12 employment or education.

13 (e) "Evidence-based practices" means supervision policies,

18 services, to which both of the following apply:

19 (i) It is intended to reduce recidivism by supervised

13 (k) "Technical probation violation" means a violation of the  
14 terms of a probationer's probation order that is not in and of  
15 itself a violation of a law of this state, a political subdivision  
16 of this state, another state, or the United States or of tribal  
17 law.

18 Sec. 2. (1) The agency shall adopt policies, rules, and  
19 regulations that within 4 years after the effective date of this  
20 act result in all supervised individuals being supervised in  
21 accordance with evidence-based practices, or practices developed  
22 based upon evidence-based practices, in order to improve the  
23 success rates of and to reduce recidivism rates for supervised  
24 individuals. The agency shall consult with and seek recommendations  
25 from local law enforcement agencies, including sheriff's  
26 departments, circuit courts, county prosecutor's offices, and  
27 community corrections programs, in adopting policies, rules, and

1 regulations for evidence-based supervision practices.

2 (2) The policies, rules, and regulations adopted under  
3 subsection (1) must include all of the following:

4 (a) The adoption, validation, and utilization of an objective  
5 risk and needs assessment tool.

6 (b) The use of assessment scores and other objective criteria  
7 to determine the risk level and program needs of each supervised  
8 individual, prioritizing supervision and program resources for  
9 offenders who are at higher risk to reoffend.

10 (c) Definitions of low-, moderate-, and high-risk levels  
11 during the period of supervision.

12 (d) The development of a case plan, based on the assessment  
13 score, for each individual who is assessed to be moderate to high  
14 risk. The case plan must allow a supervised individual options for  
15 programming from which he or she may make a selection. If a  
16 supervised individual exercises his or her option to choose  
17 programming rather than having the programming selected by his or  
18 her supervising officer, the selected programming shall not be less  
19 rigorous than the programming that the supervised individual would  
20 have otherwise been required to complete. A case plan developed  
21 under this subdivision is subject to conditions of supervision, if  
22 any, imposed by a court having jurisdiction over the supervised  
23 individual.

24 (e) The development of a case plan, based on the assessment  
25 score, for each individual who is assessed to be low risk. The case  
26 plan must allow a supervised individual options for programming  
27 from which he or she may make a selection. If a supervised

1 individual exercises his or her option to choose programming rather  
2 than having the programming selected by his or her supervising  
3 officer, the selected programming must not be less rigorous than  
4 the programming that the supervised individual would have otherwise  
5 been required to complete. A case plan developed under this  
6 subdivision is subject to conditions of supervision, if any,  
7 imposed by a court having jurisdiction over the supervised  
8 individual.

9 (f) The identification of swift, certain, proportionate, and  
10 graduated responses that an agency employee will apply in response  
11 to a supervised individual's compliant and noncompliant behaviors.

12 (g) The adoption of caseload guidelines that are based on  
13 offender risk levels and take into account agency resources and  
14 employee workload.

15 (h) The establishment of protocols and standards that assess  
16 the degree to which agency policies, procedures, programs, and  
17 practices relating to offender recidivism reduction are evidence-  
18 based.

19 (3) Not more than 4 years after the effective date of this  
20 act, all state funds expended on programs must be for programs that  
21 are in accordance with evidence-based practices or are developed  
22 based upon evidence-based practices.

23 (4) Not more then 4 years after the effective date of this  
24 act, the agency shall eliminate supervision policies, procedures,  
25 programs, and practices intended to reduce recidivism that  
26 scientific research demonstrates do not reduce recidivism.

27 (5) Any data collected and maintained under this act regarding

1 recidivism rates must be collected and maintained in a manner that  
2 separates the data regarding technical probation violations and  
3 technical parole violations from data on new felony and misdemeanor  
4 convictions.

5       Sec. 3. The agency shall adopt policies, rules, and  
6 regulations that improve crime victim satisfaction with the  
7 criminal justice system, including all of the following:

13 services, and referrals to access those rights and services.

14          (d) Offering victims the opportunity to complete a "victim  
15 satisfaction survey" with data used to measure agency performance.  
16 The department of the attorney general shall develop a victim  
17 satisfaction survey for use by an agency under this subdivision.

18          (e) Facilitating victim-offender dialogue if the victim is  
19 willing.

20       Sec. 4. (1) The agency shall provide its employees with  
21 intensive initial and ongoing training and professional development  
22 services to support the implementation of evidence-based practices.

23           (2) The training and professional development services  
24 provided under subsection (1) shall include assessment techniques,  
25 case planning, risk reduction and intervention strategies,  
26 effective communication skills, substance abuse intervention  
27 information, and other topics identified by the agency or its

1 employees.

2       Sec. 5. The department of corrections may form partnerships or  
3 enter into contracts with institutions of higher education or other  
4 qualified organizations for assistance with data collection,  
5 analysis, and research.

6       Sec. 6. (1) Beginning in 2018, by March 1 of each year the  
7 agency shall submit to the governor, the secretary of the senate,  
8 the clerk of the house of representatives, and the supreme court  
9 administrative office a comprehensive report on its efforts to  
10 implement this act. The report must include all of the following:

11       (a) The percentage and number of supervised individuals being  
12 supervised in accordance with evidence-based practices.

20 under section 3.

21       (f) The agency's recommendations for resource allocation, and  
22 any additional collaboration with other state, regional, or local  
23 public agencies, private entities, or faith-based or community  
24 organizations.

25       (2) The agency shall make the full report required under  
26 subsection (1) and an executive summary of that report available to  
27 the general public on its website.

1           Enacting section 1. This act takes effect 90 days after the  
2   date it is enacted into law.
