The purpose of the valuation shall be to determine the effect of investment, salary, and payroll experience on the unfunded liability, the amortization period, and the state contribution rate which results in a 30-year amortization period of the Retirement System.
4. **State Contribution to Employees Retirement Program.**
- a. The amount specified above in A.1.1, Retirement Contributions, is based on a state contribution of 6.5 percent of payroll in fiscal year 2014 and 7.5 percent of payroll in fiscal year 2015, including annual membership fees of \$3 for contributing members for each fiscal year.

EMPLOYEES RETIREMENT SYSTEM

(Continued)

- b. Contingent on enactment of SB 1459, or similar legislation relating to contributions to, benefits from, and programs administered by the Employees Retirement System of Texas, by the Eighty-third Legislature, Regular Session, 2013, an amount not to exceed \$57,226,353 out of unexpended balances from estimated appropriations in Strategy A.1.1, Retirement Contributions, and in B.1.1, Group Insurance, are appropriated to Strategy A.1.1, Retirement Contributions, to increase the state contribution rate for retirement in fiscal year 2014 up to 7.5 percent of payroll. Any General Revenue funds out of unexpended balances in excess of the amount required to provide for a state contribution rate of 7.5 percent in fiscal year 2014 are appropriated for deposit to the Employees Life, Accident, and Health Insurance and Benefits Fund.
 - c. Notwithstanding the state rate for retirement contributions established in subsection (a) above and contingent on passage and enactment of SB 1459, the state contribution rate for fiscal year 2014 shall be established at a rate not to exceed 7.5 percent of payroll or a lesser amount corresponding to the level of funding available for this purpose, but no less than 6.5 percent, as determined by the Employees Retirement System. The Employees Retirement System shall submit the state contribution rate determined under this subsection to the Legislative Budget Board and the Governor's Office for approval prior to expenditure of funds.
 - d. Notwithstanding subsection (a) of this provision, should SB 1459 fail to pass or be enacted, any unexpended balances from estimated appropriations in Strategy A.1.1, Retirement Contributions, and in B.1.1, Group Insurance, for fiscal year 2013 are appropriated for deposit to the Employees Life, Accident, and Health Insurance and Benefits Fund, and the state contribution rate shall be established at 6.5 percent of payroll for fiscal year 2014 and fiscal year 2015.
5. **State Contribution to Judicial Retirement Program (JRS-2).** The amount specified above in A.1.3, Judicial Retirement System - Plan 2, is based on a state contribution of 15.663 percent of payroll for each fiscal year of the 2014-15 biennium for contributing members.
6. **State Contribution to Group Insurance for General State Employees.** Funds identified above for group insurance are intended to fund:
- a. the total cost of the basic life and health coverage for all active and retired employees;
 - b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children; and
 - c. the incentive program to waive participation in the Group Benefits Plan (Opt-Out).

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

During each fiscal year, the state's monthly contribution shall be determined by multiplying (1) the per capita monthly contribution as certified herein by (2) the total number of full-time active and retired employees, subject to any adjustment required by statute, enrolled for coverage during that month.

For each employee or retiree that waives participation in the Group Benefit Plan and enrolls in allowable optional coverage, the Employees Retirement System shall receive \$60 per month in lieu of the "employee-only" state contribution amount, and such amounts are included above in Strategy B.1.1, Group Insurance. The waived participant may apply up to \$60 per month towards the cost of the optional coverage.

Each year, upon adoption of group insurance rates by the Board of Trustees, Employees Retirement System must notify the Comptroller, the Legislative Budget Board, and the Governor of the per capita monthly contribution required in accordance with this rider for each full-time active and retired employee enrolled for coverage during the fiscal year.

EMPLOYEES RETIREMENT SYSTEM (Continued)

It is the intent of the Legislature that the Employees Retirement System control the cost of the group insurance program by not providing rate increases to health care providers participating in HealthSelect during the 2014-15 biennium.

7. **Excess Benefit Arrangement Account.** There is hereby appropriated to the Employees Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue-Dedicated Account No. 5039, for the purpose of paying benefits as authorized by Government Code §815.5072.
8. **Transfer of Retirement Contributions and Group Insurance.** Appropriations made in this and other articles of this Act for Retirement and Group Insurance contributions shall be transferred by each agency from the Employees Retirement System to the agency based on estimated amounts by funding source for each fiscal year. Transfers should be made no later than September 15 of the year in which the payments are to be made. Adjustments and return of excess appropriation authority to the Employees Retirement System shall be completed by October 30 of the subsequent fiscal year.
9. **Federal Funds for Medicare Part D Prescription Drug Program.** The Employees Retirement System (ERS) is hereby authorized to receive employer reimbursements of all federal funds applicable to Medicare Part D prescription drug reimbursement relating to benefits administered by ERS. Any federal funds received by ERS shall be deposited to the Employees Life, Accident and Health Insurance and Benefits Fund No. 973, or to such fund as established by the Legislature or the State Comptroller of Public Accounts to pay health claims for retired employees.
10. **Appropriations for the Deferred Compensation Trust Fund and the TexaSaver Trust Fund.** All money deposited into the Deferred Compensation Trust Fund, Employees Retirement System No. 0945 and the TexaSaver Trust Fund No. 0946 pursuant to §609.512 Government Code are hereby appropriated to the system for the 2014-15 biennium for the purposes authorized by law.
11. **Tobacco User Monthly Premium Fee.** The Employees Retirement System, pursuant to the provisions of Government Code §1551.3075, shall automatically apply a \$30 monthly tobacco user fee to any individual aged 18 or older covered under the state health plan unless the individual, during the individual's enrollment period, certifies that the individual does not use tobacco. The Comptroller of Public Accounts shall deposit revenue from the fee (estimated to be \$7,906,000 in fiscal year 2014 and \$8,046,000 in fiscal year 2015) into the Employees Life, Accident, Health Insurance and Benefits Trust Account.
12. **State Contribution to the Law Enforcement and Custodial Officer Supplemental Retirement Fund (LECOS).** The amount specified above in A.1.2 Law Enforcement and Custodial Officer Supplemental Retirement Fund (LECOS), is based on 0.5 percent of covered payroll each fiscal year of the 2014-15 biennium for LECOS members.
13. **Life and Disability Insurance and Education.** Funds appropriated by this Act may be used by the Employees Retirement System to provide additional education to state employees on life and disability insurance plans, including the benefits, limitations and exclusions for coverage, and integration with other income sources and benefits. The Employees Retirement System may consider using publications, online webinar presentations, and in person presentations to ensure information is relayed to state employees. Information related to limitations, exclusions and integration with other benefits should be posted directly on the agency's website.
14. **Basic Life and Health Coverage.** Out of funds appropriated elsewhere in this Act for Group Insurance, the Employees Retirement System (ERS) shall use simulation modeling or similar methods to project the effects of making basic life and basic health plans available to members. The model shall identify and consider premiums for basic coverage for both members and dependents, the applicability of the Affordable Care Act, potential implications to the plans' actuarial soundness, and how a basic plan option would affect enrollment and related risk pools in the group insurance plans. ERS shall provide a report to the Legislature no later than September 1, 2014 addressing the above as well as any necessary changes to statute to provide basic life and health coverage as modeled.

in fiscal year 2015 to implement the provisions of the legislation. The "Number of Full-Time Equivalents (FTE)" in the agency's bill pattern is increased by 1.0 FTE in fiscal year 2014 and 1.0 FTE in fiscal year 2015.

- 40. Rate Increases for Foster Care Providers.** Included in the amounts appropriated above in strategy B.1.11, Foster Care Payments, is \$30,500,000 in General Revenue Funds for the 2014-15 biennium in order for the Department of Family and Protective Services (DFPS) to develop and implement targeted rate increases for certain foster care providers and \$4,500,000 in General Revenue Funds for the 2014-15 biennium for add-on rates that will be developed during fiscal year 2014 and implemented effective September 1, 2014. In determining which of the existing provider rates to increase, DFPS shall consider the ability of the provider to:

- a. increase capacity;
- b. increase access in geographically underserved areas; and
- c. any other criteria deemed appropriate.

Add-on rates should:

- a. incentivize certain quality improvements for children in foster care; and
- b. prioritize CPAs with higher rates of placement of sibling groups of 3 or more.

DFPS should review and monitor performance of contractors receiving add-on rates by looking at measures such as acceptance of referrals, time in placement, discharge into a less restrictive setting, maintenance of all siblings in the same foster home, and child well-being.

The department may not implement rate increases and/or add-ons as outlined above without the prior written approval of the Legislative Budget Board. The written request shall include the agency's plan for addressing capacity issues and improved outcomes and indicate the targeted allocation for the rate increases.

- 41. Exempt Salary for the Commissioner of the Department of Family and Protective Services.** The annual compensation for the individual occupying the position of Commissioner of the Department of Family and Protective Services on September 1, 2013 shall be \$210,000. Notwithstanding the rate listed in the Department's "Schedule of Exempt Positions," the annual salary for any other individual subsequently occupying that exempt position may not exceed \$168,000.

The Health and Human Services Commission shall use the sums transferred from state owned hospitals as provided elsewhere in the Act as necessary to apply for appropriate matching Federal Funds and to provide the state's share of disproportionate share payments and uncompensated care payments authorized under the federal Healthcare Transformation and Quality Improvement Waiver, excluding payments for physicians, pharmacies, and clinics, due to state-owned hospitals. Any amounts of such transferred funds not required for these payments shall be deposited by the Health and Human Services Commission to the General Revenue Fund as unappropriated revenue.

Transfers may not be made from appropriation items in Goal C to appropriation items in other goals without prior written approval from the Legislative Budget Board and the Governor.  - (3) **Other Goals.** Funds appropriated by this Act to the Health and Human Services Commission (HHSC) in Goals A, D, E, F, and G may be transferred from one appropriation item to another appropriation item within or between Goals A, D, E, F, and G in amounts not to exceed 25 percent of the originating appropriation item's All Funds amount for the fiscal year. HHSC shall provide notification of all transfers pursuant to subsection (b) of this provision.
- b. **Notification Regarding Transfers that Do not Require Approval.** Authority granted by this provision to transfer funds is contingent upon a written notification from HHSC to the Legislative Budget Board and the Governor at least 30 days prior to the transfer, which includes the following information:

A transfer request shall be considered to be disapproved unless the Legislative Budget Board and the Governor issue written approvals within 45 calendar days of receipt of the request.

- d. **Transfers into Items of Appropriation.** Transfers may be made from any appropriation item to the appropriation items in section (a), subject to the limitations established in section (a) for each appropriation item.
- e. **Cost Pools.** Notwithstanding the above limitations, transfers may be made from Medicaid and CHIP appropriation items (Goals B and C) to separate accounts authorized by agency rider and established by the State Comptroller for payment of certain support costs not directly attributable to a single program.

All funding used in this manner shall be promptly returned to the originating strategy. This authorization is subject to limitations established by the Comptroller of Public Accounts.

The Comptroller of Public Accounts shall not allow the transfer of funds authorized by any of the above subsections if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

In the case of disaster or other emergency, this provision is superseded by the emergency-related transfer authority in Article IX of this Act.

13. **Use of Additional Medicaid Program Income.** For the purposes of this provision, Medicaid program income is defined as: 1) refunds/rebates of previously paid premiums and interest earnings generated in relationship to accounts listed below; 2) refunds/rebates received from the Medicaid claims payment contractor or other sources; and 3) managed care rebates as described below. Amounts defined as program income are to be deposited into the General Revenue Fund, Object No. 3639. The Health and Human Services Commission is authorized to receive and spend program income and interest earnings generated from fund balances with the Disbursement Account, and the STAR (Managed Care) Account, as defined in the contractual agreement with the fiscal agent and/or insurance carrier for purchased health services except for those interest earnings related to the Cash Management Improvement Act (CMIA). The commission is also authorized to receive and spend experience rebates generated in accordance with its contractual agreements with health maintenance organizations who participate in Medicaid managed care. Expenditures shall be made from credits, managed care rebates, and interest earnings received in fiscal years 2014 and 2015. The use of the credits, managed care rebates, and interest earnings is limited to funding services for Medicaid clients. Medicaid program income shall be expended as they are received as a first source, and General Revenue shall be used as a second source, to support the Medicaid program. In the event that these revenues should be greater than the amounts identified in the method of finance above as Medicaid Program Income, the commission is hereby

appropriated and authorized to expend these General Revenue Funds thereby made available, subject to the following requirements:

- a. Amounts available shall be expended prior to utilization of any General Revenue available for the same purposes; and
- b. In the event General Revenue has been expended prior to the receipt of program income, the commission shall reimburse General Revenue. This process shall be completed on a monthly basis in order to prevent accumulation of program income balances.

The preceding paragraph shall be the exclusive appropriation authority for receipts from the above identified sources and none of these receipts shall be appropriated by a provision of Article IX of this Act.

- 14. Use of Additional CHIP Experience Rebates.** For the purposes of this provision, CHIP Experience Rebates are defined as: 1) refunds/rebates of previously paid CHIP premiums and related interest earnings; and 2) managed care rebates and related interest earnings as described below. Expenditures shall be made from CHIP Experience Rebates generated in fiscal years 2014 and 2015. The method of financing item, Experience Rebates - CHIP, for appropriations made above, includes unexpended and unobligated balances of Experience Rebates - CHIP remaining as of August 31, 2013, and receipts earned in fiscal years 2014 and 2015.

The use of CHIP Experience Rebates is limited to health care services for CHIP clients. CHIP Experience Rebates shall be expended as they are received as a first source, and General Revenue shall be used as a second source, to support CHIP-related programs. In the event that these revenues should be greater than the amounts identified in the method of finance above as Experience Rebates - CHIP, the commission is hereby appropriated and authorized to expend these General Revenue Funds thereby made available, subject to the following requirements:

- a. Amounts available shall be expended prior to utilization of any General Revenue available for the same purposes; and
- b. In the event General Revenue has been expended prior to the receipt of CHIP Experience Rebates, the commission shall reimburse General Revenue. This process shall be completed on a monthly basis in order to prevent accumulation of CHIP Experience Rebate balances.

The preceding paragraph shall be the exclusive appropriation authority for receipts from the above identified sources and none of these receipts shall be appropriated by a provision of Article IX of this Act.

15. CHIP: Unexpended Balances and Allocation of Funds.

- a. **Unexpended Balances between Biennia.** Unexpended balances in General Revenue Funds appropriated for Goal C (CHIP) strategies to the Health and Human Services Commission (HHSC) for the fiscal year ending August 31, 2013 (estimated to be \$0) are appropriated to the agency and included above for the fiscal year beginning September 1, 2013, only upon prior written approval by the Legislative Budget Board and the Governor. These General Revenue Funds are contingent on an unexpended balance from fiscal year 2013. The amount of the appropriation is limited to the amount of the unexpended balance.

- c. For authorization to expend the funds, HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request must be organized by fiscal year as follows:

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

 - (iv) the capital budget impact.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

The Comptroller of Public Accounts shall not allow the use of unexpended balances authorized by any of the above subsections if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

- d. It is the intent of the Legislature that tobacco settlement receipts appropriations made above in Goal C, CHIP Services, include \$315.2 million for fiscal year 2014 and \$234.5 million for fiscal year 2015 in tobacco settlement receipts paid to the State pursuant to the Comprehensive Tobacco Settlement and Release. In the event that the state has not received a tobacco settlements payment for fiscal year 2014 and fiscal year 2015 by September 1 of each year of the biennium, the Comptroller of Public Accounts is hereby authorized to use general revenue funds as needed for program expenditures for cash flow purposes between the beginning of the fiscal year and the receipt by the state of the tobacco settlement payment for the fiscal year. Upon receipt of the tobacco settlement payment, the general revenue fund shall be reimbursed with tobacco settlement receipts for all expenditures made pursuant to this provision.

- 16. Cash Basis Expenditures Authorization.** Notwithstanding any other provision of this Act, the Health and Human Services Commission is authorized to expend Medicaid appropriations in a fiscal year without regard to date of service. The authorization herein is limited to expenditures for claims payments, premiums, cost settlements and other related expenses for Medicaid client services.

a statewide Supplemental Nutritional Assistance Program, and for the employment of essential personnel who shall be employed under a merit system basis comparable to the merit principles or standards applicable to all other personnel of the commission.

19. **Additional Funding Sources, Medicaid.** Notwithstanding any other provisions of this Act, if the appropriations provided for a Medicaid program are not sufficient to provide for expenditures mandated by either state or federal law, after accounting for any appropriations made to the agency operating the Medicaid program, and available for transfer to the Medicaid program, the Legislative Budget Board and the Governor may provide for and are hereby authorized to direct the transfer of sufficient amounts of funds to the Health and Human Services Commission from appropriations made elsewhere in this Act.
20. **Temporary Emergency Assistance for Families at Risk of Welfare Dependency.** Out of funds appropriated above in Strategy D.1.1, TANF (Cash Assistance) Grants, the Health and Human Services Commission shall provide a one-time emergency assistance payment to applicants for a TANF (Cash Assistance) grant who are likely to be employed within a short period of time, without referral to the Choices program. It is the intent of the Legislature that the commission expands the use of one-time emergency payments as a cost-effective deterrence from the ongoing cash assistance grant programs.
21. **High Performance Bonus for Administration of the Supplemental Nutritional Assistance Program (SNAP).** High Performance Bonuses are annual incentive payments to state agencies that meet standards for high or most improved performance established by the Secretary of the U.S. Department of Agriculture. The authority to receive and expend high performance bonuses is provided in Article IX, Sec. 6.22, Definition, Appropriation, Reporting and Audit of Earned Federal Funds and is subject to the following additional conditions:
 - a. A portion of these funds, in each year of the biennium, shall be used by the Health and Human Services Commission for the development and operation of a nutrition education and outreach program, or for activities that otherwise improve low-income consumers' access to basic nutrition and healthy foods.
 - b. The commission shall prepare annual reports by October 1 of each year of the biennium summarizing the commission's progress in implementing the outreach program and file those reports with the standing committees of the Senate and House of Representatives having primary jurisdiction over health and human services.
 - c. A portion of these funds, in each year of the biennium, shall be used by the Health and Human Services Commission to provide bonuses to position classifications whose efforts directly contributed to meeting these performance standards, or to position classifications who meet or exceed customer service performance measures developed by the commission, or whose efforts directly contributed to increasing the percentage of eligible persons who receive SNAP benefits.
 - (1) Before an employee can be eligible for a bonus, the employee must have been employed in the program for the related twelve months, remain employed in the program, and demonstrate performance that meets expectations.
 - (2) The commission has the authority to determine whether employees who have received bonuses under this provision are eligible for merit salary increases during a twelve-month period prior to or after receipt of the bonus.
22. **Temporary Assistance for Needy Families (TANF) Maintenance of Effort.** It is the intent of the Legislature that all General Revenue appropriated above for TANF maintenance of effort shall be expended within the appropriate fiscal year for that purpose in order to secure the TANF federal block grant for the state. Out of funds appropriated above in Strategy D.1.1, TANF (Cash Assistance) Grants, \$62,851,931 in General Revenue is appropriated for TANF maintenance of effort for fiscal year 2014, and \$62,851,931 in General Revenue is appropriated for TANF maintenance of effort for fiscal year 2015. None of the General Revenue appropriated for TANF maintenance of effort in Strategy D.1.1, TANF (Cash Assistance) Grants, may be transferred to any other item of appropriation or expended for any purpose other than the specific purpose for which the funds are appropriated. However, General Revenue appropriated for TANF maintenance of effort may be transferred to Strategy A.1.2, Integrated Eligibility and Enrollment, subject to the following limitations:

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

- a. Declines or shifts in TANF caseloads prevent the Health and Human Services Commission from expending all General Revenue appropriated for TANF maintenance of effort in Strategy D.1.1, TANF (Cash Assistance) Grants, within the appropriate fiscal year;
 - b. The amount of TANF MOE General Revenue transferred from Strategy D.1.1, TANF Cash Assistance) Grants, shall be expended as TANF maintenance of effort within Strategy A.1.2, Integrated Eligibility and Enrollment, for TANF program operating costs, within the appropriate fiscal year; and
 - c. At least 30 days prior to transferring General Revenue Funds between Strategy D.1.1, TANF (Cash Assistance) Grants, and Strategy A.1.2, Integrated Eligibility and Enrollment, the Health and Human Services Commission shall notify the Legislative Budget Board and the Governor.
23. **Earned Income Disregard.** Out of amounts appropriated above to Strategy D.1.1, TANF (Cash Assistance) Grants, the Health and Human Services Commission shall maintain the earned income disregard for working TANF families. When determining eligibility and benefits, the commission shall exclude \$120 of earnings and 90 percent of the remaining earnings for each of the first four months of employment by a recipient. After the first four months of employment, the commission shall exclude \$120 of a recipient's earnings each month.
24. **Performance Reporting for the Prescription Drug Rebate Program.** The Health and Human Services Commission shall report on an annual basis the following information to the Legislative Budget Board, the State Auditor's Office and the Governor: the outstanding prescription drug rebate balances for the Medicaid, CHIP, Kidney Health, and Children with Special Health Care Needs programs. The report shall include rebate principal and interest outstanding, age of receivables, and annual collection rates. The reports shall specify amounts billed, dollar value of pricing and utilization adjustments, and dollars collected. The Health and Human Services Commission shall report these data on each year for which the Prescription Drug Rebate program has collected rebates and also on a cumulative basis for all years.
25. **TANF (Cash Assistance) Grants.** Out of funds appropriated above in Strategy D.1.1, TANF (Cash Assistance) Grants, the Health and Human Services Commission shall adjust the TANF grant amount each year to ensure that the maximum monthly grant for a family of three is at least 17 percent of the federal poverty level and provide a one-time per year grant of up to \$30 for each TANF child on August 1 of each year.
26. **Capital Purchases on Behalf of other Government Entities or Service Providers.** Any capital items purchased by the Health and Human Services Commission (HHSC) for use by local governmental entities for which the commission is reimbursed do not apply to the commission for the purpose of the capital budget rider limitations specified in Article IX, Sec. 14.03, Limitation on Expenditures - Capital Budget, of the General Provisions of this Act, nor to HHSC Rider 2, Capital Budget.
27. **Reimbursement of Advisory Council Members.** Pursuant to Government Code §531.408, reimbursement of travel expenses for Health and Human Services Council members, out of funds appropriated above, is hereby authorized such that the sum total of all reimbursements for members of the Council shall not exceed \$13,200 per fiscal year, at the rates specified in the general provisions of this Act.
28. **Other Reporting Requirements.**
- a. Federal Reports. The Health and Human Services Commission shall submit the following information to the Legislative Budget Board, the Governor, and all Members of the Texas Legislature no later than the date the respective report is submitted to the federal government:

The monthly financial reports shall be prepared in a format specified by the Legislative Budget Board.

29. Prohibition on Abortions.

- a. It is the intent of the Legislature that no funds shall be used to pay the direct or indirect costs (including overhead, rent, phones and utilities) of abortion procedures provided by contractors of the commission.
- b. It is also the intent of the Legislature that no funds appropriated for Medicaid Family Planning, shall be distributed to individuals or entities that perform elective abortion procedures or that contract with or provide funds to individuals or entities for the performance of elective abortion procedures.
- c. The commission shall include in its financial audit a review of the use of appropriated funds to ensure compliance with this section.

30. Family Planning. Of funds appropriated for Medicaid Family Planning, no state funds may be used to dispense prescription drugs to minors without parental consent. An exemption shall be allowed for emancipated 16- and 17-year old parents.

31. CHIP Enrollment. In the event that appropriations are insufficient to sustain enrollment at authorized eligibility and benefit levels in CHIP, it is the intent of the legislature that the Executive Commissioner transfer necessary funds to Goal C, CHIP Services, pursuant to the notification and approval requirements contained in other provisions, and request additional appropriation authority from the Legislative Budget Board prior to establishing a waiting list and suspending enrollment pursuant to Health and Safety Code §62.101.

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

32. **Children's Health Insurance Program Priority.** In the event that the Health and Human Services Commission receives less CHIP Federal Funds than are anticipated above in Goal C, CHIP Services, the commission is authorized to prioritize services to recipients of the traditional CHIP program. Serving those eligible for the CHIP Perinatal program may be a secondary priority.
33. **Medical Treatments.** The Health and Human Services Commission may distribute funds for medical, dental, psychological or surgical treatment provided to a minor only if consent to treatment is obtained pursuant to Chapter 32 of the Texas Family Code. In the event that compliance with this rider would result in the loss of Federal Funds to the state, the department may modify, or suspend this rider to the extent necessary to prevent such loss of funds, provided that 45-day prior notification is provided to the Governor and the Legislative Budget Board.
34. **Unexpended Balance Authority for Eligibility Determination Services.** Unexpended balances in General Revenue Funds appropriated in Strategy A.1.2, Integrated Eligibility and Enrollment, for the fiscal year ending August 31, 2014, are appropriated to the agency for the following fiscal year only upon prior written approval by the Legislative Budget Board and the Governor.

For authorization to expend the funds, an agency shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request must be organized by fiscal year as follows:

- a. The following information shall be provided for the fiscal year with an unexpended balance:
- (1) an explanation of the causes of the unexpended balance(s);

 - (4) the capital budget impact.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

The Comptroller of Public Accounts shall not allow the use of unexpended balances authorized by any of the above subsections if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

35. **Continued Medicaid Coverage for Clients Unable to Access Medicare Part D Benefit and for Certain Excluded Medicare Part D Drug Categories.** It is the intent of the Legislature that from funds appropriated above in Strategy B.2.2, Medicaid Prescription Drugs, the Health and Human Services Commission shall continue to provide Medicaid coverage for dual eligible clients who are unable to access their Medicare Part D drug benefit. The Health and Human Services Commission shall recoup funds for these expenditures from Part D drug plans that are determined to be responsible for the dual eligible clients' drug costs. funds and that are currently covered under the Medicaid Vendor Drug Program (e.g., certain prescribed over-the-counter medications, smoking cessation medications and vitamins).

- 36. Hospital Uncompensated Care.** No funds appropriated under this Article for medical assistance payments may be paid to a hospital if the Health and Human Services Commission determines that the hospital has not complied with the commission's reporting requirements. The commission shall ensure that the reporting of uncompensated care (defined to include bad debt, charity care and unreimbursed care) by Texas hospitals is consistent for all hospitals and subjected to a standard set of adjustments that account for payments to hospitals that are intended to reimburse uncompensated care. These adjustments are to be made in such a way that a reliable determination of the actual cost of uncompensated care in Texas is produced.

The commission shall conduct an appropriate number of audits to assure the accurate reporting of the cost of uncompensated hospital care.

The commission shall submit a biennial report on uncompensated care costs, which considers the impact of patient specific and lump sum funding as offsets to uncompensated costs, to the Governor and Legislative Budget Board no later than December 1, 2014. The commission may report by hospital type.

The commission shall also review the impact of health care reform efforts on the funding streams that reimburse uncompensated care, assess the need for those funding streams in future biennia, and consider which funds might be redirected to provide direct health coverage.

- 37. Hospital Reimbursement.** Contingent upon federal approval, and to the extent allowed by law, no funds appropriated under this Article for the payment of inpatient hospital fees and charges under the medical assistance program may be expended, except under a prospective payment methodology for all Medicaid inpatient claims, excluding state-owned teaching hospital Medicaid inpatient claims, that employs sound cost reimbursement principles and:

- a. enhances the Health and Human Services Commission's ability to be a prudent purchaser of health care;
- b. reflects costs that are allowable, reasonable and medically necessary to deliver health care services to the state's Medicaid population;
- c. reduces the variability in the Medicaid reimbursement rates paid to hospitals for treating patients with the same diagnoses;
- d. promotes and rewards increased efficiency in the operation of hospitals;
- e. emphasizes and rewards quality of outcomes and improves the treatment of Medicaid patients through pay-for-performance principles;
- f. recognizes, through add-on payments or other methods, the unique needs of individual hospitals, including rural hospitals.

- 38. Payments to Rural Hospital Providers.** It is the intent of the Legislature that out of funds appropriated above in Goal B, Medicaid, the Health and Human Services Commission (HHSC) shall rebase rural hospital rates as follows:

- a. These provisions shall apply to hospitals located in a county with 60,000 or fewer persons according to the 2010 U.S. Census, and Medicare-designated Rural Referral Centers (RRC), Sole Community Hospitals (SCH), and Critical Access Hospitals (CAH).
- b. Inpatient:
 - (1) Hospitals defined above shall be reimbursed based on a facility-specific prospective full cost standard dollar amount (SDA) based on their historical costs limited by a floor and a ceiling. The ceiling should be equal to approximately two standard deviations above the average full-cost SDA for providers with more than 50 claims; the floor should be equal to approximately 1.5 standard deviations below that same average.
 - (2) In calculating the facility specific prospective full cost SDA, the rates will be trended forward by the CMS Market Basket inflation factor to adjust for inflation.

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

- (3) It is the intent of the Legislature that for patients enrolled in managed care including but not limited to health maintenance organizations (HMO), inpatient services provided at hospitals meeting the above criteria shall be reimbursed based on the above considerations and rates, in order to maintain access to care.
- c. Outpatient: In order to ensure that access to emergency and outpatient services remain in rural parts of Texas, it is the intent of the Legislature that when HHSC changes its outpatient reimbursement methodology to an Enhanced Ambulatory Patient Groups or similar methodology, HHSC shall promulgate a separate or modified payment level for the above defined providers.
- d. The commission may consider a phase down schedule for a hospital which met the definition of "rural hospital" in the preceding biennium, but does not meet the definition provided in paragraph a. above.
- 39. Staffing and Capital Authorization in Lieu of Contracted Responsibilities.** Notwithstanding any other provisions in this Act, if the executive commissioner of the Health and Human Services Commission (HHSC) determines that a service performed under a contract as of the effective date of this Act would be more effectively performed by state personnel, the executive commissioner is authorized to adjust the agency's full-time equivalent (FTE) and/or capital authority limitation to the extent necessary to ensure the successful assumption of such contracted duties and to comply with federal performance standards.

Authority granted by this provision is contingent upon a written notification from HHSC to the Legislative Budget Board and the Governor at least 30 days prior to adjusting budgeted FTE levels and/or acquiring capital equipment that includes the following information:

- a. a detailed explanation of the adjustments to the affected contract and the reason(s) for the adjustment;
- b. the estimated reduction in spending in All Funds on the contract by fiscal year;
- c. the increase in both the annual average and end-of-year FTEs by fiscal year;
- d. the estimated increase in expenditures by object of expense and method of financing for each fiscal year; and
- e. the estimated increase in capital expenditures by method of financing by fiscal year for each increased or new project.

The Comptroller of Public Accounts shall not allow the adjustment of FTE or capital authority limitations authorized by this provision if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

- 40. Graduate Medical Education.** The Health and Human Services Commission is authorized to spend Appropriated Receipts - Match for Medicaid and matching Medicaid Federal Funds out of Strategy B.2.1, Non-Full Benefit Payments, for Graduate Medical Education payments to state-owned teaching hospitals, contingent upon receipt of allowable funds from state-owned teaching hospitals to be used as the non-federal share for Medicaid Graduate Medical Education. Appropriated Receipts - Match for Medicaid shall be the only source of funds used for the non-federal share for Medicaid Graduate Medical Education, and the Health and Human Services Commission shall develop a payment methodology for Medicaid Graduate Medical Education payments to state-owned teaching hospitals.
- 41.  - b. **CHIP.** The Health and Human Services Commission may fund the per-member, per-month payments and primary care incentive payments described in this section with matching Children's Health Insurance Program (CHIP) Federal Funds out of Strategy C.1.1, Children's Health Insurance Program (CHIP).
 - c. **Eligible HRIs.** The following entities are eligible for the per-member, per-month payments and primary care incentive payments described in this section:
 - (1) Baylor College of Medicine;
 - (2) Public Health Related Institutions; and
 - (3) A family practice, primary care, or other residency program that receives funds appropriated to the Higher Education Coordinating Board under Article III of this Act.
80. **Federal Funding for Health Related Institutions.** It is the intent of the Legislature that the Health and Human Services Commission maximize federal funding for Health Related Institutions should they transfer 2014-15 appropriations to the commission for such purposes.
81. **Receipt of Transfers for Participation in the Healthcare Transformation and Quality Improvement Program.** The Health and Human Services Commission may receive in Strategy B.2.6, Transformation Payments, intergovernmental transfers of funds from institutions of higher education as the non-federal share of uncompensated care or delivery system reform incentive payments under the Healthcare Transformation and Quality Improvement Program 1115 Waiver.
82. **Statewide Mental Health Service Coordination.** Out of funds appropriated above, the Health and Human Services Commission (HHSC) shall allocate one full time equivalent (FTE) to oversee statewide mental health coordination. The FTE shall be at the executive level and shall report directly to the Executive Commissioner of HHSC. The FTE shall rely on the mental health expertise of the Commissioner of the Department of State Health Services in coordinating the statewide strategic approach to mental health. The FTE shall consult and coordinate with other state agencies and local governments to ensure a strategic statewide approach to mental health. The state agencies shall include but are not limited to, the Texas Education Agency, the Office of the Attorney General, Texas Department of Criminal Justice, Texas Juvenile Justice Department, Adjutant General's Department, Office of Court Administration, Texas Department of Housing and Community Affairs, Department of Public Safety, Commission on Jail Standards, Texas Workforce Commission and other health and human services agencies as appropriate. Additionally, the FTE shall coordinate with representatives from local entities and non-profit entities that receive public funding for mental health services.
83. **Children's Hospital DSH.** Out of funds appropriated above, the Health and Human Services Commission (HHSC) may adjust rates for Medicaid outpatient hospital, outpatient surgical and emergency department services and to make payments for Medicaid allowable costs for pediatric graduate medical education to mitigate Medicaid reimbursement shortfalls at children's hospitals that are not reimbursed through the Disproportionate Share Hospital (DSH) Program due to policy interpretation by the federal Centers for Medicare and Medicaid Services (CMS) on the calculation of the Medicaid shortfall. Rate adjustments to mitigate the related loss of DSH payments are subject to the prior written approval required under Special Provisions Relating to All Health and Human Services Agencies, Section 44, Rate Limitations and Reporting Requirements.
84. **Prescription Drug Carve Into Managed Care Organizations.** It is the intent of the Legislature that capitated managed care organizations in STAR, STARHealth, STAR+PLUS and CHIP exclusively employ the vendor drug program formulary and adhere to the applicable HHSC preferred drug list including the prior authorization and program procedures during fiscal years 2014 and 2015.
85. **Study and Report on Sepsis Infections in Medicaid.** Out of funds appropriated above in Goal B, Medicaid, the Health and Human Services Commission shall study and submit a report to the

Legislature of the health outcomes and fiscal impact of sepsis and septicemia on the Medicaid program. The report shall also investigate the use of evidence based protocols such as early goal directed therapy by health care facilities in Texas and the success and prevalence of such protocols in reducing the incidence, mortality, and related costs in the Medicaid program. The report shall include recommendations from the commission for the implementation of a plan to improve the health of Texans and decrease costs in Medicaid by decreasing the impact of sepsis and septicemia. The commission shall submit the report by September 1, 2014.

- 86. Transitional Medicaid DSH and Related Payments.** Out of funds appropriated above to the Health and Human Services Commission in Goal B, Medicaid, the Health and Human Services Commission may expend up to \$160,000,000 in General Revenue Funds in fiscal year 2014 and \$140,000,000 in General Revenue Funds in fiscal year 2015 to stabilize and improve Medicaid hospital payments, including providing a portion of the non-federal share of Medicaid Disproportionate Share Hospital (DSH) payments and/or rate adjustments to recognize improvements in quality of patient care, the most appropriate use of care, and patient outcomes. Expenditure of General Revenue Funds under this provision is contingent upon:
- a. Measurable progress by the commission towards a plan to stabilize and improve the system for providing hospital payments for Medicaid services and for uncompensated care in fiscal year 2014. No funds may be expended in fiscal year 2015 under this provision before the plan is finalized. The plan should address:
 - (1) The appropriate balance and a proportional allocation of supplemental hospitals payments, including DSH and Uncompensated Care (UC) payments, among large public, small public, and non-public providers taking into consideration the provision of care to Medicaid and low income patients and the ongoing availability of DSH funding support (IGT) provided by large public hospitals;
 - (2) The Medicaid shortfall that occurs due to state Medicaid rates paid to hospitals and the impact of such rates on hospitals that provide a disproportionate share of Medicaid and uncompensated care;
 - (3) Mechanisms through which Medicaid payments are made through managed care organizations;
 - (4) Recommended statutory changes and any other legislative direction needed to fully implement the plan;
 - (5) An assessment of the extent to which supplemental payments are needed to cover Medicaid and uninsured/uncompensated care costs;
 - (6) A plan to transition from supplemental payments to rates that recognize improvements in quality of patient care, the most appropriate use of care, and patient outcomes, and;
 - (7) Steps to ensure General Revenue Funds appropriated to the Health and Human Services Commission will no longer be used as the non-federal share of DSH supplemental payments by the end of fiscal year 2015.
 - b. Approval of a request from the commission to expend the funds by the Legislative Budget Board and the Governor. The request shall be considered approved unless the Legislative Budget Board or the Governor issues a written disapproval within 45 calendar days of the date on which the Legislative Budget Board receives the request.
 - (1) For fiscal year 2014, the request shall demonstrate progress toward the plan under section (a), and include how hospital reimbursement rates may be impacted by subsection a(6), the proposed state appropriations to be expended by fiscal year for supplemental payments and rate enhancements respectively, estimated IGT expected to be transferred to the commission in each fiscal year for the purpose of drawing down the available DSH allotment, and allocation to the major categories of hospitals.
 - (2) For fiscal year 2015, the request shall include the final plan under section (a) in addition to all other information under section b(1).

- 87. The Center for Elimination of Disproportionality and Disparities Center.** Out of funds appropriated above in Strategy A.2.1, Consolidated System Support, it is the intent of the

HEALTH AND HUMAN SERVICES COMMISSION
(Continued)

Legislature that the Center for Elimination of Disproportionality and Disparities (CEDD) shall advise each health and human services, education, juvenile justice, child welfare, and mental health agency on the implementation of cultural competency training and develop partnerships with community groups and agencies to support the delivery of culturally competent services to children and families. The CEDD shall only contract with entities that have been screened, reviewed, and approved by the executive commissioner of the Health and Human Services Commission. The CEDD and the Interagency Council for Addressing Disproportionality shall also develop and recommend to the executive commissioner policies for addressing disproportionality and disparities in the education, juvenile justice, child welfare, health and mental health systems, and implement those policies statewide. The CEDD and the Interagency Council for Addressing Disproportionality shall report on the status of the implementation of the policies to the Lieutenant Governor, Speaker of the House of Representatives, and the Legislature by December 1, 2014.

Sec. 32. Limit on Spending New Generation Medication Funds.

- a. It is the intent of the Legislature that the Department of State Health Services (DSHS) and the Department of Aging and Disability Services (DADS) utilize funds appropriated for New Generation Medications for no other purpose than the provision, prescribing, and monitoring of New Generation Medications. This limitation shall apply to funds appropriated for New Generation Medications in the following strategies at DSHS: B.2.1, Mental Health Services for Adults, B.2.2, Mental Health Services for Children, B.2.4, NorthSTAR Behavioral Health Waiver, and C.1.3, Mental Health State Hospitals; and in the following strategy at DADS: A.8.1, State Supported Living Centers.
- b. Notwithstanding the limitation described above, the department shall allow a local mental health authority or DADS local authority to expend an amount not to exceed 15 percent of its New Generation Medication funds on support programs that are related to the administration of New Generation Medications, provided, however, that an authority using its New Generation Medication funds for support services must meet its contracted performance target for persons served with New Generation Medications and that the

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

availability of New Generation Medication funds to expend on services must result from cost efficiencies achieved by the authority.

- c. To the extent that the local authorities or state contracted managed care organizations are able to obtain cost savings associated with cost effective purchasing arrangements, private sector donations of medications for clients and/or financial contributions for the purchase of New Generation Medications in DSHS Strategies B.2.1, Mental Health Services for Adults, B.2.2, Mental Health Services for Children, and B.2.4, NorthSTAR Behavioral Health Waiver, and they meet or exceed their contracted performance targets for persons served with New Generation Medications, they may expend up to an equivalent amount from these strategies on direct services to clients.

Such funds are not subject to limitations on capital budget expenditures as contained in Article IX or any other similar provisions in this Act. Permanent improvements are defined as an improvement to a state facility that involves construction, building system(s), and/or landscaping.

Sec. 34. Efficiencies at Local Mental Health Authorities and DADS Local Authorities. It is the intent of the Legislature that the local mental health authorities and DADS local authorities that receive allocations from the funds appropriated above to the Department of Aging and Disability Services and the Department of State Health Services shall maximize the dollars available to provide services by minimizing overhead and administrative costs and achieving purchasing efficiencies. Among the strategies that should be considered in achieving this objective are consolidations among local authorities and partnering among local authorities on administrative, purchasing, or service delivery functions where such partnering may eliminate redundancies or promote economies of scale. The Legislature also intends that each state agency which enters into a contract with or makes a grant to local authorities does so in a manner that promotes the maximization of third party billing opportunities, including to Medicare and Medicaid.

It is the Legislature's intent that DADS local authorities not expend funds appropriated to the Department of Aging and Disability Services in Strategies A.1.1, Access, Intake & Eligibility, and A.4.2, Intellectual Disability Community Services, to supplement the rate-based payments they receive to fund their costs as providers of waiver or ICF/IID services.

Sec. 35. Equal Opportunity Principles in Contracting for Social Services. The Legislature intends that each state agency that contracts with or makes a grant to a nongovernmental entity to provide social services, using money appropriated by this Act, enter the contract or make the grant in a manner that is consistent with the equal opportunity principles and safeguards provided by federal law under 42 U.S.C. §604a.

Sec. 36. Limitation on Unexpended Balances: General Revenue for Medicaid. Unexpended balances in General Revenue Funds appropriated for the Medicaid program (GR Match for Medicaid and GR Certified as Match for Medicaid) to the Health and Human Services Commission, the Department of Aging and Disability Services, and the Department of State Health Services for fiscal year 2014 are appropriated for the same purposes to the respective agencies for fiscal year 2015 only upon prior written approval by the Legislative Budget Board and the Governor.

For authorization to expend the funds, an agency shall submit a written request to the Legislative Budget Board and the Governor by April 1, 2014. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request must be organized by fiscal year as follows:

- a. The following information shall be provided for fiscal year 2014:
 - (1) a detailed explanation of the cause(s) of the unexpended balance(s);
 - (2) the amount of the unexpended balance(s) by strategy; and

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

- (3) an estimate of performance levels and, where relevant, a comparison to targets in this Act.
- b. The following information shall be provided for fiscal year 2015:
 - (1) a detailed explanation of the purpose(s) for which the unexpended balance(s) will be used and whether the expenditure will be one-time or ongoing;
 - (2) the amount of the expenditure by strategy;
 - (3) an estimate of performance levels and, where relevant, a comparison to targets in this Act; and
 - (4) the capital budget impact.

An agency shall submit a revised written request by October 1, 2014 if the amount of the estimated unexpended balance(s) varies by more than five percent from the amount estimated in the original request.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

The Comptroller of Public Accounts shall not allow the use of unexpended balances if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 37. Appropriation of Receipts: Civil Monetary Damages and Penalties. Included in the amounts appropriated above for the 2014-15 biennium are the following:

- a. \$2,660,000 in General Revenue Match for Medicaid for the Department of Aging and Disability Services;
- b. \$1,414,870 in General Revenue Match for Medicaid for the Health and Human Services Commission; and
- c. \$780,000 in General Revenue for the Department of State Health Services.

These amounts are contingent upon the collection of civil monetary damages and penalties under Human Resources Code §§32.021 and 32.039, and Health and Safety Code §431.0585. Any amounts collected above these amounts by the respective agency are hereby appropriated to the respective agency in amounts equal to the costs of the investigation and collection proceedings conducted under those sections, and any amounts collected as reimbursement for claims paid by the agency.

Sec. 38. Financial Monitoring of Community Centers. The Department of Aging and Disability Services, the Department of State Health Services, and the Health and Human Services Commission shall enter into a written agreement that defines each agency's responsibilities for monitoring the expenditure by community centers, as defined in the Texas Health and Safety Code Sec. 534.0016(b) of funds appropriated by this Act. The written agreement shall include provisions for monitoring that require community centers to account for state funds separately from other sources of funds.

Sec. 39. Appropriation of Unexpended Balances: Funds Recouped from Local Authorities. Notwithstanding other provisions of this Act, any state funds appropriated for fiscal year 2014 recouped by the Department of Aging and Disability Services or the Department of State Health Services from a local mental health authority or DADS local authority for failing to fulfill its performance contract with the State, are hereby appropriated to the respective agency for the same strategy, to reallocate to other local mental health authorities or DADS local authorities in fiscal year 2015.

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

Each agency shall provide a report to the Legislative Budget Board and the Governor by June 1, 2014 that includes the amount of the recoupment by strategy, the reasons for the recoupment, the local authorities involved, any performance contract requirements that were not met, and the purposes of the reallocation.

Sec. 40. Enterprise Support Services. None of the funds appropriated above shall be budgeted, assessed, or expended for enterprise support services unless the following requirements are met:

Sec. 41. Appropriation Authority for Intergovernmental Transfers.

- a. In addition to funds appropriated above and in an effort to maximize the receipt of federal Medicaid funding, the Health and Human Services Commission and the Department of Aging and Disability Services may expend intergovernmental transfers (IGTs) received as Appropriated Receipts-Match for Medicaid for the purpose of matching Medicaid Federal Funds for payments to Medicaid providers.

Prior to vacating any space and asking TFC to cancel a lease, HHSC will perform subsections (a) and (b) below:

This evaluation may include client demographics, employee usage and travel status, facility costs, facility location, facility condition, Texas Accessibility Standards, and safety.
- b. Provide written notification to the Texas Facility Commission at least 270 days prior to the date of the lease cancellation. At the same time, HHSC shall provide notification to the Legislative Budget Board and the Governor's office of the intent to terminate a lease and the anticipated savings to be realized from consolidation and efficiencies.
- c. The Executive Commissioner is authorized, contingent upon approval from the Legislative Budget Board and the Governor, to utilize any of the freed-up General Revenue Funds or Other Funds reported under section (b) for the purposes of improving business processes and office modernization projects that promote more efficient use of space, state staff and resources.

- (3) Authority provided in (b) above is contingent upon the agency submitting a report in writing to the Legislative Budget Board and Governor on October 1 of each year of the biennium. The report shall include the number of clients by program which exceeds cost limits and the unmatched General Revenue associated with each by fiscal year.

Sec. 44. Rate Limitations and Reporting Requirements. Notwithstanding other provisions of this Act, the use of appropriated funds for a rate paid by a health and human services agency as listed in Chapter 531, Government Code, shall be governed by the specific limitations included in this provision.

For purposes of this provision, "rate" is defined to include all provider reimbursements (regardless of methodology) that account for significant expenditures by a health and human services agency as listed in Chapter 531, Government Code. "Fiscal impact" is defined as an increase in expenditures due to either a rate change or establishment of a new rate, including the impact on all affected programs. Additionally, estimates of fiscal impacts should be based on the most current caseload forecast submitted by the Health and Human Services Commission (HHSC) pursuant to other provisions in this Act and should specify General Revenue-related Funds, TANF Federal Funds, and All Funds. Fiscal estimates that impact multiple risk groups may be reported at an aggregate level and acute care services may be reported by rate category.

a. Notification of Change to Managed Care Rates.

- (1) No later than 45 calendar days prior to implementation of a change to premium rates for managed care organizations (MCO) contracting with HHSC, the Executive Commissioner of the HHSC shall submit the following information in writing to the Legislative Budget Board, the Governor, and the State Auditor:
 - (i) a schedule showing the original and revised rate, which should include information on the rate basis for the MCO reimbursements to providers;
 - (ii) a schedule and description of the rate-setting process for all rates listed for subsection (1); and
 - (iii) an estimate of the fiscal impact, by agency and by fiscal year, including the amount of General Revenue Funds, TANF Federal Funds, and All Funds for each rate change listed for subsection (1).
- (2) Within seven days of the submission requirements listed above in subsections (i) through (iii), the Executive Commissioner of the HHSC shall submit a schedule identifying an estimate of the amount of General Revenue Funds, TANF Federal Funds, and All Funds by which expenditures at such rate levels would exceed appropriated funding.

b. Quarterly Notification. On a quarterly basis, HHSC shall provide notice of changed rates for:

- (1) new procedure codes required to conform to Federal Healthcare Common Procedure Coding System (HCPCS) updates;
- (2) revised rates occurring as a result of a biennial calendar fee review;
- (3) any rate change estimated to have an annual fiscal impact of less than \$500,000 in General Revenue-related Funds or TANF Federal Funds; and
- (4) Any rate change for which approval is obtained under section (c).

c. Limitation on Rates that Exceed Appropriated Funding. With the exception of those rates specified in subsections (1) - (3) of section (b), Quarterly Notification, no agency listed in Chapter 531, Government Code, may pay a rate that would result in expenditures that

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**

exceed, in any fiscal year, the amounts appropriated by this Act to a strategy for the services to which the rate applies without the prior written approval of the Legislative Budget Board and the Governor.

To request authorization for such a rate, the Executive Commissioner of the HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:

- (1) a list of each new rate and/or the existing rate and the proposed changed rate;
- (2) an estimate of the fiscal impacts of the new rate and/or rate change, by agency and by fiscal year; and
- (3) the amount of General Revenue Funds, TANF Federal Funds, and All Funds, by fiscal year, by which each rate would exceed appropriated funding for each fiscal year.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the request for authorization for the rate and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

- d. Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. Notifications, requests and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.
- e. The Office of the State Auditor may review the fiscal impact information provided under sections (a) through (c) along with supporting documentation, supporting records, and justification for the rate increase provided by the Health and Human Services Commission and report back to the Legislative Budget Board and the Governor before the rate is implemented by the Health and Human Services Commission or operating agency.
- f. The Comptroller of Public Accounts shall not allow the expenditure of funds for a new or increased rate if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 45. Money Follows the Person Demonstration. The Health and Human Services Commission and the Department of Aging and Disability Services shall submit to the Legislative Budget Board and the Governor the monthly number of clients enrolled in each 1915(c) long-term-care waiver or receiving STAR+Plus CBA services who are eligible for enhanced federal match under the Money Follows the Person demonstration and the monthly expenditures eligible for the enhanced federal match. The data shall be submitted on a monthly basis in a format specified by the Legislative Budget Board.

The Health and Human Services Commission, the Department of Aging and Disability Services, and any other health and human services agency listed in Chapter 531, Government Code, as applicable, shall submit to the Legislative Budget Board and the Governor the monthly expenditures eligible for enhanced federal match under the Balancing Incentive Program. The data shall be submitted on a monthly basis in a format specified by the Legislative Budget Board.

Sec. 47. Contingent Revenue, Appropriation of Cost.

- a. Contingent upon the Comptroller of Public Accounts receiving funds and certifying collection of Medicaid fraud-related settlements, judgments or recoveries under the Human Resources Code, Chapter 36 submitted by the Office of the Attorney General in Revenue Code 3714, Judgments and Settlements, in excess of \$124,606,000 contained in the Comptroller of Public Account's Biennial Revenue Estimate (BRE) for the 2014-15 biennium, the Health and Human Services Commission is appropriated the amount of collections above the BRE that are recovered under the Human Resources Code, Chapter 36, not to exceed \$25,000,000 in General Revenue Funds in fiscal year 2014 and \$25,000,000 in General Revenue Funds in fiscal year 2015 to Strategy B.1.5, Children, for the purpose of reimbursing the agency for the general revenue portion of investigative, legal, personnel, technology, consulting, and expert witness costs incurred in support of a judgment or settlement relating to Medicaid fraud, abuse, or waste.
- b. The Commission may transfer any portion of this appropriation to the appropriate Medicaid strategy pursuant to HHSC Rider 12, Transfers: Authority and Limitations, or to another Medicaid strategy at an appropriate HHS agency pursuant to Special Provisions Relating to All Health and Human Services Agencies, Section 10, Limitations on Transfer Authority.
- c. Notwithstanding any other provision of this Act, the remainder of such recoveries under the Human Resources Code, Chapter 36 that are deposited to the Comptroller of Public Accounts shall be credited to the appropriate Medicaid strategies to the HHS agency listed in Article II of this Act for the provision of Medicaid services. To the extent that such recoveries exceed \$25 million in General Revenue Funds in fiscal year 2014 or \$25 million in General Revenue Funds in fiscal year 2015 anticipated in section (a), and that amount is appropriated to the Health and Human Services Commission under this section, the General Revenue Match for Medicaid appropriated to HHSC in that specific year shall be reduced by the same amount.

Sec. 48. Program of All-inclusive Care for the Elderly (PACE).

- a. **Expansion of PACE Sites.** The Department of Aging and Disability Services (DADS) may use funds appropriated in Strategy A.5.1, Program of All-inclusive Care for the Elderly (PACE) to add up to three additional PACE sites, each serving up to 150 participants beginning in fiscal year 2015.
- b. **Additional Participants at Existing PACE Sites.** DADS may use funds appropriated in Strategy A.5.1, Program of All-inclusive Care for the Elderly (PACE) to serve up to 96 additional participants at existing PACE sites in Amarillo, Lubbock, and El Paso.
- c. **Funding for Additional Sites and Participants.** Notwithstanding other provisions of this Act, if funds appropriated elsewhere in this Act to DADS in Strategy A.5.1, Program of All-inclusive Care for the Elderly (PACE) are not sufficient to pay for services described in subsections (a) and/or (b), the Health and Human Services Commission (HHSC) shall transfer funds from Goal B, Medicaid, Strategy B.1.1, Aged and Medicare-related, or Goal B, Medicaid, Strategy B.1.2, Disability-Related, in an amount not to exceed \$369,839 in General Revenue Funds in fiscal year 2014 and \$3,419,426 in General Revenue Funds in fiscal year 2015. The Executive Commissioner of HHSC must certify that funds appropriated to DADS in Strategy A.5.1, Program of All-inclusive Care for the Elderly (PACE) were insufficient due to an increase in the number of participants served, not due to an increase in rates for existing PACE sites. The Executive Commissioner of HHSC shall

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

provide written notification to the Legislative Budget Board and the Governor of the certification and the transfer amounts within 30 business days of the date on which any transfer occurs.

- d. **Additional Funding for PACE program.** Should transfer authority provided in subsection (c) be insufficient to serve the increase in participants described by subsections (a) and/or (b), the Executive Commissioner of HHSC shall submit a written request to the Legislative Budget Board and the Governor for approval to transfer additional funds from HHSC Goal B, Medicaid, Strategy B.1.1, Aged and Medicare-related, or Goal B, Medicaid, Strategy B.1.2. Disability-Related to DADS Strategy A.5.1, Program of All-inclusive Care for the Elderly (PACE). The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the request and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

The purpose of the workgroup is to study the extent of misapplication of Medicaid nursing facility residents' applied income and to develop a set of recommendations to more effectively manage applied income payments to ensure those funds are used for their intended legal purposes. The workgroup shall report the results of its finding and recommendations to the chairs of the Senate Health and Human Services Committee and the House Human Services Committee by September 30, 2014.

Sec. 50. Use of Trauma Fund Receipts. In an effort to maximize the availability of Federal Funds under the Title XIX Medical Assistance Program for the purpose of providing reimbursement for uncompensated trauma care at designated facilities, the Department of State Health Services (DSHS) and the Health and Human Services Commission (HHSC) may enter into an interagency contract to allow for the transfer of funds from Account No. 5111, Trauma Facility and EMS, from DSHS to HHSC for this purpose. This interagency contract would allow for the transfer of the Account No. 5111 funds to the extent that the use of these funds in this manner would not reduce reimbursements that otherwise would have been provided for uncompensated trauma care to designated facilities.

Sec. 51. Texas Women's Health Program Contingency. Contingent upon a decision by the Health and Human Services Commission (HHSC) or other authorized health and human services agency listed under Chapter 531, Government Code, to cease operations of the program funded in Strategy D.2.3, Texas Women's Health Services, whatever unexpended or unobligated General Revenue Funds remaining in the strategy at the termination of the program shall be transferred by HHSC to the Department of State Health Services, Strategy B.1.4, Community Primary Care Services, for the purpose of providing women's health services.

It is the intent of the Legislature that out of funds available, the Health and Human Services Commission in coordination with the Legislative Budget Board shall determine the impact of the employer mandate in the Affordable Care Act on Medicaid long-term care providers through consideration of the following:

- a. Current number of contracted long-term care Medicaid providers with 50 or more full-time equivalent employees;
- b. Estimated percentage of employees that would qualify for the Medicaid exchange;
- c. Estimated percentage of employees by wage rate who would enroll in a plan offered by their employer;

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

- e. Current number of employees and employee health insurance costs on current cost reports, requiring this information to be included on future cost reports.

It is the intent of the Legislature that the Health and Human Services Commission shall report these findings to the Governor and Legislative Budget Board no later than November 1, 2014, and HHSC shall take this impact into consideration when setting rates should additional funds become available through funds provided or additional state or federal Medicaid funds that become available.

Sec. 53. Community First Choice Program Reporting. The Health and Human Services Commission and the Department of Aging and Disability Services shall submit to the Legislative Budget Board and the Governor the monthly expenditures for attendant care and habilitation services that are eligible for enhanced federal match under the Community First Choice program, by strategy. The data shall be submitted on a monthly basis in a format specified by the Legislative Budget Board:

- a. Each report submitted pursuant to this provision must contain a certification by the person submitting the report that the information provided is true and correct based upon information and belief together with supporting documentation.
- b. The Comptroller of Public Accounts shall not allow the expenditure of funds appropriated by this Act to the Health and Human Services Commission and Department of Aging and Disability Services if the Legislative Budget Board and the Governor certify to the Comptroller of Public Accounts that the Health and Human Services Commission and Department of Aging and Disability Services are not in compliance with this provision.

Sec. 54. Transfer Authority Related to STAR+PLUS Managed Care Expansion. Sec. 55. Appropriation of Additional Funds Available under the Balancing Incentive and Money Follows the Person Programs.

- a. In the event the enhanced federal matching funds earned under the Balancing Incentive Program and Money Follows the Person demonstration program exceed \$219,631,272 for fiscal years 2014-15, the General Revenue Funds thereby made available at the health and human services agencies listed in Chapter 531, Government Code, are directed to the following purposes, in priority order, subject to the approval provisions contained in (b):
 - (1) increase access to community-based long-term services and supports,
 - (2) increase wages in community-based long-term services and supports, and,

- (4) an estimate of performance levels and, where relevant, a comparison to targets included in this Act; and
- (5) the capital budget and/or full-time equivalent impact.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issue a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

- c. Notwithstanding the general transfer provisions of this Act, the Executive Commissioner of the Health and Human Services Commission is authorized to make transfers of General Revenue Funds made available due to enhanced federal matching funds under the Balancing Incentive Program and Money Follows the Person exceeding \$219,631,272 in fiscal years 2014-15 within and between health and human services agencies for the purposes identified in (a), subject to the requirements in (b).

Sec. 57. Transfers to the Department of Assistive and Rehabilitative Services. Notwithstanding limitations on transfer provisions elsewhere in this Act, out of funds appropriated to the Health and Human Services Commission in Strategy A.1.1, Enterprise Oversight and Policy, General Revenue Funds in the amount of \$1,615,951 per fiscal year may be transferred to the Department of Assistive and Rehabilitative Services (DARS) with the following restrictions.

- a. **Autism Program.** A transfer to DARS Strategy A.3.1, Autism Program, of \$1,187,800 per fiscal year shall be authorized by the executive commissioner only upon determination that DARS has developed a plan to increase the number of children receiving autism services. In development of the plan, DARS shall consider the following criteria:
 - (1) evidence-based treatment modalities,
 - (2) the average number of treatment service hours necessary to make a measurable impact on behavior and the most appropriate duration of time to ensure progress is maintained,
 - (3) which age range of children benefits most from treatment;
 - (4) which provider qualifications are most appropriate for the delivery of treatment services;

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

- (5) best practices for including parental and caregiver training and involvement in treatment services;

Included in appropriations above at Department of Aging and Disability Services (DADS) is \$99,935,393 in General Revenue Funds and \$270,678,923 in Federal Funds (\$370,614,316 in All Funds) in fiscal year 2015 for the purpose of providing attendant and habilitation services to individuals with intellectual and developmental disabilities (Community First Choice program). The appropriation also assumes a reduction of \$64,612,979 in General Revenue Funds and an increase of \$65,414,318 in Federal Funds at the Health and Human Services Commission (HHSC) in fiscal year 2015 as a result of the enhanced federal matching funds available under the Community First Choice program and its impact on existing services provided at HHSC.
- b. The appropriations and reductions in subsection (a) are contingent on the enactment of Senate Bill 7, or similar legislation that redesigns the long-term care service delivery system, by the Eighty-third Legislature, Regular Session. If Senate Bill 7, or similar legislation, is not enacted:

In the event that actual and/or projected fee revenue collections are insufficient to offset program costs, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided herein to be within the amount of fee revenue expected to be available.

- 27. Limitation: Transfer Authority.** Notwithstanding the General Provisions of this Act, none of the funds appropriated above in Goal A, Provide Education System Leadership, Guidance, and Resources, and Goal B, Provide System Oversight and Support, Strategies B.1.1.- B.3.1., may be transferred to Goal B, Strategies B.3.2.- B.3.6, except as noted below.

7. **Readiness Project.** Out of funds approved above to Strategy C.1.1, Readiness, \$3,000,000 shall be used to establish a statewide program to create and deploy modular courses to improve college readiness, reduce the need for developmental education, and improve student success, to be developed by a consortium of universities from multiple university systems and community colleges organized by The University of Texas at Austin. The courses would incorporate college readiness assignments based on the state college and career readiness standards that have been developed and field tested by faculty and instructional support staff from Texas A&M University, The University of Texas at Austin, public junior colleges, and public school districts. The courses should use diagnostic assessments and advanced technology to determine student's specific needs, include open-source instructional materials, include professional development institutes and online resources for instructors, and incorporate the best available research about how students learn complex material. The courses may be designed so that they can be deployed as dual credit courses. Any unexpended balances remaining as of August 31, 2014 are hereby appropriated for the fiscal year beginning September 1, 2014.
8. **College of Fine Arts.** Out of funds appropriated to The University of Texas at Austin in Strategy C.4.1, Institutional Enhancement, \$500,000 in General Revenue in fiscal year 2014 and \$500,000 in General Revenue in fiscal year 2015 is for a program at the College of Fine Arts developed in partnership with the Texas Cultural Trust to extend the fine arts digital literacy curriculum to 10th grade fine arts instruction and the development of teacher certification curriculum in digital literacy for the fine arts.

Each public community/junior college shall make such reports to the Texas Higher Education Coordinating Board as may be required, classified in accordance with the rules and regulations issued by the Board.

If the amount that can be certified is less than the maximum amount appropriated, the amounts appropriated shall be reduced to be within the amounts certified.

20. **Developmental Education Intervention Formulas.** It is the intent of the Legislature that during fiscal years 2014 and 2015 the Texas Higher Education Coordinating Board use the funds appropriated by this act to be in a position to implement funding formula recommendations on a weighted contact hour basis, under Sec. 61.059, Education Code, for semester length and non-semester length developmental education interventions (including course-based, non-course based, alternative-entry/exit, modules, paired courses, and competency based courses, and other intensive developmental education activities) based on existing developmental education cost studies, ongoing research studies, and survey data.

 - a) The University of Texas at Brownsville and Texas Southmost College providing the Higher Education Coordinating Board with updated 2014-15 base period semester data for lower level undergraduate semester credit hours at The University of Texas at Brownsville, excluding dual credit hours, and non-developmental education academic contact hours at Texas Southmost College, excluding dual-credit hours;
 - b) The Legislative Budget Board calculating the lower level undergraduate formula funding amounts for The University of Texas at Brownsville, excluding dual credit hours, and non-developmental education academic contact hour formula amounts for Texas Southmost College, excluding dual-credit hours for fiscal years 2014 and 2015 using the data provided in subsection a; and
 - c) The Legislative Budget Board not issuing a written disapproval before the 15th day after the date the staff of the Legislative Budget Board concludes its review of the new lower level undergraduate semester credit hours at The University of Texas at Brownsville excluding dual credit hours, and non-developmental education academic contact hours at Texas Southmost College, excluding dual-credit hours and forwards the staff's recommendations to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

The new formula funding allocations for lower level undergraduate semester credit hours at The University of Texas at Brownsville, excluding dual credit hours, and non-developmental education academic contact hours at Texas Southmost College, excluding dual-credit hours, will be provided by the Legislative Budget Board staff to the Higher Education Coordinating Board to transfer the lower level undergraduate formula funding appropriations, excluding dual credit hours, to The University of Texas at Brownsville and the non-developmental education academic contact hour formula funding appropriations, excluding dual-credit hours, to Texas Southmost College for fiscal years 2014 and 2015.

Should the total amount of formula funding allocations provided to the Higher Education Coordinating Board by the Legislative Budget Board for formula funding purposes described in this rider for fiscal year 2014 and fiscal year 2015 exceed the amounts appropriated above in F.1.4, UTB TSC Transition Funding for the 2014-15 biennium, the formula funding allocations provided to the Higher Education Coordinating Board by the Legislative Budget Board for formula funding purposes described in this rider for fiscal year 2014 and fiscal year 2015 shall be prorated and shall not exceed the total amount appropriated in the 2014-15 biennium in F.1.4, UTB TSC Transition Funding.

PUBLIC COMMUNITY/JUNIOR COLLEGES
(Continued)

If the total amount of formula funding allocations provided to the Higher Education Coordinating Board by the Legislative Budget Board for formula funding purposes described in this rider for fiscal year 2014 and fiscal year 2015 are less than the amounts appropriated above in F.1.4, UTB TSC Transition Funding for the 2014-15 biennium, the remaining appropriation amount shall lapse.

For purposes of the requirements of Article IX, Sec. 6.08 of this Act, appropriations made to the Higher Education Coordinating Board in Strategy F.1.4, UTB TSC Transition Funding and transferred to the University of Texas at Brownsville and Texas Southmost College shall be counted as if they were directly appropriated to the two institutions.

If the total amount of formula funding allocations provided to the Higher Education Coordinating Board by the Legislative Budget Board for formula funding purposes described in this rider for fiscal year 2014 and fiscal year 2015 are less than the amounts appropriated above in F.1.4, UTB TSC Transition Funding for the 2014-15 biennium, the remaining appropriation amount shall lapse.

- 22. Contingent Appropriations for Public Community and Junior Colleges Retirement Payments for 2012-13.** The Public Community and Junior Colleges total retirement contributions for the Teacher Retirement System and Optional Retirement Program are an estimated \$86,654,557 for the 2012-13 biennium.

For each fiscal year of the 2014-15 biennium, an amount from each community college district's formula allocation above equal to the amount due and payable to the state by each community college district for retirement benefits for the 2012-13 biennium, as determined by the Legislative Budget Board, is contingent on the community college district paying the Teacher Retirement System and Optional Retirement Program in full for the community college district's retirement contributions for fiscal years 2012 and 2013. Any formula allocation amounts not appropriated to the community college districts because of nonpayment of its retirement benefits are hereby appropriated to the Teacher Retirement System to pay for 2012-13 biennial benefits contributions on behalf of the community college districts.

The Legislative Budget Board will coordinate with the Comptroller of Public Accounts, the Teacher Retirement System, and the Texas Higher Education Coordinating Board to determine balances due and payable to the state from each community college district.

23. **Methodology for Student Success Points Allocation for the 2016-17 biennium.** The Public Community/Junior Colleges and the Texas Higher Education Coordinating Board shall jointly develop recommendations for an allocation system for student success points for the 2016-17 biennium. The allocation system should allocate funds to college districts for improvement in student achievement. The allocation system shall be developed in a manner that compares the performance of the college district to itself using the allocation for student success points in the 2014-15 biennium as the baseline for comparison. The Texas Higher Education Coordinating Board shall report these recommendations to the Legislative Budget Board and the Governor no later than August 1, 2014.
24. **Instruction and Administration Funding (Outcomes-Based Model).** Formula funding is allocated among Public Community/Junior Colleges based upon certified contact hours generated in the previous academic year. Ten percent of formula funding is allocated based on each community college's points earned from a three-year average of student completion of the following metrics:

(Continued)

The Texas State Technical College shall offer only such courses as are economically justified in the considered judgment of the Board of Regents. The Board of Regents shall adopt policies specifying the conditions under which classes of less than 10 students by headcount are to be considered necessary and justifiable. The Board of Regents shall direct the chancellor or other officials to review enrollment data prior to the designated Coordinating Board census date and take all necessary actions to ensure that the small classes offered on each campus are only those that conform with established policies on small classes.

4. **Certification of Compliance.** Expenditure of the funds appropriated herein above is contingent upon annual certification by the chancellor of the Texas State Technical College to the Comptroller of Public Accounts that the Texas State Technical College is in compliance with these provisions regarding budgets, accounting procedures and enrollment.
5. **Approved Geographic Locations.** None of the funds appropriated above to the Texas State Technical College shall be expended in promoting, developing or creating a campus or extension center at any other location in the state except as specified in Education Code §135.02.
6. **Temporary Special Courses.** Out of funds appropriated herein above to the Texas State Technical College in pre-apprenticeship, related training for apprentices and specialized training for journeymen and compensatory training for pre-apprenticeship and apprenticeship enrollees, and plant expansion and new plant start-up training program no more than \$50,000 per year may be spent wherever the need exists within the state in conjunction with curriculum approval by the Texas Higher Education Coordinating Board. Such expenditure of funds for these special courses are temporary in nature and outside the provision of Education Code §135.04.
7. **Aircraft Pilot Training Programs.** Funds may be used for the operation, maintenance or lease of aircraft for use in the Aircraft Pilot Training programs subject to the requirement that excess costs of flight instruction be recovered by an assessment of charge to student pilots. This income shall be separately accounted for and credited as a reduction in expenditure in the Aircraft Pilot Training Program.
8. **Approval of Plans by Foundations.** Any use of the Texas State Technical College's assets or facilities including, but not limited to, buildings, equipment or employees by existing foundations or for the promotion of foundations shall require prior approval of the Board of Regents. Approval is contingent upon receipt by the Board of Regents of a satisfactory annual plan of operation. At a minimum, this plan must specify the proposed use of any Texas State Technical College facilities, equipment, and personnel; payments made directly to Texas State Technical College personnel for services provided or expenses incurred; and donations of funds to the Texas State Technical College for designated purposes. All funds donated by foundations to the Texas State Technical College shall be received and accounted for in the same manner as all other Texas State Technical College funds. After Board of Regents approval, the plan shall be filed with the Legislative Budget Board.
9. **Campus President Salaries.** Out of the funds appropriated to each campus of Texas State Technical College, an amount not to exceed \$63,654 in 2014 and \$63,654 in 2015 may be expended for the salary of a president. All presidents may receive in addition to the above amounts a house, utilities, and/or supplement from private sources. If an institutionally owned house is not available an amount not to exceed \$7,200 per year from the appropriations above, and additional funds from gifts and grants where required, may be provided in lieu of house and utilities.
10. **Chancellor Salary.** Out of the funds appropriated, transferred, or contracted to the system office, an amount not to exceed \$70,231 in 2014 and \$70,231 in 2015 may be expended for the salary of a chancellor. The chancellor may receive in addition to the above amount a house, utilities, and/or supplement from private sources. If a system owned house is not available an amount not to exceed \$7,200 per year from the system office appropriation and additional funds from gifts and grants where required, may be provided in lieu of house and utilities.
11. **Returned Value Funding Model for Texas State Technical Colleges.** Funding is recommended for and allocated among Texas State Technical Colleges (TSTCs) based on the additional direct and indirect state tax revenues generated as a result of the education provided to students by the TSTCs. The funding methodology is based on the following components:

**SPECIAL PROVISIONS RELATING ONLY TO COMPONENTS OF TEXAS STATE
TECHNICAL COLLEGE**
(Continued)

- a. The model includes the cohort of TSTC graduates (earning an associate's degrees or certificate), transfers, and leavers (students who were not found in Texas higher education for two years following the last time they were enrolled in the TSTC) with a minimum completion of nine semester credit hours from 2006 and 2007.
- b. The cohorts were matched with Unemployment Insurance wage records for employment and wage information for five years after the students graduated from or left the TSTC to establish annual wages for each student. Direct value-added was defined as the incremental state tax revenue attributable to former TSTC students' jobs, based on the difference between former TSTC students' annual wages and a base wage representing a full-time employee earning minimum wage (7 percent of the wage delta). Indirect value-added was defined as the direct value-added multiplied by 1.5, an economic multiplier derived from a U.S. Bureau of Economic Analysis study. Total direct and indirect values-added were summed for each group of students by campus across five years.
- c. Values-added were reduced by a certain percentage, based on the assumption that the benefits would accrue both to the state and TSTCs but with only a portion of the added value included in the formula calculations.
- d. Values-added by campus were divided into the total TSTC value-added to define each institution's proportional share of overall formula funding.

The Texas State Technical College System shall continue to work with the Texas Higher Education Coordinating Board, the Legislative Budget Board and other relevant agencies to refine the new Returned Value Funding Formula for the TSTCs. It is the intent of the Legislature that recommended adjustments to the formula shall be ready for implementation in the 2016-17 biennium and shall further the goal of rewarding job placement and graduate earnings projections, not time in training or contact hours.

 - (2) include the name, salary, and total value of nonsalary benefits for each person holding a high administrative position at the institution; and
 - (3) include the percentage salary increase for each person holding a high-ranking administrative position at the institution who occupies the same position during the current fiscal year as during the preceding fiscal year.
- d. Not later than the seventh day after the date an institution of higher education submits the report required by subsection (a), the institution shall make a copy of the report available for public inspection in the library of the institution.

Sec. 6. Expenditure Provisions. The expenditure of the appropriations made in this Article or authorized in law for institutions of higher education, except bequests and gifts specifically designated to be in some manner handled otherwise, shall be subject to the provisions of this section which follow and with exceptions only as specifically noted:

1. **Annual Operating Budgets Required.** It is expressly provided that the governing board of each of the institutions of higher education named herein shall approve on or before September 1, 2013 and 2014, an itemized budget covering the operation of the ensuing fiscal year, which budget shall be prepared within the limits of the revenue available. Each institution's operating budget shall contain a section(s) which provides budget amounts and the method of finance for each listed informational item of appropriated funds contained in this Act. A copy of each budget, and any subsequent amendments thereto, shall be filed with the Legislative Reference Library and the institution's general library to be available for public inspection. Copies of each budget shall also be filed with the Legislative Budget Board, the Governor, and the Texas Higher Education Coordinating Board by December 1 of each fiscal year.
2. **Clearing Accounts.** At their option, the institutions may use their local depository bank account in lieu of the special clearing account, authorized by Education Code, §51.008(b), provided that the general requirements set out in therein, for deposits and transfers to the state treasury, are complied with.
3. **Revolving Funds.**
 - a. Each institution affected by this section, at its option, is hereby authorized to maintain a revolving fund to facilitate the payment of nominal expenses and to pay bills within cash discount periods. The institutions may use the revolving fund for regular monthly payrolls as well as for weekly and special payrolls. Disbursements from the revolving funds are to be reimbursed from respective items of educational and general appropriation made herein, the Comptroller of Public Accounts being hereby authorized to make such reimbursements on claims filed with her by the institutions under her regularly prescribed procedures except that one voucher and one warrant may cover any number of claims for this purpose. These reimbursement claims shall meet the same requirements as other claims against state appropriations, and each institution shall prepare such a reimbursement claim as at the close of business on the last day of each month and as many times during the month as may be expedient in order to make unnecessary the maintaining of an unreasonably large revolving fund.
 - b. The respective governing board shall determine the amounts of the revolving funds to be set up for each institution, and may increase or decrease the amounts if necessary. Such governing board shall designate a depository bank for each revolving fund, and shall specify the officers and/or employees to sign checks drawn on each such fund. The depository bank for each revolving fund shall be required to secure the deposit as provided by law.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

- c. Appropriations to all institutions of higher education and systems, except funds identified exclusively for salaries, may be used to reimburse any revolving fund operated for the benefit of one or more parts or component units of an institution or system, such as a motor pool for managing automotive vehicles authorized by this Act, a feed supply center, an office supply or laboratory supply center, a computer center, or any other operations of a similar nature established by authority of the governing board of said institution or system.
- 4. **Local Depositories.** The governing boards of the respective institutions for which appropriations are made in this Article are hereby authorized to select depository banks for the safekeeping of funds which are authorized, by statute, to be maintained outside the state treasury. The boards shall require depository banks to furnish adequate surety bonds or securities to be posted for the assurance of safety of such deposits. The depository bank or banks so selected are hereby authorized to pledge their securities for assurance of safety for such funds. All such local funds shall be deposited in these depositories within seven (7) days from date of collection. The governing boards may require the depository so designated and selected to pay interest on deposits at a rate to be agreed upon by said depositories and said boards.
- 5. **Investment Reports.**
 - a. The governing board of each of the educational institutions named in this Article shall file with the State Auditor, Comptroller of Public Accounts, Legislative Budget Board, and the Governor an annual report of all investment transactions involving endowment funds, short-term and long-term investment funds, and all other securities transactions, in a method prescribed by the State Auditor's Office. Copies of such reports shall be available for public inspection. In addition to the annual report, each institution shall publish on its website quarterly investment reports in any format it deems appropriate.
 - b. The governing boards of each educational institution named in this Article must adopt formal investment policies. Each governing board shall submit to the Legislative Budget Board and State Auditor's Office a copy of their investment policy by December 31 of each year.
- 6. **Central Services Accounts.**
 - a. Out of funds appropriated in this Article, the governing boards of the university systems and their component units, and institutions of higher education may employ persons to serve two or more parts or component units of the system or institution and may pay their salaries in whole or in part from the informational items of appropriation made herein to any component unit. The governing boards are authorized to establish accounts from which salaries and expenses for the administration and supervision of the units of the system or institution may be paid and to require the units, including any other agency the administration of which it may be charged with by law, to pay into this account from any general revenue, local, or institutional funds their proportionate share as determined by the board for the expense of such administration and supervision. The Comptroller of Public Accounts is authorized to set up an account for each of the systems or institutions and to deposit in the account funds to the amount authorized by the governing boards and executive heads of the respective units, from funds appropriated by the Legislature to the units for noninstructional salaries and general operating expenses. The Comptroller is authorized to draw warrants against such accounts based on vouchers submitted by the systems or institutions in payment of salaries, maintenance, equipment, or travel incidental to the administration and supervision of the respective units.
 - b. The systems and institutions whose governing boards and component units are subject to the above are authorized to establish the following accounts:
 - Texas A&M University System Central Services Account
 - The University of Texas System Central Services Account
 - University of Houston System Central Services Account
 - Texas Tech University System Central Services Account
 - University of North Texas System Central Services Account
 - Texas State University System Central Services Account

STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

- c. Travel expense incurred by a person employed by one unit of an above system or institution in connection with service to the other units may be reimbursed by the unit for which such services are performed or proportionately if more than one such unit is involved.
- 7. **Utility Revolving Funds.** The governing boards of Texas Woman's University, West Texas A&M University, all components of the University of Houston System, Texas State University System, Texas Tech University System, University of North Texas System, and The University of Texas System are authorized to use appropriated funds, except funds expressly identified for salaries, to make payments of debt service and other payments in connection with utility plant revenue bonds and utility plant operation and maintenance expenses, and/or to reimburse any revolving fund now or hereafter established in connection with providing utility services to any building or facility of the college or university, in accordance with the general principles established in Education Code, § 55.11, and the creation and maintenance of any such revolving fund is hereby authorized.
- 8. **Appropriation Expenditure Authorization.**
 - a. The educational and general appropriations made in this Act to the general academic teaching institutions, health related institutions, and Texas State Technical College may be expended for the following purposes, including, but not limited to: Instruction; Research; Public Service; Academic Support; Student Services; Institutional Support; Operation and Maintenance of Plant; Scholarships; Staff Benefits; Organized Activities; and Patient Care. Major repairs and rehabilitation of buildings and facilities may be purchased from appropriated funds, but may not be purchased from general revenue funds that are not expressly identified or allocated for such purposes.
 - b. No educational and general funds appropriated to any institution or agency named in this article may be expended on auxiliary enterprises, unless specifically authorized in this Act.
- 9. **Tuition Revenue Bonds and Revenue Bonds.** Funds clearly identified in separate informational strategies to the general academic teaching institutions and health sciences centers for revenue or tuition revenue bond retirement may be expended only to reimburse institutions or centers for debt retirement authorized by Education Code §55.17 through §55.17721 and §55.19 and any additional authorization enacted by the Eighty-third Legislature. Any funds in excess of the amount expended for regularly scheduled principal and interest for debt service reimbursements due each year shall be lapsed to the General Revenue Fund at the end of each fiscal year. Funds may be used for bond and commercial paper debt service payments, which can include principal, interest and fees.

Sec. 7. Recruitment of Students. No funds appropriated by this Act may be expended for travel expenses incurred outside the boundaries of the State of Texas for the purpose of direct recruitment of students.

Sec. 8. Television Stations Prohibited. None of the educational and general funds appropriated in this Article may be expended for the acquisition, construction, or operation of television transmitter stations; provided, however, this prohibition shall not be construed so as to prevent the institutions of higher education named in this Article from using closed-circuit television for purely instructional purposes, or to prevent institutions with existing public broadcasting or transmitter stations to use them for educational purposes, or to prevent the continuance of operating arrangements with existing transmitter stations for purely educational purposes; or to prevent cooperative arrangements with public broadcast stations.

Sec. 9. Intercollegiate Athletics. The special and general provisions of Articles III and IX of this Act shall not apply to intercollegiate athletics. The governing boards of the respective institutions of higher education shall use the appropriations in this Act to make such necessary rules and adjustments as may be deemed advisable for the management and operation of such activities; however, no funds under control of intercollegiate athletics may be used to purchase alcoholic beverages; no educational and general funds appropriated may be used for the operation of intercollegiate athletics; such rules and adjustments shall be designed to complement the rules applicable to other departments of the respective institution; and finally, such rules and adjustments shall specifically prohibit violation of National Collegiate Athletic Association (NCAA) or other governing body rules with respect to recruitment of athletes.

STATE AGENCIES OF HIGHER EDUCATION**

Sec. 10. Prohibition Against Additional Museums. None of the educational and general funds appropriated in this Article shall be used for establishing additional museums or for the maintenance and operation of museums unless the language of this Act or of other acts and resolutions of the Legislature specifically authorizes such use of educational and general funds. As an exception to this provision, in order to encourage and promote gifts, grants, or donations to institutions of higher education, it is specifically provided that an institution which receives such gifts, grants, or donations for the construction or establishment of a museum, which is added to an institution's building inventory after September 1, 1997, may use educational and general funds appropriated by this Article for the maintenance and operation of such a museum. This exception applies only to the authority to spend appropriated funds for these purposes; such museum space shall not be included in formula calculations for purposes of determining the amounts of appropriations due for maintenance or operations of institutional facilities.

Sec. 11. Method of Financing Scholarships.

1. Out of the funds identified by this Article in the informational items described as "Other Educational and General Income," the respective governing boards of the general academic teaching institutions and of the health centers, health science centers, or technical colleges may allocate and expend the actual receipts in such informational item for student scholarships pursuant to the provisions of Education Code §56.031 to §56.039, cited as the Texas Public Educational Grants Program.
2. Copies of such approved allocations together with copies of rules and regulations adopted by the respective governing boards concerning the award of such scholarships shall be filed with the Coordinating Board and with the Comptroller prior to the disbursement of any moneys for scholarships. Copies of any subsequent changes in such allocations or rules shall be similarly filed with the Coordinating Board and with the Comptroller.
3. No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.
4. Out of the additional funds appropriated for the 2014-15 biennium for the informational strategy described as "Scholarships," the respective governing boards shall allocate and expend such funds for need-based student scholarships regardless of the race, sex, color, or ethnicity of the student recipient.

Sec. 12. Use of Educational and General Funds for Alumni Activities Prohibited. None of the educational and general funds appropriated by this Article may be expended by institutions of higher education for the support or maintenance of alumni organizations or activities.

Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.

1. None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially state-supported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10 percent of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 35 percent of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10 percent of their classes with non-resident students in the case of medical and dental schools, and 35 percent in the case of The University of Texas Law School, Texas Tech University Law School, and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.

**SPECIAL PROVISIONS RELATING ONLY TO

2. In addition, The University of Texas Southwestern Medical Center at Dallas may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the DDS degree, in each second year medical school class for a specialized six year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.

Sec. 14. Off-campus Instruction. General academic institutions may use the funds appropriated in this Act to teach courses off campus with the following restrictions:

1. At the conclusion of each fiscal year, the Coordinating Board shall file a report with the Governor and the Legislative Budget Board on all general academic institutions concerning off-campus semester credit hours for that fiscal year.
2. Semester credit hours generated at upper level centers authorized by the Legislature or by the Coordinating Board, as well as at Prairie View A&M University's Houston nursing program and Texas Woman's University nursing programs in Dallas and Houston, are not considered to be off-campus.
3. All courses taught off campus must be taught by a regular faculty member or administrator who is employed at least half-time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.

Sec. 15. Medical School Enrollment. None of the funds appropriated above to The University of Texas System medical colleges, the University of North Texas Health Science Center at Fort Worth, or the Texas Tech University Health Sciences Center College of Medicine may be used for the education of first year medical students unless the first year class enrollment of undergraduate medical students in the fiscal years ending August 31, 2014, and August 31, 2015, is no less than 200 students at The University of Texas System medical colleges and 100 students at the University of North Texas Health Science Center at Fort Worth and the Texas Tech University Health Sciences Center College of Medicine. This provision shall not be construed as requiring any school of medicine to accept an unqualified applicant. In the event that a school of medicine falls below the required first year class enrollment of undergraduate medical students by more than 5 percent for fiscal years 2014 and 2015, the school shall report to the Legislative Budget Board the reasons for failing to meet the required enrollment. This information should be taken into account when preparing the appropriation recommendations for the Eighty-fourth Legislature.

Sec. 16. Tuition and Other Educational and General Local Fee Collection. No institution of higher education shall receive appropriations through formula funding in this Act unless it collects from each student whose semester credit hours are to be included in formula funding calculations all tuition and all fees in accordance with the installment tuition and fee payment plan provided for by the Education Code, (Chapter 54, as amended) on or before the end of the 20th class day for each regular semester and the 15th class day for each summer session. Valid contracts with the United States Government for instruction of eligible military personnel and valid contracts with private business and public service-type organizations or institutions such as hospitals may be considered as collections thereunder but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.

Sec. 17. Compliance with Uniform Recruitment and Retention Strategy. Institutions of higher education shall use the appropriations in this Act to give top priority and consideration to compliance with the spirit and mandates of the Uniform Recruitment and Retention Strategy.

Sec. 18. Formula Variable and Educational and General Income Audits. The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board shall clearly define all variables used by the Eighty-third Legislature in arriving at formula appropriations for fiscal years 2014 and 2015. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected

formulas used in making fiscal years 2014 and 2015 formula appropriations are subject to audit by the State Auditor. The State Auditor shall report any differences from data submitted by the institutions to the Coordinating Board, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Auditor. These calculations shall then be reported to the Legislative Budget Board, Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the biennial appropriations related to the variables audited at that institution.

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years 2014 and 2015 are subject to audit by the State Auditor.

The State Auditor may request the assistance of an institution's internal auditor in performing the audits described in this section.

Sec. 19. System Offices Funding Authorized. Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas Tech University, University of North Texas, Texas State University System, and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for coordination, administration, and other related services.

Sec. 20. Annual Reports of Health Related Institutions Practice Plans. As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of 120 days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the Legislative Budget Board, the Legislative Reference Library, and the Comptroller of Public Accounts an annual report as of August 31 of the preceding fiscal year showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.

Sec. 21. Self-insurance Funds. Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by Government Code §2259.001 for a risk otherwise insurable by the institution of higher education shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that term is used in §51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

Sec. 22. Uncompensated Care Reporting Requirement. The public health-related institutions shall use the appropriations in this Act to include in their biennial legislative appropriations request information including the actual amount of uncompensated care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the uncompensated care reporting requirement established by the Health and Human Services Commission.

Uncompensated care includes the unreimbursed costs for the uninsured (those with no source of third party insurance) and the underinsured (those with insurance who after contractual adjustment and third party payments have a responsibility to pay for an amount they are unable to pay). Uncompensated care also includes the unreimbursed cost from governmental sponsored health programs. To calculate uncompensated care, charges will be converted to costs by application of a standard, auditable ratio of cost to charge and providers will recognize appropriate patient specific funding and lump sum funding available to offset costs. Any amounts received by the Physician Practice Plan from Upper Payment Limit shall be counted as payments received for uncompensated care.

Sec. 23. County Indigent Care Contracts.

1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
2. **County Indigent Care Contracts Reporting.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually (no later than December 1st) to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

Sec. 24. Ethics Policy.

1. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board an ethics policy which has been adopted by the board of regents. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.
2. The ethics policy adopted by each board of regents shall include specific provisions regarding sexual harassment.

Sec. 25. Driscoll Children's Hospital. No funds appropriated to a health-related institution of higher education shall be used to replace or duplicate the Driscoll Children's Hospital in caring for children with special health-care needs, including pediatric cardiovascular diseases, or in assuming the direct care of those children. This rider language shall not restrict the traditional referral patterns utilized by physicians to refer patients to health-related institutions.

Sec. 26. Participation in Drug Development Research Projects. A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under §576.022, Health and Safety Code.

Sec. 27. Post Tenure Review. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board policies and procedures regarding post tenure review which have been adopted by the board of regents. Post tenure policies shall include review procedures to determine that a tenured faculty member is performing consistently at an acceptable, professional level and a mechanism whereby a faculty member is informed of any deficiencies and provided opportunities to effectively improve his or her performance.

Sec. 28. General Academic Funding. Appropriations made in this Act for formula funding for general academic institutions will consist of four formulas and supplemental items.

1. **Instruction and Operation Formula.** The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the 2014-15 biennium is \$54.86 in Fiscal Year 2014 and Fiscal Year 2015.

Weighting is determined by the following matrix:

	Lower Div.	Upper Div.	Masters	Doctoral	Special Professional
Liberal Arts	1.00	1.71	3.87	9.72	
Science	1.78	3.02	7.59	21.82

2. **Teaching Experience Supplement.** For the 2014-15 biennium, an additional weight of 10 percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by 10 percent per biennium, up to 50 percent.

3. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$5.56 in Fiscal Year 2014 and Fiscal Year 2015.

4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue bond payments, Skiles Act bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.

5. The General Academic Instruction and Operations and Infrastructure formulas shall incorporate the Higher Education Coordinating Board's October 2006 recommendations for mission-specific formula funding for Texas A&M University at Galveston.

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2014.

Sec. 29. Health Related Institutions Funding. Appropriations made in this Act for formula funding for health related institutions shall consist of three formulas plus supplemental non-formula items.

1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$9,527 in Fiscal Year 2014 and Fiscal Year 2015:

<u>Program</u>	<u>Weight Per Student</u>
Allied Health	1.000
Biomedical Science	1.018
Nursing	1.138
Pharmacy	1.670
Public Health	1.721
Dental	4.601
Medical	4.753

STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

Instructional programs with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health-related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$6.63 in Fiscal Year 2014 and Fiscal Year 2015 for all health related institutions, excluding The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler. For these two institutions, the per square foot rate is \$6.09 in Fiscal Year 2014 and Fiscal Year 2015.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall be included in the total funding for hospital and center operations.

3. **Research Funding.** The health-related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 1.22 percent in Fiscal Year 2014 and Fiscal Year 2015 of its research expenditures as reported to the Texas Higher Education Coordinating Board.
4. **Graduate Medical Education Formula.** The Graduate Medical Education Formulas shall provide funding on a per medical resident basis. Funding is based on a base value of \$10,244 per medical resident in an accredited program. Appropriations for Graduate Medical Education for Fiscal Year 2014 and Fiscal Year 2015 are \$5,122 per resident.
5. **Health Related Institution Graduate Medical Education.** The funds appropriated above in each of the health-related institutions bill pattern titled Graduate Medical Education (GME) shall be spent to increase the number of resident slots in the State of Texas as well as faculty costs relating to GME. In addition, each health-related institution shall work with the Higher Education Coordinating Board to develop new performance measures relating to increasing the number of resident slots in the State of Texas.
6. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance, workers' compensation insurance, unemployment insurance, public education grants, medical loans, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Hospital and clinic operations shall be funded through a combination of hospital and clinic revenue and general revenue.
7. **Formula Study Committees.** These formulas shall be reviewed and updated by study committees appointed by the Texas Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2014.
8. **Mission Specific Support.** The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler do not provide formal medical education which qualifies for instruction support under subsection 1 above. Therefore, funding allocated to these institutions shall be based on the following criteria:
 - a. The General Revenue Operations formula funding provided to The University of Texas M.D. Anderson Cancer Center in Strategy A.2.1, Cancer Center Operations, shall be based on the total number of Texas cancer patients served at The University of Texas M. D. Anderson Cancer Center. General Revenue appropriations for Fiscal Years 2014 and 2015 shall be based on the number of total Texas cancer patients served in 2012. The rate per patient shall be \$1,944 in Fiscal Year 2014 and Fiscal Year 2015 for Strategy A.2.1, Cancer Center Operations. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.

- b. The University of Texas Health Science Center at Tyler has a statutory mission to conduct research, develop diagnostic and treatment techniques, provide training and teaching programs, and provide diagnosis and treatment of inpatients and outpatients with pulmonary, respiratory and other diseases of the chest. General Revenue funds appropriated to The University of Texas Health Science Center at Tyler in Strategy A.1.2, Chest Disease Center Operations, shall be based on the number of cases in which disease diagnoses are treated by The University of Texas Health Science Center at Tyler. JJD shall direct necessary general revenue funding to ensure that the federal match for the Title IV-E Social Security Act is maximized for use by participating counties. Such federal receipts are appropriated to JJD for the purpose of reimbursing counties for services provided to eligible children. In accordance with Article IX, Section 8.03(a) of this Act, when reporting Federal Funds to the Legislative Budget Board, JJD must report funds expended in the fiscal year that funds are disbursed to counties, regardless of the year in which the claim was made by the county, received by JJD, or certified by JJD.

Counties are not eligible to receive these funds until the funds initially allocated at the beginning of each fiscal year have been expended at the rate of \$86 per student per day of attendance. Counties in which populations exceed 72,000 but are 125,000 or less, may participate in the JJAEP and are eligible for state reimbursement at the rate of \$86 per student per day.

The cost per day information shall include an itemization of the costs of providing educational services mandated in the Texas Education Code § 37.011. This itemization shall separate the costs of mandated educational services from the cost of all other services provided in JJAEPs. Mandated educational services include facilities, staff, and instructional materials specifically related to the services mandated in Texas Education Code, § 37.011. All other services include, but are

- a. Transfers under this section may be made only if (1) juvenile correctional populations exceed appropriated areas of daily population targets or (2) for any other emergency expenditure, including expenditures necessitated by public calamity.
 - b. A transfer authorized by this section must receive prior approval from the Governor and the Legislative Budget Board.
 - c. The Comptroller of Public Accounts shall cooperate as necessary to assist the completion of a transfer and spending under this section.

Such rate shall be divided by the number of days required in §21.401, Texas Education Code, for 10-month employees, and the resulting daily rate shall be multiplied by the number of on-duty days required of JJD educators, resulting in the adjusted annual salary. The adjusted annual salary is to be divided by 12 to arrive at the monthly rate. 4. **Laboratory Testing.** It is the intent of the Legislature that laboratory testing for animal diseases be performed at the Texas Veterinary Medical Diagnostic Lab (TVMDL) to the extent of its capabilities, unless the Texas Animal Health Commission (TAHC) State-Federal Laboratory can perform the testing for TAHC programs more cost effectively. Furthermore, the TAHC will use funds appropriated by this Act to enter into an interagency memorandum of understanding to work with TVMDL to reduce duplication and ensure that all testing is performed in Texas to the extent possible.

are appropriated contingent upon the Texas Animal Health Commission assessing fees sufficient to generate, during the 2014-15 biennium, revenue to cover the General Revenue appropriations funded by this Strategy in an amount equal to \$379,705 per fiscal year.

In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to be within the amount of revenue expected to be available. Further, in the event that actual receipts or revenue collections are in excess of \$644,960 per fiscal year (Object Code 3420) contained in the Comptroller of Public Accounts' Biennial Revenue Estimate for fiscal years 2014 and 2015, the Texas Animal Health Commission is authorized to expend these funds. However, such expenditures must comply with limitations established for salary and capital expenditures, employment levels, and other provisions contained in Article IX of this Act.

4. **Funding Source for Interagency Transfers to the Unemployment Compensation Special Administration Account No. 165.** Funds identified in the method of financing above, Interagency Transfers to the Unemployment Compensation Special Administration Account No. 165, include agency reimbursements from appropriations made elsewhere in this Act to GR-Dedicated Account No. 165. These amounts are estimated. Account No. 165 shall be reimbursed for one-half of the unemployment benefits paid from appropriations made in this Act to the state agency that previously employed each respective former state employee whose payroll warrants were originally issued in whole or in part from the General Revenue Fund, a dedicated General Revenue Account, Federal Funds or Other Funds, such as State Highway Fund No. 006.
5. **Proportionality Requirements for Agency Reimbursements related to Unemployment Compensation Benefits.** From information related to unemployment benefits paid on behalf of previously employed former state employees provided by the Texas Workforce Commission, the Comptroller shall determine the proportionate amount of the reimbursement or payment due from the General Revenue Fund, any General Revenue-Dedicated Accounts, Federal Funds or Other Funds from appropriations made elsewhere in this Act to state agencies. The Comptroller shall transfer these amounts of appropriations made elsewhere in this Act to the Unemployment Compensation Special Administration Account No 165. The amounts reimbursed pursuant to this provision are hereby appropriated to the Unemployment Compensation Special Administration Account No. 165 for the purpose of reimbursing the Unemployment Compensation Benefit Account No. 937. These reimbursement requirements may be waived, either in whole or in part, by the Legislative Budget Board.
6. **Cash Flow Contingency.** Contingent upon the receipt of state agency reimbursements, the Texas Workforce Commission (TWC) may temporarily utilize additional GR-Dedicated Unemployment Compensation Special Administration Account No. 165 funds, in an amount not to exceed the anticipated state agency reimbursement. The Account No. 165 amounts utilized above amounts appropriated from penalty and interest collections as identified in Rider 2(a) must be repaid upon receipt of state agency reimbursements for previously paid payroll warrants and shall be utilized only for the purpose of temporary cash flow needs. These transfers and repayments shall be credited to the fiscal year being reimbursed and shall be made in accordance with established state accounting procedures. All transfers of the method of finance shall be reported by the TWC on a monthly basis to the Legislative Budget Board and Governor.

shall not be appropriated any state funds from such renegotiated interagency contract until it gives prior written notice to the Legislative Budget Board and the Governor, accompanied by written permission of the TCEQ.

3. **Benefit Collection.** Agencies that enter into contracts with the State Office of Administrative Hearings (SOAH), for the purpose of performing the hearings function, and make payments to SOAH from funding sources other than General Revenue, must reimburse SOAH for employee benefit costs for salaries and wages. These reimbursements to SOAH will then be paid to the General Revenue Fund in proportion to the source of funds from which the respective salary or wage is paid.
4. **Contingency Appropriation for Expanded Jurisdiction.** Contingent on the enactment of legislation by the Eighty-third Legislature transferring the hearings functions of other state agencies to the State Office of Administrative Hearings (SOAH), or otherwise expanding the jurisdiction of the office, SOAH may expend funds transferred to the office from those agencies or funds appropriated for the purpose of handling the expanded jurisdiction, pursuant to provisions elsewhere in this Act. Appropriations authorized pursuant to this provision may be expended only to implement the transferred functions or expanded jurisdiction. All funds collected by SOAH as payment for, or reimbursement of, the office's costs of providing services to other state agencies or governmental entities, or others as directed by the Legislature, are appropriated to SOAH for its use during the biennium.
5. **Hearings Activity Report.** By May 1st and November 1st of each fiscal year, the State Office of Administrative Hearings (SOAH) shall submit to the Legislative Budget Board and the Governor a report detailing hearings activity conducted during the prior two fiscal year quarters. The report shall indicate in a format prescribed by the Legislative Budget Board, for each agency served by method of finance, the projected and actual person hours allocated to the agency's cases and the cost, both direct and indirect, of conducting the hearings. The report shall also indicate in a format prescribed by the Legislative Budget Board, for each agency served, the projected and actual number of cases received, the number of transcripts requested by Administrative Law Judges, number of cases disposed of, the number of administrative fine cases disposed of and the median number of days between the date a case is received by SOAH and the date the case is finally disposed of, and any other information requested by the Legislative Budget Board during the reporting period.

7. **Billing Rate for Workload.**
 - a. Unless otherwise provided, amounts appropriated above and elsewhere in this Act for funding for the payment of costs associated with administrative hearings conducted by the State Office of Administrative Hearings (SOAH) are based on an hourly rate of \$100 per hour for each hour of work performed during each fiscal year as reflected by the SOAH's Legislative Appropriation Request and Hearings Activity Report to the Eighty-third Legislature.
 - b. Notwithstanding other provisions in this Act, amounts for the payment of costs associated with administrative hearings conducted by SOAH for the Comptroller of Public Accounts shall be established through an interagency contract between the two agencies.  - (D) if exceptions are reported as prescribed for payroll reporting procedures.

Sec. 3.05. Evening, Night, Weekend Shift Pay: Registered Nurses and Licensed Vocational Nurses. A state agency may pay an additional evening shift or night shift differential not to exceed 15 percent of the monthly pay rate to registered nurses or licensed vocational nurses who work the 3:00 p.m. to 11:00 p.m. shift, or its equivalent, or who work the 11:00 p.m. to 7:00 a.m. shift, or its equivalent. The weekend shift salary differential may be paid to an eligible individual in addition to the evening shift or night shift salary differential.

Sec. 3.06. Recruitment and Retention Bonuses. A state agency may pay a bonus to an individual as provided by §659.262, Government Code.

Sec. 3.07. Equity Adjustments.

- (a) A state agency is authorized to adjust the salary rate of an employee whose position is classified under the position classification plan to any rate within the employee's salary group range as necessary to maintain desirable salary relationships:
 - (1) between and among employees of the agency; or
 - (2) between employees of the agency and employees who hold similar positions in the relevant labor market.

SALARY ADMINISTRATION AND EMPLOYMENT PROVISIONS

(Continued)

- (b) In determining desirable salary relationships under Subsection (a), a state agency shall consider the education, skills, related work experience, length of service, and job performance of agency employees and similar employees in the relevant labor market.
- (c) A state agency may award an equity adjustment to an employee under this section only if:
 - (1) the employee has worked in the employee's current position for not less than six months while maintaining at least a satisfactory level of job performance; and
 - (2) the adjustment does not take effect during the same fiscal year as another equity adjustment made to the employee's salary under this section.
- (d) A state agency shall adopt internal written rules relating to making equity adjustments under this section. The rules shall include procedures under which the agency will review and analyze the salary relationships between agency employees who receive salaries under the same job classification and perform the same type and level of work to determine if inequities exist.

Sec. 3.08. Classification Study on Scheduled Exempt Positions. The State Auditor's Office is directed to conduct a study (which is similar to the biennial study performed by the Auditor's office on the state's classification plan under Chapter 654, Government Code) that reviews the compensation of exempt positions and executive compensation as provided in Articles I through VIII of the General Appropriations Act. The study should compare exempt positions from different agencies and take into account the size of an agency's annual appropriations, the number of full-time equivalent employees (FTEs) of the agency, market average compensation for similar executive positions, the exempt position salary as compared to classified positions within the agency, and other objective criteria the Auditor's Office deems appropriate. The study shall be submitted to all members of the Legislature and the director of the Legislative Budget Board no later than September 1, 2014.

Sec. 3.09. Method of Salary Payments. All annual salaries appropriated by this Act are for full-time employment unless specifically designated as part-time. This section may not be construed to prevent the chief administrator of an agency from paying less than the maximum salary rate specified in this Act for a position, or the employment of a part-time employee to fill a regular position provided for in this Act, so long as the salary rate for such part-time employee is proportional to the regular rate for full-time employment.

Sec. 3.10. Exception - Contracts Less Than 12 Months. Facilities of the Texas Juvenile Justice Department in Article V or institutions of higher education or the schools for the blind or deaf in Article III of this Act that make contracts for less than a twelve-month period may pay salaries in equal monthly payments for the period of the contract.

Sec. 3.11. Matching Retirement and Certain Insurance. In each instance in which an operating fund or account is created and named by statute, the responsible officials of the state may transfer into the operating fund or account sufficient monies from treasury funds, local, institutional, or federal funds to pay proportionally the costs of matching state employees' retirement contributions and the state's share of Old Age and Survivors Insurance.

PART 4. GRANT-MAKING PROVISIONS

Sec. 4.01. Grant Restriction. Funds appropriated by this Act may not be expended for a grant to a law enforcement agency regulated by Chapter 1701, Occupations Code, unless:

- (1) the law enforcement agency requesting the grant is in compliance with all rules developed by the Commission on Law Enforcement Officer Standards and Education; or
- (2) the Commission on Law Enforcement Officer Standards and Education certifies that the requesting agency is in the process of achieving compliance with such rules.

Sec. 4.02. Grants.

agency may specify. A state agency shall distribute grants on a reimbursement or as needed basis unless otherwise provided by statute or otherwise determined by the grantor agency to be necessary for the purposes of the grant.

- (b) Funds appropriated by this Act for grants to be made by a state agency for a particular fiscal year may be distributed in subsequent fiscal years so long as the grant has been awarded and treated as a binding encumbrance by the grantor agency prior to the end of the appropriation year of the funds appropriated for grant purposes. Distribution of the grant funds is subject to §403.071, Government Code.

Sec. 4.03. Grants for Political Polling Prohibited. None of the funds appropriated by the Act may be granted to or expended by any entity which performs political polling. This prohibition regarding political polling does not apply to a poll conducted by an academic institution as a part of the institution's academic mission that is not conducted for the benefit of a particular candidate or party.

Sec. 4.04. Limitation on Grants to Units of Local Government.

- (a) The funds appropriated by this Act may not be expended in the form of a grant to, or a contract with, a unit of local government unless the terms of the grant or contract require that the funds received under the grant or contract will be expended subject to limitations and reporting requirements similar to those provided by:
 - (1) Parts 2 and 3 of this Article (except there is no requirement for increased salaries for local government employees);
 - (2) §§556.004, 556.005, and 556.006, Government Code;
 - (3) §§2113.012 and 2113.101, Government Code;
 - (4) §6.13 of this Article (Performance Rewards and Penalties);
 - (5) §7.01 of this Article (Budgeting and Reporting);
 - (6) §7.02 of this Article (Annual Reports and Inventories); and
 - (7) §2102.0091, Government Code.
- (b) In this section, "unit of local government" means:
 - (1) a council of governments, a regional planning commission, or a similar regional planning agency created under Chapter 391, Local Government Code;
 - (2) a local workforce development board; or

PART 5. TRAVEL REGULATIONS

Sec. 5.01. Travel Definitions. The definitions established by §660.002, Government Code, apply to Part 5 of this Article, unless another meaning is clearly provided. In Part 5 of this Article:

community center as defined by Health and Safety Code, Sec. 534.001(b), that uses funds appropriated by this Act to pay for the transportation, meals, lodging, or other travel expenses of its employees.

Sec. 5.02. General Travel Provisions. The funds appropriated by this Act to a state agency for the payment of transportation, meals, lodging, or incidental expenses is the maximum amount that may be expended by the agency. The funds appropriated by this Act may not be expended for those expenses unless the travel and the resulting requests for payment or reimbursement comply with the conditions and limitations in this Act, Chapter 660, Government Code, and the Comptroller's Rules.

Sec. 5.03. Transportation Expenses. For a state employee's use of a personally owned or leased motor vehicle, the mileage reimbursement rate for travel equals the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations as announced by the Comptroller.

Sec. 5.04. Transportation in Personally Owned or Leased Aircraft. The rate of reimbursement to be paid to a state employee, key official, member of a board, commission, or a member of the Legislature for travel in the person's personally owned or leased aircraft, either within or without the boundaries of this state, is the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations or alternatively as determined by the Comptroller the rates adopted by the United States Administrator of General Services as announced by the Comptroller.

Sec. 5.05. Travel Meals and Lodging Expenses.

- (a) A state employee who travels within the continental United States shall be reimbursed for the actual cost of lodging and meals. However, the reimbursements may not exceed the maximum meals and lodging rates based on the federal travel regulations issued by the United States General Services Administration. The maximum lodging rate allowance for Texas cities and counties that do not have a specific federal per diem rate set for that city or county shall not be more than \$85 per night unless the chief administrator of a state agency or designee of the chief administrator of a state agency determines that local conditions necessitate a change in the lodging rate for a particular location.
- (b) At the discretion of each chief administrator of a state agency, a state employee whose duties require the employee to travel outside the employee's designated headquarters without an overnight stay away from the employee's headquarters may be reimbursed for the actual cost of the employee's meals not to exceed \$36.
- (c) A state employee may receive reimbursements for the employee's actual expenses for meals and lodging when traveling outside the continental United States.
- (d) A state agency or institution may reimburse a state employee for a meal expense the employee incurs while traveling outside the employee's designated headquarters for less than six consecutive hours if the reimbursement:
 - (1) receives the written approval by the chief administrator of the state agency or institution;
 - (2) meets the rules adopted by the Comptroller regarding reimbursement for traveling outside the employee's designated headquarters for less than six consecutive hours; and
 - (3) complies with §660.206, Government Code.

Sec. 5.06. Special Provisions Regarding Travel Expenses. Reimbursement for meals and lodging as authorized by Subchapter H, Chapter 660, Government Code, on an "actual expenses" or "actual amount of" basis may not exceed twice the maximum rates specified in §5.05 of this Article.

Sec. 5.07. Travel and Per Diem of Board or Commission Members.

- (a) As authorized by §659.032, Government Code, the per diem of state board and commission members consists of:

TRAVEL REGULATIONS

(Continued)

- (1) compensatory per diem, if specifically authorized by law, at \$30 per day; and
- (2) at the rates provided by this Act for state employees, expense per diem, which includes:
 - (A) reimbursement of actual expenses for meals, at the rates provided by this Act for state employees;
 - (B) lodging at the rates provided by this Act for state employees;
 - (C) transportation at the rates provided by this Act for state employees; and
 - (D) incidental expenses.
- (b) If a law enacted after former Article 6813f, VTCS, (September 1, 1983), authorizes per diem for members of a particular state board or commission, but does not specify the amount of the per diem, then the amount of the per diem is the amount provided by Subsection (a).
- (c) A full-time employee paid from funds appropriated by this Act may not be paid both a salary and compensatory per diem for concurrent service as a state employee and as a board or commission member.

Sec. 5.08. Travel of Advisory Committee Members.

- (a) For the purpose of this section, the term "advisory committee" has the meaning assigned by §2110.001, Government Code.
- (b) In addition to the limits placed on reimbursement of advisory committee member expenses by this section and to the extent not otherwise limited by this Act or other law, a member of a state agency advisory committee may be reimbursed, at the rates specified in this Act for a state employee, for actual expenses for meals, lodging, transportation, and incidental expenses.
- (c) The funds appropriated by this Act may not be expended to reimburse a member of a state agency advisory committee for expenses associated with conducting committee business, including travel expenses, unless the expenditures for an advisory committee are within the limits provided by this section and other law and are:
 - (1) specifically authorized by this Act; or
 - (2) approved by the Governor and the Legislative Budget Board subsequent to the effective date of this Act.
- (d) The limitations provided by this section do not apply to an advisory committee established by the governing board of a retirement system trust fund.
- (e) The limitations provided by this section apply only to an advisory committee that is subject to Chapter 2110, Government Code.

PART 6. GENERAL LIMITATIONS ON EXPENDITURES

Sec. 6.01. Definitions. In this Act "unexpended balance" or the abbreviation "UB" means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to "unexpended balance" or "UB" is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2014, unless another meaning is clearly indicated.

Sec. 6.02. Interpretation of Estimates. In the event the amounts of federal funds, local funds, or funds other than appropriations from the General Revenue Fund, have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional funds from General Revenue to make up such differences. Wherever the

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

language of this Act appropriates all receipts or balances from a specified source but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

Sec. 6.03. Excess Obligations Prohibited.

- (a) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.
- (b) As a specific exception to Subsection (a) the Comptroller of Public Accounts may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.
- (c) A determination made by the Comptroller of Public Accounts under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.
- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply the amount to the payment of the obligation.
- (e) This provision is specified pursuant to §10, Article XVI, Texas Constitution.

Sec. 6.04. Interpretation of Legislative Intent. Funds appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event an agency cannot determine legislative purpose from the pattern of appropriations, the agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this state.

Sec. 6.05. Comptroller's Duty to Pay. The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

Sec. 6.06. Last Quarter Expenditures.

- (a) A state agency or other governmental unit using funds appropriated by this Act may not expend during the last quarter of a fiscal year more than one-third of the funds appropriated for that fiscal year.
- (b) Specifically exempted from Subsection (a) are:
 - (1) expenditures contracted for in previous quarters;
 - (2) funds required by statute, rule or regulation to be expended on a different time frame;
 - (3) seasonal employment of personnel;
 - (4) construction contracts;
 - (5) contracts dealing with purchases of food, medicines, or drugs;
 - (6) expenditures related to the Children with Special Health Care Needs program operated by the Department of State Health Services; and
 - (7) expenditures occasioned by disaster or other Act of God.
- (c) The funds exempted, under Subsection (b) may not be considered in the computation of the total funds appropriated in a fiscal year for the purpose of applying Subsection (a).

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

Sec. 6.07. Employee Benefit and Debt Service Items.

- (a) Funds appropriated in the various Articles of this Act for "Employees Retirement System," "Social Security State Match," "Benefit Replacement Pay," "Texas Public Finance Authority-G.O. Bond Debt Service Payments," and "Lease-Payments to the Texas Public Finance Authority" may be transferred between Articles to a like appropriation item without limitation as to the amount of such transfer.
- (b) An agency to which an appropriation listed under Subsection (a) is made may pool such appropriations, made in the various Articles for a common purpose, into a single cost pool for the purpose of administering the appropriation.

Sec. 6.08. Benefits Paid Proportional by Fund.

- (a) Unless otherwise provided, in order to maximize balances in the General Revenue Fund, payment for benefits paid from appropriated funds, including "local funds" and "education and general funds" as defined in §51.009 (a) and (c), Education Code, shall be proportional to the source of funds except for public and community junior colleges.
- (b) Unless otherwise specifically authorized by this Act, the funds appropriated by this Act out of the General Revenue Fund may not be expended for employee benefit costs, or other indirect costs, associated with the payment of salaries or wages, if the salaries or wages are paid from a source other than the General Revenue Fund except for public community or junior colleges. For purposes of this Act, a public community or junior college may expend funds appropriated for employee benefit costs for any employee if the employee is: (1) otherwise eligible to participate in the group benefits program; and (2) an instructional or administrative employee whose salary may be fully paid from funds appropriated under the General Appropriations Act, regardless of whether the salary is actually paid from appropriated funds. Payments for employee benefit costs for salaries and wages paid from sources, including payments received pursuant to interagency agreements or as contract receipts, other than the General Revenue Fund shall be made in proportion to the source of funds from which the respective salary or wage is paid or, if the Comptroller determines that achieving proportionality at the time the payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.
- (c) The Comptroller, after consulting with the Legislative Budget Board and the State Auditor's Office, shall develop and maintain rules to provide for the administration of this section.
- (d) Each agency or institution of higher education (excluding a community or junior college) having General Revenue Fund appropriations and other sources of financing shall file with the Comptroller and the State Auditor a report demonstrating proportionality. The report shall be filed before November 20th following the close of the fiscal year for the salaries, wages, and benefits of the preceding year ended August 31. The report shall be in a format prescribed by the Comptroller in collaboration with the Legislative Budget Board and the State Auditor's Office. The State Auditor shall at least biennially review agency and institution (excluding a community or junior college) compliance with the requirements of this section if the agency or institution (excluding a community or junior college) receives funds appropriated under Articles II, III, or VI of this Act. The Comptroller, on receipt of notification from the State Auditor of amounts disproportionately paid from General Revenue Fund appropriations, shall reduce current year General Revenue Fund appropriations of the agency or institution until such time as such amounts are repaid from sources other than the General Revenue Fund.
- (e) Should legislation limiting General Revenue related funds for benefit contributions to 50 percent of the state contributions for Public Community/Junior Colleges not be adopted by the Eighty-third Legislature, Regular Session, this section shall apply to Public Community/Junior Colleges.

Sec. 6.09. Appropriations from Special Funds. Notwithstanding other provisions of this Act, appropriation amounts from special funds or special accounts in the General Revenue Fund are specifically limited to amounts not to exceed the actual balances and revenues available to each such fund or account.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

Sec. 6.10. Limitation on State Employment Levels.

- (a) (1) A state agency or institution of higher education may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal quarter to exceed the figure indicated by this Act for that state agency or institution without first reporting that use of funds to the Governor and the Legislative Budget Board at a time not later than the last day of the first month following each quarter of the fiscal year.
- (2) In addition to the reporting requirement of Subsection (a)(1) of this section, without the written approval of the Governor and the Legislative Budget Board a state agency or institution of higher education may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal quarter to exceed the lesser of either:
 - (A) one hundred and ten percent (110%) of the FTE figure indicated by this Act for that state agency or institution; or
 - (B) one hundred percent (100%) of the figure indicated by this Act for that state agency or institution plus fifty (50) FTEs.
- (b) (1) A report by a state agency or institution of higher education of exceeding the FTE limitations established by this section must be submitted by the governing board of the state agency or institution of higher education (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board or the governing board has not met) and must include at a minimum:
 - (A) the date on which the board (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board or the governing board has not met) approved the report;
 - (B) a statement justifying the need to exceed or reduce the limitation;
 - (C) the source of funds to be used to pay any additional salaries; and
 - (D) an explanation as to why the functions of any proposed additional FTEs cannot be performed within current staffing levels.
- (2) A request by a state agency or institution of higher education to exceed the FTE limitations established by this section must be submitted by the governing board of the state agency or institution of higher education (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board) and must include at a minimum:
 - (A) the date on which the board (if the agency has a governing board) or the chief administrative officer (if the agency does not have a governing board) approved the request;

 - (C) the source of funds to be used to pay any additional salaries; and
 - (D) an explanation as to why the functions of any proposed additional FTEs cannot be performed within current staffing levels.
- (c) An agency or institution may make a preliminary report to the Governor and the Legislative Budget Board without meeting the requirements of Subsection (b)(1)(A) if the governing board of the agency or institution has not met within the reporting time.
- (d) For the purpose of Subsections (a) and (b), the number of FTEs employed by a state agency (not including an institution of higher education or an affiliated entity, the State Preservation Board, Parks and Wildlife Department, Texas School for the Blind and Visually Impaired, Texas School for the Deaf, and Texas Commission on Environmental Quality) for a fiscal quarter:
 - (1) shall be determined in accordance with the report filed pursuant to § 2052.103, Government Code;
 - (2) shall include only employees paid with funds appropriated through this Act;

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (3) shall not include overtime hours; and
 - (4) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.
- (e) For the purpose of Subsections (a) and (b), the number of FTEs employed by the State Preservation Board, Texas Commission on Environmental Quality, the Parks and Wildlife Department, the Texas School for the Blind and Visually Impaired, the Texas School for the Deaf, or an institution of higher education or an affiliated entity, for a fiscal year:

 - (2) shall be an average of the four reports filed for that fiscal year;
 - (3) shall include only employees paid with funds appropriated through this Act;
 - (4) shall not include overtime hours; and
 - (5) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.
- (f) This section shall not apply to appropriations made by this Act to the:
- (1) Office of the Governor; or
 - (2) Comptroller.
- (g) The limitations on FTEs under this section do not apply to a state agency or institution in instances of employment, including employment of temporary or contract workers, directly associated with events declared disasters by the Governor. Each state agency or institution shall annually notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this section.
- (h)(1) The limitations on FTEs under this section do not apply to a state agency or institution in an instance of employment for a project, including employment of a temporary or contract worker, if the FTEs associated with that project are not included in the number of FTEs allowed in the agency's bill pattern and the employees are associated with:
- (A) implementation of a new, unanticipated project that is 100 percent federally funded; or
 - (B) the unanticipated expansion of an existing project that is 100 percent federally funded.
- (2) With regard to the exemption from the FTE limitations provided by this Subsection (h), a state agency or institution is exempt from the FTE limitations only for the duration of the federal funding for the employment related to the project and all salaries, benefits, and other expenses incurred related to employment must be paid from federal funds.
 - (3) This Subsection (h) does not exempt any employees associated with existing projects that are 100 percent federally funded and included in the number of FTEs allowed in the agency's bill pattern.
 - (4) Each state agency or institution shall notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this Subsection (h).
- (i) If a program is transferred from a state agency or institution of higher education, then at any time during the biennium, the Legislative Budget Board and the Governor may agree to reduce the

number of FTEs paid from funds appropriated by this Act by the state agency or institution of higher education for one or more fiscal quarters to a figure below that indicated by this Act for that agency or institution.

- (j) The limitations on FTEs under this section do not apply to a state agency or institution of higher education in an instance of employment, including employment of a temporary or contract worker, if the employee is paid from appropriations of gifts and grants under Section 8.01 of this Article.
- (k) The requirements of requesting and reporting under this section do not apply to a state agency or an institution of higher education with fewer than 50 FTEs allowed in the agency's or institution's bill pattern.

Sec. 6.11. Purchases of Postage.

- (a) If the expenditures for postage by an agency, other than the Legislature or an institution of higher education, exceed \$4,000 for a fiscal year, the agency shall purchase postage only in accordance with §2113.103(c), Government Code.
- (b) The amount received by an agency as a refund of postage used by the agency shall be deposited in the fund to the credit of the appropriation from which postage for the agency is paid and is appropriated to the agency for postage use.

Sec. 6.12. Expenditures for State-Federal Relations.

- (a) Funds appropriated by this Act may not be spent by a state agency to carry on functions for which funds have been appropriated to the Office of State-Federal Relations to perform except when an interagency contract has been executed between the Office of State-Federal Relations and the state agency.
- (b) Prior to travel to the Washington, D.C. area, including any trip with a destination to the Reagan-National, Dulles, or Baltimore Washington International airports, state agency personnel shall inform the Office of State-Federal Relations regarding:
 - (1) the timing of the trip;
 - (2) the purpose of the trip; and
 - (3) the name of a contact person for additional information.
- (c) Under Subsection (b) the term "travel" is limited to only activities:
 - (1) involving obtaining or spending federal funds; or
 - (2) impacting federal policies.

Sec. 6.13. Performance Rewards and Penalties.

- (a) It is the intent of the Legislature that appropriations made by this Act be utilized in the most efficient and effective manner possible to achieve the intended mission of each state agency and institution. In order to achieve the objectives and service standards established by this Act, agencies and institutions shall make every effort to attain the designated key performance target levels associated with each item of appropriation.
- (b) To support and encourage the achievement and maintenance of these appropriated annual performance levels, continued expenditure of any appropriations in this Act shall be contingent upon compliance with the following provisions:
 - (1) Agencies and institutions, in coordination with the Legislative Budget Board, shall establish performance milestones for achieving targets within each annual budget and performance period; time frames for these milestones and the related performance reporting schedule shall be under guidelines developed and maintained by the Legislative Budget Board.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (2) Agencies and institutions shall provide testimony as to the reasons for any performance variances to the Senate Finance Committee and the House Appropriations Committee, as determined to be necessary by those committees; assessments of agency and institution performance shall be provided to the committees under guidelines and procedures developed and maintained by the Legislative Budget Board.
- (c) Upon a finding that an agency or institution has successfully met or exceeded performance expectations, or has failed to achieve expected performance levels, the Legislative Budget Board, and the Governor, may adopt a budget execution order, which may include but is not limited to, one or more of the following:
 - (1) Positive Incentives/Rewards - Increased funding, exemption from reporting requirements, increased funding transferability, formalized recognition or accolade, awards or bonuses, expanded responsibility, or expanded contracting authority; or
 - (2) Negative Incentives/Redirection - Evaluation of outcome variances for remedial plan, reduction of funding, elimination of funding, restriction of funding, withholding of funding, reduction of funding transferability, transfer of functional responsibility to other entity, recommendation for placement in conservatorship, direction that a management audit be conducted or direction that other remedial or corrective actions be implemented.
 - (3) The Legislative Budget Board may develop and maintain rules and procedures for the implementation of the above provisions.
 - (4) The Legislative Budget Board may request comments from the State Auditor's Office regarding performance penalties and rewards.

Sec. 6.14. Bookkeeping Entries. Should clerical or bookkeeping errors result in any monies being expended, transferred, or deposited into incorrect funds in or with the state treasury or any monies being cleared from a trust and suspense fund to other than the proper fund, such erroneously expended, transferred, deposited, or cleared monies may be transferred to the correct funds or accounts or trust and suspense account within the state treasury on request of the administering department with the concurrence of the Comptroller, and so much as is necessary for said transfer is appropriated.

Sec. 6.15. Accounting for State Expenditures.

- (a) Notwithstanding the various patterns of appropriation established in this Act, the Comptroller shall account for the expenditure of funds appropriated by this Act in a manner that allows for the reporting of expenditures attributable to each strategy in each agency's respective Strategic Planning and Budget Structure as approved by the Governor and the Legislative Budget Board. The information shall be recorded and maintained systematically in the state accounting system in a manner that provides for the integration of the state's budget data and the state's accounting data and to facilitate the state's budget development process.
- (b) This section does not require the deposit into and subsequent disbursement of funds from the state treasury that relate to Texas Public Education Grants, Skiles Act Debt Service, or "local funds" defined in §51.009, Education Code, except for tuition and lab fees.

Sec. 6.16. Fee Increase Notification. None of the funds appropriated by this Act may be expended by an agency which increases the rate of a fee assessed by that agency unless the agency provides a notice to the payer of the fee that the fee rate was set by the agency or its governing board and not mandated by the Legislature.

Sec. 6.17. Consolidated Funds. Contingent on the enactment of legislation relating to the dedication of funds, the Comptroller, on approval of the Legislative Budget Board, may change an applicable agency's method of financing source name as provided in this Act to reflect changes made by the other legislation that affects the status of the funding source. No change in the amount of the appropriation would be affected by this change.

Sec. 6.18. Demographic and Statistical Studies. Before expending funds appropriated by the Act for the purpose of contracting for a consultant or other private assistance in performing a study required by the Legislature that includes statistical or demographic analysis of data, the agency conducting the study shall determine if the resources of the Texas Legislative Council or the Office of the State

(Continued)

Demographer and the Texas State Data Center at The University of Texas at San Antonio are available to assist the agency in designing or conducting that component of the study.

Sec. 6.19. Cost Allocations. For the purpose of more effective and efficient identification and allocation of costs, and to effect timely payments to employees and vendors, agencies may temporarily charge salary and/or operating costs to appropriations most applicable for the expense being incurred. Upon receipt of more specific information such as personnel-time allocation information for payrolls, or allocation of office supplies or other goods and services, agencies may reimburse the original paying appropriations by transfer from the appropriation to which the expenditure should have been charged. Such transfers must be accomplished within twelve months in a manner which records appropriate expenditures to the borrowing appropriation and negative expenditures to the lending appropriation. These transfers may be in summary amounts in a manner approved by the Comptroller. Each agency must maintain adequate detailed records to support summary transfer amounts.

Sec. 6.20. Use of Appropriations to Contract for Audits.

- (a) Notwithstanding any other law, or other sections of this Act, none of the funds appropriated in this Act shall be used by the agencies or institutions of higher education to enter into a contract with an independent audit entity for audit services, except as specified by this section.
- (b) An agency or institution appropriated funds in this Act may use funds appropriated in this Act to:
 - (1) Enter into an interagency contract with the State Auditor's Office (SAO) for the SAO to provide audit services to the agency or institution. At the discretion of the State Auditor and the Legislative Audit Committee, the SAO may conduct the audit or the SAO may enter into a contract with an independent audit entity to conduct the audit; or
 - (2) Enter into a contract with an independent audit entity for the provision of audit services pursuant to §321.020, Government Code, if:
 - (A) the SAO has reviewed the scope of the proposed audit and has issued a written approval for the scope of the proposed audit, and
 - (B) the SAO has delegated the authority to enter into the proposed audit to the agency or institution, in the event the agency or institution does not have a specific statutory delegation of authority to enter into a contract for audit services.

Sec. 6.21. Limitations on Use of Appropriated Funds. Funds appropriated by this Act, other than those appropriated to an institution of higher education, may be expended only for items set out in the expenditure classifications of the Comptroller's Manual of Accounts insofar that an agency expending the appropriated funds has existing statutory authority for making the expenditures and the expenditures are not otherwise limited or prohibited in this Act.

Sec. 6.22. Definition, Appropriation, Reporting and Audit of Earned Federal Funds.

- (a) **Definition.** Earned Federal Funds (EFF) are defined as all monies received in connection with each entitlement period of a federally funded contract, grant or program, excluding reimbursements under §8.02(c) of this Article which are not required by the governing agreement to be distributed thereon. Typically, EFF arise from recoveries of costs previously paid from a nonfederal fund source, indirect cost allocations, interest earned on federal funds, and minor sources such as the sale of fixed assets purchased with federal funds. These funds are received in connection with a federally funded program but are not required by the governing agreement to be distributed on that program. For state accounting purposes, EFF are defined as revenues collected from federal receipts and deposited into the state General Revenue Fund as Comptroller revenue object codes 3602, 3702, 3726, 3745, 3750, 3773, 3851, 3965, 3971 and 3972.
- (b) **Collected Revenue.** General Revenue in the amounts specified by year below is appropriated in agency bill patterns elsewhere in this Act and is contingent on collection of EFF revenues by the following agencies:

This Section 14.04 provides an exception to any other provision of this Act which might otherwise limit transfers of appropriations such as by imposing a limit on the amount of a transfer or which might otherwise limit transfers of appropriations by causing a delay in making a transfer because of the need to take actions such as preparing reports or obtaining approvals prior to transferring appropriations necessary for responding to a disaster. - (d) **Transfers Between Agencies:** In the event that a transfer involving at least one agency not listed in Chapter 531, Government Code is necessary in order to respond to a disaster, the agencies involved in the transfer shall request approval from the Legislative Budget Board and the Governor for the emergency transfer of funds, pursuant to Article XVI, Section 69, Texas Constitution. Any request under this Subsection (d) should include the same information required in the recommended plan of transfer below, and a copy shall be provided to the Comptroller.
- (e) **Appropriation Transfers between Fiscal Years:** Agencies responding to a disaster are authorized to transfer funds appropriated in fiscal year 2015 to fiscal year 2014, subject to the prior notification of the Legislative Budget Board and Governor as provided by Subsection (g).

 - (2) "Assessment" means the amount of the workers' compensation assessment placed on an agency by SORM and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management Program and A.2.1, Pay Workers' Compensation, as provided by this section and other relevant law; and
 - (3) "SORM" means the State Office of Risk Management.
- (b) At the beginning of each fiscal year, SORM shall prepare a statement reflecting the assessments due from all agencies and present it to the Comptroller.
- (c)
 - (1) Notwithstanding other provisions in this Act, agencies shall transfer to SORM seventy-five percent (75%) of their assessed allocation which includes amounts for workers' compensation coverage for their employees from funding in the same proportion as their expected payroll funding, including General Revenue Funds, dedicated General Revenue Fund accounts, Other Funds or local bank accounts and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management Program and A.2.1, Pay Workers' Compensation.

SORM shall prepare a statement reflecting the remaining assessments due from each agency and present the statement to the Comptroller. Each agency shall transfer to SORM the remaining assessed allocation which includes amounts for workers' compensation coverage for their employees from funding in the same proportion as their expected payroll funding, including General Revenue Funds, dedicated General Revenue Fund accounts, Other Funds or local bank accounts and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management Program and A.2.1, Pay Workers' Compensation.

- (h) Amounts not to exceed 2 percent in total of workers' compensation annual expenditures may be awarded to agencies by SORM for the purposes of risk management and loss prevention. In the event that collections in Strategy B.1.1, Workers' Compensation Payments, funded by the annual assessments to agencies, exceeds 110 percent of the expected annual payments, the portion of the excess over 110 percent funded from all funding sources shall be returned to agencies. The excess returned to the agencies by SORM is appropriated to the agencies for expenditures consistent with the original funding source. Any funding less than 110 percent of collections in Strategy B.1.1, Workers' Compensation Payments, not used for workers' compensation payments shall be used by SORM to lower the cumulative assessments to agencies the following fiscal year.
- (i) In the event the total assessments in any year prove insufficient to fund expenditures, SORM may, with the approval of the Legislative Budget Board, temporarily utilize additional general revenue in an amount not to exceed 20 percent of the cumulative assessments for that fiscal year. Any additional general revenue funds will be utilized only for the purpose of temporary cash flow and must be repaid upon receipt of the following year's assessments in accordance with procedures established by the Comptroller. All transfers from and repayments to the General Revenue Fund shall be reported by SORM to the Legislative Budget Board within 30 days of the transfer.
- (j) The reimbursement requirements established by this section may be waived or delayed, either in whole or in part, by the Legislative Budget Board.
- (k) SORM shall require agencies to provide to SORM and agencies shall submit to SORM information regarding the specific funding sources from which agencies pay their assessed allocation amounts for workers' compensation coverage for their employees.

- (h) If the Attorney General initiates legal action against another state governmental entity on behalf of the Attorney General rather than another state governmental entity, the Legislature determines that a conflict of interest exists and the state governmental entity against which the Attorney General takes action may expend appropriated funds for outside legal counsel to represent that state governmental entity without the prior approval or consent of the Attorney General.

- (m) (1) None of the money paid to a state governmental entity (as a result of a settlement of litigation, or other arrangement providing revenues or financial benefits as a result of litigation) may be expended by any state government entity unless the Legislative Budget Board is notified in writing by the Attorney General regarding the terms of the settlement or other arrangement and by the state governmental entity receiving the money regarding the plans for the use of the money.  - (1) pursuant to this section; or
 - (2) where it is specifically provided in an item of appropriation that the funds thereby appropriated or expenditures therein authorized may be used for the payment of such judgments or settlements.
- (b) State agencies appropriated funds by this Act may expend funds appropriated elsewhere in this Act for the purposes of paying settlements and judgments against the state for causes brought in a federal court or a court in this state under specific statutory authority. Payments made pursuant to this subsection are subject to the following processes and limitations:

 - (5) the payment of a settlement or judgment may be made only with a complete release from any and all related claims and causes against the State, and in the case of a judgment, the payment may be made only in full satisfaction of that judgment.

LEGAL REPRESENTATION AND JUDGMENTS PROVISIONS

(Continued)

- (c) (1) A state agency shall report a claim for property damage to the Attorney General not later than the second working day after the date the agency receives the claim.
- (2) A state agency shall prepare a voucher for payment of a claim not later than the 10th working day after the date an agreement to settle the claim has been reached.

On verification that an agency has not obtained the Attorney General's approval prior to payment of a judgment or settlement, the State Auditor may certify such fact to the Comptroller. The Comptroller may withhold all appropriations for administrative expenses for the involved agency, until the Legislative Audit Committee notifies the Comptroller that the agency's non-compliance has been reviewed and necessary recommendations or changes have been made.

ARTICLE XI. SAVINGS CLAUSE

If any section, sentence, clause or part of this Act shall for any reason be held to be invalid, such decision shall not affect the remaining portions of this Act; and it is hereby declared to be the intention of the Legislature to have passed each sentence, section, clause, or part thereof irrespective of the fact that any other sentence, section, clause or part thereof may be declared invalid.

ARTICLE XII. EMERGENCY CLAUSE

The importance of the legislation to the people of the State of Texas and the crowded condition of the calendars in both Houses of the Legislature create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three separate days in each House be suspended, and said Rule is hereby suspended; and this Act shall take effect and be in force from and after its passage, and it is so enacted.
