129 **§ 22.1-253.13:2. Standard 2. Instructional, administrative, and support personnel.**

130 A. The Board shall establish requirements for the licensing of teachers, principals, superintendents,
 131 and other professional personnel.

132 B. School boards shall employ licensed instructional personnel qualified in the relevant subject areas.

133 C. Each school board shall assign licensed instructional personnel in a manner that produces
 134 divisionwide ratios of students in average daily membership to full-time equivalent teaching positions,
 135 excluding special education teachers, principals, assistant principals, counselors, and librarians, that are
 136 not greater than the following ratios: (i) 24 to one in kindergarten with no class being larger than 29
 137 students; if the average daily membership in any kindergarten class exceeds 24 pupils, a full-time
 138 teacher's aide shall be assigned to the class; (ii) 24 to one in grades one, two, and three with no class
 139 being larger than 30 students; (iii) 25 to one in grades four through six with no class being larger than
 140 35 students; and (iv) 24 to one in English classes in grades six through 12.

141 Within its regulations governing special education programs, the Board shall seek to set pupil/teacher
 142 ratios for pupils with intellectual disability that do not exceed the pupil/teacher ratios for self-contained
 143 classes for pupils with specific learning disabilities.

144 Further, school boards shall assign instructional personnel in a manner that produces schoolwide
 145 ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in
 146 middle schools and high schools. School divisions shall provide all middle and high school teachers with
 147 one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

148 D. Each local school board shall employ with state and local basic, special education, gifted, and
 149 career and technical education funds a minimum number of licensed, full-time equivalent instructional
 150 personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation
 151 act. Calculations of kindergarten positions shall be based on full-day kindergarten programs. Beginning
 152 with the March 31 report of average daily membership, those school divisions offering half-day
 153 kindergarten with pupil/teacher ratios that exceed 30 to one shall adjust their average daily membership
 154 for kindergarten to reflect 85 percent of the total kindergarten average daily memberships, as provided in
 155 the appropriation act.

156 E. In addition to the positions supported by basic aid and in support of regular school year programs
 157 of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be
 158 provided to fund certain full-time equivalent instructional positions for each 1,000 students in grades K
 159 through 12 who are identified as needing prevention, intervention, and remediation services. State
 160 funding for prevention, intervention, and remediation programs provided pursuant to this subsection and
 161 the appropriation act may be used to support programs for educationally at-risk students as identified by
 162 the local school boards.

163 To provide algebra readiness intervention services required by § 22.1-253.13:1, school divisions may
 164 employ mathematics teacher specialists to provide the required algebra readiness intervention services.
 165 School divisions using the Standards of Learning Algebra Readiness Initiative funding in this manner
 166 shall only employ instructional personnel licensed by the Board of Education.

167 F. In addition to the positions supported by basic aid and those in support of regular school year
 168 programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act,
 169 shall be provided to support 17 full-time equivalent instructional positions for each 1,000 students
 170 identified as having limited English proficiency.

171 To provide flexibility in the instruction of English language learners who have limited English
 172 proficiency and who are at risk of not meeting state accountability standards, school divisions may use
 173 state and local funds from the Standards of Quality Prevention, Intervention, and Remediation account to
 174 employ additional English language learner teachers to provide instruction to identified limited English
 175 proficiency students. Using these funds in this manner is intended to supplement the instructional
 176 services provided in this section. School divisions using the SOQ Prevention, Intervention, and
 177 Remediation funds in this manner shall employ only instructional personnel licensed by the Board of
 178 Education.

179 G. In addition to the full-time equivalent positions required elsewhere in this section, each local
180 school board shall employ the following reading specialists in elementary schools, one full-time in each
181 elementary school at the discretion of the local school board.

182 To provide reading intervention services required by § 22.1-253.13:1, school divisions may employ
183 reading specialists to provide the required reading intervention services. School divisions using the Early
184 Reading Intervention Initiative funds in this manner shall employ only instructional personnel licensed
185 by the Board of Education.

186 H. Each local school board shall employ, at a minimum, the following full-time equivalent positions
187 for any school that reports fall membership, according to the type of school and student enrollment:

188 1. Principals in elementary schools, one half-time to 299 students, one full-time at 300 students;
189 principals in middle schools, one full-time, to be employed on a 12-month basis; principals in high
190 schools, one full-time, to be employed on a 12-month basis;

191 2. Assistant principals in elementary schools, one half-time at 600 students, one full-time at 900
192 students; assistant principals in middle schools, one full-time for each 600 students; assistant principals
193 in high schools, one full-time for each 600 students; and school divisions that employ a sufficient
194 number of assistant principals to meet this staffing requirement may assign assistant principals to schools
195 within the division according to the area of greatest need, regardless of whether such schools are
196 elementary, middle, or secondary;

197 3. Librarians in elementary schools, one part-time to 299 students, one full-time at 300 students;
198 librarians in middle schools, one-half time to 299 students, one full-time at 300 students, two full-time
199 at 1,000 students; librarians in high schools, one half-time to 299 students, one full-time at 300 students,
200 two full-time at 1,000 students. Local school divisions that employ a sufficient number of librarians to
201 meet this staffing requirement may assign librarians to schools within the division according to the area
202 of greatest need, regardless of whether such schools are elementary, middle, or secondary; and

203 4. Guidance counselors in elementary schools, one hour per day per 100 students, one full-time at
204 500 students, one hour per day additional time per 100 students or major fraction thereof; guidance
205 counselors in middle schools, one period per 80 students, one full-time at 400 students, one additional
206 period per 80 students or major fraction thereof; guidance counselors in high schools, one period per 70
207 students, one full-time at 350 students, one additional period per 70 students or major fraction thereof.
208 Local school divisions that employ a sufficient number of guidance counselors to meet this staffing
209 requirement may assign guidance counselors to schools within the division according to the area of
210 greatest need, regardless of whether such schools are elementary, middle, or secondary.

211 I. Local school boards shall employ five full-time equivalent positions per 1,000 students in grades
212 kindergarten through five to serve as elementary resource teachers in art, music, and physical education.

213 J. Local school boards shall employ two full-time equivalent positions per 1,000 students in grades
214 kindergarten through 12, one to provide technology support and one to serve as an instructional
215 technology resource teacher.

216 To provide flexibility, school divisions may use the state and local funds for instructional technology
217 resource teachers to employ a data coordinator position, an instructional technology resource teacher
218 position, or a data coordinator/instructional resource teacher blended position. The data coordinator
219 position is intended to serve as a resource to principals and classroom teachers in the area of data
220 analysis and interpretation for instructional and school improvement purposes, as well as for overall data
221 management and administration of state assessments. School divisions using these funds in this manner
222 shall employ only instructional personnel licensed by the Board of Education.

223 K. Local school boards may employ additional positions that exceed these minimal staffing
224 requirements. These additional positions may include, but are not limited to, those funded through the
225 state's incentive and categorical programs as set forth in the appropriation act.

226 L. A combined school, such as kindergarten through 12, shall meet at all grade levels the staffing
227 requirements for the highest grade level in that school; this requirement shall apply to all staff, except
228 for guidance counselors, and shall be based on the school's total enrollment; guidance counselor staff
229 requirements shall, however, be based on the enrollment at the various school organization levels, i.e.,
230 elementary, middle, or high school. The Board of Education may grant waivers from these staffing
231 levels upon request from local school boards seeking to implement experimental or innovative programs
232 that are not consistent with these staffing levels.

233 M. School boards shall, however, annually, on or before January 1, report to the public the actual
234 pupil/teacher ratios in elementary school classrooms by school for the current school year. Such actual
235 ratios shall include only the teachers who teach the grade and class on a full-time basis and shall
236 exclude resource personnel. School boards shall report pupil/teacher ratios that include resource teachers
237 in the same annual report. Any classes funded through the voluntary kindergarten through third grade
238 class size reduction program shall be identified as such classes. Any classes having waivers to exceed
239 the requirements of this subsection shall also be identified. Schools shall be identified; however, the data

240 shall be compiled in a manner to ensure the confidentiality of all teacher and pupil identities.

241 N. Students enrolled in a public school on a less than full-time basis shall be counted in ADM in the
 242 relevant school division. Students who are either (i) enrolled in a nonpublic school or (ii) receiving
 243 home instruction pursuant to § 22.1-254.1, and who are enrolled in public school on a less than full-time
 244 basis in any mathematics, science, English, history, social science, career and technical education, fine
 245 arts, foreign language, or health education or physical education course shall be counted in the ADM in
 246 the relevant school division on a pro rata basis as provided in the appropriation act. Each such course
 247 enrollment by such students shall be counted as 0.25 in the ADM; however, no such nonpublic or home
 248 school student shall be counted as more than one-half a student for purposes of such pro rata
 249 calculation. Such calculation shall not include enrollments of such students in any other public school
 250 courses.

251 O. Each local school board shall provide those support services that are necessary for the efficient
 252 and cost-effective operation and maintenance of its public schools.

253 For the purposes of this title, unless the context otherwise requires, "support services positions" shall
 254 include the following:

255 1. Executive policy and leadership positions, including school board members, superintendents and
 256 assistant superintendents;

257 2. Fiscal and human resources positions, including fiscal and audit operations;

258 3. Student support positions, including (i) social workers and social work administrative positions; (ii)
 259 guidance administrative positions not included in subdivision H 4; (iii) homebound administrative
 260 positions supporting instruction; (iv) attendance support positions related to truancy and dropout
 261 prevention; and (v) health and behavioral positions, including school nurses and school psychologists;

262 4. Instructional personnel support, including professional development positions and library and
 263 media positions not included in subdivision H 3;

264 5. Technology professional positions not included in subsection J;

265 6. Operation and maintenance positions, including facilities; pupil transportation positions; operation
 266 and maintenance professional and service positions; and security service, trade, and laborer positions;

267 7. Technical and clerical positions for fiscal and human resources, student support, instructional
 268 personnel support, operation and maintenance, administration, and technology; and

269 8. School-based clerical personnel in elementary schools; part-time to 299 students, one full-time at
 270 300 students; clerical personnel in middle schools; one full-time and one additional full-time for each
 271 600 students beyond 200 students and one full-time for the library at 750 students; clerical personnel in
 272 high schools; one full-time and one additional full-time for each 600 students beyond 200 students and
 273 one full-time for the library at 750 students. Local school divisions that employ a sufficient number of
 274 school-based clerical personnel to meet this staffing requirement may assign the clerical personnel to
 275 schools within the division according to the area of greatest need, regardless of whether such schools are
 276 elementary, middle, or secondary.

277 Pursuant to the appropriation act, support services shall be funded from basic school aid.

278 School divisions may use the state and local funds for support services to provide additional
 279 instructional services.

280 P. Notwithstanding the provisions of this section, when determining the assignment of instructional
 281 and other licensed personnel in subsections C through J, *neither the Virginia Virtual School nor* a local
 282 school board shall ~~not~~ be required to include full-time students of approved virtual school programs.

 367 school division in which the student resides.

368 F. The School shall provide an educational program meeting the constitutionally required Standards
 369 of Quality for children in grades kindergarten through 12. The Board may approve such additional

 391 contract with the School.

392 C. Any multidivision online provider approved to provide full-time virtual school programs may
 393 provide full-time virtual school programs through the School. Any student may enroll with any one
 394 approved multidivision online provider, and the selection of an approved multidivision online provider
 395 shall be at the discretion of the student's parent. The Board, the Department of Education, and the
 396 Board of Education shall make information regarding the School's online course offerings and capacity
 397 for students of each multidivision online provider publicly available to parents and shall promote all
 398 approved multidivision online providers that contract with the School equally to students seeking
 399 enrollment in the School.

 404 shall have the average state share of Standards of Quality per pupil funding transferred to the School.
 405 The total per pupil funding transferred shall consist of the average per pupil amounts on the basis of
 406 March 31 average daily membership and the per pupil share of state sales tax funding in basic aid. The
 407 Department of Education shall pay the average state share of the Standards of Quality per pupil funding
 408 directly to the School semimonthly. Such state share of per pupil funding shall be based on the
 409 Standards of Quality per pupil funding and per pupil share of state sales tax funding enacted in the
 410 current appropriation act.

411 The Department of Education shall transfer to the School all federal funds described in § 22.1-88

 415 rate of the School and shall not be counted in the March 31 average daily membership of their local
 416 school division of residence. Such students shall not be counted in the calculation of the required local
 417 effort of the local school division of residence.

418 D. The School shall be responsible for all federal and state accountability requirements applicable to
 419 any student who enrolls full time in the School.

420 E. Any costs or fees associated with the administration of the School, and approved by the Board,
 421 shall be borne proportionally by each of the School's approved multidivision online providers.

511 be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Mass
512 Transit Fund.

513 a. The Commonwealth Mass Transit Fund shall be established on the books of the Comptroller and
514 any funds remaining in such Fund at the end of the biennium shall not revert to the general fund but

524 the Commonwealth Transportation Board. Capital costs may include debt service payments on local or
525 agency transit bonds. In making these determinations, the Commonwealth Transportation Board shall
526 confer with the Director of the Department of Rail and Public Transportation. In development of the
527 Director's recommendation and subsequent allocation of funds by the Commonwealth Transportation
528 Board, the Director of the Department of Rail and Public Transportation and the Commonwealth
529 Transportation Board shall adhere to the following:

530 (1) For the distribution of revenues from the Commonwealth Mass Transit Fund, of those revenues
531 generated in 2014 and thereafter, the first \$160 million in revenues or the maximum available revenues
532 if less than \$160 million shall be distributed by the Commonwealth Transportation Board as follows:

533 (a) Funds for special programs, which shall include ridesharing, transportation demand management

537 corporation, or may be used directly by the Department of Rail and Public Transportation for the
538 following purposes and aid of public transportation services:

539 (i) To finance a program administered by the Department of Rail and Public Transportation designed
540 to promote the use of public transportation and ridesharing throughout Virginia.

541 (ii) To finance up to 80 percent of the cost of the development and implementation of projects where
542 the purpose of such project is to enhance the provision and use of public transportation services.

543 (b) At least 72 percent of the funds shall be distributed to each transit property in the same
544 proportion as its operating expenses bear to the total statewide operating expenses and shall be spent for

545 the purposes specified in subdivision 4 b.

546 (c) Twenty-five percent of the funds shall be allocated and distributed utilizing a tiered approach
547 evaluated by the Transit Service Delivery Advisory Committee along with the Director of the
548 Department of Rail and Public Transportation and established by the Commonwealth Transportation
549 Board for capital purposes based on asset need and anticipated state participation level and revenues.
550 The tier distribution measures may be evaluated by the Transit Service Delivery Advisory Committee
551 along with the Director of the Department of Rail and Public Transportation every three years and, if
552 redefined by the Board, shall be published at least one year in advance of being applied. Funds allocated
553 for debt service payments will be included in the tier that applies to the capital asset that is leveraged.

555 shall be considered by the Commonwealth Transportation Board in times of statewide economic distress

559 Transit Fund for 2014 and succeeding years as follows:

560 (a) Funds pursuant to this section shall be distributed among operating, capital, and special projects
561 in order to respond to the needs of the transit community.

562 (b) Of the funds pursuant to this section, at least 72 percent shall be allocated to support operating
563 costs of transit providers and distributed by the Commonwealth Transportation Board based on service
564 delivery factors, based on effectiveness and efficiency, as established by the Commonwealth
565 Transportation Board. These measures and their relative weight shall be evaluated every three years and,
566 if redefined by the Commonwealth Transportation Board, shall be published and made available for
567 public comment at least one year in advance of being applied. In developing the service delivery factors,
568 the Commonwealth Transportation Board shall create for the Department of Rail and Public
569 Transportation a Transit Service Delivery Advisory Committee, consisting of two members appointed by
570 the Virginia Transit Association, one member appointed by the Community Transportation Association
571 of Virginia, one member appointed by the Virginia Municipal League, one member appointed by the
572 Virginia Association of Counties, and three members appointed by the Director of the Department of
573 Rail and Public Transportation, to advise the Department of Rail and Public Transportation in the
574 development of a distribution process for the funds allocated pursuant to this subdivision 4 b (2)(b) and
575 how transit systems can incorporate these metrics in their transit development plans. The Transit Service
576 Delivery Advisory Committee shall elect a Chair. The Department of Rail and Public Transportation
577 shall provide administrative support to the committee. Effective July 1, 2013, the Transit Service
578 Delivery Advisory Committee shall meet at least annually and consult with interested stakeholders and
579 hold at least one public hearing and report its findings to the Director of the Department of Rail and
580 Public Transportation. Prior to the Commonwealth Transportation Board approving the service delivery
581 factors, the Director of the Department of Rail and Public Transportation along with the Chair of the
582 Transit Service Delivery Advisory Committee shall brief the Senate Committee on Finance, the House
583 Appropriations Committee, and the Senate and House Committees on Transportation on the findings of
584 the Transit Service Delivery Advisory Committee and the Department's recommendation. Before
585 redefining any component of the service delivery factors, the Commonwealth Transportation Board shall
586 consult with the Director of the Department of Rail and Public Transportation, Transit Service Delivery
587 Advisory Committee, and interested stakeholders and provide for a 45-day public comment period. Prior
588 to approval of any amendment to the service delivery measures, the Board shall notify the
589 aforementioned committees of the pending amendment to the service delivery factors and its content.

590 (c) Funds for special programs, which shall include ridesharing, transportation demand management
591 programs, experimental transit, public transportation promotion, operation studies, and technical
592 assistance, shall not exceed 3 percent of the funds pursuant to this section and may be allocated to any
593 local governing body, planning district commission, transportation district commission, or public transit
594 corporation, or may be used directly by the Department of Rail and Public Transportation for the
595 following purposes and aid of public transportation services:

596 (i) To finance a program administered by the Department of Rail and Public Transportation designed
597 to promote the use of public transportation and ridesharing throughout Virginia.

598 (ii) To finance up to 80 percent of the cost of the development and implementation of projects where
599 the purpose of such project is to enhance the provision and use of public transportation services.

600 (d) Of the funds pursuant to this section, 25 percent shall be allocated and distributed utilizing a
601 tiered approach evaluated by the Transit Service Delivery Advisory Committee along with the Director
602 of Rail and Public Transportation and established by the Commonwealth Transportation Board for
603 capital purposes based on asset need and anticipated state participation level and revenues. The tier
604 distribution measures may be evaluated by the Transit Service Delivery Advisory Committee along with
605 the Director of Rail and Public Transportation every three years and, if redefined by the Board, shall be

606 published at least one year in advance of being applied. Funds allocated for debt service payments shall
607 be included in the tier that applies to the capital asset that is leveraged.

608 (e) Transfer of funds from funding categories in subdivisions 4 b (2)(c) and 4 b (2)(d) to 4 b (2)(b)
609 shall be considered by the Commonwealth Transportation Board in times of statewide economic distress
610 or statewide special need.

611 (f) The Department of Rail and Public Transportation may reserve a balance of up to five percent of
612 the Commonwealth Mass Transit Fund revenues under this subsection in order to assure better stability
613 in providing operating and capital funding to transit entities from year to year.

614 (3) The Commonwealth Mass Transit Fund shall not be allocated without requiring a local match
615 from the recipient.

616 c. There is hereby created in the Department of the Treasury a special nonreverting fund known as
617 the Commonwealth Transit Capital Fund. The Commonwealth Transit Capital Fund shall be part of the
618 Commonwealth Mass Transit Fund. The Commonwealth Transit Capital Fund subaccount shall be
619 established on the books of the Comptroller and consist of such moneys as are appropriated to it by the
620 General Assembly and of all donations, gifts, bequests, grants, endowments, and other moneys given,
621 bequeathed, granted, or otherwise made available to the Commonwealth Transit Capital Fund. Any funds
622 remaining in the Commonwealth Transit Capital Fund at the end of the biennium shall not revert to the
623 general fund, but shall remain in the Commonwealth Transit Capital Fund. Interest earned on funds
624 within the Commonwealth Transit Capital Fund shall remain in and be credited to the Commonwealth
625 Transit Capital Fund. Proceeds of the Commonwealth Transit Capital Fund may be paid to any political
626 subdivision, another public entity created by an act of the General Assembly, or a private entity as
627 defined in § 33.2-1800 and for purposes as enumerated in subdivision 7 of § 33.2-1701 or expended by
628 the Department of Rail and Public Transportation for the purposes specified in this subdivision.
629 Revenues of the Commonwealth Transit Capital Fund shall be used to support capital expenditures
630 involving the establishment, improvement, or expansion of public transportation services through specific
631 projects approved by the Commonwealth Transportation Board. If revenues of the Commonwealth
632 Transit Capital Fund are allocated to the construction of a new fixed rail project, such project shall be
633 evaluated according to the process established pursuant to subsection B of § 33.2-214.1. The
634 Commonwealth Transit Capital Fund shall not be allocated without requiring a local match from the
635 recipient.

636 d. The Commonwealth Transportation Board may allocate up to three and one-half percent of the
637 funds set aside for the Commonwealth Mass Transit Fund to support costs of project development,
638 project administration, and project compliance incurred by the Department of Rail and Public
639 Transportation in implementing rail, public transportation, and congestion management grants and
640 programs.

641 5. Funds for Metro shall be paid by the Northern Virginia Transportation Commission (NVTC) to the
642 Washington Metropolitan Area Transit Authority (WMATA) and be a credit to the Counties of
643 Arlington and Fairfax and the Cities of Alexandria, Falls Church, and Fairfax in the following manner:

644 a. Local obligations for debt service for WMATA rail transit bonds apportioned to each locality
645 using WMATA's capital formula shall be paid first by NVTC. NVTC shall use 95 percent state aid for
646 these payments.

647 b. The remaining funds shall be apportioned to reflect WMATA's allocation formulas by using the
648 related WMATA-allocated subsidies and relative shares of local transit subsidies. Capital costs shall
649 include 20 percent of annual local bus capital expenses. Hold harmless protections and obligations for
650 NVTC's jurisdictions agreed to by NVTC on November 5, 1998, shall remain in effect.

651 Appropriations from the Commonwealth Mass Transit Fund are intended to provide a stable and
652 reliable source of revenue as defined by Public Law 96-184.

653 6. Notwithstanding any other provision of law, funds allocated to Metro may be disbursed by the
654 Department of Rail and Public Transportation directly to Metro or to any other transportation entity that
655 has an agreement to provide funding to Metro.

656 B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed
657 among the counties and cities of the Commonwealth in the manner provided in subsections C and D.

658 C. The localities' share of the net revenue distributable under this section among the counties and
659 cities shall be apportioned by the Comptroller and distributed among them by warrants of the
660 Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month
661 during which the net revenue was received into the state treasury. The distribution of the localities' share
662 of such net revenue shall be computed with respect to the net revenue received into the state treasury
663 during each month, and such distribution shall be made as soon as practicable after the close of each
664 such month.

665 D. The net revenue so distributable among the counties and cities shall be apportioned and
666 distributed upon the basis of the latest yearly estimate of the population of cities and counties ages five

667 to 19, provided by the Weldon Cooper Center for Public Service of the University of Virginia. Such
 668 population estimate produced by the Weldon Cooper Center for Public Service of the University of
 669 Virginia shall account for persons who are domiciled in orphanages or charitable institutions or who are
 670 dependents living on any federal military or naval reservation or other federal property within the school
 671 division in which the institutions or federal military or naval reservation or other federal property is
 672 located. Such population estimate produced by the Weldon Cooper Center for Public Service of the
 673 University of Virginia shall account for members of the military services who are under 20 years of age
 674 within the school division in which the parents or guardians of such persons legally reside. Such
 675 population estimate produced by the Weldon Cooper Center for Public Service of the University of
 676 Virginia shall account for individuals receiving services in state hospitals, state training centers, or
 677 mental health facilities, persons who are confined in state or federal correctional institutions, or persons
 678 who attend the Virginia School for the Deaf and the Blind *or the Virginia Virtual School* within the
 679 school division in which the parents or guardians of such persons legally reside. Such population
 680 estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall
 681 account for persons who attend institutions of higher education within the school division in which the
 682 student's parents or guardians legally reside. To such estimate, the Department of Education shall add
 683 the population of students with disabilities, ages two through four and 20 through 21, as provided to the
 684 Department of Education by school divisions. The revenue so apportionable and distributable is hereby
 685 appropriated to the several counties and cities for maintenance, operation, capital outlays, debt and
 686 interest payments, or other expenses incurred in the operation of the public schools, which shall be
 687 considered as funds raised from local resources. In any county, however, wherein is situated any
 688 incorporated town constituting a school division, the county treasurer shall pay into the town treasury for
 689 maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the
 690 operation of the public schools, the proper proportionate amount received by him in the ratio that the
 691 school population of such town bears to the school population of the entire county. If the school
 692 population of any city or of any town constituting a school division is increased by the annexation of
 693 territory since the last estimate of school population provided by the Weldon Cooper Center for Public
 694 Service, such increase shall, for the purposes of this section, be added to the school population of such
 695 city or town as shown by the last such estimate and a proper reduction made in the school population of
 696 the county or counties from which the annexed territory was acquired.

 704 in part, to defray the cost of law enforcement. Not later than 30 days after the close of each quarter, the
 705 Comptroller shall transfer to the Game Protection Fund the appropriate amount of collections to be

 707 under § 29.1-101.01, is equal to or in excess of \$35 million, any portion of sales and use tax revenues
 708 that would have been transferred to the Game Protection Fund, established under § 29.1-101, in excess
 709 of the net operating expenses of the Board, after deduction of other amounts which accrue to the Board
 710 and are set aside for the Game Protection Fund, shall remain in the general fund until such time as the
 711 balance in the Capital Improvement Fund is less than \$35 million.

712 F. 1. Of the net revenue generated from the one-half percent increase in the rate of the state sales
 713 and use tax effective August 1, 2004, pursuant to enactments of the 2004 Special Session I of the
 714 General Assembly, the Comptroller shall transfer from the general fund of the state treasury to the
 715 Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under
 716 § 58.1-638.1 an amount equivalent to one-half of the net revenue generated from such one-half percent
 717 increase as provided in this subdivision. The transfers to the Public Education Standards of
 718 Quality/Local Real Estate Property Tax Relief Fund under this subdivision shall be for one-half of the
 719 net revenue generated (and collected in the succeeding month) from such one-half percent increase for
 720 the month of August 2004 and for each month thereafter.

721 2. Beginning July 1, 2013, of the remaining sales and use tax revenue, an amount equal to the
 722 revenue generated by a 0.125 percent sales and use tax shall be distributed to the Public Education
 723 Standards of Quality/Local Real Estate Property Tax Relief Fund established under § 58.1-638.1, and be
 724 used for the state's share of Standards of Quality basic aid payments.

725 3. For the purposes of the Comptroller making the required transfers under subdivision 1 and 2, the
 726 Tax Commissioner shall make a written certification to the Comptroller no later than the twenty-fifth of
 727 each month certifying the sales and use tax revenues generated in the preceding month. Within three

728 calendar days of receiving such certification, the Comptroller shall make the required transfers to the
729 Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund.

730 G. (Contingent expiration date) Beginning July 1, 2013, of the remaining sales and use tax revenue,
731 an amount equal to the following percentages of the revenue generated by a one-half percent sales and
732 use tax, such as that paid to the Transportation Trust Fund as provided in subdivision A 1, shall be paid
733 to the Highway Maintenance and Operating Fund established pursuant to § 33.2-1530:

- 734 1. For fiscal year 2014, an amount equal to 10 percent;
- 735 2. For fiscal year 2015, an amount equal to 20 percent;
- 736 3. For fiscal year 2016, an amount equal to 30 percent; and
- 737 4. For fiscal year 2017 and thereafter, an amount equal to 35 percent.

738 The Highway Maintenance and Operating Fund's share of the net revenue distributable under this
739 subsection shall be computed as an estimate of the net revenue to be received into the state treasury
740 each month, and such estimated payment shall be adjusted for the actual net revenue received in the
741 preceding month. All payments shall be made to the Fund on the last day of each month.

742 H. (Contingent expiration date) 1. The additional revenue generated by increases in the state sales
743 and use tax from Planning District 8 pursuant to §§ 58.1-603.1, 58.1-604.01, 58.1-604.1, and 58.1-614

750 funds that shall be established by appropriate legislation.

751 4. The net revenues distributable under this subsection shall be computed as an estimate of the net
752 revenue to be received by the state treasury each month, and such estimated payment shall be adjusted
753 for the actual net revenue received in the preceding month. All payments shall be made to the
754 appropriate funds on the last day of each month.

755 I. If errors are made in any distribution, or adjustments are otherwise necessary, the errors shall be
756 corrected and adjustments made in the distribution for the next quarter or for subsequent quarters.
