amending various parts of the statutory law, supplementing Title
19 of the Revised Statutes, and making an appropriation.

BE IT ENACTED by the Senate and General Assembly of the State
of New Jersey:

1. (New section) a. In addition to all other forms of voting
provided for by this Title, a registered voter shall be permitted to
vote at a specially designated polling place before the day of the
primary election for the general election and the day of the general
election, starting on the 15th day before the election and ending on
the second calendar day before the election. This procedure shall
be known as early voting. Any municipality conducting regular
municipal elections in May pursuant to the provisions of the
et seq.), may, by an ordinance adopted by its governing body, also
conduct early voting for the regular municipal election, in
accordance with the provisions of this act, P.L. , c. (C. )
(pending before the Legislature as this bill). The voting shall be
conducted using [the same voting machines, ballots, and
procedures as used in any election] paper ballots. Pursuant to the
provisions of this act and Title 19 of the Revised Statutes, each
county board of elections shall determine the method of verifying
that a registered voter is qualified to vote in the election and shall
prescribe the manner [equipment and method] by which a
registered voter may vote during such period.
b. (1) For the primary election for the general election and the
general election, each county board of elections shall designate [at
least one public location within each municipality as the site] three
public locations within each county as the sites for early voting to
occur, except that [if there are more than 30,000 registered
voters in a municipality, each county board of elections shall
designate additional sites in the municipality in proportion to the
number of registered voters in the municipality pursuant to a
uniform standard which shall be determined by the Secretary of
State through the rulemaking process pursuant to the
seq.)] the county board shall designate a total of five public
locations for early voting if the number of registered voters in the

registered voters in each county shall be determined ahead of the selection of early voting sites pursuant to a uniform standard which shall be developed by the Secretary of State through the rulemaking process pursuant to the "Administrative Procedure Act," P.L. 1968, c. 410 (C. 52:14B-1 et seq.). Whenever possible, each location shall be geographically located so as to ensure both access in the part of the municipality county that features the greatest concentration of population, according to the most recent federal decennial census of the United States, and access in various geographic areas of the county. All early voting locations shall be public facilities, such as county courthouses, public libraries and the offices of the municipal clerk, county clerk, and county board of elections. No public school building and no building used as a public school shall, however, be designated as an early voting location. The locations shall be designated at the same time as all other polling places are designated by the board of elections. In the event of a tie vote among members of the county board with respect to the selection of sites for early voting, the county clerk shall cast the deciding vote.

Once early voting locations are designated in each municipality county, county boards of election shall, as provided by the Secretary of State, evaluate and, if deemed necessary, revise these locations in order to accommodate significant changes in the number of registered voters within each municipality county, reflect the population distribution and density within each municipality county, or enhance convenience when an early voting site has proven to be inconvenient for the voters, or because of similar circumstances. The Secretary of State shall develop the criteria to be used by county boards of election to revise the location of early voting sites and shall prescribe how often such revision shall take place.

(2) Whenever a municipality that conducts regular municipal elections in May chooses to participate in early voting for the regular municipal election, the county board of elections shall designate at least one public location within the municipality as the site for early voting to occur, except that if there are more than 30,000 registered voters in a municipality, each county board of elections shall designate additional sites in the municipality in proportion to the number of registered voters in the municipality pursuant to a uniform standard which shall be determined by the Secretary of State through the rulemaking process pursuant to the "Administrative Procedure Act," P.L. 1968, c. 410 (C. 52:14B-1 et seq.). Whenever possible, each such location shall be geographically located in the part of the municipality that features the greatest concentration of population, according to the most recent federal decennial census of the United States. All early voting locations shall be public facilities, such as municipal courthouses and the offices of the municipal clerk. No public
school building and no building used as a public school shall, however, be designated as an early voting location. The locations shall be designated at the same time as all other polling places are designated by the board of elections. In the event of a tie vote among members of the county board with respect to the selection of sites for early voting, the municipal clerk shall cast the deciding vote. Once early voting locations are designated in each municipality, county boards of election shall, as provided by the Secretary of State, evaluate and, if deemed necessary, revise these locations in order to accommodate significant changes in the number of registered voters within each municipality, reflect the population distribution and density within each municipality, or enhance convenience when an early voting site has proven to be inconvenient for the voters, or because of similar circumstances. The Secretary of State shall develop the criteria to be used by county boards of election to revise the location of early voting sites and shall prescribe how often such revision shall take place.

c. Each early voting site in a county or municipality shall be open on the same days and for the same period of time. Early voting shall be available to voters seven days a week for eight hours each day at each site for early voting on Monday through Saturday from 10 AM to 8 PM, and on Sunday from 12 Noon to 6 PM. Any voter who is on line at the time scheduled for the closing of an early voting site shall be permitted to vote.

d. The election officers responsible for conducting early voting shall be the same as those responsible for conducting a general election pursuant to this Title. The number of such officers and their hours of service shall be as determined by each county board of elections. The compensation for such officers shall be the same as provided to district board of election members serving at a school election pursuant to R.S.19:45-6.

e. The restrictions governing the conduct of voters at a polling place on the days that early voting occurs, the procedures governing who is permitted in a polling place on such occasions and the prohibition on electioneering within 100 feet of a polling place during an election, shall be as provided in chapters 15, 34, 50 and 52 of Title 19 of the Revised Statutes and every other applicable section of this Title.

f. At least once each day during the early voting period, and prior to the start of each regularly scheduled primary election for the general election, each general election, and regular municipal election in each non-partisan municipality choosing to participate in early voting, each county board shall make such changes as may be necessary to the voter’s record in the Statewide voter registration system and the signature copy register used at each polling place to indicate that a voter has voted in that election using the early voting procedure.

g. (1) Each county board shall be responsible for forming and
executing a written plan to ensure, to the greatest extent possible, the integrity of the voting process and the security of ballots used during the early voting period, including the security of voted ballots and election records. The plan shall be based on guidelines established by the Secretary of State and shall be submitted thereto no later than December 15 of each year. The Secretary of State shall review and, if deemed necessary thereby, require changes to a plan no later than February 1 of each year. Each plan shall specify a chain of custody for ballots and voted ballots and shall require, among other specifications deemed necessary by the Secretary of State and county boards of election, that all voted ballots shall be transferred at the end of each early voting day to county boards of election for safekeeping until canvassing on election day as required pursuant to section 5 of this act, P.L. , c. (pending before the Legislature as this bill).

(2) Notwithstanding the provisions of this subsection, in the year in which P.L. , c. (pending before the Legislature as this bill) becomes law, each county board shall submit its plan to the Secretary of State within 15 days following the effective date of this act and the Secretary of State shall review it and, if deemed necessary thereby, require changes in the plan within 45 days following the effective date of this act.

h. Each county board shall make certain that each polling place used for early voting shall be accessible to individuals with disabilities and the elderly, in compliance with the "Americans with Disabilities Act of 1990" (42 U.S.C. 12101 et seq.). At least one voting machine at each such polling place shall be accessible to such individuals, including the blind and visually impaired, in a manner that, and that each polling place provides such voters, including the blind and visually impaired, the same opportunity for access and participation, including privacy and independence, as other voters in compliance with the "Help America Vote Act of 2002" (42 U.S.C. 15481).

i. Each polling place used for early voting shall have such appropriate supplies, ballots and other materials deemed necessary by the Secretary of State or as is required currently for a polling place on the day of any election by Title 19 of the Revised Statutes.

2. (New section) a. A duly-registered voter shall be permitted to participate in early voting after completing an Early Voting Voter Certificate in substantially the following form:
EARLY VOTING VOTER CERTIFICATE

I, __________ (your name), am a registered voter, residing at ___________ (your street address), __________ County, New Jersey. I do solemnly swear or affirm that I am the person so listed on the voter registration rolls of __________ County and that I reside at the above address. I understand that if I commit or attempt to commit fraud in connection with voting, vote fraudulently or vote more than once in an election I could be convicted of a crime of the third degree and fined up to $15,000 and imprisoned for up to five years. I understand that my failure to sign this certificate invalidates my vote.

Using the completed early voting certificate, and prior to permitting the voter to vote, an election official shall ascertain, in substantially the same manner as required on the day of an election pursuant to Title 19 of the Revised Statutes, that the voter is a duly-registered voter of the county and is entitled to vote in that election. Each early voting voter certificate shall be collected and forwarded to the county board at the end of each day of the early voting period and shall be kept by the board for two years following the date of the election.

b. A voter who has voted in an election using the early voting procedure established by this act, P.L. , c. (pending before the Legislature as this bill), shall not be permitted to vote by mail-in ballot or in person at the polling place in the voter's election district on the day of the election.

3. (New section) a. The appointment of challengers for early voting shall be in the same manner as provided in chapter 7 of Title 19 of the Revised Statutes for all elections. The name and address of each challenger, including a candidate acting as a challenger or a challenger representing a grouping of two or more candidates, together with the number or name and location of the polling place at which the challenger is to serve, shall be filed with the county board of elections not later than the fifth day preceding the start of the early voting period.

b. Each challenger, including a candidate acting as a challenger or a challenger representing a grouping of two or more candidates, shall have all of the powers of challengers serving at other elections, as provided for in R.S.19:7-5 and by R.S.19:15-1 et seq.

c. Any voter whose name does not appear on a challenge list
but who is challenged as not qualified or entitled to vote by a challenger duly appointed pursuant to this section shall be entitled to the rights and protections provided by R.S.19:15-18 et seq., and every other applicable section of this Title.

4. (New section) During each early voting period, the county board shall make available to the public a tally of the total number of voters who have cast a ballot at each early voting location during the previous day. The county boards shall prepare an electronic data file listing the names of the individual voters who cast a ballot during the early voting period. This information shall be made available to the public in an electronic format pursuant to rules adopted by the county board and subject to review each year by the Secretary of State. The information shall be updated and made available to the public no later than noon of each day during the early voting period and shall at the same time be provided to the clerk of the county in which early voting is occurring and to the Secretary of State.

5. (New section) An early vote cast in an election, as provided for in this act, P.L. , c. (C. ) (pending before the Legislature as this bill), shall not be canvassed prior to the closing of the polls on the day of an election.

Every provisional ballot voted in each such election and determined by a county board to be valid shall be counted and shall be part of the official tally of the results of the election.

6. (New section) In compliance with the provisions of Article VIII, Section II, paragraph 5 of the New Jersey Constitution, upon application for reimbursement by a county governing body or a municipal governing body, as may be appropriate, to the Secretary of State and approval of the application by the Director of the Division of Budget and Accounting in the Department of the Treasury, a county or municipality shall be reimbursed by the State for any additional costs incurred by the county or municipality as a result of the provisions of this act, P.L. , c. (C. ) (pending before the Legislature as this bill).
