3 * **Section 1.** The uncodified law of the State of Alaska is amended by adding a new section
4 to read:

5 FINDINGS. (a) The legislature finds that

6 (1) on March 11, 2020, the governor issued a declaration of a public health
7 disaster emergency under AS 26.23.020 in anticipation of the spread of COVID-19 to the
8 state and has since issued multiple new disaster declarations for the COVID-19 outbreak;

9 (2) since the initial outbreak through the present day, the outbreak of
10 COVID-19 has resulted in serious consequences for residents of the state and the state's
11 economy;

12 (3) many communities in the state, including the state's largest city of
13 Anchorage and the capital city of Juneau, have seen fit to impose lockdown or hunker-down
14 orders, which have severely reduced economic activity in those communities;

15 (4) lockdown orders and other pandemic-related factors have forced numerous
16 state businesses to close their doors and lay off employees or reduce service levels and
17 employee hours far below what would otherwise have been provided, to the detriment of both
18 those businesses and their hard-working employees;

19 (5) interstate and intrastate travel restrictions of varying levels of
20 restrictiveness, while intended to contain the spread of COVID-19, have resulted in further
21 reduction of economic activities in the state;

22 (6) the state has established and facilitated multiple programs to provide
23 economic assistance to struggling state residents and businesses, but the programs, while
24 providing much-needed relief, generally fall short of fully replacing regular levels of
25 voluntary economic activity;

26 (7) as a result of voluntary and government-imposed reductions of economic
27 activity,

28 (A) the state lost 29,000 jobs between October 2019 and October 2020;

29 (B) many businesses in the state have temporarily or permanently
30 closed;

(C) at least 45,000 students in the Anchorage School District have been denied in-person education for a significant period during the pandemic;

(8) the shift from in-person learning to distance learning has negatively affected students in the state in terms of the students' learning progression and emotional and social development;

(9) the shift from in-person learning to distance learning has been associated with increased instances of child abuse and food insecurity;

(10) multiple vaccines for COVID-19 have been developed and are currently being distributed, allowing the state to move into a new phase of its COVID-19 recovery efforts;

(11) due in part to the state's robust COVID-19 response efforts, the state currently has the third-lowest COVID-19 fatality rate in the United States; and

(12) because of the diligent efforts of the state, Alaska has the highest vaccination rate of all 50 states.

(b) Based on the findings in (a) of this section, the legislature finds that it is in the best interest of the state to

(1) take appropriate steps to continue to contain the spread of COVID-19 and to distribute COVID-19 vaccines statewide with the utmost diligence and dispatch;

(2) take appropriate steps to limit further harm to the state's economy, to enable displaced workers in the state to return to work, and to allow students in the state to rejoin in-person classes with their peers; and

(3) extend the public health disaster emergency declaration issued by the governor on January 15, 2021, and all the powers granted under AS 18.15.390 and AS 26.23.020, to December 31, 2021.

* **Sec. 2.** The uncodified law of the State of Alaska is amended by adding a new section to read:

PUBLIC HEALTH DISASTER EMERGENCY; APPROVAL, RATIFICATION, AND EXTENSION OF DISASTER EMERGENCY. (a) The declarations of a public health disaster emergency issued by the governor on November 15, 2020, December 15, 2020, and January 15, 2021, are approved and ratified.

(b) Under AS 26.23.020(c), the Alaska State Legislature extends to December 31,

2021, the declaration of a public health disaster emergency issued by the governor on January 15, 2021. The extension under this subsection includes an order, proclamation, or regulation issued under AS 26.23.020 and an action taken by the Department of Health and Social Services under the authority granted to the Department of Health and Social Services under AS 18.15.390.

(c) Notwithstanding (b) of this section, if the commissioner of health and social services certifies to the governor that there is no longer a present outbreak of novel coronavirus disease (COVID-19) or a credible threat of an imminent outbreak of COVID-19, the governor shall issue a proclamation that the public health disaster emergency identified in the declaration issued by the governor on January 15, 2021, no longer exists as of a date determined by the governor. The certification must be based on specific information received from a state or federal agency or another source that the commissioner determines to be reliable.

(d) The governor shall submit a proclamation issued under (c) of this section to the revisor of statutes, the president of the senate, the speaker of the house of representatives, and the lieutenant governor.

* **Sec. 3.** The uncodified law of the State of Alaska is amended by adding a new section to read:

EMERGENCY POWERS OF THE GOVERNOR. Notwithstanding any other provision of law, the governor may not take any action under AS 26.23.020(g)(4) - (6), (8), or (11) to respond to the novel coronavirus disease (COVID-19) public health disaster emergency issued by the governor on January 15, 2021, as extended by sec. 2 of this Act.

* **Sec. 4.** The uncodified law of the State of Alaska is amended by adding a new section to read:

(a) Notwithstanding any other provision of law, the commissioner of health and social services may declare a public health emergency if the commissioner determines that the Department of Health and Social Services must take action to protect the public health, including providing public health services or enforcing existing health laws, as part of the state's response to the ongoing pandemic related to the novel coronavirus disease (COVID-19).

(b) A public health emergency declared under this section must support the efforts of the Department of Health and Social Services to maximize and maintain the following federal benefits:

(C) waivers under section 1135 of the Social Security Act;

(d) During a public health emergency declared under this section, the chief procurement officer shall authorize the use of an emergency procurement under AS 36.30.310 for a procurement related to the public health emergency requested by the commissioner of health and social services.

(e) A public health emergency declared under this section expires on the earlier of the date

(1) the commissioner of health and social services determines that the public health emergency declared under this section is no longer necessary; or

(2) the public health emergency issued under sec. 319 of the Public Health Service Act expires, subject to renewal by the United States Secretary of Health and Human Services.

* **Sec. 5.** The uncodified law of the State of Alaska is amended by adding a new section to read:

3 read:

5 electronically submit, on the first day of the month, a report to the legislative finance division
6 that lists the total expenditures incurred by the state in its response to the public health

8 disease (COVID-19). The report should include cumulative expenses incurred by category,

29 public health disaster emergency no longer exists.

30 (b) Notwithstanding any other provision of law and to the extent necessary to respond
31 to the public health disaster emergency, a board listed in AS 08.01.010, the commissioner of

1 commerce, community, and economic development, or the director, as applicable, may take
 2 additional action necessary to protect public health, safety, and welfare, including

3 (1) temporarily waiving or modifying the continuing education requirements
 4 required for licensees to renew a professional license, permit, or certificate in calendar year
 5 2021;

18 services under this section. Nothing in this subsection may be construed to abrogate authority
19 granted to the commissioner of health and social services under AS 18.15.390.

20 (d) In this section, "health care provider" has the meaning given in AS 18.15.395 and

28 person who engages in business, or by an employee of a person who engages in business
