in the child's best interests. The county attorney must file pleadings and give notice as required under the rules of juvenile court in order to modify an order for long-term foster care under this paragraph.

(k) The court shall issue an order required under this section within 15 days of the close of the proceedings. The court may extend issuing the order an additional 15 days when necessary in the interests of justice and the best interests of the child.

(1) This paragraph applies to proceedings required under this subdivision when the child is on a trial home visit:

(1) if the child is on a trial home visit 12 months after the child was placed in foster care or in the care of a noncustodial parent as calculated in this subdivision, the responsible social services agency may file a report with the court regarding the child's and parent's progress on the trial home visit and its reasonable efforts to finalize the child's safe and permanent return to the care of the parent in lieu of filing the pleadings required under paragraph (b). The court shall make findings regarding reasonableness of the responsible social services efforts to finalize the child's return home as the permanent order in the best interests of the child. The court may continue the trial home visit to a total time not to exceed six months as provided in subdivision 1. If the court finds the responsible social services agency has not made reasonable efforts to finalize the child's return home as the permanent order in the best interests of the child, the court may order other or additional efforts to support the child remaining in the care of the parent; and

(2) if a trial home visit ordered or continued at proceedings under this subdivision terminates, the court shall re-commence proceedings under this subdivision to determine the permanent status of the child not later than 30 days after the child is returned to foster care.

Sec. 19. Minnesota Statutes 2006, section 260C.212, subdivision 1, is amended to read:

Subdivision 1. **Out-of-home placement; plan.** (a) An out-of-home placement plan shall be prepared within 30 days after any child is placed in a residential facility by court order or by the voluntary release of the child by the parent or parents.

For purposes of this section, a residential facility means any group home, family foster home or other publicly supported out-of-home residential facility, including any out-of-home residential facility under contract with the state, county or other political subdivision, or any agency thereof, to provide those services or foster care as defined in section 260C.007, subdivision 18.

(b) An out-of-home placement plan means a written document which is prepared by the responsible social services agency jointly with the parent or parents or guardian of the child and in consultation with the child's guardian ad litem, the child's tribe, if the child is an Indian child, the child's foster parent or representative of the residential facility, and, where appropriate, the child. For a child in placement due solely or in part to the child's emotional disturbance, preparation of the out-of-home placement plan shall additionally include the child's mental health treatment provider. As appropriate, the plan shall be:

(1) submitted to the court for approval under section 260C.178, subdivision 7;

31.1 (2) ordered by the court, either as presented or modified after hearing, under section
31.2 260C.178, subdivision 7, or 260C.201, subdivision 6; and

31.3 (3) signed by the parent or parents or guardian of the child, the child's guardian ad
31.4 litem, a representative of the child's tribe, the responsible social services agency, and, if
31.5 possible, the child.

31.6 (c) The out-of-home placement plan shall be explained to all persons involved in its
31.7 implementation, including the child who has signed the plan, and shall set forth:

31.8 (1) a description of the residential facility including how the out-of-home placement
31.9 plan is designed to achieve a safe placement for the child in the least restrictive, most
31.10 family-like, setting available which is in close proximity to the home of the parent or
31.11 parents or guardian of the child when the case plan goal is reunification, and how the
31.12 placement is consistent with the best interests and special needs of the child according to
31.13 the factors under subdivision 2, paragraph (b);

31.14 (2) the specific reasons for the placement of the child in a residential facility, and
31.15 when reunification is the plan, a description of the problems or conditions in the home of
31.16 the parent or parents which necessitated removal of the child from home and the changes
31.17 the parent or parents must make in order for the child to safely return home;

31.18 (3) a description of the services offered and provided to prevent removal of the child
31.19 from the home and to reunify the family including:

31.22 which the actions are to be taken; and

31.24 to achieve a safe and stable home for the child including social and other supportive

31.26 child, and the residential facility during the period the child is in the residential facility;

31.27 (4) a description of any services or resources that were requested by the child or the
31.28 child's parent, guardian, foster parent, or custodian since the date of the child's placement
31.29 in the residential facility, and whether those services or resources were provided and if
31.30 not, the basis for the denial of the services or resources;

31.31 (5) the visitation plan for the parent or parents or guardian, other relatives as defined
31.32 in section 260C.007, subdivision 27, and siblings of the child if the siblings are not placed

31.34 of the child, during the period the child is in the residential facility;

31.35 (6) documentation of steps to finalize the adoption or legal guardianship of the child
31.36 if the court has issued an order terminating the rights of both parents of the child or of

32.2 include child-specific recruitment efforts such as relative search and the use of state,
32.3 regional, and national adoption exchanges to facilitate orderly and timely placements in

32.6 (7) ~~to the extent available and accessible~~, the health and educational records of the
32.7 child including the most recent information available regarding:

32.9 (ii) the child's grade level performance;

32.10 (iii) the child's school record;

32.11 (iv) assurances that the child's placement in foster care takes into account proximity
32.12 to the school in which the child is enrolled at the time of placement;

32.13 (v) a record of the child's immunizations;

32.14 (vi) the child's known medical problems, including any known communicable
32.15 diseases, as defined in section 144.4172, subdivision 2;

32.16 (vii) the child's medications; and

32.17 (viii) any other relevant health and education information;

32.18 (8) an independent living plan for a child age 16 or older who is in placement as

32.22 (ii) health care planning and medical coverage;

32.27 (vi) social and recreational skills; and

32.28 (vii) establishing and maintaining connections with the child's family and
32.29 community; and

32.30 (9) for a child in placement due solely or in part to the child's emotional disturbance,
32.31 diagnostic and assessment information, specific services relating to meeting the mental
32.32 health care needs of the child, and treatment outcomes.

32.33 (d) The parent or parents or guardian and the child each shall have the right to legal

32.35 of placement of the child. The child shall also have the right to a guardian ad litem.
32.36 If unable to employ counsel from their own resources, the court shall appoint counsel

33.1 upon the request of the parent or parents or the child or the child's legal guardian. The
33.2 parent or parents may also receive assistance from any person or social services agency
33.3 in preparation of the case plan.

33.4 After the plan has been agreed upon by the parties involved or approved or ordered
33.5 by the court, the foster parents shall be fully informed of the provisions of the case plan
33.6 and shall be provided a copy of the plan.

33.7 Upon discharge from foster care, the parent, adoptive parent, or permanent legal and
33.8 physical custodian, as appropriate, and the child, if appropriate, must be provided with
33.9 a current copy of the child's health and education record.

33.10 Sec. 20. Minnesota Statutes 2006, section 260C.212, subdivision 4, is amended to read:

33.11 Subd. 4. **Responsible social service agency's duties for children in placement.** (a)
33.12 When a child is in placement, the responsible social services agency shall make diligent
33.13 efforts to identify, locate, and, where appropriate, offer services to both parents of the child.

33.14 (1) The responsible social services agency shall assess whether a noncustodial or
33.15 nonadjudicated parent is willing and capable of providing for the day-to-day care of the
33.16 child temporarily or permanently. An assessment under this clause may include, but
33.17 is not limited to, obtaining information under section 260C.209. If after assessment,
33.18 the responsible social services agency determines that a noncustodial or nonadjudicated
33.19 parent is willing and capable of providing day-to-day care of the child, the responsible
33.20 social services agency may seek authority from the custodial parent or the court to have
33.21 that parent assume day-to-day care of the child. If a parent is not an adjudicated parent,
33.22 the responsible social services agency shall require the nonadjudicated parent to cooperate
33.23 with paternity establishment procedures as part of the case plan.

33.24 (2) If, after assessment, the responsible social services agency determines that the
33.25 child cannot be in the day-to-day care of either parent, the agency shall:

33.26 (i) prepare an out-of-home placement plan addressing the conditions that each parent
33.27 must meet before the child can be in that parent's day-to-day care; and

33.28 (ii) provide a parent who is the subject of a background study under section
33.29 260C.209 15 days' notice that it intends to use the study to recommend against putting the
33.30 child with that parent, as well as the notice provided in section 260C.209, subdivision 4,
33.31 and the court shall afford the parent an opportunity to be heard concerning the study.

33.32 The results of a background study of a noncustodial parent shall not be used by the
33.33 agency to determine that the parent is incapable of providing day-to-day care of the child
33.34 unless the agency reasonably believes that placement of the child into the home of that
33.35 parent would endanger the child's health, safety, or welfare.

(3) If, after the provision of services following an out-of-home placement plan under this section, the child cannot return to the care of the parent from whom the child was removed or who had legal custody at the time the child was placed in foster care, the agency may petition on behalf of a noncustodial parent to establish legal custody with that parent under section 260C.201, subdivision 11. If paternity has not already been established, it may be established in the same proceeding in the manner provided for under chapter 257.

(4) The responsible social services agency may be relieved of the requirement to locate and offer services to both parents by the juvenile court upon a finding of good cause after the filing of a petition under section 260C.141.

(b) The responsible social services agency shall give notice to the parent or parents or guardian of each child in a residential facility, other than a child in placement due solely to that child's developmental disability or emotional disturbance, of the following information:

(1) that residential care of the child may result in termination of parental rights or an order permanently placing the child out of the custody of the parent, but only after notice and a hearing as required under chapter 260C and the juvenile court rules;

(2) time limits on the length of placement and of reunification services, including the date on which the child is expected to be returned to and safely maintained in the home of the parent or parents or placed for adoption or otherwise permanently removed from the care of the parent by court order;

(3) the nature of the services available to the parent;

(4) the consequences to the parent and the child if the parent fails or is unable to use services to correct the circumstances that led to the child's placement;

(5) the first consideration for placement with relatives;

(6) the benefit to the child in getting the child out of residential care as soon as possible, preferably by returning the child home, but if that is not possible, through a permanent legal placement of the child away from the parent;

(7) when safe for the child, the benefits to the child and the parent of maintaining visitation with the child as soon as possible in the course of the case and, in any event, according to the visitation plan under this section; and

(8) the financial responsibilities and obligations, if any, of the parent or parents for the support of the child during the period the child is in the residential facility.

(c) The responsible social services agency shall inform a parent considering voluntary placement of a child who is not developmentally disabled or emotionally disturbed of the following information:

(1) the parent and the child each has a right to separate legal counsel before signing a voluntary placement agreement, but not to counsel appointed at public expense;

(2) the parent is not required to agree to the voluntary placement, and a parent who enters a voluntary placement agreement may at any time request that the agency return the child. If the parent so requests, the child must be returned within 24 hours of the receipt of the request;

(3) evidence gathered during the time the child is voluntarily placed may be used at a later time as the basis for a petition alleging that the child is in need of protection or services or as the basis for a petition seeking termination of parental rights or other permanent placement of the child away from the parent;

(4) if the responsible social services agency files a petition alleging that the child is in need of protection or services or a petition seeking the termination of parental rights or other permanent placement of the child away from the parent, the parent would have the right to appointment of separate legal counsel and the child would have a right to the appointment of counsel and a guardian ad litem as provided by law, and that counsel will be appointed at public expense if they are unable to afford counsel; and

(5) the timelines and procedures for review of voluntary placements under subdivision 3, and the effect the time spent in voluntary placement on the scheduling of a permanent placement determination hearing under section 260C.201, subdivision 11.

(d) When an agency accepts a child for placement, the agency shall determine whether the child has had a physical examination by or under the direction of a licensed physician within the 12 months immediately preceding the date when the child came into the agency's care. If there is documentation that the child has had an examination within the last 12 months, the agency is responsible for seeing that the child has another physical examination within one year of the documented examination and annually in subsequent years. If the agency determines that the child has not had a physical examination within the 12 months immediately preceding placement, the agency shall ensure that the child has an examination within 30 days of coming into the agency's care and once a year in subsequent years.

(e) If a child leaves foster care by reason of having attained the age of majority under state law, the child must be given at no cost a copy of the child's health and education report.

Sec. 21. Minnesota Statutes 2006, section 260C.212, subdivision 9, is amended to read:

Subd. 9. **Review of certain child placements.** (a) When a developmentally disabled child or emotionally disturbed child needs placement in a residential facility for

the sole reason of accessing services or a level of skilled care that cannot be provided in the parent's home, the child must be placed pursuant to a voluntary placement agreement between the responsible social services agency and the child's parent. The voluntary placement agreement must give the responsible social services agency legal responsibility for the child's physical care, custody, and control, but must not transfer legal custody of the child to the agency. The voluntary placement agreement must be executed in a form developed and promulgated by the commissioner of human services. The responsible social services agency shall report to the commissioner the number of children who are the subject of a voluntary placement agreement under this subdivision and other information regarding these children as the commissioner may require.

(b) If a developmentally disabled child or a child diagnosed as emotionally disturbed has been placed in a residential facility pursuant to a voluntary release by the child's parent or parents because of the child's disabling conditions or need for long-term residential treatment or supervision, the social services agency responsible for the placement shall report to the court and bring a petition for review of the child's foster care status as required in section 260C.141, subdivision 2a.

~~(b)~~ (c) If a child is in placement due solely to the child's developmental disability or emotional disturbance, ~~and~~ the court finds compelling reasons not to proceed under section 260C.201, subdivision 11, and custody of the child is not transferred to the responsible social services agency under section 260C.201, subdivision 1, paragraph (a), clause (2), ~~and~~ no petition is required by section 260C.201, subdivision 11.

~~(c)~~ (d) Whenever a petition for review is brought pursuant to this subdivision, a guardian ad litem shall be appointed for the child.

Sec. 22. Minnesota Statutes 2006, section 260C.317, subdivision 3, is amended to read:

Subd. 3. **Order; retention of jurisdiction.** (a) A certified copy of the findings and the order terminating parental rights, and a summary of the court's information concerning the child shall be furnished by the court to the commissioner or the agency to which guardianship is transferred. The orders shall be on a document separate from the findings. The court shall furnish the individual to whom guardianship is transferred a copy of the order terminating parental rights.

(b) The court shall retain jurisdiction in a case where adoption is the intended permanent placement disposition until the child's adoption is finalized, the child is 18 years of age, or the child is otherwise ordered discharged from the jurisdiction of the court. The guardian ad litem and counsel for the child shall continue on the case until an adoption decree is entered. A hearing must be held every 90 days following termination of parental

rights for the court to review progress toward an adoptive placement and the specific recruitment efforts the agency has taken to find an adoptive family or other placement living arrangement for the child and to finalize the adoption or other permanency plan.

(c) The responsible social services agency may make a determination of compelling reasons for a child to be in long-term foster care when the agency has made exhaustive efforts to recruit, identify, and place the child in an adoptive home, and the child continues in foster care for at least 24 months after the court has issued the order terminating parental rights. A child of any age who is under the guardianship of the commissioner of the Department of Human Services and is legally available for adoption may not refuse or waive the commissioner's agent's exhaustive efforts to recruit, identify, and place the child in an adoptive home required under paragraph (b) or sign a document relieving county social services agencies of all recruitment efforts on the child's behalf. Upon approving the agency's determination of compelling reasons, the court may order the child placed in long-term foster care. At least every 12 months thereafter as long as the child continues in out-of-home placement, the court shall conduct a permanency review hearing to determine the future status of the child using the review requirements of section 260C.201, subdivision 11, paragraph (g).

(d) The court shall retain jurisdiction through the child's minority in a case where long-term foster care is the permanent disposition whether under paragraph (c) or section 260C.201, subdivision 11.

Sec. 23. Minnesota Statutes 2006, section 260C.331, subdivision 1, is amended to read:

Subdivision 1. **Care, examination, or treatment.** (a) Except where parental rights are terminated,

(1) whenever legal custody of a child is transferred by the court to a responsible social services agency,

(2) whenever legal custody is transferred to a person other than the responsible social services agency, but under the supervision of the responsible social services agency, or

(3) whenever a child is given physical or mental examinations or treatment under order of the court, and no provision is otherwise made by law for payment for the care, examination, or treatment of the child, these costs are a charge upon the welfare funds of the county in which proceedings are held upon certification of the judge of juvenile court.

(b) The court shall order, and the responsible social services agency shall require, the parents or custodian of a child, while the child is under the age of 18, to use the total income and resources attributable to the child for the period of care, examination, or treatment, except for clothing and personal needs allowance as provided in section

256B.35, to reimburse the county for the cost of care, examination, or treatment. Income and resources attributable to the child include, but are not limited to, Social Security benefits, supplemental security income (SSI), veterans benefits, railroad retirement benefits and child support. When the child is over the age of 18, and continues to receive care, examination, or treatment, the court shall order, and the responsible social services agency shall require, reimbursement from the child for the cost of care, examination, or treatment from the income and resources attributable to the child less the clothing and personal needs allowance. Income does not include earnings from a child over the age of 18 who is working as part of a plan under section 260C.212, subdivision 1, paragraph (c), clause (8), to transition from foster care.

(c) If the income and resources attributable to the child are not enough to reimburse the county for the full cost of the care, examination, or treatment, the court shall inquire into the ability of the parents to support the child and, after giving the parents a reasonable opportunity to be heard, the court shall order, and the responsible social services agency shall require, the parents to contribute to the cost of care, examination, or treatment of the child. When determining the amount to be contributed by the parents, the court shall use a fee schedule based upon ability to pay that is established by the responsible social services agency and approved by the commissioner of human services. The income of a stepparent who has not adopted a child shall be excluded in calculating the parental contribution under this section.

(d) The court shall order the amount of reimbursement attributable to the parents or custodian, or attributable to the child, or attributable to both sources, withheld under chapter 518A from the income of the parents or the custodian of the child. A parent or custodian who fails to pay without good reason may be proceeded against for contempt, or the court may inform the county attorney, who shall proceed to collect the unpaid sums, or both procedures may be used.

(e) If the court orders a physical or mental examination for a child, the examination is a medically necessary service for purposes of determining whether the service is covered by a health insurance policy, health maintenance contract, or other health coverage plan. Court-ordered treatment shall be subject to policy, contract, or plan requirements for medical necessity. Nothing in this paragraph changes or eliminates benefit limits, conditions of coverage, co-payments or deductibles, provider restrictions, or other requirements in the policy, contract, or plan that relate to coverage of other medically necessary services.

Sec. 24. Minnesota Statutes 2006, section 626.556, subdivision 2, is amended to read:

Subd. 2. **Definitions.** As used in this section, the following terms have the meanings given them unless the specific content indicates otherwise:

(a) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege substantial child endangerment. Family assessment does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

(b) "Investigation" means fact gathering related to the current safety of a child and the risk of subsequent maltreatment that determines whether child maltreatment occurred and whether child protective services are needed. An investigation must be used when reports involve substantial child endangerment, and for reports of maltreatment in facilities required to be licensed under chapter 245A or 245B; under sections 144.50 to 144.58 and 241.021; in a school as defined in sections 120A.05, subdivisions 9, 11, and 13, and 124D.10; or in a nonlicensed personal care provider association as defined in sections 256B.04, subdivision 16, and 256B.0625, subdivision 19a.

- (5) murder in the first, second, or third degree under section 609.185, 609.19, or 609.195;
- (6) manslaughter in the first or second degree under section 609.20 or 609.205;
- (7) assault in the first, second, or third degree under section 609.221, 609.222, or 609.223;
- (8) solicitation, inducement, and promotion of prostitution under section 609.322;
- (9) criminal sexual conduct under sections 609.342 to 609.3451;
- (10) solicitation of children to engage in sexual conduct under section 609.352;

(11) malicious punishment or neglect or endangerment of a child under section 609.377 or 609.378;

(12) use of a minor in sexual performance under section 617.246; or

(13) parental behavior, status, or condition which mandates that the county attorney file a termination of parental rights petition under section 260C.301, subdivision 3, paragraph (a).

Sexual abuse also includes any act which involves a minor which constitutes a violation of prostitution offenses under sections 609.321 to 609.324 or 617.246. Sexual abuse includes threatened sexual abuse.

(e) "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, other school employees or agents, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.

(f) "Neglect" means:

(3) failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors as the child's age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for the child's own basic needs or safety, or the basic needs or safety of another child in their care;

(4) failure to ensure that the child is educated as defined in sections 120A.22 and 260C.163, subdivision 11, which does not include a parent's refusal to provide the parent's child with sympathomimetic medications, consistent with section 125A.091, subdivision 5;

(5) nothing in this section shall be construed to mean that a child is neglected solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care; except that a parent, guardian, or caretaker, or a person mandated to report pursuant to subdivision 3, has a duty to report if a lack of medical care may cause serious danger to the child's health. This section does not impose upon persons, not otherwise legally responsible for providing a child with necessary food, clothing, shelter, education, or medical care, a duty to provide that care;

(6) prenatal exposure to a controlled substance, as defined in section 253B.02, subdivision 2, used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child at birth, or medical effects or developmental delays during the child's first year of life that medically indicate prenatal exposure to a controlled substance;

(7) "medical neglect" as defined in section 260C.007, subdivision 6, clause (5);

(8) chronic and severe use of alcohol or a controlled substance by a parent or person responsible for the care of the child that adversely affects the child's basic needs and safety; or

(9) emotional harm from a pattern of behavior which contributes to impaired emotional functioning of the child which may be demonstrated by a substantial and observable effect in the child's behavior, emotional response, or cognition that is not within the normal range for the child's age and stage of development, with due regard to the child's culture.

(g) "Physical abuse" means any physical injury, mental injury, or threatened injury, inflicted by a person responsible for the child's care on a child other than by accidental means, or any physical or mental injury that cannot reasonably be explained by the child's history of injuries, or any aversive or deprivation procedures, or regulated interventions, that have not been authorized under section 121A.67 or 245.825. Abuse does not include reasonable and moderate physical discipline of a child administered by a parent or legal guardian which does not result in an injury. Abuse does not include the use of reasonable force by a teacher, principal, or school employee as allowed by section 121A.582. Actions which are not reasonable and moderate include, but are not limited to, any of the following that are done in anger or without regard to the safety of the child:

43.5 injury includes, but is not limited to, exposing a child to a person responsible for the
43.6 child's care, as defined in paragraph (e), clause (1), who has:

43.7 (1) subjected a child to, or failed to protect a child from, an overt act or condition
43.8 that constitutes egregious harm, as defined in section 260C.007, subdivision 14, or a
43.9 similar law of another jurisdiction;

43.10 (2) been found to be palpably unfit under section 260C.301, paragraph (b), clause
43.11 (4), or a similar law of another jurisdiction;

43.15 and physical custody of a child to a relative under section 260C.201, subdivision 11,
43.16 paragraph (d), clause (1), or a similar law of another jurisdiction.

43.17 (o) Persons who conduct assessments or investigations under this section shall take
43.18 into account accepted child-rearing practices of the culture in which a child participates
43.19 and accepted teacher discipline practices, which are not injurious to the child's health,
43.20 welfare, and safety.

43.21 Sec. 25. Minnesota Statutes 2006, section 626.556, subdivision 3, is amended to read:

43.22 Subd. 3. **Persons mandated to report.** (a) A person who knows or has reason
43.23 to believe a child is being neglected or physically or sexually abused, as defined in
43.24 subdivision 2, or has been neglected or physically or sexually abused within the preceding
43.25 three years, shall immediately report the information to the local welfare agency, agency
43.26 responsible for assessing or investigating the report, police department, or the county
43.27 sheriff if the person is:

43.28 (1) a professional or professional's delegate who is engaged in the practice of
43.29 the healing arts, social services, hospital administration, psychological or psychiatric
43.30 treatment, child care, education, correctional supervision, probation and correctional
43.31 services, or law enforcement; or

43.32 (2) employed as a member of the clergy and received the information while
43.33 engaged in ministerial duties, provided that a member of the clergy is not required by
43.34 this subdivision to report information that is otherwise privileged under section 595.02,
43.35 subdivision 1, paragraph (c).

44.1 The police department or the county sheriff, upon receiving a report, shall
44.2 immediately notify the local welfare agency or agency responsible for assessing or
44.3 investigating the report, orally and in writing. The local welfare agency, or agency
44.4 responsible for assessing or investigating the report, upon receiving a report, shall
44.5 immediately notify the local police department or the county sheriff orally and in writing.
44.6 The county sheriff and the head of every local welfare agency, agency responsible
44.7 for assessing or investigating reports, and police department shall each designate a
44.8 person within their agency, department, or office who is responsible for ensuring that
44.9 the notification duties of this paragraph and paragraph (b) are carried out. Nothing in
44.10 this subdivision shall be construed to require more than one report from any institution,
44.11 facility, school, or agency.

44.12 (b) Any person may voluntarily report to the local welfare agency, agency
44.13 responsible for assessing or investigating the report, police department, or the county
44.14 sheriff if the person knows, has reason to believe, or suspects a child is being or has been
44.15 neglected or subjected to physical or sexual abuse. The police department or the county
44.16 sheriff, upon receiving a report, shall immediately notify the local welfare agency or
44.17 agency responsible for assessing or investigating the report, orally and in writing. The
44.18 local welfare agency or agency responsible for assessing or investigating the report, upon
44.19 receiving a report, shall immediately notify the local police department or the county
44.20 sheriff orally and in writing.

44.21 (c) A person mandated to report physical or sexual child abuse or neglect occurring
44.22 within a licensed facility shall report the information to the agency responsible for
44.23 licensing the facility under sections 144.50 to 144.58; 241.021; 245A.01 to 245A.16; or
44.24 chapter 245B; or a nonlicensed personal care provider organization as defined in sections
44.25 256B.04, subdivision 16; and 256B.0625, subdivision 19. A health or corrections agency
44.26 receiving a report may request the local welfare agency to provide assistance pursuant
44.27 to subdivisions 10, 10a, and 10b. A board or other entity whose licensees perform work
44.28 within a school facility, upon receiving a complaint of alleged maltreatment, shall provide
44.29 information about the circumstances of the alleged maltreatment to the commissioner of
44.30 education. Section 13.03, subdivision 4, applies to data received by the commissioner of
44.31 education from a licensing entity.

44.32 (d) Any person mandated to report shall receive a summary of the disposition of
44.33 any report made by that reporter, including whether the case has been opened for child
44.34 protection or other services, or if a referral has been made to a community organization,
44.35 unless release would be detrimental to the best interests of the child. Any person who is
44.36 not mandated to report shall, upon request to the local welfare agency, receive a concise

45.1 summary of the disposition of any report made by that reporter, unless release would be
45.2 detrimental to the best interests of the child.

45.3 (e) For purposes of this ~~subdivision~~ section, "immediately" means as soon as
45.4 possible but in no event longer than 24 hours.

45.5 Sec. 26. Minnesota Statutes 2006, section 626.556, is amended by adding a subdivision
45.6 to read:

45.7 Subd. 3e. **Agency responsibility for assessing or investigating reports of sexual**
45.8 **abuse.** The local welfare agency is the agency responsible for investigating allegations
45.9 of sexual abuse if the alleged offender is the parent, guardian, sibling, or an individual
45.10 functioning within the family unit as a person responsible for the child's care, or a person
45.11 with a significant relationship to the child if that person resides in the child's household.

45.12 Sec. 27. Minnesota Statutes 2006, section 626.556, is amended by adding a subdivision
45.13 to read:

45.14 Subd. 3f. **Law enforcement agency responsibility for investigating**
45.15 **maltreatment.** The local law enforcement agency has responsibility for investigating any
45.16 report of child maltreatment if a violation of a criminal statute is alleged. Law enforcement
45.17 and the responsible agency must coordinate their investigations or assessments as required
45.18 under subdivision 10.

45.19 Sec. 28. Minnesota Statutes 2006, section 626.556, subdivision 10, is amended to read:

45.20 Subd. 10. **Duties of local welfare agency and local law enforcement agency upon**
45.21 **receipt of a report.** (a) Upon receipt of a report, the local welfare agency shall determine
45.22 whether to conduct a family assessment or an investigation as appropriate to prevent or
45.23 provide a remedy for child maltreatment. The local welfare agency:

45.24 (1) shall conduct an investigation on reports involving substantial child
45.25 endangerment;

45.26 (2) shall begin an immediate investigation if, at any time when it is using a family
45.27 assessment response, it determines that there is reason to believe that substantial child
45.28 endangerment or a serious threat to the child's safety exists;

45.29 (3) may conduct a family assessment for reports that do not allege substantial child
45.30 endangerment. In determining that a family assessment is appropriate, the local welfare
45.31 agency may consider issues of child safety, parental cooperation, and the need for an
45.32 immediate response; and

(4) may conduct a family assessment on a report that was initially screened and assigned for an investigation. In determining that a complete investigation is not required, the local welfare agency must document the reason for terminating the investigation and notify the local law enforcement agency if the local law enforcement agency is conducting a joint investigation.

If the report alleges neglect, physical abuse, or sexual abuse by a parent, guardian, or individual functioning within the family unit as a person responsible for the child's care, or sexual abuse by a person with a significant relationship to the child when that person resides in the child's household or by a sibling, the local welfare agency shall immediately conduct a family assessment or investigation as identified in clauses (1) to (4). In conducting a family assessment or investigation, the local welfare agency shall gather information on the existence of substance abuse and domestic violence and offer services for purposes of preventing future child maltreatment, safeguarding and enhancing the welfare of the abused or neglected minor, and supporting and preserving family life whenever possible. If the report alleges a violation of a criminal statute involving sexual abuse, physical abuse, or neglect or endangerment, under section 609.378, the local law enforcement agency and local welfare agency shall coordinate the planning and execution of their respective investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple interviews. Each agency shall prepare a separate report of the results of its investigation. In cases of alleged child maltreatment resulting in death, the local agency may rely on the fact-finding efforts of a law enforcement investigation to make a determination of whether or not maltreatment occurred. When necessary the local welfare agency shall seek authority to remove the child from the custody of a parent, guardian, or adult with whom the child is living. In performing any of these duties, the local welfare agency shall maintain appropriate records.

If the family assessment or investigation indicates there is a potential for abuse of alcohol or other drugs by the parent, guardian, or person responsible for the child's care, the local welfare agency shall conduct a chemical use assessment pursuant to Minnesota Rules, part 9530.6615. The local welfare agency shall report the determination of the chemical use assessment, and the recommendations and referrals for alcohol and other drug treatment services to the state authority on alcohol and drug abuse.

(b) When a local agency receives a report or otherwise has information indicating that a child who is a client, as defined in section 245.91, has been the subject of physical abuse, sexual abuse, or neglect at an agency, facility, or program as defined in section 245.91, it shall, in addition to its other duties under this section, immediately inform the ombudsman established under sections 245.91 to 245.97. The commissioner of education

shall inform the ombudsman established under sections 245.91 to 245.97 of reports regarding a child defined as a client in section 245.91 that maltreatment occurred at a school as defined in sections 120A.05, subdivisions 9, 11, and 13, and 124D.10.

(c) Authority of the local welfare agency responsible for assessing or investigating the child abuse or neglect report, the agency responsible for assessing or investigating the report, and of the local law enforcement agency for investigating the alleged abuse or neglect includes, but is not limited to, authority to interview, without parental consent, the alleged victim and any other minors who currently reside with or who have resided with the alleged offender. The interview may take place at school or at any facility or other place where the alleged victim or other minors might be found or the child may be transported to, and the interview conducted at, a place appropriate for the interview of a child designated by the local welfare agency or law enforcement agency. The interview may take place outside the presence of the alleged offender or parent, legal custodian, guardian, or school official. For family assessments, it is the preferred practice to request a parent or guardian's permission to interview the child prior to conducting the child interview, unless doing so would compromise the safety assessment. Except as provided in this paragraph, the parent, legal custodian, or guardian shall be notified by the responsible local welfare or law enforcement agency no later than the conclusion of the investigation or assessment that this interview has occurred. Notwithstanding rule ~~49.02~~ 32 of the Minnesota Rules of Procedure for Juvenile Courts, the juvenile court may, after hearing on an ex parte motion by the local welfare agency, order that, where reasonable cause exists, the agency withhold notification of this interview from the parent, legal custodian, or guardian. If the interview took place or is to take place on school property, the order shall specify that school officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school property, as provided under this paragraph, and any other related information regarding the interview that may be a part of the child's school record. A copy of the order shall be sent by the local welfare or law enforcement agency to the appropriate school official.

(d) When the local welfare, local law enforcement agency, or the agency responsible for assessing or investigating a report of maltreatment determines that an interview should take place on school property, written notification of intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property. For interviews conducted by the local welfare agency, the notification shall be signed by the chair of the local social services agency or the chair's designee. The notification shall be

private data on individuals subject to the provisions of this paragraph. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded, unless a school employee or agent is alleged to have maltreated the child. Until that time, the local welfare or law enforcement agency or the agency responsible for assessing or investigating a report of maltreatment shall be solely responsible for any disclosures regarding the nature of the assessment or investigation.

Except where the alleged offender is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Where the school fails to comply with the provisions of this paragraph, the juvenile court may order the school to comply. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school staff when an interview is conducted on school premises.

(e) Where the alleged offender or a person responsible for the care of the alleged victim or other minor prevents access to the victim or other minor by the local welfare agency, the juvenile court may order the parents, legal custodian, or guardian to produce the alleged victim or other minor for questioning by the local welfare agency or the local law enforcement agency outside the presence of the alleged offender or any person responsible for the child's care at reasonable places and times as specified by court order.

(f) Before making an order under paragraph (e), the court shall issue an order to show cause, either upon its own motion or upon a verified petition, specifying the basis for the requested interviews and fixing the time and place of the hearing. The order to show cause shall be served personally and shall be heard in the same manner as provided in other cases in the juvenile court. The court shall consider the need for appointment of a guardian ad litem to protect the best interests of the child. If appointed, the guardian ad litem shall be present at the hearing on the order to show cause.

(g) The commissioner of human services, the ombudsman for mental health and developmental disabilities, the local welfare agencies responsible for investigating reports, the commissioner of education, and the local law enforcement agencies have the right to enter facilities as defined in subdivision 2 and to inspect and copy the facility's records,

including medical records, as part of the investigation. Notwithstanding the provisions of chapter 13, they also have the right to inform the facility under investigation that they are conducting an investigation, to disclose to the facility the names of the individuals under investigation for abusing or neglecting a child, and to provide the facility with a copy of the report and the investigative findings.

(h) The local welfare agency responsible for conducting a family assessment or investigation shall collect available and relevant information to determine child safety, risk of subsequent child maltreatment, and family strengths and needs and share not public information with an Indian's tribal social services agency without violating any law of the state that may otherwise impose duties of confidentiality on the local welfare agency in order to implement the tribal state agreement. The local welfare agency or the agency responsible for investigating the report shall collect available and relevant information to ascertain whether maltreatment occurred and whether protective services are needed. Information collected includes, when relevant, information with regard to the person reporting the alleged maltreatment, including the nature of the reporter's relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being maltreated; the alleged offender; the child's caretaker; and other collateral sources having relevant information related to the alleged maltreatment. The local welfare agency or the agency responsible for assessing or investigating the report may make a determination of no maltreatment early in an assessment, and close the case and retain immunity, if the collected information shows no basis for a full assessment or investigation.

Information relevant to the assessment or investigation must be asked for, and may include:

(1) the child's sex and age, prior reports of maltreatment, information relating to developmental functioning, credibility of the child's statement, and whether the information provided under this clause is consistent with other information collected during the course of the assessment or investigation;

(2) the alleged offender's age, a record check for prior reports of maltreatment, and criminal charges and convictions. The local welfare agency or the agency responsible for assessing or investigating the report must provide the alleged offender with an opportunity to make a statement. The alleged offender may submit supporting documentation relevant to the assessment or investigation;

(3) collateral source information regarding the alleged maltreatment and care of the child. Collateral information includes, when relevant: (i) a medical examination of the child; (ii) prior medical records relating to the alleged maltreatment or the care of the

child maintained by any facility, clinic, or health care professional and an interview with the treating professionals; and (iii) interviews with the child's caretakers, including the child's parent, guardian, foster parent, child care provider, teachers, counselors, family members, relatives, and other persons who may have knowledge regarding the alleged maltreatment and the care of the child; and

(4) information on the existence of domestic abuse and violence in the home of the child, and substance abuse.

Nothing in this paragraph precludes the local welfare agency, the local law enforcement agency, or the agency responsible for assessing or investigating the report from collecting other relevant information necessary to conduct the assessment or investigation. Notwithstanding section 13.384 or 144.335, the local welfare agency has access to medical data and records for purposes of clause (3). Notwithstanding the data's classification in the possession of any other agency, data acquired by the local welfare agency or the agency responsible for assessing or investigating the report during the course of the assessment or investigation are private data on individuals and must be maintained in accordance with subdivision 11. Data of the commissioner of education collected or maintained during and for the purpose of an investigation of alleged maltreatment in a school are governed by this section, notwithstanding the data's classification as educational, licensing, or personnel data under chapter 13.

In conducting an assessment or investigation involving a school facility as defined in subdivision 2, paragraph (i), the commissioner of education shall collect investigative reports and data that are relevant to a report of maltreatment and are from local law enforcement and the school facility.

(i) Upon receipt of a report, the local welfare agency shall conduct a face-to-face contact with the child reported to be maltreated and with the child's primary caregiver sufficient to complete a safety assessment and ensure the immediate safety of the child. The face-to-face contact with the child and primary caregiver shall occur immediately if substantial child endangerment is alleged and within five calendar days for all other reports. If the alleged offender was not already interviewed as the primary caregiver, the local welfare agency shall also conduct a face-to-face interview with the alleged offender in the early stages of the assessment or investigation. At the initial contact, the local child welfare agency or the agency responsible for assessing or investigating the report must inform the alleged offender of the complaints or allegations made against the individual in a manner consistent with laws protecting the rights of the person who made the report. The interview with the alleged offender may be postponed if it would jeopardize an active law enforcement investigation.

(j) When conducting an investigation, the local welfare agency shall use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. For investigations only, the following interviewing methods and procedures must be used whenever possible when collecting information:

(1) audio recordings of all interviews with witnesses and collateral sources; and

(2) in cases of alleged sexual abuse, audio-video recordings of each interview with the alleged victim and child witnesses.

(k) In conducting an assessment or investigation involving a school facility as defined in subdivision 2, paragraph (i), the commissioner of education shall collect available and relevant information and use the procedures in paragraphs (i), (k), and subdivision 3d, except that the requirement for face-to-face observation of the child and face-to-face interview of the alleged offender is to occur in the initial stages of the assessment or investigation provided that the commissioner may also base the assessment or investigation on investigative reports and data received from the school facility and local law enforcement, to the extent those investigations satisfy the requirements of paragraphs (i) and (k), and subdivision 3d.

Sec. 29. Minnesota Statutes 2006, section 626.556, subdivision 10a, is amended to read:

Subd. 10a. ~~Abuse outside family unit~~ **Law enforcement agency responsibility for investigation; welfare agency reliance on law enforcement fact-finding; welfare agency offer of services.** (a) If the report alleges neglect, physical abuse, or sexual abuse by a person who is not a parent, guardian, sibling, person responsible for the child's care functioning outside within the family unit, or a person who lives in the child's household and who has a significant relationship to the child, in a setting other than a facility as defined in subdivision 2, the local welfare agency shall immediately notify the appropriate law enforcement agency, which shall conduct an investigation of the alleged abuse or neglect if a violation of a criminal statute is alleged.

(b) The local agency may rely on the fact-finding efforts of the law enforcement investigation conducted under this subdivision to make a determination whether or not threatened harm or other maltreatment has occurred under subdivision 2 if an alleged offender has minor children or lives with minors.

(c) The local welfare agency shall offer appropriate social services for the purpose of safeguarding and enhancing the welfare of the abused or neglected minor.

52.1 Sec. 30. Minnesota Statutes 2006, section 626.556, subdivision 10c, is amended to

52.6 under this section, immediately consult with designated hospital staff and with the parents
52.7 of the infant to verify that appropriate nutrition, hydration, and medication are being
52.8 provided; and shall immediately secure an independent medical review of the infant's
52.9 medical charts and records and, if necessary, seek a court order for an independent medical
52.10 examination of the infant. If the review or examination leads to a conclusion of medical
52.11 neglect, the agency shall intervene on behalf of the infant by initiating legal proceedings
52.12 under section 260C.141 and by filing an expedited motion to prevent the withholding
52.13 of medically indicated treatment.

52.14 Sec. 31. Minnesota Statutes 2006, section 626.556, subdivision 10f, is amended to read:

52.15 Subd. 10f. **Notice of determinations.** Within ten working days of the conclusion
52.16 of a family assessment, the local welfare agency shall notify the parent or guardian of
52.17 the child of the need for services to address child safety concerns or significant risk of
52.18 subsequent child maltreatment. The local welfare agency and the family may also jointly
52.19 agree that family support and family preservation services are needed. Within ten working
52.20 days of the conclusion of an investigation, the local welfare agency or agency responsible
52.21 for assessing or investigating the report shall notify the parent or guardian of the child, the
52.22 person determined to be maltreating the child, and if applicable, the director of the facility,
52.23 of the determination and a summary of the specific reasons for the determination. The
52.24 notice must also include a certification that the information collection procedures under
52.25 subdivision 10, paragraphs (h), (i), and (j), were followed and a notice of the right of a
52.26 data subject to obtain access to other private data on the subject collected, created, or
52.27 maintained under this section. In addition, the notice shall include the length of time that
52.28 the records will be kept under subdivision 11c. The investigating agency shall notify the
52.29 parent or guardian of the child who is the subject of the report, and any person or facility
52.30 determined to have maltreated a child, of their appeal or review rights under this section
52.31 or section 256.022. The notice must also state that a finding of maltreatment may result
52.32 in denial of a license application or background study disqualification under chapter
52.33 245C related to employment or services that are licensed by the Department of Human
52.34 Services under chapter 245A, the Department of Health under chapter 144 or 144A, the

53.1 Department of Corrections under section 241.021, and from providing services related to
53.2 an unlicensed personal care provider organization under chapter 256B.

Sec. 12. Minnesota Statutes 2006, section 119B.13, subdivision 1, is amended to read:

Subdivision 1. **Subsidy restrictions.** (a) Beginning July 1, 2006, the maximum rate paid for child care assistance in any county or multicounty region under the child care fund shall be the rate for like-care arrangements in the county effective January 1, 2006, increased by six percent.

(b) Rate changes shall be implemented for services provided in September 2006 unless a participant eligibility redetermination or a new provider agreement is completed between July 1, 2006, and August 31, 2006.

As necessary, appropriate notice of adverse action must be made according to Minnesota Rules, part 3400.0185, subparts 3 and 4.

New cases approved on or after July 1, 2006, shall have the maximum rates under paragraph (a), implemented immediately.

(c) ~~Not less than once every two years~~ Every year, the commissioner shall survey rates charged by child care providers in Minnesota to determine the 75th percentile for like-care arrangements in counties. When the commissioner determines that, using the commissioner's established protocol, the number of providers responding to the survey is too small to determine the 75th percentile rate for like-care arrangements in a county or multicounty region, the commissioner may establish the 75th percentile maximum rate based on like-care arrangements in a county, region, or category that the commissioner deems to be similar.

(d) A rate which includes a special needs rate paid under subdivision 3 or under a school readiness service agreement paid under section 61 may be in excess of the maximum rate allowed under this subdivision.

(e) The department shall monitor the effect of this paragraph on provider rates. The county shall pay the provider's full charges for every child in care up to the maximum established. The commissioner shall determine the maximum rate for each type of care on an hourly, full-day, and weekly basis, including special needs and disability care.

(f) When the provider charge is greater than the maximum provider rate allowed, the parent is responsible for payment of the difference in the rates in addition to any family co-payment fee.

Sec. 13. Minnesota Statutes 2006, section 119B.13, subdivision 3a, is amended to read:

Subd. 3a. **Provider rate differential for accreditation.** A family child care provider or child care center shall be paid a 15 percent differential above the maximum rate established in subdivision 1, up to the actual provider rate, if the provider or center holds a current early childhood development credential or is accredited. For a family

67.1 child care provider, early childhood development credential and accreditation includes
67.2 an individual who has earned a child development associate degree, a child development
67.3 associate credential, a diploma in child development from a Minnesota state technical
67.4 college, or a bachelor's or post baccalaureate degree in early childhood education from

67.14 Subd. 6. **Provider payments.** (a) Counties or the state shall make vendor payments
67.15 to the child care provider or pay the parent directly for eligible child care expenses.

67.16 (b) If payments for child care assistance are made to providers, the provider shall
67.17 bill the county for services provided within ten days of the end of the service period. If
67.18 bills are submitted within ten days of the end of the service period, a county or the state
67.19 shall issue payment to the provider of child care under the child care fund within 30 days
67.20 of receiving a bill from the provider. Counties or the state may establish policies that
67.21 make payments on a more frequent basis.

67.22 (c) ~~All bills~~ If a provider has received an authorization of care and has been issued a
67.23 billing form for an eligible family, the bill must be submitted within 60 days of the last
67.24 date of service on the bill. A county may pay a bill submitted more than 60 days after
67.25 the last date of service if the provider shows good cause why the bill was not submitted
67.26 within 60 days. Good cause must be defined in the county's child care fund plan under
67.27 section 119B.08, subdivision 3, and the definition of good cause must include county
67.28 error. A county may not pay any bill submitted more than a year after the last date of
67.29 service on the bill.

67.30 (d) If a provider provided care for a time period without receiving an authorization
67.31 of care and a billing form for an eligible family, payment of child care assistance may only
67.32 be made retroactively for a maximum of six months from the date the provider is issued an
67.33 authorization of care and a billing form.

67.34 ~~(d)~~ (e) A county may stop payment issued to a provider or may refuse to pay a
67.35 bill submitted by a provider if:

(1) the provider admits to intentionally giving the county materially false information on the provider's billing forms; or

(2) a county finds by a preponderance of the evidence that the provider intentionally gave the county materially false information on the provider's billing forms.

~~(e)~~ (f) A county's payment policies must be included in the county's child care plan under section 119B.08, subdivision 3. If payments are made by the state, in addition to being in compliance with this subdivision, the payments must be made in compliance with section 16A.124.

Sec. 15. Minnesota Statutes 2006, section 119B.13, subdivision 7, is amended to read:

Subd. 7. **Absent days.** (a) Child care providers may not be reimbursed for more than 25 full-day absent days per child, excluding holidays, in a fiscal year, or for more than ten consecutive full-day absent days, unless the child has a documented medical condition that causes more frequent absences. Absences due to a documented medical condition of a parent or sibling who lives in the same residence as the child receiving child care assistance do not count against the 25-day absent day limit in a fiscal year. Documentation of medical conditions must be on the forms and submitted according to the timelines established by the commissioner. A public health nurse or school nurse may verify the illness in lieu of a medical practitioner. If a provider sends a child home early due to a medical reason, including, but not limited to, fever or contagious illness, the child care center director or lead teacher may verify the illness in lieu of a medical practitioner. If a child attends for part of the time authorized to be in care in a day, but is absent for part of the time authorized to be in care in that same day, the absent time will be reimbursed but the time will not count toward the ten consecutive or 25 cumulative absent day limits. Children in families where at least one parent is under the age of 21, does not have a high school or general equivalency diploma, and is a student in a school district or another similar program that provides or arranges for child care, as well as parenting, social services, career and employment supports, and academic support to achieve high school graduation, may be exempt from the absent day limits upon request of the program and approval of the county. If a child attends part of an authorized day, payment to the provider must be for the full amount of care authorized for that day. Child care providers may only be reimbursed for absent days if the provider has a written policy for child absences and charges all other families in care for similar absences.

(b) Child care providers must be reimbursed for up to ten federal or state holidays or designated holidays per year when the provider charges all families for these days and the holiday or designated holiday falls on a day when the child is authorized to be

69.1 in attendance. Parents may substitute other cultural or religious holidays for the ten
69.2 recognized state and federal holidays. Holidays do not count toward the ten consecutive or
69.3 25 cumulative absent day limits.

69.4 (c) A family or child care provider may not be assessed an overpayment for an
69.5 absent day payment unless (1) there was an error in the amount of care authorized for the
69.6 family, (2) all of the allowed full-day absent payments for the child have been paid, or (3)
69.7 the family or provider did not timely report a change as required under law.

69.8 (d) The provider and family must receive notification of the number of absent days
69.9 used upon initial provider authorization for a family and when the family has used 15
69.10 cumulative absent days. Upon statewide implementation of the Minnesota Electronic
69.11 Child Care System, the provider and family authorization for a family and ongoing
69.12 notification of the number of absent days used as of the date of the notification.

69.13 (e) A county may pay for more absent days than the statewide absent day policy
69.14 established under this subdivision if current market practice in the county justifies payment
69.15 for those additional days. County policies for payment of absent days in excess of the
69.16 statewide absent day policy and justification for these county policies must be included in
69.17 the county's child care fund plan under section 119B.08, subdivision 3. This paragraph
69.18 may be implemented by counties on or after July 1, 2008.

69.19 Sec. 16. Minnesota Statutes 2006, section 119B.21, subdivision 5, is amended to read:

69.20 Subd. 5. **Child care services grants.** (a) A child care resource and referral program
69.21 designated under section 119B.19, subdivision 1a, may award child care services grants
69.22 for:

69.23 (1) creating new licensed child care facilities and expanding existing facilities,
69.24 including, but not limited to, supplies, equipment, facility renovation, and remodeling;

69.25 (2) improving licensed child care facility programs;

69.26 (3) staff training and development services including, but not limited to, in-service
69.27 training, curriculum development, accreditation, certification, consulting, resource centers,

- (1) licensed providers;
- (2) providers in the process of being licensed;
- (3) corporations or public agencies that develop or provide child care services;
- (4) school-age care programs; or
- (5) any combination of clauses (1) to (4).

85.3 dollars in this or any other state or United States territory, or from a tribal TANF program,
85.4 or MFIP assistance funded in whole or in part by state appropriations, that was received
85.5 by the unit on or after the date TANF was implemented, including any assistance received
85.6 in states or United States territories of prior residence, counts toward the 60-month
85.7 limitation. Months during which any cash assistance is received by an assistance unit
85.8 with a mandatory member who is disqualified for wrongfully obtaining public assistance
85.9 under section 256.98, subdivision 8, counts toward the time limit for the disqualified
85.10 member. The 60-month limit applies to a minor caregiver except under subdivision 5. The
85.11 60-month time period does not need to be consecutive months for this provision to apply.

85.12 (b) The months before July 1998 in which individuals received assistance as part of
85.13 the field trials as an MFIP, MFIP-R, or MFIP or MFIP-R comparison group family are
85.14 not included in the 60-month time limit.

85.15 **EFFECTIVE DATE.** This section is effective October 1, 2007.

85.16 Sec. 35. Minnesota Statutes 2006, section 256J.46, is amended by adding a subdivision
85.17 to read:

85.18 **Subd. 3. Restrictions on sanctions.** A participant shall not be sanctioned for
85.19 failure to meet the agreed upon hours in a participant's employment plan under section
85.20 256J.521, subdivision 2, when the participant fails to meet the agreed upon hours of
85.21 participation in paid employment because the participant is not eligible for holiday pay
85.22 and the participant's place of employment is closed for a holiday.

85.23 Sec. 36. Minnesota Statutes 2006, section 256J.49, subdivision 13, is amended to read:

85.24 Subd. 13. **Work activity.** "Work activity" means any activity in a participant's
85.25 approved employment plan that leads to employment. For purposes of the MFIP program,
85.26 this includes activities that meet the definition of work activity under the participation
85.27 requirements of TANF. Work activity includes:

85.28 (1) unsubsidized employment, including work study and paid apprenticeships or
85.29 internships;

(3) unpaid work experience, including community service, volunteer work, the community work experience program as specified in section 256J.67, unpaid apprenticeships or internships, and supported work when a wage subsidy is not provided. The participant may terminate the unpaid work arrangement, in writing, at any time;

(4) job search including job readiness assistance, job clubs, job placement, job-related counseling, and job retention services;

Sec. 37. Minnesota Statutes 2006, section 256J.521, subdivision 1, is amended to read:

Subdivision 1. **Assessments.** (a) For purposes of MFIP employment services, assessment is a continuing process of gathering information related to employability for the purpose of identifying both participant's strengths and strategies for coping with issues that interfere with employment. The job counselor must use information from the assessment process to develop and update the employment plan under subdivision 2 or 3, as appropriate, ~~and to determine whether the participant qualifies for a family violence waiver including an employment plan under subdivision 3,~~ and to determine whether the participant should be referred to the family stabilization services program under section 256J.575.

(b) The scope of assessment must cover at least the following areas:

87.1 (1) basic information about the participant's ability to obtain and retain employment,
87.2 including: a review of the participant's education level; interests, skills, and abilities; prior
87.3 employment or work experience; transferable work skills; child care and transportation
87.4 needs;

87.5 (2) identification of personal and family circumstances that impact the participant's
87.6 ability to obtain and retain employment, including: any special needs of the children, the
87.7 level of English proficiency, family violence issues, and any involvement with social
87.8 services or the legal system;

87.9 (3) the results of a mental and chemical health screening tool designed by the
87.10 commissioner and results of the brief screening tool for special learning needs. Screening
87.11 tools for mental and chemical health and special learning needs must be approved by the
87.12 commissioner and may only be administered by job counselors or county staff trained in
87.13 using such screening tools. The commissioner shall work with county agencies to develop
87.14 protocols for referrals and follow-up actions after screens are administered to participants,
87.15 including guidance on how employment plans may be modified based upon outcomes
87.16 of certain screens. Participants must be told of the purpose of the screens and how the
87.17 information will be used to assist the participant in identifying and overcoming barriers to
87.18 employment. Screening for mental and chemical health and special learning needs must
87.19 be completed by participants who are unable to find suitable employment after six weeks
87.20 of job search under subdivision 2, paragraph (b), and participants who are determined to
87.21 have barriers to employment under subdivision 2, paragraph (d). Failure to complete the
87.22 screens will result in sanction under section 256J.46; and

87.23 (4) a comprehensive review of participation and progress for participants who have
87.24 received MFIP assistance and have not worked in unsubsidized employment during the
87.25 past 12 months. The purpose of the review is to determine the need for additional services
87.26 and supports, including placement in subsidized employment or unpaid work experience
87.27 under section 256J.49, subdivision 13, or referral to the family stabilization services
87.28 program under section 256J.575.

87.29 (c) Information gathered during a caregiver's participation in the diversionary work
87.30 program under section 256J.95 must be incorporated into the assessment process.

87.31 (d) The job counselor may require the participant to complete a professional chemical
87.32 use assessment to be performed according to the rules adopted under section 254A.03,
87.33 subdivision 3, including provisions in the administrative rules which recognize the cultural
87.34 background of the participant, or a professional psychological assessment as a component
87.35 of the assessment process, when the job counselor has a reasonable belief, based on
87.36 objective evidence, that a participant's ability to obtain and retain suitable employment

is impaired by a medical condition. The job counselor may assist the participant with arranging services, including child care assistance and transportation, necessary to meet needs identified by the assessment. Data gathered as part of a professional assessment must be classified and disclosed according to the provisions in section 13.46.

Sec. 38. Minnesota Statutes 2006, section 256J.521, subdivision 2, is amended to read:

Subd. 2. Employment plan; contents. (a) Based on the assessment under subdivision 1, the job counselor and the participant must develop an employment plan that includes participation in activities and hours that meet the requirements of section 256J.55, subdivision 1. The purpose of the employment plan is to identify for each participant the most direct path to unsubsidized employment and any subsequent steps that support long-term economic stability. The employment plan should be developed using the highest level of activity appropriate for the participant. Activities must be chosen from clauses (1) to (6), which are listed in order of preference. Notwithstanding this order of preference for activities, priority must be given for activities related to a family violence waiver when developing the employment plan. The employment plan must also list the specific steps the participant will take to obtain employment, including steps necessary for the participant to progress from one level of activity to another, and a timetable for completion of each step. Levels of activity include:

- (1) unsubsidized employment;
- (2) job search;
- (3) subsidized employment or unpaid work experience;
- (4) unsubsidized employment and job readiness education or job skills training;
- (5) unsubsidized employment or unpaid work experience and activities related to a family violence waiver or preemployment needs; and
- (6) activities related to a family violence waiver or preemployment needs.

(b) Participants who are determined to possess sufficient skills such that the participant is likely to succeed in obtaining unsubsidized employment must job search at least 30 hours per week for up to six weeks and accept any offer of suitable employment. The remaining hours necessary to meet the requirements of section 256J.55, subdivision 1, may be met through participation in other work activities under section 256J.49, subdivision 13. The participant's employment plan must specify, at a minimum: (1) whether the job search is supervised or unsupervised; (2) support services that will be provided; and (3) how frequently the participant must report to the job counselor. Participants who are unable to find suitable employment after six weeks must meet with the job counselor to determine whether other activities in paragraph (a) should be

89.1 incorporated into the employment plan. Job search activities which are continued after six
89.2 weeks must be structured and supervised.

89.3 (c) Beginning July 1, 2004, activities and hourly requirements in the employment
89.4 plan may be adjusted as necessary to accommodate the personal and family circumstances
89.5 of participants identified under section 256J.561, subdivision 2, paragraph (d). Participants
89.6 who no longer meet the provisions of section 256J.561, subdivision 2, paragraph (d),
89.7 must meet with the job counselor within ten days of the determination to revise the
89.8 employment plan.

89.9 (d) Participants who are determined to have barriers to obtaining or retaining
89.10 employment that will not be overcome during six weeks of job search under paragraph (b)
89.11 must work with the job counselor to develop an employment plan that addresses those
89.12 barriers by incorporating appropriate activities from paragraph (a), clauses (1) to (6).
89.13 The employment plan must include enough hours to meet the participation requirements
89.14 in section 256J.55, subdivision 1, unless a compelling reason to require fewer hours
89.15 is noted in the participant's file.

89.16 (e) The job counselor and the participant must sign the employment plan to indicate
89.17 agreement on the contents.

89.18 (f) Except as provided under paragraph (g), failure to develop or comply with
89.19 activities in the plan, or voluntarily quitting suitable employment without good cause,
89.20 will result in the imposition of a sanction under section 256J.46. The job counselor
89.21 is encouraged to allow participants who are participating in at least 20 hours of work
89.22 activities to also participate in employment and training activities in order to meet the
89.23 federal hourly participation rates.

89.24 (g) When a participant fails to meet the agreed upon hours of participation in paid
89.25 employment because the participant is not eligible for holiday pay and the participant's
89.26 place of employment is closed for a holiday, the job counselor shall not impose a sanction
89.27 or increase the hours of participation in any other activity, including paid employment, to
89.28 offset the hours that were missed due to the holiday.

89.29 ~~(f)~~ (h) Except as provided under paragraph (g), employment plans must be reviewed
89.30 at least every three months to determine whether activities and hourly requirements should
89.31 be revised. The job counselor is encouraged to allow participants who are participating in
89.32 at least 20 hours of work activities to also participate in education and training activities in
89.33 order to meet the federal hourly participations rates.

89.34 Sec. 39. Minnesota Statutes 2006, section 256J.53, subdivision 2, is amended to read:

90.1 Subd. 2. **Approval of postsecondary education or training.** (a) In order for a
90.2 postsecondary education or training program to be an approved activity in an employment
90.3 plan, ~~the participant must be working in unsubsidized employment at least 20 hours per~~
90.4 ~~week.~~ plan must include additional work activities if the education and training activities
90.5 do not meet the minimum hours required to meet the federal work participation rate under
90.6 Code of Federal Regulations, title 45, sections 261.31 and 261.35.

90.7 (b) Participants seeking approval of a postsecondary education or training plan
90.8 must provide documentation that:

90.9 (1) the employment goal can only be met with the additional education or training;

90.10 (2) there are suitable employment opportunities that require the specific education or
90.11 training in the area in which the participant resides or is willing to reside;

90.12 (3) the education or training will result in significantly higher wages for the
90.13 participant than the participant could earn without the education or training;

90.14 (4) the participant can meet the requirements for admission into the program; and

90.15 (5) there is a reasonable expectation that the participant will complete the training
90.16 program based on such factors as the participant's MFIP assessment, previous education,
90.17 training, and work history; current motivation; and changes in previous circumstances.

90.18 ~~(c) The hourly unsubsidized employment requirement does not apply for intensive~~
90.19 ~~education or training programs lasting 12 weeks or less when full-time attendance is~~
90.20 ~~required.~~

90.21 ~~(d) Participants with an approved employment plan in place on July 1, 2003, which~~
90.22 ~~includes more than 12 months of postsecondary education or training shall be allowed to~~
90.23 ~~complete that plan provided that hourly requirements in section 256J.55, subdivision 1,~~
90.24 ~~and conditions specified in paragraph (b), and subdivisions 3 and 5 are met. A participant~~
90.25 ~~whose case is subsequently closed for three months or less for reasons other than~~
90.26 ~~noncompliance with program requirements and who returns to MFIP shall be allowed to~~
90.27 ~~complete that plan provided that hourly requirements in section 256J.55, subdivision 1,~~
90.28 ~~and conditions specified in paragraph (b) and subdivisions 3 and 5 are met.~~

95.5 county shall work with the participant to provide the identified activity.

95.6 (d) If the participant fails to come to the face-to-face meeting, the case manager or a
95.7 designee shall attempt at least one home visit. If a face-to-face meeting is not conducted,
95.8 the county agency shall send the participant a written notice that includes the information
95.9 under paragraph (c).

95.19 state program. These expenditures shall not count toward the state's maintenance of effort
95.20 requirements under the federal TANF program.

95.21 (b) A family is no longer part of a separately funded program under this section if
95.22 the caregiver no longer meets the criteria for family stabilization services in subdivision

95.24 participation rate, whichever occurs sooner.

95.26 (a) Upon exiting the diversionary work program (DWP) or upon terminating
95.27 MFIP cash assistance with earnings, a participant who is employed may be eligible for
95.28 transitional assistance of \$100 per month to assist in meeting the family's basic needs as
95.29 the participant continues to move toward self-sufficiency.

95.30 (b) To be eligible for a transitional assistance payment, the participant shall not

(4) The child is five years of age or older.

(c) When a child's eligibility for adoption assistance is based upon the high risk of developing physical, mental, emotional, or behavioral disabilities, payments shall not be made under the adoption assistance agreement unless and until the potential disability manifests itself as documented by an appropriate health care professional.

109.21 **CHILDHOOD AND SCHOOL-AGE PROFESSIONAL DEVELOPMENT**
109.22 **TRAINING.**

109.23 Subdivision 1. Development and implementation of an early childhood and
109.24 school-age professional development system. (a) The commissioner of human services,
109.25 in cooperation with the commissioners of education and health, shall develop and phase-in
109.26 the implementation of a professional development system for practitioners serving
109.27 children in early childhood and school-age programs. The system shall provide training
109.28 options and supports for practitioners to voluntarily choose, as they complete or exceed
109.29 existing licensing requirements.

109.30 The system must, at a minimum, include the following features:

109.31 (1) a continuum of training content based on the early childhood and school-age
109.32 care practitioner core competencies that translates knowledge into improved practice to
109.33 support children's school success;

110.1 (2) training strategies that provide direct feedback about practice to practitioners
110.2 through ongoing consultation, mentoring, or coaching with special emphasis on early
110.3 literacy and early mathematics;

110.4 (3) an approval process for trainers;

110.5 (4) a professional development registry for early childhood and school-age care
110.6 practitioners that will provide tracking and recognition of practitioner training/career
110.7 development progress;

110.8 (5) a career lattice that includes a range of professional development and educational
110.9 opportunities that provide appropriate coursework and degree pathways;

110.10 (6) development of a plan with public higher education institutions for an articulated
110.11 system of education, training, and professional development that includes credit for prior
110.12 learning and development of equivalences to two- and four-year degrees;

110.15 career guidance; and

110.16 (8) coordinated and accessible delivery of training to early childhood and school-age
110.17 care practitioners.

110.18 (b) By January 1, 2008, the commissioner, in consultation with the organizations
110.19 named in subdivision 2 shall develop additional opportunities in order to qualify more
110.20 licensed family child care providers under section 119B.13, subdivision 3a.

110.21 (c) The commissioner of human services must evaluate the professional development
110.22 system and make continuous improvements.

110.23 (d) Beginning July 1, 2007, as appropriations permit, the commissioner shall
110.24 phase-in the professional development system.

110.25 Subd. 2. **Two-hour early childhood training.** By January 15, 2008, the
110.26 commissioner of human services, with input from the Minnesota Licensed Family Child
110.27 Care Association and the Minnesota Professional Development Council, shall identify
110.28 trainings that qualify for the two-hour early childhood development training requirement
110.29 for new child care practitioners under Minnesota Statutes, section 245A.14, subdivision
110.30 9a, paragraphs (a) and (b). For licensed family child care, the commissioner shall also
110.31 seek the input of labor unions that serve licensed family child care providers, if the union
110.32 has been recognized by a county to serve licensed family child care providers.

110.33 Sec. 61. **SCHOOL READINESS SERVICE AGREEMENTS.**

110.34 Subdivision 1. **Overview.** (a) Effective July 1, 2007, funds must be made available
110.35 to allow the commissioner to pay higher rates to up to 50 child care providers who are

111.1 deemed by the commissioner to meet the requirements of a school readiness service
111.2 agreement (SRSA) provider and perform services that support school readiness for
111.3 children and economic stability for parents. The commissioner shall annually earmark
111.4 a proportionate amount of the funds under this section for family child care providers
111.5 meeting the requirements under subdivision 2. If, after a reasonable amount of time
111.6 to allow family child care providers to enter into agreements under this section, the
111.7 earmarked funds have not been disbursed, the commissioner may make the funds available
111.8 to other eligible providers.

111.9 (b) A provider may be paid a rate above that currently allowed under Minnesota
111.10 Statutes, section 119B.13, if:

111.11 (1) the provider has entered into an SRSA with the commissioner;

111.12 (2) a family using that provider receives child care assistance under any provision in
111.13 Minnesota Statutes, chapter 119B, except Minnesota Statutes, section 119B.035;

111.14 (3) the family using that provider meets the criteria in this section; and

111.15 (4) funding is available under this section.

111.16 Subd. 2. **Provider eligibility.** (a) To be considered for an SRSA, a provider shall
111.17 apply to the commissioner. To be eligible to apply for an SRSA, a provider shall:

111.18 (1) be eligible for child care assistance payments under Minnesota Statutes, chapter
111.19 119B;

111.20 (2) have at least 25 percent of the children enrolled with the provider subsidized
111.21 through the child care assistance program;

111.22 (3) provide full-time, full-year child care services; and

111.23 (4) serve at least one child who is subsidized through the child care assistance
111.24 program and who is expected to enter kindergarten within the following 30 months.

111.25 (b) The commissioner may waive the 25 percent requirement in paragraph (a), clause
111.26 (2), if necessary to achieve geographic distribution of SRSA providers and diversity of
111.27 types of care provided by SRSA providers.

111.28 (c) An eligible provider who would like to enter into an SRSA with the commissioner
111.29 shall submit an SRSA application. To determine whether to enter into an SRSA with a
111.30 provider, the commissioner shall evaluate the following factors:

111.31 (1) the qualifications of the provider and the provider's staff;

111.32 (2) the provider's staff-child ratios;

111.33 (3) the provider's curriculum;

111.34 (4) the provider's current or planned parent education activities;

111.35 (5) the provider's current or planned social service and employment linkages;

111.36 (6) the provider's child development assessment plan;

112.1 (7) the geographic distribution needed for SRSA providers;

112.2 (8) the inclusion of a variety of child care delivery models; and

112.3 (9) other related factors determined by the commissioner.

112.4 Subd. 3. **Family and child eligibility.** (a) A family eligible to choose an SRSA
112.5 provider for their children shall:

112.6 (1) be eligible to receive child care assistance under any provision in Minnesota
112.7 Statutes, chapter 119B, except Minnesota Statutes, section 119B.035;

112.8 (2) be in an authorized activity for an average of at least 35 hours per week when
112.9 initial eligibility is determined; and

112.10 (3) include a child who has not yet entered kindergarten.

112.11 (b) A family who is determined to be eligible to choose an SRSA provider remains
112.12 eligible to be paid at a higher rate through the SRSA provider when the following
112.13 conditions exist:

112.14 (1) the child attends child care with the SRSA provider a minimum of 25 hours per
112.15 week, on average;

112.16 (2) the family has a child who has not yet entered kindergarten; and

112.17 (3) the family maintains eligibility under Minnesota Statutes, chapter 119B, except
112.18 Minnesota Statutes, section 119B.035.

112.19 (c) For the 12 months after initial eligibility has been determined, a decrease in
112.20 the family's authorized activities to an average of less than 35 hours per week does not
112.21 result in ineligibility for the SRSA rate.

112.22 (d) A family that moves between counties but continues to use the same SRSA
112.23 provider shall continue to receive SRSA funding for the increased payments.

112.24 Subd. 4. **Requirements of providers.** An SRSA must include assessment,
112.25 evaluation, and reporting requirements that promote the goals of improved school
112.26 readiness and movement toward appropriate child development milestones. A provider
112.27 who enters into an SRSA shall comply with the assessment, evaluation, and reporting
112.28 requirements in the SRSA.

112.29 Subd. 5. **Relationship to current law.** (a) The following provisions in Minnesota
112.30 Statutes, chapter 119B, must be waived or modified for families receiving services under
112.31 this section.

112.32 (b) Notwithstanding Minnesota Statutes, section 119B.13, subdivisions 1 and 1a,
112.33 maximum weekly rates under this section are 125 percent of the existing maximum
112.34 weekly rate for like-care. Providers eligible for a differential rate under Minnesota
112.35 Statutes, section 119B.13, subdivision 3a, remain eligible for the differential above the
112.36 rate identified in this section. Only care for children who have not yet entered kindergarten

113.1 may be paid at the maximum rate under this section. The provider's charge for service
113.2 provided through an SRSA may not exceed the rate that the provider charges a private-pay
113.3 family for like-care arrangements.

113.4 (c) A family or child care provider may not be assessed an overpayment for care
113.5 provided through an SRSA unless:

113.6 (1) there was an error in the amount of care authorized for the family; or

113.7 (2) the family or provider did not timely report a change as required under the law.

113.8 (d) Care provided through an SRSA is authorized on a weekly basis.

113.9 (e) Funds appropriated under this section to serve families eligible under Minnesota
113.10 Statutes, section 119B.03, are not allocated through the basic sliding fee formula under
113.11 Minnesota Statutes, section 119B.03. Funds appropriated under this section are used to
113.12 offset increased costs when payments are made under SRSA's.

113.13 (f) Notwithstanding Minnesota Statutes, section 119B.09, subdivision 6, the
113.14 maximum amount of child care assistance that may be authorized for a child receiving
113.15 care through an SRSA in a two-week period is 160 hours per child.

113.16 Subd. 6. **Establishment of service agreements.** (a) The commissioner shall
113.17 approve SRSA's for up to 50 providers that represent diverse parts of the state and a
113.18 variety of child care delivery models. Entering into a service agreement does not guarantee
113.19 that a provider will receive payment at a higher rate for families receiving child care
113.20 assistance. A family eligible under this section shall choose a provider participating in an
113.21 SRSA in order for a higher rate to be paid. Payments through SRSA's are also limited by
113.22 the availability of SRSA funds.

113.23 (b) Nothing in this section shall be construed to limit parent choice as defined in
113.24 Minnesota Statutes, section 119B.09, subdivision 5.

113.25 (c) The commissioner may allow for startup time for some providers if failing to
113.26 do so would limit geographic diversity of SRSA providers or a variety of child care
113.27 delivery models.

113.28 **Sec. 62. FAMILY, FRIEND, AND NEIGHBOR GRANT PROGRAM.**

113.29 Subdivision 1. **Establishment.** A family, friend, and neighbor (FFN) grant program
113.30 is established to promote children's early literacy, healthy development, and school
113.31 readiness, and to foster community partnerships to promote children's school readiness.
113.32 The commissioner shall attempt to ensure that grants are made in all areas of the state. The
113.33 commissioner of human services shall make grants available to fund: community-based
113.34 organizations, nonprofit organizations, and Indian tribes working with FFN caregivers

114.1 under subdivision 2, paragraph (a); and community-based partnerships to implement early
114.2 literacy programs under subdivision 2, paragraph (b).

114.3 Subd. 2. **Program components.** (a)(1) Grants that the commissioner awards under
114.4 this section must be used by community-based organizations, nonprofit organizations, and
114.5 Indian tribes working with FFN caregivers in local communities, cultural communities,
114.6 and Indian tribes to:

114.7 (i) provide training, support, and resources to FFN caregivers in order to improve
114.8 and promote children's health, safety, nutrition, and school readiness;

114.9 (ii) connect FFN caregivers and children's families with appropriate community
114.10 resources that support the families' health, mental health, economic, and developmental
114.11 needs;

114.12 (iii) connect FFN caregivers and children's families to early childhood screening
114.13 programs and facilitate referrals where appropriate;

114.14 (iv) provide FFN caregivers and children's families with information about early
114.15 learning guidelines from the Departments of Human Services and Education;

114.16 (v) provide FFN caregivers and children's families with information about becoming
114.17 a licensed family child care provider; and

114.18 (vi) provide FFN caregivers and children's families with information about early
114.19 learning allowances and enrollment opportunities in high quality community-based
114.20 child-care and preschool programs.

114.21 (2) Grants that the commissioner awards under this paragraph also may be used for:

114.22 (i) health and safety and early learning kits for FFN caregivers;

114.23 (ii) play-and-learn groups with FFN caregivers;

114.24 (iii) culturally appropriate early childhood training for FFN caregivers;

114.25 (iv) transportation for FFN caregivers and children's families to school readiness and
114.26 other early childhood training activities;

114.27 (v) other activities that promote school readiness;

114.28 (vi) data collection and evaluation;

114.29 (vii) staff outreach and outreach activities;

114.30 (viii) translation needs; or

114.31 (ix) administrative costs that equal up to 12 percent of the recipient's grant award.

114.32 (b) Grants that the commissioner awards under this section also must be used to fund
114.33 partnerships among Minnesota public and regional library systems, community-based
114.34 organizations, nonprofit organizations, and Indian tribes to implement early literacy
114.35 programs in low-income communities, including tribal communities, to:

115.1 (1) purchase and equip early childhood read-mobiles that provide FFN caregivers
115.2 and children's families with books, training, and early literacy activities;

115.3 (2) provide FFN caregivers and children's families with translations of early
115.4 childhood books, training, and early literacy activities in native languages; or

115.5 (3) provide FFN caregivers and children's families with early literacy activities in
115.6 local libraries.

115.7 Subd. 3. **Grant awards.** Interested entities eligible to receive a grant under
115.8 this section may apply to the commissioner in the form and manner the commissioner
115.9 determines. The commissioner shall awards grants to eligible entities consistent with
115.10 the requirements of this section.

115.11 Subd. 4. **Evaluation.** The commissioner, in consultation with early childhood
115.12 care and education experts at the University of Minnesota, must evaluate the impact of
115.13 the grants under subdivision 2 on children's school readiness and submit a written report
115.14 to the human services and education finance and policy committees of the legislature by
115.15 February 15, 2010.

115.16 **EFFECTIVE DATE.** This section is effective the day following final enactment.

115.17 Sec. 63. **CHILD CARE PROVIDER STUDY.**

115.18 If sufficient resources to support the costs are provided by one or more governmental
115.19 entities, the commissioner of human services is directed to study the implications of
115.20 restricting the use of state subsidies in center-based child care to centers meeting state
115.21 quality standards under Minnesota Statutes, section 124D.175, paragraph (c), and to
115.22 publish the results no later than January 1, 2010. The study must include:

115.23 (1) the likelihood of there being sufficient child care providers meeting the standards;

115.24 (2) the cost to bring providers up to the standards and how this cost would be funded;

115.25 (3) how the standards and the ratings would be communicated to both parents and
115.26 the general public; and

115.27 (4) a determination whether a similar system could be implemented for
115.28 non-center-based care.

115.29 Sec. 64. **DIRECTION TO COMMISSIONER.**

115.30 (a) The commissioner of human services shall offer a request for proposals to
115.31 identify a research and evaluation firm with experience working with:

115.32 (1) homeless youth providers;

115.33 (2) data; and

115.34 (3) the topics of housing, homelessness, and a continuum of care for youth.

(b) If a child is to be placed in the home of a relative not licensed to provide foster care, either the placing agency or the county agency in the county in which the relative lives shall conduct the emergency ~~licensing~~ placement process as required in this section.

Subd. 3. **Requirements for emergency license placement.** Before an emergency license placement may be ~~issued~~ made, the following requirements must be met:

(1) the county agency must conduct an initial inspection of the premises where the ~~foster care~~ placement is to be ~~provided~~ made to ensure the health and safety of any child placed in the home. The county agency shall conduct the inspection using a form developed by the commissioner;

(2) at the time of the inspection or placement, whichever is earlier, the county agency must provide the relative being considered for an emergency ~~license~~ shall receive placement an application form for a child foster care license;

(c) In the case of a licensed foster parent seeking to adopt a child who is in the foster parent's care, any portions of the foster care licensing process that duplicate requirements of the home study may be submitted in satisfaction of the relevant requirements of this section.

Subd. 2. **Form of study.** (a) The adoption study must include at least one in-home visit with the prospective adoptive parent. At a minimum, the study must ~~include~~ document the following information about the prospective adoptive parent:

(1) a background ~~check~~ study as required by subdivision 3 and section 245C.33, ~~and~~ including:

(i) ~~an evaluation~~ assessment of the data and information provided by section 245C.33, subdivision 4, to determine if the prospective adoptive parent and any other person over the age of 13 living in the home has a felony conviction consistent with subdivision 3 and section 471(a)(2) of the Social Security Act; and

(b) The adoption study is the basis for completion of a written report. The report must be in a format specified by the commissioner and must contain recommendations regarding the suitability of the subject of the study to be an adoptive parent.

Subd. 3. **Background check; affidavit of history study.** (a) At the time an adoption study is commenced, each prospective adoptive parent must:

(1) authorize access by the agency to any private data needed to complete the study;

The required background study must be completed as part of the home study.

~~Notwithstanding the provisions of section 260B.171 or 260C.171, the Bureau of Criminal Apprehension, local law enforcement and social services agencies, district courts, and juvenile courts shall release the requested information to the agency completing the adoption study.~~

~~(c) When paragraph (b) requires checking the data or records of local law enforcement and social services agencies and district and juvenile courts, the agency shall check with the law enforcement and social services agencies and courts whose jurisdictions cover the addresses under paragraph (a), clause (2). In the event that the agency is unable to complete any of the record checks required by paragraph (b), the agency shall document the fact and the agency's efforts to obtain the information.~~

~~(d) For a study completed under this section, when the agency has reasonable cause to believe that further information may exist on the prospective adoptive parent or household member over the age of 13 that may relate to the health, safety, or welfare of the child, the prospective adoptive parent or household member over the age of 13 shall provide the agency with a set of classifiable fingerprints obtained from an authorized law enforcement agency and the agency may obtain criminal history data from the National~~

134.1 Criminal Records Repository by submitting fingerprints to the Bureau of Criminal
134.2 Apprehension. The agency has reasonable cause when, but not limited to, the:

134.3 (1) information from the Bureau of Criminal Apprehension indicates that the
134.4 prospective adoptive parent or household member over the age of 13 is a multistate
134.5 offender;

134.6 (2) information from the Bureau of Criminal Apprehension indicates that multistate
134.7 offender status is undetermined;

134.8 (3) the agency has received a report from the prospective adoptive parent or
134.9 household member over the age of 13 or a third party indicating that the prospective
134.10 adoptive parent or household member over the age of 13 has a criminal history in a
134.11 jurisdiction other than Minnesota; or

134.12 (4) the prospective adoptive parent or household member over the age of 13 is or has
134.13 been a resident of a state other than Minnesota in the prior five years.

134.14 (e) At any time prior to completion of the background check required under
134.15 paragraph (b), a prospective adoptive parent may submit to the agency conducting the
134.16 study a sworn affidavit stating whether they or any person residing in the household have
134.17 been convicted of a crime. The affidavit shall also state whether the adoptive parent or any
134.18 other person residing in the household is the subject of an open investigation of, or have
134.19 been the subject of a substantiated allegation of, child or vulnerable adult maltreatment
134.20 within the past ten years. A complete description of the crime, open investigation, or
134.21 substantiated abuse, and a complete description of any sentence, treatment, or disposition
134.22 must be included. The affidavit must contain an acknowledgment that if, at any time
134.23 before the adoption is final, a court receives evidence leading to a conclusion that a
134.24 prospective adoptive parent knowingly gave false information in the affidavit, it shall be
134.25 determined that the adoption of the child by the prospective adoptive parent is not in the
134.26 best interests of the child.

134.27 (f) For the purposes of subdivision 1 and section 259.47, subdivisions 3 and 6, an
134.28 adoption study is complete for placement, even though the background checks required by
134.29 paragraph (b) have not been completed, if each prospective adoptive parent has completed
134.30 the affidavit allowed by paragraph (e) and the other requirements of this section have been
134.31 met. The background checks required by paragraph (b) must be completed before an
134.32 adoption petition is filed. If an adoption study has been submitted to the court under section
134.33 259.47, subdivision 3 or 6, before the background checks required by paragraph (b) were
134.34 complete, an updated adoption study report which includes the results of the background
134.35 check must be filed with the adoption petition. In the event that an agency is unable to

135.1 ~~complete any of the records checks required by paragraph (b), the agency shall submit with~~
135.2 ~~the petition to adopt an affidavit documenting the agency's efforts to complete the checks.~~

135.3 (c) A home study under paragraph (b) used to consider placement of any child
135.4 on whose behalf Title IV-E adoption assistance payments are to be made must not be
135.5 approved if a background study reveals a felony conviction at any time for:

135.6 (1) child abuse or neglect;
135.7 (2) spousal abuse;
135.8 (3) a crime against children, including child pornography; or
135.9 (4) a crime involving violence, including rape, sexual assault, or homicide, but not
135.10 including other physical assault or battery.

135.11 (d) A home study under paragraph (b) used to consider placement of any child
135.12 on whose behalf Title IV-E adoption assistance payments are to be made must not be
135.13 approved if a background study reveals a felony conviction within the past five years for:

135.14 (1) physical assault or battery; or
135.15 (2) a drug-related offense.

135.16 Subd. 4. **Updates to adoption study; period of validity.** An agency may update
135.17 an adoption study and report as needed, regardless of when the original study and report
135.18 or most recent update was completed. An update must be in a format specified by the
135.19 commissioner and must verify the continuing accuracy of the elements of the original
135.20 report and document any changes to elements of the original report. An update to a study
135.21 and report not originally completed under this section must ensure that the study and
135.22 report, as updated, meet the requirements of this section. An adoption study is valid if the
135.23 report has been completed or updated within the previous 12 months.

135.24 Sec. 27. Minnesota Statutes 2006, section 259.53, subdivision 2, is amended to read:

135.25 Subd. 2. **Adoption agencies; postplacement assessment and report.** (a) The
135.26 agency to which the petition has been referred under subdivision 1 shall conduct a
135.27 postplacement assessment and file a report with the court within 90 days of receipt
135.28 of a copy of the adoption petition. The agency shall send a copy of the report to the
135.29 commissioner at the time it files the report with the court. The assessment and report
135.30 must evaluate the environment and antecedents of the child to be adopted, the home of
135.31 the petitioners, whether placement with the petitioners meets the needs of the child as
135.32 described in section 259.57, subdivision 2. The report must include a recommendation to
135.33 the court as to whether the petition should or should not be granted.

135.34 In making evaluations and recommendations, the postplacement assessment and
135.35 report must, at a minimum, address the following:

136.1 (1) the level of adaptation by the prospective adoptive parents to parenting the child;
136.2 (2) the health and well-being of the child in the prospective adoptive parents' home;
136.3 (3) the level of incorporation by the child into the prospective adoptive parents'
136.4 home, extended family, and community; and

136.5 (4) the level of inclusion of the child's previous history into the prospective adoptive
136.6 home, such as cultural or ethnic practices, or contact with former foster parents or
136.7 biological relatives.

136.8 (b) A postplacement adoption report is valid for 12 months following its date
136.9 of completion.

136.10 ~~(c) If the petitioner is an individual who is related to the child, as defined by section~~
136.11 ~~245A.02, subdivision 13, the agency, as part of its postplacement assessment and report~~
136.12 ~~under paragraph (a), shall conduct a background check meeting the requirements of~~
136.13 ~~section 259.41, subdivision 3, paragraph (b). The prospective adoptive parent shall~~
136.14 ~~cooperate in the completion of the background check by supplying the information and~~
136.15 ~~authorizations described in section 259.41, subdivision 3, paragraph (a).~~

136.16 ~~(d)~~ (c) If the report recommends that the court not grant the petition to adopt the
136.17 child, the provisions of this paragraph apply. Unless the assessment and report were
136.18 completed by the local social services agency, the agency completing the report, at the
136.19 time it files the report with the court under paragraph (a), must provide a copy of the report
136.20 to the local social services agency in the county where the prospective adoptive parent
136.21 lives. The agency or local social services agency may recommend that the court dismiss
136.22 the petition. If the local social services agency determines that continued placement in the
136.23 home endangers the child's physical or emotional health, the agency shall seek a court
136.24 order to remove the child from the home.

136.25 ~~(e)~~ (d) If, through no fault of the petitioner, the agency to whom the petition was
136.26 referred under subdivision 1, paragraph (b), fails to complete the assessment and file the
136.27 report within 90 days of the date it received a copy of the adoption petition, the court may
136.28 hear the petition upon giving the agency and the local social services agency, if different,
136.29 five days' notice by mail of the time and place of the hearing.

136.30 Sec. 28. Minnesota Statutes 2006, section 259.57, subdivision 2, is amended to read:

136.31 Subd. 2. **Protection of child's best interests.** (a) The policy of the state of
136.32 Minnesota is to ensure that the best interests of children are met by requiring an
136.33 individualized determination of the needs of the child and how the adoptive placement
136.34 will serve the needs of the child.

137.1 (b) Among the factors the court shall consider in determining the needs of the child
137.2 are those specified under section 260C.193, subdivision 3, paragraph (b). Consistent with
137.3 section 245C.33 and Public Law 109-248, a complete background study is required before
137.4 the approval of an adoptive placement in a home.

137.5 (c) In reviewing adoptive placement and in determining appropriate adoption,
137.6 the court shall consider placement, consistent with the child's best interests and in the
137.7 following order, with (1) a relative or relatives of the child, or (2) an important friend with
137.8 whom the child has resided or had significant contact. Placement of a child cannot be
137.9 delayed or denied based on race, color, or national origin of the adoptive parent or the
137.10 child. Whenever possible, siblings should be placed together unless it is determined
137.11 not to be in the best interests of a sibling.

137.12 (d) If the child's birth parent or parents explicitly request that relatives and important
137.13 friends not be considered, the court shall honor that request consistent with the best
137.14 interests of the child.

137.15 If the child's birth parent or parents express a preference for placing the child in an
137.16 adoptive home of the same or a similar religious background to that of the birth parent
137.17 or parents, the court shall place the child with a family that also meets the birth parent's
137.18 religious preference. Only if no family is available as described in clause (a) or (b)
137.19 may the court give preference to a family described in clause (c) that meets the parent's
137.20 religious preference.

137.21 (e) This subdivision does not affect the Indian Child Welfare Act, United States

148.21 (d) Each district shall designate an enrollment specialist to provide application
148.22 assistance and follow-up services with families who are eligible for the reduced or free
148.23 lunch program or who have indicated an interest in receiving information or an application
148.24 for the Minnesota health care program.

148.25 (e) Each school district shall provide on their Web site a link to information on how
148.26 to obtain an application and application assistance.

148.27 Subd. 7. **Renewal notice.** (a) Beginning December 1, 2007, the commissioner shall
148.28 mail a renewal notice to enrollees notifying the enrollees that the enrollees eligibility must
148.29 be renewed. A notice shall be sent at least 90 days prior to the renewal date and at least
148.30 60 days prior to the renewal date.

148.31 (b) For enrollees who are receiving services through managed care plans, the
148.32 managed care plan must provide a follow-up renewal call at least 60 days prior to the
148.33 enrollees' renewal dates.

148.34 (c) The commissioner shall include the end of coverage dates on the monthly rosters
148.35 of enrollees provided to managed care organizations.

149.1 Subd. 8. **MinnesotaCare small employer buy-in option.** The commissioner shall
149.2 provide information on the small employer buy-in option for MinnesotaCare to insurance
149.3 agents and local chambers of commerce.

149.4 Sec. 3. **[256.963] PRIMARY CARE ACCESS INITIATIVE.**

149.5 Subdivision 1. **Establishment.** (a) The commissioner shall award a grant to
149.6 implement in Hennepin and Ramsey Counties a Web-based primary care access pilot
149.7 project designed as a collaboration between private and public sectors to connect, where
149.8 appropriate, a patient with a primary care medical home, and schedule patients into
149.9 available community-based appointments as an alternative to nonemergency use of the
149.10 hospital emergency room. The grantee must establish a program that diverts patients
149.11 presenting at an emergency room for nonemergency care to more appropriate outpatient
149.12 settings. The program must refer the patient to an appropriate health care professional
149.13 based on the patient's health care needs and situation. The program must provide the
149.14 patient with a scheduled appointment that is timely, with an appropriate provider who is
149.15 conveniently located. If the patient is uninsured and potentially eligible for a Minnesota
149.16 health care program, the program must connect the patient to a primary care provider,
149.17 community clinic, or agency that can assist the patient with the application process. The
149.18 program must also ensure that discharged patients are connected with a community-based
149.19 primary care provider and assist in scheduling any necessary follow-up visits before
149.20 the patient is discharged.

149.21 (b) The program must not require a provider to pay a fee for accepting charity care
149.22 patients or patients enrolled in a Minnesota public health care program.

149.23 Subd. 2. **Evaluation.** (a) The grantee must report to the commissioner on a quarterly
149.24 basis the following information:

149.25 (1) the total number of appointments available for scheduling by specialty;

149.26 (2) the average length of time between scheduling and actual appointment;

149.27 (3) the total number of patients referred and whether the patient was insured or
149.28 uninsured; and

149.29 (4) the total number of appointments resulting in visits completed and number of
149.30 patients continuing services with the referring clinic.

149.31 (b) The commissioner, in consultation with the Minnesota Hospital Association,
149.32 shall conduct an evaluation of the emergency room diversion pilot project and submit the
149.33 results to the legislature by January 15, 2009. The evaluation shall compare the number of
149.34 nonemergency visits and repeat visits to hospital emergency rooms for the period before

150.1 the commencement of the project and one year after the commencement, and an estimate
150.2 of the costs saved from any documented reductions.

150.3 Sec. 4. Minnesota Statutes 2006, section 256.969, subdivision 3a, is amended to read:

150.4 Subd. 3a. **Payments.** (a) Acute care hospital billings under the medical
150.5 assistance program must not be submitted until the recipient is discharged. However,
150.6 the commissioner shall establish monthly interim payments for inpatient hospitals that
150.7 have individual patient lengths of stay over 30 days regardless of diagnostic category.
150.8 Except as provided in section 256.9693, medical assistance reimbursement for treatment
150.9 of mental illness shall be reimbursed based on diagnostic classifications. Individual
150.10 hospital payments established under this section and sections 256.9685, 256.9686, and
150.11 256.9695, in addition to third party and recipient liability, for discharges occurring during
150.12 the rate year shall not exceed, in aggregate, the charges for the medical assistance covered
150.13 inpatient services paid for the same period of time to the hospital. This payment limitation
150.14 shall be calculated separately for medical assistance and general assistance medical
150.15 care services. The limitation on general assistance medical care shall be effective for
150.16 admissions occurring on or after July 1, 1991. Services that have rates established under
150.17 subdivision 11 or 12, must be limited separately from other services. After consulting with
150.18 the affected hospitals, the commissioner may consider related hospitals one entity and
150.19 may merge the payment rates while maintaining separate provider numbers. The operating
150.20 and property base rates per admission or per day shall be derived from the best Medicare
150.21 and claims data available when rates are established. The commissioner shall determine
150.22 the best Medicare and claims data, taking into consideration variables of recency of the
150.23 data, audit disposition, settlement status, and the ability to set rates in a timely manner.
150.24 The commissioner shall notify hospitals of payment rates by December 1 of the year
150.25 preceding the rate year. The rate setting data must reflect the admissions data used to
150.26 establish relative values. Base year changes from 1981 to the base year established for the
150.27 rate year beginning January 1, 1991, and for subsequent rate years, shall not be limited
150.28 to the limits ending June 30, 1987, on the maximum rate of increase under subdivision
150.29 1. The commissioner may adjust base year cost, relative value, and case mix index data
150.30 to exclude the costs of services that have been discontinued by the October 1 of the year
150.31 preceding the rate year or that are paid separately from inpatient services. Inpatient stays
150.32 that encompass portions of two or more rate years shall have payments established based
150.33 on payment rates in effect at the time of admission unless the date of admission preceded
150.34 the rate year in effect by six months or more. In this case, operating payment rates for

151.1 services rendered during the rate year in effect and established based on the date of
151.2 admission shall be adjusted to the rate year in effect by the hospital cost index.

151.3 (b) For fee-for-service admissions occurring on or after July 1, 2002, the total
151.4 payment, before third-party liability and spenddown, made to hospitals for inpatient
151.5 services is reduced by .5 percent from the current statutory rates.

151.6 (c) In addition to the reduction in paragraph (b), the total payment for fee-for-service
151.7 admissions occurring on or after July 1, 2003, made to hospitals for inpatient services
151.8 before third-party liability and spenddown, is reduced five percent from the current
151.9 statutory rates. Mental health services within diagnosis related groups 424 to 432, ~~and~~
151.10 facilities defined under subdivision 16, and, effective for admissions occurring on or after
151.11 July 1, 2007, a long-term hospital as designated by the Medicare program that is located in
151.12 a city of the first class as defined in section 410.01, are excluded from this paragraph.

151.13 (d) In addition to the reduction in paragraphs (b) and (c), the total payment for
151.14 fee-for-service admissions occurring on or after July 1, 2005, made to hospitals for
151.15 inpatient services before third-party liability and spenddown, is reduced 6.0 percent from
151.16 the current statutory rates. Mental health services within diagnosis related groups 424 to
151.17 432 ~~and,~~ facilities defined under subdivision 16, and, effective for admissions occurring
151.18 on or after July 1, 2007, a long-term hospital as designated by the Medicare program
151.19 that is located in a city of the first class as defined in section 410.01, are excluded from
151.20 this paragraph. Notwithstanding section 256.9686, subdivision 7, for purposes of this
151.21 paragraph, medical assistance does not include general assistance medical care. Payments
151.22 made to managed care plans shall be reduced for services provided on or after January
151.23 1, 2006, to reflect this reduction.

151.24 Sec. 5. Minnesota Statutes 2006, section 256.969, subdivision 9, is amended to read:

151.25 Subd. 9. **Disproportionate numbers of low-income patients served.** (a) For
151.26 admissions occurring on or after October 1, 1992, through December 31, 1992, the
151.27 medical assistance disproportionate population adjustment shall comply with federal law
151.28 and shall be paid to a hospital, excluding regional treatment centers and facilities of the
151.29 federal Indian Health Service, with a medical assistance inpatient utilization rate in excess
151.30 of the arithmetic mean. The adjustment must be determined as follows:

151.31 (1) for a hospital with a medical assistance inpatient utilization rate above the
151.32 arithmetic mean for all hospitals excluding regional treatment centers and facilities of the
151.33 federal Indian Health Service but less than or equal to one standard deviation above the
151.34 mean, the adjustment must be determined by multiplying the total of the operating and
151.35 property payment rates by the difference between the hospital's actual medical assistance

152.1 inpatient utilization rate and the arithmetic mean for all hospitals excluding regional
152.2 treatment centers and facilities of the federal Indian Health Service; and

152.3 (2) for a hospital with a medical assistance inpatient utilization rate above one
152.4 standard deviation above the mean, the adjustment must be determined by multiplying
152.5 the adjustment that would be determined under clause (1) for that hospital by 1.1. If
152.6 federal matching funds are not available for all adjustments under this subdivision, the
152.7 commissioner shall reduce payments on a pro rata basis so that all adjustments qualify for
152.8 federal match. The commissioner may establish a separate disproportionate population
152.9 operating payment rate adjustment under the general assistance medical care program.
152.10 For purposes of this subdivision medical assistance does not include general assistance
152.11 medical care. The commissioner shall report annually on the number of hospitals likely to
152.12 receive the adjustment authorized by this paragraph. The commissioner shall specifically
152.13 report on the adjustments received by public hospitals and public hospital corporations
152.14 located in cities of the first class.

152.15 (b) For admissions occurring on or after July 1, 1993, the medical assistance
152.16 disproportionate population adjustment shall comply with federal law and shall be paid to
152.17 a hospital, excluding regional treatment centers and facilities of the federal Indian Health
152.18 Service, with a medical assistance inpatient utilization rate in excess of the arithmetic
152.19 mean. The adjustment must be determined as follows:

152.20 (1) for a hospital with a medical assistance inpatient utilization rate above the
152.21 arithmetic mean for all hospitals excluding regional treatment centers and facilities of the
152.22 federal Indian Health Service but less than or equal to one standard deviation above the
152.23 mean, the adjustment must be determined by multiplying the total of the operating and
152.24 property payment rates by the difference between the hospital's actual medical assistance
152.25 inpatient utilization rate and the arithmetic mean for all hospitals excluding regional
152.26 treatment centers and facilities of the federal Indian Health Service;

152.27 (2) for a hospital with a medical assistance inpatient utilization rate above one
152.28 standard deviation above the mean, the adjustment must be determined by multiplying
152.29 the adjustment that would be determined under clause (1) for that hospital by 1.1. The
152.30 commissioner may establish a separate disproportionate population operating payment
152.31 rate adjustment under the general assistance medical care program. For purposes of this
152.32 subdivision, medical assistance does not include general assistance medical care. The
152.33 commissioner shall report annually on the number of hospitals likely to receive the
152.34 adjustment authorized by this paragraph. The commissioner shall specifically report on
152.35 the adjustments received by public hospitals and public hospital corporations located
152.36 in cities of the first class;

153.1 (3) for a hospital that had medical assistance fee-for-service payment volume during
153.2 calendar year 1991 in excess of 13 percent of total medical assistance fee-for-service
153.3 payment volume, a medical assistance disproportionate population adjustment shall be
153.4 paid in addition to any other disproportionate payment due under this subdivision as
153.5 follows: \$1,515,000 due on the 15th of each month after noon, beginning July 15, 1995.

153.6 For a hospital that had medical assistance fee-for-service payment volume during calendar
153.7 year 1991 in excess of eight percent of total medical assistance fee-for-service payment
153.8 volume and was the primary hospital affiliated with the University of Minnesota, a
153.9 medical assistance disproportionate population adjustment shall be paid in addition to any
153.10 other disproportionate payment due under this subdivision as follows: \$505,000 due on
153.11 the 15th of each month after noon, beginning July 15, 1995; and

153.12 (4) effective August 1, 2005, the payments in paragraph (b), clause (3), shall be
153.13 reduced to zero.

153.14 (c) The commissioner shall adjust rates paid to a health maintenance organization
153.15 under contract with the commissioner to reflect rate increases provided in paragraph (b),
153.16 clauses (1) and (2), on a nondiscounted hospital-specific basis but shall not adjust those
153.17 rates to reflect payments provided in clause (3).

153.18 (d) If federal matching funds are not available for all adjustments under paragraph
153.19 (b), the commissioner shall reduce payments under paragraph (b), clauses (1) and (2), on a
153.20 pro rata basis so that all adjustments under paragraph (b) qualify for federal match.

153.21 (e) For purposes of this subdivision, medical assistance does not include general
153.22 assistance medical care.

153.23 (f) For hospital services occurring on or after July 1, 2005, to June 30, 2007;~~;~~

153.24 (1) general assistance medical care expenditures for fee-for-service inpatient
153.25 and outpatient hospital payments made by the department and by prepaid health
153.26 ~~plans participating in general assistance medical care~~ shall be considered Medicaid
153.27 disproportionate share hospital payments, except as limited below:

153.28 ~~(1)~~ (i) only the portion of Minnesota's disproportionate share hospital allotment
153.29 under section 1923(f) of the Social Security Act that is not spent on the disproportionate
153.30 population adjustments in paragraph (b), clauses (1) and (2), may be used for general
153.31 assistance medical care expenditures;

153.32 ~~(2)~~ (ii) only those general assistance medical care expenditures made to hospitals that
153.33 qualify for disproportionate share payments under section 1923 of the Social Security Act
153.34 and the Medicaid state plan may be considered disproportionate share hospital payments;

154.1 ~~(3)~~ (iii) only those general assistance medical care expenditures made to an
154.2 individual hospital that would not cause the hospital to exceed its individual hospital limits
154.3 under section 1923 of the Social Security Act may be considered; and

154.4 ~~(4)~~ (iv) general assistance medical care expenditures may be considered only to the
154.5 extent of Minnesota's aggregate allotment under section 1923 of the Social Security Act.

154.6 All hospitals and prepaid health plans participating in general assistance medical care
154.7 must provide any necessary expenditure, cost, and revenue information required by the
154.8 commissioner as necessary for purposes of obtaining federal Medicaid matching funds for
154.9 general assistance medical care expenditures; and

154.10 (2) certified public expenditures made by Hennepin County Medical Center shall
154.11 be considered Medicaid disproportionate share hospital payments. Hennepin County
154.12 and Hennepin County Medical Center shall report by June 15, 2007, on payments made
154.13 beginning July 1, 2005, or another date specified by the commissioner, that may qualify
154.14 for reimbursement under federal law. Based on these reports, the commissioner shall
154.15 apply for federal matching funds.

154.16 (g) Upon federal approval of the related state plan amendment, paragraph (f) is
154.17 effective retroactively from July 1, 2005, or the earliest effective date approved by the
154.18 Centers for Medicare and Medicaid Services.

154.19 **EFFECTIVE DATE.** This section is effective retroactively from July 1, 2005.

154.20 Sec. 6. Minnesota Statutes 2006, section 256.969, subdivision 27, is amended to read:

154.21 Subd. 27. **Quarterly payment adjustment.** (a) In addition to any other payment
154.22 under this section, the commissioner shall make the following payments effective July
154.23 1, 2007:

154.24 (1) for a hospital located in Minnesota and not eligible for payments under
154.25 subdivision 20, with a medical assistance inpatient utilization rate greater than 17.8
154.26 percent of total patient days as of the base year in effect on July 1, 2005, a payment equal
154.27 to 13 percent of the total of the operating and property payment rates;

154.28 (2) for a hospital located in Minnesota in a specified urban area outside of the
154.29 seven-county metropolitan area and not eligible for payments under subdivision 20, with
154.30 a medical assistance inpatient utilization rate less than or equal to 17.8 percent of total
154.31 patient days as of the base year in effect on July 1, 2005, a payment equal to ten percent
154.32 of the total of the operating and property payment rates. For purposes of this clause, the
154.33 following cities are specified urban areas: Detroit Lakes, Rochester, Willmar, Alexandria,

155.1 Austin, Cambridge, Brainerd, Hibbing, Mankato, Duluth, St. Cloud, Grand Rapids,
155.2 Wyoming, Fergus Falls, Albert Lea, Winona, Virginia, Thief River Falls, and Wadena; and

155.3 (3) for a hospital located in Minnesota but not located in a specified urban area under
155.4 clause (2), with a medical assistance inpatient utilization rate less than or equal to 17.8
155.5 percent of total patient days as of the base year in effect on July 1, 2005, a payment equal to
155.6 four percent of the total of the operating and property payment rates. A hospital located in
155.7 Woodbury and not in existence during the base year shall be reimbursed under this clause.

155.8 (b) The state share of payments under paragraph (a) shall be equal to federal
155.9 reimbursements to the commissioner to reimburse ~~nonstate~~ expenditures reported under
155.10 section 256B.199. The commissioner shall ratably reduce or increase payments under this
155.11 subdivision in order to ensure that these payments equal the amount of reimbursement
155.12 received by the commissioner under section 256B.199, except that payments shall be
155.13 ratably reduced by an amount equivalent to the state share of a four percent reduction in
155.14 MinnesotaCare and medical assistance payments for inpatient hospital services. Effective
155.15 July 1, 2009, the ratable reduction shall be equivalent to the state share of a three percent
155.16 reduction in these payments.

155.17 (c) The payments under paragraph (a) shall be paid quarterly based on each hospital's
155.18 operating and property payments from the second previous quarter, beginning on July
155.19 15, 2007, or upon federal approval of federal reimbursements under section 256B.199,
155.20 whichever occurs later.

155.21 (d) The commissioner shall not adjust rates paid to a prepaid health plan under
155.22 contract with the commissioner to reflect payments provided in paragraph (a).

155.23 (e) The commissioner shall maximize the use of available federal money for
155.24 disproportionate share hospital payments and shall maximize payments to qualifying
155.25 hospitals. In order to accomplish these purposes, the commissioner may, in consultation
155.26 with the nonstate entities identified in section 256B.199, adjust, on a pro rata basis
155.27 if feasible, the amounts reported by nonstate entities under section 256B.199 when
155.28 application for reimbursement is made to the federal government, and otherwise adjust
155.29 the provisions of this subdivision. The commissioner shall utilize a settlement process
155.30 based on finalized data to maximize revenue under section 256B.199 and payments
155.31 under this section.

155.32 (f) By January 15 of each year, beginning January 15, 2006, the commissioner
155.33 shall report to the chairs of the house and senate finance committees and divisions with
155.34 jurisdiction over funding for the Department of Human Services the following estimates
155.35 for the current and upcoming federal and state fiscal years:

156.1 (1) the difference between the Medicare upper payment limit and actual or
156.2 anticipated medical assistance payments for hospital services;

156.3 (2) the amount of federal disproportionate share hospital funding available to
156.4 Minnesota and the amount expected to be claimed by the state; and

156.5 (3) the methodology used to calculate the results reported for clauses (1) and (2).

156.6 (g) For purposes of this subdivision, medical assistance does not include general
156.7 assistance medical care.

156.11 Sec. 7. Minnesota Statutes 2006, section 256.969, is amended by adding a subdivision
156.12 to read:

156.13 Subd. 28. **Long-term hospital payment adjustment.** For admissions occurring on
156.14 or after July 1, 2007, the commissioner shall increase the medical assistance payments
156.15 to a long-term hospital with a medical assistance inpatient utilization rate of 17.95
156.16 percent of total patient days as of the base year in effect on July 1, 2005, by an amount
156.17 equal to 13 percent of the total of the operating and property payment rates. Payments
156.18 made to managed care plans shall not reflect this payment increase. For purposes of
156.19 this subdivision, medical assistance does not include general assistance medical care.
156.20 Payments to a hospital under this subdivision shall be reduced by the amount of any
156.21 payments made under subdivision 27.

156.22 Sec. 8. Minnesota Statutes 2006, section 256B.04, subdivision 14, is amended to read:

156.23 Subd. 14. **Competitive bidding.** (a) When determined to be effective, economical,
156.24 and feasible, the commissioner may utilize volume purchase through competitive bidding
156.25 and negotiation under the provisions of chapter 16C, to provide items under the medical
156.26 assistance program including but not limited to the following:

156.27 (1) eyeglasses;

156.28 (2) oxygen. The commissioner shall provide for oxygen needed in an emergency
156.29 situation on a short-term basis, until the vendor can obtain the necessary supply from
156.30 the contract dealer;

156.31 (3) hearing aids and supplies; and

156.32 (4) durable medical equipment, including but not limited to:

156.33 (i) hospital beds;

156.34 (ii) commodes;

157.1 (iii) glide-about chairs;
157.2 (iv) patient lift apparatus;
157.3 (v) wheelchairs and accessories;
157.4 (vi) oxygen administration equipment;
157.5 (vii) respiratory therapy equipment;
157.6 (viii) electronic diagnostic, therapeutic and life support systems;

157.9 and recipient mileage and parking reimbursements; and

157.10 (6) drugs.

157.11 (b) Rate changes under this chapter and chapters 256D and 256L do not affect
157.12 contract payments under this subdivision unless specifically identified.

157.13 (c) The commissioner may not utilize volume purchase through competitive bidding
157.14 and negotiation for special transportation services under the provisions of chapter 16C.

157.15 Sec. 9. Minnesota Statutes 2006, section 256B.04, is amended by adding a subdivision
157.16 to read:

157.17 Subd. 14a. **Level of need determination.** Nonemergency medical transportation
157.18 level of need determinations must be performed by a physician, a registered nurse working
157.19 under direct supervision of a physician, a physician's assistant, a nurse practitioner, a
157.20 licensed practical nurse, or a discharge planner. Nonemergency medical transportation
157.21 level of need determinations must not be performed more than semiannually on any
157.22 individual, unless the individual's circumstances have sufficiently changed so as to require
157.23 a new level of need determination. Individuals residing in licensed nursing facilities are
157.24 exempt from a level of need determination and are eligible for special transportation
157.25 services until the individual no longer resides in a licensed nursing facility. If a person
157.26 authorized by this subdivision to perform a level of need determination determines that an
157.27 individual requires stretcher transportation, the individual is presumed to maintain that
157.28 level of need until otherwise determined by a person authorized to perform a level of need
157.29 determination, or for six months, whichever is sooner.

157.30 Sec. 10. Minnesota Statutes 2006, section 256B.056, subdivision 10, is amended to
157.31 read:

158.3 (b) The commissioner shall determine the eligibility of private-sector health care
158.4 coverage for infants less than one year of age eligible under section 256B.055, subdivision
158.5 10, or 256B.057, subdivision 1, paragraph (d), and shall pay for private-sector coverage
158.6 if this is determined to be cost-effective.

158.7 (c) The commissioner shall ~~modify the application for Minnesota health care~~
158.8 ~~programs to require more detailed information related to verification of assets and income,~~
158.9 ~~and shall~~ verify assets and income for all applicants, and for all recipients upon renewal.

168.32 (2), item (i), a redetermination of eligibility must occur every 12 months. Individuals are
168.33 eligible under paragraph (a), clause (2), item (ii), only during inpatient hospitalization but
168.34 may reapply if there is a subsequent period of inpatient hospitalization.

168.35 (g) Beginning September 1, 2006, Minnesota health care program applications and
168.36 renewals completed by recipients and applicants who are persons described in paragraph

169.1 (c) and submitted to the county agency shall be determined for MinnesotaCare eligibility
169.2 by the county agency. If all other eligibility requirements of this subdivision are met,
169.3 eligibility for general assistance medical care shall be available in any month during which
169.4 MinnesotaCare enrollment is pending. Upon notification of eligibility for MinnesotaCare,
169.5 notice of termination for eligibility for general assistance medical care shall be sent to
169.6 an applicant or recipient. If all other eligibility requirements of this subdivision are

169.10 begin a determination of eligibility shall be the date the applicant has provided a name,
169.11 address, and Social Security number, signed and dated, to the county agency or the
169.12 Department of Human Services. If the applicant is unable to provide a name, address,
169.13 Social Security number, and signature when health care is delivered due to a medical
169.14 condition or disability, a health care provider may act on an applicant's behalf to establish
169.15 the date of an initial Minnesota health care program application by providing the county
169.16 agency or Department of Human Services with provider identification and a temporary
169.17 unique identifier for the applicant. The applicant must complete the remainder of the
169.18 application and provide necessary verification before eligibility can be determined. The
169.19 county agency must assist the applicant in obtaining verification if necessary.

169.20 (i) County agencies are authorized to use all automated databases containing
169.21 information regarding recipients' or applicants' income in order to determine eligibility for
169.22 general assistance medical care or MinnesotaCare. Such use shall be considered sufficient
169.23 in order to determine eligibility and premium payments by the county agency.

169.24 (j) General assistance medical care is not available for a person in a correctional
169.25 facility unless the person is detained by law for less than one year in a county correctional
169.26 or detention facility as a person accused or convicted of a crime, or admitted as an
169.27 inpatient to a hospital on a criminal hold order, and the person is a recipient of general
169.28 assistance medical care at the time the person is detained by law or admitted on a criminal

169.34 (a), clause (2), item (i), there shall be included any asset or interest in an asset, including
169.35 an asset excluded under paragraph (a), that was given away, sold, or disposed of for
169.36 less than fair market value within the 60 months preceding application for general

assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

(m) When determining eligibility for any state benefits under this subdivision, the income and resources of all noncitizens shall be deemed to include their sponsor's income and resources as defined in the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, title IV, Public Law 104-193, sections 421 and 422, and subsequently set out in federal rules.

(n) Undocumented noncitizens and nonimmigrants are ineligible for general assistance medical care. For purposes of this subdivision, a nonimmigrant is an individual in one or more of the classes listed in United States Code, title 8, section 1101(a)(15), and an undocumented noncitizen is an individual who resides in the United States without the approval or acquiescence of the Immigration and Naturalization Service.

(o) Notwithstanding any other provision of law, a noncitizen who is ineligible for medical assistance due to the deeming of a sponsor's income and resources, is ineligible for general assistance medical care.

(p) Effective July 1, 2003, general assistance medical care emergency services end.

181.25 employees for purposes of this subdivision.

181.26 (d) This subdivision does not apply to children.

181.27 **EFFECTIVE DATE.** This section is effective July 1, 2007, or upon federal

182.29 ~~paid on or after January 1, 2007, to pay the~~ prepaid health plans under contract with the
182.30 commissioner amounts sufficient to reflect this rate increase. The prepaid health plan must
182.31 pass this rate increase to providers who have been identified by the commissioner as

Subd. 2. **Sliding fee scale; monthly gross individual or family income.** (a) The commissioner shall establish a sliding fee scale to determine the percentage of monthly gross individual or family income that households at different income levels must pay to obtain coverage through the MinnesotaCare program. The sliding fee scale must be based on the enrollee's monthly gross individual or family income. The sliding fee scale must contain separate tables based on enrollment of one, two, or three or more persons. The sliding fee scale begins with a premium of 1.5 percent of monthly gross individual or family income for individuals or families with incomes below the limits for the medical assistance program for families and children in effect on January 1, 1999, and proceeds through the following evenly spaced steps: 1.8, 2.3, 3.1, 3.8, 4.8, 5.9, 7.4, and 8.8 percent. These percentages are matched to evenly spaced income steps ranging from the medical assistance income limit for families and children in effect on January 1, 1999, to 275 percent of the federal poverty guidelines for the applicable family size, up to a family size of five. The sliding fee scale for a family of five must be used for families of more than five. ~~Effective October 1, 2003, the commissioner shall increase each percentage by 0.5 percentage points for enrollees with income greater than 100 percent but not exceeding~~

184.1 ~~200 percent of the federal poverty guidelines and shall increase each percentage by 1.0~~
184.2 ~~percentage points for families and children with incomes greater than 200 percent of~~
184.3 ~~the federal poverty guidelines.~~ The sliding fee scale and percentages are not subject to
184.4 the provisions of chapter 14. If a family or individual reports increased income after
184.5 enrollment, premiums shall be adjusted at the time the change in income is reported.

184.6 (b) ~~Children in~~ Families whose gross income is above 275 percent of the federal
184.7 poverty guidelines shall pay the maximum premium. The maximum premium is defined
184.8 as a base charge for one, two, or three or more enrollees so that if all MinnesotaCare
184.9 cases paid the maximum premium, the total revenue would equal the total cost of
184.10 MinnesotaCare medical coverage and administration. In this calculation, administrative
184.11 costs shall be assumed to equal ten percent of the total. The costs of medical coverage
184.12 for pregnant women and children under age two and the enrollees in these groups shall
184.13 be excluded from the total. The maximum premium for two enrollees shall be twice the
184.14 maximum premium for one, and the maximum premium for three or more enrollees shall
184.15 be three times the maximum premium for one.

184.16 ~~(c) After calculating the percentage of premium each enrollee shall pay under~~
184.17 ~~paragraph (a), eight percent shall be added to the premium.~~

184.25 for single adults and households with no children formerly enrolled in general assistance
184.26 medical care and enrolled in MinnesotaCare according to section 256D.03, subdivision 3,

184.28 for these enrollees ~~past the first six-month renewal period.~~

184.29 **EFFECTIVE DATE.** This section is effective January 1, 2009.

184.30 Sec. 43. Minnesota Statutes 2006, section 256L.17, subdivision 2, is amended to read:

184.31 Subd. 2. **Limit on total assets.** (a) Effective July 1, 2002, or upon federal approval,
184.32 whichever is later, in order to be eligible for the MinnesotaCare program, a household of

185.11 approval, whichever is later.

185.12 Sec. 44. Minnesota Statutes 2006, section 256L.17, subdivision 7, is amended to read:

185.13 Subd. 7. **Exception for certain adults.** Single adults and households with
185.14 no children formerly enrolled in general assistance medical care and enrolled in
185.15 MinnesotaCare according to section 256D.03, subdivision 3, are exempt from the
185.16 requirements of this section until ~~six-month~~ renewal.

191.31 to the ~~developmental disability~~ family support program, personal care attendant services,
191.32 home health aide services, and private duty nursing services;

191.33 (2) provide consumers more control, flexibility, and responsibility over their services

(f) The county allocation for each individual or individual's family cannot exceed the amount allowed under subdivision 11.

(g) The commissioner may recover, suspend, or withhold payments if the county board, local agency, or grantee does not comply with the requirements of this section.

207.21 ~~did not recommend a case mix classification. The nursing facility is authorized to conduct~~
207.22 ~~all case mix assessments for persons admitted to the facility prior to a preadmission~~
207.23 ~~screening. The county retains the responsibility of distributing appropriate case mix~~
207.24 ~~forms to the nursing facility.~~

207.25 ~~(d)~~ (c) The county screening or intake activity must include processes to identify
207.26 persons who may require transition assistance as described in subdivision 3b.

207.27 Sec. 26. Minnesota Statutes 2006, section 256B.0911, subdivision 6, is amended to
207.28 read:

207.29 Subd. 6. **Payment for long-term care consultation services.** (a) The total payment
207.30 for each county must be paid monthly by certified nursing facilities in the county. The
207.31 monthly amount to be paid by each nursing facility for each fiscal year must be determined
207.32 by dividing the county's annual allocation for long-term care consultation services by 12
207.33 to determine the monthly payment and allocating the monthly payment to each nursing
207.34 facility based on the number of licensed beds in the nursing facility. Payments to counties

208.1 in which there is no certified nursing facility must be made by increasing the payment
208.2 rate of the two facilities located nearest to the county seat.

208.3 (b) The commissioner shall include the total annual payment determined under
208.4 paragraph (a) for each nursing facility reimbursed under section 256B.431 or 256B.434
208.5 according to section 256B.431, subdivision 2b, paragraph (g), ~~or 256B.435.~~

208.6 (c) In the event of the layaway, delicensure and decertification, or removal from
208.7 layaway of 25 percent or more of the beds in a facility, the commissioner may adjust
208.8 the per diem payment amount in paragraph (b) and may adjust the monthly payment
208.9 amount in paragraph (a). The effective date of an adjustment made under this paragraph
208.10 shall be on or after the first day of the month following the effective date of the layaway,
208.11 delicensure and decertification, or removal from layaway.

208.12 (d) Payments for long-term care consultation services are available to the county
208.13 or counties to cover staff salaries and expenses to provide the services described in
208.14 subdivision 1a. The county shall employ, or contract with other agencies to employ, within
208.15 the limits of available funding, sufficient personnel to provide long-term care consultation
208.16 services while meeting the state's long-term care outcomes and objectives as defined in
208.17 section 256B.0917, subdivision 1. The county shall be accountable for meeting local
208.18 objectives as approved by the commissioner in the biennial home and community-based
208.19 services quality assurance plan on a form provided by the commissioner.

208.20 (e) Notwithstanding section 256B.0641, overpayments attributable to payment of the
208.21 screening costs under the medical assistance program may not be recovered from a facility.

208.22 (f) The commissioner of human services shall amend the Minnesota medical
208.23 assistance plan to include reimbursement for the local consultation teams.

208.24 (g) The county may bill, as case management services, assessments, support
208.25 planning, and follow-along provided to persons determined to be eligible for case
208.26 management under Minnesota health care programs. No individual or family member
208.27 shall be charged for an initial assessment or initial support plan development provided
208.28 under subdivision 3a or 3b.

208.29 Sec. 27. Minnesota Statutes 2006, section 256B.0911, is amended by adding a
208.30 subdivision to read:

208.31 Subd. 6a. **Withholding.** If any provider obligated to pay the long-term care
208.32 consultation amount as described in subdivision 6 is more than two months delinquent in
208.33 the timely payment of the monthly installment, the commissioner may withhold payments,
208.34 penalties, and interest in accordance with the methods outlined in section 256.9657,

209.1 subdivision 7a. Any amount withheld under this provision must be returned to the county
209.2 to whom the delinquent payments were due.

209.3 Sec. 28. Minnesota Statutes 2006, section 256B.0911, subdivision 7, is amended to
209.4 read:

209.5 Subd. 7. **Reimbursement for certified nursing facilities.** (a) Medical assistance
209.6 reimbursement for nursing facilities shall be authorized for a medical assistance recipient
209.7 only if a preadmission screening has been conducted prior to admission or the county has
209.8 authorized an exemption. Medical assistance reimbursement for nursing facilities shall
209.9 not be provided for any recipient who the local screener has determined does not meet the
209.10 level of care criteria for nursing facility placement or, if indicated, has not had a level II
209.11 OBRA evaluation as required under the federal Omnibus Budget Reconciliation Act of
209.12 1987 completed unless an admission for a recipient with mental illness is approved by the
209.13 local mental health authority or an admission for a recipient with developmental disability
209.14 is approved by the state developmental disability authority.

209.15 (b) The nursing facility must not bill a person who is not a medical assistance
209.16 recipient for resident days that preceded the date of completion of screening activities as
209.17 required under subdivisions 4a, 4b, and 4c. The nursing facility must include unreimbursed
209.18 resident days in the nursing facility resident day totals reported to the commissioner.

209.19 ~~(c) The commissioner shall make a request to the Centers for Medicare and Medicaid~~
209.20 ~~Services for a waiver allowing team approval of Medicaid payments for certified nursing~~
209.21 ~~facility care. An individual has a choice and makes the final decision between nursing~~
209.22 ~~facility placement and community placement after the screening team's recommendation;~~
209.23 ~~except as provided in subdivision 4a, paragraph (c).~~

209.24 Sec. 29. Minnesota Statutes 2006, section 256B.0913, subdivision 4, is amended to
209.25 read:

209.26 Subd. 4. **Eligibility for funding for services for nonmedical assistance recipients.**

209.27 (a) Funding for services under the alternative care program is available to persons who
209.28 meet the following criteria:

209.29 (1) the person has been determined by a community assessment under section
209.30 256B.0911 to be a person who would require the level of care provided in a nursing
209.31 facility, but for the provision of services under the alternative care program;

209.32 (2) the person is age 65 or older;

209.33 (3) the person would be eligible for medical assistance within 135 days of admission
209.34 to a nursing facility;

210.1 (4) the person is not ineligible for the payment of long-term care services by the
210.2 medical assistance program due to an asset transfer penalty under section 256B.0595 or
210.3 equity interest in the home exceeding \$500,000 as stated in section 256B.056;

210.4 (5) the person needs long-term care services that are not funded through other state
210.5 or federal funding;

210.6 (6) the monthly cost of the alternative care services funded by the program for
210.7 this person does not exceed 75 percent of the monthly limit described under section
210.8 256B.0915, subdivision 3a. This monthly limit does not prohibit the alternative care client
210.9 from payment for additional services, but in no case may the cost of additional services
210.10 purchased under this section exceed the difference between the client's monthly service
210.11 limit defined under section 256B.0915, subdivision 3, and the alternative care program
210.12 monthly service limit defined in this paragraph. If ~~medical~~ care-related supplies and
210.13 equipment or environmental modifications and adaptations are or will be purchased for
210.14 an alternative care services recipient, the costs may be prorated on a monthly basis for
210.15 up to 12 consecutive months beginning with the month of purchase. If the monthly cost
210.16 of a recipient's other alternative care services exceeds the monthly limit established in
210.17 this paragraph, the annual cost of the alternative care services shall be determined. In this
210.18 event, the annual cost of alternative care services shall not exceed 12 times the monthly
210.19 limit described in this paragraph; and

210.20 (7) the person is making timely payments of the assessed monthly fee.

210.21 A person is ineligible if payment of the fee is over 60 days past due, unless the person
210.22 agrees to:

210.23 (i) the appointment of a representative payee;

210.24 (ii) automatic payment from a financial account;

210.25 (iii) the establishment of greater family involvement in the financial management of
210.26 payments; or

210.27 (iv) another method acceptable to the ~~county~~ lead agency to ensure prompt fee
210.28 payments.

210.29 The ~~county shall~~ lead agency may extend the client's eligibility as necessary while
210.30 making arrangements to facilitate payment of past-due amounts and future premium
210.31 payments. Following disenrollment due to nonpayment of a monthly fee, eligibility shall
210.32 not be reinstated for a period of 30 days.

210.33 (b) Alternative care funding under this subdivision is not available for a person
210.34 who is a medical assistance recipient or who would be eligible for medical assistance
210.35 without a spenddown or waiver obligation. A person whose initial application for medical
210.36 assistance and the elderly waiver program is being processed may be served under the

211.1 alternative care program for a period up to 60 days. If the individual is found to be eligible
211.2 for medical assistance, medical assistance must be billed for services payable under the
211.3 federally approved elderly waiver plan and delivered from the date the individual was
211.4 found eligible for the federally approved elderly waiver plan. Notwithstanding this
211.5 provision, alternative care funds may not be used to pay for any service the cost of which:
211.6 (i) is payable by medical assistance; (ii) is used by a recipient to meet a waiver obligation;
211.7 or (iii) is used to pay a medical assistance income spenddown for a person who is eligible
211.8 to participate in the federally approved elderly waiver program under the special income
211.9 standard provision.

211.10 (c) Alternative care funding is not available for a person who resides in a licensed
211.11 nursing home, certified boarding care home, hospital, or intermediate care facility, except
211.12 for case management services which are provided in support of the discharge planning
211.13 process for a nursing home resident or certified boarding care home resident to assist with
211.14 a relocation process to a community-based setting.

211.15 (d) Alternative care funding is not available for a person whose income is greater
211.16 than the maintenance needs allowance under section 256B.0915, subdivision 1d, but equal
211.17 to or less than 120 percent of the federal poverty guideline effective July 1 in the fiscal
211.18 year for which alternative care eligibility is determined, who would be eligible for the
211.19 elderly waiver with a waiver obligation.

211.20 Sec. 30. Minnesota Statutes 2006, section 256B.0913, subdivision 5, is amended to
211.21 read:

211.22 Subd. 5. **Services covered under alternative care.** Alternative care funding may
211.23 be used for payment of costs of:

- 211.24 (1) adult day care;
- 211.25 (2) home health aide;
- 211.26 (3) homemaker services;
- 211.27 (4) personal care;
- 211.28 (5) case management;
- 211.29 (6) respite care;

212.30 Sec. 31. Minnesota Statutes 2006, section 256B.0913, subdivision 5a, is amended to

212.31 read:

212.32 Subd. 5a. **Services; service definitions; service standards.** (a) Unless specified in

212.33 statute, the services, service definitions, and standards for alternative care services shall

212.34 be the same as the services, service definitions, and standards specified in the federally

212.35 approved elderly waiver plan, except for alternative care does not cover transitional

213.1 support services, assisted living services, adult foster care services, and residential care
213.2 ~~services~~ and benefits defined under section 256B.0625 that meet primary and acute
213.3 health care needs.

213.4 (b) The ~~county~~ lead agency must ensure that the funds are not used to supplant
213.5 or supplement services available through other public assistance or services programs;
213.6 including supplementation of client co-pays, deductibles, premiums, or other cost-sharing
213.7 arrangements for health-related benefits and services or entitlement programs and services
213.8 that are available to the person, but in which they have elected not to enroll. For a provider
213.9 of supplies and equipment when the monthly cost of the supplies and equipment is less
213.10 than \$250, persons or agencies must be employed by or under a contract with the ~~county~~
213.11 lead agency or the public health nursing agency of the local board of health in order to
213.12 receive funding under the alternative care program. Supplies and equipment may be
213.13 purchased from a vendor not certified to participate in the Medicaid program if the cost for
213.14 the item is less than that of a Medicaid vendor.

213.15 (c) Personal care services must meet the service standards defined in the federally
213.16 approved elderly waiver plan, except that a ~~county~~ lead agency may contract with a
213.17 client's relative who meets the relative hardship waiver requirements or a relative who
213.18 meets the criteria and is also the responsible party under an individual service plan that
213.19 ensures the client's health and safety and supervision of the personal care services by a
213.20 qualified professional as defined in section 256B.0625, subdivision 19c. Relative hardship
213.21 is established by the ~~county~~ lead agency when the client's care causes a relative caregiver
213.22 to do any of the following: resign from a paying job, reduce work hours resulting in lost
213.23 wages, obtain a leave of absence resulting in lost wages, incur substantial client-related
213.24 expenses, provide services to address authorized, unstaffed direct care time, or meet
213.25 special needs of the client unmet in the formal service plan.

213.26 Sec. 32. Minnesota Statutes 2006, section 256B.0913, subdivision 8, is amended to
213.27 read:

213.28 Subd. 8. **Requirements for individual care plan.** (a) The case manager shall
213.29 implement the plan of care for each alternative care client and ensure that a client's
213.30 service needs and eligibility are reassessed at least every 12 months. The plan shall
213.31 include any services prescribed by the individual's attending physician as necessary to
213.32 allow the individual to remain in a community setting. In developing the individual's care
213.33 plan, the case manager should include the use of volunteers from families and neighbors,
213.34 religious organizations, social clubs, and civic and service organizations to support the
213.35 formal home care services. The ~~county~~ lead agency shall be held harmless for damages or

214.1 injuries sustained through the use of volunteers under this subdivision including workers'
214.2 compensation liability. The ~~county of service~~ case manager shall provide documentation
214.3 in each individual's plan of care and, if requested, to the commissioner that the most
214.4 cost-effective alternatives available have been offered to the individual and that the
214.5 individual was free to choose among available qualified providers, both public and private,
214.6 including qualified case management or service coordination providers other than those
214.7 employed by any county; however, the county or tribe maintains responsibility for prior
214.8 authorizing services in accordance with statutory and administrative requirements. The
214.9 case manager must give the individual a ten-day written notice of any denial, termination,
214.10 or reduction of alternative care services.

214.11 (b) The county of service or tribe must provide access to and arrange for case
214.12 management services, including assuring implementation of the plan. "County of service"
214.13 has the meaning given it in Minnesota Rules, part 9505.0015, subpart 11. The county of
214.14 service must notify the county of financial responsibility of the approved care plan and
214.15 the amount of encumbered funds.

214.16 Sec. 33. Minnesota Statutes 2006, section 256B.0913, subdivision 9, is amended to
214.17 read:

214.18 Subd. 9. **Contracting provisions for providers.** Alternative care funds paid to
214.19 service providers are subject to audit by the commissioner for fiscal and utilization control.

214.20 The lead agency must select providers for contracts or agreements using the
214.21 following criteria and other criteria established by the ~~county~~ lead agency:

214.22 (1) the need for the particular services offered by the provider;

214.23 (2) the population to be served, including the number of clients, the length of time
214.24 services will be provided, and the medical condition of clients;

214.25 (3) the geographic area to be served;

214.26 (4) quality assurance methods, including appropriate licensure, certification, or
214.27 standards, and supervision of employees when needed;

214.28 (5) rates for each service and unit of service exclusive of ~~county~~ lead agency
214.29 administrative costs;

214.30 (6) evaluation of services previously delivered by the provider; and

214.31 (7) contract or agreement conditions, including billing requirements, cancellation,
214.32 and indemnification.

214.33 The ~~county~~ lead agency must evaluate its own agency services under the criteria
214.34 established for other providers.

215.1 Sec. 34. Minnesota Statutes 2006, section 256B.0913, subdivision 10, is amended to
215.2 read:

215.3 Subd. 10. **Allocation formula.** (a) ~~The alternative care appropriation for fiscal~~
215.4 ~~years 1992 and beyond shall cover only alternative care eligible clients.~~ By July ~~1~~ 15 of
215.5 each year, the commissioner shall allocate to county agencies the state funds available for
215.6 alternative care for persons eligible under subdivision 2.

215.7 (b) The adjusted base for each ~~county~~ county lead agency is the ~~county's~~ county's lead agency's
215.8 current fiscal year base allocation plus any targeted funds approved during the current
215.9 fiscal year. Calculations for paragraphs (c) and (d) are to be made as follows: for each
215.10 ~~county~~ county lead agency, the determination of alternative care program expenditures shall be
215.11 based on payments for services rendered from April 1 through March 31 in the base year,
215.12 to the extent that claims have been submitted and paid by June 1 of that year.

215.13 (c) If the alternative care program expenditures as defined in paragraph (b) are 95
215.14 percent or more of the ~~county's~~ county's lead agency's adjusted base allocation, the allocation for
215.15 the next fiscal year is 100 percent of the adjusted base, plus inflation to the extent that
215.16 inflation is included in the state budget.

215.17 (d) If the alternative care program expenditures as defined in paragraph (b) are less
215.18 than 95 percent of the ~~county's~~ county's lead agency's adjusted base allocation, the allocation
215.19 for the next fiscal year is the adjusted base allocation less the amount of unspent funds
215.20 below the 95 percent level.

215.21 (e) If the annual legislative appropriation for the alternative care program is
215.22 inadequate to fund the combined ~~county~~ county lead agency allocations for a biennium, the
215.23 commissioner shall distribute to each ~~county~~ county lead agency the entire annual appropriation
215.24 as that ~~county's~~ county's lead agency's percentage of the computed base as calculated in paragraphs
215.25 (c) and (d).

215.26 (f) On agreement between the commissioner and the lead agency, the commissioner
215.27 may have discretion to reallocate alternative care base allocations distributed to lead
215.28 agencies in which the base amount exceeds program expenditures.

215.29 Sec. 35. Minnesota Statutes 2006, section 256B.0913, subdivision 11, is amended to
215.30 read:

215.31 Subd. 11. **Targeted funding.** (a) The purpose of targeted funding is to make
215.32 additional money available to ~~counties~~ county lead agencies with the greatest need. Targeted
215.33 funds are not intended to be distributed equitably among all ~~counties~~ county lead agencies, but
215.34 rather, allocated to those with long-term care strategies that meet state goals.

216.1 (b) The funds available for targeted funding shall be the total appropriation for each
216.2 fiscal year minus ~~county~~ county lead agency allocations determined under subdivision 10 as
216.3 adjusted for any inflation increases provided in appropriations for the biennium.

216.4 (c) The commissioner shall allocate targeted funds to ~~counties~~ county lead agencies that
216.5 demonstrate to the satisfaction of the commissioner that they have developed feasible
216.6 plans to increase alternative care spending. In making targeted funding allocations, the
216.7 commissioner shall use the following priorities:

216.8 (1) ~~counties~~ county lead agencies that received a lower allocation in fiscal year 1991 than in
216.9 fiscal year 1990. Counties remain in this priority until they have been restored to their
216.10 fiscal year 1990 level plus inflation;

216.11 (2) ~~counties~~ county lead agencies that sustain a base allocation reduction for failure to spend
216.12 95 percent of the allocation if they demonstrate that the base reduction should be restored;

216.13 (3) ~~counties~~ county lead agencies that propose projects to divert community residents from
216.14 nursing home placement or convert nursing home residents to community living; and

216.15 (4) ~~counties~~ county lead agencies that can otherwise justify program growth by
216.16 demonstrating the existence of waiting lists, demographically justified needs, or other
216.17 unmet needs.

216.18 (d) ~~Counties~~ County Lead agencies that would receive targeted funds according to
216.19 paragraph (c) must demonstrate to the commissioner's satisfaction that the funds
216.20 would be appropriately spent by showing how the funds would be used to further the
216.21 state's alternative care goals as described in subdivision 1, and that the county has the
216.22 administrative and service delivery capability to use them.

216.23 (e) The commissioner shall ~~request applications~~ make applications available for
216.24 targeted funds by November 1 of each year. The ~~counties~~ county lead agencies selected for
216.25 targeted funds shall be notified of the amount of their additional funding. Targeted funds
216.26 allocated to a ~~county~~ county lead agency in one year shall be treated as part of the ~~county's~~ county's lead
216.27 agency's base allocation for that year in determining allocations for subsequent years. No
216.28 reallocations between ~~counties~~ county lead agencies shall be made.

216.29 Sec. 36. Minnesota Statutes 2006, section 256B.0913, subdivision 12, is amended to
216.30 read:

216.31 Subd. 12. **Client fees.** (a) A fee is required for all alternative care eligible clients
216.32 to help pay for the cost of participating in the program. The amount of the fee for the
216.33 alternative care client shall be determined as follows:

216.34 (1) when the alternative care client's income less recurring and predictable medical
216.35 expenses is less than 100 percent of the federal poverty guideline effective on July 1 of

217.1 the state fiscal year in which the fee is being computed, and total assets are less than
217.2 \$10,000, the fee is zero;

217.3 (2) when the alternative care client's income less recurring and predictable medical
217.4 expenses is equal to or greater than 100 percent but less than 150 percent of the federal
217.5 poverty guideline effective on July 1 of the state fiscal year in which the fee is being
217.6 computed, and total assets are less than \$10,000, the fee is five percent of the cost of
217.7 alternative care services;

217.8 (3) when the alternative care client's income less recurring and predictable medical
217.9 expenses is equal to or greater than 150 percent but less than 200 percent of the federal
217.10 poverty guidelines effective on July 1 of the state fiscal year in which the fee is being

217.17 (5) when the alternative care client's assets are equal to or greater than \$10,000, the
217.18 fee is 30 percent of the cost of alternative care services.

217.19 For married persons, total assets are defined as the total marital assets less the
217.20 estimated community spouse asset allowance, under section 256B.059, if applicable. For
217.21 married persons, total income is defined as the client's income less the monthly spousal
217.22 allotment, under section 256B.058.

217.23 All alternative care services shall be included in the estimated costs for the purpose
217.24 of determining the fee.

217.25 Fees are due and payable each month alternative care services are received unless the
217.26 actual cost of the services is less than the fee, in which case the fee is the lesser amount.

217.27 (b) The fee shall be waived by the commissioner when:

217.28 (1) a person ~~who is residing in a nursing facility is receiving case management only;~~

217.29 (2) a married couple is requesting an asset assessment under the spousal

218.1 (c) ~~The county agency must record in the state's receivable system the client's~~
218.2 ~~assessed fee amount or the reason the fee has been waived. The commissioner will bill~~
218.3 and collect the fee from the client. Money collected must be deposited in the general fund
218.4 and is appropriated to the commissioner for the alternative care program. The client must
218.5 supply the county lead agency with the client's Social Security number at the time of
218.6 application. The county lead agency shall supply the commissioner with the client's Social
218.7 Security number and other information the commissioner requires to collect the fee from
218.8 the client. The commissioner shall collect unpaid fees using the Revenue Recapture Act in
218.9 chapter 270A and other methods available to the commissioner. The commissioner may
218.10 require counties lead agencies to inform clients of the collection procedures that may be
218.11 used by the state if a fee is not paid. This paragraph does not apply to alternative care
218.12 pilot projects authorized in Laws 1993, First Special Session chapter 1, article 5, section
218.13 133, if a county operating under the pilot project reports the following dollar amounts
218.14 to the commissioner quarterly:

- 218.15 (1) total fees billed to clients;
218.16 (2) total collections of fees billed; and
218.17 (3) balance of fees owed by clients.

218.18 If a county lead agency does not adhere to these reporting requirements, the commissioner
218.19 may terminate the billing, collecting, and remitting portions of the pilot project and require
218.20 the county lead agency involved to operate under the procedures set forth in this paragraph.

218.21 Sec. 37. Minnesota Statutes 2006, section 256B.0913, subdivision 13, is amended to
218.22 read:

219.1 (b) Payment for provided alternative care services as approved by the client's

219.4 agency or vendor must submit invoices within 12 months following the date of service.
219.5 The ~~county~~ lead agency and its vendors under contract shall not be reimbursed for services
219.6 which exceed the county allocation.

219.7 (c) The ~~county~~ lead agency shall negotiate individual rates with vendors and may
219.8 authorize service payment for actual costs up to the county's current approved rate.
219.9 Notwithstanding any other rule or statutory provision to the contrary, the commissioner
219.10 shall not be authorized to increase rates by an annual inflation factor, unless so authorized
219.11 by the legislature. To improve access to community services and eliminate payment
219.12 disparities between the alternative care program and the elderly waiver program, the
219.13 commissioner shall establish statewide maximum service rate limits and eliminate
219.14 county-specific service rate limits.

219.15 (1) Effective July 1, 2001, for service rate limits, except those in subdivision 5,
219.16 paragraphs (d) and (i), the rate limit for each service shall be the greater of the alternative

219.21 read:

219.22 Subd. 3. **County certification of persons providing adult foster care to related**

219.27 care may be reimbursed for services provided and eligible for funding under ~~sections~~
219.28 ~~256B.0913 and~~ section 256B.0915, if the relative would suffer a financial hardship as
219.29 a result of providing care. For purposes of this subdivision, financial hardship refers
219.30 to a situation in which a relative incurs a substantial reduction in income as a result of
219.31 resigning from a full-time job or taking a leave of absence without pay from a full-time
219.32 job to care for the client.

219.33 Sec. 40. Minnesota Statutes 2006, section 256B.27, subdivision 2a, is amended to read:

220.1 Subd. 2a. ~~On-site~~ Cost and statistical data audits. ~~Each year~~ The commissioner
220.2 shall provide for ~~the on-site~~ an audit of the cost reports and statistical data of nursing homes

220.8 in excess of normal turnover rates; complaints to the commissioner of health about care,
220.9 safety, or rights; where previous inspections or reinspections under section 144A.10 have
220.10 resulted in correction orders related to care, safety, or rights; or where persons involved in
220.11 ownership or administration of the facility have been indicted for alleged criminal activity.

220.12 The commissioner shall meet the 15 percent requirement by either conducting an
220.13 audit focused on an individual nursing facility, a group of facilities, or targeting specific
220.14 data categories in multiple nursing facilities. These audits may be conducted on site
220.15 at the nursing facility, at office space used by a nursing facility or a nursing facility's
220.16 parent organization, or at the commissioner's office. Data being audited may be collected
220.17 electronically, in person, or by any other means the commissioner finds acceptable.

220.18 Sec. 41. Minnesota Statutes 2006, section 256B.431, subdivision 1, is amended to read:

220.19 Subdivision 1. **In general.** The commissioner shall determine prospective
220.20 payment rates for resident care costs. For rates established on or after July 1, 1985, the
220.21 commissioner shall develop procedures for determining operating cost payment rates that
220.22 take into account the mix of resident needs, geographic location, and other factors as
220.23 determined by the commissioner. The commissioner shall consider whether the fact that a
220.24 facility is attached to a hospital or has an average length of stay of 180 days or less should
220.25 be taken into account in determining rates. The commissioner shall consider the use of the
220.26 standard metropolitan statistical areas when developing groups by geographic location.
220.27 The commissioner shall provide notice to each nursing facility on or before ~~May 1~~ August
220.28 15 of the rates effective for the following rate year except that if legislation is pending on
220.29 ~~May 1~~ August 15 that may affect rates for nursing facilities, the commissioner shall set the
220.30 rates after the legislation is enacted and provide notice to each facility as soon as possible.

220.31 Compensation for top management personnel shall continue to be categorized as a
220.32 general and administrative cost and is subject to any limits imposed on that cost category.

220.33 Sec. 42. Minnesota Statutes 2006, section 256B.431, subdivision 3f, is amended to
220.34 read:

221.1 Subd. 3f. **Property costs after July 1, 1988.** (a) **Investment per bed limit.** For the
221.2 rate year beginning July 1, 1988, the replacement-cost-new per bed limit must be \$32,571
221.3 per licensed bed in multiple bedrooms and \$48,857 per licensed bed in a single bedroom.
221.4 For the rate year beginning July 1, 1989, the replacement-cost-new per bed limit for a
221.5 single bedroom must be \$49,907 adjusted according to Minnesota Rules, part 9549.0060,
221.6 subpart 4, item A, subitem (1). Beginning January 1, 1990, the replacement-cost-new per
221.7 bed limits must be adjusted annually as specified in Minnesota Rules, part 9549.0060,

221.14 (b) **Rental factor.** For the rate year beginning July 1, 1988, the commissioner shall
221.15 increase the rental factor as established in Minnesota Rules, part 9549.0060, subpart 8,
221.16 item A, by 6.2 percent rounded to the nearest 100th percent for the purpose of reimbursing
221.17 nursing facilities for soft costs and entrepreneurial profits not included in the cost valuation
221.18 services used by the state's contracted appraisers. For rate years beginning on or after July
221.19 1, 1989, the rental factor is the amount determined under this paragraph for the rate year
221.20 beginning July 1, 1988.

221.21 (c) **Occupancy factor.** For rate years beginning on or after July 1, 1988, in order
221.22 to determine property-related payment rates under Minnesota Rules, part 9549.0060,
221.23 for all nursing facilities except those whose average length of stay in a skilled level of
221.24 care within a nursing facility is 180 days or less, the commissioner shall use 95 percent
221.25 of capacity days. For a nursing facility whose average length of stay in a skilled level of
221.26 care within a nursing facility is 180 days or less, the commissioner shall use the greater of
221.27 resident days or 80 percent of capacity days but in no event shall the divisor exceed 95
221.28 percent of capacity days.

221.29 (d) **Equipment allowance.** For rate years beginning on July 1, 1988, and July 1,
221.30 1989, the commissioner shall add ten cents per resident per day to each nursing facility's
221.31 property-related payment rate. The ten-cent property-related payment rate increase is not
221.32 cumulative from rate year to rate year. For the rate year beginning July 1, 1990, the
221.33 commissioner shall increase each nursing facility's equipment allowance as established
221.34 in Minnesota Rules, part 9549.0060, subpart 10, by ten cents per resident per day. For
221.35 rate years beginning on or after July 1, 1991, the adjusted equipment allowance must be
221.36 adjusted annually for inflation as in Minnesota Rules, part 9549.0060, subpart 10, item E.

222.1 For the rate period beginning October 1, 1992, the equipment allowance for each nursing
222.2 facility shall be increased by 28 percent. For rate years beginning after June 30, 1993, the
222.3 allowance must be adjusted annually for inflation.

222.4 (e) **Post chapter 199 related-organization debts and interest expense.** For rate

222.7 provided that the debt was an allowable debt under Minnesota Rules, parts 9510.0010
222.8 to 9510.0480, the debt is subject to repayment through annual principal payments, and
222.9 the nursing facility demonstrates to the commissioner's satisfaction that the interest rate
222.10 on the debt was less than market interest rates for similar arm's-length transactions at
222.11 the time the debt was incurred. If the debt was incurred due to a sale between family
222.12 members, the nursing facility must also demonstrate that the seller no longer participates
222.13 in the management or operation of the nursing facility. Debts meeting the conditions of
222.14 this paragraph are subject to all other provisions of Minnesota Rules, parts 9549.0010
222.15 to 9549.0080.

222.16 (f) **Building capital allowance for nursing facilities with operating leases.** For

222.18 incurred for the nursing facility's buildings shall receive its building capital allowance
222.19 computed in accordance with Minnesota Rules, part 9549.0060, subpart 8. If an operating
222.20 lease provides that the lessee's rent is adjusted to recognize improvements made by the
222.21 lessor and related debt, the costs for capital improvements and related debt shall be allowed
222.22 in the computation of the lessee's building capital allowance, provided that reimbursement
222.23 for these costs under an operating lease shall not exceed the rate otherwise paid.

222.24 Sec. 43. Minnesota Statutes 2006, section 256B.431, subdivision 17e, is amended to
222.25 read:

222.26 Subd. 17e. **Replacement-costs-new per bed limit effective ~~July~~ October 1, 2001**

222.28 (2), for a total replacement, as defined in ~~paragraph (f)~~ subdivision 17d, authorized

222.30 relocation, renovation, upgrading, or conversion completed on or after July 1, 2001, or
222.31 any building project eligible for reimbursement under section 256B.434, subdivision 4f,
222.32 the replacement-costs-new per bed limit shall be \$74,280 per licensed bed in multiple-bed
222.33 rooms, \$92,850 per licensed bed in semiprivate rooms with a fixed partition separating

223.2 adjusted annually as specified in subdivision 3f, paragraph (a), beginning January 1, 2000.

223.3 Sec. 44. Minnesota Statutes 2006, section 256B.431, subdivision 41, is amended to
223.4 read:

223.5 Subd. 41. **Rate increases for October 1, 2005, and October 1, 2006.** (a) For the
223.6 rate period beginning October 1, 2005, the commissioner shall make available to each
223.7 nursing facility reimbursed under this section or section 256B.434 an adjustment equal to
223.8 2.2553 percent of the total operating payment rate, and for the rate year beginning October
223.9 1, 2006, the commissioner shall make available to each nursing facility reimbursed
223.10 under this section or section 256B.434 an adjustment equal to 1.2553 percent of the total
223.11 operating payment rate.

223.12 (b) 75 percent of the money resulting from the rate adjustment under paragraph (a)
223.13 must be used to increase wages and benefits and pay associated costs for all employees,
223.14 except management fees, the administrator, and central office staff. Except as provided
223.15 in paragraph (c), 75 percent of the money received by a facility as a result of the rate
223.16 adjustment provided in paragraph (a) must be used only for wage, benefit, and staff
223.17 increases implemented on or after the effective date of the rate increase each year, and
223.18 must not be used for increases implemented prior to that date.

223.19 (c) With respect only to the October 1, 2005, rate increase, a nursing facility that
223.20 incurred costs for salary and employee benefit increases first provided after July 1, 2003,
223.21 may count those costs towards the amount required to be spent on salaries and benefits
223.22 under paragraph (b). These costs must be reported to the commissioner in the form and
223.23 manner specified by the commissioner.

223.24 (d) Nursing facilities may apply for the portion of the rate adjustment under
223.25 paragraph (a) for employee wages and benefits and associated costs. The application
223.26 must be made to the commissioner and contain a plan by which the nursing facility
223.27 will distribute the funds according to paragraph (b). For nursing facilities in which the
223.28 employees are represented by an exclusive bargaining representative, an agreement
223.29 negotiated and agreed to by the employer and the exclusive bargaining representative
223.30 constitutes the plan. A negotiated agreement may constitute the plan only if the agreement
223.31 is finalized after the date of enactment of all increases for the rate year and signed by both
223.32 parties prior to submission to the commissioner. The commissioner shall review the
223.33 plan to ensure that the rate adjustments are used as provided in paragraph (b). To be
223.34 eligible, a facility must submit its distribution plan by March 31, 2006, and March 31,
223.35 2007, respectively. The commissioner may approve distribution plans on or before June

224.1 30, 2006, and June 30, 2007, respectively. The commissioner may waive the deadlines in
224.2 this paragraph under extraordinary circumstances, either retroactively or prospectively, to
224.3 be determined at the sole discretion of the commissioner. If a facility's distribution plan is
224.4 effective after the first day of the applicable rate period that the funds are available, the
224.5 rate adjustments are effective the same date as the facility's plan.

224.6 (e) A copy of the approved distribution plan must be made available to all employees
224.7 by giving each employee a copy or by posting a copy in an area of the nursing facility
224.8 to which all employees have access. If an employee does not receive the wage and
224.9 benefit adjustment described in the facility's approved plan and is unable to resolve the
224.10 problem with the facility's management or through the employee's union representative,
224.11 the employee may contact the commissioner at an address or telephone number provided
224.12 by the commissioner and included in the approved plan.

224.13 **EFFECTIVE DATE.** This section is effective upon enactment and is retroactive
224.14 from October 1, 2005.

224.15 Sec. 45. Minnesota Statutes 2006, section 256B.49, subdivision 11, is amended to read:

225.24 that provides services to youth with disabilities under age 21 during nonschool hours
225.25 established to ensure health and safety, prevent out-of-home placement, and increase

226.5 survey county agencies to determine how the needs of youth with disabilities under age 21
226.6 who require supervision and support services are being met and the funding sources used.
226.7 The recommendations must be provided to the house and senate chairs of the committees
226.8 with jurisdiction over licensing of programs for youth with disabilities.

226.9 **ARTICLE 7**
226.10 **CONTINUING CARE**

226.11 Section 1. Minnesota Statutes 2006, section 47.58, subdivision 8, is amended to read:

226.12 Subd. 8. **Counseling; requirement; penalty.** A lender, mortgage banking company,
226.13 or other mortgage lender not related to the mortgagor must keep a certificate on file
226.14 documenting that the borrower, prior to entering into the reverse mortgage loan, received
226.15 counseling as defined in this subdivision from an organization that meets the requirements
226.16 of section 462A.209 and is a housing counseling agency approved by the Department of
226.17 Housing and Urban Development. The certificate must be signed by the mortgagor and
226.18 the counselor and include the date of the counseling, the name, address, and telephone
226.19 number of both the mortgagor and the organization providing counseling. A failure by
226.20 the lender to comply with this subdivision results in a \$1,000 civil penalty payable to
226.21 the mortgagor. For the purposes of this subdivision, "counseling" means the following
226.22 services are provided to the borrower:

- 226.23 (1) a review of the advantages and disadvantages of reverse mortgage programs;
226.24 (2) an explanation of how the reverse mortgage affects the borrower's estate and
226.25 public benefits;
226.26 (3) an explanation of the lending process;
226.27 (4) a discussion of the borrower's supplemental income needs; ~~and~~
226.28 (5) an explanation of the provisions of sections 256B.0913, subdivision 17, and
226.29 462A.05, subdivision 42; and
226.30 (6) an opportunity to ask questions of the counselor.

226.31 Sec. 2. Minnesota Statutes 2006, section 144A.073, subdivision 4, is amended to read:

226.32 Subd. 4. **Criteria for review.** The following criteria shall be used in a consistent
226.33 manner to compare, evaluate, and rank all proposals submitted. Except for the criteria

227.1 specified in clause (3), the application of criteria listed under this subdivision shall not
227.2 reflect any distinction based on the geographic location of the proposed project:

227.3 (1) the extent to which the proposal furthers state long-term care goals, including
227.4 the goal of enhancing the availability and use of alternative care services and the goal of
227.5 reducing the number of long-term care resident rooms with more than two beds;

227.6 (2) the proposal's long-term effects on state costs including the cost estimate of the
227.7 project according to section 144A.071, subdivision 5a;

227.8 (3) the extent to which the proposal promotes equitable access to long-term care
227.9 services in nursing homes through redistribution of the nursing home bed supply, as
227.10 measured by the number of beds relative to the population 85 or older, projected to the
227.11 year 2000 by the state demographer, and according to items (i) to (iv):

227.12 (i) reduce beds in counties where the supply is high, relative to the statewide mean,
227.13 and increase beds in counties where the supply is low, relative to the statewide mean;

227.14 (ii) adjust the bed supply so as to create the greatest benefits in improving the
227.15 distribution of beds;

227.16 (iii) adjust the existing bed supply in counties so that the bed supply in a county
227.17 moves toward the statewide mean; and

227.18 (iv) adjust the existing bed supply so that the distribution of beds as projected for the
227.19 year 2020 would be consistent with projected need, based on the methodology outlined in
227.20 the Interagency Long-Term Care Committee's nursing home bed distribution study;

227.21 (4) the extent to which the project improves conditions that affect the health or
227.22 safety of residents, such as narrow corridors, narrow door frames, unenclosed fire exits,
227.23 and wood frame construction, and similar provisions contained in fire and life safety
227.24 codes and licensure and certification rules;

227.25 (5) the extent to which the project improves conditions that affect the comfort or
227.26 quality of life of residents in a facility or the ability of the facility to provide efficient
227.27 care, such as a relatively high number of residents in a room; inadequate lighting or
227.28 ventilation; poor access to bathing or toilet facilities; a lack of available ancillary space for
227.29 dining rooms, day rooms, or rooms used for other activities; problems relating to heating,
227.30 cooling, or energy efficiency; inefficient location of nursing stations; narrow corridors; or
227.31 other provisions contained in the licensure and certification rules;

227.32 (6) the extent to which the applicant demonstrates the delivery of quality care, as
227.33 defined in state and federal statutes and rules, to residents as evidenced by the two most
227.34 recent state agency certification surveys and the applicants' response to those surveys;

228.1 (7) the extent to which the project removes the need for waivers or variances
228.2 previously granted by either the licensing agency, certifying agency, fire marshal, or
228.3 local government entity;

228.4 (8) the extent to which the project increases the number of private or single bed
228.5 rooms; ~~and~~

228.6 (9) the extent to which the applicant demonstrates the continuing need for nursing
228.7 facility care in the community and adjacent communities; and

228.8 (10) other factors that may be developed in permanent rule by the commissioner of
228.9 health that evaluate and assess how the proposed project will further promote or protect
228.10 the health, safety, comfort, treatment, or well-being of the facility's residents.

228.11 **EFFECTIVE DATE.** This section is effective July 1, 2007.

228.12 Sec. 3. Minnesota Statutes 2006, section 252.27, subdivision 2a, is amended to read:

228.13 Subd. 2a. **Contribution amount.** (a) The natural or adoptive parents of a minor
228.14 child, including a child determined eligible for medical assistance without consideration of
228.15 parental income, must contribute to the cost of services used by making monthly payments
228.16 on a sliding scale based on income, unless the child is married or has been married,
228.17 parental rights have been terminated, or the child's adoption is subsidized according to
228.18 section 259.67 or through title IV-E of the Social Security Act. The parental contribution
228.19 is a partial or full payment for medical services provided for diagnostic, therapeutic,
228.20 curing, treating, mitigating, rehabilitation, maintenance, and personal care services as
228.21 defined in United States Code, title 26, section 213, needed by the child with a chronic
228.22 illness or disability.

228.23 (b) For households with adjusted gross income equal to or greater than 100 percent
228.24 of federal poverty guidelines, the parental contribution shall be computed by applying the
228.25 following schedule of rates to the adjusted gross income of the natural or adoptive parents:

228.26 (1) if the adjusted gross income is equal to or greater than 100 percent of federal
228.27 poverty guidelines and less than 175 percent of federal poverty guidelines, the parental
228.28 contribution is \$4 per month;

228.29 (2) if the adjusted gross income is equal to or greater than 175 percent of federal
228.30 poverty guidelines and less than or equal to 545 percent of federal poverty guidelines,
228.31 the parental contribution shall be determined using a sliding fee scale established by the
228.32 commissioner of human services which begins at one percent of adjusted gross income
228.33 at 175 percent of federal poverty guidelines and increases to 7.5 percent of adjusted
228.34 gross income for those with adjusted gross income up to 545 percent of federal poverty
228.35 guidelines;

229.1 (3) if the adjusted gross income is greater than 545 percent of federal poverty
229.2 guidelines and less than 675 percent of federal poverty guidelines, the parental
229.3 contribution shall be 7.5 percent of adjusted gross income;

229.4 (4) if the adjusted gross income is equal to or greater than 675 percent of federal
229.5 poverty guidelines and less than 975 percent of federal poverty guidelines, the parental
229.6 contribution shall be determined using a sliding fee scale established by the commissioner
229.7 of human services which begins at 7.5 percent of adjusted gross income at 675 percent of
229.8 federal poverty guidelines and increases to ten percent of adjusted gross income for those
229.9 with adjusted gross income up to 975 percent of federal poverty guidelines; and

229.10 (5) if the adjusted gross income is equal to or greater than 975 percent of federal
229.11 poverty guidelines, the parental contribution shall be 12.5 percent of adjusted gross
229.12 income.

229.13 If the child lives with the parent, the annual adjusted gross income is reduced by
229.14 \$2,400 prior to calculating the parental contribution. If the child resides in an institution
229.15 specified in section 256B.35, the parent is responsible for the personal needs allowance
229.16 specified under that section in addition to the parental contribution determined under this
229.17 section. The parental contribution is reduced by any amount required to be paid directly to
229.18 the child pursuant to a court order, but only if actually paid.

229.19 (c) The household size to be used in determining the amount of contribution under
229.20 paragraph (b) includes natural and adoptive parents and their dependents, including the
229.21 child receiving services. Adjustments in the contribution amount due to annual changes
229.22 in the federal poverty guidelines shall be implemented on the first day of July following
229.23 publication of the changes.

229.24 (d) For purposes of paragraph (b), "income" means the adjusted gross income of the
229.25 natural or adoptive parents determined according to the previous year's federal tax form,
229.26 except, effective retroactive to July 1, 2003, taxable capital gains to the extent the funds
229.27 have been used to purchase a home shall not be counted as income.

229.28 (e) The contribution shall be explained in writing to the parents at the time eligibility
229.29 for services is being determined. The contribution shall be made on a monthly basis
229.30 effective with the first month in which the child receives services. Annually upon
229.31 redetermination or at termination of eligibility, if the contribution exceeded the cost of
229.32 services provided, the local agency or the state shall reimburse that excess amount to
229.33 the parents, either by direct reimbursement if the parent is no longer required to pay
229.34 a contribution, or by a reduction in or waiver of parental fees until the excess amount
229.35 is exhausted.

230.1 (f) The monthly contribution amount must be reviewed at least every 12 months;
230.2 when there is a change in household size; and when there is a loss of or gain in income
230.3 from one month to another in excess of ten percent. The local agency shall mail a written
230.4 notice 30 days in advance of the effective date of a change in the contribution amount.
230.5 A decrease in the contribution amount is effective in the month that the parent verifies a
230.6 reduction in income or change in household size.

230.7 (g) Parents of a minor child who do not live with each other shall each pay the
230.8 contribution required under paragraph (a). An amount equal to the annual court-ordered
230.9 child support payment actually paid on behalf of the child receiving services shall be
230.10 deducted from the adjusted gross income of the parent making the payment prior to
230.11 calculating the parental contribution under paragraph (b).

230.12 (h) The contribution under paragraph (b) shall be increased by an additional five
230.13 percent if the local agency determines that insurance coverage is available but not
230.14 obtained for the child. For purposes of this section, "available" means the insurance is a
230.15 benefit of employment for a family member at an annual cost of no more than five percent
230.16 of the family's annual income. For purposes of this section, "insurance" means health
230.17 and accident insurance coverage, enrollment in a nonprofit health service plan, health
230.18 maintenance organization, self-insured plan, or preferred provider organization.

230.19 Parents who have more than one child receiving services shall not be required
230.20 to pay more than the amount for the child with the highest expenditures. There shall
230.21 be no resource contribution from the parents. The parent shall not be required to pay
230.22 a contribution in excess of the cost of the services provided to the child, not counting
230.23 payments made to school districts for education-related services. Notice of an increase in
230.24 fee payment must be given at least 30 days before the increased fee is due.

230.25 (i) The contribution under paragraph (b) shall be reduced by \$300 per fiscal year if,
230.26 in the 12 months prior to July 1:

230.27 (1) the parent applied for insurance for the child;

230.28 (2) the insurer denied insurance;

230.29 (3) the parents submitted a complaint or appeal, in writing to the insurer, submitted
230.30 a complaint or appeal, in writing, to the commissioner of health or the commissioner of
230.31 commerce, or litigated the complaint or appeal; and

230.32 (4) as a result of the dispute, the insurer reversed its decision and granted insurance.

230.33 For purposes of this section, "insurance" has the meaning given in paragraph (h).

230.34 A parent who has requested a reduction in the contribution amount under this
230.35 paragraph shall submit proof in the form and manner prescribed by the commissioner or
230.36 county agency, including, but not limited to, the insurer's denial of insurance, the written

231.1 letter or complaint of the parents, court documents, and the written response of the insurer
231.2 approving insurance. The determinations of the commissioner or county agency under this
231.3 paragraph are not rules subject to chapter 14.

231.4 Sec. 4. **[252.295] LICENSING EXCEPTION.**

231.5 (a) Notwithstanding section 252.294, the commissioner may license two six-bed,
231.6 level B intermediate care facilities for persons with developmental disabilities (ICF's/MR)
231.7 to replace a 15-bed level A facility in Minneapolis that is not accessible to persons with
231.8 disabilities. The new facilities must be accessible to persons with disabilities and must
231.9 be located on a different site or sites in Hennepin County. Notwithstanding section
231.10 256B.5012, the payment rate at the new facilities is \$200.47 plus any rate adjustments for
231.11 ICF's/MR effective on or after July 1, 2007.

231.12 (b) Notwithstanding section 252.294, the commissioner may license one six-bed
231.13 level B intermediate care facility for persons with developmental disabilities to replace
231.14 a downsized 21-bed facility attached to a day training and habilitation program in
231.15 Chisholm. Notwithstanding section 256B.5012, the facility must serve persons who
231.16 require substantial nursing care and are able to leave the facility to receive day training
231.17 and habilitation services. The payment rate at this facility is \$274.50.

231.18 (c) Notwithstanding section 256B.5012, the payment rate of a six-bed level B
231.19 intermediate care facility for persons with developmental disabilities in Hibbing, with a
231.20 per diem rate of \$164.13 as of March 1, 2007, for persons who require substantial nursing
231.21 care and are able to leave the facility to receive day training and habilitation services shall
231.22 be increased to \$250.84.

231.23 (d) The payment rates in paragraphs (b) and (c) are effective October 1, 2009.

231.24 Sec. 5. Minnesota Statutes 2006, section 256.01, is amended by adding a subdivision
231.25 to read:

231.26 Subd. 23. **Reverse mortgage information and referral.** The commissioner, in
231.27 cooperation with the commissioner of the Minnesota Housing Finance Agency, shall:

231.28 (1) establish an information and referral system to inform eligible persons regarding
231.29 the availability of reverse mortgages and state incentives available to persons who take
231.30 out certain reverse mortgages. The information and referral system shall be established
231.31 involving the Senior LinkAge Line, county and tribal agencies, community housing
231.32 agencies and organizations, Minnesota-certified reverse mortgage counselors, reverse
231.33 mortgage lenders, senior and elder community organizations, and other relevant entities;
231.34 and

232.1 (2) coordinate necessary training for Senior LinkAge Line employees, mortgage
232.2 counselors, and lenders regarding the provisions of sections 256B.0913, subdivision
232.3 17, and 462A.05, subdivision 42.

232.4 Sec. 6. Minnesota Statutes 2006, section 256.01, is amended by adding a subdivision
232.5 to read:

232.6 Subd. 24. **Disability linkage line.** The commissioner shall establish the disability
232.7 linkage line, a statewide consumer information, referral, and assistance system for people
232.8 with disabilities and chronic illnesses that:

232.9 (1) provides information about state and federal eligibility requirements, benefits,
232.10 and service options;

232.11 (2) makes referrals to appropriate support entities;

232.12 (3) delivers information and assistance based on national and state standards;

232.13 (4) assists people to make well-informed decisions; and

232.14 (5) supports the timely resolution of service access and benefit issues.

232.15 Sec. 7. Minnesota Statutes 2006, section 256.975, subdivision 7, is amended to read:

232.16 Subd. 7. **Consumer information and assistance; senior linkage.** (a) The
232.17 Minnesota Board on Aging shall operate a statewide information and assistance service
232.18 to aid older Minnesotans and their families in making informed choices about long-term
232.19 care options and health care benefits. Language services to persons with limited English
232.20 language skills may be made available. The service, known as Senior LinkAge Line, must
232.21 be available during business hours through a statewide toll-free number and must also
232.22 be available through the Internet.

232.23 (b) The service must assist older adults, caregivers, and providers in accessing
232.24 information about choices in long-term care services that are purchased through private
232.25 providers or available through public options. The service must:

232.26 (1) develop a comprehensive database that includes detailed listings in both
232.27 consumer- and provider-oriented formats;

232.28 (2) make the database accessible on the Internet and through other telecommunication
232.29 and media-related tools;

232.30 (3) link callers to interactive long-term care screening tools and make these tools
232.31 available through the Internet by integrating the tools with the database;

232.32 (4) develop community education materials with a focus on planning for long-term
232.33 care and evaluating independent living, housing, and service options;

233.1 (5) conduct an outreach campaign to assist older adults and their caregivers in

233.10 mortgages, including the provisions of sections 47.58, 256B.0913, subdivision 17, and
233.11 462A.05, subdivision 42; and

233.12 (10) incorporate information about housing with services and consumer rights
233.13 within the MinnesotaHelp.info network long-term care database to facilitate consumer
233.14 comparison of services and costs among housing with services establishments and with
233.15 other in-home services and to support financial self-sufficiency as long as possible.
233.16 Housing with services establishments and their arranged home care providers shall provide
233.17 information to the commissioner of human services that is consistent with information
233.18 required by the commissioner of health under section 144G.06, the Uniform Consumer
233.19 Information Guide. The commissioner of human services shall provide the data to the
233.20 Minnesota Board on Aging for inclusion in the MinnesotaHelp.info network long-term
233.21 care database.

233.22 (c) The Minnesota Board on Aging shall conduct an evaluation of the effectiveness
233.23 of the statewide information and assistance, and submit this evaluation to the legislature
233.24 by December 1, 2002. The evaluation must include an analysis of funding adequacy, gaps
233.25 in service delivery, continuity in information between the service and identified linkages,
233.26 and potential use of private funding to enhance the service.

233.27 **EFFECTIVE DATE.** This section is effective the day following final enactment.

233.28 Sec. 8. Minnesota Statutes 2006, section 256B.056, subdivision 1a, is amended to read:

233.29 Subd. 1a. **Income and assets generally.** Unless specifically required by state law or
233.30 rule or federal law or regulation, the methodologies used in counting income and assets
233.31 to determine eligibility for medical assistance for persons whose eligibility category is
233.32 based on blindness, disability, or age of 65 or more years, the methodologies for the
233.33 supplemental security income program shall be used, except as provided under subdivision
233.34 3, paragraph (f). Increases in benefits under title II of the Social Security Act shall not be
233.35 counted as income for purposes of this subdivision until July 1 of each year. Effective

234.1 upon federal approval, for children eligible under section 256B.055, subdivision 12, or
234.2 for home and community-based waiver services whose eligibility for medical assistance
234.3 is determined without regard to parental income, child support payments, including any
234.4 payments made by an obligor in satisfaction of or in addition to a temporary or permanent
234.5 order for child support, and Social Security payments are not counted as income. For
234.6 families and children, which includes all other eligibility categories, the methodologies
234.7 under the state's AFDC plan in effect as of July 16, 1996, as required by the Personal
234.8 Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), Public
234.9 Law 104-193, shall be used, except that effective October 1, 2003, the earned income
234.10 disregards and deductions are limited to those in subdivision 1c. For these purposes, a
234.11 "methodology" does not include an asset or income standard, or accounting method,
234.12 or method of determining effective dates.

234.13 Sec. 9. Minnesota Statutes 2006, section 256B.056, subdivision 3, is amended to read:

234.14 Subd. 3. **Asset limitations for aged, blind, or disabled individuals ~~and families~~.**

234.15 To be eligible for medical assistance, a person must not individually own more than \$3,000
234.16 in assets, or if a member of a household with two family members, husband and wife,
234.17 or parent and child, the household must not own more than \$6,000 in assets, plus \$200
234.18 for each additional legal dependent. In addition to these maximum amounts, an eligible
234.19 individual or family may accrue interest on these amounts, but they must be reduced to the
234.20 maximum at the time of an eligibility redetermination. The accumulation of the clothing
234.21 and personal needs allowance according to section 256B.35 must also be reduced to the
234.22 maximum at the time of the eligibility redetermination. The value of assets that are not
234.23 considered in determining eligibility for medical assistance is the value of those assets
234.24 excluded under the supplemental security income program for aged, blind, and disabled
234.25 persons, with the following exceptions:

234.26 (a) Household goods and personal effects are not considered.

234.28 determines are necessary to the person's ability to earn an income are not considered.

234.29 (c) Motor vehicles are excluded to the same extent excluded by the supplemental
234.30 security income program.

234.31 (d) Assets designated as burial expenses are excluded to the same extent excluded by
234.32 the supplemental security income program. Burial expenses funded by annuity contracts
234.33 or life insurance policies must irrevocably designate the individual's estate as contingent
234.34 beneficiary to the extent proceeds are not used for payment of selected burial expenses.

(e) Effective upon federal approval, for a person who no longer qualifies as an employed person with a disability due to loss of earnings, assets allowed while eligible for medical assistance under section 256B.057, subdivision 9, are not considered for 12 months, beginning with the first month of ineligibility as an employed person with a disability, to the extent that the person's total assets remain within the allowed limits of section 256B.057, subdivision 9, paragraph (b).

(f) When a person enrolled in medical assistance under section 256B.057, subdivision 9, reaches age 65 and has been enrolled during each of the 24 consecutive months before the person's 65th birthday, the assets owned by the person and the person's spouse must be disregarded, up to the limits of section 256B.057, subdivision 9, paragraph (b), when determining eligibility for medical assistance under section 256B.055, subdivision 7. The income of a spouse of a person enrolled in medical assistance under section 256B.057, subdivision 9, during each of the 24 consecutive months before the person's 65th birthday must be disregarded when determining eligibility for medical assistance under section 256B.055, subdivision 7, when the person reaches age 65. This paragraph does not apply at the time the person or the person's spouse requests medical assistance payment for long-term care services.

EFFECTIVE DATE. This section is effective July 1, 2007.

(b) Medical assistance reimbursement for lodging for persons traveling to receive medical care may not exceed \$50 per day unless prior authorized by the local agency.

(c) Medical assistance direct mileage reimbursement to the eligible person or the eligible person's driver may not exceed 20 cents per mile.

(d) Regardless of the number of employees that an enrolled health care provider may have, medical assistance covers sign and oral language interpreter services when provided by an enrolled health care provider during the course of providing a direct, person-to-person covered health care service to an enrolled recipient with limited English proficiency or who has a hearing loss and uses interpreting services.

Sec. 11. Minnesota Statutes 2006, section 256B.0625, is amended by adding a subdivision to read:

236.1 Subd. 49. **Self-directed supports option.** Upon federal approval, medical
236.2 assistance covers the self-directed supports option as defined under section 256B.0657 and
236.3 section 6087 of the Federal Deficit Reduction Act of 2005, Public Law 109-171.

236.4 **EFFECTIVE DATE.** This section is effective upon federal approval of the state
236.5 Medicaid plan amendment. The commissioner of human services shall inform the Office
236.6 of the Revisor of Statutes when approval is obtained.

236.7 Sec. 12. Minnesota Statutes 2006, section 256B.0651, subdivision 7, is amended to
236.8 read:

236.9 Subd. 7. **Prior authorization; time limits.** The commissioner or the commissioner's
236.10 designee shall determine the time period for which a prior authorization shall be effective
236.11 and, if flexible use has been requested, whether to allow the flexible use option. If
236.12 the recipient continues to require home care services beyond the duration of the prior
236.13 authorization, the home care provider must request a new prior authorization. A personal
236.14 care provider agency must request a new personal care assistant services assessment, or
236.15 service update if allowed, at least 60 days prior to the end of the current prior authorization
236.16 time period. The request for the assessment must be made on a form approved by the
236.17 commissioner. Under no circumstances, other than the exceptions in subdivision 4, shall a
236.18 prior authorization be valid prior to the date the commissioner receives the request or for
236.19 more than 12 months. A recipient who appeals a reduction in previously authorized home
236.20 care services may continue previously authorized services, other than temporary services
236.21 under subdivision 8, pending an appeal under section 256.045. The commissioner must
236.22 provide a detailed explanation of why the authorized services are reduced in amount from
236.23 those requested by the home care provider.

236.24 Sec. 13. Minnesota Statutes 2006, section 256B.0655, subdivision 1b, is amended to
236.25 read:

236.26 Subd. 1b. **Assessment.** "Assessment" means a review and evaluation of a recipient's
236.27 need for home care services conducted in person. Assessments for personal care assistant
236.28 services shall be conducted by the county public health nurse or a certified public
236.29 health nurse under contract with the county. A face-to-face assessment must include:
236.30 documentation of health status, determination of need, evaluation of service effectiveness,
236.31 identification of appropriate services, service plan development or modification,
236.32 coordination of services, referrals and follow-up to appropriate payers and community
236.33 resources, completion of required reports, recommendation of service authorization, and
236.34 consumer education. Once the need for personal care assistant services is determined

237.1 under this section or sections 256B.0651, 256B.0653, 256B.0654, and 256B.0656, the
237.2 county public health nurse or certified public health nurse under contract with the county
237.3 is responsible for communicating this recommendation to the commissioner and the
237.4 recipient. A face-to-face assessment for personal care assistant services is conducted
237.5 on those recipients who have never had a county public health nurse assessment. A
237.6 face-to-face assessment must occur at least annually or when there is a significant change
237.7 in the recipient's condition or when there is a change in the need for personal care assistant
237.8 services. A service update may substitute for the annual face-to-face assessment when
237.9 there is not a significant change in recipient condition or a change in the need for personal
237.10 care assistant service. A service update may be completed by telephone, used when there
237.11 is no need for an increase in personal care assistant services, and used for two consecutive
237.12 assessments if followed by a face-to-face assessment. A service update must be completed
237.13 on a form approved by the commissioner. A service update or review for temporary
237.14 increase includes a review of initial baseline data, evaluation of service effectiveness,
237.15 redetermination of service need, modification of service plan and appropriate referrals,
237.16 update of initial forms, obtaining service authorization, and on going consumer education.
237.17 Assessments must be completed on forms provided by the commissioner within 30 days
237.18 of a request for home care services by a recipient or responsible party or personal care
237.19 provider agency.

237.20 Sec. 14. Minnesota Statutes 2006, section 256B.0655, subdivision 3, is amended to
237.21 read:

237.22 Subd. 3. **Assessment and service plan.** Assessments under subdivision 1b
237.23 and sections 256B.0651, subdivision 1, paragraph (b), and 256B.0654, subdivision 1,
237.24 paragraph (a), shall be conducted initially, and at least annually thereafter, in person
237.25 with the recipient and result in a completed service plan using forms specified by
237.26 the commissioner. A personal care provider agency must use a form approved by
237.27 the commissioner to request a county public health nurse to conduct a personal care
237.28 assistant services assessment. When requesting a reassessment, the personal care provider
237.29 agency must notify the county and the recipient at least 60 days prior to the end of the
237.30 current prior authorization for personal care assistant services. The recipient notice
237.31 shall include information on the recipient's appeal rights. Within 30 days of recipient
237.32 or responsible party or personal care assistant provider agency request for home care
237.33 services, the assessment, the service plan, and other information necessary to determine
237.34 medical necessity such as diagnostic or testing information, social or medical histories,
237.35 and hospital or facility discharge summaries shall be submitted to the commissioner.

238.1 Notwithstanding the provisions of subdivision 8, the commissioner shall maximize
238.2 federal financial participation to pay for public health nurse assessments for personal care
238.3 services. For personal care assistant services:

238.4 (1) The amount and type of service authorized based upon the assessment and
238.5 service plan will follow the recipient if the recipient chooses to change providers.

238.6 (2) If the recipient's need changes, the recipient's provider may assess the need for
238.7 a change in service authorization and request the change from the county public health
238.8 nurse. The request must be made on a form approved by the commissioner. Within 30
238.9 days of the request, the public health nurse will determine whether to request the change
238.10 in services based upon the provider assessment, or conduct a home visit to assess the need
238.11 and determine whether the change is appropriate. If the change in service need is due to
238.12 a change in medical condition, a new physician's statement of need required by section
238.13 256B.0625, subdivision 19c, must be obtained.

238.14 (3) To continue to receive personal care assistant services after the first year,
238.15 the recipient or the responsible party, in conjunction with the public health nurse,
238.16 may complete a service update on forms developed by the commissioner according to
238.17 criteria and procedures in subdivisions 1a to 1i and sections 256B.0651, subdivision 1;
238.18 256B.0653, subdivision 1; and 256B.0654, subdivision 1.

238.19 Sec. 15. Minnesota Statutes 2006, section 256B.0655, subdivision 8, is amended to
238.20 read:

238.21 Subd. 8. **Public health nurse assessment rate.** (a) The reimbursement rates for
238.22 public health nurse visits that relate to the provision of personal care services under this
238.23 section and section 256B.0625, subdivision 19a, are:

238.24 (i) \$210.50 for a face-to-face assessment visit;

238.25 (ii) \$105.25 for each service update; and

238.26 (iii) \$105.25 for each request for a temporary service increase.

238.27 (b) The rates specified in paragraph (a) must be adjusted to reflect provider rate
238.28 increases for personal care assistant services that are approved by the legislature for the
238.29 fiscal year ending June 30, 2000, and subsequent fiscal years. Any requirements applied
238.30 by the legislature to provider rate increases for personal care assistant services also apply
238.31 to adjustments under this paragraph.

238.32 (c) Effective July 1, 2008, the payment rate for an assessment under this section and
238.33 section 256B.0651 shall be reduced by 25 percent when the assessment is not completed
238.34 on time or the service agreement documentation is not submitted in time to continue
238.35 services. The commissioner shall recoup these amounts on a retroactive basis.

Sec. 16. **[256B.0657] SELF-DIRECTED SUPPORTS OPTION.**

Subdivision 1. Definition. "Self-directed supports option" means personal assistance, supports, items, and related services purchased under an approved budget plan and budget by a recipient.

(3) lives in the person's own apartment or home, which is not owned, operated, or controlled by a provider of services not related by blood or marriage;

(4) has the ability to hire, fire, supervise, establish staff compensation for, and manage the individuals providing services, and to choose and obtain items, related services, and supports as described in the participant's plan. If the recipient is not able to carry out these functions but has a legal guardian or parent to carry them out, the guardian or parent may fulfill these functions on behalf of the recipient; and

(5) has not been excluded or disenrolled by the commissioner.

(b) The commissioner may disenroll or exclude recipients, including guardians and parents, under the following circumstances:

(2) recipients who exit the self-directed supports option during the recipient's service plan year shall not access the self-directed supports option for the remainder of that service plan year.

Subd. 3. Eligibility for other services. Selection of the self-directed supports option by a recipient shall not restrict access to other medically necessary care and services furnished under the state plan medical assistance benefit, including home care targeted case management, except that a person receiving home and community-based waiver services, a family support grant or a consumer support grant is not eligible for funding under the self-directed supports option.

Subd. 4. Assessment requirements. (a) The self-directed supports option assessment must meet the following requirements:

(1) it shall be conducted by the county public health nurse or a certified public health nurse under contract with the county;

(2) it shall be conducted face-to-face in the recipient's home initially, and at least annually thereafter; when there is a significant change in the recipient's condition; and

240.1 when there is a change in the need for personal care assistant services. A recipient who is
240.2 residing in a facility may be assessed for the self-directed support option for the purpose
240.3 of returning to the community using this option; and

240.4 (3) it shall be completed using the format established by the commissioner.

240.9 self-directed supports option must meet the following requirements:

240.10 (1) the plan must be completed using a person-centered process that:

240.11 (i) builds upon the recipient's capacity to engage in activities that promote
240.12 community life;

240.13 (ii) respects the recipient's preferences, choices, and abilities;

240.14 (iii) involves families, friends, and professionals in the planning or delivery of
240.15 services or supports as desired or required by the recipient; and

240.17 self-directed supports option assessment;

240.18 (2) the plan shall be developed by the recipient or by the guardian of an adult
240.19 recipient or by a parent or guardian of a minor child, with the assistance of an enrolled
240.20 medical assistance home care targeted case manager provider who meets the requirements
240.21 established for using a person-centered planning process and shall be reviewed at least
240.22 annually upon reassessment or when there is a significant change in the recipient's
240.23 condition; and

240.24 (3) the plan must include the total budget amount available divided into monthly
240.25 amounts that cover the number of months of personal care assistant services authorization
240.26 included in the budget. The amount used each month may vary, but additional funds shall
240.27 not be provided above the annual personal care assistant services authorized amount
240.28 unless a change in condition is documented.

240.29 (b) The commissioner shall:

240.30 (1) establish the format and criteria for the plan as well as the requirements for
240.31 providers who assist with plan development;

240.32 (2) review the assessment and plan and, within 30 days after receiving the
240.33 assessment and plan, make a decision on approval of the plan;

240.34 (3) notify the recipient, parent, or guardian of approval or denial of the plan and
240.35 provide notice of the right to appeal under section 256.045; and

240.36 (4) provide a copy of the plan to the fiscal support entity selected by the recipient.

241.1 Subd. 6. **Services covered.** (a) Services covered under the self-directed supports
241.2 option include:

241.4 (2) items, related services, and supports, including assistive technology, that increase
241.5 independence or substitute for human assistance to the extent expenditures would
241.6 otherwise be used for human assistance.

241.8 considered home care services for the purposes of section 144A.43.

241.31 to treat a physical condition or to improve or maintain the recipient's physical condition.

246.29 all prospective residents of the availability of and contact information for transitional
246.30 consultation services under this subdivision prior to executing a lease or contract with the
246.31 prospective resident. The purpose of transitional long-term care consultation is to support
246.32 persons with current or anticipated long-term care needs in making informed choices
246.33 among options that include the most cost-effective and least restrictive settings, and to
246.34 delay spenddown to eligibility for publicly funded programs by connecting people to
246.35 alternative services in their homes before transition to housing with services. Regardless

247.2 services or assisted living if that option is their preference.

247.3 (b) Transitional consultation services are provided as determined by the
247.4 commissioner of human services in partnership with county long-term care consultation

247.7 consultation shall be performed in a manner that provides objective and complete
247.8 information. Transitional consultation must be provided within five working days of the
247.9 request of the prospective resident as follows:

247.10 (1) the consultation must be provided by a qualified professional as determined by
247.11 the commissioner;

247.12 (2) the consultation must include a review of the prospective resident's reasons for
247.13 considering assisted living, the prospective resident's personal goals, a discussion of the
247.14 prospective resident's immediate and projected long-term care needs, and alternative
247.15 community services or assisted living settings that may meet the prospective resident's
247.16 needs; and

247.17 (3) the prospective resident shall be informed of the availability of long-term care
247.18 consultation services described in subdivision 3a that are available at no charge to the
247.19 prospective resident to assist the prospective resident in assessment and planning to meet
247.20 the prospective resident's long-term care needs.

247.21 **EFFECTIVE DATE.** This section is effective October 1, 2008.

247.22 Sec. 20. Minnesota Statutes 2006, section 256B.0913, is amended by adding a
247.23 subdivision to read:

247.24 Subd. 17. **Services for persons using reverse mortgages.** (a) Alternative care
247.25 services are available to a person if:

247.26 (1) the person qualifies for the reverse mortgage incentive program under section
247.27 462A.05, subdivision 42, and has received the final payment on a qualifying reverse
247.28 mortgage, or the person satisfies the criteria in section 462A.05, subdivision 42, paragraph
247.29 (b), clauses (1) to (5), and has otherwise obtained a reverse mortgage and payments from

247.33 alternative to a nursing facility placement; and

248.1 (2) the person satisfies the eligibility criteria under this section, other than age,
248.2 income, and assets, and verifies that reverse mortgage expenditures were made according
248.3 to the spending plan established under section 256B.0911, if one has been established.

248.4 (b) In addition to the other services provided under this section, a person who
248.5 qualifies under this subdivision shall not be assessed a monthly participation fee under
248.6 subdivision 12 nor be subject to an estate claim under section 256B.15 for services
248.7 received under this section.

248.8 (c) The commissioner shall require a certification of loan satisfaction or other
248.9 documentation that the person qualifies under this subdivision.

248.10 Sec. 21. Minnesota Statutes 2006, section 256B.0915, is amended to read:

248.13 and community-based services waiver for the elderly, authorized under section 1915(c)
248.14 of the Social Security Act, in order to obtain federal financial participation to expand
248.15 the availability of services for persons who are eligible for medical assistance. The
248.16 commissioner may apply for additional waivers or pursue other federal financial
248.17 participation which is advantageous to the state for funding home care services for the
248.18 frail elderly who are eligible for medical assistance. The provision of waived services
248.19 to elderly and disabled medical assistance recipients must comply with the criteria for
248.20 service definitions and provider standards approved in the waiver.

248.21 Subd. 1a. **Elderly waiver case management services.** (a) Elderly case management
248.22 services under the home and community-based services waiver for elderly individuals are

248.26 Case management services assist individuals who receive waiver services in gaining
248.27 access to needed waiver and other state plan services, as well as needed medical, social,

248.29 access is gained.

248.30 A case aide shall provide assistance to the case manager in carrying out
248.31 administrative activities of the case management function. The case aide may not assume

249.12 qualification requirements and standards in this subdivision and other federal and state
249.13 requirements of this service. An elderly case management provider is an enrolled medical
249.14 assistance provider who is determined by the commissioner to have all of the following
249.15 characteristics:

249.17 case management to coordinate and link community resources needed by the eligible
249.18 population;

249.19 (2) administrative capacity and experience in serving the target population for
249.20 whom it will provide services and in ensuring quality of services under state and federal
249.21 requirements;

249.22 (3) a financial management system that provides accurate documentation of services
249.23 and costs under state and federal requirements;

249.24 (4) the capacity to document and maintain individual case records under state and
249.25 federal requirements; and

249.26 (5) the ~~county~~ lead agency may allow a case manager employed by the ~~county~~ lead
249.27 agency to delegate certain aspects of the case management activity to another individual
249.28 employed by the ~~county~~ lead agency provided there is oversight of the individual by

249.30 professional judgment including assessments, reassessments, and care plan development.
249.31 Lead agencies include counties, health plans, and federally recognized tribes who
249.32 authorize services under this section.

249.33 ~~Subd. 1c. Case management activities under the state plan. The commissioner~~
249.34 ~~shall seek an amendment to the home and community-based services waiver for the~~

Additional recipients may be served with the approval of the commissioner.

Subd. 3a. **Elderly waiver cost limits.** (a) The monthly limit for the cost of waived services to an individual elderly waiver client shall be the weighted average monthly nursing facility rate of the case mix resident class to which the elderly waiver client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, less the recipient's maintenance needs allowance as described in subdivision 1d, paragraph (a), until the first

251.1 day of the state fiscal year in which the resident assessment system as described in section

253.7 to which the elderly waiver eligible client would be assigned under Minnesota Rules,
253.8 parts 9549.0050 to 9549.0059, less the maintenance needs allowance as described in
253.9 subdivision 1d, paragraph (a), until the July 1 of the state fiscal year in which the resident

253.15 described in this clause which was in effect on June 30 of the previous state fiscal year
253.16 and which has been adjusted by the greater of any legislatively adopted home and

Subd. 3h. **Service rate limits; 24-hour customized living services.** The payment rates for 24-hour customized living services is a monthly rate negotiated and authorized by the lead agency within the parameters established by the commissioner of human services. 256.18 (c) Effective July 1, 2003, any county or group of counties not listed in paragraph (a)
256.19 may establish a quality assurance system under this section. A new system established
256.20 under this section shall have the same rights and duties as the system established
256.21 under paragraph (a). A new system shall be governed by a commission under section
256.22 256B.0951. The commissioner shall appoint the initial commission members based
256.23 on recommendations from advocates, families, service providers, and counties in the
256.24 geographic area included in the new system. Counties that choose to participate in a
256.25 new system shall have the duties assigned under section 256B.0952. The new system
256.26 shall establish a quality assurance process under section 256B.0953. The provisions of
256.27 section 256B.0954 shall apply to a new system established under this paragraph. The
256.28 commissioner shall delegate authority to a new system established under this paragraph
256.29 according to section 256B.0955.

256.30 (d) Effective July 1, 2007, the quality assurance system may be expanded to include
256.31 programs for persons with disabilities and older adults.

256.32 Sec. 23. Minnesota Statutes 2006, section 256B.0951, subdivision 1, is amended to
256.33 read:

257.1 Subdivision 1. **Membership.** The Quality Assurance Commission is established.
257.2 The commission consists of at least 14 but not more than 21 members as follows: at
257.3 least three but not more than five members representing advocacy organizations; at

257.5 legal representatives; at least three but not more than five members representing service
257.6 providers; at least three but not more than five members representing counties; and the
257.7 commissioner of human services or the commissioner's designee. The first commission
257.8 shall establish membership guidelines for the transition and recruitment of membership for
257.9 the commission's ongoing existence. Members of the commission who do not receive a
257.10 salary or wages from an employer for time spent on commission duties may receive a per
257.11 diem payment when performing commission duties and functions. All members may be
257.12 reimbursed for expenses related to commission activities. Notwithstanding the provisions
257.13 of section 15.059, subdivision 5, the commission expires on June 30, ~~2009~~ 2014.

257.14 Sec. 24. **[256B.096] QUALITY MANAGEMENT, ASSURANCE, AND**
257.15 **IMPROVEMENT SYSTEM FOR MINNESOTANS RECEIVING DISABILITY**
257.16 **SERVICES.**

257.17 Subdivision 1. **Scope.** In order to improve the quality of services provided to
257.18 Minnesotans with disabilities and to meet the requirements of the federally approved home
257.19 and community-based waivers under section 1915c of the Social Security Act, a statewide
257.20 quality assurance and improvement system for Minnesotans receiving disability services
257.21 shall be developed. The disability services included are the home and community-based
257.22 services waiver programs for persons with developmental disabilities under section
257.23 256B.092, subdivision 4, and for persons with disabilities under section 256B.49.

257.24 Subd. 2. **Stakeholder advisory group.** The commissioner shall consult with a
257.25 stakeholder advisory group on the development and implementation of the state quality
257.26 management, assurance, and improvement system, including representatives of disability
257.27 service recipients, disability service providers, disability advocacy groups, county human
257.28 service agencies, and state agency staff from the Departments of Human Services and
257.29 Health, and the ombudsman for mental health and developmental disabilities on the
257.30 development of a statewide quality assurance and improvement system.

257.31 Subd. 3. **Annual survey of service recipients.** The commissioner, in consultation
257.32 with the stakeholder advisory group, shall develop an annual independent random
257.33 statewide survey of between five and ten percent of service recipients to determine the
257.34 effectiveness and quality of disability services. The survey shall be consistent with the
257.35 system performance expectations of the Centers for Medicare and Medicaid Services

258.1 quality management requirements and framework. The survey shall analyze whether
258.2 desired outcomes have been achieved for persons with different demographic, diagnostic,
258.3 health, and functional needs receiving different types of services, in different settings,
258.4 with different costs. The survey shall be field tested during 2008. The biennial report
258.5 established in subdivision 5 shall include recommendations on statewide and regional
258.6 reports of the survey results that, if published, would be useful to regions, counties, and
258.7 providers to plan and measure the impact of quality improvement activities.

258.8 Subd. 4. **Improvements for incident reporting, investigation, analysis, and**
258.9 **follow-up.** In consultation with the stakeholder advisory group, the commissioner shall
258.10 identify the information, data sources, and technology needed to improve the system
258.11 of incident reporting, including:

258.12 (1) reports made under the Maltreatment of Minors and Vulnerable Adults Acts; and
258.13 (2) investigation, analysis, and follow-up for disability services.

258.14 The commissioner must ensure that the federal home and community-based waiver
258.15 requirements are met and that incidents that may have jeopardized safety and health or
258.16 violated service-related assurances, civil and human rights, and other protections designed
258.17 to prevent abuse, neglect, and exploitation, are reviewed, investigated, and acted upon
258.18 in a timely manner.

258.19 Subd. 5. **Biennial report.** The commissioner shall provide a biennial report to the
258.20 chairs of the legislative committees with jurisdiction over health and human services
258.21 policy and funding beginning January 15, 2009, on the development and activities of the
258.22 quality management, assurance, and improvement system designed to meet the federal
258.23 requirements under the home and community-based services waiver programs for persons
258.24 with disabilities. By January 15, 2008, the commissioner shall provide a preliminary
258.25 report on priorities for meeting the federal requirements, progress on development and
258.26 field testing of the annual survey, appropriations necessary to implement an annual survey
258.27 of service recipients once field testing is completed, recommendations for improvements
258.28 in the incident reporting system, and a plan for incorporating quality assurance efforts
258.29 under section 256B.095 and other regional efforts into the statewide system.

258.30 Sec. 25. Minnesota Statutes 2006, section 256B.15, is amended by adding a
258.31 subdivision to read:

258.32 Subd. 9. **Recovery of alternative care and certain reverse mortgages.** The state
258.33 and a county agency shall not recover alternative care paid for a person under section
258.34 256B.0913, subdivision 17, under this section.

259.1 Sec. 26. Minnesota Statutes 2006, section 256B.431, subdivision 2e, is amended to
259.2 read:

259.3 Subd. 2e. **Contracts for services for ventilator-dependent persons.** (a)

259.4 The commissioner may negotiate with a nursing facility eligible to receive medical
259.5 assistance payments to provide services to a ventilator-dependent person identified by the
259.6 commissioner according to criteria developed by the commissioner, including:

259.7 (1) nursing facility care has been recommended for the person by a preadmission
259.8 screening team;

259.9 (2) the person has been hospitalized and no longer requires inpatient acute care
259.10 hospital services; and

259.11 (3) the commissioner has determined that necessary services for the person cannot
259.12 be provided under existing nursing facility rates.

259.13 The commissioner may negotiate an adjustment to the operating cost payment
259.14 rate for a nursing facility with a resident who is ventilator-dependent, for that resident.
259.15 The negotiated adjustment must reflect only the actual additional cost of meeting the
259.16 specialized care needs of a ventilator-dependent person identified by the commissioner
259.17 for whom necessary services cannot be provided under existing nursing facility rates and
259.18 which are not otherwise covered under Minnesota Rules, parts 9549.0010 to 9549.0080 or
259.19 9505.0170 to 9505.0475. For persons who are initially admitted to a nursing facility before
259.20 July 1, 2001, and have their payment rate under this subdivision negotiated after July 1,
259.21 2001, the negotiated payment rate must not exceed 200 percent of the highest multiple
259.22 bedroom payment rate for the facility, as initially established by the commissioner for the
259.23 rate year for case mix classification K; or, upon implementation of the RUG's-based case
259.24 mix system, 200 percent of the highest RUG's rate. For persons initially admitted to a
259.25 nursing facility on or after July 1, 2001, the negotiated payment rate must not exceed 300
259.26 percent of the facility's multiple bedroom payment rate for case mix classification K; or,
259.27 upon implementation of the RUG's-based case mix system, 300 percent of the highest
259.28 RUG's rate. The negotiated adjustment shall not affect the payment rate charged to private
259.29 paying residents under the provisions of section 256B.48, subdivision 1.

259.30 (b) Effective July 1, 2007, or upon opening a unit of at least ten beds dedicated to
259.31 care of ventilator-dependent persons in partnership with Mayo Health Systems, whichever
259.32 is later, the operating payment rates for residents determined eligible under paragraph (a)
259.33 of a nursing facility in Waseca County that on February 1, 2007, was licensed for 70 beds
259.34 and reimbursed under this section, section 256B.434, or section 256B.441, shall be 300
259.35 percent of the facility's highest RUG rate.

260.1 Sec. 27. Minnesota Statutes 2006, section 256B.431, subdivision 17a, is amended to
260.2 read:

260.3 Subd. 17a. **Allowable interest expense.** (a) Notwithstanding Minnesota Rules, part
260.4 9549.0060, subparts 5, item A, subitems (1) and (3), and 7, item D, allowable interest
260.5 expense on debt shall include:

260.6 (1) interest expense on debt related to the cost of purchasing or replacing depreciable
260.7 equipment, excluding vehicles, not to exceed ~~six~~ ten percent of the total historical cost
260.8 of the project; and

260.9 (2) interest expense on debt related to financing or refinancing costs, including costs
260.10 related to points, loan origination fees, financing charges, legal fees, and title searches; and
260.11 issuance costs including bond discounts, bond counsel, underwriter's counsel, corporate
260.12 counsel, printing, and financial forecasts. Allowable debt related to items in this clause
260.13 shall not exceed seven percent of the total historical cost of the project. To the extent
260.14 these costs are financed, the straight-line amortization of the costs in this clause is not an
260.15 allowable cost; and

260.16 (3) interest on debt incurred for the establishment of a debt reserve fund, net of the
260.17 interest earned on the debt reserve fund.

260.18 (b) Debt incurred for costs under paragraph (a) is not subject to Minnesota Rules,
260.19 part 9549.0060, subpart 5, item A, subitem (5) or (6).

260.20 **EFFECTIVE DATE.** This section is effective October 1, 2007.

260.21 Sec. 28. Minnesota Statutes 2006, section 256B.434, subdivision 4, is amended to read:

260.22 Subd. 4. **Alternate rates for nursing facilities.** (a) For nursing facilities which
260.23 have their payment rates determined under this section rather than section 256B.431, the
260.24 commissioner shall establish a rate under this subdivision. The nursing facility must enter
260.25 into a written contract with the commissioner.

260.26 (b) A nursing facility's case mix payment rate for the first rate year of a facility's
260.27 contract under this section is the payment rate the facility would have received under
260.28 section 256B.431.

260.29 (c) A nursing facility's case mix payment rates for the second and subsequent years
260.30 of a facility's contract under this section are the previous rate year's contract payment
260.31 rates plus an inflation adjustment and, for facilities reimbursed under this section or
260.32 section 256B.431, an adjustment to include the cost of any increase in Health Department
260.33 licensing fees for the facility taking effect on or after July 1, 2001. The index for the
260.34 inflation adjustment must be based on the change in the Consumer Price Index-All Items
260.35 (United States City average) (CPI-U) forecasted by the commissioner of finance's national

economic consultant, as forecasted in the fourth quarter of the calendar year preceding the rate year. The inflation adjustment must be based on the 12-month period from the midpoint of the previous rate year to the midpoint of the rate year for which the rate is being determined. For the rate years beginning on July 1, 1999, July 1, 2000, July 1, 2001, July 1, 2002, July 1, 2003, July 1, 2004, July 1, 2005, July 1, 2006, July 1, 2007, ~~and~~ July 1, 2008, July 1, 2009, and July 1, 2010, this paragraph shall apply only to the property-related payment rate, except that adjustments to include the cost of any increase in Health Department licensing fees taking effect on or after July 1, 2001, shall be provided. Beginning in 2005, adjustment to the property payment rate under this section and section 256B.431 shall be effective on October 1. In determining the amount of the property-related payment rate adjustment under this paragraph, the commissioner shall determine the proportion of the facility's rates that are property-related based on the facility's most recent cost report.

(d) The commissioner shall develop additional incentive-based payments of up to five percent above a facility's operating payment rate for achieving outcomes specified in a contract. The commissioner may solicit contract amendments and implement those which, on a competitive basis, best meet the state's policy objectives. The commissioner shall limit the amount of any incentive payment and the number of contract amendments under this paragraph to operate the incentive payments within funds appropriated for this purpose. The contract amendments may specify various levels of payment for various levels of performance. Incentive payments to facilities under this paragraph may be in the form of time-limited rate adjustments or onetime supplemental payments. In establishing the specified outcomes and related criteria, the commissioner shall consider the following state policy objectives:

(1) successful diversion or discharge of residents to the residents' prior home or other community-based alternatives;

(2) adoption of new technology to improve quality or efficiency;

(3) improved quality as measured in the Nursing Home Report Card;

(4) reduced acute care costs; and

(5) any additional outcomes proposed by a nursing facility that the commissioner finds desirable.

(e) Notwithstanding the threshold in section 256B.431, subdivision 16, facilities that take action to come into compliance with existing or pending requirements of the life safety code provisions or federal regulations governing sprinkler systems must receive reimbursement for the costs associated with compliance if all of the following conditions are met:

262.1 (1) the expenses associated with compliance occurred on or after January 1, 2005,
262.2 and before December 31, 2008;

262.3 (2) the costs were not otherwise reimbursed under subdivision 4f or section
262.4 144A.071 or 144A.073; and

262.5 (3) the total allowable costs reported under this paragraph are less than the minimum
262.6 threshold established under section 256B.431, subdivision 15, paragraph (e), and
262.7 subdivision 16.

262.8 The commissioner shall use money appropriated for this purpose to provide to qualifying
262.9 nursing facilities a rate adjustment beginning October 1, 2007, and ending September 30,
262.10 2008. Nursing facilities that have spent money or anticipate the need to spend money
262.11 to satisfy the most recent life safety code requirements by (1) installing a sprinkler
262.12 system or (2) replacing all or portions of an existing sprinkler system may submit to the
262.13 commissioner by June 30, 2007, on a form provided by the commissioner the actual
262.14 costs of a completed project or the estimated costs, based on a project bid, of a planned
262.15 project. The commissioner shall calculate a rate adjustment equal to the allowable
262.16 costs of the project divided by the resident days reported for the report year ending
262.17 September 30, 2006. If the costs from all projects exceed the appropriation for this
262.18 purpose, the commissioner shall allocate the money appropriated on a pro rata basis to the
262.19 qualifying facilities by reducing the rate adjustment determined for each facility by an
262.20 equal percentage. Facilities that used estimated costs when requesting the rate adjustment
262.21 shall report to the commissioner by January 31, 2009, on the use of this money on a
262.22 form provided by the commissioner. If the nursing facility fails to provide the report, the
262.23 commissioner shall recoup the money paid to the facility for this purpose. If the facility
262.24 reports expenditures allowable under this subdivision that are less than the amount received
262.25 in the facility's annualized rate adjustment, the commissioner shall recoup the difference.

262.26 Sec. 29. Minnesota Statutes 2006, section 256B.434, is amended by adding a
262.27 subdivision to read:

262.28 Subd. 4j. **Rate increase for facilities in Chisago County.** Effective October 1,
262.29 2007, to September 30, 2008, operating payment rates of all nursing facilities in Chisago
262.30 County that are reimbursed under this section or section 256B.441 shall be increased to be
262.31 equal, for a RUG's rate with a weight of 1.00, to the geographic group III median rate for
262.32 the same RUG's weight. The percentage of the operating payment rate for each facility
262.33 to be case-mix adjusted shall be equal to the percentage that is case-mix adjusted in that
262.34 facility's September 30, 2007, operating payment rate. This subdivision applies only if it

263.1 results in a rate increase. Increases provided by this subdivision shall be added to the rate
263.2 determined under any new reimbursement system established under section 256B.441.

263.3 Sec. 30. Minnesota Statutes 2006, section 256B.434, is amended by adding a
263.4 subdivision to read:

263.5 Subd. 19. **Nursing facility rate increases beginning October 1, 2007.** (a) For the
263.6 rate year beginning October 1, 2007, the commissioner shall make available to each
263.7 nursing facility reimbursed under this section operating payment rate adjustments equal to
263.8 2.87 percent of the operating payment rates in effect on September 30, 2007.

263.9 (b) Seventy-five percent of the money resulting from the rate adjustment under
263.10 paragraph (a) must be used for increases in compensation-related costs for employees
263.11 directly employed by the nursing facility on or after the effective date of the rate
263.12 adjustment, except:

263.13 (1) the administrator;

263.14 (2) persons employed in the central office of a corporation that has an ownership
263.15 interest in the nursing facility or exercises control over the nursing facility; and

263.16 (3) persons paid by the nursing facility under a management contract.

263.17 (c) Two-thirds of the money available under paragraph (b) must be used for wage
263.18 increases for all employees directly employed by the nursing facility on or after the
263.19 effective date of the rate adjustment, except those listed in paragraph (b), clauses (1) to (3).
263.20 The wage adjustment that employees receive under this paragraph must be paid as an equal
263.21 hourly percentage wage increase for all eligible employees. Only costs associated with
263.22 the portion of the equal hourly percentage wage increase that goes to all employees shall
263.23 qualify under this paragraph. Costs associated with wage increases in excess of the amount
263.24 of the equal hourly percentage wage increase provided to all employees shall be allowed
263.25 only for meeting the requirements in paragraph (b). This paragraph shall not apply to:

263.26 (1) employees eligible for a Taft-Hartley insurance plan established under United
263.27 States Code, title 29, section 186(c)(5); or

263.28 (2) public employees.

263.29 (d) The commissioner shall allow as compensation-related costs all costs for:

263.30 (1) wages and salaries;

263.31 (2) FICA taxes, Medicare taxes, state and federal unemployment taxes, and workers'
263.32 compensation;

263.33 (3) the employer's share of health and dental insurance, life insurance, disability
263.34 insurance, long-term care insurance, uniform allowance, and pensions; and

263.35 (4) other benefits provided, subject to the approval of the commissioner.

264.1 (e) The portion of the rate adjustment under paragraph (a) that is not subject to the
264.2 requirements in paragraphs (b) and (c) shall be provided to nursing facilities effective
264.3 October 1, 2007.

264.4 (f) Nursing facilities may apply for the portion of the rate adjustment under
264.5 paragraph (a) that is subject to the requirements in paragraphs (b) and (c). The application
264.6 must be submitted to the commissioner within six months of the effective date of the
264.7 rate adjustment, and the nursing facility must provide additional information required
264.8 by the commissioner within nine months of the effective date of the rate adjustment.
264.9 The commissioner must respond to all applications within three weeks of receipt.
264.10 The commissioner may waive the deadlines in this paragraph under extraordinary
264.11 circumstances, to be determined at the sole discretion of the commissioner. The
264.12 application must contain:

264.13 (1) an estimate of the amounts of money that must be used as specified in paragraphs
264.14 (b) and (c);

264.15 (2) a detailed distribution plan specifying the allowable compensation-related and
264.16 wage increases the nursing facility will implement to use the funds available in clause (1);

264.17 (3) a description of how the nursing facility will notify eligible employees of
264.18 the contents of the approved application, which must provide for giving each eligible
264.19 employee a copy of the approved application, excluding the information required in clause
264.20 (1), or posting a copy of the approved application, excluding the information required in
264.21 clause (1), for a period of at least six weeks in an area of the nursing facility to which all
264.22 eligible employees have access; and

264.23 (4) instructions for employees who believe they have not received the
264.24 compensation-related or wage increases specified in clause (2), as approved by the
264.25 commissioner, and which must include a mailing address, e-mail address, and the
264.26 telephone number that may be used by the employee to contact the commissioner or the
264.27 commissioner's representative.

264.28 (g) The commissioner shall ensure that cost increases in distribution plans under
264.29 paragraph (f), clause (2), that may be included in approved applications, comply with the
264.30 following requirements:

264.31 (1) costs to be incurred during the applicable rate year resulting from wage and salary
264.32 increases effective prior to the first day of the nursing facility's payroll period that includes
264.33 October 1, 2007, shall be allowed if they were not used in a prior year's application;

264.34 (2) a portion of the costs resulting from tenure-related wage or salary increases
264.35 may be considered to be allowable wage increases, according to formulas that the

265.1 commissioner shall provide, where employee retention is above the average statewide
265.2 rate of retention of direct care employees;

265.3 (3) the annualized amount of increases in costs for the employer's share of health
265.4 and dental insurance, life insurance, disability insurance, and workers' compensation
265.5 shall be allowable compensation-related increases if they are effective on or after April
265.6 1, 2007, and prior to April 1, 2008; and

265.7 (4) for nursing facilities in which employees are represented by an exclusive
265.8 bargaining representative, the commissioner shall approve the application only upon
265.9 receipt of a letter of acceptance of the distribution plan, in regard to members of the
265.10 bargaining unit, signed by the exclusive bargaining agent and dated after enactment of
265.11 this subdivision. Upon receipt of the letter of acceptance, the commissioner shall deem
265.12 all requirements of this section as having been met in regard to the members of the
265.13 bargaining unit.

265.14 (h) The commissioner shall review applications received under paragraph (f) and
265.15 shall provide the portion of the rate adjustment under paragraphs (b) and (c) if the
265.16 requirements of this subdivision have been met. The rate adjustment shall be effective
265.17 October 1. Notwithstanding paragraph (a), if the approved application distributes less
265.18 money than is available, the amount of the rate adjustment shall be reduced so that the
265.19 amount of money made available is equal to the amount to be distributed.

265.20 Sec. 31. Minnesota Statutes 2006, section 256B.434, is amended by adding a
265.21 subdivision to read:

265.22 Subd. 20. **Payment of Public Employees Retirement Association costs.** Nursing
265.23 facilities that participate in the Public Employees Retirement Association (PERA) shall
265.24 have the component of their payment rate associated with the costs of PERA determined
265.25 for each rate year. Effective for rate years beginning on and after October 1, 2007, the
265.26 commissioner shall determine the portion of the payment rate in effect on September 30
265.27 each year and shall subtract that amount from the payment rate to be effective on the
265.28 following October 1. The portion that shall be deemed to be included in the September 30,
265.29 2007, rate that is associated with PERA costs shall be the allowed costs in the facility's
265.30 base for determining rates under this section, divided by the resident days reported for that
265.31 year. The commissioner shall add to the payment rate to be effective on October 1 each
265.32 year an amount equal to the reported costs associated with PERA, for the year ended on
265.33 the most recent September 30 for which data is available, divided by total resident days
265.34 for that year, as reported by the facility and audited under section 256B.441.

266.1 Sec. 32. Minnesota Statutes 2006, section 256B.437, is amended by adding a
266.2 subdivision to read:

266.3 Subd. 10. **Big Stone County rate adjustment.** Notwithstanding the requirements
266.4 of this section, the commissioner shall approve a planned closure rate adjustment in Big
266.5 Stone County for an eight-bed facility in Clinton for reassignment to a 50-bed facility in
266.6 Graceville. The adjustment shall be calculated according to subdivisions 3 and 6.

266.7 Sec. 33. Minnesota Statutes 2006, section 256B.441, subdivision 1, is amended to read:

273.14 used in making this comparison and in the calculation of the median shall be based on a
273.15 RUG's weight of 1.00. A facility that is above that limit shall have its total care-related per
273.16 diem reduced to the limit. If a reduction of the total care-related per diem is necessary
273.17 because of this limit, the reduction shall be made proportionally to both the direct care per
273.18 diem and the other care-related per diem.

273.24 (2) if the value determined in clause (1) is less than zero, the total care-related limit
273.25 shall be 105 percent of the median for the facility's peer and facility type group;

273.26 (3) if the value determined in clause (1) is greater than 100 percent, the total
273.27 care-related limit shall be 125 percent of the median for the facility's peer and facility
273.28 type group; and

273.29 (4) if the value determined in clause (1) is greater than zero and less than 100
273.30 percent, the total care-related limit shall be 105 percent of the median for the facility's peer

274.1 Subd. 50a. **Determination of proximity adjustments.** For a nursing facility
274.2 located in close proximity to another nursing facility of the same facility group type but in
274.3 a different peer group and that has higher limits for care-related or other operating costs,
274.4 the commissioner shall adjust the limits in accordance with clauses (1) to (4):

274.5 (1) determine the difference between the limits;

274.6 (2) determine the distance between the two facilities, by the shortest driving route. If
274.7 the distance exceeds 20 miles, no adjustment shall be made;

274.8 (3) subtract the value in clause (2) from 20 miles, divide by 20, and convert to a
274.9 percentage; and

274.10 (4) increase the limits for the nursing facility with the lower limits by the value
274.11 determined in clause (1) multiplied by the value determined in clause (3).

274.13 subdivision to read:

274.14 Subd. 51. **Determination of other operating limit.** The limit on the other operating
274.15 per diem shall be determined for each peer group. A facility's other operating per diem
274.16 shall be limited to 105 percent of the median for its peer group. A facility that is above
274.17 that limit shall have its other operating per diem reduced to the limit.

274.18 Sec. 58. Minnesota Statutes 2006, section 256B.441, is amended by adding a

274.25 two years before the increase shall be subject to a new proposal and negotiation. The
274.26 care-related limit may be increased by up to 50 percent.

274.27 (b) In selecting facilities with which to negotiate, the commissioner shall consider:

274.28 (1) the diagnoses or other circumstances of residents in the specialized program that
274.29 require care that costs substantially more than the RUG's rates associated with those
274.30 residents;

274.31 (2) the nature of the specialized program or programs offered to meet the needs
274.32 of these individuals; and

274.33 (3) outcomes achieved by the specialized program.

275.1 Sec. 59. Minnesota Statutes 2006, section 256B.441, is amended by adding a
275.2 subdivision to read:

275.3 Subd. 52. **Determination of efficiency incentive.** Each facility shall be eligible
275.4 for an efficiency incentive based on its other operating per diem. A facility with an other
275.5 operating per diem that exceeds the limit in subdivision 51 shall receive no efficiency
275.6 incentive. All other facilities shall receive an incentive calculated as 50 percent times the
275.7 difference between the facility's other operating per diem and its other operating per diem
275.8 limit, up to a maximum incentive of \$3.

275.9 Sec. 60. Minnesota Statutes 2006, section 256B.441, is amended by adding a

276.15 care-related payment rate, other operating payment rate, efficiency incentive, external
276.16 fixed cost rate, and the property rate determined under section 256B.434. To determine
276.17 a total payment rate for each RUG's level, the total care-related payment rate shall be
276.18 divided into the direct care payment rate and the other care-related payment rate, and the

276.34 section, and 7.9 percent of the operating cost payment rate from section 256B.434. For

277.14 computed and the blended rate for the prior year.

277.15 (2) Determine the portion of all operating costs, for the most recent reporting year,
277.16 that are compensation related. If this value exceeds 75 percent, use 75 percent.

278.5 shall compare the average operating cost for all facilities combined from the most recent
278.6 cost reports to the average medical assistance operating payment rates for all facilities
278.7 combined from the same time period. Each provision shall not go into effect until the

279.30 Sec. 67. Minnesota Statutes 2006, section 256B.5012, is amended by adding a
279.31 subdivision to read:

279.32 **Subd. 7. ICF/MR rate increases effective October 1, 2007, and October 1, 2008.**

279.33 (a) For the rate year beginning October 1, 2007, the commissioner shall make available to
279.34 each facility reimbursed under this section operating payment rate adjustments equal to

280.1 3.0 percent of the operating payment rates in effect on September 30, 2007. For the rate
280.2 year beginning October 1, 2008, the commissioner shall make available to each facility
280.3 reimbursed under this section operating payment rate adjustments equal to 3.0 percent
280.4 of the operating payment rates in effect on September 30, 2008. For each facility, the
280.5 commissioner shall make available an adjustment, based on occupied beds, using the
280.6 percentage specified in this paragraph multiplied by the total payment rate, including the
280.7 variable rate but excluding the property-related payment rate, in effect on the preceding
280.8 day. The total payment rate shall include the adjustment provided in section 256B.501,
280.9 subdivision 12. A facility whose payment rates are governed by closure agreements,
280.10 receivership agreements, or Minnesota Rules, part 9553.0075, is not eligible for an
280.11 adjustment otherwise granted under this subdivision.

280.12 (b) Seventy-five percent of the money resulting from the rate adjustments under
280.13 paragraph (a) must be used for increases in compensation-related costs for employees
280.14 directly employed by the facility on or after the effective date of the rate adjustments,
280.15 except:

280.16 (1) the administrator;

280.17 (2) persons employed in the central office of a corporation that has an ownership
280.18 interest in the facility or exercises control over the facility; and

280.19 (3) persons paid by the facility under a management contract.

280.20 (c) Two-thirds of the money available under paragraph (b) must be used for wage
280.21 increases for all employees directly employed by the facility on or after the effective
280.22 date of the rate adjustments, except those listed in paragraph (b), clauses (1) to (3). The
280.23 wage adjustment that employees receive under this paragraph must be paid as an equal
280.24 hourly percentage wage increase for all eligible employees. Only costs associated with
280.25 the portion of the equal hourly percentage wage increase that goes to all employees shall
280.26 qualify under this paragraph. Costs associated with wage increases in excess of the amount
280.27 of the equal hourly percentage wage increase provided to all employees shall be allowed
280.28 only for meeting the requirements in paragraph (b). This paragraph shall not apply to:

280.29 (1) employees eligible for a Taft-Hartley insurance plan established under United
280.30 States Code, title 29, section 186(c)(5); or

280.31 (2) public employees.

280.32 (d) The commissioner shall allow as compensation-related costs all costs for:

280.33 (1) wages and salaries;

280.34 (2) FICA taxes, Medicare taxes, state and federal unemployment taxes, and workers'
280.35 compensation;

281.1 (3) the employer's share of health and dental insurance, life insurance, disability
281.2 insurance, long-term care insurance, uniform allowance, and pensions; and
281.3 (4) other benefits provided, subject to the approval of the commissioner.
281.4 (e) The portion of the rate adjustments under paragraph (a) that is not subject to the
281.5 requirements in paragraphs (b) and (c) shall be provided to facilities effective October
281.6 1 of each year.
281.7 (f) Facilities may apply for the portion of the rate adjustments under paragraph
281.8 (a) that is subject to the requirements in paragraphs (b) and (c). The application
281.9 must be submitted to the commissioner within six months of the effective date of the
281.10 rate adjustments, and the facility must provide additional information required by
281.11 the commissioner within nine months of the effective date of the rate adjustments.
281.12 The commissioner must respond to all applications within three weeks of receipt.
281.13 The commissioner may waive the deadlines in this paragraph under extraordinary
281.14 circumstances, to be determined at the sole discretion of the commissioner. The
281.15 application must contain:
281.16 (1) an estimate of the amounts of money that must be used as specified in paragraphs
281.17 (b) and (c);
281.18 (2) a detailed distribution plan specifying the allowable compensation-related and
281.19 wage increases the facility will implement to use the funds available in clause (1);
281.20 (3) a description of how the facility will notify eligible employees of the contents of
281.21 the approved application, which must provide for giving each eligible employee a copy of
281.22 the approved application, excluding the information required in clause (1), or posting a
281.23 copy of the approved application, excluding the information required in clause (1), for
281.24 a period of at least six weeks in an area of the facility to which all eligible employees
281.25 have access; and
281.26 (4) instructions for employees who believe they have not received the
281.27 compensation-related or wage increases specified in clause (2), as approved by the
281.28 commissioner, and which must include a mailing address, e-mail address, and the
281.29 telephone number that may be used by the employee to contact the commissioner or the
281.30 commissioner's representative.
281.31 (g) The commissioner shall ensure that cost increases in distribution plans under
281.32 paragraph (f), clause (2), that may be included in approved applications, comply with
281.33 requirements in clauses (1) to (4):
281.34 (1) costs to be incurred during the applicable rate year resulting from wage and
281.35 salary increases effective prior to the first day of the facility's payroll period that includes

282.1 October 1 of each year shall be allowed if they were not used in a prior year's application
282.2 and they meet the requirements of paragraphs (b) and (c);

282.3 (2) a portion of the costs resulting from tenure-related wage or salary increases
282.4 may be considered to be allowable wage increases, according to formulas that the
282.5 commissioner shall provide, where employee retention is above the average statewide
282.6 rate of retention of direct care employees;

282.7 (3) the annualized amount of increases in costs for the employer's share of health
282.8 and dental insurance, life insurance, disability insurance, and workers' compensation shall
282.9 be allowable compensation-related increases if they are effective on or after April 1 of
282.10 the year in which the rate adjustments are effective and prior to April 1 of the following
282.11 year; and

282.12 (4) for facilities in which employees are represented by an exclusive bargaining
282.13 representative, the commissioner shall approve the application only upon receipt of a letter
282.14 of acceptance of the distribution plan, as regards members of the bargaining unit, signed
282.15 by the exclusive bargaining agent and dated after enactment of this subdivision. Upon
282.16 receipt of the letter of acceptance, the commissioner shall deem all requirements of this
282.17 section as having been met in regard to the members of the bargaining unit.

282.18 (h) The commissioner shall review applications received under paragraph (f) and
282.19 shall provide the portion of the rate adjustments under paragraphs (b) and (c) if the
282.20 requirements of this subdivision have been met. The rate adjustments shall be effective
282.21 October 1 of each year. Notwithstanding paragraph (a), if the approved application
282.22 distributes less money than is available, the amount of the rate adjustment shall be reduced
282.23 so that the amount of money made available is equal to the amount to be distributed.

282.24 Sec. 68. Minnesota Statutes 2006, section 256B.69, subdivision 23, is amended to read:

282.25 Subd. 23. **Alternative services; elderly and disabled persons.** (a) The
282.26 commissioner may implement demonstration projects to create alternative integrated
282.27 delivery systems for acute and long-term care services to elderly persons and persons
282.28 with disabilities as defined in section 256B.77, subdivision 7a, that provide increased
282.29 coordination, improve access to quality services, and mitigate future cost increases.
282.30 The commissioner may seek federal authority to combine Medicare and Medicaid
282.31 capitation payments for the purpose of such demonstrations and may contract with
282.32 Medicare-approved special needs plans to provide Medicaid services. Medicare funds and
282.33 services shall be administered according to the terms and conditions of the federal contract
282.34 and demonstration provisions. For the purpose of administering medical assistance funds,
282.35 demonstrations under this subdivision are subject to subdivisions 1 to 22. The provisions

283.1 of Minnesota Rules, parts 9500.1450 to 9500.1464, apply to these demonstrations,
283.2 with the exceptions of parts 9500.1452, subpart 2, item B; and 9500.1457, subpart 1,
283.3 items B and C, which do not apply to persons enrolling in demonstrations under this
283.4 section. An initial open enrollment period may be provided. Persons who disenroll from
283.5 demonstrations under this subdivision remain subject to Minnesota Rules, parts 9500.1450
283.6 to 9500.1464. When a person is enrolled in a health plan under these demonstrations and
283.7 the health plan's participation is subsequently terminated for any reason, the person shall
283.8 be provided an opportunity to select a new health plan and shall have the right to change
283.9 health plans within the first 60 days of enrollment in the second health plan. Persons
283.10 required to participate in health plans under this section who fail to make a choice of
283.11 health plan shall not be randomly assigned to health plans under these demonstrations.
283.12 Notwithstanding section 256L.12, subdivision 5, and Minnesota Rules, part 9505.5220,
283.13 subpart 1, item A, if adopted, for the purpose of demonstrations under this subdivision,
283.14 the commissioner may contract with managed care organizations, including counties, to
283.15 serve only elderly persons eligible for medical assistance, elderly and disabled persons, or
283.16 disabled persons only. For persons with a primary diagnosis of developmental disability,
283.17 serious and persistent mental illness, or serious emotional disturbance, the commissioner
283.18 must ensure that the county authority has approved the demonstration and contracting
283.19 design. Enrollment in these projects for persons with disabilities shall be voluntary. The
283.20 commissioner shall not implement any demonstration project under this subdivision for
283.21 persons with a primary diagnosis of developmental disabilities, serious and persistent
283.22 mental illness, or serious emotional disturbance, without approval of the county board of
283.23 the county in which the demonstration is being implemented.

283.24 (b) Notwithstanding chapter 245B, sections 252.40 to 252.46, 256B.092, 256B.501
283.25 to 256B.5015, and Minnesota Rules, parts 9525.0004 to 9525.0036, 9525.1200 to
283.26 9525.1330, 9525.1580, and 9525.1800 to 9525.1930, the commissioner may implement
283.27 under this section projects for persons with developmental disabilities. The commissioner
283.28 may capitate payments for ICF/MR services, waived services for developmental
283.29 disabilities, including case management services, day training and habilitation and
283.30 alternative active treatment services, and other services as approved by the state and by
283.31 the federal government. Case management and active treatment must be individualized
283.32 and developed in accordance with a person-centered plan. Costs under these projects may
283.33 not exceed costs that would have been incurred under fee-for-service. Beginning July 1,
283.34 2003, and until ~~two~~ four years after the pilot project implementation date, subcontractor
283.35 participation in the long-term care developmental disability pilot is limited to a nonprofit
283.36 long-term care system providing ICF/MR services, home and community-based waiver

284.1 services, and in-home services to no more than 120 consumers with developmental
284.2 disabilities in Carver, Hennepin, and Scott Counties. The commissioner shall report to the
284.3 legislature prior to expansion of the developmental disability pilot project. This paragraph
284.4 expires ~~two~~ four years after the implementation date of the pilot project.

284.5 (c) Before implementation of a demonstration project for disabled persons, the
284.6 commissioner must provide information to appropriate committees of the house of
284.7 representatives and senate and must involve representatives of affected disability groups
284.8 in the design of the demonstration projects.

284.9 (d) A nursing facility reimbursed under the alternative reimbursement methodology
284.10 in section 256B.434 may, in collaboration with a hospital, clinic, or other health care entity
284.11 provide services under paragraph (a). The commissioner shall amend the state plan and
284.12 seek any federal waivers necessary to implement this paragraph.

284.13 (e) The commissioner, in consultation with the commissioners of commerce and
284.14 health, may approve and implement programs for all-inclusive care for the elderly (PACE)
284.15 according to federal laws and regulations governing that program and state laws or rules
284.16 applicable to participating providers. The process for approval of these programs shall
284.17 begin only after the commissioner receives grant money in an amount sufficient to cover
284.18 the state share of the administrative and actuarial costs to implement the programs during
284.19 state fiscal years 2006 and 2007. Grant amounts for this purpose shall be deposited in an
284.20 account in the special revenue fund and are appropriated to the commissioner to be used
284.21 solely for the purpose of PACE administrative and actuarial costs. A PACE provider is
284.22 not required to be licensed or certified as a health plan company as defined in section
284.23 62Q.01, subdivision 4. Persons age 55 and older who have been screened by the county
284.24 and found to be eligible for services under the elderly waiver or community alternatives

286.8 provided the facility is needed to meet the census reduction targets for persons with
286.9 developmental disabilities at regional treatment centers; (2) to ensure compliance with
286.10 the federal Omnibus Budget Reconciliation Act alternative disposition plan requirements
286.11 for inappropriately placed persons with developmental disabilities or mental illness;
286.12 (3) up to 80 beds in a single, specialized facility located in Hennepin County that will
286.13 provide housing for chronic inebriates who are repetitive users of detoxification centers
286.14 and are refused placement in emergency shelters because of their state of intoxication,
286.15 and planning for the specialized facility must have been initiated before July 1, 1991, in
286.16 anticipation of receiving a grant from the Housing Finance Agency under section 462A.05,
286.17 subdivision 20a, paragraph (b); (4) notwithstanding the provisions of subdivision 2a, for

286.19 for homeless adults with a mental illness, a history of substance abuse, or human
286.20 immunodeficiency virus or acquired immunodeficiency syndrome. For purposes of this
286.21 section, "homeless adult" means a person who is living on the street or in a shelter or
286.22 discharged from a regional treatment center, community hospital, or residential treatment
286.23 program and has no appropriate housing available and lacks the resources and support
286.24 necessary to access appropriate housing. At least 70 percent of the supportive housing

286.31 residential housing rate for that person is limited to the supplementary rate under section
286.32 256I.05, subdivision 1a, and is determined by subtracting the amount of the person's
286.33 countable income that exceeds the MSA equivalent rate from the group residential housing
286.34 supplementary rate. A resident in a demonstration project site who no longer participates
286.35 in the demonstration program shall retain eligibility for a group residential housing

287.9 and who resided in a nursing facility for the six months immediately prior to the month
287.10 of entry into the group residential housing setting. The group residential housing rate
287.11 for these beds must be set so that the monthly group residential housing payment for
287.12 an individual occupying the bed when combined with the nonfederal share of services
287.13 delivered under the waiver for that person does not exceed the nonfederal share of the
287.14 monthly medical assistance payment made for the person to the nursing facility in which
287.15 the person resided prior to entry into the group residential housing establishment. The
287.16 rate may not exceed the MSA equivalent rate plus \$426.37 for any case; ~~or (6) for an~~
287.17 additional two beds, resulting in a total of 32 beds, for a facility located in Hennepin
287.18 County providing services for recovering and chemically dependent men that has had a
287.19 group residential housing contract with the county and has been licensed as a board and
287.20 lodge facility with special services since 1980; (7) for a group residential housing provider

287.27 (b) A county agency may enter into a group residential housing agreement for beds
287.28 with rates in excess of the MSA equivalent rate in addition to those currently covered
287.29 under a group residential housing agreement if the additional beds are only a replacement
287.30 of beds with rates in excess of the MSA equivalent rate which have been made available
287.31 due to closure of a setting, a change of licensure or certification which removes the beds
287.32 from group residential housing payment, or as a result of the downsizing of a group
287.33 residential housing setting. The transfer of available beds from one county to another can
287.34 only occur by the agreement of both counties.

299.29 Sec. 5. **[245.4682] MENTAL HEALTH SERVICE DELIVERY AND FINANCE**
299.30 **REFORM.**

299.31 Subdivision 1. **Policy.** The commissioner of human services shall undertake a series
299.32 of reforms to address the underlying structural, financial, and organizational problems in
299.33 Minnesota's mental health system with the goal of improving the availability, quality, and
299.34 accountability of mental health care within the state.

300.1 Subd. 2. **General provisions.** (a) In the design and implementation of reforms to
300.2 the mental health system, the commissioner shall:

300.3 (1) consult with consumers, families, counties, tribes, advocates, providers, and
300.4 other stakeholders;

300.5 (2) bring to the legislature, and the State Advisory Council on Mental Health, by
300.6 January 15, 2008, recommendations for legislation to update the role of counties and to
300.7 clarify the case management roles, functions, and decision-making authority of health
300.8 plans and counties, and to clarify county retention of the responsibility for the delivery of
300.9 social services as required under subdivision 3, paragraph (a);

300.10 (3) withhold implementation of any recommended changes in case management
300.11 roles, functions, and decision-making authority until after the release of the report due
300.12 January 15, 2008;

300.13 (4) ensure continuity of care for persons affected by these reforms including
300.14 ensuring client choice of provider by requiring broad provider networks and developing
300.15 mechanisms to facilitate a smooth transition of service responsibilities;

300.16 (5) provide accountability for the efficient and effective use of public and private
300.17 resources in achieving positive outcomes for consumers;

300.18 (6) ensure client access to applicable protections and appeals; and

300.19 (7) make budget transfers necessary to implement the reallocation of services and
300.20 client responsibilities between counties and health care programs that do not increase the
300.21 state and county costs and efficiently allocate state funds.

300.22 (b) When making transfers under paragraph (a) necessary to implement movement
300.23 of responsibility for clients and services between counties and health care programs,
300.24 the commissioner, in consultation with counties, shall ensure that any transfer of state
300.25 grants to health care programs, including the value of case management transfer grants
300.26 under section 256B.0625, subdivision 20, does not exceed the value of the services being
300.27 transferred for the latest 12-month period for which data is available. The commissioner
300.28 may make quarterly adjustments based on the availability of additional data during the
300.29 first four quarters after the transfers first occur. If case management transfer grants under
300.30 section 256B.0625, subdivision 20, are repealed and the value, based on the last year prior
300.31 to repeal, exceeds the value of the services being transferred, the difference becomes an
300.32 ongoing part of each county's adult and children's mental health grants under sections
300.33 245.4661, 245.4889, and 256E.12.

300.34 (c) This appropriation is not authorized to be expended after December 31, 2010,
300.35 unless approved by the legislature.

301.1 Subd. 3. **Projects for coordination of care.** (a) Consistent with section 256B.69
301.2 and chapters 256D and 256L, the commissioner is authorized to solicit, approve, and
301.3 implement up to three projects to demonstrate the integration of physical and mental
301.4 health services within prepaid health plans and their coordination with social services.
301.5 The commissioner shall require that each project be based on locally defined partnerships
301.6 that include at least one health maintenance organization, community integrated service
301.7 network, or accountable provider network authorized and operating under chapter 62D,
301.8 62N, or 62T, or county-based purchasing entity under section 256B.692 that is eligible to
301.9 contract with the commissioner as a prepaid health plan, and the county or counties within
301.10 the service area. Counties shall retain responsibility and authority for social services in
301.11 these locally defined partnerships.

301.12 (b) The commissioner, in consultation with consumers, families, and their
301.13 representatives, shall:

301.14 (1) determine criteria for approving the projects and use those criteria to solicit
301.15 proposals for preferred integrated networks. The commissioner must develop criteria to
301.16 evaluate the partnership proposed by the county and prepaid health plan to coordinate
301.17 access and delivery of services. The proposal must at a minimum address how the
301.18 partnership will coordinate the provision of:

301.19 (i) client outreach and identification of health and social service needs paired with
301.20 expedited access to appropriate resources;

301.21 (ii) activities to maintain continuity of health care coverage;

301.22 (iii) children's residential mental health treatment and treatment foster care;

301.23 (iv) court-ordered assessments and treatments;

301.24 (v) prepetition screening and commitments under chapter 253B;

301.25 (vi) assessment and treatment of children identified through mental health screening
301.26 of child welfare and juvenile corrections cases;

301.27 (vii) home and community-based waiver services;

301.28 (viii) assistance with finding and maintaining employment;

301.29 (ix) housing; and

301.30 (x) transportation;

301.31 (2) determine specifications for contracts with prepaid health plans to improve the
301.32 plan's ability to serve persons with mental health conditions, including specifications
301.33 addressing:

301.34 (i) early identification and intervention of physical and behavioral health problems;

301.35 (ii) communication between the enrollee and the health plan;

302.1 (iii) facilitation of enrollment for persons who are also eligible for a Medicare
302.2 special needs plan offered by the health plan;
302.3 (iv) risk screening procedures;
302.4 (v) health care coordination;
302.5 (vi) member services and access to applicable protections and appeal processes;
302.6 (vii) specialty provider networks;
302.7 (viii) transportation services;
302.8 (ix) treatment planning; and
302.9 (x) administrative simplification for providers;
302.10 (3) begin implementation of the projects no earlier than January 1, 2009, with not
302.11 more than 40 percent of the statewide population included during calendar year 2009 and
302.12 additional counties included in subsequent years;
302.13 (4) waive any administrative rule not consistent with the implementation of the
302.14 projects;
302.15 (5) allow potential bidders at least 90 days to respond to the request for proposals;
302.16 and
302.17 (6) conduct an independent evaluation to determine if mental health outcomes have
302.18 improved in that county or counties according to measurable standards designed in
302.19 consultation with the advisory body established under this subdivision and reviewed by
302.20 the State Advisory Council on Mental Health.
302.21 (c) Notwithstanding any statute or administrative rule to the contrary, the
302.22 commissioner may enroll all persons eligible for medical assistance with serious mental
302.23 illness or emotional disturbance in the prepaid plan of their choice within the project
302.24 service area unless:
302.25 (1) the individual is eligible for home and community-based services for persons
302.26 with developmental disabilities and related conditions under section 256B.092; or
302.27 (2) the individual has a basis for exclusion from the prepaid plan under section
302.28 256B.69, subdivision 4, other than disability, mental illness, or emotional disturbance.
302.29 (d) The commissioner shall involve organizations representing persons with mental
302.30 illness and their families in the development and distribution of information used to
302.31 educate potential enrollees regarding their options for health care and mental health
302.32 service delivery under this subdivision.
302.33 (e) If the person described in paragraph (c) does not elect to remain in fee-for-service
302.34 medical assistance, or declines to choose a plan, the commissioner may preferentially
302.35 assign that person to the prepaid plan participating in the preferred integrated network.

303.1 The commissioner shall implement the enrollment changes within a project's service area
303.2 on the timeline specified in that project's approved application.

303.3 (f) A person enrolled in a prepaid health plan under paragraphs (c) and (d) may
303.4 disenroll from the plan at any time.

303.5 (g) The commissioner, in consultation with consumers, families, and their
303.6 representatives, shall evaluate the projects begun in 2009, and shall refine the design of the
303.7 service integration projects before expanding the projects. The commissioner shall report
303.8 to the chairs of the legislative committees with jurisdiction over mental health services
303.9 by March 1, 2008, on plans for evaluation of preferred integrated networks established
303.10 under this subdivision.

303.11 (h) The commissioner shall apply for any federal waivers necessary to implement
303.12 these changes.

303.13 (i) Payment for Medicaid service providers under this subdivision for the months of
303.14 May and June will be made no earlier than July 1 of the same calendar year.

303.15 Sec. 6. Minnesota Statutes 2006, section 245.4712, subdivision 1, is amended to read:

303.16 Subdivision 1. **Availability of community support services.** (a) County boards
303.17 must provide or contract for sufficient community support services within the county to

304.4 (6) fostering social support, including support groups, mentoring, peer support, and
304.5 other efforts to prevent isolation and promote recovery; and
304.6 (7) educating about mental illness, treatment, and recovery.
304.7 (c) Community support services shall use all available funding streams. The county
304.8 shall maintain the level of expenditures for this program, as required under section

304.10 by other funding streams and to maintain an infrastructure to carry out these services.
304.11 (d) The commissioner shall collect data on community support services programs,
304.12 including, but not limited to, demographic information such as age, sex, race, the number

307.18 an individual to a receiving agency that provides services pursuant to a contract under

The receiving agency shall immediately report the absence to the sending agency. The receiving state has the primary responsibility for, and the authority to direct, the return of these individuals within its borders and is liable for the cost of the action to the extent that it would be liable for costs of its own resident.

315.8 Sec. 20. Minnesota Statutes 2006, section 256B.0625, subdivision 20, is amended to
315.9 read:

315.10 Subd. 20. **Mental health case management.** (a) To the extent authorized by rule
315.11 of the state agency, medical assistance covers case management services to persons with
315.12 serious and persistent mental illness and children with severe emotional disturbance.
315.13 Services provided under this section must meet the relevant standards in sections 245.461
315.14 to 245.4887, the Comprehensive Adult and Children's Mental Health Acts, Minnesota
315.15 Rules, parts 9520.0900 to 9520.0926, and 9505.0322, excluding subpart 10.

315.16 (b) Entities meeting program standards set out in rules governing family community
315.17 support services as defined in section 245.4871, subdivision 17, are eligible for medical
315.18 assistance reimbursement for case management services for children with severe
315.19 emotional disturbance when these services meet the program standards in Minnesota
315.20 Rules, parts 9520.0900 to 9520.0926 and 9505.0322, excluding subparts 6 and 10.

315.21 (c) Medical assistance and MinnesotaCare payment for mental health case
315.22 management shall be made on a monthly basis. In order to receive payment for an eligible
315.23 child, the provider must document at least a face-to-face contact with the child, the child's
315.24 parents, or the child's legal representative. To receive payment for an eligible adult, the
315.25 provider must document:

315.26 (1) at least a face-to-face contact with the adult or the adult's legal representative; or

315.27 (2) at least a telephone contact with the adult or the adult's legal representative and
315.28 document a face-to-face contact with the adult or the adult's legal representative within
315.29 the preceding two months.

315.30 (d) Payment for mental health case management provided by county or state staff
315.31 shall be based on the monthly rate methodology under section 256B.094, subdivision 6,
315.32 paragraph (b), with separate rates calculated for child welfare and mental health, and

(e) Payment for mental health case management provided by Indian health services or by agencies operated by Indian tribes may be made according to this section or other relevant federally approved rate setting methodology.

(f) Payment for mental health case management provided by vendors who contract with a county or Indian tribe shall be based on a monthly rate negotiated by the host county or tribe. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county or tribe may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the rate among its members. No reimbursement received by contracted vendors shall be returned to the county or tribe, except to reimburse the county or tribe for advance funding provided by the county or tribe to the vendor.

(g) If the service is provided by a team which includes contracted vendors, tribal staff, and county or state staff, the costs for county or state staff participation in the team shall be included in the rate for county-provided services. In this case, the contracted vendor, the tribal agency, and the county may each receive separate payment for services provided by each entity in the same month. In order to prevent duplication of services, each entity must document, in the recipient's file, the need for team case management and a description of the roles of the team members.

~~(h) The commissioner shall calculate the nonfederal share of actual medical assistance and general assistance medical care payments for each county, based on the higher of calendar year 1995 or 1996, by service date, project that amount forward to 1999, and transfer one-half of the result from medical assistance and general assistance medical care to each county's mental health grants under section 256E.12 for calendar year 1999. The annualized minimum amount added to each county's mental health grant shall be \$3,000 per year for children and \$5,000 per year for adults. The commissioner may reduce the statewide growth factor in order to fund these minimums. The annualized total amount transferred shall become part of the base for future mental health grants for each county.~~

~~(+)~~ (h) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for mental health case management shall be provided by the recipient's county of responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds used to match other federal funds. If the service is provided by a tribal agency, the nonfederal share, if any, shall be provided by the recipient's tribe. When this service is paid by the state without a federal share through fee-for-service, 50 percent of the cost shall be provided by the recipient's county of responsibility.

(i) Notwithstanding any administrative rule to the contrary, prepaid medical assistance, general assistance medical care, and MinnesotaCare include mental health case

317.1 management. When the service is provided through prepaid capitation, the nonfederal
317.2 share is paid by the state and the county pays no share.

317.3 (j) The commissioner may suspend, reduce, or terminate the reimbursement to a
317.4 provider that does not meet the reporting or other requirements of this section. The county
317.5 of responsibility, as defined in sections 256G.01 to 256G.12, or, if applicable, the tribal
317.6 agency, is responsible for any federal disallowances. The county or tribe may share this
317.7 responsibility with its contracted vendors.

317.8 (k) The commissioner shall set aside a portion of the federal funds earned for county
317.9 expenditures under this section to repay the special revenue maximization account under
317.10 section 256.01, subdivision 2, clause (15). The repayment is limited to:

317.11 (1) the costs of developing and implementing this section; and

317.12 (2) programming the information systems.

317.13 (l) Payments to counties and tribal agencies for case management expenditures
317.14 under this section shall only be made from federal earnings from services provided
317.15 under this section. When this service is paid by the state without a federal share through
317.16 fee-for-service, 50 percent of the cost shall be provided by the state. Payments to
317.17 county-contracted vendors shall include ~~both~~ the federal earnings, the state share, and the
317.18 county share.

317.19 ~~(m) Notwithstanding section 256B.041, county payments for the cost of mental~~
317.20 ~~health case management services provided by county or state staff shall not be made~~
317.21 ~~to the commissioner of finance. For the purposes of mental health case management~~
317.22 ~~services provided by county or state staff under this section, the centralized disbursement~~
317.23 ~~of payments to counties under section 256B.041 consists only of federal earnings from~~
317.24 ~~services provided under this section.~~

317.25 ~~(n)~~ (m) Case management services under this subdivision do not include therapy,
317.26 treatment, legal, or outreach services.

317.27 ~~(o)~~ (n) If the recipient is a resident of a nursing facility, intermediate care facility,
317.28 or hospital, and the recipient's institutional care is paid by medical assistance, payment
317.29 for case management services under this subdivision is limited to the last 180 days of
317.30 the recipient's residency in that facility and may not exceed more than six months in a
317.31 calendar year.

317.32 ~~(p)~~ (o) Payment for case management services under this subdivision shall not
317.33 duplicate payments made under other program authorities for the same purpose.

317.34 ~~(q) By July 1, 2000, the commissioner shall evaluate the effectiveness of the changes~~
317.35 ~~required by this section, including changes in number of persons receiving mental health~~
317.36 ~~case management, changes in hours of service per person, and changes in caseload size.~~

~~(r) For each calendar year beginning with the calendar year 2001, the annualized amount of state funds for each county determined under paragraph (h) shall be adjusted by the county's percentage change in the average number of clients per month who received case management under this section during the fiscal year that ended six months prior to the calendar year in question, in comparison to the prior fiscal year.~~

~~(s) For counties receiving the minimum allocation of \$3,000 or \$5,000 described in paragraph (h), the adjustment in paragraph (s) shall be determined so that the county receives the higher of the following amounts:~~

~~(1) a continuation of the minimum allocation in paragraph (h); or~~

~~(2) an amount based on that county's average number of clients per month who received case management under this section during the fiscal year that ended six months prior to the calendar year in question, times the average statewide grant per person per month for counties not receiving the minimum allocation.~~

~~(t) The adjustments in paragraphs (s) and (t) shall be calculated separately for children and adults.~~

- 324.26 license as a registered nurse, as defined in section 148.171;
- 324.27 ~~(21)~~ (20) services of a certified public health nurse or a registered nurse practicing

to inpatient hospital services, including physician services provided during the inpatient hospital stay. A \$1,000 deductible is required for each inpatient hospitalization.

(b) Effective August 1, 2005, sex reassignment surgery is not covered under this subdivision.

(c) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. For payments made during fiscal year 1990 and later years, the commissioner shall consult with an independent actuary in establishing prepayment rates, but shall retain final control over the rate methodology.

(d) Recipients eligible under subdivision 3, paragraph (a), shall pay the following co-payments for services provided on or after October 1, 2003:

(4) 50 percent coinsurance on restorative dental services.

(e) Co-payments shall be limited to one per day per provider for nonpreventive visits, eyeglasses, and nonemergency visits to a hospital-based emergency room. Recipients of general assistance medical care are responsible for all co-payments in this subdivision. The general assistance medical care reimbursement to the provider shall be reduced by the amount of the co-payment, except that reimbursement for prescription drugs shall not

326.1 be reduced once a recipient has reached the \$12 per month maximum for prescription
326.2 drug co-payments. The provider collects the co-payment from the recipient. Providers
326.3 may not deny services to recipients who are unable to pay the co-payment, except as
326.4 provided in paragraph (f).

326.5 (f) If it is the routine business practice of a provider to refuse service to an individual
326.6 with uncollected debt, the provider may include uncollected co-payments under this
326.7 section. A provider must give advance notice to a recipient with uncollected debt before
326.8 services can be denied.

326.9 (g) Any county may, from its own resources, provide medical payments for which
326.10 state payments are not made.

326.11 (h) Chemical dependency services that are reimbursed under chapter 254B must not
326.12 be reimbursed under general assistance medical care.

326.13 (i) The maximum payment for new vendors enrolled in the general assistance
326.14 medical care program after the base year shall be determined from the average usual and
326.15 customary charge of the same vendor type enrolled in the base year.

326.16 (j) The conditions of payment for services under this subdivision are the same as the
326.17 conditions specified in rules adopted under chapter 256B governing the medical assistance
326.18 program, unless otherwise provided by statute or rule.

326.19 (k) Inpatient and outpatient payments shall be reduced by five percent, effective July
326.20 1, 2003. This reduction is in addition to the five percent reduction effective July 1, 2003,
326.21 and incorporated by reference in paragraph (i).

326.22 (l) Payments for all other health services except inpatient, outpatient, and pharmacy
326.23 services shall be reduced by five percent, effective July 1, 2003.

326.25 provided on or after October 1, 2003.

326.26 (n) A hospital receiving a reduced payment as a result of this section may apply the
326.27 unpaid balance toward satisfaction of the hospital's bad debts.

326.28 (o) Fee-for-service payments for nonpreventive visits shall be reduced by \$3
326.29 for services provided on or after January 1, 2006. For purposes of this subdivision, a

326.33 audiologist, optician, or optometrist.

326.34 (p) Payments to managed care plans shall not be increased as a result of the removal
326.35 of the \$3 nonpreventive visit co-payment effective January 1, 2006.

327.1 (q) Payments for mental health services added as covered benefits after December
327.2 31, 2007, are not subject to the reductions in paragraphs (i), (k), (l), and (m).

327.3 **EFFECTIVE DATE.** This section is effective January 1, 2008, except mental health
327.4 case management under paragraph (a), clause (i), item (15), is effective January 1, 2009.

Sec. 15. [144.585] METHICILLIN-RESISTANT STAPHYLOCOCCUS AUREUS
CONTROL PROGRAMS.

In order to improve the prevention of hospital-associated infections due to methicillin-resistant Staphylococcus aureus ("MRSA"), every hospital shall establish an MRSA control program that meets Minnesota Department of Health MRSA recommendations as published January 15, 2008. In developing the MRSA recommendations, the Department of Health shall consider the following infection control practices:

(1) identification of MRSA-colonized patients in all intensive care units, or other at-risk patients identified by the hospital;

(2) isolation of identified MRSA-colonized or MRSA-infected patients in an appropriate manner;

(3) adherence to hand hygiene requirements; and

(4) monitor trends in the incidence of MRSA in the hospital over time and modify interventions if MRSA infection rates do not decrease.

The Department of Health shall review the MRSA recommendations on an annual basis and revise the recommendations as necessary, in accordance with available scientific data.

Sec. 16. Minnesota Statutes 2006, section 144.651, subdivision 9, is amended to read:

Subd. 9. **Information about treatment.** Patients and residents shall be given by their physicians complete and current information concerning their diagnosis, treatment, alternatives, risks, and prognosis as required by the physician's legal duty to disclose. This information shall be in terms and language the patients or residents can reasonably be expected to understand. Patients and residents may be accompanied by a family member or other chosen representative, or both. This information shall include the likely medical or major psychological results of the treatment and its alternatives. In cases where it is medically inadvisable, as documented by the attending physician in a patient's or resident's medical record, the information shall be given to the patient's or resident's guardian or other person designated by the patient or resident as a representative. Individuals have the right to refuse this information.

Every patient or resident suffering from any form of breast cancer shall be fully informed, prior to or at the time of admission and during her stay, of all alternative effective methods of treatment of which the treating physician is knowledgeable, including surgical, radiological, or chemotherapeutic treatments or combinations of treatments and the risks associated with each of those methods.

Sec. 17. Minnesota Statutes 2006, section 144.651, subdivision 10, is amended to read:

Subd. 10. **Participation in planning treatment; notification of family members.**

(a) Patients and residents shall have the right to participate in the planning of their health care. This right includes the opportunity to discuss treatment and alternatives with individual caregivers, the opportunity to request and participate in formal care conferences, and the right to include a family member or other chosen representative, or both. In the event that the patient or resident cannot be present, a family member or other representative chosen by the patient or resident may be included in such conferences. A chosen representative may include a doula of the patient's choice.

(b) If a patient or resident who enters a facility is unconscious or comatose or is unable to communicate, the facility shall make reasonable efforts as required under paragraph (c) to notify either a family member or a person designated in writing by the patient as the person to contact in an emergency that the patient or resident has been admitted to the facility. The facility shall allow the family member to participate in treatment planning, unless the facility knows or has reason to believe the patient or resident has an effective advance directive to the contrary or knows the patient or resident has specified in writing that they do not want a family member included in treatment planning. After notifying a family member but prior to allowing a family member to participate in treatment planning, the facility must make reasonable efforts, consistent with reasonable medical practice, to determine if the patient or resident has executed an advance directive relative to the patient or resident's health care decisions. For purposes of this paragraph, "reasonable efforts" include:

(1) examining the personal effects of the patient or resident;

(2) examining the medical records of the patient or resident in the possession of the facility;

(3) inquiring of any emergency contact or family member contacted under this section whether the patient or resident has executed an advance directive and whether the patient or resident has a physician to whom the patient or resident normally goes for care; and

(4) inquiring of the physician to whom the patient or resident normally goes for care, if known, whether the patient or resident has executed an advance directive. If a facility notifies a family member or designated emergency contact or allows a family member to participate in treatment planning in accordance with this paragraph, the facility is not liable to the patient or resident for damages on the grounds that the notification of the family member or emergency contact or the participation of the family member was improper or violated the patient's privacy rights.

351.1 (c) In making reasonable efforts to notify a family member or designated emergency
351.2 contact, the facility shall attempt to identify family members or a designated emergency
351.3 contact by examining the personal effects of the patient or resident and the medical records
351.4 of the patient or resident in the possession of the facility. If the facility is unable to notify
351.5 a family member or designated emergency contact within 24 hours after the admission,
351.6 the facility shall notify the county social service agency or local law enforcement agency
351.7 that the patient or resident has been admitted and the facility has been unable to notify a
351.8 family member or designated emergency contact. The county social service agency and
351.9 local law enforcement agency shall assist the facility in identifying and notifying a family
351.10 member or designated emergency contact. A county social service agency or local law
351.11 enforcement agency that assists a facility in implementing this subdivision is not liable
351.12 to the patient or resident for damages on the grounds that the notification of the family
351.13 member or emergency contact or the participation of the family member was improper or
351.14 violated the patient's privacy rights.

351.15 Sec. 18. Minnesota Statutes 2006, section 144.651, subdivision 26, is amended to read:

351.16 Subd. 26. **Right to associate.** (a) Residents may meet with and receive visitors
351.17 and participate in activities of commercial, religious, political, as defined in section
351.18 203B.11 and community groups without interference at their discretion if the activities
351.19 do not infringe on the right to privacy of other residents or are not programmatically
351.20 contraindicated. This includes:

351.21 (1) the right to join with other individuals within and outside the facility to work for
351.22 improvements in long-term care;

351.23 (2) the right to visitation by an individual the patient has appointed as the patient's
351.24 health care agent under chapter 145C;

351.25 (3) the right to visitation and health care decision making by an individual designated
351.26 by the patient under paragraph (c).

351.27 (b) Upon admission to a facility where federal law prohibits unauthorized disclosure
351.28 of patient or resident identifying information to callers and visitors, the patient or
351.29 resident, or the legal guardian or conservator of the patient or resident, shall be given the
351.30 opportunity to authorize disclosure of the patient's or resident's presence in the facility
351.31 to callers and visitors who may seek to communicate with the patient or resident. To the
351.32 extent possible, the legal guardian or conservator of a patient or resident shall consider the
351.33 opinions of the patient or resident regarding the disclosure of the patient's or resident's
351.34 presence in the facility.

352.1 (c) Upon admission to a facility, the patient or resident, or the legal guardian
352.2 or conservator of the patient or resident, must be given the opportunity to designate
352.3 a person who is not related who will have the status of the patient's next of kin with
352.4 respect to visitation and making a health care decision. A designation must be included
352.5 in the patient's health record. With respect to making a health care decision, a health
352.6 care directive or appointment of a health care agent under chapter 145C prevails over a
352.7 designation made under this paragraph. The unrelated person may also be identified as
352.8 such by the patient or by the patient's family.

352.23 health care facility;

(1) a principal who in good faith generally selects and depends upon spiritual means or prayer for the treatment or care of disease or remedial care and does not have an attending physician, may include a statement appointing an individual who may determine the principal's decision-making capacity; and

(2) a principal who in good faith does not generally select a physician or a health care facility for the principal's health care needs may include a statement appointing an individual who may determine the principal's decision-making capacity, provided that if the need to determine the principal's capacity arises when the principal is receiving care under the direction of an attending physician in a health care facility, the determination must be made by an attending physician after consultation with the appointed individual.

If a person appointed under clause (1) or (2) is not reasonably available and the principal is receiving care under the direction of an attending physician in a health care facility, an attending physician shall determine the principal's decision-making capacity.

(c) A health care directive may authorize a health care agent to make health care decisions for a principal even though the principal retains decision-making capacity.

Sec. 20. Minnesota Statutes 2006, section 145C.07, is amended by adding a subdivision to read:

Subd. 5. **Visitation.** A health care agent may visit the principal when the principal is a patient in a health care facility regardless of whether the principal retains decision-making capacity, unless:

(1) the principal has otherwise specified in the health care directive;

(2) a principal who retains decision-making capacity indicates otherwise; or

(3) a health care provider reasonably determines that the principal must be isolated from all visitors or that the presence of the health care agent would endanger the health or safety of the principal, other patients, or the facility in which the care is being provided.

358.2 commissioner shall also file an annual letter with the state auditor disclosing whether or
358.3 not any irregularities or possible violations were detected in review of the annual trust
358.4 fund reports filed by the funeral providers. This letter shall be filed with the state auditor
358.5 by May 31 of the calendar year following the reporting year.

358.10 to operate a place of business licensed in this section shall first make application, pay the
358.11 required fee specified in this section, and receive approval for operation, including plan
358.12 review approval. Seasonal and temporary food stands and special event food stands are

358.16 the applicant to state the full name and address of the owner of the building, structure,
358.17 or enclosure, the lessee and manager of the food and beverage service establishment,
358.18 hotel, motel, lodging establishment, or resort; the name under which the business is to

Sec. 2. **[144.291] MINNESOTA HEALTH RECORDS ACT.**

Subdivision 1. **Short title.** Sections 144.291 to 144.298 may be cited as the Minnesota Health Records Act.

Subd. 2. **Definitions.** For the purposes of sections 144.291 to 144.298, the following terms have the meanings given.

(a) **Group purchaser.** "Group purchaser" has the meaning given in section 62J.03, subdivision 6.

(b) **Health information exchange.** "Health information exchange" means a legal arrangement between health care providers and group purchasers to enable and oversee the business and legal issues involved in the electronic exchange of health records between the entities for the delivery of patient care.

(c) **Health record.** "Health record" means any information, whether oral or recorded in any form or medium, that relates to the past, present, or future physical or mental health or condition of a patient; the provision of health care to a patient; or the past, present, or future payment for the provision of health care to a patient.

(d) **Identifying information.** "Identifying information" means the patient's name, address, date of birth, gender, parent's or guardian's name regardless of the age of the patient, and other nonclinical data which can be used to uniquely identify a patient.

(e) **Individually identifiable form.** "Individually identifiable form" means a form in which the patient is or can be identified as the subject of the health records.

(f) **Medical emergency.** "Medical emergency" means medically necessary care which is immediately needed to preserve life, prevent serious impairment to bodily functions, organs, or parts, or prevent placing the physical or mental health of the patient in serious jeopardy.

(g) **Patient.** "Patient" means a natural person who has received health care services from a provider for treatment or examination of a medical, psychiatric, or mental condition, the surviving spouse and parents of a deceased patient, or a person the patient appoints in writing as a representative, including a health care agent acting according to chapter 145C, unless the authority of the agent has been limited by the principal in the principal's health care directive. Except for minors who have received health care services under sections 144.341 to 144.347, in the case of a minor, patient includes a parent or guardian, or a person acting as a parent or guardian in the absence of a parent or guardian.

(h) **Provider.** "Provider" means:

(1) any person who furnishes health care services and is regulated to furnish the services under chapter 147, 147A, 147B, 147C, 147D, 148, 148B, 148C, 148D, 150A, 151, 153, or 153A;

(j) **Related health care entity.** "Related health care entity" means an affiliate, as defined in section 144.6521, subdivision 3, paragraph (b), of the provider releasing the health records.

Sec. 3. ~~[144.292]~~ **PATIENT RIGHTS.**

Subdivision 1. **Scope.** Patients have the rights specified in this section regarding the treatment the patient receives and the patient's health record.

Subd. 2. **Patient access.** Upon request, a provider shall supply to a patient complete and current information possessed by that provider concerning any diagnosis, treatment, and prognosis of the patient in terms and language the patient can reasonably be expected to understand.

Subd. 3. **Additional patient rights.** A patient's right specified in this section and sections 144.293 to 144.298 are in addition to the rights specified in sections 144.651 and 144.652 and any other provision of law relating to the access of a patient to the patient's health records.

Subd. 4. **Notice of rights; information on release.** A provider shall provide to patients, in a clear and conspicuous manner, a written notice concerning practices and rights with respect to access to health records. The notice must include an explanation of:

(1) disclosures of health records that may be made without the written consent of the patient, including the type of records and to whom the records may be disclosed; and

(2) the right of the patient to have access to and obtain copies of the patient's health records and other information about the patient that is maintained by the provider.

The notice requirements of this subdivision are satisfied if the notice is included with the notice and copy of the patient and resident bill of rights under section 144.652 or if it is displayed prominently in the provider's place of business. The commissioner of health shall develop the notice required in this subdivision and publish it in the State Register.

Subd. 5. **Copies of health records to patients.** Except as provided in section 144.296, upon a patient's written request, a provider, at a reasonable cost to the patient, shall promptly furnish to the patient:

(1) copies of the patient's health record, including but not limited to laboratory reports, x-rays, prescriptions, and other technical information used in assessing the patient's health conditions; or

(2) the pertinent portion of the record relating to a condition specified by the patient.

With the consent of the patient, the provider may instead furnish only a summary of the record. The provider may exclude from the health record written speculations about the patient's health condition, except that all information necessary for the patient's informed consent must be provided.

Subd. 6. **Cost.** (a) When a patient requests a copy of the patient's record for purposes of reviewing current medical care, the provider must not charge a fee.

(b) When a provider or its representative makes copies of patient records upon a patient's request under this section, the provider or its representative may charge the patient or the patient's representative no more than 75 cents per page, plus \$10 for time spent retrieving and copying the records, unless other law or a rule or contract provide for a lower maximum charge. This limitation does not apply to x-rays. The provider may charge a patient no more than the actual cost of reproducing x-rays, plus no more than \$10 for the time spent retrieving and copying the x-rays.

(c) The respective maximum charges of 75 cents per page and \$10 for time provided in this subdivision are in effect for calendar year 1992 and may be adjusted annually each calendar year as provided in this subdivision. The permissible maximum charges shall change each year by an amount that reflects the change, as compared to the previous year.

in the Consumer Price Index for all Urban Consumers, Minneapolis-St. Paul (CPI-U), published by the Department of Labor.

(d) A provider or its representative must not charge a fee to provide copies of records requested by a patient or the patient's authorized representative if the request for copies of records is for purposes of appealing a denial of Social Security disability income or Social Security disability benefits under title II or title XVI of the Social Security Act. For the purpose of further appeals, a patient may receive no more than two medical record updates without charge, but only for medical record information previously not provided. For purposes of this paragraph, a patient's authorized representative does not include units of state government engaged in the adjudication of Social Security disability claims.

Subd. 7. **Withholding health records from patient.** (a) If a provider, as defined in section 144.291, subdivision 2, paragraph (h), clause (1), reasonably determines that the information is detrimental to the physical or mental health of the patient, or is likely to cause the patient to inflict self harm, or to harm another, the provider may withhold the information from the patient and may supply the information to an appropriate third party or to another provider, as defined in section 144.291, subdivision 2, paragraph (h), clause (1). The other provider or third party may release the information to the patient.

(b) A provider, as defined in section 144.291, subdivision 2, paragraph (h), clause (3), shall release information upon written request unless, prior to the request, a provider, as defined in section 144.291, subdivision 2, paragraph (h), clause (1), has designated and described a specific basis for withholding the information as authorized by paragraph (a).

Subd. 8. **Form.** By January 1, 2008, the Department of Health must develop a form that may be used by a patient to request access to health records under this section. A form developed by the commissioner must be accepted by a provider as a legally enforceable request under this section.

Sec. 4. [144.293] RELEASE OR DISCLOSURE OF HEALTH RECORDS.

Subdivision 1. **Release or disclosure of health records.** Health records can be released or disclosed as specified in subdivisions 2 to 9 and sections 144.294 and 144.295.

Subd. 2. **Patient consent to release of records.** A provider, or a person who receives health records from a provider, may not release a patient's health records to a person without:

(1) a signed and dated consent from the patient or the patient's legally authorized representative authorizing the release;

(2) specific authorization in law; or

(3) a representation from a provider that holds a signed and dated consent from the patient authorizing the release.

Subd. 3. Release from one provider to another. A patient's health record, including, but not limited to, laboratory reports, x-rays, prescriptions, and other technical information used in assessing the patient's condition, or the pertinent portion of the record relating to a specific condition, or a summary of the record, shall promptly be furnished to another provider upon the written request of the patient. The written request shall specify the name of the provider to whom the health record is to be furnished. The provider who furnishes the health record or summary may retain a copy of the materials furnished. The patient shall be responsible for the reasonable costs of furnishing the information.

Subd. 4. Duration of consent. Except as provided in this section, a consent is valid for one year or for a lesser period specified in the consent or for a different period provided by law.

Subd. 5. Exceptions to consent requirement. This section does not prohibit the release of health records:

(1) for a medical emergency when the provider is unable to obtain the patient's consent due to the patient's condition or the nature of the medical emergency;

(2) to other providers within related health care entities when necessary for the current treatment of the patient; or

(3) to a health care facility licensed by this chapter, chapter 144A, or to the same types of health care facilities licensed by this chapter and chapter 144A that are licensed in another state when a patient:

(i) is returning to the health care facility and unable to provide consent; or

(ii) who resides in the health care facility, has services provided by an outside resource under Code of Federal Regulations, title 42, section 483.75(h), and is unable to provide consent.

Subd. 6. Consent does not expire. Notwithstanding subdivision 4, if a patient explicitly gives informed consent to the release of health records for the purposes and restrictions in clauses (1) and (2), the consent does not expire after one year for:

(1) the release of health records to a provider who is being advised or consulted with in connection with the releasing provider's current treatment of the patient;

(2) the release of health records to an accident and health insurer, health service plan corporation, health maintenance organization, or third-party administrator for purposes of payment of claims, fraud investigation, or quality of care review and studies, provided that:

(i) the use or release of the records complies with sections 72A.49 to 72A.505;

364.1 (ii) further use or release of the records in individually identifiable form to a person
364.2 other than the patient without the patient's consent is prohibited; and
364.3 (iii) the recipient establishes adequate safeguards to protect the records from
364.4 unauthorized disclosure, including a procedure for removal or destruction of information
364.5 that identifies the patient.

364.6 Subd. 7. **Exception to consent.** Subdivision 2 does not apply to the release of health
364.7 records to the commissioner of health or the Health Data Institute under chapter 62J,
364.8 provided that the commissioner encrypts the patient identifier upon receipt of the data.

364.9 Subd. 8. **Record locator service.** (a) A provider or group purchaser may release
364.10 patient identifying information and information about the location of the patient's health
364.11 records to a record locator service without consent from the patient, unless the patient
364.12 has elected to be excluded from the service under paragraph (d). The Department of
364.13 Health may not access the record locator service or receive data from the record locator
364.14 service. Only a provider may have access to patient identifying information in a record
364.15 locator service. Except in the case of a medical emergency, a provider participating in a
364.16 health information exchange using a record locator service does not have access to patient
364.17 identifying information and information about the location of the patient's health records
364.18 unless the patient specifically consents to the access. A consent does not expire but may
364.19 be revoked by the patient at any time by providing written notice of the revocation to the
364.20 provider.

364.21 (b) A health information exchange maintaining a record locator service must
364.22 maintain an audit log of providers accessing information in a record locator service that
364.23 at least contains information on:

364.24 (1) the identity of the provider accessing the information;
364.25 (2) the identity of the patient whose information was accessed by the provider; and
364.26 (3) the date the information was accessed.

364.27 (c) No group purchaser may in any way require a provider to participate in a record
364.28 locator service as a condition of payment or participation.

364.29 (d) A provider or an entity operating a record locator service must provide
364.30 a mechanism under which patients may exclude their identifying information and
364.31 information about the location of their health records from a record locator service. At
364.32 a minimum, a consent form that permits a provider to access a record locator service
364.33 must include a conspicuous check-box option that allows a patient to exclude all of the
364.34 patient's information from the record locator service. A provider participating in a health
364.35 information exchange with a record locator service who receives a patient's request to
364.36 exclude all of the patient's information from the record locator service or to have a specific

365.1 provider contact excluded from the record locator service is responsible for removing that
365.2 information from the record locator service.

365.3 Subd. 9. **Documentation of release.** (a) In cases where a provider releases health
365.4 records without patient consent as authorized by law, the release must be documented in
365.5 the patient's health record. In the case of a release under section 144.294, subdivision 2, the
365.6 documentation must include the date and circumstances under which the release was made,
365.7 the person or agency to whom the release was made, and the records that were released.

365.8 (b) When a health record is released using a representation from a provider that
365.9 holds a consent from the patient, the releasing provider shall document:

365.10 (1) the provider requesting the health records;

365.11 (2) the identity of the patient;

365.12 (3) the health records requested; and

365.13 (4) the date the health records were requested.

365.14 Subd. 10. **Warranties regarding consents, requests, and disclosures.** (a) When
365.15 requesting health records using consent, a person warrants that the consent:

365.16 (1) contains no information known to the person to be false; and

365.17 (2) accurately states the patient's desire to have health records disclosed or that there
365.18 is specific authorization in law.

365.19 (b) When requesting health records using consent, a provider warrants that the
365.20 request:

365.21 (1) contains no information known to the provider to be false;

365.22 (2) accurately states the patient's desire to have health records disclosed or that
365.23 there is specific authorization in law; and

365.24 (3) does not exceed any limits imposed by the patient in the consent.

365.25 (c) When disclosing health records, a person releasing health records warrants that
365.26 the person:

365.27 (1) has complied with the requirements of this section regarding disclosure of
365.28 health records;

365.29 (2) knows of no information related to the request that is false; and

365.30 (3) has complied with the limits set by the patient in the consent.

365.31 Sec. 5. **[144.294] RECORDS RELATING TO MENTAL HEALTH.**

365.32 Subdivision 1. **Provider inquiry.** Upon the written request of a spouse, parent,
365.33 child, or sibling of a patient being evaluated for or diagnosed with mental illness, a
365.34 provider shall inquire of a patient whether the patient wishes to authorize a specific
365.35 individual to receive information regarding the patient's current and proposed course of

366.1 treatment. If the patient so authorizes, the provider shall communicate to the designated
366.2 individual the patient's current and proposed course of treatment. Section 144.293,
366.3 subdivisions 2 and 4, apply to consents given under this subdivision.

366.4 Subd. 2. **Disclosure to law enforcement agency.** Notwithstanding section 144.293,
366.5 subdivisions 2 and 4, a provider must disclose health records relating to a patient's mental
366.6 health to a law enforcement agency if the law enforcement agency provides the name
366.7 of the patient and communicates that the:

366.8 (1) patient is currently involved in an emergency interaction with the law
366.9 enforcement agency; and

366.10 (2) disclosure of the records is necessary to protect the health or safety of the patient
366.11 or of another person.

366.12 The scope of disclosure under this subdivision is limited to the minimum necessary
366.13 for law enforcement to respond to the emergency. A law enforcement agency that obtains
366.14 health records under this subdivision shall maintain a record of the requestor, the provider
366.15 of the information, and the patient's name. Health records obtained by a law enforcement
366.16 agency under this subdivision are private data on individuals as defined in section 13.02,
366.17 subdivision 12, and must not be used by law enforcement for any other purpose.

366.18 Subd. 3. **Records release for family and caretaker; mental health care.** (a)
366.19 Notwithstanding section 144.293, a provider providing mental health care and treatment
366.20 may disclose health record information described in paragraph (b) about a patient to a
366.21 family member of the patient or other person who requests the information if:

366.22 (1) the request for information is in writing;

366.23 (2) the family member or other person lives with, provides care for, or is directly
366.24 involved in monitoring the treatment of the patient;

366.25 (3) the involvement under clause (2) is verified by the patient's mental health care
366.26 provider, the patient's attending physician, or a person other than the person requesting the
366.27 information, and is documented in the patient's medical record;

366.28 (4) before the disclosure, the patient is informed in writing of the request, the name
366.29 of the person requesting the information, the reason for the request, and the specific
366.30 information being requested;

366.31 (5) the patient agrees to the disclosure, does not object to the disclosure, or is
366.32 unable to consent or object, and the patient's decision or inability to make a decision is
366.33 documented in the patient's medical record; and

366.34 (6) the disclosure is necessary to assist in the provision of care or monitoring of the
366.35 patient's treatment.

(b) The information disclosed under this paragraph is limited to diagnosis, admission to or discharge from treatment, the name and dosage of the medications prescribed, side effects of the medication, consequences of failure of the patient to take the prescribed medication, and a summary of the discharge plan.

(c) If a provider reasonably determines that providing information under this subdivision would be detrimental to the physical or mental health of the patient or is likely to cause the patient to inflict self harm or to harm another, the provider must not disclose the information.

(d) This subdivision does not apply to disclosures for a medical emergency or to family members as authorized or required under subdivision 1 or section 144.293, subdivision 5, clause (1).

Sec. 6. **[144.295] DISCLOSURE OF HEALTH RECORDS FOR EXTERNAL RESEARCH.**

Subdivision 1. **Methods of release.** (a) Notwithstanding section 144.293, subdivisions 2 and 4, health records may be released to an external researcher solely for purposes of medical or scientific research only as follows:

(1) health records generated before January 1, 1997, may be released if the patient has not objected or does not elect to object after that date;

(2) for health records generated on or after January 1, 1997, the provider must:

(i) disclose in writing to patients currently being treated by the provider that health records, regardless of when generated, may be released and that the patient may object, in which case the records will not be released; and

(ii) use reasonable efforts to obtain the patient's written general authorization that describes the release of records in item (i), which does not expire but may be revoked or limited in writing at any time by the patient or the patient's authorized representative;

(3) the provider must advise the patient of the rights specified in clause (4); and

(4) the provider must, at the request of the patient, provide information on how the patient may contact an external researcher to whom the health record was released and the date it was released.

(b) Authorization may be established if an authorization is mailed at least two times to the patient's last known address with a postage prepaid return envelope and a conspicuous notice that the patient's medical records may be released if the patient does not object, and at least 60 days have expired since the second notice was sent.

Subd. 2. **Duties of researcher.** In making a release for research purposes, the provider shall make a reasonable effort to determine that:

368.1 (1) the use or disclosure does not violate any limitations under which the record
368.2 was collected;

368.3 (2) the use or disclosure in individually identifiable form is necessary to accomplish
368.4 the research or statistical purpose for which the use or disclosure is to be made;

368.5 (3) the recipient has established and maintains adequate safeguards to protect the
368.6 records from unauthorized disclosure, including a procedure for removal or destruction of
368.7 information that identifies the patient; and

368.8 (4) further use or release of the records in individually identifiable form to a person
368.9 other than the patient without the patient's consent is prohibited.

368.10 Sec. 7. **[144.296] COPIES OF VIDEOTAPES.**

368.11 A provider may not release a copy of a videotape of a child victim or alleged victim
368.12 of physical or sexual abuse without a court order under section 13.03, subdivision 6, or
368.13 as provided in section 611A.90. This section does not limit the right of a patient to view
368.14 the videotape.

368.15 Sec. 8. **[144.297] INDEPENDENT MEDICAL EXAMINATION.**

368.16 Sections 144.291 to 144.298 apply to the subject and provider of an independent
368.17 medical examination requested by or paid for by a third party. Notwithstanding section
368.18 144.293, a provider may release health records created as part of an independent medical
368.19 examination to the third party who requested or paid for the examination.

368.20 Sec. 9. **[144.298] PENALTIES.**

368.21 Subdivision 1. **Licensing action.** A violation of sections 144.291 to 144.298 may
368.22 be grounds for disciplinary action against a provider by the appropriate licensing board
368.23 or agency.

368.24 Subd. 2. **Liability of provider or other person.** A person who does any of the
368.25 following is liable to the patient for compensatory damages caused by an unauthorized
368.26 release, plus costs and reasonable attorney fees:

368.27 (1) negligently or intentionally requests or releases a health record in violation
368.28 of sections 144.291 to 144.297;

368.29 (2) forges a signature on a consent form or materially alters the consent form of
368.30 another person without the person's consent; or

368.31 (3) obtains a consent form or the health records of another person under false
368.32 pretenses.

369.1 Subd. 3. **Liability for record locator service.** A patient is entitled to receive
369.2 compensatory damages plus costs and reasonable attorney fees if a health information
369.3 exchange maintaining a record locator service, or an entity maintaining a record locator
369.4 service for a health information exchange, negligently or intentionally violates the
369.5 provisions of section 144.293, subdivision 8.

369.6 Sec. 10. Minnesota Statutes 2006, section 144.3345, is amended to read:

369.7 **144.3345 INTERCONNECTED ELECTRONIC HEALTH RECORD**
369.8 **GRANTS.**

369.10 of this section.

369.12 established collaborative to support the adoption and use of interoperable electronic
369.13 health records. A collaborative must consist of at least ~~three~~ two or more eligible health

383.3 (b) The board shall submit the evaluation of the system to the legislature by January

383.8 might otherwise be incurred or imposed as a result of the report, or on the basis that the
383.9 pharmacist or prescriber did or did not seek or obtain or use information from the program.

383.10 (b) Nothing in this section shall require a pharmacist, prescriber, or other dispenser
383.11 to obtain information about a patient from the program, and the pharmacist, prescriber,
383.12 or other dispenser, if acting in good faith, is immune from any civil, criminal, or

383.14 receiving, or using information from the program.

383.15 **EFFECTIVE DATE.** This section is effective July 1, 2007, or upon receiving
383.16 sufficient nonstate funds to implement the prescription electronic reporting program,
383.17 whichever is later. In the event that nonstate funds are not secured by the Board of
383.18 Pharmacy to adequately fund the implementation of the prescription electronic reporting

386.21 Subdivision 1. **Chemical dependency treatment allocation.** The chemical
386.22 dependency funds appropriated for allocation shall be placed in a special revenue account.

386.28 ~~allocate funds to the American Indian chemical dependency tribal account for treatment~~
386.29 ~~of American Indians by eligible vendors under section 254B.05, equal to the amount~~
386.30 ~~allocated in fiscal year 1997. Six percent of the remaining money must be reserved for~~
386.31 tribal allocation under section 254B.09, subdivisions 4 and 5. The commissioner shall
386.32 annually divide the money available in the chemical dependency fund that is not held

387.2 reserved for the nonreservation American Indian chemical dependency allocation for
387.3 treatment of American Indians by eligible vendors under section 254B.05, subdivision

387.9 (b) The amount of chemical dependency fund expenditures for entitled persons for
387.10 services not covered by prepaid plans governed by section 256B.69 in the previous year is
387.11 divided by the amount of chemical dependency fund expenditures for entitled persons for
387.12 all services to determine the proportion of exempt service expenditures for each county.

387.13 (c) The prepaid plan months of eligibility is multiplied by the proportion of exempt
387.14 service expenditures to determine the adjusted prepaid plan months of eligibility for
387.15 each county.

387.16 (d) The adjusted prepaid plan months of eligibility is added to the number of
387.17 restricted population fee for service months of eligibility for the Minnesota family
387.18 investment program, general assistance, and medical assistance and divided by the county
387.19 restricted population to determine county per capita months of covered service eligibility.

387.20 (e) The number of adjusted prepaid plan months of eligibility for the state is added
387.21 to the number of fee for service months of eligibility for the Minnesota family investment
387.22 program, general assistance, and medical assistance for the state restricted population and
387.23 divided by the state restricted population to determine state per capita months of covered
387.24 service eligibility.

387.25 (f) The county per capita months of covered service eligibility is divided by the
387.26 state per capita months of covered service eligibility to determine the county welfare
387.27 caseload factor.

387.28 (g) The median married couple income for the most recent three-year period
387.29 available for the state is divided by the median married couple income for the same period
387.30 for each county to determine the income factor for each county.

387.31 (h) The county restricted population is multiplied by the sum of the county welfare
387.32 caseload factor and the county income factor to determine the adjusted population.

387.33 (i) \$15,000 shall be allocated to each county.

387.34 (j) The remaining funds shall be allocated proportional to the county adjusted
387.35 population.

388.5 five percent of the first \$50,000, four percent of the next \$50,000, and three percent of
388.6 the remaining payments for services from the allocation. ~~Twenty-five percent of the~~
388.7 ~~administrative allowance shall be advanced at the beginning of each quarter, based on~~
388.8 ~~the payments for services made in the most recent quarter for which data is available.~~
388.9 ~~Adjustment of any overestimate or underestimate based on actual expenditures shall be~~
388.10 ~~made by the state agency by adjusting the administrative allowance for any succeeding~~
388.11 ~~quarter.~~

388.17 by the local agencies according to law and rules adopted by the commissioner under
388.18 sections 14.001 to 14.69.

388.19 (b) In order to contain costs, the county board shall, with the approval of the
388.20 commissioner of human services, select eligible vendors of chemical dependency services
388.21 who can provide economical and appropriate treatment. Unless the local agency is a social
388.22 services department directly administered by a county or human services board, the local
388.23 agency shall not be an eligible vendor under section 254B.05. The commissioner may
388.24 approve proposals from county boards to provide services in an economical manner or to
388.25 control utilization, with safeguards to ensure that necessary services are provided. If a
388.26 county implements a demonstration or experimental medical services funding plan, the
388.27 commissioner shall transfer the money as appropriate. If a county selects a vendor located
388.28 in another state, the county shall ensure that the vendor is in compliance with the rules
388.29 governing licensure of programs located in the state.

388.30 ~~(c) The calendar year 2002 rate for vendors may not increase more than three~~
388.31 ~~percent above the rate approved in effect on January 1, 2001. The calendar year 2003~~
388.32 ~~rate for vendors may not increase more than three percent above the rate in effect on~~
388.33 ~~January 1, 2002. The calendar years 2004 and 2005 rates may not exceed the rate in~~
388.34 ~~effect on January 1, 2003.~~

389.1 ~~(d)~~ (c) A culturally specific vendor that provides assessments under a variance under

389.6 ~~invoices to the state on forms supplied by the commissioner and according to procedures~~
389.7 ~~established by the commissioner.~~ Local agencies shall pay the state for the county share
389.8 of the ~~invoiced~~ services authorized by the local agency. ~~Payments shall be made at the~~
389.9 ~~beginning of each month for services provided in the previous month. The commissioner~~
389.10 ~~shall bill the county monthly for services, based on the most recent month for which~~
389.11 ~~expenditure information is available. Adjustment of any overestimate or underestimate~~
389.12 ~~based on actual expenditures shall be made by the state agency by adjusting the estimate~~
389.13 ~~for any succeeding month.~~

389.14 Sec. 15. Minnesota Statutes 2006, section 254B.06, subdivision 3, is amended to read:

389.15 Subd. 3. **Payment; denial.** The commissioner shall pay eligible vendors for
389.16 placements made by local agencies under section 254B.03, subdivision 1, and placements
389.17 by tribal designated agencies according to section 254B.09. The commissioner may
389.18 reduce or deny payment of the state share when services are not provided according to the
389.19 placement criteria established by the commissioner. The commissioner may pay for all or
389.20 a portion of improper county chemical dependency placements and bill the county for the
389.21 entire payment made when the placement did not comply with criteria established by the
389.22 commissioner. The commissioner may make payments to vendors and charge the county
389.23 100 percent of the payments if documentation of a county approved placement is received
389.24 more than 30 working days, exclusive of weekends and holidays, after the date services
389.25 began; ~~or if the county approved invoice is received by the commissioner more than 120~~
389.26 ~~days after the last date of service provided.~~ The commissioner shall not pay vendors until
389.27 private insurance company claims have been settled.

The mental health professional or mental health practitioner giving direction must begin with the goals on the individualized treatment plan, and instruct the mental health behavioral aide on how to construct therapeutic activities and interventions that will lead to goal attainment. The professional or practitioner giving direction must also instruct the mental health behavioral aide about the client's diagnosis, functional status, and other characteristics that are likely to affect service delivery. Direction must also include determining that the mental health behavioral aide has the skills to interact with the client and the client's family in ways that convey personal and cultural respect and that the aide actively solicits information relevant to treatment from the family. The aide must be able to clearly explain the activities the aide is doing with the client and the activities' relationship to treatment goals. 393.3 must assess the client's progress and ensure that services and treatment goals continue to
393.4 be necessary and appropriate to the client and the client's family or foster family. Revision
393.5 of the individual treatment plan does not require a new diagnostic assessment unless the
393.6 client's mental health status has changed markedly. The updated treatment plan must be
393.7 signed by the client, if appropriate, and by the client's parent or other person authorized by
393.8 statute to give consent to the mental health services for the child.

425.30 **EFFECTIVE DATE.** This section is effective January 1, 2008.

425.31 Sec. 9. Minnesota Statutes 2006, section 62J.692, subdivision 4, is amended to read:

425.32 Subd. 4. **Distribution of funds.** (a) Following the distribution described under
425.33 paragraph (b), the commissioner shall annually distribute ~~90 percent of the~~ available
425.34 medical education funds to all qualifying applicants based on a distribution formula that
425.35 reflects a summation of two factors:

426.1 ~~(1) an education factor, which is determined by the total number of eligible trainee~~
426.2 ~~FTEs and the total statewide average costs per trainee, by type of trainee, in each clinical~~
426.3 ~~medical education program; and~~

426.4 ~~(2) a public program volume factor, which is determined by the total volume of~~
426.5 ~~public program revenue received by each training site as a percentage of all public~~
426.6 ~~program revenue received by all training sites in the fund pool; and~~

426.7 (2) a supplemental public program volume factor, which is determined by providing
426.8 a supplemental payment of 20 percent of each training site's grant to training sites whose
426.9 public program revenue accounted for at least 0.98 percent of the total public program
426.10 revenue received by all eligible training sites. Grants to training sites whose public
426.11 program revenue accounted for less than 0.98 percent of the total public program revenue
426.12 received by all eligible training sites shall be reduced by an amount equal to the total
426.13 value of the supplemental payment.

426.14 ~~In this formula, the education factor is weighted at 67 percent and the public program~~
426.15 ~~volume factor is weighted at 33 percent.~~

426.16 Public program revenue for the distribution formula includes revenue from medical
426.17 assistance, prepaid medical assistance, general assistance medical care, and prepaid
426.18 general assistance medical care. Training sites that receive no public program revenue
426.19 are ineligible for funds available under this ~~paragraph~~ subdivision. For purposes of
426.20 determining training-site level grants to be distributed under paragraph (a), total statewide
426.21 average costs per trainee for medical residents is based on audited clinical training costs
426.22 per trainee in primary care clinical medical education programs for medical residents.
426.23 Total statewide average costs per trainee for dental residents is based on audited clinical
426.24 training costs per trainee in clinical medical education programs for dental students. Total
426.25 statewide average costs per trainee for pharmacy residents is based on audited clinical
426.26 training costs per trainee in clinical medical education programs for pharmacy students.

426.27 ~~(b) The commissioner shall annually distribute ten percent of total available medical~~
426.28 ~~education funds to all qualifying applicants based on the percentage received by each~~
426.29 ~~applicant under paragraph (a). These funds are to be used to offset clinical education~~
426.30 ~~costs at eligible clinical training sites based on criteria developed by the clinical medical~~
426.31 ~~education program. Applicants may choose to distribute funds allocated under this~~
426.32 ~~paragraph based on the distribution formula described in paragraph (a). \$3,550,000 of the~~
426.33 available medical education funds shall be distributed as follows:

426.34 (1) \$1,475,000 to the University of Minnesota Medical Center-Fairview;
426.35 (2) \$2,075,000 to the University of Minnesota School of Dentistry; and
426.36 (3) \$1,800,000 to the Academic Health Center.

(c) Funds distributed shall not be used to displace current funding appropriations from federal or state sources.

(d) Funds shall be distributed to the sponsoring institutions indicating the amount to be distributed to each of the sponsor's clinical medical education programs based on the criteria in this subdivision and in accordance with the commissioner's approval letter. Each clinical medical education program must distribute funds allocated under paragraph (a) to the training sites as specified in the commissioner's approval letter. Sponsoring institutions, which are accredited through an organization recognized by the Department of Education or the Centers for Medicare and Medicaid Services, may contract directly with training sites to provide clinical training. To ensure the quality of clinical training, those accredited sponsoring institutions must:

(1) develop contracts specifying the terms, expectations, and outcomes of the clinical training conducted at sites; and

(2) take necessary action if the contract requirements are not met. Action may include the withholding of payments under this section or the removal of students from the site.

(e) Any funds not distributed in accordance with the commissioner's approval letter must be returned to the medical education and research fund within 30 days of receiving notice from the commissioner. The commissioner shall distribute returned funds to the appropriate training sites in accordance with the commissioner's approval letter.

~~(f) The commissioner shall distribute by June 30 of each year an amount equal to the funds transferred under subdivision 10, plus five percent interest to the University of Minnesota Board of Regents for the instructional costs of health professional programs at the Academic Health Center and for interdisciplinary academic initiatives within the Academic Health Center.~~

~~(g)~~ A maximum of \$150,000 of the funds dedicated to the commissioner under section 297F.10, subdivision 1, ~~paragraph (b)~~, clause (2), may be used by the commissioner for administrative expenses associated with implementing this section.

EFFECTIVE DATE. This section is effective January 1, 2008.

Sec. 10. Minnesota Statutes 2006, section 62J.692, subdivision 5, is amended to read:

Subd. 5. **Report.** (a) Sponsoring institutions receiving funds under this section must sign and submit a medical education grant verification report (GVR) to verify that the correct grant amount was forwarded to each eligible training site. If the sponsoring institution fails to submit the GVR by the stated deadline, or to request and meet the deadline for an extension, the sponsoring institution is required to return the full

428.1 amount of funds received to the commissioner within 30 days of receiving notice from
428.2 the commissioner. The commissioner shall distribute returned funds to the appropriate
428.3 training sites in accordance with the commissioner's approval letter.

428.4 (b) The reports must provide verification of the distribution of the funds and must
428.5 include:

428.6 (1) the total number of eligible trainee FTEs in each clinical medical education
428.7 program;

428.8 (2) the name of each funded program and, for each program, the dollar amount
428.9 distributed to each training site;

428.10 (3) documentation of any discrepancies between the initial grant distribution notice
428.11 included in the commissioner's approval letter and the actual distribution;

428.12 ~~(4) a statement by the sponsoring institution describing the distribution of funds~~
428.13 ~~allocated under subdivision 4, paragraph (b), including information on which clinical~~
428.14 ~~training sites received funding and the rationale used for determining funding priorities;~~

428.15 ~~(5)~~ a statement by the sponsoring institution stating that the completed grant
428.16 verification report is valid and accurate; and

428.17 ~~(6)~~ (5) other information the commissioner, with advice from the advisory
428.18 committee, deems appropriate to evaluate the effectiveness of the use of funds for medical
428.19 education.

428.20 (c) By February 15 of each year, the commissioner, with advice from the
428.21 advisory committee, shall provide an annual summary report to the legislature on the
428.22 implementation of this section.

428.23 **EFFECTIVE DATE.** This section is effective January 1, 2008.

428.24 Sec. 11. Minnesota Statutes 2006, section 62J.692, subdivision 8, is amended to read:

428.25 Subd. 8. **Federal financial participation.** ~~(a)~~ The commissioner of human
428.26 services shall seek to maximize federal financial participation in payments for medical
428.27 education and research costs. ~~If the commissioner of human services determines that~~
428.28 ~~federal financial participation is available for the medical education and research, the~~
428.29 ~~commissioner of health shall transfer to the commissioner of human services the amount~~
428.30 ~~of state funds necessary to maximize the federal funds available. The amount transferred~~
428.31 ~~to the commissioner of human services, plus the amount of federal financial participation,~~
428.32 ~~shall be distributed to medical assistance providers in accordance with the distribution~~
428.33 ~~methodology described in subdivision 4.~~

429.1 ~~(b) For the purposes of paragraph (a),~~ The commissioner shall use physician clinic
429.2 rates where possible to maximize federal financial participation. Any additional funds that
429.3 become available must be distributed under subdivision 4, paragraph (a).

429.4 **EFFECTIVE DATE.** This section is effective January 1, 2008.

429.5 Sec. 12. Minnesota Statutes 2006, section 62J.81, subdivision 1, is amended to read:

429.6 Subdivision 1. **Required disclosure of estimated payment.** (a) A health care
429.7 provider, as defined in section 62J.03, subdivision 8, or the provider's designee as agreed
429.8 to by that designee, shall, at the request of a consumer, and at no cost to the consumer
429.9 or the consumer's employer, provide that consumer with a good faith estimate of the
429.10 reimbursement allowable payment the provider expects to receive from the health plan
429.11 company in which the consumer is enrolled has agreed to accept from the consumer's
429.12 health plan company for the services specified by the consumer, specifying the amount of
429.13 the allowable payment due from the health plan company. Health plan companies must
429.14 allow contracted providers, or their designee, to release this information. ~~A good faith~~
429.15 ~~estimate must also be made available at the request of a consumer who is not enrolled in~~
429.16 ~~a health plan company.~~ If a consumer has no applicable public or private coverage, the
429.17 health care provider must give the consumer, and at no cost to the consumer, a good faith
429.18 estimate of the average allowable reimbursement the provider accepts as payment from
429.19 private third-party payers for the services specified by the consumer and the estimated
429.20 amount the noncovered consumer will be required to pay. Payment information provided
429.21 by a provider, or by the provider's designee as agreed to by that designee, to a patient
429.22 pursuant to this subdivision does not constitute a legally binding estimate of the allowable
429.23 charge for or cost to the consumer of services.

429.24 (b) A health plan company, as defined in section 62J.03, subdivision 10, shall, at
429.25 the request of an enrollee or the enrollee's designee, provide that enrollee with a good
429.26 faith estimate of the reimbursement allowable amount ~~the health plan company would~~
429.27 ~~expect to pay to~~ has contracted for with a specified provider within the network as total
429.28 payment for a health care service specified by the enrollee and the portion of the allowable
429.29 amount due from the enrollee and the enrollee's out-of-pocket costs. ~~If requested by the~~
429.30 ~~enrollee, the health plan company shall also provide to the enrollee a good faith estimate~~
429.31 ~~of the enrollee's out-of-pocket cost for the health care service.~~ An estimate provided to
429.32 an enrollee under this paragraph is not a legally binding estimate of the ~~reimbursement~~
429.33 allowable amount or enrollee's out-of-pocket cost.

429.34 **EFFECTIVE DATE.** This section is effective August 1, 2007.

430.1 Sec. 13. Minnesota Statutes 2006, section 62L.12, subdivision 2, is amended to read:

430.2 Subd. 2. **Exceptions.** (a) A health carrier may sell, issue, or renew individual
430.3 conversion policies to eligible employees otherwise eligible for conversion coverage under
430.4 section 62D.104 as a result of leaving a health maintenance organization's service area.

430.5 (b) A health carrier may sell, issue, or renew individual conversion policies to
430.6 eligible employees otherwise eligible for conversion coverage as a result of the expiration
430.7 of any continuation of group coverage required under sections 62A.146, 62A.17, 62A.21,
430.8 62C.142, 62D.101, and 62D.105.

430.9 (c) A health carrier may sell, issue, or renew conversion policies under section
430.10 62E.16 to eligible employees.

430.11 (d) A health carrier may sell, issue, or renew individual continuation policies to
430.12 eligible employees as required.

430.13 (e) A health carrier may sell, issue, or renew individual health plans if the coverage
430.14 is appropriate due to an unexpired preexisting condition limitation or exclusion applicable
430.15 to the person under the employer's group health plan or due to the person's need for health
430.16 care services not covered under the employer's group health plan.

430.17 (f) A health carrier may sell, issue, or renew an individual health plan, if the
430.18 individual has elected to buy the individual health plan not as part of a general plan to
430.19 substitute individual health plans for a group health plan nor as a result of any violation of
430.20 subdivision 3 or 4.

430.21 (g) Nothing in this subdivision relieves a health carrier of any obligation to provide
430.22 continuation or conversion coverage otherwise required under federal or state law.

430.23 (h) Nothing in this chapter restricts the offer, sale, issuance, or renewal of coverage
430.24 issued as a supplement to Medicare under sections 62A.3099 to 62A.44, or policies or
430.25 contracts that supplement Medicare issued by health maintenance organizations, or those
430.26 contracts governed by sections 1833, 1851 to 1859, 1860D, or 1876 of the federal Social
430.27 Security Act, United States Code, title 42, section 1395 et seq., as amended.

430.28 (i) Nothing in this chapter restricts the offer, sale, issuance, or renewal of individual
430.29 health plans necessary to comply with a court order.

430.30 (j) A health carrier may offer, issue, sell, or renew an individual health plan to
430.31 persons eligible for an employer group health plan, if the individual health plan is a high
430.32 deductible health plan for use in connection with an existing health savings account, in
430.33 compliance with the Internal Revenue Code, section 223. In that situation, the same or
430.34 a different health carrier may offer, issue, sell, or renew a group health plan to cover
430.35 the other eligible employees in the group.

431.1 (k) A health carrier may offer, sell, issue, or renew an individual health plan to one
431.2 or more employees of a small employer if the individual health plan is marketed ~~directly~~
431.3 through the Minnesota Health Insurance Exchange under section 62A.67 or 62A.68 to
431.4 all employees of the small employer and the small employer does not contribute directly
431.5 or indirectly to the premiums or facilitate the administration of the individual health
431.6 plan. The requirement to market an individual health plan to all employees through the
431.7 Minnesota Health Insurance Exchange under section 62A.67 or 62A.68 does not require
431.8 the health carrier to offer or issue an individual health plan to any employee. For purposes
431.9 of this paragraph, an employer is not contributing to the premiums or facilitating the
431.10 administration of the individual health plan if the employer does not contribute to the
431.11 premium and merely collects the premiums from an employee's wages or salary through
431.12 payroll deductions and submits payment for the premiums of one or more employees ~~in a~~
431.13 ~~lump sum to the health carrier~~ to the Minnesota Health Insurance Exchange under section
431.14 62A.67 or 62A.68. Except for coverage under section 62A.65, subdivision 5, paragraph
431.15 (b), or 62E.16, at the request of an employee, the ~~health carrier~~ Minnesota Health Insurance
431.16 Exchange under section 62A.67 or 62A.68 may bill the employer for the premiums
431.17 payable by the employee, provided that the employer is not liable for payment except
431.18 from payroll deductions for that purpose. If an employer is submitting payments under
431.19 this paragraph, the health carrier and the Minnesota Health Insurance Exchange under
431.20 section 62A.67 or 62A.68 shall jointly provide a cancellation notice directly to the primary
431.21 insured at least ten days prior to termination of coverage for nonpayment of premium.
431.22 Individual coverage under this paragraph may be offered only if the small employer has
431.23 not provided coverage under section 62L.03 to the employees within the past 12 months.

431.24 The employer must provide a written and signed statement to the ~~health carrier~~
431.25 Minnesota Health Insurance Exchange under section 62A.67 or 62A.68 that the employer
431.26 is not contributing directly or indirectly to the employee's premiums. The Minnesota
431.27 Health Insurance Exchange under section 62A.67 or 62A.68 shall provide all health
431.28 carriers with enrolled employees of the employer with a copy of the employer's statement.
431.29 The health carrier may rely on the employer's statement provided by the Minnesota Health
431.30 Insurance Exchange under section 62A.67 or 62A.68 and is not required to guarantee-issue
431.31 individual health plans to the employer's ~~other current or future~~ employees.

431.32 Sec. 14. Minnesota Statutes 2006, section 62L.12, subdivision 4, is amended to read:

431.33 Subd. 4. **Employer prohibition.** A small employer offering a health benefit plan
431.34 shall not encourage or direct an employee or applicant to:

432.1 (1) refrain from filing an application for health coverage when other similarly
432.2 situated employees may file an application for health coverage;

432.3 (2) file an application for health coverage during initial eligibility for coverage,
432.4 the acceptance of which is contingent on health status, when other similarly situated
432.5 employees may apply for health coverage, the acceptance of which is not contingent on
432.6 health status;

432.7 (3) seek coverage from another health carrier, including, but not limited to, MCHA;
432.8 or

432.9 (4) cause coverage to be issued on different terms because of the health status or
432.10 claims experience of that person or the person's dependents.

432.11 Sec. 15. [62Q.101] EVALUATION OF PROVIDER PERFORMANCE.

432.12 A health plan company, or a vendor of risk management services as defined under
432.13 section 60A.23, subdivision 8, shall, in evaluating the performance of a health care
432.14 provider:

432.15 (1) conduct the evaluation using a bona fide baseline based upon practice experience
432.16 of the provider group; and

432.17 (2) disclose the baseline to the health care provider in writing and prior to the
432.18 beginning of the time period used for the evaluation.

432.19 Sec. 16. Minnesota Statutes 2006, section 62Q.165, subdivision 1, is amended to read:

432.20 Subdivision 1. **Definition.** It is the commitment of the state to achieve universal
432.21 health coverage for all Minnesotans by the year 2011. Universal coverage is achieved
432.22 when:

432.23 (1) every Minnesotan has access to a full range of quality health care services;

432.24 (2) every Minnesotan is able to obtain affordable health coverage which pays for the
432.25 full range of services, including preventive and primary care; and

432.26 (3) every Minnesotan pays into the health care system according to that person's
432.27 ability.

432.28 **EFFECTIVE DATE.** This section is effective July 1, 2007.

432.29 Sec. 17. Minnesota Statutes 2006, section 62Q.165, subdivision 2, is amended to read:

432.30 Subd. 2. **Goal.** It is the goal of the state to make continuous progress toward
432.31 reducing the number of Minnesotans who do not have health coverage so that by January
432.32 1, 2000, ~~fewer than four percent of the state's population will be without health coverage~~
432.33 2011, all Minnesota residents have access to affordable health care. The goal will be

433.1 achieved by improving access to private health coverage through insurance reforms and
433.2 market reforms, by making health coverage more affordable for low-income Minnesotans
433.3 through purchasing pools and state subsidies, and by reducing the cost of health coverage
433.4 through cost containment programs and methods of ensuring that all Minnesotans are
433.5 paying into the system according to their ability.

433.6 **EFFECTIVE DATE.** This section is effective July 1, 2007.

433.7 Sec. 18. Minnesota Statutes 2006, section 144.698, subdivision 1, is amended to read:

433.8 Subdivision 1. **Yearly reports.** Each hospital and each outpatient surgical center,
433.9 which has not filed the financial information required by this section with a voluntary,
433.10 nonprofit reporting organization pursuant to section 144.702, shall file annually with the
433.11 commissioner of health after the close of the fiscal year:

433.12 (1) a balance sheet detailing the assets, liabilities, and net worth of the hospital or
433.13 outpatient surgical center;

433.14 (2) a detailed statement of income and expenses;

433.15 (3) a copy of its most recent cost report, if any, filed pursuant to requirements of
433.16 Title XVIII of the United States Social Security Act;

433.17 (4) a copy of all changes to articles of incorporation or bylaws;

433.18 (5) information on services provided to benefit the community, including services
433.19 provided at no cost or for a reduced fee to patients unable to pay, teaching and research
433.20 activities, or other community or charitable activities;

433.21 (6) information required on the revenue and expense report form set in effect on
433.22 July 1, 1989, or as amended by the commissioner in rule;

433.23 (7) information on changes in ownership or control; ~~and~~

433.24 (8) other information required by the commissioner in rule;

433.25 (9) information on the number of available hospital beds that are dedicated to certain
433.26 specialized services, as designated by the commissioner, and annual occupancy rates for
433.27 those beds, separately for adult and pediatric care;

433.28 (10) from outpatient surgical centers, the total number of surgeries; and

433.29 (11) a report on health care capital expenditures during the previous year, as required
433.30 by section 62J.17.

433.31 Sec. 19. **[145.985] HEALTH PROMOTION AND WELLNESS.**

433.32 Community health boards as defined in section 145A.02, subdivision 5, may work
433.33 with schools, health care providers, and others to coordinate health and wellness programs

434.1 in their communities. In order to meet the requirements of this section, community
434.2 health boards may:

434.3 (1) provide instruction, technical assistance, and recommendations on how to
434.4 evaluate project outcomes;

434.5 (2) assist with on-site health and wellness programs utilizing volunteers and others
434.6 addressing health and wellness topics including smoking, nutrition, obesity, and others; and

434.7 (3) encourage health and wellness programs consistent with the Centers for Disease
434.8 Control and Prevention's Community Guide and goals consistent with the Centers for
434.9 Disease Control and Prevention's Healthy People 2010 initiative.

434.10 Sec. 20. Minnesota Statutes 2006, section 256.01, subdivision 2b, is amended to read:

434.11 Subd. 2b. **Performance payments.** (a) The commissioner shall develop and
434.12 implement a pay-for-performance system to provide performance payments to eligible
434.13 medical groups and clinics that demonstrate optimum care in serving individuals
434.14 with chronic diseases who are enrolled in health care programs administered by the
434.15 commissioner under chapters 256B, 256D, and 256L. The commissioner may receive any
434.16 federal matching money that is made available through the medical assistance program
434.17 for managed care oversight contracted through vendors, including consumer surveys,
434.18 studies, and external quality reviews as required by the federal Balanced Budget Act of
434.19 1997, Code of Federal Regulations, title 42, part 438-managed care, subpart E-external
434.20 quality review. Any federal money received for managed care oversight is appropriated
434.21 to the commissioner for this purpose. The commissioner may expend the federal money
434.22 received in either year of the biennium.

434.23 (b) Upon federal approval the commissioner shall develop and implement a patient
434.24 incentive health program to provide incentives and rewards to patients who are enrolled in
434.25 health care programs administered by the commissioner under chapters 256B, 256D, and
434.26 256L, and who have agreed to and have met personal health goals established with the
434.27 patients' primary care providers to manage a chronic disease or condition, including but
434.28 not limited to diabetes, high blood pressure, and coronary artery disease.

434.29 Sec. 21. Minnesota Statutes 2006, section 256B.0625, is amended by adding a
434.30 subdivision to read:

434.31 Subd. 49. **Provider-directed care coordination services.** The commissioner
434.32 shall develop and implement a provider-directed care coordination program for medical
434.33 assistance recipients who are not enrolled in the prepaid medical assistance program and
434.34 who are receiving services on a fee-for-service basis. This program provides payment

435.1 to primary care clinics for care coordination for people who have complex and chronic
435.2 medical conditions. Clinics must meet certain criteria such as the capacity to develop care
435.3 plans; have a dedicated care coordinator; and have an adequate number of fee-for-service
435.4 clients, evaluation mechanisms, and quality improvement processes to qualify for
435.5 reimbursement. For purposes of this subdivision, a primary care clinic is a medical clinic
435.6 designated as the patient's first point of contact for medical care, available 24 hours a
435.7 day, seven days a week, that provides or arranges for the patient's comprehensive health
435.8 care needs, and provides overall integration, coordination and continuity over time and
435.9 referrals for specialty care.

435.10 Sec. 22. **HEALTH CARE PAYMENT SYSTEM REFORM.**

435.11 Subdivision 1. **Payment reform plan.** The commissioners of employee relations,
435.12 human services, commerce, and health shall develop a plan for promoting and facilitating
435.13 changes in payment rates and methods for paying for health care services, drugs, devices,
435.14 supplies, and equipment in order to:

- 435.15 (1) reward the provision of cost-effective primary and preventive care;
435.16 (2) reward the use of evidence-based care;
435.17 (3) discourage underutilization, overuse, and misuse;
435.18 (4) reward the use of the most cost-effective settings, drugs, devices, providers,
435.19 and treatments; and
435.20 (5) encourage consumers to maintain good health and use the health care system
435.21 appropriately.

435.22 In developing the plan, the commissioners shall analyze existing data to determine
435.23 specific services and health conditions for which changes in payment rates and methods
435.24 would lead to significant improvements in quality of care. The commissioners shall
435.25 include a definition of the term "quality" for uniform understanding of the plan's impact.

435.26 Subd. 2. **Report.** The commissioners shall submit a report to the legislature by
435.27 December 15, 2007, describing the payment reform plan. The report must include
435.28 proposed legislation for implementing those components of the plan requiring legislative
435.29 action or appropriations of money.

435.30 **EFFECTIVE DATE.** This section is effective July 1, 2007.

435.31 Sec. 23. **COMMUNITY INITIATIVES TO COVER UNINSURED AND**
435.32 **UNDERINSURED.**

435.33 Subdivision 1. **Community partnerships.** The commissioner of health shall
435.34 provide planning grants to up to three community partnerships that satisfy the requirements

436.1 in this section. A community partnership is eligible for a grant if the community

436.6 community;

436.7 (4) at least one school system;

436.8 (5) at least one of the following:

436.9 (i) one or more integrated health care clinics or physician groups. For purposes of
436.10 this section, "integrated health care" means integrated mental health and primary care; or

436.11 (ii) one or more health care clinics or physician groups and one or more mental
436.12 health clinics; and

436.13 (6) a third-party payer, which may include a county-based purchasing plan, an
436.14 employer, or a health plan company.

436.15 Subd. 2 **Proposal requirements.** The planning grants shall be used by community
436.16 partnerships to develop a comprehensive proposal to provide affordable health care
436.17 services to uninsured and underinsured individuals with chronic health conditions through
436.18 an integrated community partnership system. A community partnership requesting a
436.19 planning grant must submit to the commissioner a planning proposal that includes:

436.20 (1) methods for identifying potential uninsured or underinsured individuals and
436.21 patients who have or who are at risk of developing a chronic health condition;

436.22 (2) methods to integrate and coordinate medical, mental health, and chemical health
436.23 services with services provided through county social services, corrections, public health,
436.24 school districts, and health care providers;

436.25 (3) providing early intervention and prevention activities; and

436.26 (4) methods to identify and support accountability across public and private systems,

436.28 through an integrated system.

436.29 Subd. 3. **Planning grant criteria.** (a) Proposals for planning grants shall be
436.30 submitted to the commissioner. Preference shall be given to planning proposals that:

436.31 (1) have broad community support from local business, providers, counties, and
436.32 other public and private organizations;

436.33 (2) propose to provide services to uninsured or underinsured individuals of every
436.34 age who have or are at risk of developing multiple, co-occurring chronic conditions;

436.35 (3) integrate or coordinate resources from multiple sources; and

437.1 (4) demonstrate how administrative costs for health plan companies and providers
437.2 can be reduced through greater simplification, coordination, consolidation, standardization,
437.3 reducing billing errors, or other methods.

437.4 (b) Community partnerships receiving a planning grant under this section shall
437.5 submit their proposed initiatives to the commissioner by December 15, 2007.

437.6 (c) The commissioner shall submit a report to the legislature by February 15, 2008,
437.7 that:

437.8 (1) identifies the community partnerships that received a planning grant under this
437.9 section; and

437.10 (2) summarizes the planned initiatives submitted to the commissioner based on
437.11 the requirements in this section.

437.12 Sec. 24. **CARE COORDINATION PILOT PROJECTS.**

437.13 Subdivision 1. **Pilot projects.** (a) The commissioner of human services shall
437.14 develop and administer up to four pilot projects for children and adults with complex
437.15 health care needs who are enrolled in fee-for-service medical assistance, to the extent
437.16 permitted by federal requirements. At least two of the grantees must focus on children
437.17 with autism or children with complex/multi-diagnoses physical conditions. The purpose
437.18 of the projects is to pilot primary care clinic models of care delivery focused on care
437.19 coordination and family involvement in order to:

437.20 (1) incent and support the provision of cost-effective primary and preventive care;

437.21 (2) reward the use of evidence-based care;

437.22 (3) reward coordination of care for patients with chronic conditions;

437.23 (4) discourage overuse and misuse of high cost services;

437.24 (5) reward the use of the most cost-effective settings, drugs, devices, providers,
437.25 and treatments; and

437.26 (6) encourage consumers to maintain good health and use the health care system
437.27 appropriately.

437.28 (b) The pilot projects must involve the use of designated care professionals or
437.29 clinics to serve as a patient's medical home and be responsible for coordinating health
437.30 care services across the continuum of care.

437.31 Subd. 2. **Requirements.** In order to be designated a pilot project, health care
437.32 professionals or clinics must demonstrate the ability to:

438.7 (5) systematically improve quality of care using, among other inputs, patient
438.8 feedback.

438.9 Subd. 3. **Evaluation.** Pilot projects must be evaluated based on patient satisfaction,
438.10 provider satisfaction, clinical process and outcome measures, program costs and savings,
438.11 and economic impact on health care providers. Pilot projects must be evaluated based
438.12 on the extent to which the medical home:

438.13 (1) coordinated health care services across the continuum of care and thereby
438.14 reduced duplication of services and enhanced communication across providers;

438.15 (2) provided safe and high-quality care by increasing utilization of effective
438.16 treatments, reduced use of ineffective treatments, reduced barriers to essential care and
438.17 services, and eliminated barriers to access;

438.18 (3) reduced unnecessary hospitalizations and emergency room visits and increased
438.19 use of cost-effective care and settings;

438.20 (4) encouraged long-term patient and provider relationships by shifting from
438.21 episodic care to consistent, coordinated communication and care with a specified team of
438.22 providers or individual providers;

438.23 (5) engaged and educated consumers by encouraging shared patient and provider
438.24 responsibility and accountability for disease prevention, health promotion, chronic
438.25 disease management, acute care, and overall well-being, encouraging informed medical
438.26 decision-making, ensuring the availability of accurate medical information, and facilitated
438.27 the transfer of accurate medical information;

438.28 (6) fostered the expansion of a technology infrastructure that supports collaboration;
438.29 and

438.30 (7) reduced overall health care costs as compared to conventional payment methods
438.31 for similar patient populations.

438.32 Subd. 4. **Rulemaking.** The commissioner is exempt from administrative rulemaking
438.33 under chapter 14 for purposes of developing, administering, contracting for, and evaluating
438.34 pilot projects under this section. The commissioner shall publish a proposed request for
438.35 proposals in the State Register and allow 30 days for comment before issuing the final
438.36 request for proposals.

439.1 Subd. 5. **Care coordination payments.** Grantees under this section are not eligible
439.2 for care coordination payments under Minnesota Statutes, section 256B.0625, subdivision
439.3 49.

439.4 **Sec. 25. MERC DISTRIBUTION FORMULA.**

439.5 The commissioner of health shall evaluate the effect of the 2007 revisions to the
439.6 medical education and research costs (MERC) distribution formula adopted in this act
439.7 on sponsoring institutions and clinical training sites with low numbers of eligible trainee
439.8 full-time employees. The commissioner shall present to the legislature, by January 15,
439.9 2008, any recommendations for changes in the MERC distribution formula necessary to

In the disclosure statement, the seller must indicate, for each well, whether the well is in use, not in use, or sealed.

(b) At the time of closing of the sale, the disclosure statement information, name and mailing address of the buyer, and the quartile, section, township, and range in which each well is located must be provided on a well disclosure certificate signed by the seller or a person authorized to act on behalf of the seller.

(c) A well disclosure certificate need not be provided if the seller does not know of any wells on the property and the deed or other instrument of conveyance contains the statement: "The Seller certifies that the Seller does not know of any wells on the described real property."

(d) If a deed is given pursuant to a contract for deed, the well disclosure certificate required by this subdivision shall be signed by the buyer or a person authorized to act on behalf of the buyer. If the buyer knows of no wells on the property, a well disclosure certificate is not required if the following statement appears on the deed followed by the signature of the grantee or, if there is more than one grantee, the signature of at least one of the grantees: "The Grantee certifies that the Grantee does not know of any wells on the described real property." The statement and signature of the grantee may be on the front or back of the deed or on an attached sheet and an acknowledgment of the statement by the grantee is not required for the deed to be recordable.

442.1 (e) This subdivision does not apply to the sale, exchange, or transfer of real property:
442.2 (1) that consists solely of a sale or transfer of severed mineral interests; or

442.9 (g) For real property sold by the state under section 92.67, the lessee at the time of
442.10 the sale is responsible for compliance with this subdivision.

442.11 (h) If the seller fails to provide a required well disclosure certificate, the buyer, or
442.12 a person authorized to act on behalf of the buyer, may sign a well disclosure certificate
442.13 based on the information provided on the disclosure statement required by this section
442.14 or based on other available information.

442.15 (i) A county recorder or registrar of titles may not record a deed or other instrument
442.16 of conveyance dated after October 31, 1990, for which a certificate of value is required
442.17 under section 272.115, or any deed or other instrument of conveyance dated after October

443.5 or seller, or a person authorized to act on behalf of the buyer or seller, certifies on the deed
443.6 or other instrument of conveyance that the status and number of wells on the property
443.7 have not changed since the last previously filed well disclosure certificate. The following
443.8 statement, if followed by the signature of the person making the statement, is sufficient
443.9 to comply with the certification requirement of this paragraph: "I am familiar with the
443.10 property described in this instrument and I certify that the status and number of wells on
443.11 the described real property have not changed since the last previously filed well disclosure
443.12 certificate." The certification and signature may be on the front or back of the deed or on
443.13 an attached sheet and an acknowledgment of the statement is not required for the deed or
443.14 other instrument of conveyance to be recordable.

443.15 (k) The commissioner in consultation with county recorders shall prescribe the form
443.16 for a well disclosure certificate and provide well disclosure certificate forms to county
443.17 recorders and registrars of titles and other interested persons.

443.18 (l) Failure to comply with a requirement of this subdivision does not impair:

443.19 (1) the validity of a deed or other instrument of conveyance as between the parties
443.20 to the deed or instrument or as to any other person who otherwise would be bound by
443.21 the deed or instrument; or

443.22 (2) the record, as notice, of any deed or other instrument of conveyance accepted for
443.23 filing or recording contrary to the provisions of this subdivision.

443.24 **EFFECTIVE DATE.** This section is effective July 1, 2008.

443.25 Sec. 6. Minnesota Statutes 2006, section 144.123, is amended to read:

443.26 **144.123 FEES FOR DIAGNOSTIC LABORATORY SERVICES;**

entity. No fee will be charged for any biological materials submitted to the Department of Health as a requirement of Minnesota Rules, part 4605.7040, or for those biological materials requested by the department to gather information for disease prevention or control purposes. The commissioner of health may establish ~~by rule~~ other exceptions to the handling fee as may be necessary to ~~gather information for epidemiologic purposes~~ protect the public's health. All fees collected pursuant to this section shall be deposited in the state treasury and credited to the state government special revenue fund.

Subd. 2. ~~**Rules for Fee amounts.**~~ The commissioner of health shall ~~promulgate rules, in accordance with chapter 14, which shall specify the amount of the~~ charge a handling fee prescribed in subdivision 1. Sec. 7. Minnesota Statutes 2006, section 144.125, is amended to read:

Subdivision 1. **Duty to perform testing.** It is the duty of (1) the administrative officer or other person in charge of each institution caring for infants 28 days or less of age, (2) the person required in pursuance of the provisions of section 144.215, to register the birth of a child, or (3) the nurse midwife or midwife in attendance at the birth, to arrange to have administered to every infant or child in its care tests for heritable and congenital disorders according to subdivision 2 and rules prescribed by the state commissioner of health. Testing and the recording and reporting of test results shall be performed at the times and in the manner prescribed by the commissioner of health. The commissioner shall charge ~~laboratory service fees~~ a fee so that the total of fees collected will approximate the costs of conducting the tests and implementing and maintaining a system to follow-up infants with heritable or congenital disorders, including hearing loss detected through the early hearing detection and intervention program under section 144.966. The ~~laboratory service~~ fee is ~~\$61~~ \$101 per specimen. Costs associated with capital expenditures and the development of new procedures may be prorated over a three-year period when calculating the amount of the fees.

Subd. 2. **Determination of tests to be administered.** The commissioner shall periodically revise the list of tests to be administered for determining the presence of a heritable or congenital disorder. Revisions to the list shall reflect advances in medical science, new and improved testing methods, or other factors that will improve the public

In determining whether a test must be administered, the commissioner shall take into consideration the adequacy of ~~laboratory~~ analytical methods to detect the heritable or congenital disorder, the ability to treat or prevent medical conditions caused by the heritable or congenital disorder, and the severity of the medical conditions caused by the heritable or congenital disorder. The list of tests to be performed may be revised if the changes are recommended by the advisory committee established under section 144.1255, approved by the commissioner, and published in the State Register. The revision is exempt from the rulemaking requirements in chapter 14, and sections 14.385 and 14.386 do not apply.

Subd. 3. **Objection of parents to test.** Persons with a duty to perform testing under subdivision 1 shall advise parents of infants (1) that the blood or tissue samples used to perform testing thereunder as well as the results of such testing may be retained by the Department of Health, (2) the benefit of retaining the blood or tissue sample, and (3) that the following options are available to them with respect to the testing: (i) to decline to have the tests, or (ii) to elect to have the tests but to require that all blood samples and records of test results be destroyed within 24 months of the testing. If the parents of an infant object in writing to testing for heritable and congenital disorders or elect to require that blood samples and test results be destroyed, the objection or election shall be recorded on a form that is signed by a parent or legal guardian and made part of the infant's medical record. A written objection exempts an infant from the requirements of this section and section 144.128.

Sec. 8. Minnesota Statutes 2006, section 144.9507, is amended by adding a subdivision to read:

Subd. 6. **Medical assistance.** Medical assistance reimbursement for lead risk assessment services under section 256B.0625, subdivision 49, shall not be used to replace or decrease existing state or local funding for lead services and lead-related activities.
