exists. Nothing contained in this Act prohibits the school board from employing necessary workers to assist the teacher with the special educational facilities, except that all such necessary workers must have had such training as the State Board of Education may require.

No later than January 1, 1993, the State Board of Education shall develop, in consultation with the Advisory Council on the Education of Children with Disabilities and the Advisory Council on Bilingual Education, rules governing the qualifications for certification of teachers and school service personnel providing services to English learners receiving special education and related services.

Sec. 21B-30. Educator testing.
This Section applies beginning on July 1, 2012.

(b) The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, shall design and implement a system of examinations, which shall be required prior to the issuance of educator licenses. These examinations and indicators must be based on national and State professional teaching standards, as determined by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The State Board of Education may adopt such rules as may be necessary to implement and administer this Section.

(c) On and after July 1, 2025, except as otherwise provided in this Article, applicants seeking a Professional Educator License or an Educator License with Stipulations shall be required to pass a test of basic skills before the license is issued, unless the endorsement the individual is seeking does not require passage of the test. All applicants completing Illinois-approved, teacher education or school service personnel preparation programs shall be required to pass the State Board of Education's recognized test of basic skills prior to starting their student teaching or starting the final semester of their internship. An institution of higher learning, as defined in the Higher Education Student Assistance Act, may not require an applicant to complete the State Board's recognized test of basic skills prior to the semester before student teaching or prior to the semester before starting the
final semester of an internship. An individual who passes a
test of basic skills does not need to do so again for
subsequent endorsements or other educator licenses.

(d) All applicants seeking a State license shall be
required to pass a test of content area knowledge for each area
of endorsement for which there is an applicable test. There
shall be no exception to this requirement. No candidate shall
be allowed to student teach or serve as the teacher of record
until he or she has passed the applicable content area test.

(e) (Blank).

(f) Except as otherwise provided in this Article, beginning
on September 1, 2015, all candidates completing teacher
preparation programs in this State and all candidates subject
to Section 21B-35 of this Code are required to pass a teacher
performance assessment approved by the State Board of
Education, in consultation with the State Educator Preparation
and Licensure Board.

(g) Tests of basic skills and content area knowledge and
the teacher performance assessment shall be the tests that from
time to time are designated by the State Board of Education, in
consultation with the State Educator Preparation and Licensure
Board, and may be tests prepared by an educational testing
organization or tests designed by the State Board of Education,
in consultation with the State Educator Preparation and
Licensure Board. The areas to be covered by a test of basic
skills shall include reading, language arts, and mathematics.
The test of content area knowledge shall assess content knowledge in a specific subject field. The tests must be designed to be racially neutral to ensure that no person taking the tests is discriminated against on the basis of race, color, national origin, or other factors unrelated to the person's ability to perform as a licensed employee. The score required to pass the tests shall be fixed by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. **On or before July 1, 2025, the State Board must reevaluate the method it uses to score a content area knowledge test and may adopt rules to make any changes to those methods.** The tests shall be administered not fewer than 3 times a year at such time and place as may be designated by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board.

The State Board shall implement a test or tests to assess the speaking, reading, writing, and grammar skills of applicants for an endorsement or a license issued under subdivision (G) of paragraph (2) of Section 21B-20 of this Code in the English language and in the language of the transitional bilingual education program requested by the applicant.

(h) Except as provided in Section 34-6 of this Code, the provisions of this Section shall apply equally in any school district subject to Article 34 of this Code.

(i) The rules developed to implement and enforce the testing requirements under this Section shall include without
limitation provisions governing test selection, test validation and determination of a passing score, administration of the tests, frequency of administration, applicant fees, frequency of applicants taking the tests, the years for which a score is valid, and appropriate special accommodations. The State Board of Education shall develop such rules as may be needed to ensure uniformity from year to year in the level of difficulty for each form of an assessment.

(b) The Alternative Educator Licensure Program for Teachers may be offered by a recognized institution approved to offer educator preparation programs by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board.

The program shall be comprised of 4 phases:
(1) A course of study that at a minimum includes instructional planning; instructional strategies, including special education, reading, and English language learning; classroom management; and the assessment of students and use of data to drive instruction.
(2) A year of residency, which is a candidate's assignment to a full-time teaching position or as a co-teacher for one full school year. An individual must hold an Educator License with Stipulations with an alternative provisional educator endorsement in order to enter the residency and must complete additional program requirements that address required State and national
standards, pass the assessment of professional teaching
before entering the second residency year, as required
under phase (3) of this subsection (b), and be recommended
by the principal or qualified equivalent of a principal, as
required under subsection (d) of this Section, and the
program coordinator to continue with the second year of the
residency.

(3) A second year of residency, which shall include the
