Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 2015 Supp. 65-1431 is hereby amended to read as follows: 65-1431. (a) Each license to practice as a dentist or dental hygienist issued by the board, shall expire on December 1 of the year specified by the board for the expiration of the license and shall be renewed on a biennial basis. Each application for renewal shall be made on a form prescribed and furnished by the board. Every licensed dentist or dental hygienist shall pay to the board a renewal fee fixed by the board as provided in K.S.A. 65-1447, and amendments thereto.

(b) To provide for a staggered system of biennial renewal of licenses, the board may renew licenses for less than two years.

(c) On or before December 1 of the year in which the licensee's license expires, the licensee shall transmit to the board a renewal application, upon a form prescribed by the board, which shall include such licensee's signature, post office address, the number of the license of such licensee, whether such licensee has been engaged during the preceding licensure period in active and continuous practice whether within or without this state, and such other information as may be required by the board, together with the biennial licensure fee for a dental hygienist which is fixed by the board pursuant to K.S.A. 65-1447, and amendments thereto.

(d) (1) The board shall require every licensee to submit with the renewal application evidence of satisfactory completion of a program of continuing education required by the board. The board by duly adopted rules and regulations shall establish the requirements for such program of continuing education as soon as possible after the effective date of this act.

(2) A dentist who is a charitable healthcare provider in Kansas who
has signed an agreement to provide gratuitous services pursuant to K.S.A. 75-6102 and 75-6120, and amendments thereto, may fulfill one hour of continuing education credit by the performance of two hours of gratuitous services to eligible low-income patients up to a maximum of six continuing education credits per licensure period.

(e) Upon fixing the biennial license renewal fee, the board shall immediately notify all licensees of the amount of the fee for the ensuing licensure period. Upon receipt of such fee and upon receipt of evidence that the licensee has satisfactorily completed a program of continuing education required by the board, the licensee shall be issued a renewal license authorizing the licensee to continue to practice in this state for a period of no more than two years.

(f) (1) Any license granted under authority of this act shall automatically be canceled if the holder thereof fails to apply for and obtain renewal prior to March 1 of the year following the December in which a renewal application is due.

(2) Any licensee whose license is required to be renewed for the next biennial period may obtain renewal, prior to February 1, by submitting to the board the required renewal application, payment of the biennial renewal fee and proof that such licensee has satisfactorily completed a program of continuing education required by the board. Any licensee whose license is required to be renewed for the next biennial period may obtain renewal, between February 1 and March 1, by submitting to the board the required renewal application, payment of the biennial renewal fee, payment of a penalty fee of not to exceed $500 as fixed by rules and regulations by the board and proof that such licensee has satisfactorily completed a program of continuing education required by the board. The penalty fee in effect immediately prior to the effective date of this act shall continue in effect until rules and regulations establishing a penalty fee under this section become effective.

(g) Upon failure of any licensee to pay the applicable renewal fee or to present proof of satisfactory completion of the required program of continuing education by February 1 of the year following the December in which a renewal application is due, the board shall notify such licensee, in writing, by mailing notice to such licensee's last registered address. Failure to mail or receive such notice shall not affect the cancellation of the license of such licensee.

(h) The board may waive the payment of biennial fees and the continuing education requirements for the renewal of licenses without the payment of any fee for a person who has held a Kansas license to practice dentistry or dental hygiene if such licensee has retired from such practice or has become temporarily or permanently disabled and
such licensee files with the board a certificate stating either of the following:

(1) A retiring licensee shall certify to the board that the licensee is not engaged, except as provided in K.S.A. 65-1466, and amendments thereto, in the provision of any dental service, the performance of any dental operation or procedure or the delivery of any dental hygiene service as defined by the statutes of the state of Kansas; or

(2) a disabled licensee shall certify to the board that such licensee is no longer engaged in the provision of dental services, the performance of any dental operation or the provision of any dental hygiene services as defined by the statutes of the state of Kansas by reason of any physical disability, whether permanent or temporary, and shall describe the nature of such disability.

(i) The waiver of fees under subsection (h) shall continue so long as the retirement or physical disability exists. Except as provided in K.S.A. 65-1466, and amendments thereto, in the event the licensee returns to the practice for which such person is licensed, the requirement for payment of fees and continuing education requirements shall be reimposed commencing with and continuing after the date the licensee returns to such active practice. Except as provided in K.S.A. 65-1466, and amendments thereto, the performance of any dental service, including consulting service, or the performance of any dental hygiene service, including consulting service, shall be deemed the resumption of such service, requiring payment of license fees.

(j) The Kansas dental board may adopt such rules and regulations requiring the examination and providing means for examination of those persons returning to active practice after a period of retirement or disability as the board shall deem necessary and appropriate for the protection of the people of the state of Kansas except that for an applicant to practice dental hygiene who is returning to active practice after a period of retirement or disability, the board shall authorize as an alternative to the requirement for an examination that the applicant successfully complete a refresher course as defined by the board in an approved dental hygiene school.

Section 1. Sec. 2. K.S.A. 2015 Supp. 65-2809 is hereby amended to read as follows: 65-2809. (a) The license shall be canceled on the date established by rules and regulations of the board which may provide renewal throughout the year on a continuing basis. In each case in which a license is renewed for a period of time of more or less than 12 months, the board may prorate the amount of the fee established under K.S.A. 65-2852, and amendments thereto. The request for renewal shall be on a form provided by the board and shall be accompanied by the prescribed fee, which shall be paid not later than the renewal date of the license.
(b) There is hereby created a designation of an active license. The board is authorized to issue an active license to any licensee who makes written application for such license on a form provided by the board and remits the fee for an active license established pursuant to K.S.A. 65-2852, and amendments thereto. The board shall require every active licensee to submit evidence of satisfactory completion of a program of continuing education required by the board. The requirements for continuing education for licensees of each branch of the healing arts shall be established by rules and regulations adopted by the board.

(c) The board, prior to renewal of a license, shall require an active licensee to submit to the board evidence satisfactory to the board that the licensee is maintaining a policy of professional liability insurance as required by K.S.A. 40-3402, and amendments thereto, and has paid the premium surcharges as required by K.S.A. 40-3404, and amendments thereto.

(d) At least 30 days before the renewal date of a licensee's license, the board shall notify the licensee of the renewal date by mail addressed to the licensee's last mailing address as noted upon the office records. If the licensee fails to submit the renewal application and pay the renewal fee by the renewal date of the license, the licensee shall be given notice that the licensee has failed to submit the renewal application and pay the renewal fee by the renewal date of the license, that the license will be deemed canceled if not renewed within 30 days following the renewal date, that upon receipt of the renewal application and renewal fee and an additional fee established by rules and regulations of the board not to exceed $500 within the 30-day period the license will not be canceled and that, if both fees are not received within the 30-day period, the license shall be deemed canceled by operation of law and without further proceedings.

(e) Any license canceled for failure to renew may be reinstated within two years of cancellation upon recommendation of the board and upon payment of the renewal fees then due and upon proof of compliance with the continuing educational requirements established by the board by rules and regulations. Any person who has not been in the active practice of the branch of the healing arts for which reinstatement is sought or who has not been engaged in a formal educational program during the two years preceding the application for reinstatement may be required to complete such additional testing, training or education as the board may deem necessary to establish the licensee's present ability to practice with reasonable skill and safety.

(f) There is hereby created a designation of exempt license. The board is authorized to issue an exempt license to any licensee who makes written application for such license on a form provided by the board and remits the fee for an exempt license established pursuant to K.S.A. 65-2852, and
amendments thereto. The board may issue an exempt license to a person who is not regularly engaged in the practice of the healing arts in Kansas and who does not hold oneself out to the public as being professionally engaged in such practice. An exempt license shall entitle the holder to all privileges attendant to the branch of the healing arts for which such license is issued. Each exempt license may be renewed subject to the provisions of this section. Each exempt licensee shall be subject to all provisions of the healing arts act, except as otherwise provided in this subsection (f). The holder of an exempt license may be required to submit evidence of satisfactory completion of a program of continuing education required by this section. The requirements for continuing education for exempt licensees of each branch of the healing arts shall be established by rules and regulations adopted by the board. Each exempt licensee may apply for an active license to regularly engage in the practice of the appropriate branch of the healing arts upon filing a written application with the board. The request shall be on a form provided by the board and shall be accompanied by the license fee established pursuant to K.S.A. 65-2852, and amendments thereto. For the licensee whose license has been exempt for less than two years, the board shall adopt rules and regulations establishing appropriate continuing education requirements for exempt licensees to become licensed to regularly practice the healing arts within Kansas. Any licensee whose license has been exempt for more than two years and who has not been in the active practice of the healing arts or engaged in a formal educational program since the license has been exempt may be required to complete such additional testing, training or education as the board may deem necessary to establish the licensee's present ability to practice with reasonable skill and safety. Nothing in this subsection (f) shall be construed to prohibit a person holding an exempt license from serving as a coroner or as a paid employee of: (1) A local health department as defined by K.S.A. 65-241, and amendments thereto; or (2) an indigent health care clinic as defined by K.S.A. 75-6102, and amendments thereto.

(g) There is hereby created a designation of inactive license. The board is authorized to issue an inactive license to any licensee who makes written application for such license on a form provided by the board and remits the fee for an inactive license established pursuant to K.S.A. 65-2852, and amendments thereto. The board may issue an inactive license only to a person who is not regularly engaged in the practice of the healing arts in Kansas, who does not hold oneself out to the public as being professionally engaged in such practice and who meets the definition of inactive health care provider as defined in K.S.A. 40-3401, and amendments thereto. An inactive license shall not entitle the holder to practice the healing arts in this state. Each inactive license may be renewed
subject to the provisions of this section. Each inactive licensee shall be subject to all provisions of the healing arts act, except as otherwise provided in this subsection (g). The holder of an inactive license shall not be required to submit evidence of satisfactory completion of a program of continuing education required by K.S.A. 65-2809, and amendments thereto. Each inactive licensee may apply for an active license upon filing a written application with the board. The request shall be on a form provided by the board and shall be accompanied by the license fee established pursuant to K.S.A. 65-2852, and amendments thereto. For those licensees whose license has been inactive for less than two years, the board shall adopt rules and regulations establishing appropriate continuing education requirements for inactive licensees to become licensed to regularly practice the healing arts within Kansas. Any licensee whose license has been inactive for more than two years and who has not been in the active practice of the healing arts or engaged in a formal education program since the licensee has been inactive may be required to complete such additional testing, training or education as the board may deem necessary to establish the licensee’s present ability to practice with reasonable skill and safety.

(h) (1) There is hereby created a designation of federally active license. The board is authorized to issue a federally active license to any licensee who makes written application for such license on a form provided by the board and remits the same fee required for a license established under K.S.A. 65-2852, and amendments thereto. The board may issue a federally active license only to a person who meets all the requirements for a license to practice the healing arts in Kansas and who practices that branch of the healing arts solely in the course of employment or active duty in the United States government or any of its departments, bureaus or agencies. A person issued a federally active license may engage in limited practice outside of the course of federal employment consistent with the scope of practice of exempt licensees under subsection (f), except that the scope of practice of a federally active licensee shall be limited to the following: (A) Performing administrative functions, including peer review, disability determinations, utilization review and expert opinions; (B) providing direct patient care services gratuitously or providing supervision, direction or consultation for no compensation except that nothing in this subsection (h)(1)(B) subparagraph shall prohibit a person licensed to practice the healing arts issued a federally active license from receiving payment for subsistence allowances or actual and necessary expenses incurred in providing such services; and (C) rendering professional services as a charitable health care provider as defined in K.S.A. 75-6102, and amendments thereto.

(2) The provisions of subsections (a), (b), (d) and (e) of this section
relating to continuing education, cancellation, renewal and reinstatement
of a license shall be applicable to a federally active license issued under
this subsection.

(3) A person who practices under a federally active license shall not
be deemed to be rendering professional service as a health care provider in
this state for purposes of K.S.A. 40-3402, and amendments thereto.

(j) (1) There is hereby created the designation of reentry active
license. The board is authorized to issue a reentry active license to any
licensee who makes written application for such license on a form
provided by the board and remits the fee for a reentry active license. The
board may issue a reentry active license with requirements as the board
may deem necessary to establish the licensee's present ability to practice
with reasonable skill and safety to a person who has not regularly engaged
in the practice of the healing arts for at least two years, but who meets all
the qualifications for licensure. The requirements for issuance, maintenance and scope of practice for a reentry active license shall be
established by rules and regulations adopted by the board.

(2) The provisions of subsections (a), (b) and (d) of this section
relating to continuing education, cancellation and renewal of a license
shall be applicable to a reentry active license issued under this subsection.
