

Assembly Bill No. 548

Passed the Assembly September 4, 2007

Chief Clerk of the Assembly

Passed the Senate July 2, 2007

Secretary of the Senate

This bill was received by the Governor this _____ day
of _____, 2007, at _____ o'clock ____M.

Private Secretary of the Governor

CHAPTER _____

An act to add Section 42913 to the Public Resources Code, relating to recycling.

LEGISLATIVE COUNSEL'S DIGEST

AB 548, Levine. Solid waste: multifamily dwellings.

The California Integrated Waste Management Act of 1989 establishes an integrated waste management program administered by the California Integrated Waste Management Board. The act requires a local jurisdiction to develop a source reduction and recycling element of an integrated waste management plan containing specified components.

This bill would require an owner of a multifamily dwelling, defined as a residential facility that consists of 5 or more living units, on or after July 1, 2008, to arrange for recycling services that are appropriate for the multifamily dwelling, consistent with state or local laws or requirements, including a local ordinance or agreement, applicable to the collection, handling, or recycling of solid waste.

The people of the State of California do enact as follows:

SECTION 1. Section 42913 is added to the Public Resources Code, to read:

42913. (a) On and after July 1, 2008, an owner of a multifamily dwelling shall arrange for recycling services that are appropriate for the multifamily dwelling, consistent with state or local law or requirements, including a local ordinance or agreement, applicable to the collection, handling, or recycling of solid waste.

(b) For the purposes of this section, "multifamily dwelling" means a residential facility that consists of five or more living units.

Approved _____, 2007

Governor
