THE COMMONWEALTH OF MASSACHUSETTS

In the Year Two Thousand and Nine

AN ACT MAKING APPROPRIATIONS FOR THE FISCAL YEAR 2010 FOR THE MAINTENANCE OF THE DEPARTMENTS, BOARDS, COMMISSIONS, INSTITUTIONS AND CERTAIN ACTIVITIES OF THE COMMONWEALTH, FOR INTEREST, SINKING FUND AND SERIAL BOND REQUIREMENTS AND FOR CERTAIN PERMANENT IMPROVEMENTS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is immediately to make appropriations for the fiscal year beginning July 1, 2009, and to make certain changes in law, each of which is immediately necessary or appropriate to effectuate said appropriations or for other important public purposes, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. To provide for the maintenance of the several departments, boards, commissions and institutions and other services, and for certain permanent improvements and to meet certain requirements of law, the sums set forth in sections 2, 2B, 2D and 3, for the several purposes and subject to the conditions specified in sections 2, 2B, 2D and 3, are hereby appropriated from the General Fund unless specifically designated otherwise, subject to the provisions of law regulating the disbursement of public funds and the approval thereof for the fiscal year ending June 30, 2010. All sums appropriated under this act, including supplemental and deficiency budgets, shall be expended in a manner reflecting and encouraging a policy of nondiscrimination and equal opportunity for members of minority groups, women and handicapped persons. All officials and employees of an agency, board, department, commission or division receiving monies under this act shall take affirmative steps to ensure equality of opportunity in the internal affairs of state government, as well as in their relations with the public, including those persons and organizations doing business with the commonwealth. Each agency, board, department, commission or division, in spending appropriated sums and discharging its statutory responsibilities, shall adopt measures to ensure equal opportunity in the areas of hiring, promotion, demotion or transfer, recruitment, layoff or termination, rates of compensation, in-service or apprenticeship training programs and all terms and conditions of employment.

SECTION 1A. In accordance with Articles LXIII and CVII of the Articles of Amendment to the Constitution of the Commonwealth and section 6D of chapter 29 of the General Laws, it is hereby declared that the amounts of revenue set
forth in this section by source for the respective funds of the commonwealth for the fiscal year ending June 30, 2010 are necessary and sufficient to provide the means to defray the appropriations and expenditures from such funds for said fiscal year as set forth and authorized in sections 2 and 2B. The comptroller shall keep a distinct account of actual receipts from each such source by each such fund to furnish the executive office for administration and finance and the house and senate committees on ways and means with quarterly statements comparing such receipts with the projected receipts set forth herein and to include a full statement comparing such actual and projected receipts in the annual report for said fiscal year pursuant to section 13 of chapter 7A of the General Laws. The quarterly and annual reports shall also include detailed statements of any other sources of revenue for the budgeted funds in addition to those specified in this section.

SECTION 3. Notwithstanding any general or special law to the contrary, for the fiscal year ending June 30, 2010 the distribution to cities and towns of the balance of the State Lottery Fund, as paid from the General Fund in accordance with clause (c) of the second paragraph of section 35 of chapter 10 of the General Laws, and additional funds from the General Fund shall be $936,376,140 and shall be apportioned to the cities and towns in accordance with this section.

Notwithstanding section 2 of chapter 70 of the General Laws or any other general or special law to the contrary, except for section 12B of chapter 76 and section 89 of chapter 71 of the General Laws, for fiscal year 2010 the total amounts to be distributed and paid to each city and town from item 7061-0008 of section 2 shall be as set forth in the following lists. The specified amounts to be distributed from said item 7061-0008 of said section 2 shall be in full satisfaction of the amounts due under chapter 70 of the General Laws.

Notwithstanding any general or special law to the contrary, the governor may allocate, at his full discretion, funds from the State Fiscal Stabilization Fund established by Title XIV of the American Recovery and Reinvestment Act of 2009, Pub. L. No. 111-5 (ARRA); provided further, that said potential allocation is reflected in the following chart in the column entitled "Potential Allocation of Federal Funds from the ARRA State Fiscal Stabilization Fund"; provided further, that the funds set forth in said column are an estimated apportionment and shall not appear on the cherry sheet produced by the department of revenue.

For fiscal year 2010, when calculating the foundation budget for each district, the fiscal year 2009 Chapter 70 aid shall be valued at 98% of fiscal year 2009 aid as outlined in section 3 of chapter 182 of the acts of 2008. The foundation budget categories for each district shall be calculated in the same manner as in fiscal year 2009. For fiscal year 2010, the foundation inflation index shall equal the prior year's foundation inflation index multiplied by the ratio of the value of the implicit price deflator for state and local government purchases in the second quarter of the prior fiscal year to its value in the second quarter of the year 2 years before. The target local share shall be calculated using the same methodology used in fiscal year 2009. Preliminary local contribution shall be the municipality's fiscal year 2009 minimum required local contribution, increased or decreased by the municipal revenue growth factor. The minimum required local contribution for fiscal year 2010 shall be, for any municipality with a fiscal year 2010 preliminary contribution less than its fiscal year 2010 target contribution, the greater of: (a) the fiscal year 2009 minimum required contribution increased by municipal revenue growth factors; but if a municipality's preliminary contribution as a percentage of its foundation budget is more than 5 percentage points lower than the target local share, the preliminary contribution shall be recalculated using the municipality's revenue growth.
factor plus 1 percentage point; and if a municipality's preliminary contribution as a percentage of its foundation budget is more than 10 percentage points lower than the target local share, the preliminary contribution shall be recalculated using the municipality's revenue growth factor plus 2 percentage points; or (b) the lesser of 95 per cent of the municipality's fiscal year 2008 actual contribution or the municipality's fiscal year 2010 target contribution. Minimum required local contribution for fiscal year 2010 shall be, for any municipality with a fiscal year 2010 preliminary contribution greater than its fiscal year 2010 target contribution, the preliminary local contribution reduced by 15 per cent of the gap between the preliminary local contribution and the target local contribution. Required local contribution shall be allocated among the districts to which a municipality belongs in direct proportion to the foundation budgets for the municipality's pupils at each of those districts.

Chapter 70 aid for fiscal year 2010 shall be as distributed in fiscal year 2009. If there is a conflict between the language of this section and the distribution listed below, the distribution below shall control.

The department of elementary and secondary education shall not consider health care costs for retired teachers to be part of net school spending for any district in which such costs were not considered part of net school spending in fiscal year 1994.

No payments to cities, towns or counties maintaining an agricultural school pursuant to this section shall be made after November 30 of the fiscal year until the commissioner of revenue certifies acceptance of the prior fiscal year's annual financial reports submitted pursuant to section 43 of chapter 44 of the General Laws. Advance payments shall be made for some or all of periodic local reimbursement or assistance programs to any city, town, regional school district or independent agricultural and technical school that demonstrates an emergency cash shortfall, as certified by the commissioner of revenue and approved by the secretary of the executive office for administration and finance, pursuant to guidelines established by the secretary.

SECTION 4. Section 68 of chapter 3 of the General Laws, inserted by section 3 of chapter 451 of the acts of 2008, is hereby amended by striking out subsection (a) and inserting in place thereof the following subsection:—

(a) There shall be a permanent commission on the status of citizens of Asian descent to consist of 21 persons as follows: 3 persons to be appointed by the governor; 3 persons to be appointed by the speaker of the house of representatives; 3 persons to be appointed by the president of the senate; 3 persons to be appointed by the state treasurer; 3 persons to be appointed by the state secretary; 3 persons to be appointed by the attorney general; and 3 persons appointed by the state auditor. Members of the commission shall be citizens of the commonwealth who have demonstrated a commitment to the Asian-American community. Members shall be subject to chapter 268A as they apply to special state employees.

SECTION 5. Chapter 6 of the General Laws is hereby amended by inserting after section 172J the following section:—

Section 172K. Notwithstanding section 172 or any other general or special law to the contrary, any children's camp or school that plans to employ or accept as a volunteer for a climbing wall or challenge course program, a person who is or has previously been the subject of a record check pursuant to sections 172G, 172H, 172I or section 38R of chapter 71, shall not be required to conduct a second record check by reason of such person's employment or volunteering for a climbing wall or challenge course program, within 12 months of the previous record check. Such camp or school may either simultaneously submit to the criminal history systems board applications for a record check under sections 172G, 172H, 172I or section 38R of chapter 71 and this section, or use the information obtained within the prior 12 months under sections 172G, 172H, 172I or section 38R of chapter 71 for the purpose of the climbing wall or challenge course program. If the camp or school submits simultaneous applications, the criminal history systems board shall conduct the most comprehensive record check required by either application, and the results of such record check shall satisfy the camp or school’s obligations to request record information with respect to both job functions. The camp or school may also disseminate information obtained under this section to the department of
public safety. The criminal history systems board shall only assess the camp or school 1 fee for simultaneous requests filed pursuant to this section.

Information obtained pursuant to this section shall not be disseminated for any purpose other than to further the protection of children.

SECTION 6. Paragraph (a) of section 4A of chapter 7 of the General Laws, as appearing in the 2006 Official Edition, is hereby amended by adding the following sentence:-- The operational services division may charge and collect from statewide contractors a statewide contract administrative fee, to be established by the executive office for administration and finance; provided, however, that such fee shall not exceed 1 per cent of the total value of a contract awarded to a statewide contractor.

SECTION 7. Section 53 of chapter 7 of the General Laws, as so appearing, is hereby amended by striking out, in line 17, the figure "$200,000" and inserting in place thereof the following figure:-- $500,000.

SECTION 8. Subsection (a) of section 24A of chapter 10 of the General Laws, as so appearing, is hereby amended by striking out the second sentence and inserting in place thereof the following sentence:-- The commission is hereby authorized to enter into agreements with one or more states or other jurisdictions, hereinafter referred to as a group, for the purpose of creating and maintaining multi-jurisdictional lottery games; provided, however, that a group agreement shall not include the state lottery games created pursuant to section 24; provided further, that nothing in this section and nothing in a group agreement shall authorize the commission to make expenditures that are not consistent with restrictions on expenditures by the commission provided in any other general or special law.

SECTION 9. Said chapter 10 is hereby further amended by inserting after section 35KK, inserted by section 2 of chapter 422 of the acts of 2008, the following 2 sections:--

Section 35LL. (a) There shall be established and set up on the books of the commonwealth a separate fund to be know as the Nantasket Beach Reservation Trust Fund to be used, without further appropriation, for the preservation, maintenance and safety of Nantasket Beach in the town of Hull. Any balance in the fund at the end of the fiscal year shall not revert to the General Fund, but shall remain available for expenditure in subsequent fiscal years. No expenditure made from the fund shall cause the fund to become deficient at any point during a fiscal year.

(b) Notwithstanding any general or special law to the contrary, the department of conservation and recreation shall impose a surcharge of $4 for non-seniors and $2 for seniors upon each fee charged and collected from admission into parking in the Nantasket Beach Reservation. The additional monies collected from the surcharge shall be deposited into the Nantasket Beach Preservation Trust Fund. Expenditures by the trust for public safety shall first be made available to the town of Hull’s police, fire, ambulance
and emergency personnel. No later than November 30 of each year, a representative from the department of conservation and recreation shall meet with the Hull board of selectmen to discuss the maintenance and safety plan for the next calendar year as well as the balance and expenditures from the Nantasket Beach Reservation Trust Fund.

Section 35MM. There shall be established and placed within the executive office of transportation or any successor agency or authority a separate fund to be known as the Massachusetts Transportation Trust Fund which shall be used for financing transportation-related purposes of the executive office of transportation or any successor agency or authority. The secretary shall be authorized to enter into agreements with the Massachusetts Bay Transportation Authority, the Massachusetts Port Authority, the regional transit authorities and, for so long as it shall continue to exist, the Massachusetts Turnpike Authority to commit any funds generated from fares, fees, tolls or any other revenue sources including, but not limited to, from federal sources of these authorities to the fund. There shall be credited to the fund all turnpike revenues and other toll and non-toll revenue collected by the department after assumption of the assets, obligations and liabilities of the Massachusetts Turnpike Authority, all tolls collected by the department after transfer of the Maurice J. Tobin Memorial Bridge by the Massachusetts Port Authority to the department, all refunds and rebates made on account of expenditures on ways by the department, any revenues from appropriations or other monies authorized by the general court and specifically designated to be credited to the fund, any gifts, grants, private contributions, investment income earned on the fund’s assets, all monies received by the department for the sale or lease of property, all monies received by the department in satisfaction of claims by the department for damage to highway and bridge safety signs, signals, guardrails, curbing and other highway and bridge related facilities, and other receipts of the department. Money remaining in the fund at the end of the year shall not revert to the General Fund.

(b) In addition to those revenues credited to the fund pursuant to subsection (a), beginning in fiscal year 2011, there shall be credited to the Massachusetts Transportation Trust Fund all monies received by the commonwealth equal to .385 percent of the receipts from sales, as defined by chapter 64H of the General Laws, and .385 per cent of the sales price of purchases, as defined by chapter 64I of the General Laws, from that portion of the taxes imposed under said chapters 64H and 64I as excises upon the sale and use at retail of tangible property or of services, and upon the storage, use or other consumption of tangible property, or of services, including interest thereon or penalties, but not including any portion of the taxes that constitute special receipts within the meaning of subsection (b ½) of section 10 of chapter 152 of the acts of 1997 or within the meaning of said subsection (b ½). If in a fiscal year the amount credited to the Massachusetts
Transportation Trust Fund under this paragraph is less than $275,000,000, then
the comptroller shall transfer an amount from the General Fund to make up the
difference between the amount credited to said fund and $275,000,000, not
later than September 1 of the following fiscal year; provided that the
comptroller shall make said transfer according to a schedule developed
annually by the comptroller in consultation with the secretary of
administration and finance and the state treasurer to minimize adverse impact
on the commonwealth’s cash flow.

The comptroller shall only make transfers from the Massachusetts
Transportation Trust Fund to any surface transportation-related authority or
to any other fund used by the commonwealth or any such authority for toll and
fare mitigation and other transportation-related purposes, as provided in this
section.

(c) (i) Annually, beginning in fiscal year 2011, the secretary of the
Massachusetts Department of Transportation and the secretary of administration
and finance shall issue a written schedule for transfers from the fund to the
comptroller and the chairs of the house and senate committees on ways and
means at least 30 days in advance of the first proposed scheduled transfer.
The secretary of the Massachusetts Department of Transportation and the
secretary of administration and finance may amend the schedule upon 30 days
advance notice to the comptroller and the chairs of the senate and house
committees on ways and means. The schedule issued under this section shall
ensure that $100,000,000 shall be transferred to the Massachusetts Turnpike
Authority or its successor in interest in each fiscal year and, to provide for
and secure this payment obligation, the secretary of administration and
finance, on behalf of the commonwealth, shall, with the concurrence of the
secretary of transportation and public works, enter into a contract with the
authority before July 1, 2009 providing for the payment of that amount to
said authority in each fiscal year for the purpose of defraying costs,
including debt service on bonds heretofore or hereafter issued by the
authority or its successor in interest to finance or refinance improvements to
the metropolitan highway system. The term of this contract shall extend until
the last fiscal year in which any such bonds issued before the date of the
contract are scheduled to mature. These payments may be treated as revenues of
the authority or of its successor in interest within the meaning of section 6
of chapter 81A and the authority or its successor in interest may pledge such
contract and the rights of the authority or its successor in interest to receive amounts thereunder as security for the payment of the bonds issued
before the date of the contract or of any bonds or notes issued by the
authority or its successor in interest to refinance those bonds. This contract
shall constitute a general obligation of the commonwealth for which the faith
and credit of the commonwealth shall be pledged for the benefit of the
authority or its successor in interest and of the holders of any bonds or
notes secured by a pledge of such contract or of amounts to be received by the authority or its successor in interest under the contract. The payment obligation and contract securing it provided for in this section shall be in addition to the payment obligation provided for under section 12 of chapter 81A and the contract securing it under said section 12.

(ii) The remaining amount transferred under this section shall be distributed to the Massachusetts Bay Transportation Authority and regional transit authorities according the following parameters:

(a) $160,000,000 shall be transferred to the Massachusetts Bay Transportation Authority or any fund controlled by the authority in each fiscal year; and

(b) $15,000,000 shall be transferred to regional transit authorities organized under chapter 161B or predecessor statutes in each fiscal year.

(iii) The comptroller shall only make transfers from the Massachusetts Transportation Trust Fund to any surface transportation-related authority or to any other fund used by the commonwealth or any such authority for toll and fare mitigation and other transportation-related purposes, as provided in this section. The final transfer to any transportation-related authority in a fiscal year shall be not later than two weeks before the end of that fiscal year.

(d) The remaining balance of the fund after compliance with subsection (c) shall be under the control of the executive office of transportation or any successor agency or authority, not subject to appropriation and shall be used as follows:

(i) For expenditures to meet any debt obligations of the department following the dissolution of the Massachusetts Turnpike Authority and assumption of assets, obligations and liabilities by the department;

(ii) For expenditure by the department for maintaining, repairing, improving and constructing municipal ways and bridges, sidewalks adjacent to such ways and bridges, bikeways and other projects eligible for funding as a transportation enhancement project as described in the Intermodal Surface Transportation Efficiency Act of 1991, P.L. 102-240, salt storage sheds, bikeways and public use off-street parking facilities related to mass transportation, for engineering services and expenses related to highway transportation enhancement and mass transportation purposes, for care, repair, storage, replacement, purchase and long-term leasing of road building machinery, equipment and tools, for the erection and maintenance of direction signs and warning signs and for necessary or beneficial improvements to unpaved municipal ways together with any money which any municipality may appropriate for such purposes to be used on the same ways, sheds, bikeways, bridges, machinery, equipment, tools and facilities. Such engineering services, including surveying services, shall only be performed by architectural, engineering or surveying firms prequalified by the department;
provided, however, that a municipality may seek a waiver of this requirement from the department if the municipality demonstrates to the satisfaction of the department that it is cost prohibitive to use a prequalified firm. Such ways, sheds, bikeways, bridges, machinery, equipment, tools and facilities shall remain municipal ways, sheds, bikeways, bridges, machinery, equipment, tools and facilities. The department shall withhold or withdraw the unexpended balance of any funds assigned by it under this clause if the municipality fails to comply with the official standards for traffic control established by the department or with any provision of a traffic control agreement negotiated between the department and the municipality, as required by the United States Secretary of Commerce under section 109 of Title 23 of the United States Code;

(iii) For expenditure by the department for maintaining, repairing and improving state highways and bridges in the state highway system designated parkways and for the turnpike and the metropolitan highway system managed by the Massachusetts Turnpike Authority until its dissolution;

(iv) For expenditure by the department, in addition to federal aid payments received under section 30 of chapter 81, for construction of state highways;

(v) For expenditure by the department for engineering services and expenses, for care, repair, storage, replacement and purchase of road building machinery and tools, for snow removal, for the erection and maintenance of direction signs and warning signs, for the care of shrubs and trees on state highways and for expenses incidental to the foregoing or incidental to the purposes specified in clause (b), (c) or (d);

(vi) For expenditure for the operations of the department and any divisions thereof;

(vii) For expenditure by the department for infrastructure improvements to transportation facilities throughout the commonwealth;

(viii) For regional expenditure by the department for highway division projects in the 5 geographic regions of the commonwealth consistent with the boundaries of the 5 highway division districts as existing on July 1, 2009;

(ix) For expenditure for highway field services and transportation support programs including, but not limited to, state police highway patrols and accident teams; and

(x) For any other expense of the department necessary to carry out its purposes.

SECTION 11. Section 3 of chapter 12 of the General Laws, as so appearing, is hereby amended by adding the following paragraph:--

The Massachusetts Turnpike Authority, or any successor in interest, shall enter into a memorandum of understanding with the attorney general through
which the authority shall provide payment to the attorney general of all
direct and indirect costs of the attorney general’s representation of the
authority, and the attorney general may retain and expend such funds without
further appropriation for the purpose of defraying such costs.

SECTION 12. Chapter 23 of the General Laws is hereby amended by striking
out section 11W, as so appearing, and inserting in place thereof the following
section:-

the division for an apprentice identification card. Such application shall be
accompanied by a $35 fee paid by the apprentice or the program sponsor,
together with photographic prints as required by the deputy director. The
apprentice identification card shall expire 1 year from the date of issue.
Application for renewal of such card shall be submitted to the division and
shall be accompanied by a fee of $35 paid by the apprentice or the program
sponsor. The funds shall be received by the state treasurer on behalf of the
commonwealth and deposited in a special trust account for the division and may
be expended, without further appropriation, under the direction of the deputy
director. An apprentice identification card shall contain the photograph of
the apprentice; the apprentice registration number or such other number as the
deputy director requires; the date on which the apprentice identification card
expires; the name and business address of the appropriate apprenticeship
committee or single employer sponsor; the steps of progression and related
dates applicable to the apprentice and the projected date on which the
apprentice is projected to complete the apprenticeship. As a condition of
apprenticeship, the apprentice shall keep the apprentice identification card
on his person during all hours of employment during the apprenticeship.

SECTION 13. The first paragraph of section 30 of chapter 23B of the
General Laws, as appearing in section 37 of chapter 4 of the acts of 2009, is
hereby amended by inserting after the second sentence the following sentence:-

said chapter 23B, as so appearing, is hereby further amended by striking out

reasons shall include, but not be limited to, that the funds were expended for necessary or reasonable costs of living such as rent, utilities, food, health related needs, education related expenses or transportation.

SECTION 15. The first sentence of the second subparagraph of paragraph (C) of said section 30 of said chapter 23B, as so appearing, is hereby amended by striking out the words “any benefits” and inserting in place thereof the following words: - any non-shelter benefits.

SECTION 16. Paragraph (F) of said section 30 of said chapter 23B, as so appearing, is hereby amended by striking out the third paragraph and inserting in place thereof the following paragraph: -

The department shall offer the person appealing the option to hold the hearing: (a) such that the hearing officer, person appealing and department representatives shall be in 1 location for the hearing and such location shall be convenient to the person appealing; (b) telephonically; or (c) through other available means such as videoconferencing. The person appealing shall have the right to choose among these options. No employee shall review, interfere with, change or attempt to influence any hearing decision by a hearing officer. The hearing manager shall be responsible for the training of hearing officers, scheduling of hearings and the compilation of decisions. The hearings manager may grant a request by the person appealing for a remand of the decision to the hearings officer who made the initial decision or another hearings officer for reconsideration of an initial decision. No excise shall be imposed if the sale is exempt under section 6 of chapter 64H. The vendor shall pay the local sales tax imposed under this section to the commissioner at the same time and in the same manner as the sales tax due to the commonwealth.

(b) All sums received by the commissioner under this section shall, at least quarterly, be distributed, credited and paid by the state treasurer upon certification of the commissioner to each city or town that has accepted this section in proportion to the amount of the sums received from the sales of restaurant meals in that city or town. Based on the criteria established in this section, the department shall recalculate the minimum required local contribution for a municipality’s local and regional schools and shall certify the amounts calculated to the department of elementary and secondary education.

(b) A city or town that used qualifying revenue amounts in a fiscal year which will not be available for use in the next fiscal year or that will be required to use revenues for extraordinary non-school-related expenses for which it did not have to use revenues in the preceding fiscal year, or that has an excessive certified municipal revenue growth factor which is also greater than or equal to 1.5 times the state average municipal revenue growth factor or whose fiscal year 2008 actual local contributions were lower than the amounts calculated in the one-time adjustment used pursuant to the fiscal year funding formula under chapter 70 of the General Laws, may appeal to the department of revenue not later than October 1, 2009, for an adjustment of its minimum required local contribution and net school spending.

(c) If a claim is determined to be valid, the department of revenue may reduce proportionately the minimum required local contribution amount based on the amount of shortfall in revenue or based on the amount of increase in extraordinary expenditures in the current fiscal year, but no adjustment to
the minimum required local contribution on account of an extraordinary expense in the budget for the fiscal year ending on June 30, 2010 shall affect the calculation of the minimum required local contribution in subsequent fiscal years. Qualifying revenue amounts shall include, but not be limited to, extraordinary amounts of free cash, overlay surplus and other available funds.

(d) If, upon submission of adequate documentation, the department of revenue determines that the municipality's claim regarding an excessive municipal revenue growth factor is valid, the department shall recalculate the municipal revenue growth factor and the department of elementary and secondary education shall use the revised growth factor to calculate the preliminary local contribution, the minimum required local contribution and any other factor that directly or indirectly uses the municipal revenue growth factor. Any relief granted as a result of an excessive municipal revenue growth factor shall be a permanent reduction in the minimum required local contribution.

(e) The board of selectmen in a town, the city council in a plan E city, the mayor in any other city, or a majority of the member municipalities of a regional school district, which used qualifying revenue amounts in a fiscal year that will not be available for use in the next fiscal year, may appeal to the department of revenue not later than October 1, 2009, for an adjustment to its net school spending requirement. If the claim is determined to be valid, the department of revenue shall reduce the net school spending requirement based on the amount of the shortfall in revenue and reduce the minimum required local contribution of member municipalities accordingly. Qualifying revenue amounts shall include, but not be limited to, extraordinary amounts of excess and deficiency, surplus and uncommitted reserves.

(f) If the regional school budget has already been adopted by two-thirds of the member municipalities then, upon a majority vote of the member municipalities, the regional school committee shall adjust the assessments of the member municipalities in accordance with the reduction in minimum required local contributions approved by the department of revenue or the department of elementary and secondary education in accordance with this section.

(g) Notwithstanding clause (14) of section 3 of chapter 214 of the General Laws or any other general or special law to the contrary, the amounts so determined pursuant to this section shall be the minimum required local contribution described in chapter 70 of the General Laws. The department of revenue and the department of elementary and secondary education shall notify the house and senate committees on ways and means and the joint committee on education of the amount of any reduction in the minimum required local contribution amount.

(h) If a city or town has an approved budget that exceeds the recalculated minimum required local contribution and net school spending amounts for its local school system or its recalculated minimum required local contribution to its regional school districts as provided by this section, the
local appropriating authority shall determine the extent to which the community shall avail itself of any relief authorized pursuant to this section.

(i) The amount of financial assistance due from the commonwealth in fiscal year 2010 pursuant to chapter 70 of the General Laws or any other law shall not be changed on account of any redetermination of the minimum required local contribution pursuant to this section.

(j) The department of revenue and the department of elementary and secondary education shall issue guidelines for their respective duties pursuant to this section.

The state board of retirement and each city, town, county and district shall verify these costs, subject to the rules adopted by the state treasurer. The state treasurer may make payments upon a transfer of funds to reimburse certain cities and towns for pensions to retired teachers, including any other obligations which the commonwealth has assumed on behalf of any retirement system other than the state employees’ or state teachers’ retirement systems and also including the commonwealth’s share of the amounts to be transferred pursuant to section 22B of said chapter 32 and the amounts to be transferred pursuant to clause (a) of the last paragraph of section 21 of chapter 138 of the General Laws. All payments for the purposes described in this section shall be made only pursuant to distribution of monies from the fund, and any distribution and the payments for which distributions are required shall be detailed in a written report filed quarterly by the secretary of the executive office for administration and finance with the house and senate committees on ways and means and the joint committee on public service in advance of this distribution. Distributions shall not be made in advance of the date on which a payment is actually to be made. The state board of retirement may expend an amount for the purposes of the board of higher education’s optional retirement program pursuant to section 40 of chapter 15A of the General Laws. To the extent that the amount
transferred pursuant to said subdivision (1) of said section 22C of said chapter 32 exceeds the amount necessary to adequately fund the annual pension obligations, the excess amount shall be credited to the Pension Reserves Investment Trust Fund, established by subdivision (8) of section 22 of said chapter 32, for the purpose of reducing the unfunded pension liability of the commonwealth.

SECTION 116. Notwithstanding any general or special law to the contrary, the executive office of health and human services, in this section called the executive office, acting in its capacity as the single state agency under Title XIX of the Social Security Act and as the principal agency for all of the agencies within the executive office and other federally-assisted programs administered by the executive office, may enter into interdepartmental services agreements with the University of Massachusetts Medical School to perform activities that the secretary, in consultation with the comptroller, determines are appropriate and within the scope of the proper administration of Title XIX and other federal funding provisions to support the programs and activities of the executive office. These activities may include: (1) providing administrative services including, but not limited to, activities such as providing the medical expertise to support or administer utilization management activities, determining eligibility based on disability, supporting case management activities and similar initiatives; (2) providing consulting services related to quality assurance, program evaluation and development, integrity and soundness and project management; and (3) providing activities and services for the purpose of pursuing federal reimbursement or avoiding costs, third party liability and recouping payments to third parties. Federal reimbursement for any expenditures made by the University of Massachusetts Medical School relative to federally-reimbursable services the university provides under these interdepartmental service agreements or other contracts with the executive office shall be distributed to the university and recorded distinctly in the state accounting system. The secretary may negotiate contingency fees for activities and services related to the purpose of pursuing federal reimbursement or avoiding costs and the comptroller shall certify these fees and pay them upon the receipt of this revenue, reimbursement or demonstration of costs avoided. Contracts for contingency fees shall not extend longer than 3 years and shall not be renewed without prior review and approval from the executive office for administration and finance. The secretary shall not pay contingency fees in excess of $40,000,000 for state fiscal year 2010; provided, however, that contingency fees paid to the University of Massachusetts Medical School under the terms of any interagency service agreement for recoveries related to the special disability workload projects shall be excluded from that $40,000,000 limit for fiscal year 2010. The secretary of the executive office shall submit to the secretary of the executive office for administration and finance and the senate and
house committees on ways and means a quarterly report detailing the amounts of the agreements, the ongoing and new projects undertaken by the university, the amounts spent on personnel and the amount of federal reimbursement and recoupment payments that the university collected.

For the purposes of this section, "alternative payment" shall mean a methodology that establishes an aggregate prospective payment to cover the total cost of a defined set of health care services provided by a hospital or hospital system, creating incentives for such providers to integrate services, manage costs and utilization and ensure high-quality care. In implementing any such alternative payment demonstration project, the secretary shall consider using information systems to monitor performance of the hospital or hospital system and apply measures of cost and quality. The secretary shall report to the house and senate committees on ways and means and the joint committee on health care financing 30 days prior to implementing said demonstration project: (1) the type of alternative payment system to be demonstrated; and (2) the projected costs associated with the implementation of said demonstration project.

SECTION 118. Notwithstanding any general or special law to the contrary, the nursing home assessment established by subsection (b) of section 25 of chapter 118G of the General Laws shall be sufficient in the aggregate to generate $220,000,000 in fiscal year 2010.

SECTION 119. (a) Notwithstanding any general or special law to the contrary, on or before October 1, 2009 and without further appropriation, the comptroller shall transfer from the General Fund to the Health Safety Net Trust Fund, established pursuant to section 36 of chapter 118G of the General Laws and in this subsection referred to as the fund, the greater of $45,000,000 or one-twelfth the total expenditures to hospitals and community health centers as required by subsection (b), for the purpose of making initial gross payments to qualifying acute care hospitals for the hospital fiscal year beginning October 1, 2009. These payments shall be made to hospitals before, and in anticipation of, the payment by hospitals of their gross liability to the fund. The comptroller shall transfer from the fund to the General Fund not later than June 30, 2010, the amount of the transfer authorized by this subsection and any allocation thereof as certified by the director of the health safety net office.

Not less than $591,685,136 shall be transferred from the General Fund to the Commonwealth Care Trust Fund. The hospital fiscal year 2010 payment amount to each hospital shall be funded by the Health Safety Net Trust Fund. Payments may be made either as safety net care payments under the commonwealth's 1115 waiver, or as an adjustment to Title XIX service rate payments, or a combination thereof. The executive office of health and human services and the health safety net office may use other federally permissible funding mechanisms available for public service hospitals, as defined in 114.1 CMR 36.02, to reimburse up to $70,000,000 of uncompensated care at the hospitals using sources distinct from the funding made available to the Health Safety Net Trust Fund. The schedule shall provide for transfers in increments considered appropriate to meet the cash flow needs of these funds. The transfers shall not begin before July 1, 2009 and shall be completed on or before June 30, 2010. The secretary of administration and finance, in consultation with the secretary of health and human services and the executive director of the commonwealth health insurance connector, shall on a quarterly basis evaluate the revenue needs of the health safety net program funded by the Health Safety Net Trust Fund and the Commonwealth Care subsidized health insurance program funded from the Commonwealth Care Trust Fund, and if necessary, transfer monies between these funds for the purpose of ensuring that sufficient revenues are available to support projected program expenditures. The secretary of health and human services in consultation with the secretary of administration and finance and the executive director of the commonwealth health insurance connector, shall submit a quarterly report to the house and senate committees on ways and means and joint committee on healthcare financing which shall include, but not be limited to, the projected and actual expenditures and revenues for the Commonwealth Care Trust Fund and any transfers made between the Health Safety Net Trust Fund and the Commonwealth Care Trust Fund.

(c) Notwithstanding any general or special law to the contrary, the comptroller shall, in consultation with the office of the state treasurer, the executive office of administration and finance and the executive office of health and human services, develop a schedule and make a series of transfers not to exceed $399,000,000 from the General Fund to the MassHealth provider payment account in the Medical Assistance Trust Fund, established pursuant to section 20QQ of chapter 29 of the General Laws, if the comptroller has determined that General Fund revenues are sufficient to accommodate the schedule of transfers. These funds may be expended only for services provided during state or federal fiscal year 2010, and no amounts previously or subsequently transferred into the Medical Assistance Trust Fund may be expended on payments described in the 1115 demonstration waiver for services provided during state fiscal year 2010 or payments described in the state plan.

All payments from the Medical Assistance Trust Fund shall be subject to the availability of federal financial participation, shall be made only in accordance with federally-approved payment methods, shall be consistent with federal funding requirements and all federal payment limits as determined by the secretary of health and human services, and shall be subject to the terms and conditions of an agreement with the executive office of health and human services. Any increase in payment made from the trust fund totaling an amount greater than $251,000,000 in fiscal year 2010 shall be made only after the secretary of health and human services certifies that any increase in payments from the trust fund shall not exceed the negotiated limit for section 1115 waiver spending. The secretary of health and human services shall notify, in writing, the house and senate committees on ways and means and the house and the joint committee on healthcare financing for any increases in payments within 15 days. The secretary of the executive office of health and human services shall make a payment of up to $265,000,000 from the Medical Assistance Trust Fund to the Cambridge public health commission for dates of service in state and federal fiscal year 2010 only after the Cambridge public health commission transfers up to $106,000,000 of its funds to the Medical Assistance Trust Fund, using a federally permissible source of funds which shall fully satisfy the nonfederal share of such payment. Notwithstanding any provision to the contrary, for state and federal fiscal year 2010, such payment to the Cambridge public health commission from this fund may include an amount up to $20,000,000 for which no intergovernmental transfer is required, but for which federal financial participation is otherwise available.

For enrollees who qualify for enrollment in a Medicare Part D plan, the prescription advantage program shall provide a supplemental source of financial assistance for prescription drug costs, hereinafter referred to as “supplemental assistance,” in lieu of the catastrophic prescription drug coverage provided pursuant to said section 39 of said chapter 19A. The prescription advantage program shall provide supplemental assistance to eligible individuals enrolled in a Medicare prescription drug plan, Medicare Advantage prescription drug plan, or a plan offering creditable coverage, and may do so to assist with premiums, deductibles, payments or co-payments that are required by such plans. The executive office shall establish the amount of the supplemental assistance to be provided to enrollees based on a sliding income scale and the coverage provided by the enrollees’ Medicare prescription drug plan, Medicare Advantage prescription drug plan or creditable coverage plan. In addition to the eligibility requirements set forth in said section 39 of said chapter 19A, to be considered eligible for the prescription advantage program, an individual shall have a household income of less than 500 per cent
