An act to add Chapter 4.5 (commencing with Section 8301) to Division 1 of Title 2 of the Government Code, relating to state government.

LEGISLATIVE COUNSEL'S DIGEST

AB 3121, as introduced, Weber. Task Force to Study and Develop Reparation Proposals for African Americans.

Existing law requests the Regents of the University of California to assemble a colloquium of scholars to draft a research proposal to analyze the economic benefits of slavery that accrued to owners and the businesses, including insurance companies and their subsidiaries, that received those benefits, and to make recommendations to the Legislature regarding those findings.

Existing law requires the Insurance Commissioner to request and obtain information from insurers licensed and doing business in this state regarding any records of slaveholder insurance policies issued by any predecessor corporation during the slavery era. Existing law requires insurers to research and report to the commissioner on insurance policies that provided coverage for injury to, or death of, enslaved people.

This bill would establish the Task Force to Study and Develop Reparation Proposals for African Americans, consisting of 8 members, appointed as provided. The bill would require the Task Force to, among

other things, identify, compile, and synthesize the relevant corpus of evidentiary documentation of the institution of slavery that existed within the United States and the colonies. The bill would require the Task Force to recommend, among other things, the form of compensation that should be awarded, the instrumentalities through which it should be awarded, and who should be eligible for this compensation. The bill would require the Task Force to submit a written report of its findings and recommendations to the Legislature. The bill would authorize reimbursement of the members' expenses only to the extent an appropriation is made in the Budget Act.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Chapter 4.5 (commencing with Section 8301) is
2 added to Division 1 of Title 2 of the Government Code, to read:

3
4 CHAPTER 4.5. REPARATIONS FOR THE INSTITUTION OF SLAVERY

5
6 Article 1. Findings and Declarations

7
8 8301. (a) The Legislature makes the following findings and
9 declarations:

10 (1) More than 4,000,000 Africans and their descendants were
11 enslaved in the United States and the colonies that became the
12 United States from 1619 to 1865, inclusive.

13 (2) The institution of slavery was constitutionally and statutorily
14 sanctioned by the United States from 1789 through 1865, inclusive.

15 (3) The slavery that flourished in the United States constituted
16 an immoral and inhumane deprivation of Africans' life, liberty,
17 African citizenship rights, and cultural heritage and denied them
18 the fruits of their own labor.

19 (4) A preponderance of scholarly, legal, and community
20 evidentiary documentation, as well as popular culture markers,
21 constitute the basis for inquiry into the ongoing effects of the
22 institution of slavery and its legacy of persistent systemic structures
23 of discrimination on living African Americans and society in the
24 United States.

1 (5) Following the abolition of slavery, the United States
2 government at the federal, state, and local levels continued to
3 perpetuate, condone, and often profit from practices that continued
4 to brutalize and disadvantage African Americans, including
5 sharecropping, convict leasing, Jim Crow laws, redlining, unequal
6 education, and disproportionate treatment at the hands of the
7 criminal justice system.

8 (6) As a result of the historic and continued discrimination,
9 African Americans continue to suffer debilitating economic,
10 educational, and health hardships, including, but not limited to,
11 all of the following:

12 (A) Having nearly 1,000,000 black people incarcerated.

13 (B) An unemployment rate more than twice the current white
14 unemployment rate.

15 (C) An average of less than one-sixteenth of the wealth of white
16 families, a disparity that has worsened, not improved, over time.

17 (b) It is the purpose of this chapter to establish a task force that
18 will do all of the following:

19 (1) Study and develop reparation proposals for African
20 Americans as a result of:

21 (A) The institution of slavery, including both the transatlantic
22 and domestic “trade” that existed from 1565 in colonial Florida
23 and from 1619 to 1865, inclusive, within the other colonies that
24 became the United States, and that included the federal and state
25 governments, that constitutionally and statutorily supported the
26 institution of slavery.

27 (B) The de jure and de facto discrimination against freed slaves
28 and their descendants from the end of the Civil War to the present,
29 including economic, political, educational, and social
30 discrimination.

31 (C) The lingering negative effects of the institution of slavery
32 and the discrimination described in paragraphs (5) and (6) of
33 subdivision (a) on living African Americans and on society in
34 California and the United States.

35 (D) The manner in which instructional resources and
36 technologies are being used to deny the inhumanity of slavery and
37 the crime against humanity of people of African descent in
38 California and the United States.

39 (E) The role of Northern complicity in the Southern-based
40 institution of slavery.

- 1 (F) The direct benefits to societal institutions, public and private,
- 2 including higher education, corporate, religious, and associational.
- 3 (2) Recommend appropriate ways to educate the California
- 4 public of the task force’s findings.
- 5 (3) Recommend appropriate remedies in consideration of the
- 6 task force’s findings on the matters described in this section.
- 7 (4) Submit to the Legislature the report completed pursuant to
- 8 Section 8301.1, together with any recommendations.
