S.77

Introduced by Committee on Health and Welfare

Date: February 5, 2013

Subject: Health; end of life; patient-directed dying; death with dignity

Statement of purpose of bill as introduced: This bill proposes to allow, subject to appropriate safeguards, a mentally competent person diagnosed as having less than six months to live to request a prescription which, if taken, would hasten the dying process.

An act relating to patient choice and control at end of life

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. FINDINGS

The General Assembly finds:

(1) The State of Oregon has been implementing its Death with Dignity Act since 1998. As of January 14, 2013, Oregon has seen a total of 1,050 terminal patients formally request medication to hasten death and, of those, 673 patients took the medication and died pursuant to the act. Oregon’s most recent annual report on the act shows that in 2012, 115 prescriptions were written, and 66 patients died after ingesting the medication. An additional 11 patients died after taking medication pursuant to an earlier prescription, for a total of 77 deaths in 2012.
(2) Vermont has about one-sixth the population of Oregon. According to the 2010 census, Oregon has a population of 3,831,074 and Vermont a population of 625,741.

(3) In the past 17 years, Oregon has seen its hospice enrollment increase significantly. In 1993, only 20 percent of all dying patients were enrolled in hospice. By 2005, enrollment had increased to 54 percent. In 2012, 97 percent of the patients who used medication under the Death with Dignity Act were in hospice care either at the time the prescription was written or at the time of death.

(4) Despite continuing improvements in techniques for palliative care, most medical experts agree that not all pain can be relieved. Some terminal diseases, such as bone cancer, inflict untreatable agony at the end of life. Many cancer patients report that they would have greater comfort and courage in facing their future if they were assured they could use a Death with Dignity law if their suffering became unbearable.

Sec. 2. 18 V.S.A. chapter 113 is added to read:
