

## 1995 VETO MESSAGES OF HOUSE BILLS

Second Legislature, State of New Mexico, First Session, 1995.

This legislation requires pawnbrokers to sell automobiles, held as loan collateral, for a price of not less than 80 percent of wholesale value. It is vetoed because it is an incursion of state government into the private economy.

### **H 900 LEGISLATIVE SCIENCE AND TECHNOLOGY COMMITTEE**

April 6, 1995

#### **HOUSE EXECUTIVE MESSAGE NO. 108**

I have this day VETOED and am returning HOUSE BILL 900, with emergency clause, enacted by the Forty-Second Legislature, State of New Mexico, First Session, 1995.

This legislation would create a joint interim committee on science, technology, energy and defense conversion and is vetoed because a new statutory mandate is not necessary. The Legislative Council Service can create such an entity under its existing authority and appropriation.

### **H 907 SCHOOL TRANSPORTATION TASK FORCE**

April 5, 1995

#### **HOUSE EXECUTIVE MESSAGE NO. 53**

I have this day VETOED and am returning HOUSE BILL 907, as amended, with emergency clause, enacted by the Forty-Second Legislature, State of New Mexico, First Session, 1995.

This legislation creates a 12-member public school transportation task force. It is vetoed because public school transportation is well within the responsibilities and capabilities of legislative and executive entities which are already in existence. The creation of yet another task force would, in my opinion, do little to improve understanding or accountability in this regard.
