Campaign Information

The candidates' campaign contact information includes: 1) mailing address 2) phone 3) webmail 4) website 5) Facebook and 6) Twitter. Next to each candidate's name is his or her party affiliation. Abbreviations for party affiliations are: Democratic (D), Green (G), Libertarian (L) and Republican (R).

Political Courage Test (issue positions)

The Political Courage Test asks candidates one central question: "Are you willing to tell citizens where you stand on the issues you may face if elected?" Each election, Vote Smart encourages candidates to provide this essential information to voters with letters, phone calls, and emails from our team of staff and volunteers.

Whether or not a candidate has shown political courage by telling citizens where he or she stands on the issues this election year is on the candidate's profile and inside the issue positions chart. If a candidate fails to demonstrate political courage on key questions, Vote Smart will determine the candidate's likely positions from his or her public statements, legislative record and interest group ratings.

Political Courage Test

The Political Courage Test asks candidates one central question: "Are you willing to tell citizens where you stand on the issues you may face if elected?" Each election, Vote Smart organizes an effort of over 200 media organizations and political leaders who write, call, and repetitiously encourage each candidate to provide this essential information.

Senators with "Has Political Courage" listed after their seat were willing to provide citizens with their issue positions on the Political Courage Test at the time of their last election. Senators with "No Political Courage" listed after their seat refused to provide citizens with their issue positions on the Political Courage Test at the time of their last election. Senators with "Unknown Political Courage" are those officials who have not yet had the opportunity to fill out the Political Courage Test.

The Political Courage Test results from each senator's most recent test are included in this manual with the exception of 2016 results, which are still being collected. If a candidate fails to demonstrate political courage on key issue questions, Vote Smart will determine the candidate's likely positions from his or her public statements, legislative record, and interest group ratings.

Comprehensive results for all candidates for congressional, gubernatorial, and state legislative offices can be obtained through our website at www.votesmart.org or by calling our Voter's Research hotline at 1-888-VoteSmart (1-888-868-3762).

Key Votes

Vote Smart provides easy access to the voting records of U.S. Senators and maintains a collection of key votes grouped by issue. Key votes typically include the initial passage of legislation, controversial amendments, and the final conference report votes. The following criteria are used to select key votes:

- The vote should be helpful in portraying how a senator stands on a particular issue
- The vote was passed or defeated by a very close margin
- The vote has received national media attention
- The vote should be clear for any person to understand
- A specific bill is consistently inquired about on the Voter's Research Hotline

Key vote summaries are written by Vote Smart staff and go through an approval process with political scientists of opposing viewpoints reviewing both the selection and the content. This is to ensure clarity, relevance, non-partisanship, and accuracy.

Below are the descriptions of the 17 U.S. Senate key votes included in this publication. The votes are numbered according to the tables and keys located on the senators' information pages. For each vote, the central issue of the bill is explained but many bills encompass more than one issue. For additional details, visit our website at votesmart.org or call our Voter's Research Hotline at 1-888-VoteSmart (1-888-868-3762). A reference key is provided on the top of each page.

(1) Concurrence Vote: A concurrence vote considers the changes made by the House to a bill that the Senate previously passed. A successful concurrence vote advances the bill to the president. A failed concurrence vote usually results in a "conference committee", where delegates from each chamber are convened to resolve the differences between the bills.

(2) *Cloture Vote: The Senate may limit the debate of a bill to 30 hours if at least 3/5 majority of the Senate vote "Yea" on a motion to invoke cloture. It is not a vote on the passage of the piece of legislation, but a "Yea" vote for cloture generally indicates that the senator favors the passage of the bill. A failed cloture vote often prevents the legislation from ever coming to a vote.*

Interest Group Ratings

Vote Smart collects performance evaluations from special interest groups regardless of the issue or bias of the organization. Most ratings reflect how often members of Congress or state legislators have voted with the organization's preferred position on legislation that the group considers key in their area. Some organizations may also consider other actions such as committee votes, bill sponsorship, or answers to a questionnaire in their ratings. Additionally, some groups may select votes that tend to favor members of one political party over another, rather than choosing votes based solely on issue-related concerns.

Special interest group ratings can be used to find out how your elected officials were ranked by those groups you either agree or disagree with. If your concerns do not align with those of any particular special interest group, ratings can still be useful by helping indicate where an incumbent has stood on a particular set of issues in the past few years.

For consistency, Vote Smart has converted all ratings to percentages for this publication. If a rating was not available for a senator, "NA" is listed in place of a rating.

Listed below is a sampling of interest group ratings from the more than 1800 groups in Vote Smart's database. The years listed in parentheses after the name of the organization indicate what year or years of actions the organization considered when producing the rating. The ratings are numbered according to the tables and keys located on the senator's information pages.

United States House of Representatives

This section provides office information, contact information, key votes, interest group ratings, and campaign contributions for each U.S. Representative. Also included is a measure of the official's willingness to provide his or her issue positions through Vote Smart's Political Courage Test. The representatives are listed in alphabetical order by state abbreviation.

Office Information

Next to each representative's name is his or her party affiliation. Abbreviations for party affiliations are: Democratic (D); Independent (I); and Republican (R). District numbers can be found directly underneath each representative's name.

Contact Information

The contact information listed includes: 1) Washington, DC office phone number, 2) Washington, DC office fax number, and 3) a webmail address. A webmail form allows you to contact a representative via their website. To access the webmail form, enter the provided address into a web browser.

You can also write to a representative at this general address:

Representative [Full Name]
U.S. House of Representatives
Washington, DC 20515

Additional contact information for representatives can be obtained through our website at votesmart.org or by calling our Voter's Research Hotline at 1-888-Votesmart (1-888-868-3762).

Political Courage Test

The Political Courage Test asks candidates one central question: "Are you willing to tell citizens where you stand on the issues you may face if elected?" Each election, Vote Smart organizes an effort of over 200 media organizations and political leaders who write, call, and repetitiously encourage each candidate to provide this essential information.

Representatives with "Has Political Courage" listed after their seat were willing to provide citizens with their issue positions on the Political Courage Test at the time of their last election. Representatives with "No Political Courage" listed after their seat refused to provide citizens with their issue positions on the Political Courage Test at the time of their last election. Representatives with "Unknown Political Courage" are those officials who have not yet had the opportunity to fill out the Political Courage Test.

The Political Courage Test results from each representative's most recent test are included in this manual with the exception of 2016 results which are still being collected. If a candidate fails to demonstrate Political Courage on key issue questions, Vote Smart will determine the candidate's likely positions from his or her public statements, legislative record, and interest group ratings.

Comprehensive results for all candidates for congressional, gubernatorial, and state legislative offices can be obtained through our website at www.votesmart.org or by calling our Voter's Research hotline at 1-888-VoteSmart (1-888-868-3762).

Key Votes

Vote Smart provides easy access to the voting records of U.S. Representatives and maintains a collection of key votes grouped by issue. Key votes typically include the initial passage of legislation, controversial amendments, and the final conference report votes. Vote Smart uses the following criteria to select key votes:

- The vote should be helpful in portraying how a representative stands on a particular issue
- The vote was passed or defeated by a very close margin
- The vote has received national media attention
- The vote should be clear for any person to understand
- A specific bill is consistently inquired about on the Voter's Research Hotline

Key Vote summaries are written by Vote Smart staff and go through an approval process with political scientists of opposing viewpoints reviewing both the selection and the content. This is to ensure clarity, relevance, nonpartisanship, and accuracy.

Below are the descriptions of the 17 U.S. House of Representatives key votes that are included in this publication. The votes are numbered according to the tables and keys located on the Representative's information pages. For each vote, the central issue of the bill is highlighted but many bills encompass more than one issue. For additional details, visit our website at Votessmart.org or call our Voter's Research Hotline at 1-888-VOTESMART (1-888-868-3762). A reference key is provided on the top of each page.

Interest Group Ratings

Vote Smart collects performance evaluations from special interest groups regardless of the issue or bias of the organization. Most ratings reflect how often members of Congress or state legislators have voted with the organization's preferred position on legislation that the group considers key in their area. Some organizations may also consider other actions such as committee votes, bill sponsorship, or answers to a questionnaire in their ratings. Additionally, some groups may select votes that tend to favor members of one political party over another, rather than choosing votes based solely on issue-related concerns.

Special interest group ratings can be used to find out how your elected officials were ranked by those groups you either agree or disagree with. If your concerns do not align with those of any particular special interest group, ratings can still be useful by helping indicate where an incumbent has stood on a particular set of issues in the past few years.

For consistency, Vote Smart has converted all ratings to percentages for this publication. If a rating was not available for a representative, (NA) is listed in place of a rating.

Listed below is a sampling of interest group ratings selected from the more than 1800 groups in Vote Smart's database. The years listed in parentheses after the name of the organization indicate what year or years of actions the organization considered when producing the rating. The ratings are numbered according to the tables and keys located on the Representative's information pages.
