2 To provide with respect to the capital outlay budget and the capital outlay program for state
3 government, state institutions, and other public entities; to provide for the
4 designation of projects and improvements; to provide for the financing thereof
5 making appropriations from certain sources; and to provide for related matters.

7 Section 1. The following sums or so much thereof as may be necessary are hereby
8 appropriated out of any monies in the state treasury from the sources specified, from federal
9 funds and self-generated revenues belonging to the state of Louisiana and/or collected by
10 boards, commissions, departments, and agencies thereof, all for making capital outlay and
11 for the purposes and in the amounts specified herein for the Fiscal Year commencing July
12 1, 2008, and ending June 30, 2009, subject to the conditions thereafter provided:

18 The amount set forth in this Section opposite each project, or so much thereof as may be
19 necessary, is hereby appropriated and payable from the proceeds available from the sale of

1 general obligation bonds, unless a different source of funding is indicated. Where such a
2 different source of funding is indicated, the corresponding amount set forth, or so much
3 thereof as may be necessary, is hereby appropriated and payable from the source of funding
4 indicated; provided, however, amounts appropriated and payable from federal funds may be
5 encumbered or expended only to the extent such amounts shall have been committed or
6 received. Pursuant to the provisions of R.S. 39:82, funds for planning, acquisition,
7 construction, and major repair projects appropriated by this act may be retained until
8 completion of the project, even if no bona fide liability exists on the last day of the fiscal
9 year.

10 This Act shall constitute the comprehensive state capital outlay budget for the 2008-
11 2009 Fiscal Year. Projects set forth which are payable from the proceeds available from the
12 sale of general obligation bonds shall have the priorities as indicated. The Request for Line
13 of Credit form used by the Attorney General and Bond Counsel in evaluating Louisiana
14 Constitutional, Internal Revenue Code, and applicable income tax regulations shall be filed
15 with the Commissioner of Administration, State Bond Commission, and State Attorney
16 General. No general obligation bonds shall be sold, nor cash lines of credit granted to fund
17 any lower priority project prior to the sale of general obligation bonds or the granting of cash
18 lines of credit to fund all higher priority projects (the "general rule"), except as hereinafter
19 provided. This prohibition against funding a lower priority project shall not apply upon a
20 showing of an impossibility or impracticality either to proceed with all unfunded higher
21 priority projects or to proceed with the funding of such projects or any part thereof through
22 the issuance of general obligation bonds for any reason. Such showing shall be stated in
23 reasonable detail in a certificate or certificates signed by the state agency responsible for
24 administering the funding, and filed with the Commissioner of Administration and the State
25 Bond Commission (hereinafter referred to as "the commission"). Upon a determination by
26 the commission that proceeding with such a project or the funding thereof through the
27 issuance of general obligation bonds is impractical or impossible, the commission may then
28 proceed with the sale of general obligation bonds or the granting of cash lines of credit
29 without regard to the priority of the unfunded projects determined to be impossible or
30 impractical.

1 Upon recommendation by the state agency responsible for administering the funding,
2 if it is determined at any time that proceeding with the project or with the funding thereof
3 is no longer impossible or impractical, the State Bond Commission may rescind the
4 certificate of impossibility or impracticality and may proceed with the project or with the
5 issuance of general obligation bonds or the granting of cash lines of credit to fund the
6 project. Alternatively, the Interim Emergency Board (hereinafter referred to as "the board"),
7 upon reviewing certificates as described above and determining that proceeding with such
8 project or the funding thereof through the issuance of general obligation bonds is impossible
9 or impractical, may designate a lower priority for such project. The board's determination
10 and lower priority designation shall be submitted to the members of the Legislature for their
11 approval in accordance with the provisions of Chapter 3-B of Subtitle I of Title 39 of the
12 Louisiana Revised Statutes of 1950. In accordance with the provisions of Chapter 3-B of
13 Subtitle I of Title 39 of the Louisiana Revised Statutes of 1950, whenever at the written
14 request of the appropriate legislators and agency, the board determines that an adjustment
15 to a project description originally set forth in such capital budget adopted by the Legislature
16 for a current fiscal year is necessary to correct a mistake in a project description, clarify a
17 description, change the scope of a description, or make any other adjustment the board
18 deems necessary to implement the purpose of the project, such adjustment shall only become
19 effective upon the approval by majority vote of the elected members of each house of the
20 Legislature in the manner provided for in Chapter 3-B of Subtitle I of Title 39 of the
21 Louisiana Revised Statutes of 1950.

22 If such approval is granted, notification by the chair or secretary of the board of the
23 results of the balloting shall be transmitted to the State Bond Commission, which may then
24 proceed with the sale of general obligation bonds or the granting of cash lines of credit for
25 each change approved upon request of the Commissioner of Administration in accordance
26 with the general rule.

27 With respect to Priorities 1 through 5, a lower priority project may be moved to a
28 higher priority only upon a showing of an emergency or other cause not reasonably
29 anticipated by the Legislature, which shall be stated in reasonable detail in a certificate
30 signed by the head of the appropriate department, political subdivision, or agency and filed
31 with the Commissioner of Administration and the board. Upon a determination by the board

1 that such project should be moved to a higher priority because of an emergency or other
2 cause not reasonably anticipated by the Legislature, the board shall designate a higher
3 priority to the project. The matter then shall be submitted to and be subject to the same
4 approval by the members of the Legislature in the manner previously indicated in this
5 Section. If such approval is granted, notification by the chair or secretary of the board of the
6 change of priority shall be transmitted to the State Bond Commission, which then upon
7 request of the Commissioner of Administration, may proceed with the sale of general
8 obligation bonds or the granting of cash lines of credit in accordance with the general rule.
9 As to projects within a priority, the State Bond Commission acting on requests submitted by
10 the Commissioner of Administration shall determine when such project, or phases thereof,
11 shall be funded. In making such determination, the State Bond Commission shall consider
12 the amount of proceeds of general obligation bonds to be made available in light of money
13 and capital market conditions; the expenditure requirements of the project; the time required
14 for architectural plans and drawings, public bidding, and site acquisition and preparation;
15 availability of receipt of federal monies; litigation affecting the undertaking or completion
16 of a project, federal tax laws and regulations regarding the sale of municipal bonds; and
17 other items of a similar nature bearing upon the possibility or the necessity to commence a
18 project or any particular phase thereof.

19 Any other provision of this Act to the contrary notwithstanding, projects described
20 in Priority 5 of this Act shall not be moved to a higher priority except upon one of the
21 following conditions: (1) Funding is necessary to complete or additionally fund a project
22 located elsewhere in the capital outlay act. Determination of such condition shall be made
23 by the head of the appropriate department or agency by means of a certificate to that effect
24 filed with the Interim Emergency Board, who shall, by mail ballot, request approval of such
25 change and if approved by a majority of each house of the Legislature it shall be funded, or
26 (2) unless required by an emergency or other cause not reasonably anticipated by the
27 Legislature, to be in accordance with procedures set forth in this Section. However, the State
28 Bond Commission may authorize a noncash line of credit for any project in Priority 5 which
29 represents that portion of construction contracts which were let during a previous fiscal year,
30 or construction contracts which will be let during the current fiscal year, but which will not
31 require cash expenditures during the year. Such noncash lines of credit, when combined with

1 previously sold bonds or with higher priority bonds or lines of credit, or with funds
2 appropriated from other sources, will provide sufficient appropriated funds to award
3 equipment or construction contracts. Contracts shall not be awarded without approval of the
4 Division of Administration

5 Upon approval by the State Bond Commission, and subject to compliance with its
6 policies and procedures and the procedures set forth herein, a line of credit providing for the
7 use of funds in anticipation of the sale of general obligation bonds may be granted to the
8 appropriate administering agency or department from the Comprehensive Capital Outlay
9 Escrow Account, or if there is not a sufficient amount available in such account, from other
10 available state cash in the state treasury, for capital improvement projects for which bond
11 proceeds are appropriated by a current capital budget, prior to the actual issuance of bonds
12 for such projects, unless the attorney general advises that an impediment exists to the valid
13 issuance of the bonds on the date such line of credit is granted.

14 All bonds that are to be repaid, in whole or in part, by revenues generated by the
15 project shall be designated as "Reimbursement Bonds". The State Bond Commission shall
16 enter into such agreements as are necessary to provide that the agency or subdivision, whose
17 project is reimbursable, shall pay the bond debt costs into the Bond Security and Redemption
18 Fund. Such costs may be paid annually or at the end of the term of the bonds issued as
19 determined by the State Bond Commission.

20 Priority 1 general obligation bond funding shall be limited to:

21 (1) Projects and amounts which were previously authorized by Act 28 of the 2007
22 Regular Session of the Legislature; and which were granted cash lines of credit by the State
23 Bond Commission. The bonds to fund these projects were not sold in Fiscal Year 2007-
24 2008.

25 (2) The reauthorization of the portion of the outstanding Fiscal Year 2007-2008
26 Priority 5 Non-Cash Lines of Credit for projects which will require cash expenditures in
27 Fiscal Year 2008-2009 and therefore must be converted to Cash Lines of Credit in Fiscal
28 Year 2008-2009.

29 (3) Commitments made in the Higher Education Desegregation Settlement
30 Agreement.

1 Priority 2 general obligation bond projects are for the completion of plans and
2 specifications, land acquisition, site preparation, or for construction which will begin during
3 the fiscal year. It is presently anticipated that the listed projects will require the sale of bonds
4 or extension of lines of credit during the fiscal year after adoption of this Act.

5 Priority 3 general obligation bond projects are for the preparation of plans and
6 specifications, land acquisition, site preparation, or for construction and shall be limited to
7 funding for the portion of construction contracts which will not require cash expenditures
8 during the fiscal year. The projects in this category shall be considered future year projects
9 in the State's five year capital outlay plan. It is presently anticipated that the listed projects
10 will not require the sale of bonds or extension of lines of credit during the fiscal year.

11 Priority 4 general obligation bond projects are for the preparation of plans and
12 specifications, land acquisition, site preparation, or for construction and shall be limited to
13 funding for the portion of construction contracts which will not require cash expenditures
14 during the fiscal year. The projects in this category shall be considered future year projects
15 in the State's five year capital outlay plan. It is presently anticipated that the listed projects
16 will not require the sale of bonds or extension of lines of credit during the fiscal year.

17 Priority 5 general obligation bond funding shall be limited to funding for the portion
18 of construction contracts which will not require cash expenditures during the fiscal year.
19 These funds, when combined with previously sold bonds or with higher priority bonds on
20 lines of credit, or with funds appropriated from other sources, will provide sufficient
21 appropriated funds to award contracts. Non-cash lines of credit shall be required prior to the
22 award of these contracts.

23 In accordance with the cash management plan adopted pursuant to R.S. 48:251(D)
24 and the provisions of Act 161 of the 1998 First Extraordinary Session, the Department of
25 Transportation and Development is authorized to enter into contracts or agreements for
26 construction of projects approved pursuant to the Highway Priority Program, Airport
27 Construction and Development Priority Program, Port Construction and Development
28 Priority Program, and Statewide Flood Control Program for projects bid and awarded,
29 authorized, or commenced during the fiscal year which do not require cash expenditures for
30 the full contract or agreement amount.

31		Payable from Revenue Bonds	\$ 900,000,000
32		Total	<u>\$1,125,500,000</u>

33 Provided, however, this Revenue Bonds appropriation is in lieu of Revenue Bonds
 34 appropriated in Act 28 of 2007. Per Act 203 of the 2007 Regular Session, \$300,000,000 in
 35 Community Development Block Grant funds (Interagency Transfer) previously allocated
 36 will be replaced with state funding. The \$300,000,000 Interagency Transfer appropriation
 37 in Act 28 of 2007 is hereby rescinded, and is replaced by this \$225,500,000 General
 38 Obligation Bond appropriation and the Act 203 of 2007 appropriation of \$74,500,000
 39 payable out of the State General Fund by Statutory Dedications out of the 2004
 40 Overcollections Fund.

46 Section 2. The expenditure of funds appropriated in this Act, except appropriations
47 made to nonprofit economic development corporations, shall be in conformity to all existing
48 statutes relative to public bidding, contractual review, and R.S. 39:101 through 128 and any

1 other statutes affecting the capital outlay program for state government, state institutions,
2 and political entities. No contract shall be awarded for any project prior to the granting of
3 a line of credit or the sale of bonds by the State Bond Commission, determination by the
4 state treasurer that cash funding is available in the Comprehensive Capital Outlay Escrow
5 Account for the project, or delivery of revenue bonds whose issuance is authorized in
6 Section 1 of this Act. Notwithstanding any other provisions of law to the contrary, all
7 projects contained in and assigned a Priority in Section 1 to be funded through the
8 authorization or issuance of state general obligation bonds shall be deemed to be in
9 compliance with the procedures set forth in Article VII, Section 11 of the Constitution of
10 Louisiana and the project may be undertaken and the expenditure of monies for such projects
11 is hereby authorized.

12 Section 3. Payment for projects specified in this Act must be made by warrant
13 submitted to the Division of Administration, Department of Transportation and
14 Development, the State Treasurer or other administering agency as provided in Section 8,
15 whichever is appropriate, only to the extent of funds required for immediate payment.
16 Copies of invoices or other supporting documentation shall be submitted with warrants. In
17 the event that any equipment included in this Act, is procured pursuant to the provisions of
18 the State Lease Purchase Act, R.S. 39:1761 et seq., the amounts included in this Act for each
19 such piece of equipment shall not be appropriated. The provisions of R.S. 39:1771 which
20 require equipment to be leased under the State Lease Purchase Act to be included in the
21 executive budget and approved by the Legislature through inclusion in the General
22 Appropriation Act shall be considered waived upon the inclusion of such equipment in this
23 Act. Projects contained in this Act may, at the direction of the Division of Administration
24 and with the approval of the State Bond Commission, alternatively be funded through
25 financing programs heretofore or hereafter provided by a public trust and public corporation
26 duly organized pursuant to R.S. 9:2341 et seq., having for its beneficiary the state and the
27 Louisiana Local Government Environmental Facilities and Community Development
28 Authority, pursuant to R.S. 33:4548.1 et seq.

29 Section 4. If at any time during the Fiscal Year 2008-2009, the governor should find,
30 or the Joint Legislative Committee on the Budget or the Commissioner of Administration
31 should report to the governor, that the receipts of the treasury are falling short or appear

1 likely to fall short of the revenue estimates for the fiscal year and that a cash deficit is likely
2 to be incurred, the governor shall take such steps as deemed necessary to prevent the
3 occurrence of a cash deficit. In the event that a capital outlay project funded in this Act falls
4 under an agency which is abolished or for which funds are not appropriated in the 2008-2009
5 General Appropriation Act, then the funds appropriated in this Act for such capital outlay
6 projects shall not be expended unless deemed necessary by the governor to protect life or
7 property. In the event that legislation is enacted which transfers facilities or programs for
8 which projects are funded in this Act, on behalf of one agency, institution, department, or
9 management board to another agency, institution, department, or management board, then
10 the projects in this Act shall be deemed transferred also.

11 Section 5. All monies appropriated by this Act and any applicable funds of a prior
12 capital outlay budget act adopted by the Legislature shall be deposited by the State Treasurer
13 in the Comprehensive Capital Outlay Escrow Account, established by this Section, in the
14 state treasury. Notwithstanding any provisions contained herein or other law to the contrary,
15 any original issue premium or accrued interest proceeds received pursuant to the sale of
16 general obligation bonds shall remain on deposit to the credit of the Bond Security and
17 Redemption Fund until such time as they may be utilized in accordance with U.S.
18 Department of Treasury Regulations promulgated pursuant to the Internal Revenue Code of
19 1986. All such monies shall be administered according to the particular act pertaining to the
20 fiscal year in which such monies were appropriated. If it is determined by the Director of
21 the Office of Facility Planning and Control, Division of Administration, that the funds
22 appropriated by this Act or any prior capital outlay budget act are not sufficient to complete
23 the projects contained in any capital outlay budget act, through unavoidable deficiencies in
24 appropriation, including administrative and legal requirements, the Commissioner of
25 Administration, subject to approval of the Joint Legislative Committee on the Budget, may
26 direct the use of interest earned from the investment of general obligation bond or note
27 proceeds in the Comprehensive Capital Outlay Escrow Account, not to exceed an aggregate
28 of five million dollars in any one fiscal year, for the purpose of completing the projects
29 contained in any capital outlay budget act and such money shall be deemed appropriated in
30 specific amounts necessary for such purpose. All appropriations in this Act which are made
31 as additions to funds for previously authorized projects shall be included, for accounting

1 purposes, in the account of said previously authorized projects. If it is determined by the
2 Director of the Office of Facility Planning and Control, Division of Administration, that it
3 is cost effective and practical to combine individual appropriations in order to award a single
4 professional and/or construction contract, the Commissioner of Administration, subject to
5 the approval of the Joint Legislative Committee on the Budget, may direct that two or more
6 appropriations or parts thereof may be combined into a single project for accounting and
7 audit purposes. The Commissioner of Administration may direct that funding in the various
8 statewide and/or multiple parish projects for improvements for state facilities may be
9 transferred to any project, in this Act or any previous Capital Outlay Act, which require
10 supplemental funding for improvements for state facilities which qualify for funding through
11 the various statewide and/or multiple parish projects for improvements for state facilities.
12 The Office of Facility Planning and Control of the Division of Administration is authorized
13 to receive settlements and vendor rebates not in excess of \$50,000 unless approved by the
14 Joint Legislative Committee on the Budget, and to add those receipts to the funding for
15 projects in this Act or any previous Capital Outlay Act for which project funds are received.
16 The Office of Facility Planning and Control in the Division of Administration is authorized
17 to receive insurance payments and are hereby authorized to immediately repair facilities that
18 suffer insurance losses without those projects being included in the Act and shall report to
19 the Joint Legislative Committee on the Budget any expenditures from insurance funds
20 received pursuant to this section. A portion, as determined by the Commissioner of
21 Administration and not to exceed one percent (1%), of the funding for projects which qualify
22 for the Percent for Art program, may be transferred from the qualifying project budgets, to
23 the Department of Culture, Recreation and Tourism for costs of acquiring art and
24 administering the program. For all Percent for Art program projects in this or any previous
25 capital outlay, up to ten percent (10%) of the aforementioned one percent (1%) may be used
26 for the costs of administering the projects.

27 Section 6. Prior to March 1, 2009, the Commissioner shall submit to the Legislature,
28 in addition to the projects required to be reported by R.S. 39:105, a list of projects that are
29 completed and the cash balances remaining in each project.

30 Section 7. The Commissioner of Administration, with the approval of the Joint
31 Legislative Committee on the Budget, is authorized to supplement or substitute the

1 appropriations specified in Section 1 hereof with any federal or other funds which are or may
2 become available and such funds shall be deemed appropriated in specific amounts
3 necessary for the purposes of this Act. Any funds received by the State Bond Commission
4 as a result of a prepayment of reimbursement contracts as authorized by law and the Policy
5 and Procedure for Reimbursement Contracts of the Department of Treasury, Office of State
6 Bond Commission, shall be deposited as set forth in such Policy and Procedure and shall be
7 deemed available and appropriated in specific amounts necessary for the purposes of this Act
8 pursuant to the procedure set forth in this section.

9 Section 8. All of the funds herein appropriated, except for appropriations made to
10 the Department of Military Affairs, the New Orleans Exhibition Hall Authority, the
11 Legislature, the Louisiana Stadium and Exposition District, the Department of Economic
12 Development prior to the 2004 Regular Legislative Session, the Department of Economic
13 Development for the Aerospace Manufacturing Infrastructure appropriation, the Department
14 of Economic Development for the Automotive Manufacturing Infrastructure appropriation,
15 the Department of Economic Development for the LITE Equipment appropriation, the
16 Department of Economic Development for the Louisiana Gene Therapy Consortium
17 appropriations, the Department of Economic Development for the Economic Development
18 Award Program, the Division of Administration for Supplemental State Funds for Local
19 Government Assistance Program, or the Department of Transportation and Development,
20 shall be considered as having been appropriated directly to the Office of Facility Planning
21 and Control, Division of Administration, and all projects herein authorized and funded shall
22 be subject to the provisions of R.S. 39:101 through 128. All of the funds herein appropriated
23 under the name of nonstate entities, shall be considered as having been appropriated directly
24 to the Office of Facility Planning and Control, Division of Administration, and shall be
25 administered by the Office of Facility Planning and Control, Division of Administration,
26 under cooperative endeavor agreements. All cooperative endeavor agreements for non-state
27 entities which are political subdivisions shall be prepared by the office of facility planning
28 and control and the Commissioner of Administration is hereby authorized and directed to
29 effectuate any necessary transfer of funds from the Department of Justice to the office of
30 facility planning and control in order to accomplish this purpose. However, all cooperative
31 endeavor agreements between the Department of Transportation and Development and

1 nonstate entities entered into prior to the passage of this Act shall continue to be
2 administered by the Department of Transportation and Development. Cooperative endeavor
3 agreements entered into pursuant to this Act, and approved by the Commissioner of
4 Administration or his designee, or the Secretary of the Department of Transportation and
5 Development for projects appropriated to or administered by the Department of
6 Transportation and Development, shall not be required to be submitted to the Division of
7 Administration, Office of Contractual Review. For all projects in this or any previous Capital
8 Outlay Act appropriated to the Office of Facility Planning and Control, Division of
9 Administration, including those administered by cooperative endeavor agreements, up to six
10 percent of each line-item may be used for costs of administering the projects. For all projects
11 in this or any previous Capital Outlay Act appropriated to the Department of Transportation
12 and Development, up to six percent of each line-item may be used for costs of administering
13 the projects, or for field engineering/construction supervision. Line-item general obligation
14 bond projects appropriated to the Department of Transportation and Development in this or
15 any previous Capital Outlay Act shall be authorized to draw Transportation Trust Funds
16 from the Highway Program appropriation, for supplemental funding on overruns in excess
17 of the original estimated project cost as determined by the Department of Transportation and
18 Development, provided however that said projects are in the state or federal highway system
19 and in the priority program, and the overrun is less than \$50,000. Any such overrun of
20 \$50,000 or more must be approved by the Joint Legislative Committee on the Budget.
21 Furthermore, all ports, levee districts and other nonstate entities must have a fully executed
22 cooperative endeavor agreement, from the Office of Facility Planning and Control,
23 Department of Transportation and Development, or the State Treasurer, whichever is
24 appropriate, before entering into any contracts which obligate state funding; and must follow
25 all laws pertaining to public bidding. If a port, levee district or other nonstate entity enters
26 into a contract prior to receipt of funding, or prior to execution of a cooperative endeavor
27 agreement, then payments under such contracts are prohibited from capital outlay
28 appropriations, and are the sole responsibility of the port, levee district, or other nonstate
29 entity. Notwithstanding the provisions of this Section or any other capital outlay act,
30 contracts may be entered into for the Atchafalaya Basin Protection and Enhancement
31 Kemper Williams project in St. Mary Parish prior to a cooperative endeavor agreement being

1 entered into with the state. Notwithstanding anything contained in this or any other capital
2 outlay act, contracts may be entered into for the Arts Council of New Orleans Artist Guild
3 project prior to receipt of funding. Notwithstanding anything contained in this or any other
4 capital outlay act, contracts may be entered into for the Natchitoches Industrial Park-South
5 project prior to receipt of funding and prior to execution of a cooperative endeavor
6 agreement. For the limited purposes of this Act and any other capital outlay act, the public
7 contract law shall not apply to the Sewer Repair project for the Town of Tickfaw
8 appropriated in Act 28 of the 2007 Regular Session. Notwithstanding anything contained
9 in this Act to the contrary or any other provision of law, contracts may be entered into for
10 the South Toledo Bend Waterworks District Water Treatment and Booster Plant Expansion
11 prior to receipt of funding and prior to execution of the cooperative endeavor agreement.
12 Notwithstanding anything contained in this Act to the contrary or any other provision of law,
13 contracts may be entered into for the Livingston Parish Twenty-First District Complex prior
14 to receipt of funding and prior to execution of the cooperative endeavor agreement.
15 Notwithstanding anything contained in this Act to the contrary or any other provision of law,
16 the scope of the appropriations made in this or any other Capital Outlay Act for the St. Mary
17 Parish Plantation Pump Station Replacement project shall be deemed to include repair,
18 equipment, rehabilitation and infrastructure improvements at the existing Plantation Pump
19 Station. Notwithstanding anything contained in this Act to the contrary or any other
20 provision of law, the scope of the appropriation made in Act 27 of 2006 for the Campus
21 Development for Delta Community College project shall be deemed to include an economic
22 development initiative. Notwithstanding anything contained in this Act to the contrary or
23 any other provision of law, the scope of the appropriations made in this or any other Capital
24 Outlay Act for the St. Martin Parish I-10 Frontage Road Project shall be deemed to include
25 the planning, designing, and construction of public infrastructure improvements, including
26 but not limited to roadways, water, sewer, lighting, and drainage improvements, adjacent to
27 said frontage roads for the purposes of economic development and job creation as certified
28 and audited by the St. Martin Economic Development Authority. Notwithstanding any other
29 provision of this Act or any other provision of law to the contrary, the scope of the
30 appropriations made in Act 26 of the 2005 Regular Session of the Legislature for Weeks
31 Park Open Air Pavilion project in Iberia Parish shall be deemed to include lighting,

1 bathrooms, concession stand, and park improvements. Notwithstanding any other provision
2 of this Act or any other provision of law to the contrary, the scope of the appropriation made
3 for the Louisiana Leadership Institute shall be deemed to include a multi-purpose education
4 enrichment center, athletic field and band hall and the design professional fees may exceed
5 the state guidelines administrated by the office of Facility Planning and Control of the
6 Division of Administration. Notwithstanding the provisions of this Act or any other capital
7 outlay act, the "LSU Baton Rouge, Computer Facility, Planning and Construction (East
8 Baton Rouge)" project contained in Act 28 of the 2007 Regular Session, is transferred to the
9 Department of Economic Development. Notwithstanding anything contained in this act to
10 the contrary or any other Act or provision of law, the appropriations made for the Executive
11 Department for facilities which promote economic development included in the Repair,
12 Restoration, and Replacement for Hurricanes Katrina and Rita project, and the Department
13 of Economic Development projects are for public purposes pursuant to the provisions of
14 Article VII, Section 14 of the Constitution of Louisiana primarily for economic
15 development, including the generation of tax revenues, creation of jobs, promotion of
16 tourism, and creation of facilities for charitable, cultural, artistic, educational, social, civic,
17 research, service, economic development activities, or provide facilities for professional golf
18 events, pursuant to the terms of cooperative endeavor agreements, including leases and all
19 expenditures of these appropriations and may be exempted, by the Commissioner of
20 Administration, from all statutes relative to public bidding, contractual review and the
21 provisions of R.S. 33:9029.2(D) and in lieu thereof be allowed to use alternative competitive
22 contracting arrangements where the appropriate administering entity submits documentation
23 to the Commissioner of Administration substantiating that it is in the best interest of the
24 citizens of the state, due to economic and/or operational benefits, and the necessity to
25 complete the projects in a timely manner; and, the appropriate administering entity shall
26 have the authority to directly appoint the design professional from a list of a minimum of
27 three design firms or joint ventures with the appropriate specialized facility design
28 experience submitted to and acceptable to the Commissioner of Administration and shall be
29 exempt from other state requirements for selection of designers, and may include
30 expenditures for computers, fixtures, furniture, and other equipment as such is deemed to
31 be capital outlay in nature, and unless the Commissioner of Administration is advised by

1 bond counsel to the State that such may violate federal tax law, may be used to reimburse
2 any expenditure made prior to the granting of a line of credit or the sale of bonds by the State
3 Bond Commission, determination by the state treasurer that cash funding has been deposited
4 in the Comprehensive Capital Outlay Escrow Account for the project or the execution of a
5 cooperative agreement from the Office of Facility Planning and Control, and may be used
6 to acquire land or real property, the title to which is held in the name of an entity exempt
7 from taxation under the provisions of Title 26, Section 501(c)(3) of the United States Code.
8 Notwithstanding anything contained in this or any other capital outlay act or any other
9 provision of law, the scope of the appropriation to the Louisiana Stadium and Exposition
10 District which formerly was described as a NBA Basketball Training Facility shall be
11 deemed to be inclusive of other professional sports facilities for planning, construction,
12 leasehold improvements or acquisitions of such leasehold improvements. Notwithstanding
13 any provision of law to the contrary, the commissioner of administration is hereby
14 authorized to take such actions as are necessary, including using such funds as may be
15 available including those appropriated and available under this Act for professional sports
16 facilities through the Louisiana Stadium and Exposition District and that are otherwise
17 available, executing on behalf of the state such documents as are necessary in order to
18 terminate the ground lease between the state and the PGA and thereby acquiring all
19 leasehold improvements for the state, extending the management agreement between the
20 state and the PGA, and extending the sponsorship and presence of the Zurich Classic in the
21 Greater New Orleans area. Notwithstanding anything contained in this or any other capital
22 outlay act, any contract for the repair or restoration of facilities for professional golf events
23 for damages due to Hurricanes Katrina and Rita shall be deemed to have been sole source
24 procurements for purposes of R.S. 39:1597. Notwithstanding anything contained in this or
25 any other capital outlay act, contracts may be entered into for the Tulane National Primate
26 Research Center prior to receipt of funding and prior to execution of a cooperative endeavor
27 agreement and the project is exempted from all statutes relative to public bidding and
28 contractual review and in lieu thereof the appropriate administering entity shall have the
29 authority to directly appoint design professionals and construction managers in accordance
30 with National Institute of Health Design and Construction Guidelines. Notwithstanding
31 anything contained in this act to the contrary or any other provision of law, the

1 appropriations made for the Louisiana Stadium and Exposition District shall be appropriated
2 directly to the Louisiana Stadium and Exposition District, and are public purposes pursuant
3 to the provisions of Article VII, Section 14 of the Constitution of Louisiana primarily for
4 economic development, including the generation of tax revenue, creation of jobs, and the
5 generation of tourism, and may be used to reimburse any expenditure made prior to the
6 granting of a line of credit or the sale of bonds by the State Bond Commission, determination
7 by the state treasurer that cash funding has been deposited in the Comprehensive Capital
8 Outlay Escrow Account for the project. Contracts for projects funded through this
9 appropriation shall be awarded utilizing the public bid and contractual review process set
10 forth in Chapter 10 of Title 38 and Chapter 16 of Title 39 of the Louisiana Revised Statutes
11 of 1950, except with respect to time requirements, or, in order to encourage competition for
12 the projects funded through this appropriation and to complete the projects in a timely
13 manner, the Louisiana Stadium and Exposition District shall have the authority to select a
14 general contractor through an RFP process whereby general contractors will bid general
15 conditions and contractor's fee based on the direct construction budget. The alternative time
16 requirements shall be approved by the Commissioner of Administration before the awarding
17 of any such contracts. The Louisiana Stadium and Exposition District shall have the
18 authority to directly appoint the design professional from a list of a minimum of three
19 architectural firms or joint ventures with professional sports facility design experience
20 acceptable to the Commissioner of Administration and shall be exempt from other state
21 requirements for selection of designers. The design professional fee shall be in accordance
22 with state guidelines administered by the office of Facility Planning and Control of the
23 Division of Administration. Notwithstanding any other provision of this Act or other law
24 to the contrary, the Ernest N. Morial New Orleans Exhibition Hall Authority, for the Phase
25 IV Convention Center Expansion project may negotiate with respect to the price, conditions
26 and terms of the contract to be entered into for the construction of the project; provided, that
27 prior to the execution of the contract, it must be submitted to the Joint Legislative
28 Committee on the Budget for review and approval, and if so approved, the execution of the
29 contract shall resolve any and all claims and disputes between the parties arising out of the
30 award of the public bid. Eligible expenses for Economic Development Award Program funds
31 may include documented project expenses beginning on the date of LEDC Board approval

1 of the project and may be reimbursed upon execution of the cooperative endeavor agreement
2 for the project. The new Medical Center of Louisiana New Orleans project in Orleans Parish
3 shall be exempt from the state's requirements for selection of designers and the
4 Commissioner of Administration shall have the authority to approve a design professional
5 selection process. The design professional fee shall be in accordance with state guidelines
6 administrated by the Office of Facility Planning and Control of the Division of
7 Administration. The Division of Administration, Office of Facility Planning and Control,
8 with approval of the Commissioner of Administration and the Joint Legislative Committee
9 on the Budget, is authorized to use alternative delivery strategies in implementing the
10 Medical Center of Louisiana New Orleans project and hurricane damage repairs to Southern
11 University at New Orleans. For all projects administered by the Office of Facility Planning
12 and Control and payable from proceeds of self-generated revenues, funds shall be remitted
13 to the Office of Facility Planning and Control for deposit in the state treasury at such time
14 as may be deemed necessary by the Office of Facility Planning and Control in order to cover
15 the amount of contracts or other project expenses. The state treasurer shall refund to the
16 appropriate source any surplus self-generated funds, advanced insurance funds received by
17 Facility Planning and Control as Interagency Transfer from Office of Risk Management
18 associated with hurricane damage recovery, and interest earned on these funds, provided the
19 Treasurer's Office is notified, when these funds are deposited in the state treasury, that the
20 user agency or Office of Risk Management intends to request a refund of this interest. Any
21 revenue bonds appropriated in Section 1 of this Act shall not be secured by the full faith and
22 credit of the state.

23 Section 9. Notwithstanding any provisions contained herein or any other law to the
24 contrary, the provisions of Chapter 16 of Subtitle III of Title 39 of the Louisiana Revised
25 Statutes of 1950 as amended, shall not apply to architectural and engineering contracts,
26 administered by the Office of Facility Planning and Control, Division of Administration
27 pursuant to this or any other capital outlay act.

28 Section 10. All funds appropriated herein to the Office of Facility Planning and
29 Control, Division of Administration, on behalf of nonstate entities, and administered by
30 cooperative endeavor agreements pursuant to this Act shall be expended within two (2) years
31 from the date of the issuance of the bonds. The Office of Facility Planning and Control,

1 Division of Administration, agrees that it will notify the nonstate entity of the date the bonds
2 are issued within three (3) months from the issuance thereof. The nonstate entity
3 understands and agrees that if the funds appropriated herein and administered under
4 cooperative endeavor agreements pursuant to this Act are not totally expended within two
5 (2) years from the issuance of the bonds, the Office of Facility Planning and Control,
6 Division of Administration, can close the project and recommend that the Legislature
7 reallocate any unexpended proceeds to other projects.

8 Section 11. Notwithstanding any provisions contained herein or law to the contrary,
9 the proceeds of revenue bonds to be utilized to fund certain projects authorized in Section
10 1 hereof may, in accordance with Article VII, Section 9 of the Louisiana Constitution of
11 1974, be deposited in special accounts held outside the state treasury in accordance with the
12 provisions of any bond resolution, indenture, reimbursement contract, or other bond or
13 financing covenant which provides for the pledge of such funds in connection with the
14 issuance of revenue bonds. For all projects administered by the Office of Facility Planning
15 and Control, Division of Administration, authorized in Section 1 hereof which are payable
16 from the proceeds of revenue bonds, only the Office of Facility Planning and Control,
17 Division of Administration, will be authorized to requisition funds from the special accounts
18 described immediately above, at such time or times as may be deemed necessary by the
19 Office of Facility Planning and Control, Division of Administration, in order to cover
20 contract amounts or other project expenses.

21 Section 12. The governor shall have the power to veto any line-item in this Act.

22 Section 13. Except as otherwise provided herein, no funds shall be expended on any
23 highway projects on highways within the state highway system as defined in R.S. 48:191
24 under the jurisdiction of the Department of Transportation and Development unless and until
25 such project is in the Highway Program, R.S. 48:228 through 232, approved by the Joint
26 Legislative Committee on Transportation, Highways and Public Works.

27 Section 14. The word "statewide" used in place of the specific parish designation for
28 projects contained in this Act indicates that the project or program is applicable to all sixty
29 four parishes in the state. The description of any project in this Act shall be deemed to
30 include planning, design, master planning, studies, permits, surveys, testing, construction,
31 land and/or building/improvement acquisition, reconstruction, renovation, repair, right of

1 way and utilities, site and other improvements, miscellaneous/contingencies, lease hold
2 improvements, equipment and other acquisitions, and any other component of the project
3 if such are included or indicated in the capital outlay request for such projects required by
4 R.S. 39:101 subject to the provisions of Title 39 of the Louisiana Revised Statutes. For new
5 construction or renovation projects, equipment or other acquisitions, which can reasonably
6 be considered necessary for the facility to be functional, may be deemed to be included in
7 the project, even if such equipment or other acquisitions are not included or indicated in the
8 project name or the capital outlay request. The state may accept cash, land, or other
9 property, unless another match requirement is specifically provided for such project, in
10 satisfaction, in whole or in part, of any local match requirement for any project funded in this
11 Act. When local or federal match is referenced in a project title, but only a portion of the
12 state appropriation is granted a line of credit or otherwise funded, then the amount of local
13 or federal match, required to be made available, may be prorated relative to the amount of
14 state appropriation made available through lines of credit.

15 Section 15. The provisions, items, and projects contained in this Act are severable
16 and if any provision, item, or project contained herein, or the application of any such
17 provision, item, or project, is held invalid, such invalidity shall not affect other provisions,
18 items, projects, or applications of the Act which can be given effect without the invalid
19 provision, project, item, or application.

20 Section 16. Notwithstanding any other provisions of law to the contrary, the state
21 shall not grant cash lines of credit, or authorize or issue general obligation bonds in a
22 principal amount in excess of \$1,251,475,000 for Fiscal Year 2008-2009.

23 Section 17. Notwithstanding the provisions of Act 422 of 1988, which mandates that
24 high rise state buildings must have sprinklers by January of 1999, the deadline is hereby
25 extended until December 31, 2009, to allow the completion of ongoing capital outlay
26 sprinkler installation projects.

27 Section 18. Notwithstanding any contrary provision of this Act or any contrary
28 provision of law, no funds appropriated by this Act shall be released or provided to any
29 recipient of an appropriation made in this Act if, when, and for as long as, the recipient fails
30 or refuses to comply with the provisions of R.S. 24:513. No recipient shall be considered
31 to fail or refuse to comply with the provisions of R.S. 24:513 pursuant to this Section during

1 any extension of time granted by the legislative auditor to the recipient to comply. The
2 legislative auditor is authorized to grant an extension of time to comply with the provisions
3 of R.S. 24:513 for recipient entities of an appropriation contained in this Act.

4 Section 19. This Act shall become effective upon signature by the governor or, if not
5 signed by the governor, upon expiration of the time for bills to become law without signature
6 by the governor, as provided in Article III, Section 18 of the Constitution of Louisiana. If
7 vetoed by the governor and subsequently approved by the Legislature, this Act shall become
8 effective on the day following such approval.

SPEAKER OF THE HOUSE OF REPRESENTATIVES

PRESIDENT OF THE SENATE

GOVERNOR OF THE STATE OF LOUISIANA

APPROVED: _____
