Vote Smart Introduction

Started by Presidents Carter and Ford, along with 40 other prominent leaders of both major parties, Vote Smart is run by staff, students, and volunteers who have signed on from two weeks to two years.

Completely impartial, it collects data on over 40,000 politicians in six areas: Voting records, biographical details, public comments, issue positions, ratings by every liberal to conservative group, and campaign contributors.

The information is provided free to all through these systems:

Vote Smart's web site (votesmart.org): An exhaustive resource on politicians with powerful interactive tools that include:

I SPY: Pick any politician and then use our magnifying glass to open up every fact on them in any one of six secret files:

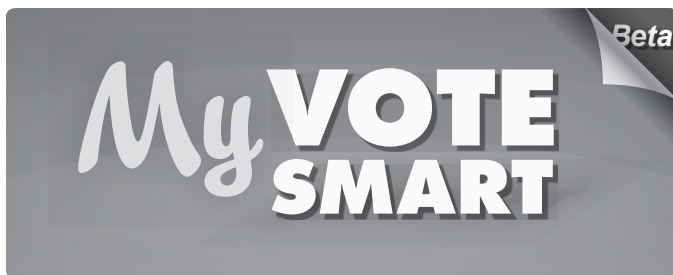

VoteEasy 2014: State your position on any one of the major issues and watch as this year's candidates recede or advance depending on how much they agree with you.

Political Galaxy: Name any politician and any issue of interest. Then be transported through the universe of political information to the specific star cluster that represents every known fact on that person and that issue.

My Vote Smart: This tool allows you to register the name of any politician you are interested in and any subject you are concerned with. When new data is available that matches your interest you will be instantly informed.

Voter's Self-Defense Manual: A 100-page printed sampling of facts on all members of congress.

Toll-free Voter's Research Hotline: A call to **888-VoteSmart** connects you with one of our trained researchers who will look up anything about any politician.

United States Senate

This section provides office information, contact information, key votes, interest group ratings, and campaign contributions for each of the 100 U.S. Senators. Also included is a measure of the official's willingness to provide his or her issue positions through Vote Smart's Political Courage Test. The senators are listed in alphabetical order by state abbreviation.

Office Information

Next to each senator's name is his or her party affiliation. Abbreviations for party affiliations are: Democratic (D); Democratic/Farmer/Labor (DFL); Democratic Non-Partisan League (DNPL); Independent (I); and Republican (R). Senators with an asterisk (*) after their name are eligible for re-election in 2014. Underneath the name is whether the senator holds the Junior or Senior seat in that state.

Contact Information

The contact information listed includes: 1) Washington, DC office phone number, 2) Washington, DC office fax number, and 3) an email or webmail address. If a senator does not have an email, the website address for their webmail form is listed instead. A webmail form allows you to contact a senator via their website. To access the webmail form, enter the provided address into a web browser.

You can also write to a senator at this general address:

Office of Senator [Full Name]
United States Senate
Washington, DC 20510

Additional contact information for senators can be obtained through our website at votesmart.org or by calling our Voter's Research Hotline at 1-888-VoteSmart (1-888-868-3762).

Political Courage Test

The Political Courage Test asks candidates one central question: "Are you willing to tell citizens where you stand on the issues you may face if elected?" Each election, Vote Smart organizes an effort of over 200 media organizations and political leaders who write, call, and repetitiously encourage each candidate to provide this essential information.

Senators with "Has Political Courage" listed after their seat were willing to provide citizens with their issue positions on the Political Courage Test at the time of their last election. Senators with "No Political Courage" listed after their seat refused to provide citizens with their issue positions on the Political Courage Test at the time of their last election. Senators with "Unknown Political Courage" are those officials who have not yet had the opportunity to fill out the Political Courage Test.

2014 congressional candidates will be issued the Political Courage Test prior to the general election in November. If a candidate fails to demonstrate Political Courage on key issue questions, Vote Smart will determine the candidate's likely positions from his or her public statements, legislative record, and interest group ratings. Vote Smart's VoteEasy tool allows citizens to see how well they match up with the positions of their congressional candidates.

Comprehensive results for all candidates for congressional, gubernatorial, and state legislative offices can be obtained through our website at www.votesmart.org or by calling our Voter's Research hotline at 1-888-VoteSmart (1-888-868-3762).

Key Votes

Vote Smart provides easy access to the voting records of U.S. Senators and maintains a collection of key votes grouped by issue. Key votes typically include the initial passage of legislation, controversial amendments, and the final conference report votes. The following criteria are used to select key votes:

- The vote should be helpful in portraying how a senator stands on a particular issue
- The vote was passed or defeated by a very close margin
- The vote has received national media attention
- The vote should be clear for any person to understand
- A specific bill is consistently inquired about on the Voter's Research Hotline

Key vote summaries are written by Vote Smart staff and go through an approval process with political scientists of opposing viewpoints reviewing both the selection and the content. This is to ensure clarity, relevance, non-partisanship, and accuracy.

Below are the descriptions of the 17 U.S. Senate key votes included in this publication. The votes are numbered according to the tables and keys located on the senators' information pages. For each vote, the central issue of the bill is explained, but many bills encompass more than one issue. For additional details, visit our website at Votesmart.org or call our Voter's Research Hotline at 1-888-VoteSmart (1-888-868-3762). A reference key is provided on the top of each page.

Cloture Vote: The Senate may limit the debate of a bill to 30 hours if at least 3/5 majority of the Senate vote “Yea” on a motion to invoke cloture. It is not a vote on the passage of the piece of legislation, but a “Yea” vote for cloture generally indicates that the senator favors the passage of the bill. A failed cloture vote often prevents the legislation from ever coming to a vote.

Concurrence Vote: A concurrence vote considers the changes made by the House to a bill that the Senate previously passed. A successful concurrence vote advances the bill to the president. A failed concurrence vote usually results in a “conference committee”, where delegates from each chamber are convened to resolve the differences between the bills.

Interest Group Ratings

Vote Smart collects performance evaluations from special interest groups regardless of the issue or bias of the organization. Most ratings reflect how often members of Congress or state legislators have voted with the organization’s preferred position on legislation that the group considers key in their area. Some organizations may also consider other actions such as committee votes, bill sponsorships, or answers to a questionnaire in their ratings. Additionally, some groups may select votes that tend to favor members of one political party over another, rather than choosing votes based solely on issue-related concerns.

Special interest group ratings can be used to find out how your elected officials were ranked by those groups you either agree or disagree with. If your concerns do not align with those of any particular special interest group, ratings can still be useful by helping indicate where an incumbent has stood on a particular set of issues in the past few years.

For consistency, Vote Smart has converted all ratings to percentages for this publication. If a rating was not available for a senator, (NA) is listed in place of a rating.

Listed below is a sampling of interest group ratings from the more than 300 groups in Vote Smart’s database. The years listed in parentheses after the name of the organization indicate what year or years of actions the organization considered when producing the rating. The votes are numbered according to the tables and keys located on the senator’s information pages.

Political Courage Test

The Political Courage Test asks candidates one central question: "Are you willing to tell citizens where you stand on the issues you may face if elected?" Each election, Vote Smart organizes an effort of over 200 media organizations and political leaders who write, call, and repetitiously encourage each candidate to provide this essential information.

Representatives with "Has Political Courage" listed after their seat were willing to provide citizens with their issue positions on the Political Courage Test at the time of their last election. Representatives with "No Political Courage" listed after their seat refused to provide citizens with their issue positions on the Political Courage Test at the time of their last election. Representatives with "Unknown Political Courage" are those officials who have not yet had the opportunity to fill out the Political Courage Test.

2014 congressional candidates will be issued the Political Courage Test prior to the general election in November. If a candidate fails to demonstrate Political Courage on key issue questions, Vote Smart will determine the candidate's likely positions from his or her public statements, legislative record, and interest group ratings. Vote Smart's VoteEasy tool allows citizens to see how well they match up with the positions of their congressional candidates.

Comprehensive results for all candidates for congressional, gubernatorial, and state legislative offices can be obtained through our website at www.votesmart.org or by calling our Voter's Research hotline at 1-888-VoteSmart (1-888-868-3762).

Key Votes

Vote Smart provides easy access to the voting records of U.S. Representatives and maintains a collection of key votes grouped by issue. Key votes typically include the initial passage of legislation, controversial amendments, and the final conference report votes. Vote Smart uses the following criteria to select key votes:

- The vote should be helpful in portraying how a representative stands on a particular issue
- The vote was passed or defeated by a very close margin
- The vote has received national media attention
- The vote should be clear for any person to understand
- A specific bill is consistently inquired about on the Voter's Research Hotline

Key votes summaries are written by Vote Smart staff and go through an approval process with political scientists of opposing viewpoints reviewing both the selection and the content. This is to ensure clarity, relevance, nonpartisanship, and accuracy.

Below are the descriptions of the 17 U.S. House of Representatives key votes that are included in this publication. The votes are numbered according to the tables and keys located on the Representative's information pages. For each vote, the central issue of the bill is highlighted, but many bills encompass more than one issue. For additional details, visit our website at Votesmart.org or call our Voter's Research Hotline at 1-888-VoteSmart (1-888-868-3762). A reference key is provided on the top of each page.

Interest Group Ratings

Vote Smart collects performance evaluations from special interest groups regardless of the issue or bias of the organization. Most ratings reflect how often members of Congress or state legislators have voted with the organization's preferred position on legislation that the group considers key in their area. Some organizations may also consider other actions such as committee votes, bill sponsorships, or answers to a questionnaire in their ratings. Additionally, some groups may select votes that tend to favor members of one political party over another, rather than choosing votes based solely on issue-related concerns.

Special interest group ratings can be used to find out how your elected officials were ranked by those groups you either agree or disagree with. If your concerns do not align with those of any particular special interest group, ratings can still be useful by helping indicate where an incumbent has stood on a particular set of issues in the past few years.

For consistency, Vote Smart has converted all ratings to percentages for this publication. If a rating was not available for a representative, (NA) is listed in place of a rating.

Listed below is a sampling of interest group ratings selected from the more than 300 groups in Vote Smart's database. The years listed in parentheses after the name of the organization indicate what year or years of actions the organization considered when producing the rating. The ratings are numbered according to the tables and keys located on the Representative's information pages.

REMEMBER

THREE WAYS TO HELP US

ONE: Volunteer or intern at Vote Smart's Great Divide Ranch research retreat. Supported by our members, we all give our time and expertise to build this positive response to the greatest political challenge of our time: Defending citizens with the facts about those who represent us and those who wish to replace them.

TWO: Be a Vote Smart Ambassador to your community, family and friends. Tell those you know about Vote Smart by sharing our short video, brochures or writing letters to the editor.

THREE: Become a Vote Smart Member. If you cannot volunteer, simply support those who can by making a contribution to provide the resources essential for them to do their work.

**Just call 888-VoteSmart,
go to our web site (votesmart.org)
or use the return envelope found in this manual.**

Use these tools on our web site ! They will knock your socks off !!!

I SPY

Pick any politician and then use our magnifying glass to open up every fact on them in any one of six secret files.

Political Galaxy

Name any politician and any issue of interest. Then be transported through the universe of political information to the specific star cluster that represents every known fact on that person and that issue.

VoteEasy 2014

State your position on any one of the major issues and watch as yard signs for each candidate recede or advance depending on how much they agree with you.

My Vote Smart

This tool will allow you to register the name of any politician you are interested in and any subject you are concerned with. When new data is available that matches your interest you will be instantly informed.
