An act to amend Sections 99, 185, 301, 329, 1003, and 14001.1 of, and to add Division 2.5 (commencing with Section 11000) to, the Financial Code, relating to financial institutions.

LEGISLATIVE COUNSEL’S DIGEST

SB 930, as amended, Hertzberg. Financial institutions; cannabis.

(1) Existing law, the Financial Institutions Law, regulates the activities of various financial entities, including commercial banks, industrial banks, trust companies, credit unions, and savings and loan associations. The Banking Law defines and regulates state banks and commits the enforcement of banking laws to the Commissioner of Business Oversight. The California Credit Union Law provides for the licensure and regulation of credit unions by the Commissioner of Business Oversight and makes a willful violation of that law a crime.

The Control, Regulate and Tax Adult Use of Marijuana Act of 2016, an initiative measure approved as Proposition 64 at the November 8, 2016, statewide general election, authorizes a person who obtains a
state license under the act to engage in commercial adult-use cannabis activity pursuant to that license and applicable local ordinances. The Medicinal and Adult-Use Cannabis Regulation and Safety Act, among other things, consolidates the licensure and regulation of commercial medicinal and adult-use cannabis activities.

This bill would create the Cannabis Limited Charter Banking and Credit Union Law, to be administered by the Commissioner of Business Oversight and the Department of Business Oversight. The bill would create the Cannabis Limited Charter Bank and Credit Union Advisory Board and specify its composition, to include the Treasurer, the Controller, and the Chief of the Bureau of Cannabis Control, and commit to it the general responsibility for ensuring that this law functions in a safe and efficient way. The bill would prescribe the powers and duties of the board, including reviewing department enforcement reports, holding meetings that would be open to public comment, and issuing its own recommendations, which would be submitted to the Legislature and the Governor. The board would also be required to provide guidance on specified investment activities.

The bill would provide for the licensure and regulation of cannabis limited charter banks and credit unions for the purpose of providing limited banking services, as defined, to cannabis businesses. The bill would require a person who desires to be licensed as a cannabis limited charter bank or credit union to submit an application to the department, and would require that person to elect to form under either the Banking Law or the California Credit Union Law. The bill would authorize the department to charge an applicant for a cannabis limited charter bank or credit union license a reasonable fee. The bill would require a licensee to comply with all requirements in the Financial Institutions Law, and either the Banking Law or the California Credit Union Law, as applicable, except to the extent that any requirement of those laws are inconsistent with a provision of the Cannabis Limited Charter Banking and Union Law. By expanding the application of the California Credit Union Law, a willful violation of which is a crime, the bill would impose a state-mandated local program.

This bill would authorize a cannabis limited charter bank or credit union to issue to an account holder special purpose checks that would be valid for only specified purposes. The bill would authorize a cannabis limited charter bank or credit union to cash the checks it has issued, including those presented by parties that are not account holders, as specified. The bill would permit these checks to be used for the payment
of state and local fees and taxes, payment of rent on property leased by, or on behalf of, the account holder’s cannabis business, payment of vendors physically located in California, as specified, and the purchase of state and local bonds, as specified. The bill would provide that a person or entity is not required to accept these checks. The bill would require a cannabis limited charter bank or credit union to obtain and maintain insurance at all times that it is engaged in business, subject to certain requirements including that the insurance be in an amount acceptable to the commissioner. The bill would authorize a cannabis limited charter bank or credit union to charge fees for its banking services, and would authorize the commissioner, if requested by any person or whenever the commissioner deems appropriate, to review any fee charged. The bill would require a cannabis limited charter bank and credit union to provide the commissioner with a specified fee schedule, which information the department would be required to compile and post information on its Internet Web site. The bill would authorize a cannabis limited charter bank or credit union to enter into an agreement with another licensee to form a banking network, subject to the approval of the commissioner, to facilitate the provision of cannabis banking services. The bill would require the department to adopt emergency regulations and would prohibit the department from issuing a license for these purposes prior to July 1, 2019, except as specified. The bill would require the department to provide a specified report to the Senate Committee on Banking and Financial Institutions and the Senate Committee on Governance and Finance.

The bill would require a cannabis limited charter bank or credit union to adopt policies and practices to achieve the principles and goals outlined in the federal Bank Secrecy Act and cooperate with the federal Financial Crimes Enforcement Network. The bill would prohibit a cannabis limited charter bank or credit union from engaging in banking activity with any other financial institution that lacks a limited purpose charter issued under these provisions. The bill would prescribe a framework for the administration of its provisions. The bill would also make a statement of legislative findings.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason.
The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares:

(a) In November 2016, California voters passed Proposition 64, the Control, Regulate and Tax Adult Use of Marijuana Act, authorizing recreational use of marijuana subject to specified limits. Medicinal cannabis use has been legal under California law since 1996 with the passage of Proposition 215, the Compassionate Use Act of 1996.

(b) Since 1996, a network of producers, distributors, and dispensaries have developed in California to serve the needs of the medical cannabis community. All of these businesses are expected to expand, and new businesses are expected to join them, in order to serve recreational cannabis users.

(c) Cannabis remains illegal under federal law. The United States Drug Enforcement Administration classifies cannabis as a Schedule I drug. As a result, the majority of financial institutions that take deposits, including banks, thrifts, and credit unions, do not serve cannabis businesses. This status precludes cannabis-related businesses from depositing income in, or engaging in other banking-related activities with, federally insured and regulated financial institutions and from using a federal clearinghouse to process their payments.

(d) Since most financial institutions will not serve cannabis businesses because of the conflict of federal law with state law, these businesses are unable to open and use checking accounts, make or receive electronic payments, or accept credit or debit cards.

(e) While income from the sale of cannabis products is considered ill-gotten gains by the federal government, that income is still taxable. The IRS specifically states in Publication 525, Taxable and Nontaxable Income, that “(i)illegal income, such as money from dealing illegal drugs, must be included in your income on Form 1040, line 21, or on Schedule C or Schedule C-EZ (Form 1040) if from your self-employment activity.”
(f) The need for banking services for the cannabis industry is at an all-time high, given that the industry is now expected to generate more than $8,000,000,000 in revenue annually.

(g) The lack of banking services has created both regulatory and public safety issues. State and local governments must be able to audit and perform accounting and other accountability functions affecting cannabis-related businesses. This is made significantly more difficult when the majority of transactions are completed with cash.

(h) With financial services unavailable to cannabis businesses, these businesses are less able to pay taxes and follow California regulations governing cannabis.

(i) Additionally, the lack of access to financial services has created public safety issues for businesses that need to pay high security costs to safeguard their income and their employees, who risk being robbed when managing and transporting cash.

(j) California voters have spoken in support of the new cannabis laws. Without a change in law regarding financial services, businesses providing services that are lawful under state law may elect to remain underground and not become regulated, tax-paying California businesses, as the voters intended.

(k) In furtherance of the will of the voters, the California government has a responsibility to enact appropriate implementing legislation for Proposition 64. The current conflict with federal law creates a significant problem requiring legislative attention. The state has a duty to provide a mechanism to help these lawful businesses to gain access to banking services that is consistent with the will of California voters.

Notwithstanding any other provision of law, neither the commissioner nor any employee of the department shall disclose or permit the disclosure of any record, record of any action, or information contained in a record of any action, taken by the commissioner under the provisions of this section, unless the action was taken pursuant to paragraph (2) of subdivision (b), to persons other than federal or state government employees who are authorized by statute to obtain the records in the performance of their official duties, unless the disclosure is authorized or requested by the affected licensee or the affected subsidiary of the licensee. The commissioner shall have the sole authority to bring any action with respect to a violation of applicable law subject to a penalty imposed under this section. Except as provided in paragraphs (1) and (2), any penalty imposed by the commissioner may not exceed one thousand dollars ($1,000) a day, provided that the aggregate penalty of all offenses in any one action against any licensee or subsidiary of a licensee shall not exceed fifty thousand dollars ($50,000). (1) If the commissioner determines that any licensee or subsidiary of the licensee has recklessly violated any applicable law, any order issued by the commissioner, any provision of any written agreement between the commissioner and the licensee or subsidiary, or any condition of any approval issued by the commissioner, the commissioner may impose a penalty not to exceed five thousand dollars ($5,000) per day, provided that the aggregate penalty of all offenses in an action against any licensee or subsidiary of a licensee shall not exceed seventy-five thousand dollars ($75,000).
(2) If the commissioner determines that any licensee or subsidiary of the licensee has knowingly violated any applicable law, any order issued by the commissioner, any provision of any written agreement between the commissioner and the licensee or subsidiary, or any condition of any approval issued by the commissioner, the commissioner may impose a penalty not to exceed ten thousand dollars ($10,000) per day, provided that the aggregate penalty of all offenses in an action against any licensee or subsidiary of a licensee shall not exceed 1 percent of the total assets of the licensee or subsidiary of a licensee subject to the penalty.

c) Nothing in this section shall be construed to impair or impede the commissioner from pursuing any other administrative action allowed by law.

(d) Nothing in this section shall be construed to impair or impede the commissioner from bringing an action in court to enforce any law or order he or she has issued, including orders issued under this section. Nothing in this section shall be construed to impair or impede the commissioner from seeking any other damages or injunction allowed by law.

e) In determining the amount and the appropriateness of initiating a civil money penalty under subdivision (b), the commissioner shall consider all of the following:

(13) The existence of agreements, commitments, orders, or conditions imposed in writing intended to prevent the violation, practice, or breach of duty.

(14) Whether the violation, practice, or breach of duty causes quantifiable, economic benefit or loss to the licensee or the subsidiary of the licensee. In those cases, removal of the benefit or recompense of the loss usually will be insufficient, by itself, to promote compliance with the applicable law, order, or written agreement. The penalty amount should reflect a remedial purpose and should provide a deterrent to future misconduct.

(15) Other factors as the commissioner may, in his or her opinion, consider relevant to assessing the penalty or establishing the amount of the penalty.

(f) The amounts collected under this section shall be deposited in the appropriate fund of the department. For purposes of this subdivision, the term “appropriate fund” means the fund to which the annual assessments of fined licensees, or the parent licensee of the fined subsidiary, are credited.

A cannabis limited charter bank or credit union shall obtain and maintain private insurance in an amount acceptable to the commissioner for the cannabis depository institution and its assets at all times while it is engaged in banking services. Private insurance shall not be unsatisfactory to the commissioner. In seeking and retaining private insurance, a cannabis limited charter bank or credit union may do all things and assume and discharge all obligations required of it that are not in conflict with state law.

A cannabis limited charter bank or credit union may enter into an agreement with one or more other limited charter licensees in order to form a banking network. That agreement shall be subject to the approval of the commissioner. The network shall be for the purpose of assisting each other in providing services to cannabis businesses and each other. A cannabis limited charter bank or credit union may provide accounts to people and entities other than cannabis businesses, pursuant to rules that may be adopted by the commissioner.

A cannabis limited charter bank or credit union may charge fees for the banking services that it provides. Each cannabis limited charter bank and credit union shall provide to the commissioner a fee schedule, listing the types and sizes of fees it charges for the services it provides. The department shall compile the information provided to it pursuant to this section and shall post that information on its Internet Web site in a format intended to provide transparency. The commissioner may, if requested by any person or whenever the commissioner deems appropriate, review any fee charged by a cannabis limited charter bank or credit union pursuant to this section.
