Re: House Bill No. 922 by Representative Henderson
Veto Message

Dear Mr. Speer:

House Bill No. 922 would create an exception to the ethics code to permit physician members of a hospital service district board to maintain a personal service or employment agreement with a person who does business with the hospital or hospital service district. The bill also would create an exception for certain members of a parish governing authority who rent or lease property from the parish airport authority. I do not see the need for this legislation.

For these reasons, I have vetoed HB922 and hereby return it to the House of Representatives.

Very truly yours,

Bobby Jindal
Governor
