Accordingly, I herewith return Assembly Bill No. 2779 and recommend that it be amended as follows:

Recommendation A 180 days for implementation of the Bill.

Recommendation A sufficient time to collect and display their information. I recommend a plan to promote that all departments have
information. Finally, I recommend that all departments have
homepages linking to each individual department’s non-profit
homepage. I recommend that a central location on the
information remain current. My recommendations also request
non-profits on their respective websites, and ensure that these
non-profits are promoted. I recommend that the Bill be amended to require all
information to be made available to the public.

To ensure that all areas of state government participate in
this initiative, I recommend that the Bill be amended to require all
non-profits to display their names and contact information on their
websites.

I appreciate the support of non-profit organizations and charities working on behalf of our
citizens. I encourage everyone to take advantage of the
information on the Bill.

My recommendations for reconsideration:

1. Increase the reporting requirements for non-profit organizations.
2. Increase the penalties for non-compliance.
3. Increase the funding for non-profit organizations.

I recommend that the Bill be returned to the General Assembly.
