DELAWARE STATE SENATE

146th GENERAL ASSEMBLY

SENATE BILL NO. 17

AN ACT TO AMEND TITLE 16 OF THE DELAWARE CODE CREATING THE DELAWARE
MEDICAL MARIJUANA ACT.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF
DELAWARE:

Section 1. Amend Title 16 of the Delaware Code by adding a new Chapter 49A
to read as follows:

“Chapter 49A. The Delaware Medical Marijuana Act

§4901A. Findings.

(a) Marijuana's recorded use as a medicine goes back nearly 5,000 years. Modern medical research has confirmed the beneficial uses for marijuana in treating or alleviating the pain, nausea, and other symptoms associated with a variety of debilitating medical conditions, including cancer, multiple sclerosis, and HIV/AIDS, as found by the National Academy of Sciences' Institute of Medicine in March 1999.

(b) Studies published since the 1999 Institute of Medicine report have continued to show the therapeutic value of marijuana in treating a wide array of debilitating medical conditions. These include relief of the neuropathic pain caused by multiple sclerosis, HIV/AIDS, and other illnesses that often fails to respond to conventional treatments and relief of nausea, vomiting, and other side effects of drugs used to treat HIV/AIDS and hepatitis C, increasing the chances of patients continuing on life-saving treatment regimens. Specifically, in February 2010, the Center for Medicinal Cannabis Research released a lengthy report that summarized 15 recent studies clearly demonstrating marijuana's medical efficacy for a broad range of conditions. These studies, many of which were double blind, placebo-controlled trials, included neuropathic pain trials published in the Journal of Pain, Neuropsychopharmacology and Neurology, a study on the analgesic efficacy of smoked marijuana published in Anesthesiology, a study on the mechanisms of cannabinoid analgesia in rats published in Pain, and a study on vaporization as a "smokeless" marijuana delivery system published in Clinical Pharmacology & Therapeutics.

(c) Marijuana has many currently accepted medical uses in the United States, having been recommended by thousands of licensed physicians to at least 350,000 patients in states with medical marijuana laws. Marijuana's medical utility has been recognized by a wide range of medical and public health organizations, including the American Academy of HIV Medicine, the American College of Physicians, the American Nurses Association, the American Public Health Association and the Leukemia & Lymphoma Society.

(d) Data from the Federal Bureau of Investigation's Uniform Crime Reports and the Compendium of Federal Justice Statistics show that approximately 99 out of every 100 marijuana arrests in the U.S. are made under state law, rather than under federal law. Consequently, changing state law will have the practical effect of protecting from arrest the vast majority of seriously ill patients who have a medical need to use marijuana.

(e) Alaska, California, Colorado, the District of Columbia, Hawaii, Maine, Michigan, Montana, Nevada, New Mexico, New Jersey, Oregon, Vermont, Rhode Island, and Washington have removed state-level criminal penalties from the medical use of marijuana. Delaware joins in this effort for the health and welfare of its citizens.

(f) States are not required to enforce federal law or prosecute people for engaging in activities prohibited by federal law. Therefore, compliance with this act does not put the state of Delaware in violation of federal law.

(g) State law should make a distinction between the medical and non-medical uses of marijuana. Hence, the purpose of this act is to protect patients with debilitating

medical conditions, as well as their physicians and providers, from arrest and prosecution, criminal and other penalties, and property forfeiture if such patients engage in the medical use of marijuana.

jurisdictions shall not be subject to prosecution; search or inspection, except by the Department pursuant to §4919A(u); seizure; or penalty in any manner or be denied any right or privilege, including but not limited to civil penalty or disciplinary action by a court or business licensing board or entity, for providing marijuana seeds to registered compassion centers.

(l) Any marijuana, marijuana paraphernalia, licit property, or interest in licit property that is possessed, owned, or

used in connection with the medical use of marijuana as allowed under this chapter, or acts incidental to such use, shall not be seized or forfeited. (m) Mere possession of, or application for, a registry identification card or registration certificate shall not

constitute probable cause or reasonable suspicion, nor shall it be used to support the search of the person, property, or home of the person possessing or applying for the registry identification card. The possession of, or application for, a registry identification card shall not preclude the existence of probable cause if probable cause exists on other grounds.

(n) For the purposes of Delaware state law, the medical use of marijuana by a cardholder or registered compassion

center shall be considered lawful as long as it is in accordance with this chapter.

(o) Where a state-funded or locally funded law enforcement agency encounters an individual who, during the

course of the investigation, credibly asserts that he or she is a registered cardholder, or encounters an entity whose personnel credibly assert that it is a registered compassion center, the law enforcement agency shall not provide any information from any marijuana-related investigation of the person to any law enforcement authority that does not recognize the protection of this chapter and any prosecution of the individual, individuals, or entity for a violation of this chapter shall be conducted pursuant to the laws of this state.

§4904A. Limitations.

(a) This chapter shall does not authorize any person to engage in, and does not prevent the imposition of any civil,

criminal, or other penalties for engaging in, the following conduct:

(4) Operating, navigating, or being in actual physical control of any motor vehicle, aircraft, or motorboat while under the influence of marijuana, except that a registered qualifying patient or visiting qualifying patient shall not be considered to be under the influence of marijuana solely because of the presence of metabolites or components of marijuana that appear in insufficient concentration to cause impairment.

(5) Using marijuana if that person does not have a serious or debilitating medical condition.

(6) Transferring marijuana to any person who is not allowed to possess marijuana under this act.

§4905A. Discrimination Prohibited.

(a) (1) No school or landlord may refuse to enroll or lease to, or otherwise penalize, a person solely for his or her status as a registered qualifying patient or a

registered designated caregiver, unless failing to do so would cause the school or landlord to lose a monetary or licensing-related benefit under federal law or regulations.

(2) For the purposes of medical care, including organ transplants, a registered qualifying patient's authorized use of marijuana in accordance with this chapter shall be considered the equivalent of the authorized use of any other medication used at the direction of a physician, and shall not constitute the use of an illicit substance or otherwise disqualify a qualifying patient from needed medical care.

(3) Unless a failure to do so would cause the employer to lose a monetary or licensing-related benefit under federal law or federal regulations, an employer may not discriminate against a person in hiring, termination, or any term or condition of employment, or otherwise penalize a person, if the discrimination is based upon either of the following:

- a. The person's status as a cardholder; or
- b. A registered qualifying patient's positive drug test for marijuana components or metabolites, unless the patient used, possessed, or was impaired by marijuana on the premises of the place of employment or during the hours of employment.

(b) A person otherwise entitled to custody of or visitation or parenting time with a minor shall not be denied such a right, and there shall be no presumption of neglect or

child endangerment, for conduct allowed under this chapter, unless the person's actions in relation to marijuana were such that they created an unreasonable danger to the safety of the minor as established by clear and convincing evidence.

(c) No school, landlord, or employer may be penalized or denied any benefit under state law for enrolling, leasing to, or employing a cardholder.

§4906A. Addition of Debilitating Medical Conditions.

Any citizen may petition the Department to add conditions or treatments to the list of debilitating medical conditions listed in §4902A(c). The Department shall consider petitions in the manner required by Department regulation, including public notice and hearing. The Department shall approve or deny a petition within 180 days of its submission. The approval or denial of any petition is a final decision of the Department subject to judicial review. Jurisdiction and venue are vested in the Superior Court.

§4907A. Acts Not Required, Acts Not Prohibited.

(a) Nothing in this chapter requires:

(1) a government medical assistance program or private health insurer to reimburse a person for costs associated with the medical use of marijuana;

(2) any person or establishment in lawful possession of property to allow a guest, client, customer, or other visitor to smoke marijuana on or in that property;

or

(3) an employer to allow the ingestion of marijuana in any workplace or to allow any employee to work while under the influence of marijuana, except that a registered qualifying patient shall not be considered to be under the influence of marijuana solely because of the presence of metabolites or components of marijuana that appear in insufficient concentration to cause impairment.

(b) Nothing in this chapter prohibits an employer from disciplining an employee for ingesting marijuana in the workplace or working while under the influence of marijuana.

(c) Nothing in this act shall be construed to prevent the arrest or prosecution of a registered qualifying patient for reckless driving or driving under the influence of marijuana where probable cause exists.

§4908A. Registration of Qualifying Patients and Designated Caregivers.

(a) The Department shall issue registry identification cards to qualifying patients who submit the following, in accordance with the Department's regulations:

(1) a written certification issued by a physician within 90 days immediately preceding the date of an application, except that in the case of a visiting qualifying patient, the visiting qualifying patient shall submit a copy of the visiting qualifying patient's registry identification card or its equivalent that was issued pursuant to the laws of the jurisdiction of the person's residence, proof of residency in the jurisdiction where the registry identification card or its

equivalent was issued; and a certification by the visiting qualifying patient's physician that he or she has a debilitating qualifying condition;

(2) the application or renewal fee;

(4) the name, address, and telephone number of the qualifying patient's physician; and

(5) the name, address, and date of birth of the designated caregiver, if any, chosen by the qualifying patient, except that a visiting qualifying patient shall not have a designated caregiver;

(8) a signed statement from the designated caregiver, if any, agreeing to be designated as the patient's designated caregiver and pledging not to divert marijuana to anyone who is not allowed to possess marijuana pursuant to this chapter.

(b) The application for qualifying patients' registry identification cards shall ask whether the patient would like the Department to notify him or her of any clinical studies needing human subjects for research on the medical use of marijuana. The Department shall notify interested patients if it is notified of studies that will be conducted in the United States.

§4909A. Issuance of Registry Identification Cards.

(1) did not provide the required information and materials;

(2) previously had a registry identification card revoked; or

(3) provided false or falsified information.

(b) The Department shall deny an application or renewal for a designated caregiver chosen by a qualifying patient whose registry identification card was granted only if:

(3) the designated caregiver previously had a registry identification card revoked; or

(4) the applicant or the designated caregiver provides false or falsified information.

(c) The Department shall conduct a background check of the prospective designated caregiver in order to carry out this provision.

(d) The Department shall notify the qualifying patient who has designated someone to serve as his or her designated caregiver if a registry identification card will not be issued to the designated caregiver.

(e) Denial of an application or renewal is considered a final Department action, subject to judicial review. Jurisdiction and venue for judicial review are vested in the Superior Court.

(a) Registry identification cards shall contain all of the following:

(3) If the patient is a visiting qualifying patient whose permission to use medical marijuana in the person's home jurisdiction would expire sooner than one year after the issuance date, then the registry identification card shall expire on the date their home jurisdiction documentation would expire.

(c) The Department may, at its discretion, electronically store in the card all of the information listed in subsection (a), along with the address and date of birth of the cardholder, to allow it to be read by law enforcement agents.

§4912A. Notifications to Department and Responses; Civil Penalty.

(a) The following notifications and Department responses are required:

(2) A registered designated caregiver shall notify the Department of any change in his or her name or address, or if the designated caregiver becomes aware the qualifying patient passed away, within 10 days of the change.

(3) Before a registered qualifying patient changes his or her designated caregiver, the qualifying patient must notify the Department.

(4) If a cardholder loses his or her registry identification card, he or she shall notify the Department within 10 days of becoming aware the card has been lost.

(b) When a cardholder notifies the Department of items listed in subsection (a), but remains eligible under this chapter, the Department shall issue the cardholder a new registry identification card with a new random 10-digit alphanumeric identification number within 10 days of receiving the updated information and a \$20 fee. If the person notifying the Department is a registered qualifying patient, the Department shall also issue his or her registered designated caregiver, if any, a new registry identification card within 10 days of receiving the updated information.

(c) If a registered qualifying patient ceases to be a registered qualifying patient or changes his or her registered designated caregiver, the Department shall promptly notify the designated caregiver. The registered designated caregiver's protections under this chapter as to that qualifying patient shall expire 15 days after notification by the Department.

(d) A cardholder who fails to make a notification to the Department that is required by this section is subject to a civil infraction, punishable by a penalty of no more than \$150.

(e) A registered qualifying patient shall notify the Department before changing his or her designated registered compassion center and pay a \$20 fee. The Department must, within thirty (30) business days of receiving the notification, update the registered qualifying patient's entry in the identification registry system to reflect the change in designation and notify the patient that the change has been processed.

(f) If the registered qualifying patient's certifying physician notifies the Department in writing that either the registered qualifying patient has ceased to suffer from a debilitating medical condition or that the physician no longer believes the patient would receive therapeutic or palliative benefit from the medical use of marijuana, the card shall become null and void. However, the registered qualifying patient shall have 15 days to dispose of his or her marijuana or give it to a registered compassion center where nothing of value is transferred in return.

§4913A. Affirmative Defense and Dismissal for Medical Marijuana.

(a) Except as provided in §4904A and this section, an individual may assert a medical purpose for using marijuana as a defense to any prosecution of an offense involving marijuana intended for the patient's medical use, and this defense shall be presumed valid and the prosecution shall be dismissed where the evidence shows that:

(1) A physician states that, in the physician's professional opinion, after having completed a full assessment of the individual's medical history and current medical condition made in the course of a bona fide physician-patient relationship, the patient is likely to receive therapeutic or palliative benefit from marijuana to treat or alleviate the individual's serious or debilitating medical condition or symptoms associated with the individual's serious or debilitating medical condition; and

(2) The individual was in possession of no more than six ounces of usable marijuana; and

(3) The individual was engaged in the acquisition, possession, use, or transportation of marijuana, paraphernalia, or both, relating to the administration of marijuana to treat or alleviate the individual's serious or debilitating medical condition or symptoms associated with the individual's serious or debilitating medical condition.

(b) The defense and motion to dismiss shall not prevail if the prosecution proves that

(1) the individual had a registry identification card revoked for misconduct; or

(2) the purposes for the possession of marijuana were not solely for palliative or therapeutic use by the individual with a serious or debilitating medical condition who raised the defense.

(c) An individual is not required to possess a registry identification card to raise the affirmative defense set forth in this section.

(d) If an individual demonstrates the individual's medical purpose for using marijuana pursuant to this section, except as provided in §4919A, the individual shall not be subject to the following for the individual's use of marijuana for medical purposes:

(1) disciplinary action by an occupational or professional licensing board or bureau; or

(2) forfeiture of any interest in or right to non-marijuana, licit property.

§4914A. Registration of Compassion Centers.

(a) Compassion centers may only operate if they have been issued a valid registration certificate from the Department. When applying for a compassion center registration certificate, the applicant shall submit the following in accordance with Department regulations:

(1) A non-refundable application fee in an amount determined by the Department's regulations.

(2) The proposed legal name of the compassion center.

(3) The proposed physical address of the compassion center and the proposed physical address of any additional locations, if any, where marijuana will be cultivated, harvested, packaged, labeled, or otherwise prepared for distribution by the compassion center.

(4) The name, address, and date of birth of each principal officer and board member of the compassion center, provided that all such individuals shall be at least 21 years of age.

(5) Any instances in which a business or not-for-profit that any of the prospective board members managed or served on the board of was convicted, fined, censured, or had a registration or license suspended or revoked in any administrative or judicial proceeding.

SYNOPSIS

This legislation is based on the Marijuana Policy Project's model medical marijuana legislation. The Bill creates an exception to a state's criminal laws to permit the doctor-recommended medical use of marijuana by patients with serious medical conditions. A patient would only be protected from arrest of controlled substance laws if his or her physician certifies, in writing, that the patient has a specified debilitating medical condition and that the patient would receive therapeutic benefit from medical marijuana. The patient would send a copy of the written certification to the state Department of Health and Social Services and the Department would issue an ID card after verifying the information. Police officers could verify an ID card's validity with the Department. As long as the patient is in compliance with the law, there would be no arrest.

Patients would be allowed to possess up to 6 ounces for their medical use. Six ounces is less than the federal government has determined is a one-month supply for patients in the Compassionate Investigational New Drug Program.

The legislation allows them to designate a caregiver who would also receive an ID card. Each caregiver may assist no more than five qualifying patients.

The legislation would allow for the state-regulated, non-profit distribution of medical marijuana. The Department of Health and Social Services would issue registration certificates to qualified applicants, who would have to abide by the rules on security, recordkeeping, and oversight provided for by the model medical marijuana legislation, in addition to any additional rules that the Department may develop. All dispensaries would be subject to random inspection and all of their staff would have to register with the Department of health. It is important that the law provide for both caregivers and dispensaries, since patients in rural areas are unlikely to have access to dispensaries, and because many low-income patients will not be able to afford medical marijuana at dispensaries. In addition, very ill patients would need a caregiver to pick up their medicine for them.

The Bill maintains commonsense restrictions on the medical use of marijuana, including prohibitions on public use of marijuana and driving under the influence of marijuana. Employers are

not required to allow patients to be impaired at work or to allow the possession of marijuana at a workplace. Insurance providers would not have to cover medical marijuana.
