

BILL NUMBER: SB 28
VETOED DATE: 09/07/2011

To the Members of the California State Senate:

I am returning Senate Bill 28 without my signature.

I certainly support discouraging cell phone use while driving a car,
but not ratcheting up the penalties as prescribed by this bill.

For people of ordinary means, current fines and penalty assessments
should be sufficient deterrent.

Sincerely,

Edmund G. Brown Jr.
