mined by the commissioner based upon a survey prepared in
accordance with subsection (e).
(b) A lease agreement entered into by the commonwealth pursuant to this section shall provide that the parcel shall be used solely for municipal and public parking facilities and accessory uses directly related to the lessee’s purposes as determined by the commissioner, in consultation with the administrative office of the trial court. The lease agreement shall also provide that if the parcel ceases to be used for the purposes described in this section, the commonwealth may terminate the lease under such terms and conditions as the lease may prescribe.

(c) Any lease agreement entered into by the commonwealth pursuant to this section shall provide, by reservation or otherwise, for 55 dedicated parking spaces for use by the administrative office of the trial court at no cost to the commonwealth. The consideration for the lease shall be the provision of those dedicated parking spaces and the city of Northampton’s responsibility for all costs and expenses associated with the parking facilities as provided in subsection (e). The lease shall also provide for a mutually-acceptable method of determining substitute or in-kind consideration to be paid or provided by the city of Northampton to the commonwealth in the event that the administrative office of the trial court ceases to use all or a portion of the dedicated parking, taking into consideration the cost to the city of providing 55 replacement spaces as covered parking, parking lot maintenance, parking enforcement and other costs associated with providing parking lot operations over the term of the lease. The commissioner shall determine, from time to time, in consultation with the administrative office of the trial court and the city of Northampton, the sufficient number of parking spaces based on size and configuration of parking spaces at the time, and the location and access thereto, for use by the administrative office of the trial court and the terms and conditions governing such use and operation; provided, however, that the total area of such parking spaces on the parcel shall not materially exceed the area dedicated to the initial 55 parking spaces.

(d) Any lease agreement entered into by the commonwealth pursuant to this act shall be on such other terms and conditions as the commissioner, in consultation with the administrative office of the trial court, deems appropriate; provided, however, that any such lease agreement shall contain a provision that requires the
lessee to indemnify and hold the commonwealth, the division of
capital asset management and maintenance and the administrative
office of the trial court harmless from any personal injury or prop-
erty damage caused or suffered by the lessee, its representatives,
clients, agents, invitees or other member of the public. The indem-
nity and hold harmless provision shall cover all costs, expenses,
liabilities and legal fees in connection with any injury, loss,
damage, liability or claim or any proceeding brought thereon or in
defense thereof.

(e) The lessee shall be responsible for procuring all work
including, without limitation, legal services, surveys, title and the
preparation of plans and specifications as deemed necessary or
appropriate by the commissioner to implement this section and
shall pay all costs and expenses therefor. The lessee shall also be
responsible for all costs, liabilities and expenses of any kind for
the development, construction, improvement, repair, maintenance,
management and operation of the parking facilities on the parcel.
