SECTION 2220. 111.70 (1) (a) of the statutes, as affected by 2009 Wisconsin Act 15, is amended to read:

111.70 **(1)** (a) "Collective bargaining" means the performance of the mutual obligation of a municipal employer, through its officers and agents, and the representative of its municipal employees in a collective bargaining unit, to meet and confer at reasonable times, in good faith, with the intention of reaching an agreement, or to resolve questions arising under such an agreement, with respect to wages, hours and conditions of employment, and with respect to a requirement of the municipal employer for a municipal employee to perform law enforcement and fire fighting services under s. 61.66, except as provided in subs. (3m), (3p), and (4) (m) and (mc) and s. 40.81 (3) and except that a municipal employer shall not meet and confer with respect to any proposal to diminish or abridge the rights guaranteed to

municipal employees under ch. 164. The duty to bargain, however, does not compel either party to agree to a proposal or require the making of a concession. Collective bargaining includes the reduction of any agreement reached to a written and signed document. The municipal employer shall not be required to bargain on subjects reserved to management and direction of the governmental unit except insofar as the manner of exercise of such functions affects the wages, hours and conditions of employment of the municipal employees in a collective bargaining unit. In creating this subchapter the legislature recognizes that the municipal employer must exercise its powers and responsibilities to act for the government and good order of the jurisdiction which it serves, its commercial benefit and the health, safety and welfare of the public to assure orderly operations and functions within its jurisdiction, subject to those rights secured to municipal employees by the constitutions of this state and of the United States and by this subchapter.

111.70 **(1)** (b) "Collective bargaining unit" means a unit consisting of municipal employees who are school district ~~professional~~ employees or of municipal employees who are not school district ~~professional~~ employees that is determined by the commission to be appropriate for the purpose of collective bargaining.

SECTION 2223. 111.70 (1) (fm) of the statutes is repealed.

SECTION 2224. 111.70 (1) (nc) of the statutes is repealed.

SECTION 2224s. 111.70 (1) (nd) of the statutes is created to read:

111.70 **(1)** (nd) "School district employee" means a municipal employee who is employed to perform services for a school district.

SECTION 2225. 111.70 (1) (ne) of the statutes is repealed.

SECTION 2225p. 111.70 (3p) of the statutes is created to read:

111.70 **(3p)** CHILD CARE PROVIDER SERVICES UNIT. A collective bargaining agreement that covers municipal employees performing services for the child care provider services unit under s. 49.826 shall contain a provision that permits the terms of the agreement to be modified with respect to hours and conditions of employment by a memorandum of understanding under s. 49.826 (3) (b) 4.

SECTION 2226. 111.70 (4) (cm) 5. of the statutes is amended to read:

111.70 **(4)** (cm) 5. 'Voluntary impasse resolution procedures.' In addition to the other impasse resolution procedures provided in this paragraph, a municipal employer and labor organization may at any time, as a permissive subject of bargaining, agree in writing to a dispute settlement procedure, including authorization for a strike by municipal employees or binding interest arbitration, which is acceptable to the parties for resolving an impasse over terms of any collective bargaining agreement under this subchapter. A copy of such agreement shall be filed by the parties with the commission. If the parties agree to any form of binding interest arbitration, the arbitrator shall give weight to the factors enumerated under subds. 7.~~,~~ and 7g. for a collective bargaining unit consisting of municipal employees who are not school district employees and under subd. 7r. for a collective bargaining unit consisting of municipal employees.

SECTION 2227. 111.70 (4) (cm) 5s. of the statutes is amended to read:

111.70 **(4)** (cm) 5s. 'Issues subject to arbitration.' In a collective bargaining unit ~~consisting of~~ that includes school district professional employees, the municipal employer or the labor organization may petition the commission to determine whether the municipal employer has submitted a qualified economic offer with respect to school district professional employees. The commission shall appoint an

investigator for that purpose. If the investigator finds that the municipal employer has submitted such a qualified economic offer, the investigator shall determine whether a deadlock exists between the parties with respect to all economic issues affecting school district professional employees. If the municipal employer submits such a qualified economic offer applicable to any period beginning on or after July 1, 1993, no economic issues affecting school district professional employees are subject to interest arbitration under subd. 6. for that period, except that only the impact of contracting out or subcontracting work that would otherwise be performed by municipal employees in the collective bargaining unit is subject to interest arbitration under subd. 6. In such a collective bargaining unit, economic issues concerning the wages, hours or conditions of employment of the school district professional employees in the unit for any period prior to July 1, 1993, are subject to interest arbitration under subd. 6. for that period. In such a collective bargaining unit, noneconomic issues applicable to any period on or after July 1, 1993, are subject to interest arbitration after the parties have reached agreement and stipulate to agreement on all economic issues concerning the wages, hours or conditions of employment of the school district professional employees in the unit for that period. In such a collective bargaining unit, if the commission's investigator finds that the municipal employer has submitted a qualified economic offer with respect to school district professional employees and that a deadlock exists between the parties with respect to all economic issues affecting school district professional employees, the municipal employer may implement the qualified economic offer. On the 90th day prior to expiration of the period included within the qualified economic offer, if no agreement exists on that day, the parties are deemed to have stipulated to the inclusion in a new or revised collective bargaining agreement of all provisions of any

predecessor collective bargaining agreement concerning economic issues affecting school district professional employees, or of all provisions of any existing collective bargaining agreement concerning these economic issues if the parties have reopened negotiations under an existing agreement, as modified by the terms of the qualified economic offer and as otherwise modified by the parties. In such a collective bargaining unit, on and after that 90th day, a municipal employer that refuses to bargain collectively with respect to the terms of that stipulation, applicable to the 90−day period prior to expiration of the period included within the qualified economic offer, does not violate sub. (3) (a) 4. Any such unilateral implementation after August 11, 1993, during the 90−day period prior to expiration of the period included within such a qualified economic offer, operates as a full, final and complete settlement of all economic issues affecting school district professional employees between the parties for the period included within the qualified economic offer. The failure of a labor organization to recognize the validity of such a lawful qualified economic offer does not affect the obligation of the municipal employer to submit economic issues to arbitration under subd. 6.

SECTION 2227b. 111.70 (4) (cm) 5s. of the statutes, as affected by 2009 Wisconsin Act .... (this act), is repealed.

SECTION 2228. 111.70 (4) (cm) 6. a. of the statutes is amended to read:

111.70 **(4)** (cm) 6. a. If in any collective bargaining unit a dispute relating to one or more issues~~, qualifying for interest arbitration under subd. 5s. in a collective bargaining unit to which subd. 5s. applies,~~ has not been settled after a reasonable period of negotiation and after mediation by the commission under subd. 3. and other settlement procedures, if any, established by the parties have been exhausted, and the parties are deadlocked with respect to any dispute between them over wages,

hours and conditions of employment to be included in a new collective bargaining agreement, either party, or the parties jointly, may petition the commission, in writing, to initiate compulsory, final and binding arbitration, as provided in this paragraph. At the time the petition is filed, the petitioning party shall submit in writing to the other party and the commission its preliminary final offer containing its latest proposals on all issues in dispute. Within 14 calendar days after the date of that submission, the other party shall submit in writing its preliminary final offer on all disputed issues to the petitioning party and the commission. If a petition is filed jointly, both parties shall exchange their preliminary final offers in writing and submit copies to the commission at the time the petition is filed.

SECTION 2229. 111.70 (4) (cm) 6. am. of the statutes is amended to read:

111.70 **(4)** (cm) 6. am. Upon receipt of a petition to initiate arbitration, the commission shall make an investigation, with or without a formal hearing, to determine whether arbitration should be commenced. If in determining whether an impasse exists the commission finds that the procedures set forth in this paragraph have not been complied with and such compliance would tend to result in a settlement, it may order such compliance before ordering arbitration. The validity of any arbitration award or collective bargaining agreement shall not be affected by failure to comply with such procedures. Prior to the close of the investigation each party shall submit in writing to the commission its single final offer containing its final proposals on all issues in dispute that are subject to interest arbitration under this subdivision ~~or under subd. 5s. in collective bargaining units to which subd. 5s. applies~~. If a party fails to submit a single, ultimate final offer, the commission shall close the investigation based on the last written position of the party. ~~The municipal employer may not submit a qualified economic offer under subd. 5s. after the close~~

~~of the investigation.~~ Such final offers may include only mandatory subjects of bargaining, except that a permissive subject of bargaining may be included by a party if the other party does not object and shall then be treated as a mandatory subject. No later than such time, the parties shall also submit to the commission a stipulation, in writing, with respect to all matters which are agreed upon for inclusion in the new or amended collective bargaining agreement. The commission, after receiving a report from its investigator and determining that arbitration should be commenced, shall issue an order requiring arbitration and immediately submit to the parties a list of 7 arbitrators. Upon receipt of such list, the parties shall alternately strike names until a single name is left, who shall be appointed as arbitrator. The petitioning party shall notify the commission in writing of the identity of the arbitrator selected. Upon receipt of such notice, the commission shall formally appoint the arbitrator and submit to him or her the final offers of the parties. The final offers shall be considered public documents and shall be available from the commission. In lieu of a single arbitrator and upon request of both parties, the commission shall appoint a tripartite arbitration panel consisting of one member selected by each of the parties and a neutral person designated by the commission who shall serve as a chairperson. An arbitration panel has the same powers and duties as provided in this section for any other appointed arbitrator, and all arbitration decisions by such panel shall be determined by majority vote. In lieu of selection of the arbitrator by the parties and upon request of both parties, the commission shall establish a procedure for randomly selecting names of arbitrators. Under the procedure, the commission shall submit a list of 7 arbitrators to the parties. Each party shall strike one name from the list. From the remaining 5 names, the commission shall randomly appoint an arbitrator. Unless both parties

to an arbitration proceeding otherwise agree in writing, every individual whose name is submitted by the commission for appointment as an arbitrator shall be a resident of this state at the time of submission and every individual who is designated as an arbitration panel chairperson shall be a resident of this state at the time of designation.

SECTION 2230. 111.70 (4) (cm) 7. of the statutes is amended to read:

111.70 **(4)** (cm) 7. 'Factor given greatest weight.' In making any decision under the arbitration procedures authorized by this paragraph, except for any decision involving a collective bargaining unit consisting of school district employees, the arbitrator or arbitration panel shall consider and shall give the greatest weight to any state law or directive lawfully issued by a state legislative or administrative officer, body or agency which places limitations on expenditures that may be made or revenues that may be collected by a municipal employer. The arbitrator or arbitration panel shall give an accounting of the consideration of this factor in the arbitrator's or panel's decision.

SECTION 2231. 111.70 (4) (cm) 7g. of the statutes is amended to read:

111.70 **(4)** (cm) 7g. 'Factor given greater weight.' In making any decision under the arbitration procedures authorized by this paragraph, except for any decision involving a collective bargaining unit consisting of school district employees, the arbitrator or arbitration panel shall consider and shall give greater weight to economic conditions in the jurisdiction of the municipal employer than to any of the factors specified in subd. 7r.

SECTION 2232. 111.70 (4) (cm) 7r. (intro.) of the statutes is amended to read:

111.70 **(4)** (cm) 7r. (intro.) 'Other factors considered.' In making any decision under the arbitration procedures authorized by this paragraph, the arbitrator or arbitration panel shall ~~also~~ give weight to the following factors:

SECTION 2233. 111.70 (4) (cm) 8m. a. and c. of the statutes are consolidated, renumbered 111.70 (4) (cm) 8m. and amended to read:

Except for the initial collective bargaining agreement between the parties and except as the parties otherwise agree, every collective bargaining agreement covering municipal employees subject to this paragraph ~~other than school district professional employees~~ shall be for a term of 2 years~~. No~~, but in no case may a collective bargaining agreement for any collective bargaining unit consisting of municipal employees subject to this paragraph other than school district ~~professional~~ employees ~~shall~~ be for a term exceeding 3 years~~. c.~~ nor may a collective bargaining agreement for any collective bargaining unit consisting of school district employees subject to this paragraph be for a term exceeding 4 years. No arbitration award may contain a provision for reopening of negotiations during the term of a collective bargaining agreement, unless both parties agree to such a provision. The requirement for agreement by both parties does not apply to a provision for reopening of negotiations with respect to any portion of an agreement that is declared invalid by a court or administrative agency or rendered invalid by the enactment of a law or promulgation of a federal regulation.

SECTION 2234. 111.70 (4) (cm) 8m. b. of the statutes is repealed.

111.70 **(4)** (d) 2. a. The commission shall determine the appropriate collective bargaining unit for the purpose of collective bargaining and shall whenever possible, unless otherwise required under this subchapter, avoid fragmentation by maintaining as few collective bargaining units as practicable in keeping with the size of the total municipal ~~work force~~ workforce. In making such a determination, the commission may decide whether, in a particular case, the municipal employees in the same or several departments, divisions, institutions, crafts, professions, or other occupational groupings constitute a collective bargaining unit. Before making its determination, the commission may provide an opportunity for the municipal employees concerned to determine, by secret ballot, whether ~~or not~~ they desire to be established as a separate collective bargaining unit. ~~The commission shall not decide, however, that any group of municipal employees constitutes an appropriate collective bargaining unit if the group includes both municipal employees who are school district professional employees and municipal employees who are not school district professional employees.~~ The commission shall not decide, however, that any ~~other~~ group of municipal employees constitutes an appropriate collective bargaining unit if the group includes both professional employees and nonprofessional employees, unless a majority of the professional employees vote for inclusion in the unit. The commission shall not decide that any group of municipal employees constitutes an appropriate collective bargaining unit if the group includes both craft employees and noncraft employees unless a majority of the craft employees vote for inclusion in the unit. The commission shall place the professional employees who are assigned to perform any services at a charter school, as defined in s. 115.001 (1), in a separate collective bargaining unit from a unit that includes any other professional

Upon the expiration of any collective bargaining agreement in force, the commission shall combine into a single collective bargaining unit 2 or more collective bargaining units consisting of school district employees if a majority of the employees voting in each collective bargaining unit vote to combine. Any vote taken under this subsection shall be by secret ballot.

(1), (1m) ~~or,~~ (2)<u>, or (2g)</u> in accordance with the election procedures set forth in s. 111.83, provided the petition is accompanied by a 30% showing of interest in the form of signed authorization cards. Each additional labor organization seeking to appear on the ballot shall file petitions within 60 days of the date of filing of the original petition and prove, through signed authorization cards, that at least 10% of the employees in the collective bargaining unit want it to be their representative.

SECTION 2247. 111.83 (1) of the statutes is amended to read:

111.83 **(1)** Except as provided in ~~sub.~~ <u>subs.</u> (5) <u>and (5m)</u>, a representative chosen for the purposes of collective bargaining by a majority of the employees voting in a collective bargaining unit shall be the exclusive representative of all of the employees in such unit for the purposes of collective bargaining. Any individual employee, or any minority group of employees in any collective bargaining unit, may present grievances to the employer in person, or through representatives of their own choosing, and the employer shall confer with said employee or group of employees in relation thereto if the majority representative has been afforded the opportunity to be present at the conference. Any adjustment resulting from such a conference may not be inconsistent with the conditions of employment established by the majority representative and the employer.

SECTION 2248. 111.83 (5m) of the statutes is created to read:

111.83 **(5m)** (a) This subsection applies only to a collective bargaining unit specified in s. 111.825 (2g).

c. The labor organization was a certified representative of any home care providers in this state prior to the effective date of this subdivision paragraph .... [LRB inserts date].

(b) Upon the filing of a petition with the commission indicating a showing of interest of at least 30 percent of the home care providers included in the collective bargaining unit under s. 111.825 (2g) to be represented by a labor organization or to change the existing representative, the commission shall hold an election in which the home care providers may vote on the question of representation. The labor organization named in the petition shall be included on the ballot. Within 60 days of the time that the petition is filed, another petition may be filed with the commission indicating a showing of interest of at least 10 percent of the home care providers who are included in the collective bargaining unit under s. 111.825 (2g) to be represented by another labor organization, in which case the name of that labor organization shall also be included on the ballot.

(c) If at an election held under par. (b), a majority of home care providers voting in the collective bargaining unit vote for a single labor organization, the labor organization shall be the exclusive representative for all home care providers in that collective bargaining unit. If no single labor organization receives a majority of the votes cast, the commission may hold one or more runoff elections under sub. (4) until one labor organization receives a majority of the votes cast.

SECTION 2249. 111.84 (2) (c) of the statutes is amended to read:

111.84 **(2)** (c) To refuse to bargain collectively on matters set forth in s. 111.91 (1) with the duly authorized officer or agent of the employer which is the recognized or certified exclusive collective bargaining representative of employees specified in s. 111.81 (7) (a) in an appropriate collective bargaining unit or with the certified exclusive collective bargaining representative of employees specified in s. 111.81 (7) (b) to ~~(f)~~ (g) in an appropriate collective bargaining unit. organization, be submitted by the office or department of health services to the joint committee on employment relations, which shall hold a public hearing before determining its approval or disapproval. Such bill or companion bills are not subject to ss. 13.093 (1), 13.50 (6) (a) and (b) and 16.47 (2). SECTION 2255. Subchapter VI of chapter 111 [precedes 111.95] of the statutes is created to read:

CHAPTER 111

SUBCHAPTER VI

UNIVERSITY OF WISCONSIN SYSTEM

FACULTY AND ACADEMIC STAFF

LABOR RELATIONS

111.95 Declaration of policy. The public policy of the state as to labor relations and collective bargaining involving faculty and academic staff at the University of Wisconsin System, in furtherance of which this subchapter is enacted, is as follows:

(1) The people of the state of Wisconsin have a fundamental interest in developing harmonious and cooperative labor relations within the University of Wisconsin System.

(2) It recognizes that there are 3 major interests involved: that of the public, that of the employee, and that of the employer. These 3 interests are to a considerable extent interrelated. It is the policy of this state to protect and promote each of these interests with due regard to the rights of the others.

111.96 Definitions. In this subchapter:

(1) "Academic staff" has the meaning given under s. 36.05 (1), but does not include any individual holding an appointment under s. 36.13 or 36.15 (2m) or who is appointed to a visiting faculty position.

(2) "Board" means the Board of Regents of the University of Wisconsin System.

(3) "Collective bargaining" means the performance of the mutual obligation of the state as an employer, by its officers and agents, and the representatives of its employees, to meet and confer at reasonable times, in good faith, with respect to the subjects of bargaining provided in s. 111.998 with the intention of reaching an agreement, or to resolve questions arising under such an agreement. The duty to

bargain, however, does not compel either party to agree to a proposal or require the making of a concession. Collective bargaining includes the reduction of any agreement reached to a written and signed document.

(4) "Collective bargaining unit" means a unit established under s. 111.98 (1).

(5) "Commission" means the employment relations commission.

(6) "Election" means a proceeding conducted by the commission in which the employees in a collective bargaining unit cast a secret ballot for collective bargaining representatives, or for any other purpose specified in this subchapter.

(7) "Employee" includes:

(a) All faculty, including specifically faculty who are supervisors or management employees, but not including faculty holding a limited appointment under s. 36.17 or deans.

(b) All academic staff, except for supervisors, management employees, and individuals who are privy to confidential matters affecting the employer−employee relationship.

(8) "Employer" means the state of Wisconsin.

(9) "Faculty" has the meaning given in s. 36.05 (8), except for an individual holding an appointment under s. 36.15.

(10) "Fair−share agreement" means an agreement between the employer and a labor organization representing employees under which all of the employees in a collective bargaining unit are required to pay their proportionate share of the cost of the collective bargaining process and contract administration measured by the amount of dues uniformly required of all members.

(11) "Institution" has the meaning given in s. 36.05 (9).

(12) "Labor dispute" means any controversy with respect to the subjects of bargaining provided in this subchapter.

(13) "Labor organization" means any employee organization whose purpose is to represent employees in collective bargaining with the employer, or its agents, on matters pertaining to terms and conditions of employment, but does not include any organization that does any of the following:

(a) Advocates the overthrow of the constitutional form of government in the United States.

(b) Discriminates with regard to the terms or conditions of membership because of race, color, creed, sex, age, sexual orientation, or national origin.

(14) "Maintenance of membership agreement" means an agreement between the employer and a labor organization representing employees that requires that all of the employees whose dues are being deducted from earnings under s. 20.921 (1) or 111.992 at or after the time the agreement takes effect shall continue to have dues deducted for the duration of the agreement and that dues shall be deducted from the earnings of all employees who are hired on or after the effective date of the agreement.

(15) "Management employees" include those personnel engaged predominately in executive and managerial functions.

(16) "Office" means the office of state employment relations in the department of administration.

(17) "Referendum" means a proceeding conducted by the commission in which employees, or supervisors specified in s. 111.98 (5), in a collective bargaining unit may cast a secret ballot on the question of directing the labor organization and the

employer to enter into a fair−share agreement or to terminate a fair−share agreement.

(18) "Representative" includes any person chosen by an employee to represent the employee.

(19) "Strike" includes any strike or other concerted stoppage of work by employees, any concerted slowdown or other concerted interruption of operations or services by employees, or any concerted refusal to work or perform their usual duties as employees of the state.

(20) "Supervisor" means any individual whose principal work is different from that of the individual's subordinates and who has authority, in the interest of the employer, to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward, or discipline employees, or to adjust their grievances, or to authoritatively recommend such action, if the individual's exercise of such authority is not of a merely routine or clerical nature, but requires the use of independent judgment.

(21) "Unfair labor practice" means any unfair labor practice specified in s. 111.991.

111.965 Duties of the state. (1) In the furtherance of this subchapter, the state shall be considered as a single employer. The board shall negotiate and administer collective bargaining agreements. To coordinate the employer position in the negotiation of agreements, the board shall maintain close liaison with the office relative to the negotiation of agreements and the fiscal ramifications of those agreements. The board shall coordinate its collective bargaining activities with the office. The legislative branch shall act upon those portions of tentative agreements negotiated by the board that require legislative action.

(2) The board shall establish a collective bargaining capacity and shall represent the state in its responsibility as an employer under this subchapter. The board shall coordinate its actions with the director of the office.

111.97 Rights of employees. Employees shall have the right of self−organization and the right to form, join, or assist labor organizations, to bargain collectively through representatives of their own choosing under this subchapter, and to engage in lawful, concerted activities for the purpose of collective bargaining or other mutual aid or protection. Employees shall also have the right to refrain from any such activities.

111.98 Collective bargaining units. (1) Collective bargaining units for faculty and staff in the unclassified service of the state shall be structured with a collective bargaining unit for each of the following groups:

(a) Faculty of the University of Wisconsin−Madison.

(b) Faculty of the University of Wisconsin−Milwaukee.

(c) Faculty of the University of Wisconsin−Extension.

(cm) Faculty of the University of Wisconsin−Eau Claire.

(qm) Academic staff of the University of Wisconsin−Whitewater.

(r) Academic staff of the University of Wisconsin Colleges.

(2) (a) Notwithstanding sub. (1), 2 or more collective bargaining units described under sub. (1) (a) to (r) may be combined into a single unit. If 2 or more collective bargaining units seek to combine into a single collective bargaining unit, the commission shall, upon the petition of at least 30 percent of the employees in each unit, hold an election, or include on any ballot for an election held under s. 111.990 (2) the question of whether to combine units, to determine whether a majority of those employees voting in each unit desire to combine into a single unit. A combined

collective bargaining unit shall be formed including all employees from each of those units in which a majority of the employees voting in the election approve a combined unit. The combined collective bargaining unit shall be formed immediately if there is no existing collective bargaining agreement in force in any of the units to be combined. If there is a collective bargaining agreement in force at the time of the election in any of the collective bargaining units to be combined, the combined unit shall be formed upon expiration of the last agreement for the units concerned.

(b) If 2 or more collective bargaining units have combined under par. (a), the commission shall, upon petition of at least 30 percent of the employees in any of the original units, hold an election of the employees in the original unit to determine whether the employees in that unit desire to withdraw from the combined collective bargaining unit. If a majority of the employees voting desire to withdraw from the combined collective bargaining unit, separate units consisting of the unit in which the election was held and a unit composed of the remainder of the combined unit shall be formed. The new collective bargaining units shall be formed immediately if there is no collective bargaining agreement in force for the combined unit. If there is a collective bargaining agreement in force for the combined collective bargaining unit, the new units shall be formed upon the expiration of the agreement. While there is a collective bargaining agreement in force for the combined collective bargaining unit, a petition for an election under this paragraph may be filed only during October in the calendar year prior to the expiration of the agreement.

(3) The commission shall assign employees to the appropriate collective bargaining units described under sub. (1) or (2) or under s. 111.825 (1) or (2).

(4) Any labor organization may petition for recognition as the exclusive representative of a collective bargaining unit described under sub. (1) or (2) in

accordance with the election procedures under s. 111.990 if the petition is accompanied by a 30 percent showing of interest in the form of signed authorization cards. Any additional labor organization seeking to appear on the ballot shall file a petition within 60 days of the date of filing of the original petition and prove, through signed authorization cards, that at least 10 percent of the employees in the collective bargaining unit want it to be their representative.

(5) Although academic staff supervisors are not considered employees for the purpose of this subchapter, the commission may consider a petition for a statewide collective bargaining unit consisting of academic staff supervisors, but the representative of the supervisors may not be affiliated with any labor organization representing employees. For purposes of this subsection, affiliation does not include membership in a national, state, county, or municipal federation of national or international labor organizations. The certified representative of the supervisors may not bargain collectively with respect to any matter other than wages and fringe benefits.

111.990 Representatives and elections. (1) A representative chosen for the purposes of collective bargaining by a majority of the employees voting in a collective bargaining unit shall be the exclusive representative of all of the employees in such unit for the purposes of collective bargaining. Any individual employee, or any minority group of employees in any collective bargaining unit, may present any grievance to the employer in person, or through representatives of their own choosing, and the employer shall confer with the individual employee or group of employees with respect to the grievance if the majority representative has been afforded the opportunity to be present at the conference. Any adjustment resulting

from such a conference may not be inconsistent with the conditions of employment established by the majority representative and the employer.

(2) (a) Whenever a question arises concerning the representation of employees in a collective bargaining unit, the commission shall determine the representation by taking a secret ballot of the employees and certifying in writing the results to the interested parties and to the board. There shall be included on any ballot for the election of representatives the names of all labor organizations having an interest in representing the employees participating in the election as indicated in petitions filed with the commission. The name of any existing representative shall be included on the ballot without the necessity of filing a petition. The commission may exclude from the ballot one who, at the time of the election, stands deprived of his or her rights under this subchapter by reason of a prior adjudication of his or her having engaged in an unfair labor practice. The ballot shall be so prepared as to permit a vote against representation by anyone named on the ballot.

(b) 1. Except as provided in subd. 2., for elections in a collective bargaining unit composed of employees who are members of the faculty or academic staff, whenever more than one representative qualifies to appear on the ballot, the ballot shall be so prepared as to provide separate votes on 2 questions. The first question shall be: "Shall the employees of the .... (name of collective bargaining unit) participate in collective bargaining?". The 2nd question shall be: "If the employees of the .... (name of collective bargaining unit) elect to participate in collective bargaining, which labor organization do you favor to act as representative of the employees?". The 2nd question shall not include a choice for no representative. All employees in the collective bargaining unit may vote on both questions. Unless a majority of those employees voting in the election vote to participate in collective bargaining, no votes

for a particular representative may be counted. If a majority of those employees voting in the election vote to participate in collective bargaining, the ballots for representatives shall be counted.

2. For elections in a collective bargaining unit composed of employees who are members of the faculty or academic staff, whenever more than one representative qualifies to appear on the ballot and a question of whether to combine collective bargaining units as permitted under s. 111.98 (2) (a) qualifies to appear on the ballot, the ballot shall be so prepared as to provide separate votes on 3 questions and each ballot shall identify the collective bargaining unit to which each voter currently belongs. The first question shall be: "Shall the employees of the .... (name of the voter's current collective bargaining unit) participate in collective bargaining?". The 2nd question shall be "Shall the employees of the .... (names of all of the collective bargaining units that qualify to appear on the ballot, including the name of the voter's current collective bargaining unit) combine to participate in collective bargaining?". The 3rd question shall be: "If the employees of the .... (name of the voter's current collective bargaining unit) elect to participate in collective bargaining, which labor organization do you favor to act as representative of the employees?". The 3rd question shall not include a choice for no representative. All employees in the collective bargaining unit may vote on all questions. Unless a majority of those employees voting in the election vote to participate in collective bargaining, no votes for combination or for a particular representative may be counted. If a majority of those employees voting in the election vote to participate in collective bargaining, the ballots for combination shall be counted. If the ballots for combination are counted and a majority of those employees voting from each collective bargaining unit listed in the 2nd question on the ballot vote to combine,

then the ballots for representatives of the combined collective bargaining unit shall be counted. If the ballots for combination are counted and a majority of those employees voting from each collective bargaining unit listed in the 2nd question on the ballot do not vote to combine, then the ballots for representatives of each current collective bargaining unit shall be counted.

(c) The commission's certification of the results of any election is conclusive as to the findings included therein unless reviewed under s. 111.07 (8).

(3) Whenever an election has been conducted under sub. (2) in which the ballots for representatives have been counted but in which no named representative is favored by a majority of the employees voting, the commission may, if requested by a party to the proceeding within 30 days from the date of the certification of the results of the election, conduct a runoff election. In that runoff election, the commission shall drop from the ballot the name of the representative who received the least number of votes at the original election.

(4) While a collective bargaining agreement between a labor organization and an employer is in force under this subchapter, a petition for an election in the collective bargaining unit to which the agreement applies may be filed only during October in the calendar year prior to the expiration of that agreement. An election held under that petition may be held only if the petition is supported by proof that at least 30 percent of the employees in the collective bargaining unit desire a change or discontinuance of existing representation. Within 60 days of the time that an original petition is filed, another petition may be filed supported by proof that at least 10 percent of the employees in the same collective bargaining unit desire a different representative. If a majority of the employees in the collective bargaining unit vote for a change or discontinuance of representation by any named representative, the

decision takes effect upon expiration of any existing collective bargaining agreement between the employer and the existing representative.

111.991 Unfair labor practices. (1) It is an unfair labor practice for an employer individually or in concert with others:

(a) To interfere with, restrain, or coerce employees in the exercise of their rights guaranteed under s. 111.97.

(b) Except as otherwise provided in this paragraph, to initiate, create, dominate, or interfere with the formation or administration of any labor or employee organization or contribute financial support to it. Except as provided in ss. 40.02 (22) (e) and 40.23 (1) (f) 4., no change in any law affecting the Wisconsin Retirement System under ch. 40 and no action by the employer that is authorized by such a law is a violation of this paragraph unless an applicable collective bargaining agreement specifically prohibits the change or action. No such change or action affects the continuing duty to bargain collectively regarding the Wisconsin Retirement System under ch. 40 to the extent required by s. 111.998. It is not an unfair labor practice for the employer to reimburse an employee at his or her prevailing wage rate for the time spent during the employee's regularly scheduled hours conferring with the employer's officers or agents and for attendance at commission or court hearings necessary for the administration of this subchapter.

(c) To encourage or discourage membership in any labor organization by discrimination in regard to hiring, tenure, or other terms or conditions of employment. This paragraph does not apply to fair−share or maintenance of membership agreements.

(d) To refuse to bargain collectively on matters set forth in s. 111.998 with a representative of a majority of its employees in an appropriate collective bargaining

unit. Whenever the employer has a good faith doubt as to whether a labor organization claiming the support of a majority of its employees in an appropriate collective bargaining unit does in fact have that support, it may file with the commission a petition requesting an election as to that claim. The employer is not considered to have refused to bargain until an election has been held and the results of the election are certified to the employer by the commission. A violation of this paragraph includes the refusal to execute a collective bargaining agreement previously orally agreed upon.

(e) To violate any collective bargaining agreement previously agreed upon by the parties with respect to wages, hours, and conditions of employment affecting the employees, including an agreement to arbitrate or to accept the terms of an arbitration award, when previously the parties have agreed to accept such award as final and binding upon them.

(f) To deduct labor organization dues from an employee's earnings, unless the employer has been presented with an individual order therefor, signed by the employee personally, and terminable by at least the end of any year of its life or earlier by the employee giving at least 30 but not more than 120 days' written notice of such termination to the employer and to the representative labor organization, except if there is a fair−share or maintenance of membership agreement in effect. The employer shall give notice to the labor organization of receipt of such notice of termination.

(1m) Notwithstanding sub. (1), it is not an unfair labor practice for the board to implement changes in salaries or conditions of employment for members of the faculty or academic staff at one institution, and not for other members of the faculty or academic staff at another institution, but this may be done only if the differential

treatment is based on comparisons with the compensation and working conditions of employees performing similar services for comparable higher education institutions or based upon other competitive factors.

(2) It is unfair practice for an employee individually or in concert with others:

(a) To coerce or intimidate an employee in the enjoyment of the employee's legal rights, including those guaranteed under s. 111.97.

(b) To coerce, intimidate, or induce any officer or agent of the employer to interfere with any of the employer's employees in the enjoyment of their legal rights including those guaranteed under s. 111.97 or to engage in any practice with regard to its employees which would constitute an unfair labor practice if undertaken by the officer or agent on the officer's or agent's own initiative.

(c) To refuse to bargain collectively on matters specified in s. 111.998 with the authorized officer or agent of the employer that is the recognized or certified exclusive collective bargaining representative of employees in an appropriate collective bargaining unit. Such refusal to bargain shall include a refusal to execute a collective bargaining agreement previously orally agreed upon.

(d) To violate the provisions of any written agreement with respect to terms and conditions of employment affecting employees, including an agreement to arbitrate or to accept the terms of an arbitration award, when previously the parties have agreed to accept such awards as final and binding upon them.

(e) To engage in, induce, or encourage any employees to engage in a strike or a concerted refusal to work or perform their usual duties as employees.

(f) To coerce or intimidate a supervisory employee, officer, or agent of the employer, working at the same trade or profession as the employer's employees, to

induce the person to become a member of or act in concert with the labor organization of which the employee is a member

(3) It is an unfair labor practice for any person to do or cause to be done on behalf of or in the interest of employers or employees, or in connection with or to influence the outcome of any controversy as to employment relations, any act prohibited by subs. (1) and (2).

(4) Any controversy concerning unfair labor practices may be submitted to the commission as provided in s. 111.07, except that the commission shall schedule a hearing on complaints involving alleged violations of sub. (2) (e) within 3 days after filing of a complaint, and notice shall be given to each party interested by service on the party personally, or by telegram, advising the party of the nature of the complaint and of the date, time, and place of hearing. The commission may appoint a substitute tribunal to hear unfair labor practice charges by either appointing a 3−member panel or submitting a 7−member panel to the parties and allowing each to strike 2 names. Any such panel shall report its finding to the commission for appropriate action.

111.992 Fair−share and maintenance of membership agreements. (1) (a) 1. No fair−share agreement may become effective unless authorized by a referendum. The commission shall order a referendum whenever it receives a petition supported by proof that at least 30 percent of the employees or supervisors specified in s. 111.98 (5) in a collective bargaining unit desire that a fair−share agreement be entered into between the employer and a labor organization.

2. For a fair−share agreement to be authorized, at least a majority of the eligible employees or supervisors voting in a referendum shall vote in favor of the agreement.

(b) No maintenance of membership agreement may be effective unless authorized. For a maintenance of membership agreement to be authorized, the

employer and the labor organization representing the employees must voluntarily agree to establish the maintenance of membership agreement.

(c) If a fair−share agreement is authorized in a referendum, the employer shall enter into a fair−share agreement with the labor organization named on the ballot in the referendum. If a maintenance of membership agreement is authorized under par. (b), the employer shall enter into the maintenance of membership agreement with the labor union that voluntarily agreed to establish the agreement. Each fair−share or maintenance of membership agreement shall contain a provision requiring the employer to deduct the amount of dues as certified by the labor organization from the earnings of the employees or supervisors affected by the agreement and to pay the amount so deducted to the labor organization. Unless the parties agree to an earlier date, a fair−share agreement shall take effect 60 days after the commission certifies that the referendum vote authorized the fair−share agreement and a maintenance of membership agreement shall take effect 60 days after the commission certifies that the parties have voluntarily agreed to establish the maintenance of membership agreement. The employer shall be held harmless against any claims, demands, suits, and other forms of liability made by employees or supervisors or local labor organizations which may arise for actions taken by the employer in compliance with this section. All such lawful claims, demands, suits, and other forms of liability are the responsibility of the labor organization entering into the agreement.

(d) Under each fair−share or maintenance of membership agreement, an employee or supervisor who has religious convictions against dues payments to a labor organization based on teachings or tenets of a church or religious body of which he or she is a member shall, on request to the labor organization, have his or her dues

paid to a charity mutually agreed upon by the employee or supervisor and the labor organization. Any dispute concerning this paragraph may be submitted to the commission for adjudication.

(2) (a) 1. Once authorized, a fair−share agreement shall continue in effect, subject to the right of the employer or labor organization concerned to petition the commission to conduct a new referendum. Such a petition must be supported by proof that at least 30 percent of the employees or supervisors in the collective bargaining unit desire that the fair−share agreement be discontinued. Upon so finding, the commission shall conduct a new referendum. If the continuance of the fair−share agreement is approved in the referendum by at least the percentage of eligible voting employees or supervisors required for its initial authorization, it shall be continued in effect, subject to the right of the employer or labor organization to later initiate a further vote following the procedure prescribed in this subsection. If the continuance of the fair−share agreement is not supported in any referendum, it is considered terminated at the termination of the collective bargaining agreement, or one year from the date of the certification of the result of the referendum, whichever is earlier.

2. Once authorized, a maintenance of membership agreement shall continue in effect, subject to the right of the employer or the labor organization concerned to notify the commission that it no longer voluntarily agrees to continue the agreement. After the commission is notified, the maintenance of membership agreement is terminated at the termination of the collective bargaining agreement or one year from the notification, whichever is earlier.

(b) The commission shall declare any fair−share or maintenance of membership agreement suspended upon such conditions and for such time as the

commission decides whenever it finds that the labor organization involved has refused on the basis of race, color, sexual orientation, or creed to receive as a member any employee or supervisor in the collective bargaining unit involved, and the agreement shall be made subject to the findings and orders of the commission. Any of the parties to the agreement, or any employee or supervisor covered under the agreement, may come before the commission, as provided in s. 111.07, and petition the commission to make such a finding.

(3) A stipulation for a referendum executed by an employer and a labor organization may not be filed until after the representation election has been held and the results certified.

(4) The commission may, under rules adopted for that purpose, appoint as its agent an official of a state agency whose employees are entitled to vote in a referendum to conduct a referendum under this section.

111.993 Grievance arbitration. (1) Parties to the dispute pertaining to the interpretation of a collective bargaining agreement may agree in writing to have the commission or any other appointing state agency serve as arbitrator or may designate any other competent, impartial, and disinterested persons to so serve. Such arbitration proceedings shall be governed by ch. 788.

(2) The board shall charge an institution for the employer's share of the cost related to grievance arbitration under sub. (1) for any arbitration that involves one or more employees of the institution. Each institution so charged shall pay the amount that the board charges from the appropriation account or accounts used to pay the salary of the grievant. Funds received under this subsection shall be credited to the appropriation account under s. 20.545 (1) (km).

111.994 Mediation. The commission may appoint any competent, impartial, disinterested person to act as mediator in any labor dispute either upon its own initiative or upon the joint request of both parties to the dispute. It is the function of a mediator to bring the parties together voluntarily under such favorable auspices as will tend to effectuate settlement of the dispute, but neither the mediator nor the commission shall have any power of compulsion in mediation proceedings.

111.995 Fact−finding. (1) If a dispute has not been settled after a reasonable period of negotiation and after the settlement procedures, if any, established by the parties have been exhausted, the representative that has been certified by the commission after an election, as the exclusive representative of employees in an appropriate bargaining unit, and the employer, its officers, and agents, after a reasonable period of negotiation, are deadlocked with respect to any dispute between them arising in the collective bargaining process, either party, or the parties jointly, may petition the commission, in writing, to initiate fact−finding under this section, and to make recommendations to resolve the deadlock.

(2) Upon receipt of a petition to initiate fact−finding, the commission shall make an investigation with or without a formal hearing, to determine whether a deadlock in fact exists. The commission shall certify the results of the investigation. If the commission decides that fact−finding should be initiated, it shall appoint a qualified, disinterested person or, when jointly requested by the parties, a 3−member panel to function as a fact finder.

(3) The fact finder may establish dates and place of hearings and shall conduct the hearings under rules established by the commission. Upon request, the commission shall issue subpoenas for hearings conducted by the fact finder. The fact finder may administer oaths. Upon completion of the hearing, the fact finder shall

make written findings of fact and recommendations for solution of the dispute and shall cause the same to be served on the parties and the commission. In making findings and recommendations, the fact finder shall take into consideration among other pertinent factors the principles vital to the public interest in efficient and economical governmental administration. Upon the request of either party, the fact finder may orally present the recommendations in advance of service of the written findings and recommendations. Cost of fact−finding proceedings shall be divided equally between the parties. At the time the fact finder submits a statement of his or her costs to the parties, the fact finder shall submit a copy thereof to the commission at its Madison office.

(4) A fact finder may mediate a dispute at any time prior to the issuance of the fact finder's recommendations.

(5) Within 30 days of the receipt of the fact finder's recommendations or within a time period mutually agreed upon by the parties, each party shall advise the other, in writing, as to the party's acceptance or rejection, in whole or in part, of the fact finder's recommendations and, at the same time, send a copy of the notification to the commission at its Madison office. Failure to comply with this subsection, by the employer or employee representative, is a violation of s. 111.991 (1) (d) or (2) (c).

111.996 Strike prohibited. (1) Upon establishing that a strike is in progress, the employer may either seek an injunction or file an unfair labor practice charge with the commission under s. 111.991 (2) (e) or both. It is the responsibility of the board to decide whether to seek an injunction or file an unfair labor practice charge. The existence of an administrative remedy does not constitute grounds for denial of injunctive relief.

(2) The occurrence of a strike and the participation in the strike by an employee do not affect the rights of the employer, in law or in equity, to deal with the strike, including all of the following:

(a) The right to impose discipline, including discharge, or suspension without pay, of any employee participating in the strike.

(e) Demands relating to retirement and group insurance shall be submitted to the board at least one year prior to commencement of negotiations.

(f) The board is not required to bargain on matters related to employee occupancy of houses or other lodging provided by the state.

(2) The board is prohibited from bargaining on:

regard to any issue that is a permissive subject of bargaining, except when the issue is under active consideration by a governance organization under s. 36.09 (4) or (4m).

111.999 Labor proposals. The board shall notify and consult with the joint committee on employment relations, in such form and detail as the committee requests, regarding substantial changes in wages, employee benefits, personnel management, and program policy contract provisions to be included in any contract proposal to be offered to any labor organization by the state or to be agreed to by the state before such proposal is actually offered or accepted.

111.9991 Agreements. (1) Any tentative agreement reached between the board, acting for the state, and any labor organization representing a collective bargaining unit specified in s. 111.98 shall, after official ratification by the labor organization, be submitted by the board to the joint committee on employment relations, which shall hold a public hearing before determining its approval or disapproval. If the committee approves the tentative agreement, it shall introduce in a bill or companion bills, to be put on the calendar or referred to the appropriate scheduling committee of each house, that portion of the tentative agreement which requires legislative action for implementation, such as salary and wage adjustments, changes in fringe benefits, and any proposed amendments, deletions, or additions to existing law. (print name, address and telephone number) to be my alternate health care agent for the purpose of making health care decisions on my behalf. Neither my health care agent nor my alternate health care agent whom I have designated is my health care provider, an employee of my health care provider, an employee of a health care facility in which I am a patient or a spouse of any of those persons, unless he or she is also my relative. For purposes of this document, "incapacity" exists if 2 physicians or a physician and a psychologist who have personally examined me sign a statement that specifically expresses their opinion that I have a condition that means that I am unable to receive and evaluate information effectively or to communicate decisions to such an extent that I lack the capacity to manage my health care decisions. A copy of that statement must be attached to this document.

GENERAL STATEMENT OF AUTHORITY GRANTED

Unless I have specified otherwise in this document, if I ever have incapacity I instruct my health care provider to obtain the health care decision of my health care agent, if I need treatment, for all of my health care and treatment. I have discussed my desires thoroughly with my health care agent and believe that he or she

understands my philosophy regarding the health care decisions I would make if I were able. I desire that my wishes be carried out through the authority given to my health care agent under this document.

If I am unable, due to my incapacity, to make a health care decision, my health care agent is instructed to make the health care decision for me, but my health care agent should try to discuss with me any specific proposed health care if I am able to communicate in any manner, including by blinking my eyes. If this communication cannot be made, my health care agent shall base his or her decision on any health care choices that I have expressed prior to the time of the decision. If I have not expressed a health care choice about the health care in question and communication cannot be made, my health care agent shall base his or her health care decision on what he or she believes to be in my best interest.

LIMITATIONS ON MENTAL HEALTH TREATMENT

My health care agent may not admit or commit me on an inpatient basis to an institution for mental diseases, an intermediate care facility for persons with mental retardation, a state treatment facility or a treatment facility. My health care agent may not consent to experimental mental health research or psychosurgery, electroconvulsive treatment or drastic mental health treatment procedures for me.

2. A community−based residential facility — Yes.... No....

If I have not checked either "Yes" or "No" immediately above, my health care agent may admit me only for short−term stays for recuperative care or respite care.

PROVISION OF A FEEDING TUBE

If I have checked "Yes" to the following, my health care agent may have a feeding tube withheld or withdrawn from me, unless my physician has advised that, in his or her professional judgment, this will cause me pain or will reduce my comfort. If I have checked "No" to the following, my health care agent may not have a feeding tube withheld or withdrawn from me.

My health care agent may not have orally ingested nutrition or hydration withheld or withdrawn from me unless provision of the nutrition or hydration is medically contraindicated.

Withhold or withdraw a feeding tube — Yes.... No....

If I have not checked either "Yes" or "No" immediately above, my health care agent may not have a feeding tube withdrawn from me.

HEALTH CARE DECISIONS FOR PREGNANT WOMEN

Health care decision if I am pregnant — Yes.... No....

If I have not checked either "Yes" or "No" immediately above, my health care agent may not make health care decisions for me if my health care agent knows I am pregnant.

The commissioner need not show irreparable harm or lack of an adequate remedy at law in an action commenced under this subsection.

(2) ORDERS. The commissioner shall issue any orders under the procedures described in s. 601.63 and shall hold any hearings under the procedures described in s. 601.62.

(3) COMPULSIVE FORFEITURES. If a person does not comply with an order issued under s. 648.10 (2) within 2 weeks after the commissioner has given the care management organization notice of the commissioner's intention to proceed under this subsection, the commissioner may commence an action for a forfeiture in such sum as the court considers just, but not exceeding $5,000 for each day that the violation continues after the commencement of the action until judgment is rendered. No forfeiture may be imposed under this subsection if at the time the action was commenced the care management organization was in compliance with the order, nor for any violation of an order occurring while any proceeding for judicial review of the order was pending, unless the court in which the proceeding was pending certifies that the claim of invalidity or nonapplicability of the order was frivolous or a sham. If after judgment is rendered the care management organization does not comply with the order, the commissioner may commence a new action for a forfeiture and may continue commencing actions until the person complies. The proceeds of all actions under this subsection, after deduction of the expenses of collection, shall be paid into the common school fund of the state.

(4) FORFEITURES AND CIVIL PENALTIES. (a) *Restitutionary forfeiture.* Whoever violates an order issued under s. 648.10 (2) that is effective under s. 601.63, any section of this chapter, or any rule relating to this chapter shall forfeit to the state twice the amount of any profit gained from the violation, in addition to any other forfeiture or penalty imposed.

If the section or rule violated imposes a duty to make a report to the commissioner, each week of delay in complying with the duty is a new violation.

(d) *Procedure.* The commissioner may order any person to pay a forfeiture imposed under this subsection, which shall be paid into the common school fund. If the order is issued without a hearing, the affected person may demand a hearing through procedures described under s. 601.62 (3) (a). If the person fails to request a hearing, the order is conclusive as to the person's liability. The scope of review for forfeitures ordered is that specified under s. 227.57. The commissioner may cause an action to be commenced to recover the forfeiture. Before an action is commenced, the commissioner may compromise the forfeiture.

(5) CRIMINAL PENALTY. commissioner the information concerning the permittee, its affiliates, and the person attempting to acquire control of the permittee that the commissioner requires by rule. The commissioner may promulgate rules prescribing the timing of reports under this subsection, including requiring periodic reporting and the form and procedure for filing reports.

(2) REPORT FOR AFFILIATES. The permittee may report on behalf of all affiliated entities if it provides all the information that would be required if each affiliate reported separately.

(3) CONSENT TO JURISDICTION. Every permittee shall promptly submit to the commissioner a statement from each of its affiliates that the affiliate agrees to be subject to the jurisdiction of the commissioner and the courts of this state for the purposes of this chapter. A governmental unit is not subject to this requirement. The commissioner may exempt other affiliates from this subsection.

(4) INFORMATION ORDER. The commissioner may, by order, require any permittee or any person attempting to acquire or having control of the permittee, to report information under sub. (1) or other information to the commissioner.

(5) TRANSACTIONS WITH AFFILIATES. Neither a permittee nor an affiliate of the permittee may enter into a transaction between the permittee and affiliate unless all of the following apply:

(a) The transaction at the time it is entered into is reasonable and fair to the interests of the permittee.

(b) The books, accounts, and records of each party to the transaction are kept in a manner that clearly and accurately discloses the nature and details of the transaction and, in accordance with generally accepted accounting principles, permits ascertainment of charges relating to the transaction.

(c) The permittee's financial condition following any dividends or distributions to shareholders or a person having control of the permittee is reasonable in relation to the permittee's outstanding liabilities and is adequate to its financial needs.

(d) The transaction complies with any other standard that the commissioner, after consulting with the department, prescribes by rule.

(6) TRANSACTIONS SUBJECT TO DISCLOSURE. (a) *Affiliated transactions to be reported*. 1. The commissioner, after consulting with the department, may promulgate rules requiring a permittee, a person attempting to acquire or having control of a permittee, and affiliates of a permittee to report a transaction or a group or series of transactions, if all of the following are satisfied:

a. The transaction is between a permittee and a person attempting to acquire or having control of the permittee or an affiliate of the permittee, or the transaction directly or indirectly benefits the person or affiliate.

b. The transaction is, or the group or series of transactions are, material to the permittee.

2. Transactions that are material to a permittee for the purposes of subd. 1. include management contracts, service contracts, and cost−sharing arrangements. The commissioner, after consulting with the department, may prescribe by rule standards for determining whether a transaction is material under this subsection.

3. No permittee, person attempting to acquire or having control of a permittee, or affiliate of the permittee may enter into a transaction required to be reported to the commissioner under this subsection unless the permittee, person, and affiliate report the transaction to the commissioner in the form and by the date before the effective date of the transaction that are prescribed by the commissioner by rule, after consulting with the department. The commissioner may not require the

transaction to be reported earlier than 30 days before the effective date of the transaction.

(b) *Disapproval.* The commissioner may, within the period prescribed in par. (a) 3., disapprove any transaction reported under par. (a) if the commissioner finds, after consulting with the department, that it would violate the law or would be contrary to the interests of enrollees of the permittee, the department, or the public.

(c) *Transactions prohibited.* No permittee, person attempting to acquire or having control of the permittee, or affiliate of the permittee may enter into a transaction that is not reported as required under par. (a) or that is disapproved by the commissioner under par. (b).

(d) *Voidable transactions.* If a permittee, person attempting to acquire or having control of the permittee, or affiliate enters into a transaction in violation of this section, the permittee may void the transaction, obtain an injunction, and recover from the person or affiliate the amount necessary to restore the permittee to its condition had the transaction not occurred. The commissioner may order a permittee to void the transaction, to commence an action against the person or affiliate, or to take other action.

(e) *Required financial conditions.* The commissioner, after consulting with the department, may promulgate rules for determining adequacy of financial condition under this section.

(f) *Exemption if permittee reports.* Paragraph (a) does not apply to a person attempting to acquire or having control of, or an affiliate of, a permittee, if the permittee reports on behalf of the person or on behalf of the affiliate, and the transaction is not disapproved by the commissioner under par. (b).

(7) DIVIDENDS AND DISTRIBUTIONS. (a) A permittee may not pay a dividend or distribution, and an affiliate of a permittee may not accept a dividend or distribution, unless the permittee reports the dividend or distribution to the commissioner at least 30 days before payment and the commissioner does not disapprove the dividend or distribution within that period.

(b) The commissioner, after consulting with the department, may promulgate rules under this section that do any of the following:

1. Prescribe the form and content of and procedure for filing reports under this subsection.

2. Exempt dividends or distributions from the reporting requirement under par. (a) under conditions that the commissioner determines will not jeopardize the financial condition of the permittee.

(c) A permittee may declare a dividend or distribution that is conditioned upon the permitee's compliance with this subsection. A declaration of a dividend or distribution under this subsection does not confer rights to the proposed recipient of the dividend or distribution unless this subsection is complied with and is void if the dividend or distribution is disapproved by the commissioner under par. (a).

(d) In addition to any other remedies available, a permittee may recover from the recipient any dividend or distribution paid in violation of this subsection.

(8) DUTIES OF OFFICERS AND DIRECTORS. (a) No director or officer of a permittee or of an affiliate of a permittee may permit, participate in, or assent to a transaction or payment or acceptance of a dividend or distribution prohibited under this chapter.

(b) An officer or director of a permittee or of an affiliate of a permittee who knows, or reasonably should know, that the permittee or affiliate has entered into a transaction or paid a dividend or distribution that violates this chapter shall report

the transaction, dividend, or distribution to the commissioner in writing within 30 days after attaining that knowledge. Section 648.15 (6) applies to a report under this section, and the report is confidential unless the commissioner finds it necessary to disclose the report for the purpose of enforcing this chapter.

648.50 Management changes. (1) APPROVAL REQUIRED. No proposed plan of merger or other plan for acquisition of control of a permittee may be executed unless the commissioner, after consulting with the department, approves the plan.

(2) GROUNDS FOR APPROVAL. The commissioner shall approve the plan under this section if the commissioner finds, after a hearing, that it would not violate the law or be contrary to the interests of the public, the department, or the enrollees.

(3) INFORMATION REQUIRED. A permittee shall report to the commissioner any changes in directors or principal officers after a permit is issued, together with biographical data on the new director or officer that the commissioner requires by rule.

648.55 Commissioner's summary orders. (1) The commissioner, after consulting with the department, may make and serve an order on a permittee, requiring it to stop providing services under the department contract, or to take corrective measures, without notice and before hearing, if it appears to the commissioner that irreparable harm to the property or business of the permittee or to the interests of its enrollees or the public, will occur unless the commissioner acts with immediate effect and one of the following applies:

(a) The permittee is not in compliance with a rule establishing standards for the financial condition of care management organizations.

(b) Grounds exist to suspend or revoke the permittee's permit.

(2) An order issued under this subsection is effective immediately.

(3) The permittee has the rights provided under s. 601.62. The commissioner may serve upon the permittee notice of hearing under the procedures under s. 601.62 simultaneously with service of the order under sub. (1).

(4) The commissioner may keep proceedings under this section confidential.

(b) The insolvency of the care management organization or any person contracting with the care management organization or the commencement or the existence of conditions permitting the commencement of insolvency, delinquency, or bankruptcy proceedings involving the care management organization or other person, regardless of whether the care management organization or other person has agreed to compensate, directly or indirectly, the provider for health care, services, equipment, or supplies for which the enrollee is not liable under sub. (1)

(3). Any amount recovered shall be restored to each permittee's deposit in the same proportion as the assessment.

CHAPTER 770

DOMESTIC PARTNERSHIP

770.001 Declaration of policy. The legislature finds that it is in the interests of the citizens of this state to establish and provide the parameters for a legal status

of domestic partnership. The legislature further finds that the legal status of domestic partnership as established in this chapter is not substantially similar to that of marriage. Nothing in this chapter shall be construed as inconsistent with or a violation of article XIII, section 13, of the Wisconsin Constitution.

770.01 Definitions. In this chapter:

(1) "Domestic partner" means an individual who has signed and filed a declaration of domestic partnership in the office of the register of deeds of the county in which he or she resides.

(2) "Domestic partnership" means the legal relationship that is formed between 2 individuals under this chapter.

770.05 Criteria for forming a domestic partnership. Two individuals may form a domestic partnership if they satisfy all of the following criteria:

(1) Each individual is at least 18 years old and capable of consenting to the domestic partnership.

(2) Neither individual is married to, or in a domestic partnership with, another individual.

(3) The 2 individuals share a common residence. Two individuals may share a common residence even if any of the following applies:

(a) Only one of the individuals has legal ownership of the residence.

(b) One or both of the individuals have one or more additional residences not shared with the other individual.

(c) One of the individuals leaves the common residence with the intent to return.

[LRB inserts date], for a declaration of domestic partnership to the county clerk of the county in which at least one of the individuals has resided for at least 30 days immediately before applying.

(b) 1. Except as provided in subd. 2., the county clerk may not issue a declaration of domestic partnership until at least 5 days after receiving the application for the declaration of domestic partnership.

2. The county clerk may, at his or her discretion, issue a declaration of domestic partnership less than 5 days after application if the applicant pays an additional fee of not more than $10 to cover any increased processing cost incurred by the county. The county clerk shall pay this fee into the county treasury.

(c) No declaration of domestic partnership may be issued unless the application for it is subscribed to by the parties intending to form the domestic partnership; it contains the social security number of each party who has a social security number; and it is filed with the clerk who issues the declaration of domestic partnership.

(d) 1. Each party shall present satisfactory, documentary proof of identification and residence and shall swear, or affirm, to the application before the clerk who is to issue the declaration of domestic partnership. In addition to the social security number of each party who has a social security number, the application shall contain such informational items as the state registrar of vital statistics directs. The portion of the application form that is collected for statistical purposes only shall indicate that the address of an applicant may be provided by a county clerk to a law enforcement officer under the conditions specified under s. 770.18 (2).

2. Each applicant shall exhibit to the clerk a certified copy of a birth certificate, and each applicant shall submit a copy of any judgment, certificate of termination of domestic partnership, or death certificate affecting the domestic partnership status. If any applicable birth certificate, death certificate, notice of termination of domestic partnership, or judgment is unobtainable, other satisfactory documentary proof may be presented instead. Whenever the clerk is not satisfied with the documentary proof presented, he or she shall submit the proof, for an opinion as to its sufficiency, to a judge of a court of record in the county of application.

(2) If sub. (1) and s. 770.05 are complied with, the county clerk shall issue a declaration of domestic partnership. With each declaration of domestic partnership the county clerk shall provide a pamphlet describing the causes and effects of fetal alcohol syndrome. After the application for the declaration of domestic partnership is filed, the clerk shall, upon the sworn statement of either of the applicants, correct any erroneous, false, or insufficient statement in the application that comes to the clerk's attention and shall notify the other applicant of the correction, as soon as reasonably possible.

770.10 Completion and filing of declaration. In order to form the legal status of domestic partners, the individuals shall complete the declaration of domestic partnership, sign the declaration, having their signatures acknowledged before a notary, and submit the declaration to the register of deeds of the county in which they reside. The register of deeds shall record the declaration and forward the original to the state registrar of vital statistics.

770.12 Terminating a domestic partnership. (1) (a) A domestic partner may terminate the domestic partnership by filing a completed notice of termination of domestic partnership form with the county clerk who issued the declaration of

domestic partnership and paying the fee under s. 770.17. The notice must be signed by one or both domestic partners and notarized.

(b) If the notice under par. (a) is signed by only one of the domestic partners, that individual must also file with the county clerk an affidavit stating either of the following:

1. That the other domestic partner has been served in writing, in the manner provided under s. 801.11, that a notice of termination of domestic partnership is being filed with the county clerk.

2. That the domestic partner seeking termination has been unable to locate the other domestic partner after making reasonable efforts and that notice to the other domestic partner has been made by publication as provided in sub. (2).

(2) If a domestic partner who is seeking to terminate the domestic partnership is unable to find the other domestic partner after making reasonable efforts, the domestic partner seeking termination may provide notice by publication in a newspaper of general circulation in the county in which the residence most recently shared by the domestic partners is located. The notice need not be published more than one time.

(3) Upon receiving a completed, signed, and notarized notice of termination of domestic partnership, the affidavit under sub. (1) (b) if required, and the fee under s. 770.17, the county clerk shall issue to the domestic partner filing the notice of termination a certificate of termination of domestic partnership. The domestic partner shall submit the certificate of termination of domestic partnership to the register of deeds of the county in which the declaration of domestic partnership is recorded. The register of deeds shall record the certificate and forward the original to the state registrar of vital statistics.

(4) (a) Except as provided in par. (b), the termination of a domestic partnership is effective 90 days after the certificate of termination of domestic partnership is recorded under sub. (3).

(2) The state registrar of vital statistics shall prepare the forms under sub. (1) and distribute the forms in sufficient quantities to each county clerk.

770.17 Fees to county clerk. Of the amount that the clerk receives under this section, the clerk shall pay into the state treasury the same amount that the clerk pays into the state treasury from the fee collected for issuing a marriage license. The remainder shall become a part of the funds of the county. For each declaration of domestic partnership issued and for each certificate of termination of domestic partnership issued, the clerk shall also receive a standard notary fee in the same amount that the clerk receives as a standard notary fee in connection with issuing

a marriage license and that may be retained by the clerk if the clerk is operating on a fee or part−fee basis but which otherwise shall become part of the funds of the county.

770.18 Records. (1) The county clerk shall keep among the records in the office a suitable book called the declaration of domestic partnership docket and shall enter therein a complete record of the applications for and the issuing of all declarations of domestic partnership, and of all other matters which the clerk is required by this chapter to ascertain related to the rights of any person to obtain a declaration of domestic partnership. An application may be recorded by entering into the docket the completed application form, with any portion collected only for statistical purposes removed. The declaration of domestic partnership docket shall be open for public inspection or examination at all times during office hours.

(2) A county clerk may provide the name of a declaration of domestic partnership applicant and, from the portion of the application form that is collected for statistical purposes, as specified under sub. (1), may provide the address of the declaration of domestic partnership applicant to a law enforcement officer, as defined in s. 51.01 (11). A county clerk shall provide the name and, if it is available, the address, to a law enforcement officer who requests, in writing, the name and address for the performance of an investigation or the service of a warrant. If a county clerk has not destroyed the portion of the declaration of domestic partnership application form that is collected for statistical purposes, he or she shall keep the information on the portion confidential, except as authorized under this subsection. If a written request is made by a law enforcement officer under this subsection, the county clerk shall keep the request with the declaration of domestic partnership application form.

This allowance may be made whether the estate is testate or intestate. If the decedent is not survived by a spouse or domestic partner, the court also may allot directly to the minor children household furniture, furnishings, and appliances. The court may not order an allowance under this section if any of the following applies:

decedent's will or to the heirs of the decedent in intestacy or to satisfy unpaid claims of the decedent's estate.

(3) (a) The effect on claims under s. 859.25. The court shall balance the needs of the spouse, domestic partner, or minor children against the nature of the creditors' claims in setting the amount allowed under this section.

(4) The court may order that the allowance to the surviving spouse or surviving domestic partner, not including any allowance for the support and education of minor children, be applied in satisfaction of any of the following:

(a) Any entitlement of the surviving spouse or surviving domestic partner under s. 853.12.

(2) The court shall grant the petition if it determines that an assignment ahead of creditors is reasonably necessary for the support of the spouse or domestic partner. In determining the necessity and the amount of property to be assigned, the court

must take into consideration the availability of a home to the surviving spouse or surviving domestic partner and all other assets and resources available for support.

SECTION 3267. 867.01 (1) (b) and (3) (f) of the statutes are amended to read:

867.01 **(1)** (b) Whenever the estate, less the amount of the debts for which any property in the estate is security, does not exceed $50,000 in value and the decedent is survived by a spouse or domestic partner, or one or more minor children or both.

(1) (b), any property not otherwise assigned shall be assigned to the surviving spouse or surviving domestic partner, or minor children or both as an allowance under s. 861.31. The court shall order any person indebted to or holding money or other property of the decedent to pay the indebtedness or deliver the property to the persons found to be entitled to receive it. The court shall order the transfer of interests in real estate, stocks or bonds registered in the name of the decedent, the title of a licensed motor vehicle, or any other form of property. If the decedent immediately prior to death had an estate for life or an interest as a joint tenant in any property in regard to which a certificate of termination in accordance with s. 867.04 has not been issued, the order shall set forth the termination of that life estate or the right of survivorship of any joint tenant. Every tract of real property in which an interest is assigned or terminated or which is security for a debt in which an interest is assigned or terminated shall be specifically described.

In cases subject to s. 102.29 this subsection shall apply only to the surviving spouse's or surviving domestic partner's interest in the amount recovered. If the amount allocated to any child under this subsection is less than $10,000, s. 807.10 may be applied. Every settlement in wrongful death cases in which the deceased leaves minor children under 18 years of age shall be void unless approved by a court of record authorized to act hereunder.

(6) Where the wrongful death of a person creates a cause of action in favor of the decedent's estate and also a cause of action in favor of a spouse, domestic partner under ch. 770, or relatives as provided in this section, such spouse, domestic partner, or relatives may waive and satisfy the estate's cause of action in connection with or as part of a settlement and discharge of the cause of action of the spouse, domestic partner, or relatives.

13.48 **(39b)** DEBT INCREASE FOR CONSTRUCTION OF AN ENGINEERING EDUCATION FACILITY AT MARQUETTE UNIVERSITY. (a) The legislature finds and determines that it is vital for economic development in this state to ensure the availability of a sufficient number of engineers to meet the needs of businesses and residents of this state. It is therefore in the public interest, and it is the public policy of this state, to assist private institutions in this state, including Marquette University, in the construction of a facility that will be used for engineering education.

(b) The building commission may authorize up to $10,000,000 of general fund supported borrowing to aid in the construction of an engineering education facility at Marquette University. 2. The engineering facility will not be used for the purpose of devotional activities, religious worship, or sectarian instruction.

(c) If the building commission authorizes a construction grant to Marquette University under par. (b), Marquette University shall provide the state with an option to purchase the engineering education facility under the following conditions:

2. The option may be exercised only upon the occurrence of any of the following:

a. Suspension of operation of a program of engineering education at Marquette University or any successor organization.

b. Foreclosure of the mortgage by a private lender.

(d) If the state does not exercise the option to purchase the engineering education facility, and if the facility is sold to any 3rd party, any agreement to sell the facility shall provide that the state has the right to receive an amount equal to the construction grant under par. (b) from the net proceeds of any such sale after the mortgage has been satisfied and all other secured debts have been paid. This right shall be paramount to the right of Marquette University to the proceeds upon such sale.".

77.02 **(1)** PETITION. The owner of an entire quarter quarter section, fractional lot or government lot as determined by U.S. government survey plat, excluding public roads and railroad rights−of−way that may have been sold, may file with the department of natural resources a petition stating that the owner believes the lands therein described are more useful for growing timber and other forest crops than for any other purpose, that the owner intends to practice forestry thereon, that all persons holding encumbrances thereon have joined in the petition and requesting that such lands be approved as "Forest Croplands" under this subchapter. Whenever any such land is encumbered by a mortgage or other indenture securing any issue of bonds or notes, the trustee named in such mortgage or indenture or any amendment thereto may join in such petition, and such action shall for the purpose of this section be deemed the action of all holders of such bonds or notes. Land for

which a petition is submitted under sub. (4) is exempt from the size requirements specified under this subsection.

SECTION 1829j. 77.02 (3) of the statutes is amended to read:

77.02 **(3)** DECISION, COPIES. (a) After receiving all the evidence offered at any hearing held on the petition and after making such independent investigation as it sees fit the department shall make its findings of fact and make and enter an order accordingly. If it finds that the facts give reasonable assurance that a stand of merchantable timber will be developed on such descriptions within a reasonable time, and that such descriptions are then held permanently for the growing of timber under sound forestry practices, rather than for agricultural, mineral, shoreland development of navigable waters, recreational, residential or other purposes, and that all persons holding encumbrances against such descriptions have in writing agreed to the petition, the order entered shall grant the request of the petitioner on condition that all unpaid taxes against said descriptions be paid within 30 days thereafter; otherwise the department of natural resources shall deny the request of the petitioner.

(b) If the request of ~~the~~ a petitioner is granted under par. (a) or sub. The register of deeds shall record the entry, transfer or withdrawal of all forest croplands in a suitable manner on the county records. The register of deeds may collect recording fees under s. 59.43 (2) from the owner. ~~Any~~

(c) Except as provided in sub. (4) (b), any order of the department relating to the entry of forest croplands issued on or before November 20 of any year shall take effect

on January 1 of the following calendar year, but all orders issued after November 20 shall take effect on January 1 of the calendar year following the calendar year in which orders issued on or before November 20 would have been effective.

SECTION 1829m. 77.02 (4) of the statutes is created to read:

77.02 **(4)** EXEMPTION FOR CERTAIN SMALLER PARCELS. (a) A landowner of a parcel that is less than a quarter quarter section in size may petition the department of natural resources to allow the land to be entered as forest croplands under this section. The department shall grant the petition and issue an order entering the land as forest croplands if all of the following apply:

1. The landowner of the parcel is a nonprofit archery club.

2. The parcel of land was part of a quarter quarter section or lot that was entered as forest croplands before January 1, 1968.

3. The parcel of land was divided from the section or lot and was sold to the landowner before January 1, 2009.

(b) An order issued under par. (a) shall take effect on the date of its issuance. Notwithstanding the 25−year or 50−year requirement under s. 77.03, the date for the ending of a order entered under par. (a) shall be the same date as the date for the ending of the order that applies to the section or lot from which the parcel was divided.

(c) Subsections (2) and (3) (a) do not apply to a petition submitted under this subsection.

(d) The taxes and penalties under s. 77.10 do not apply to a parcel affected by an order of withdrawal if an order of entry is subsequently issued for the parcel under par. (a). If an order of withdrawal is issued for such a parcel after the issuance of the order for entry under par. (a), the landowner shall be liable for all withdrawal taxes

and penalties under s. 77.10 that would have been levied on the parcel if the parcel had continuously been subject to the original order of entry issued for the entire quarter quarter section or lot.

Section 1829n. 77.03 of the statutes is amended to read:

77.03 Taxation of forest croplands. After the filing and recording of the order with the officers under s. 77.02 (3) the lands described therein shall be "Forest Croplands", on which taxes shall thereafter be payable only as provided under this subchapter. The enactment of ss. 77.01 to 77.14, petition by the owner and the making of the order under s. 77.02 (3) or (4) (a) shall constitute a contract between the state and the owner, running with the lands, for a period of 25 or 50 years at the election of the applicant at the time the petition is filed, unless withdrawn under s. 77.10, with privilege of renewal by mutual agreement between the owner and the state, whereby the state as an inducement to owners and prospective purchasers of forest croplands to come under ss. 77.01 to 77.14 agrees that, unless withdrawn under s. 77.10, no change in or repeal of ss. 77.01 to 77.14 shall apply to any land then accepted as forest croplands, except as the department of natural resources and the owner may expressly agree in writing and except as provided in s. 77.17. If at the end of the contract period the land is not designated as managed forest land under subch. VI, the merchantable timber on the land shall be estimated by an estimator jointly agreed upon by the department of natural resources and the owner, and if the department and the owner fail to agree on an estimator, the judge of the circuit court of the district in which the lands lie shall appoint a qualified forester, whose estimate shall be final, and the cost thereof shall be borne jointly by the department of natural resources and the owner; and the 10% severance tax paid on the stumpage thereon in the same manner as if the stumpage had been cut. The owners by such contract

consent that the public may hunt and fish on the lands, subject to such rules as the department of natural resources prescribes regulating hunting and fishing.

SECTION 1829ng. 77.04 (1) of the statutes is amended to read:

77.04 **(1)** TAX ROLL. The clerk on making up the tax roll shall enter as to each forest cropland description in a special column or some other appropriate place in such tax roll headed by the words "Forest Croplands" or the initials "F.C.L.", which shall be a sufficient designation that such description is subject to this subchapter. Such land shall thereafter be assessed and be subject to review under ch. 70, and such assessment may be used by the department of revenue in the determination of the tax upon withdrawal of such lands as forest croplands as provided in s. 77.10 for entries prior to 1972 or for any entry under s. 77.02 (4) (a). The tax upon withdrawal of descriptions entered as forest croplands after December 31, 1971, may be determined by the department of revenue by multiplying the last assessed value of the land prior to the time of the entry by an annual ratio computed for the state under sub. (2) to establish the annual assessed value of the description. No tax shall be levied on forest croplands except the specific annual taxes as provided, except that any building located on forest cropland shall be assessed as personal property, subject to all laws and regulations for the assessment and taxation of general property.

SECTION 1829nr. 77.04 (2) of the statutes is amended to read:

77.04 **(2)** TAX PER ACRE; PAYMENT; PENALTY. The "acreage share" shall be computed at the rate of 10 cents per acre on all lands entered prior to 1972 or entered under s. 77.02 (4) (a). On all lands entered after December 31, 1971, the "acreage share" shall be computed every 10 years to the nearest cent by the department of revenue at the rate of 20 cents per acre multiplied by a ratio using the equalized value

of the combined residential, commercial, manufacturing, agricultural, undeveloped, agricultural forest, and productive forest land classes under s. 70.32 (2) within the state in 1972 as the denominator, and using equalized value for these combined land classes in 1982 and every 10th year thereafter as the numerator. All owners shall pay to the taxation district treasurer the acreage share on each description on or before January 31. If the acreage share is not paid when due to the taxation district treasurer it shall be subject to interest and penalty as provided under ss. 74.11 (11), 74.12 (10) and 74.47. These lands shall be returned as delinquent and a tax certificate under subch. VII of ch. 74 shall be issued on them. After 2 years from the date of the issuance of a tax certificate, the county clerk shall promptly take a tax deed under ch. 75. On taking such deed the county clerk shall certify that fact and specify the descriptions to the department of natural resources.

The rules may not allow an exception under this subdivision to be applied unless the secretary of transportation, or a designee of the secretary who has knowledge of the purpose and value of bicycle and pedestrian accommodations, reviews the applicability of the exception under this subdivision to the particular project at issue.

3. Establishing bikeways or pedestrian ways would have excessive negative impacts in a constrained environment.

4. There is an absence of need for the bikeways or pedestrian ways, as indicated by sparsity of population, traffic volume, or other factors.

5. The community where pedestrian ways are to be located refuses to accept an agreement to maintain them.".

d. “Improvement increment” means the aggregate assessed value of all taxable property in a capital improvement area as of January 1 of any year minus the area base value.

256.35 **(1)** (ee) "Enhanced 911 service" means delivering 911 calls with automatic number identification and automatic location identification to an appropriate public safety answering point by selective routing based on the geographical location from which the call originated and providing either a specific street address or information defining the approximate geographic location, in accordance with orders promulgated by the federal communications commission.

SECTION 2572hh. 256.35 (1) (gm) of the statutes is amended to read:

256.35 **(1)** (gm) "Public safety answering point" means a facility to which a call on a basic or sophisticated system is initially routed for response, and on which a public agency directly dispatches the appropriate emergency service provider, relays a message to the appropriate emergency service provider or transfers the call to the

appropriate emergency services provider. "Public safety answering point" includes a wireless public safety answering point, as defined in sub. (3m) (a) 7.

SECTION 2572hL. 256.35 (3) of the statutes is repealed.

SECTION 2572ho. 256.35 (3g) of the statutes is created to read:

256.35 **(3g)** ENHANCED 911 GRANTS. (a) *Surcharges.* 1. 'In general.' Except as provided in subd. 2., each communications provider shall impose on subscriber bills a monthly surcharge of 75 cents, subject to any adjustment under subd. 3. A communications provider may list the surcharge separately from other charges on a subscriber's bill. Any partial payment of a surcharge by a subscriber shall be applied first to any amount the subscriber owes the communications provider for communications service.

2. 'Prepaid wireless.' a. A communications provider that offers prepaid wireless service, or a seller that offers prepaid wireless service on behalf of a communications provider, shall impose a surcharge equal to one−half of the surcharge required under subd. 1., as adjusted under subd. 3., on subscribers with respect to each retail transaction for prepaid wireless service that occurs in this state. The communications provider or seller may state the amount of the surcharge separately on an invoice, receipt, or similar document provided to a subscriber, or may otherwise disclose the surcharge to the subscriber. The surcharge is the liability of the subscriber, and not of the communications provider or seller, except that a communications provider or seller is liable to remit all surcharges that the communications provider or seller collects from subscribers, including all such surcharges that the communications provider or seller is considered to collect where the amount of the surcharge is not separately stated on an invoice, receipt, or other

similar document provided to the subscriber by the communications provider or seller.

b. The commission shall promulgate rules exempting from the surcharge required under subd. 2. a. a transaction that is not considered to be a sale at retail under subch. III of ch. 77.

c. For purposes of subd. 2. a., a retail transaction effected in person by a subscriber at a business location of the communications provider occurs in this state if the business location is in this state and any other retail transaction occurs in this state if the location of the retail transaction is in this state as determined under s. 77.522.

d. Except for the surcharge authorized under this subdivision, no local government or state agency, as defined in s. 560.9810 (1), may impose a fee with respect to prepaid wireless on any communications provider, seller, or consumer, for the purpose of funding wireless emergency telephone service.

e. The commission shall promulgate rules establishing requirements and procedures for auditing sellers to determine compliance with this subdivision, including requirements and procedures for appealing determinations of the commission. To the extent practicable, the rules shall incorporate the audit and appeal provisions under ss. 77.59 and 77.61.

3. 'Adjustments.' a. Annually, the commission shall adjust the amount of the surcharge required under subd. 1. to reflect any change in the U.S. consumer price index for the midwest region as determined by the U.S. department of labor during the period beginning on August 31 of the year that is 2 years before the commission's adjustment and ending on August 31 of the year before the commission's adjustment.

b. The commission shall annually monitor the revenues, including interest, generated by the surcharges remitted under subd. 4. a. If the commission determines that the surcharges generate revenue in excess of the amount required for grants under par. (d), the commission shall reduce the amount of the surcharge required under subd. 1., but only if the reduction ensures full cost recovery for grant recipients over a reasonable period. If the commission determines that the surcharges remitted under subd. 4. a. generate revenue that is less than the amount required for grants under par. (d), the commission shall increase the surcharge required under subd. 1. by an amount that ensures full cost recovery for grant recipients over a reasonable period, except that, in a year, the commission may not increase the surcharge by an amount greater than an increase allowed for that year under subd. 3. a.

c. No later than October 1 of each year the commission shall notify communications providers and sellers who offer prepaid wireless on behalf of communications providers of any adjustment to the surcharge required under subd. 1., and the adjustment shall be effective on January 1 of the following year.

4. 'Collection and remittance.' a. A communications provider or seller that offers prepaid wireless on behalf of a communication provider shall remit surcharges to the commission no later than the end of the month following the month that the provider or seller collects the surcharges from subscribers, except that a communications provider may deduct and retain from the remittance an administrative allowance equal to $50, or 1 percent of the surcharges collected from subscribers, whichever is greater. The commission may require that communications providers and sellers report the amount of uncollected surcharges on an annual basis, or less frequently as determined by the commission. The commission may require that a communications provider or seller provide the

commission with the name, address, and telephone number of a subscriber who refuses to pay a surcharge. The commission shall deposit all remittances under this subd. 4. a. into the 911 fund.

b. A communications provider or seller has no obligation to take any legal action to enforce the collection of the surcharge billed to a subscriber. The commission may initiate a collection action against a subscriber for an unpaid surcharge, and recover reasonable costs and, notwithstanding s. 814.04 (1), attorney fees associated with the action.

(b) *Grant applications; communications providers.* A communications provider may apply to the commission for grants for reimbursement of actual, commercially reasonable costs incurred in complying with the requirements for enhanced 911 service, including the costs incurred for designing, upgrading, purchasing, leasing, programming, installing, testing, or maintaining all necessary data, hardware, and software required to provide enhanced 911 service, and the recurring and nonrecurring costs of providing enhanced 911 service. An application shall include invoices for the costs for which reimbursement is claimed.

(c) *Grant applications; local governments.* 1. A local government that operates a wireless public safety answering point that was in operation on November 30, 2008, and that was identified in a resolution adopted under sub. (3m) (c) 3., and a local government designated under subd. 2., may apply to the commission for grants if the local government submits annual applications to the commission that identify the expenses eligible for reimbursement under subd. 3., list the invoices for reimbursement that are related to compliance with enhanced 911 service requirements, and include the costs of landline 911 trunks and charges for public safety answering points in the same county as the local government.

2. If enhanced 911 service was not available in a county on November 30, 2008, and the county designates one local government in the county, or the county itself, as the operator of the primary public safety answering point for the county, the local government or county so designated is eligible for grants under subd. 1. The commission shall promulgate rules establishing requirements and procedures for a county to make a designation under this subdivision.

3. Expenses that are eligible for reimbursement under subd. 1. are the actual costs incurred by a public safety answering point in complying with the requirements of enhanced 911 service, including costs incurred for designing, upgrading, purchasing, leasing, programming, installing, testing, or maintaining all necessary data, hardware, and software required to provide enhanced 911 service; the recurring and nonrecurring costs of providing enhanced 911 service; and the costs associated with training public safety answering point personnel.

(d) *Payment of grants.* From the appropriation account under s. 20.155 (3) (r), the commission shall award grants to communications providers and local governments who submit applications under pars. (b) and (c) for reimbursement of costs that the commission determines are eligible for reimbursement. If the total amount of invoices for cost reimbursement that are submitted to the commission and approved for payment in a month exceeds the amount available from the 911 fund for reimbursement, the commission shall proportionately reduce the amount payable to each communications provider and local government so that the amount paid in grants does not exceed the amount available from the 911 fund, and the commission shall defer awarding grants for the balance due to each communications provider and local government until sufficient moneys are available from the 911 fund.

(e) *Information requests; audits.* A local government that receives grants for a public safety answering point shall comply with all requests by the commission for financial information related to the operation of the public safety answering point and, upon request, provide a copy of any audits conducted of the public safety answering point to the commission.

(f) *Telephone relay service for hearing impaired.* A local government that receives a grant under par. (d) shall ensure the each public safety answering point operated by or on behalf of the local government complies with requirements of the federal communications commission that all 911 answering positions are equipped with the necessary equipment for accepting 911 calls from the hearing impaired directly or through the use of a relaying service.

(g) *Audits.* The commission may require a communications provider or local government that receives a grant under par. (d) to conduct an audit to ensure that the grant application and use of the moneys received is consistent with the requirements of this subsection and may require a local government that receives a grant under par. (d) to provide a copy of its annual audit of the public safety answering point for which the grant is received.

(h) *Unauthorized expenditures.* The commission may, on its own motion, or, at its discretion, upon the complaint of any person, give written notice of violation to any communications provider or local government alleged to be expending grant moneys for a purpose not authorized under this subsection. Upon receipt of the notice, the communications provider or local government shall cease making any unauthorized expenditure, and may petition the commission for a hearing on the question of whether an expenditure is authorized. The commission shall grant a request for a hearing within a reasonable period. If, after the hearing, the

commission determines that an expenditure is not authorized, the commission shall require the communications provider or local government to refund, within 90 days of the commission's determination, the unauthorized expenditure.

(i) *Proprietary information.* Any information submitted by a communications provider to the commission or the 911 council that the communications provider designates as proprietary, and that the commission determines is proprietary, is confidential and not subject to inspection or copying under s. 19.35, except with the express consent of the communications provider. General information collected by the commission or the 911 council may be released or published only in aggregate amounts that do not identify or allow identification of numbers of subscribers or revenues attributable to an individual communications provider.

(j) *Statewide plan.* The commission shall develop a statewide plan for enhanced 911 services for the state. The plan shall be consistent with the plan required under 47 USC 942 (b) (3) (A) (iii).

(k) *Rules.* The commission shall promulgate rules for administering the requirements of this subsection.

(L) *Reports.* No later than February 28 of each odd−numbered year, the commission shall submit a report to the legislature under s. 13.172 (2) that has complete information regarding receipts and expenditures under this subsection during the 2−year reporting period and that describes the status of the 911 system in this state at the time of the report and the results of any related investigations completed by the commission during the 2−year reporting period.

(m) *911 council.* The commission shall consult with the 911 council in carrying out the commission's duties under this subsection.

"**SECTION 2967r.** Subchapter VI of chapter 344 [precedes 344.61] of the statutes is created to read:

CHAPTER 344

SUBCHAPTER VI

MANDATORY LIABILITY INSURANCE

344.61 Definitions. In this subchapter:

(1) Notwithstanding s. 344.01 (2) (b), "motor vehicle" does not include trailers, semitrailers, and all−terrain vehicles.

(2) Notwithstanding s. 344.33 (1), "motor vehicle liability policy" means a motor vehicle policy of liability insurance to which all of the following apply:

(a) The policy is issued by an insurer authorized to do a motor vehicle liability business in this state or, if the policy covers a vehicle that was not registered in this state at the time of the policy's effective date, in another state in which the vehicle was registered or the owner or operator of the vehicle resided at that time.

(b) The policy is to or for the benefit of the person named in the policy as the insured.

(c) The policy satisfies, as of the date of motor vehicle operation, all requirements specified in s. 344.33 (2) and (3).

344.62 Motor vehicle liability insurance required. (1) Except as provided in s. 344.63, no person may operate a motor vehicle upon a highway in this state

unless the owner or operator of the vehicle has in effect a motor vehicle liability policy with respect to the vehicle being operated.

(2) Except as provided in s. 344.63, no person may operate a motor vehicle upon a highway in this state unless the person, while operating the vehicle, has in his or her immediate possession proof that he or she is in compliance with sub. (1). The operator of the motor vehicle shall display the proof required under this subsection upon demand from any traffic officer.

(3) Nothing in this subchapter prohibits a person who violates this section from also being subject to any provision in subchs. I to IV of this chapter.

344.63 Exceptions to motor vehicle liability insurance requirement. **(1)** A person operating a motor vehicle is not subject to s. 344.62 if any of the following apply:

(a) The owner or operator of the motor vehicle has in effect a bond with respect to the vehicle that meets the requirements under s. 344.36 (1), including the filing of the bond with the secretary, and the vehicle is being operated with the permission of the person who filed the bond.

(b) The motor vehicle is insured as required by s. 121.53, 194.41, or 194.42 and the vehicle is being operated by the owner or with the owner's permission.

(c) The motor vehicle is owned by a self−insurer holding a valid certificate of self−insurance under s. 344.16, the self−insurer has made an agreement described in s. 344.30 (4), and the vehicle is being operated with the owner's permission.

(d) The owner or operator of the motor vehicle has made a deposit of cash or securities meeting the requirements specified in s. 344.37 (1) and the vehicle is being operated by or with the permission of the person who made the deposit.

(e) The motor vehicle is subject to s. 344.51, 344.52, or 344.55.

(f) The motor vehicle is owned by or leased to the United States, this or another state, or any county or municipality of this or another state, and the vehicle is being operated with the owner's or lessee's permission.

(2) (a) The provisions of ss. 344.34 and 344.36 (2) and (3) shall apply with respect to a bond filed with the secretary under sub. (1) (a).

(b) The provisions of s. 344.37 (2) shall apply with respect to a deposit made with the secretary under sub. (1) (d). Any deposit received by the department under sub. (1) (d) shall be maintained in an interest−bearing trust account. All deposits received by the department under sub. (1) (d) shall be held for the benefit of the depositors and potential claimants against the deposits and shall be applied only to the payment of judgments and assignments relating to motor vehicle accidents, following the procedure described in s. 344.20 (2).

(3) (a) Except as provided in par. (b), the secretary shall, upon request, consent to the immediate cancellation of any bond filed under sub. (1) (a) or to the return of any deposit of money or securities made under sub. (1) (d) if any of the following apply:

1. The owner or operator of a motor vehicle provides proof satisfactory to the department that the owner or operator has in effect a motor vehicle liability policy with respect to the vehicle or provides proof that a different exception under sub. (1) applies with respect to the vehicle.

2. The person on whose behalf the bond was filed or deposit made has died, has become permanently incapacitated to operate a motor vehicle, or no longer maintains a valid operator's license.

3. The person on whose behalf the bond was filed or deposit made no longer owns any motor vehicle registered with the department.

(b) The secretary may not consent to the cancellation of any bond filed under sub. (1) (a) or to the return of any deposit of money or securities made under sub. (1) (d) if any action for damages upon the bond or deposit is then pending or any judgment against the person, for which a claim may be made against the bond or deposit, is then unsatisfied. If a judgment is in excess of the amounts specified in s. 344.33 (2), for purposes of this paragraph the judgment is considered satisfied when payments in the amounts specified in s. 344.33 (2) have been made. An affidavit of the applicant that the applicant satisfies the provisions of this paragraph is sufficient for the department to consent to the cancellation of a bond or to return any deposit, in the absence of evidence in the records of the department contradicting the affidavit.

344.64 Fraudulent, false, or invalid proof of insurance. No person may do any of the following for purposes of creating the appearance of satisfying the requirements under s. 344.62 (2):

(1) Forge, falsify, counterfeit, or fraudulently alter any proof of insurance, policy of insurance, or other insurance document, or possess any forged, falsified, fictitious, counterfeit, or fraudulently altered proof of insurance, policy of insurance, or other insurance document.

(2) Represent that any proof of insurance, policy of insurance, or other insurance document is valid and in effect, knowing or having reason to believe that the proof of insurance, policy of insurance, or other insurance document is not valid or not in effect.

344.65 Violations. (1) (a) Any person who violates s. 344.62 (1) may be required to forfeit not more than $500.

(b) Except as provided in par. (c), any person who violates s. 344.62 (2) may be required to forfeit $10.

(c) No person charged with violating s. 344.62 (2) may be convicted if the person produces proof that he or she was in compliance with s. 344.62 (1) at the time the person was issued a uniform traffic citation for violating s. 344.62 (2). This proof may be produced either at the time of the person's appearance in court in response to the citation or in the office of the traffic officer issuing the citation.

(2) Any person who violates s. 344.64 may be required to forfeit not more than $5,000.

(3) A traffic officer may not stop or inspect a vehicle solely to determine compliance with s. 344.62 or a local ordinance in conformity therewith. This subsection does not limit the authority of a traffic officer to issue a citation for a violation of s. 344.62 or a local ordinance in conformity therewith observed in the course of a stop or inspection made for other purposes, except that a traffic officer may not take a person into physical custody solely for a violation of s. 344.62 or a local ordinance in conformity therewith.

344.66 Rules. The department shall promulgate rules, and prescribe any necessary forms, to implement and administer this subchapter.

344.67 Notice. The department shall include with each operator's license issued under ch. 343 notification of the requirements and penalties under this subchapter.".

Whenever any such land is encumbered by a mortgage or other indenture securing any issue of bonds or notes, the trustee named in such mortgage or indenture or any amendment thereto may join in such petition, and such action shall for the purpose of this section be deemed the action of all holders of such bonds or notes. Land for which a petition is submitted under sub. (4) is exempt from the size requirements specified under this subsection.

(a) After receiving all the evidence offered at any hearing held on the petition and after making such independent investigation as it sees fit the department shall make its findings of fact and make and enter an order accordingly. If it finds that the facts give reasonable assurance that a stand of merchantable timber will be developed on such descriptions within a reasonable time, and that such descriptions are then held permanently for the growing of timber under sound forestry practices, rather than for agricultural, mineral, shoreland development of navigable waters, recreational, residential or other purposes, and that all persons holding encumbrances against such descriptions have in writing agreed to the petition, the order entered shall grant the request of the petitioner on condition that all unpaid taxes against said descriptions be paid within 30 days thereafter; otherwise the department of natural resources shall deny the request of the petitioner.

(b) If the request of ~~the~~ a petitioner is granted under par. (a) or sub. (4), a copy of such order shall be filed with the department of revenue, the supervisor of equalization and the clerk of each town, and the order shall be recorded with the register of deeds of each county, in which any of the lands affected by the order are located. SECTION 1829m. 77.02 (4) of the statutes is created to read:

77.02 **(4)** EXEMPTION FOR CERTAIN SMALLER PARCELS. (a) A landowner of a parcel that is less than a quarter quarter section in size may petition the department of natural resources to allow the land to be entered as forest croplands under this section. 2. The parcel of land was part of a quarter quarter section or lot that was entered as forest croplands before January 1, 1968.

3. The parcel of land was divided from the section or lot and was sold to the landowner before January 1, 2009.

(b) An order issued under par. (a) shall take effect on the date of its issuance. Notwithstanding the 25−year or 50−year requirement under s. 77.03, the date for the

ending of a order entered under par. (a) shall be the same date as the date for the ending of the order that applies to the section or lot from which the parcel was divided.

(c) Subsections (2) and (3) (a) do not apply to a petition submitted under this subsection.

(d) The taxes and penalties under s. 77.10 do not apply to a parcel affected by an order of withdrawal if an order of entry is subsequently issued for the parcel under par. (a). If an order of withdrawal is issued for such a parcel after the issuance of the order for entry under par. (a), the landowner shall be liable for all withdrawal taxes and penalties under s. 77.10 that would have been levied on the parcel if the parcel had continuously been subject to the original order of entry issued for the entire quarter quarter section or lot.

Section 1829n. 77.03 of the statutes is amended to read:

77.03 Taxation of forest croplands. After the filing and recording of the order with the officers under s. 77.02 (3) the lands described therein shall be "Forest Croplands", on which taxes shall thereafter be payable only as provided under this subchapter. The enactment of ss. 77.01 to 77.14, petition by the owner and the making of the order under s. 77.02 (3) or (4) (a) shall constitute a contract between the state and the owner, running with the lands, for a period of 25 or 50 years at the election of the applicant at the time the petition is filed, unless withdrawn under s. 77.10, with privilege of renewal by mutual agreement between the owner and the state, whereby the state as an inducement to owners and prospective purchasers of forest croplands to come under ss. 77.01 to 77.14 agrees that, unless withdrawn under s. 77.10, no change in or repeal of ss. 77.01 to 77.14 shall apply to any land then accepted as forest croplands, except as the department of natural resources and the

owner may expressly agree in writing and except as provided in s. 77.17. If at the end of the contract period the land is not designated as managed forest land under subch. VI, the merchantable timber on the land shall be estimated by an estimator jointly agreed upon by the department of natural resources and the owner, and if the department and the owner fail to agree on an estimator, the judge of the circuit court of the district in which the lands lie shall appoint a qualified forester, whose estimate shall be final, and the cost thereof shall be borne jointly by the department of natural resources and the owner; and the 10% severance tax paid on the stumpage thereon in the same manner as if the stumpage had been cut. The owners by such contract consent that the public may hunt and fish on the lands, subject to such rules as the department of natural resources prescribes regulating hunting and fishing.

SECTION 1829ng. 77.04 (1) of the statutes is amended to read:

77.04 **(1)** TAX ROLL. The clerk on making up the tax roll shall enter as to each forest cropland description in a special column or some other appropriate place in such tax roll headed by the words "Forest Croplands" or the initials "F.C.L.", which shall be a sufficient designation that such description is subject to this subchapter. Such land shall thereafter be assessed and be subject to review under ch. 70, and such assessment may be used by the department of revenue in the determination of the tax upon withdrawal of such lands as forest croplands as provided in s. 77.10 for entries prior to 1972 or for any entry under s. 77.02 (4) (a). The tax upon withdrawal of descriptions entered as forest croplands after December 31, 1971, may be determined by the department of revenue by multiplying the last assessed value of the land prior to the time of the entry by an annual ratio computed for the state under sub. (2) to establish the annual assessed value of the description. No tax shall be levied on forest croplands except the specific annual taxes as provided, except that

any building located on forest cropland shall be assessed as personal property, subject to all laws and regulations for the assessment and taxation of general property.

SECTION 1829nr. 77.04 (2) of the statutes is amended to read:

On all lands entered after December 31, 1971, the "acreage share" shall be computed every 10 years to the nearest cent by the department of revenue at the rate of 20 cents per acre multiplied by a ratio using the equalized value of the combined residential, commercial, manufacturing, agricultural, undeveloped, agricultural forest, and productive forest land classes under s. 70.32 (2) within the state in 1972 as the denominator, and using equalized value for these combined land classes in 1982 and every 10th year thereafter as the numerator. All owners shall pay to the taxation district treasurer the acreage share on each description on or before January 31. If the acreage share is not paid when due to the taxation district treasurer it shall be subject to interest and penalty as provided under ss. 74.11 (11), 74.12 (10) and 74.47. These lands shall be returned as delinquent and a tax certificate under subch. VII of ch. 74 shall be issued on them. After 2 years from the date of the issuance of a tax certificate, the county clerk shall promptly take a tax deed under ch. 75. On taking such deed the county clerk shall certify that fact and specify the descriptions to the department of natural resources.

256.35 **(1)** (ee) "Enhanced 911 service" means delivering 911 calls with automatic number identification and automatic location identification to an appropriate public safety answering point by selective routing based on the geographical location from which the call originated and providing either a specific street address or information defining the approximate geographic location, in accordance with orders promulgated by the federal communications commission.

SECTION 2572hh. 256.35 (1) (gm) of the statutes is amended to read:

256.35 **(1)** (gm) "Public safety answering point" means a facility to which a call on a basic or sophisticated system is initially routed for response, and on which a public agency directly dispatches the appropriate emergency service provider, relays a message to the appropriate emergency service provider or transfers the call to the appropriate emergency services provider. "Public safety answering point" includes a wireless public safety answering point, as defined in sub. (3m) (a) 7.

SECTION 2572hL. 256.35 (3) of the statutes is repealed.

SECTION 2572ho. 256.35 (3g) of the statutes is created to read:

256.35 **(3g)** ENHANCED 911 GRANTS. (a) *Surcharges.* 1. 'In general.' Except as provided in subd. 2., each communications provider shall impose on subscriber bills a monthly surcharge of 75 cents, subject to any adjustment under subd. 3. A communications provider may list the surcharge separately from other charges on a subscriber's bill. Any partial payment of a surcharge by a subscriber shall be applied first to any amount the subscriber owes the communications provider for communications service.

2. 'Prepaid wireless.' a. A communications provider that offers prepaid wireless service, or a seller that offers prepaid wireless service on behalf of a communications provider, shall impose a surcharge equal to one−half of the surcharge required under subd. 1., as adjusted under subd. 3., on subscribers with respect to each retail transaction for prepaid wireless service that occurs in this state. The communications provider or seller may state the amount of the surcharge separately on an invoice, receipt, or similar document provided to a subscriber, or may otherwise disclose the surcharge to the subscriber. The surcharge is the liability of the subscriber, and not of the communications provider or seller, except that a communications provider or seller is liable to remit all surcharges that the

communications provider or seller collects from subscribers, including all such surcharges that the communications provider or seller is considered to collect where the amount of the surcharge is not separately stated on an invoice, receipt, or other similar document provided to the subscriber by the communications provider or seller.

b. The commission shall promulgate rules exempting from the surcharge required under subd. 2. a. a transaction that is not considered to be a sale at retail under subch. III of ch. 77.

c. For purposes of subd. 2. a., a retail transaction effected in person by a subscriber at a business location of the communications provider occurs in this state if the business location is in this state and any other retail transaction occurs in this state if the location of the retail transaction is in this state as determined under s. 77.522.

d. Except for the surcharge authorized under this subdivision, no local government or state agency, as defined in s. 560.9810 (1), may impose a fee with respect to prepaid wireless on any communications provider, seller, or consumer, for the purpose of funding wireless emergency telephone service.

e. The commission shall promulgate rules establishing requirements and procedures for auditing sellers to determine compliance with this subdivision, including requirements and procedures for appealing determinations of the commission. To the extent practicable, the rules shall incorporate the audit and appeal provisions under ss. 77.59 and 77.61.

3. 'Adjustments.' a. Annually, the commission shall adjust the amount of the surcharge required under subd. 1. to reflect any change in the U.S. consumer price index for the midwest region as determined by the U.S. department of labor during

the period beginning on August 31 of the year that is 2 years before the commission's adjustment and ending on August 31 of the year before the commission's adjustment.

b. The commission shall annually monitor the revenues, including interest, generated by the surcharges remitted under subd. 4. a. If the commission determines that the surcharges generate revenue in excess of the amount required for grants under par. (d), the commission shall reduce the amount of the surcharge required under subd. 1., but only if the reduction ensures full cost recovery for grant recipients over a reasonable period. If the commission determines that the surcharges remitted under subd. 4. a. generate revenue that is less than the amount required for grants under par. (d), the commission shall increase the surcharge required under subd. 1. by an amount that ensures full cost recovery for grant recipients over a reasonable period, except that, in a year, the commission may not increase the surcharge by an amount greater than an increase allowed for that year under subd. 3. a.

c. No later than October 1 of each year the commission shall notify communications providers and sellers who offer prepaid wireless on behalf of communications providers of any adjustment to the surcharge required under subd. 1., and the adjustment shall be effective on January 1 of the following year.

4. 'Collection and remittance.' a. A communications provider or seller that offers prepaid wireless on behalf of a communication provider shall remit surcharges to the commission no later than the end of the month following the month that the provider or seller collects the surcharges from subscribers, except that a communications provider may deduct and retain from the remittance an administrative allowance equal to $50, or 1 percent of the surcharges collected from subscribers, whichever is greater. The commission may require that communications providers and sellers report the amount of uncollected surcharges

on an annual basis, or less frequently as determined by the commission. The commission may require that a communications provider or seller provide the commission with the name, address, and telephone number of a subscriber who refuses to pay a surcharge. The commission shall deposit all remittances under this subd. 4. a. into the 911 fund.

b. A communications provider or seller has no obligation to take any legal action to enforce the collection of the surcharge billed to a subscriber. The commission may initiate a collection action against a subscriber for an unpaid surcharge, and recover reasonable costs and, notwithstanding s. 814.04 (1), attorney fees associated with the action.

(b) *Grant applications; communications providers.* A communications provider may apply to the commission for grants for reimbursement of actual, commercially reasonable costs incurred in complying with the requirements for enhanced 911 service, including the costs incurred for designing, upgrading, purchasing, leasing, programming, installing, testing, or maintaining all necessary data, hardware, and software required to provide enhanced 911 service, and the recurring and nonrecurring costs of providing enhanced 911 service. An application shall include invoices for the costs for which reimbursement is claimed.

(c) *Grant applications; local governments.* 1. A local government that operates a wireless public safety answering point that was in operation on November 30, 2008, and that was identified in a resolution adopted under sub. (3m) (c) 3., and a local government designated under subd. 2., may apply to the commission for grants if the local government submits annual applications to the commission that identify the expenses eligible for reimbursement under subd. 3., list the invoices for reimbursement that are related to compliance with enhanced 911 service

requirements, and include the costs of landline 911 trunks and charges for public safety answering points in the same county as the local government.

2. If enhanced 911 service was not available in a county on November 30, 2008, and the county designates one local government in the county, or the county itself, as the operator of the primary public safety answering point for the county, the local government or county so designated is eligible for grants under subd. 1. The commission shall promulgate rules establishing requirements and procedures for a county to make a designation under this subdivision.

3. Expenses that are eligible for reimbursement under subd. 1. are the actual costs incurred by a public safety answering point in complying with the requirements of enhanced 911 service, including costs incurred for designing, upgrading, purchasing, leasing, programming, installing, testing, or maintaining all necessary data, hardware, and software required to provide enhanced 911 service; the recurring and nonrecurring costs of providing enhanced 911 service; and the costs associated with training public safety answering point personnel.

(d) *Payment of grants.* From the appropriation account under s. 20.155 (3) (r), the commission shall award grants to communications providers and local governments who submit applications under pars. (b) and (c) for reimbursement of costs that the commission determines are eligible for reimbursement. If the total amount of invoices for cost reimbursement that are submitted to the commission and approved for payment in a month exceeds the amount available from the 911 fund for reimbursement, the commission shall proportionately reduce the amount payable to each communications provider and local government so that the amount paid in grants does not exceed the amount available from the 911 fund, and the commission shall defer awarding grants for the balance due to each communications

provider and local government until sufficient moneys are available from the 911 fund.

(e) *Information requests; audits.* A local government that receives grants for a public safety answering point shall comply with all requests by the commission for financial information related to the operation of the public safety answering point and, upon request, provide a copy of any audits conducted of the public safety answering point to the commission.

(f) *Telephone relay service for hearing impaired.* A local government that receives a grant under par. (d) shall ensure the each public safety answering point operated by or on behalf of the local government complies with requirements of the federal communications commission that all 911 answering positions are equipped with the necessary equipment for accepting 911 calls from the hearing impaired directly or through the use of a relaying service.

(g) *Audits.* The commission may require a communications provider or local government that receives a grant under par. (d) to conduct an audit to ensure that the grant application and use of the moneys received is consistent with the requirements of this subsection and may require a local government that receives a grant under par. (d) to provide a copy of its annual audit of the public safety answering point for which the grant is received.

(h) *Unauthorized expenditures.* The commission may, on its own motion, or, at its discretion, upon the complaint of any person, give written notice of violation to any communications provider or local government alleged to be expending grant moneys for a purpose not authorized under this subsection. Upon receipt of the notice, the communications provider or local government shall cease making any unauthorized expenditure, and may petition the commission for a hearing on the

question of whether an expenditure is authorized. The commission shall grant a request for a hearing within a reasonable period. If, after the hearing, the commission determines that an expenditure is not authorized, the commission shall require the communications provider or local government to refund, within 90 days of the commission's determination, the unauthorized expenditure.

(i) *Proprietary information.* Any information submitted by a communications provider to the commission or the 911 council that the communications provider designates as proprietary, and that the commission determines is proprietary, is confidential and not subject to inspection or copying under s. 19.35, except with the express consent of the communications provider. General information collected by the commission or the 911 council may be released or published only in aggregate amounts that do not identify or allow identification of numbers of subscribers or revenues attributable to an individual communications provider.

(j) *Statewide plan.* The commission shall develop a statewide plan for enhanced 911 services for the state. The plan shall be consistent with the plan required under 47 USC 942 (b) (3) (A) (iii).

(k) *Rules.* The commission shall promulgate rules for administering the requirements of this subsection.

(L) *Reports.* No later than February 28 of each odd−numbered year, the commission shall submit a report to the legislature under s. 13.172 (2) that has complete information regarding receipts and expenditures under this subsection during the 2−year reporting period and that describes the status of the 911 system in this state at the time of the report and the results of any related investigations completed by the commission during the 2−year reporting period.

(m) *911 council.* The commission shall consult with the 911 council in carrying out the commission's duties under this subsection.

(d) The owner or operator of the motor vehicle has made a deposit of cash or securities meeting the requirements specified in s. 344.37 (1) and the vehicle is being operated by or with the permission of the person who made the deposit.

(e) The motor vehicle is subject to s. 344.51, 344.52, or 344.55.

(f) The motor vehicle is owned by or leased to the United States, this or another state, or any county or municipality of this or another state, and the vehicle is being operated with the owner's or lessee's permission.

(2) (a) The provisions of ss. 344.34 and 344.36 (2) and (3) shall apply with respect to a bond filed with the secretary under sub. (1) (a).

(b) The provisions of s. 344.37 (2) shall apply with respect to a deposit made with the secretary under sub. (1) (d). Any deposit received by the department under sub. (1) (d) shall be maintained in an interest−bearing trust account. All deposits received by the department under sub. (1) (d) shall be held for the benefit of the depositors and potential claimants against the deposits and shall be applied only to the payment of judgments and assignments relating to motor vehicle accidents, following the procedure described in s. 344.20 (2).

(b) The secretary may not consent to the cancellation of any bond filed under sub. (1) (a) or to the return of any deposit of money or securities made under sub. (1) (d) if any action for damages upon the bond or deposit is then pending or any judgment against the person, for which a claim may be made against the bond or deposit, is then unsatisfied. If a judgment is in excess of the amounts specified in s. 344.33 (2), for purposes of this paragraph the judgment is considered satisfied when payments in the amounts specified in s. 344.33 (2) have been made. An affidavit of the applicant that the applicant satisfies the provisions of this paragraph is sufficient for the department to consent to the cancellation of a bond or to return any deposit, in the absence of evidence in the records of the department contradicting the affidavit.

(2) Any person who violates s. 344.64 may be required to forfeit not more than $5,000.

(3) A traffic officer may not stop or inspect a vehicle solely to determine compliance with s. 344.62 or a local ordinance in conformity therewith. This subsection does not limit the authority of a traffic officer to issue a citation for a violation of s. 344.62 or a local ordinance in conformity therewith observed in the course of a stop or inspection made for other purposes, except that a traffic officer may not take a person into physical custody solely for a violation of s. 344.62 or a local ordinance in conformity therewith.

For each school district, the department shall compute the percentage reduction in general school aid under the first aid run as compared to the 2nd aid run. 1. For each school district that satisfies the following criteria, the department shall multiply its net general school aid payment, as determined using the 2nd aid run, by 10 percent, and reduce the school district's net general school aid payment under the first aid run by the result:

a. List those school districts in descending order of percentage of aid reduction under paragraph (b) (intro.).

b. Decrease the percentage of aid reduction of the school district with the greatest percentage of aid reduction to that of the school district with the 2nd greatest percentage of aid reduction.

c. If there are sufficient funds, decrease the percentage of aid reduction of the 2 school districts under subdivision 2. b., which now have identical percentages of aid reduction, to that of the school district with the 3rd greatest percentage of aid reduction.

d. Continue down the list of school districts, decreasing the percentage of aid reduction of the school districts with the greatest percentage of aid reduction to that of the school district with the next greatest percentage of aid reduction until the total amount to be distributed to school districts under this subdivision is depleted. If the total amount to be distributed is insufficient to complete any individual reduction, the department shall nevertheless decrease the percentage of aid reduction of the school districts with the greatest percentage of aid reduction to as close as possible to that of the school district with the next greatest percentage of aid reduction.
