

20111738er

1
2 An act relating to state financial information;
3 creating s. 215.922, F.S.; establishing the Agency for
4 Enterprise Business Services within the Department of
5 Management Services; providing that the office is a
6 separate budget entity not subject to the department;
7 providing an executive director appointed by the
8 Governor, confirmed by the Cabinet, and subject to
9 confirmation by the Senate; providing for an executive
10 director; providing the duties of the agency;
11 providing an effective date.
12

13 Be It Enacted by the Legislature of the State of Florida:
14

15 Section 1. Section 215.922, Florida Statutes, is created to
16 read:

17 215.922 Agency for Enterprise Business Services.—The Agency
18 for Enterprise Business Services is created within the
19 Department of Management Services.

20 (1) The head of the agency shall be the Governor and
21 Cabinet.

22 (2) The agency is a separate budget entity and is not
23 subject to control, supervision, or direction by the Department
24 of Management Services, including, but not limited to,
25 purchasing, transitions involving real or personal property,
26 personnel, or budgetary matters.

27 (3) The agency shall have an executive director who is the
28 Enterprise Financial Business Operations Officer. The officer
29 shall be appointed by the Governor with at least three

20111738er

affirmative votes of the Governor and Cabinet, subject to confirmation by the Senate. The officer serves at the pleasure of the Governor and Cabinet. The Governor may appoint an interim director until an executive director is appointed by the Governor and confirmed by the Cabinet.

(4) The agency shall have the following duties and responsibilities:

(a) Develop and submit an Enterprise Financial Business Strategic Plan to the Governor and Cabinet, the President of the Senate, and the Speaker of the House of Representatives by December 1, 2012. The plan must include, but not be limited to, the following:

1. An inventory of all agency financial business systems that are maintained by executive branch agencies. At a minimum the inventory must include the following:

a. The name of each system, the number of end users who must use the system to perform their job functions, and the associated financial business processes and a description of the system functionality that supports these processes.

b. The total cost of operating and maintaining each agency financial business system on a fiscal-year basis. The total cost calculation must, at a minimum, include staffing requirements, hardware and software costs, and contracted services and external service provider costs.

c. A description of any projects and enhancements planned or underway for each agency financial business system for the 2011-2012 and 2012-2013 fiscal years.

d. Any state or federal laws that require the implementation and use of the agency financial business system.

20111738er

59 2. Identification of and recommendations relating to the
60 financial business functions that should be standardized and
61 proposed as enterprise financial business functions. For
62 purposes of this identification, an enterprise financial
63 business function is a function that is currently common or
64 should be common among multiple state agencies.

65 3. An assessment of whether any agency financial business
66 systems should be considered for inclusion in the Florida
67 Financial Management Information System. For purposes of this
68 assessment, in order for an agency financial business system to
69 be considered for inclusion in the system it must:

70 a. Provide financial and administrative data and
71 information or functionality that is essential to a statewide
72 financial operation.

73 b. Provide a financial business service that the agency
74 recommends should be an enterprise financial business service.

75 c. Provide financial data, information, or functionality
76 that is not partially or completely duplicated by a subsystem
77 identified in s. 215.94.

78 d. Demonstrate that the agency financial business system's
79 financial data, information, or functionality can be provided in
80 a cost-effective manner.

81 4. The status of projects currently underway that affect
82 agency financial business systems and the subsystems of the
83 Florida Financial Management Information System.

84 5. The total cost of operating and maintaining each
85 subsystem of the Florida Financial Management Information System
86 pursuant to s. 215.94 on a fiscal-year basis, the staff required
87 for operation and maintenance of each subsystem, the number of

20111738er

88 end users who must use the subsystem to perform their job
89 functions, and federal law specifically requiring the
90 implementation of the subsystem.

91 6. Recommendations for modifications and enhancements to
92 the Florida Financial Management Information System which should
93 include projects proposed to replace or enhance its subsystems
94 and the decommissioning of any agency financial business
95 systems. Recommendations must include, but not be limited to:

96 a. A description of the enterprise financial business
97 services that should be provided by the Florida Financial
98 Management Information System. The description must be
99 sufficient to determine the functionality that will be provided
100 by the system and to identify which agency financial business
101 system services should be incorporated as enterprise financial
102 business services;

103 b. A proposal of the agency financial business systems that
104 should be considered for inclusion in the Florida Financial
105 Management Information System;

106 c. Major initiatives and implementation strategies
107 necessary to achieve the recommendations;

108 d. The proposed standardization of state financial data
109 elements and codes and recommended changes to ensure the use of
110 common data codes by the subsystems;

111 e. Proposals to eliminate specific impediments to achieving
112 the standardized enterprise financial business services;

113 f. Proposed substantive and fiscal changes necessary to
114 implement the recommended changes to the Florida Financial
115 Information Management System; and

116 g. Proposed governance structure changes to the Florida

20111738er

Financial Management Board and its coordinating council.

(b) Provide assistance to the Chief Financial Officer in the recommendation of a uniform chart of accounts.

(c) Serve as a clearinghouse for enterprise information relating to the planning, development, implementation, and evaluation of improvements to enterprise financial business services.

(d) Develop and submit to the Governor and Cabinet, the President of the Senate, and the Speaker of the House of Representatives by December 1, 2012, recommendations for revisions to the Florida Financial Management Information Systems Act.

Section 2. This act shall take effect July 1, 2011.
