(2) Of the funds appropriated in part 1 for criminal justice reinvestment, at least \$600,000.00 shall be allocated to an organization that has received a United States Department of Labor training to work 2-adult reentry grant to provide county jail inmates with programming and services to prepare them to get and keep jobs. To the extent the department has insufficient policies or resources to affect the continued increase in prison commitments among these offender populations, the department shall explore other policy options to allow for program alternatives, including department or OCC-funded programs, local level programs, and programs available through private agencies that may be used as prison alternatives for these offenders.

(2) By April 1, the department shall provide a report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the number of all parolees returned to prison and probationers sentenced to prison for either a technical violation or new sentence during the preceding fiscal year. When the department is determining where to place a parolee with chronic technical violations, the department shall give priority to placing a parolee in an intensive detention program that offers specific programming to address the behavioral needs of the parolee, and that works on a plan with the parolee to ensure that once the parolee is released he or she can remain in the community and successfully complete his or her parole.

Sec. 615. (1) The department shall submit a report detailing the number of prisoners who have received life imprisonment sentences with the possibility of parole and who are currently eligible for parole to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office by April 30.

(2) The report shall include the following information on parolable lifers who have served more than 25 years: prisoner name, MDOC identification number, prefix, offense for which life term is being served, county of conviction, age at time offense was committed, current age, race, gender, true security classification, dates of parole board file reviews, dates of parole board interviews, parole guideline scores, and reason for decision not to release.

Sec. 812. (1) The department shall provide the department of health and human services with a monthly list of prisoners newly committed to the department of corrections. The department and the department of health and human services shall enter into an interagency agreement under which the department of health and human services provides the department of corrections with monthly lists of newly committed prisoners who are eligible for Medicaid benefits in order to maintain the process by which Medicaid benefits are suspended rather than terminated. To calculate the cost per prisoner/per day, the department shall divide these direct and indirect costs by the average daily population for each custody level. For multilevel facilities, the indirect costs that cannot be accurately allocated to each custody level can be included in the calculation on a per-prisoner basis for each facility. A report summarizing these calculations and the direct and indirect costs included in them shall be submitted to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office not later than December 15.

Programming includes, but is not limited to, violence prevention programming, assaultive offender programming, sexual offender programming, substance abuse treatment programming, thinking for a change programming, and any other programming that is required as a condition of parole.

(2) It is the intent of the legislature that any prisoner required to complete a violence prevention program, sexual offender program, or other program as a condition of parole shall be placed on a waiting list for the appropriate programming upon entrance to prison and transferred to a facility where that program is available in order to accomplish timely completion of that program prior to the expiration of his or her minimum sentence and eligibility for parole. Nothing in this section should be deemed to make parole denial appealable in court.

(3) The department shall submit a quarterly report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office detailing enrollment in sex offender programming, assaultive offender programming, violent offender programming, and thinking for a change programming. Prisoners with serious mental illness or serious developmental disorders shall not be removed from the general population as a punitive response to behavior caused by their serious mental illness or serious developmental disorder. Due to persistent high violence risk or severe disruptive behavior that is unresponsive to treatment, prisoners with serious mental illness or serious developmental disorders may be placed in secure residential housing programs that will facilitate access to institutional programming and ongoing mental health services. A prisoner with serious mental illness or serious developmental disorder who is confined in these specialized housing programs shall be evaluated or monitored by a medical professional at a frequency of not less than every 12 hours.

Due to persistent high violence risk or severe disruptive behavior that is unresponsive to treatment, prisoners less than 18 years of age with serious emotional disturbance, serious mental illness, or serious developmental disorders may be placed in secure residential housing programs that will facilitate access to institutional programming and ongoing mental health services. A prisoner less than 18 years of age with serious mental illness, serious emotional disturbance, or a serious developmental disorder who is confined in these specialized housing programs shall be evaluated or monitored by a medical professional at a frequency of not less than every 12 hours.

(c) Implement a specialized offender success program that recognizes the needs of prisoners less than 18 years old for supervised offender success.

Sec. 942. The department shall ensure that any contract with a public or private party to operate a facility to house state prisoners includes a provision to allow access by both the office of the legislative auditor general and the office of the legislative corrections ombudsman to the facility and to appropriate records and documents related to the operation of the facility. These access rights for both offices shall be the same for the contracted facility as for a general state-operated correctional facility.

Sec. 943. The department shall submit a report by May 1 to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the actual and projected savings achieved by closing correctional facilities. Sec. 1011. The department may accept in-kind services and equipment donations to facilitate the addition of a cable network that provides programming that will address the religious needs of incarcerated individuals. This network may be a cable television network that presently reaches the majority of households in the United States. A bilingual channel affiliated with this network may also be added to department programming to assist the religious needs of Spanish-speaking inmates. The addition of these channels shall be at no additional cost to this state.

Sec. 1013. From the funds appropriated in part 1, priority may be given to funding reentry or rehabilitation programs that have been demonstrated to reduce prison violence and recidivism, including faith-based initiatives.
