(b) For each student to whom this section applies, the school district in which the student is enrolled or was last enrolled, on request by the student, shall establish an individual graduation committee to determine whether the student may qualify to graduate as provided by this section. The committee shall be
composed of:

committee's decision only if the student successfully completes all
additional requirements recommended by the committee under
Subsection (e) and the committee's vote is unanimous. The
commissioner by rule shall establish a timeline for making a
